PROXY STATEMENT

FOR THE ANNUAL MEETING OF STOCKHOLDERS

To Be Held on July 31, 2003

GENERAL

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Red Hat, Inc. ("Red Hat" or the Company) for use at the Annual Meeting of Stockholders to be held at the Company headquarters, 1801 Varsity Drive, Raleigh, North Carolina on Thursday, July 31, 2003 at 10:00 a.m. and at any adjournments or postponements thereof (the Annual Meeting). **All proxies will be voted in accordance with the stockholders' instructions, and if no choice is specified, the enclosed proxy card (or any signed and dated copy thereof) will be voted in favor of the matters set forth in the accompanying Notice of Meeting.** Any proxy may be revoked by a stockholder at any time before its exercise by: (i) delivering written revocation or a later dated proxy to the President or Secretary of the Company; or (ii) attending the Annual Meeting and voting in person.

Only stockholders of record as of the close of business on June 2, 2003, the record date fixed by the Board of Directors, will be entitled to vote at the Annual Meeting and at any adjournments or postponements thereof. As of June 2, 2003, there were an aggregate of 171,455,446 shares of common stock, par value \$.0001 per share ("Common Stock"), of the Company outstanding and entitled to vote. Each share is entitled to one vote.

The Board of Directors knows of no other matter to be presented at the Annual Meeting. If any other matter upon which a vote may properly be taken should be presented at the Annual Meeting, shares represented by all proxies received by the Board of Directors will be voted with respect thereto in accordance with the judgment of the persons named as attorneys in the proxies.

The Company's Annual Report on Form 10-K containing audited financial statements for the fiscal year ended February 28, 2003 is being mailed together with this Proxy Statement to all stockholders entitled to vote. It is anticipated that this proxy statement and the accompanying proxy will be first mailed to stockholders on or about June 24, 2003.

VOTING PROCEDURES

Edgar Filing: RED HAT INC - Form DEF 14A

The presence, in person or by proxy, of at least a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to establish a quorum for the transaction of business. Shares represented by proxies pursuant to which votes have been withheld from any nominee for director, or which contain one or more abstentions, are counted as present for purposes of determining the presence or absence of a quorum for the Annual Meeting.

Election of Directors. Directors are elected by a plurality of the votes cast, in person or by proxy, at the Annual Meeting. The three nominees receiving the highest number of affirmative votes of the shares present or represented and voting on the election of directors at the Annual Meeting will be elected as Class I Directors for a three-year term. Shares represented by proxies received by the Board of Directors and not marked so as to withhold authority to vote for the nominee will be voted for the election of the nominee. If a stockholder properly withholds authority to vote for the nominee, such stockholder's shares will not be counted toward the nominee's achievement of a plurality.

Other Matters. The affirmative vote of the majority of shares present, in person or represented by proxy, and voting is required to ratify the selection of auditors. Abstentions are not considered to have been voted for this matter and have the practical effect of reducing the number of affirmative votes required to achieve a majority for such matter by reducing the total number of shares from which the majority is calculated. If any other matter not discussed in this Proxy Statement should be presented at the Annual Meeting upon which a vote may be properly taken, shares represented by all proxies received by the Board of Directors will be voted with respect thereto in accordance with the judgment of the persons named as proxies in the proxies.

ELECTION OF DIRECTORS

Pursuant to the Company's certificate of incorporation, the Board of Directors of the Company is divided into three classes. There are three directors currently serving in each of Class I and Class II. There are two directors currently serving in Class III. Each director serves for a three-year term, with one class of directors being elected at each Annual Meeting. The Class I Directors' term will expire at this Annual Meeting. All directors will hold office until their successors have been duly elected and qualified. Dr. W. Steve Albrecht, F. Selby Wellman and Dr. Marye Anne Fox currently serve as the Class I Directors; General H. Hugh Shelton, U.S. Army Retired, Eugene J. McDonald and Matthew J. Szulik currently serve as Class II Directors; and Robert F. Young and William S. Kaiser currently serve as Class III Directors.

