Aegean Marine Petroleum Network Inc. Acquires Double-Hull Bunkering Tanker

Further Expands Bunkering Fleet to Meet Increased Demand for Modern Tonnage in Greece; Redeploys Two Double-Hull Bunkering Tankers

PIRAEUS, Greece, January 15, 2009 – Aegean Marine Petroleum Network Inc. (NYSE: ANW) today announced that it has taken delivery of the Hana, a 1992-built 1,615 dwt double-hull bunkering tanker to be renamed the Ace Hana, following the Company's agreement to purchase the vessel from an unrelated third party. The Ace Hana is expected to be deployed to the Company's Greek market.

E. Nikolas Tavlarios, President, commented, "With the strategic acquisition of the Ace Hana, Aegean has once again strengthened its position to capitalize on the regulatory phase-out of single-hull vessels and meet the unfulfilled demand for the Company's integrated marine fuel services. Our latest vessel will be deployed to our Greek market and serve the busy port of Piraeus, where the phase-out of single-hull vessels is now complete. In addition to the Ace Hana, we have deployed two 2,747 dwt double-hull bunkering tankers, the Aegean Tiffany and the Aegean Breeze, from Singapore to Greece to take full advantage of the double-hull requirements and strengthen our growth prospects in this attractive market."

Mr. Tavlarios concluded, "Aegean owns and operates the largest double-hull bunkering delivery fleet in the world. As we continue to expand our leading competitive position, we expect to further enhance Aegean's global market share for the timely supply of quality marine fuel and significantly increase sales volumes."

About Aegean Marine Petroleum Network Inc.

Aegean Marine Petroleum Network Inc. is an international marine fuel logistics company that markets and physically supplies refined marine fuel and lubricants to ships in port and at sea. The Company procures product from various sources (such as refineries, oil producers, and traders) and resells it to a diverse group of customers across all major commercial shipping sectors and leading cruise lines. Currently, Aegean has a global presence in 13 markets, including Vancouver, Montreal, Mexico, Jamaica, West Africa, Gibraltar, U.K., Northern Europe, Greece, the United Arab Emirates as well as Singapore, and plans to commence operations in Tangiers, Morocco and the southern Caribbean.

Cautionary Statement Regarding Forward-Looking Statements

Matters discussed in this press release may constitute forward-looking statements. The Private Securities Litigation Reform Act of 1995 provides safe harbor protections for forward-looking statements in order to encourage companies to provide prospective information about their business. Forward-looking statements include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements, which are other than statements of historical facts.

The Company desires to take advantage of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and is including this cautionary statement in connection with this safe harbor legislation. The words "believe," "intend," "anticipate," "estimate," "project," "forecast," "plan," "potential," "may," "should," "expect" and similar expressions identify forward-looking statements. The forward-looking statements in this press release are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, our management's examination of historical operating trends, data contained in our records and other data available from third parties. Although we believe that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond our control, we cannot assure you that we will achieve or accomplish these expectations, beliefs or projections.

In addition to these important factors, other important factors that, in our view, could cause actual results to differ materially from those discussed in the forward-looking statements include our ability to manage growth, our ability to maintain our business in light of our proposed business and location expansion, our ability to obtain double hull secondhand bunkering tankers, the outcome of legal, tax or regulatory proceedings to which we may become a party, adverse conditions in the shipping or the marine fuel supply industries, our ability to retain our key suppliers and key customers, material disruptions in the availability or supply of crude oil or refined petroleum products, changes in the market price of petroleum, including the volatility of spot pricing, increased levels of competition, compliance or lack of compliance with various environmental and other applicable laws and regulations, our ability to collect accounts receivable, changes in the political, economic or regulatory conditions in the markets in which we operate, and the world in general, our failure to hedge certain financial risks associated with our business, our ability to maintain our current tax treatments and our failure to comply with restrictions in our credit agreements and other factors. Please see our filings with the Securities and Exchange Commission for a more complete discussion of these and other risks and uncertainties.