The nominees for Class I Director are Dr. W. Steve Albrecht, F. Selby Wellman and Dr. Marye Anne Fox, each of whom currently serves as a Class I Director of the Company. Shares represented by all proxies received by the Board of Directors and not marked so as to withhold authority to vote for these nominees will be voted for their election. The Board of Directors knows of no reason why these nominees should be unable or unwilling to serve, but if that should be the case, proxies will be voted for the election of some other person, or for fixing the number of directors at a lesser number.

Board of Directors Meetings and Committees

The Board of Directors of the Company held eleven (11) meetings during the fiscal year ended February 28, 2003. Marye Anne Fox attended 72% of the aggregate of all meetings of the Board of Directors during fiscal 2003. Each of the other incumbent directors attended at least 75% of the aggregate of all meetings of the Board of Directors and of all committees of the Board of Directors on which he/she then served held during fiscal 2003.

The Company has standing compensation, audit, and nomination/corporate governance committees. The compensation committee, of which Messrs. Wellman, Kaiser and McDonald are members, determines the compensation of the Company's senior management and administers the Company's stock option and stock purchase plans. The compensation committee held five (5) meetings during fiscal 2003. The Audit Committee, of which Messrs. Wellman, Kaiser and McDonald are members, reviews the Company's financial reports and internal financial and accounting controls, including matters relating to the appointment and activities of the Company's independent auditors. The Audit Committee held five (5) meetings during fiscal 2003.

The nominating/corporate governance committee, of which Messrs. Wellman, Kaiser and McDonald are members, nominates candidates for the Board of Directors and oversees other matters dealing with corporate governance. The nominating/corporate governance committee held one (1) meeting during fiscal 2003. The nominating/corporate governance committee does not consider nominees recommended by stockholders of the Company. However, under the Company's by-laws, nominations for directors may be made by a stockholder who (i) is a stockholder of record at the time of giving notice of a stockholder nomination, (ii) is entitled to vote at the annual meeting and (iii) complies with certain notice procedures. For nominations to be properly brought before an annual meeting by a stockholder, the stockholder must have given timely notice

Edgar Filing: RED HAT INC - Form DEF 14A

thereof in writing to the Secretary of the Company. To be timely, stockholder's notice shall be delivered to the Secretary at the principal executive offices of the Company not later than the close of business on the 120th day nor earlier than

the close of business on the 150th day prior to the first anniversary of the date of the proxy statement delivered to stockholders in connection with the preceding year's annual meeting. The notice shall set forth (A) as to each proposed nominee, all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, under applicable SEC regulations (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected) and (B) as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (i) the name and address of such stockholder, as they appear on the Company's books, and of such beneficial owner and (ii) the class and number of shares of capital stock of the Company that are owned beneficially and held of record by such stockholder and such beneficial owner.

Compensation of Directors

Directors are reimbursed for reasonable out-of-pocket expenses incurred in attending meetings of the Board of Directors and for meetings of any committees of the Board of Directors on which they serve. Commencing with their election in August 2003, the Chair of the Audit Committee and the director designated as the Lead Director by the independent directors each will be paid \$10,000 per year, payable in equal quarterly installments. Directors are also eligible to participate in Red Hat's 1999 Stock Option and Incentive Plan. Upon initial election or appointment to the Board of Directors, a new non-employee director is granted a non-qualified option to purchase 40,000 shares of Common Stock at a price equal to fair market value on the date of grant. This option vests 33 1/3% one year from grant date and 8 1/3% at the end of each three-month period thereafter. Upon re-election, a non-employee director is granted a non-qualified option to purchase 20,000 shares of Common Stock at a price equal to fair market value on the date of grant. This option vests 33 1/3% one year from the date of re-election and 8 1/3% at the end of each three-month period thereafter. Except in a year of re-election, upon completion of each year of a non-employee director's tenure, the director is granted non-qualified options to purchase either 10,000 shares of Common Stock or, for the directors designated as Lead Director or Chair of the Audit Committee, 15,000 shares of Common Stock, at a price equal to the fair market value on the date of grant. - (1) Stock options were granted under the Company's 1999 Stock Option and Incentive Plan at an exercise price equal to the fair market value of the Company's Common Stock on the date of grant.
- (2) Represents all options granted to the individual during fiscal 2003 as a percentage of all options granted to employees during fiscal 2003.
- (3) Amounts reported in these columns represent amounts that may be realized upon exercise of the options immediately prior to the expiration of their term assuming the specified compounded rates of appreciation (5% and 10%) on the market value of the Company's Common Stock on the date of option grant over the term of the options. These numbers are calculated based on rules promulgated by the Securities and Exchange Commission and do not reflect the Company's estimate of future stock price growth. Actual gains, if any, on stock option exercises and Common Stock holdings are dependent on the timing of such exercise and the future performance of the Company's Common Stock. There can be no assurance that the rates of appreciation assumed in this table can be achieved or that the amounts reflected will be received by the individuals.

Option Exercises and Fiscal Year-End Values

The following table sets forth information with respect to options to purchase the Company's Common Stock granted to the Named Officers, including (i) the number of shares of Common Stock purchased upon exercise of options in the fiscal year ended February 28, 2003; (ii) the net value realized upon such exercise; (iii) the number of unexercised options outstanding at February 28, 2003; and (iv) the value of such unexercised options at February 28, 2003.

- (1) Amounts disclosed in this column do not reflect amounts actually received by the Named Officers but are calculated based on the difference between the fair market value of the Company's Common Stock on the date of exercise and the exercise price of the options. The Named Officers will receive cash only if and when they sell the Common Stock issued upon exercise of the options, and the amount of cash received by such individuals is dependent on the price of the Company's Common Stock at the time of such sale.
- (2) Value is based on the difference between the option exercise price and the fair market value at February 28, 2003, the fiscal year-end (\$5.89 per share as quoted on the Nasdaq National Market), multiplied by the number of shares underlying the option.

EXECUTIVE EMPLOYMENT ARRANGEMENTS

Effective July 24, 2002, the Company entered into an Employment Agreement with Matthew J. Szulik, the Company's Chief Executive Officer and President, which will remain in effect until terminated in accordance with the agreement. Mr. Szulik's arrangement includes an annual salary of \$350,000, subject to increase, annual incentive cash bonus equal to the greater of \$200,000 or fifty percent of his salary as well as annual stock option awards of at least 500,000 shares which shall vest in equal amounts on a quarterly basis over a four year period following the date of grant. Upon a Change of Control (as defined in the agreement), all of Mr. Szulik's stock options shall vest. The agreement also requires the Company to purchase a \$1,000,000 term life insurance policy on behalf of Mr. Szulik. In the event of involuntary termination without Cause (as defined in the agreement) or voluntary termination with Good Reason (as defined in the agreement), the Company will pay Mr. Szulik's base salary plus average bonus for a period of two years and any unvested options granted during the term of the agreement will continue to vest during the calendar year of Mr. Szulik's termination. If the termination follows a Change of Control, then Mr. Szulik shall instead be entitled to

Edgar Filing: RED HAT INC - Form DEF 14A

receive a lump sum cash payment equal to three times the sum of the base salary plus an amount equal to the average annual bonus paid in the two previous years. In the event that compensation paid to Mr. Szulik by the Company is subject to tax imposed by Section 4999 of the Internal Revenue Code, the Company will increase the amount paid to cover such additional taxes.

Mr. Szulik is also a party to an incentive stock option agreement and a non-qualified stock option agreement, which provide for the lapsing in full of Red Hat's repurchase right as to any unvested option shares upon the termination of his employment, either by Red Hat's successor without cause or by Mr. Szulik for good reason, following a change in control of Red Hat. Mr. Szulik is also a party to a restricted stock purchase agreement, which provides for the forfeiture of purchase rights and/or Red Hat's repurchase right as to any purchased but unvested shares upon his voluntary termination of employment. Under the restricted stock purchase agreement, the restricted shares vest ratably over a period of three years.

Timothy J. Buckley, Red Hat's Executive Vice President and Chief Operating Officer, is a party to an incentive stock option agreement and a non-qualified stock option agreement, which provides for the lapsing in full of Red Hat's repurchase right as to any unvested option shares upon the termination of his employment, either by Red Hat's successor without cause or by Mr. Buckley for good reason, following a change in control of Red Hat.

Kevin B. Thompson is obligated to the Company for \$70,833 remaining on a \$200,000 relocation advance. The advance is non-interest bearing and is forgiven (a) ratably over four years provided Mr. Thompson remains in the employment of the Company or (b) immediately upon any termination of Mr. Thompson's employment without cause.

On April 23, 2003, the Board of Directors adopted a policy with respect to accelerated vesting of options upon a change of control which applies to the Named Officers. Pursuant to this policy, in the event of a change of control of the Company, any Named Officer who is terminated as a result of such change of control, either involuntarily or constructively, without cause within twelve months of the change of control, shall immediately vest in 100% of his/her remaining unvested options and such options shall be immediately exercisable, subject to any established trading window policy that may apply. This policy will supercede the terms of any written contract between any Named Officer and the Company to the extent that this policy provides a greater benefit to the Named Officer than the written contract.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The compensation committee of the Board of Directors is composed entirely of three independent Directors named as signatories to the Compensation Committee Report below, as was the case during fiscal 2002. Compensation Committee members do not have any non-trivial professional, familial or financial relationship with the Chief Executive Officer or other executive officers or Red Hat, other than his directorship.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The compensation committee of the Board of Directors is currently composed of F. Selby Wellman, William S. Kaiser and Eugene J. McDonald, none of whom is currently an officer or employee of the Company. Mr. Wellman serves as chairman of the committee. Pursuant to the authority delegated by the Board of Directors, the compensation committee is responsible for (i) establishing and administering the base salaries and cash bonuses of the Company's executive officers and (ii) administering the Company's 1998 Stock Option Plan, as amended (the "1998 Plan"), administering and making recommendations and awards 1999 Stock Option and Incentive Plan, as amended (the "1999 Plan"), and the 1999 Employee Stock Purchase Plan, as amended (the "1999 ESPP").

Edgar Filing: RED HAT INC - Form DEF 14A

The Company's executive compensation programs are designed (i) to attract and retain experienced and well-qualified executives capable of leading the Company to meet its business objectives and (ii) to motivate them to enhance long-term stockholder value. In setting the compensation level for executive officers, the compensation committee is guided by the following considerations:

- (1) compensation levels should be competitive with compensation generally being paid to executives in the electronic commerce industry to ensure the Company's ability to attract and retain superior executives;

- (2) each individual executive officer's compensation should reflect the performance of the Company as a whole, the performance of the officer's business unit, if applicable, and the performance of the executive officer; and
- (3) a significant portion of executive officer compensation should be paid in the form of equity-based incentives to link closely stockholder and executive interests and to encourage stock ownership by executive officers.

An executive's total compensation package includes a cash salary and bonus determined by the compensation committee, long-term incentive compensation in the form of stock options and various benefits, including a 401(k) retirement plan and medical insurance plans that are available to all employees of the Company. Salaries of the Company's Chief Executive Officer and the next four most highly compensated executives during fiscal 2003 are listed in the Summary Compensation Table found on page 9. The compensation committee reviews executive salaries at least once per year and, while it is not required to do so, it may in its discretion increase these salaries. The compensation committee attempts to keep the Company's compensation programs competitive by comparing them with those of other local and national companies in the industry. The compensation committee also attempts to balance the compensation level for an individual executive against his or her specific job requirements, including the individual's influence on obtaining corporate objectives.

Cash Compensation. The compensation committee sets the annual salaries for individual executives by reviewing the salaries historically paid at the Company, the salaries paid by the Company's competitors to persons holding comparable positions and compensation studies prepared by independent third parties. The compensation committee determines any increases in annual salaries and bonuses based on a comparison of the executive's actual performance against his or her performance objectives, as well as on various subjective factors. The performance objectives for each executive depend on his or her area of responsibility and may include achievement of performance and financial objectives. Among the subjective factors considered by the compensation committee are the executive's ability to provide leadership, to develop the Company's business, to promote the Company's image with its customers and stockholders and to manage the Company's continuing growth.

Equity Compensation. The Company's equity compensation program is designed to (i) provide long-term incentives to executive officers, (ii) align compensation to creating long-term stockholder value, (iii) encourage executive officers to remain with the Company and promote the Company's business, and (iv) provide executives with the opportunity to obtain significant, long-term stock ownership in the Company's Common Stock.

The compensation committee has granted options to executive officers as the long-term incentive component of the executive officers' total compensation package. The compensation committee generally grants options that become exercisable over a four-year period as a means of encouraging executives to remain with the Company and to promote its success. In fiscal 2003, the compensation committee only awarded the Company's executives stock options with exercise prices equal to the fair market value of the Common Stock on the date of grant. As a result, executives will benefit from these stock option grants only to the extent that the price of the Company's Common Stock increases.

In deciding whether to grant options and in determining the number of shares to be subject to such options, the compensation committee generally reviews the option holdings of each of the executive officers, including the number of unvested options and the then-current value of such unvested options. The number of options granted to certain of the most highly compensated executive officers of the Company in fiscal 2003 is set forth in the table captioned "Option Grants in Last Fiscal Year" found on page 10. The total options held by each of these

executives at February 28, 2003 is set forth in the table captioned "Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values" found on page 11.

CEO Compensation. Compensation during fiscal 2003 for Mr. Szulik was determined in accordance with the policies applicable to the other executive officers of the Company described above and consistent with Mr. Szulik's employment agreement. Mr. Szulik's employment agreement is described in the Section captioned "Executive Employment Arrangements" found on page 12. The compensation committee believes that Mr. Szulik's compensation was competitive with the compensation paid by other companies in its industry to their chief executive officers. The compensation committee determined Mr. Szulik's compensation based upon the Company's overall performance, the performance of his management team, the compensation paid by competing companies and the Company's prospects, among other objective and subjective factors, including the achievement of performance targets in accordance with the Company's executive compensation policies. The compensation committee does not find it practicable to quantify or assign relative weight to the factors on which the Chief Executive Officer's compensation is based. Mr. Szulik's annual compensation for the fiscal year ended February 28, 2003 is reflected in the table captioned "Summary Compensation Table" found on page 9. The compensation committee granted 1,000,000 options to Mr. Szulik in fiscal 2003, as reflected in the table captioned "Option Grants in Last Fiscal Year" found on page 10. The total options held by Mr. Szulik at February 28, 2003 is set forth in the table captioned "Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values" found on page 11.

Tax Matters. In general, under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), the Company cannot deduct, for federal income tax purposes, compensation in excess of \$1,000,000 paid to certain executive officers. This deduction limitation does not apply, however, to compensation that constitutes "qualified performance-based compensation" within the meaning of Section 162(m) of the Code and the regulations promulgated thereunder. The compensation committee has considered the limitations on deductions imposed by Section 162(m) of the Code, and it is the compensation committee's present intention that, for so long as it is consistent with its overall compensation objective, substantially all tax deductions attributable to executive compensation will not be subject to the deduction limitations of Section 162(m) of the Code.

Respectfully submitted,

THE COMPENSATION COMMITTEE

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Board of Directors has selected the firm of PricewaterhouseCoopers LLP, independent auditors, to serve as auditors for the fiscal year ending February 29, 2004. If the stockholders do not ratify the selection of PricewaterhouseCoopers LLP as the Company's independent auditors for the fiscal year ending February 29, 2004, the Board of Directors will evaluate what would be in the best interests of the Company and its stockholders and consider whether to select new independent auditors for the current fiscal year or whether to wait until the completion of the audit for the current fiscal year before changing independent auditors.
