EXPLANATORY NOTE

This Amendment No. 2 to the Quarterly Report on Form 10-QSB/A (the "Report") for the quarterly period ended December 31, 2007, includes a restatement of our consolidated financial statements for the quarterly period ended December 31, 2007 (and related disclosures), initially filed on February 19, 2008.

The Company has restated its Consolidated Balance Sheet as of December 31, 2007, and its Consolidated Statements of Operations and Cash Flows for the three months ended December 31, 2007 (as contained in this Report), to correct its accounting for its stock based compensation related to employee stock options, its accounting for certain performance based stock options and its accounting for minority interest. In addition, the Company has corrected certain errors in the classification of revenues and interest income as well as corrected its classification of certain operating expenses.

Finally, the Company has corrected its accounting for revenues reported in the prior year period ended December 31, 2006, in accordance with its revenue recognition policies. The errors were discovered and corrected in the quarter ended June 30, 2008, and for all prior quarters.

A further discussion of the restatement of the consolidated financial statements for this fiscal quarter is contained in Note 2 to the unaudited consolidated financial statements of this Report.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. BASIS OF PRESENTATION AND CONTROLLED SUBSIDIARY

The consolidated financial statements included herein have been prepared by the Company, without audit, in accordance with accounting principles generally accepted in the United States of America and pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles in the United States of America have been condensed or omitted pursuant to such rules and regulations, although the Company believes such disclosures are adequate to make the information presented not misleading. In the opinion of management, the amounts shown reflect all adjustments necessary to present fairly the financial position and results of operations for the periods presented. All such adjustments are of a normal recurring nature.

It is suggested that the consolidated financial statements be read in conjunction with the consolidated financial statements and notes thereto for the year ended September 30, 2007, included in the Company's Form 10 filed on March 31, 2008.

On April 27, 2007, the Company and Peter Leighton, who was then its President ("Leighton"), founded Blideo, Inc. ("Blideo") (dba Openacircle.com), each with a 40% interest. The Company and Leighton control Blideo and it has therefore been consolidated in these condensed consolidated financial statements.

2. RESTATEMENT OF PREVIOUSLY ISSUED CONSOLIDATED FINANCIAL STATEMENTS

The Company has restated its Consolidated Balance Sheet as of December 31, 2007, and its Consolidated Statements of Operations and Cash Flows for the three months ended December 31, 2007, to correct its accounting for its stock based compensation related to employee stock options, its expensing of performance based stock options, its accounting for minority interest, its classification of interest income and its classification of amortization expense of a minority owned subsidiary.

The Company's originally filed financial statements for the quarter ended December 31, 2007, reflected stock option expense for the entire year in that quarter, rather than being amortized on a straightline basis over the vesting period. The Company also improperly expensed certain performance based stock options, when the conditions for vesting had not been met. The Company also corrected its accounting for minority interest for the three months ended December 31, 2007, which was previously based on an incorrect number of common shares outstanding and an incorrect percentage ownership in its consolidated subsidiary, which previously included the effects of s stock split authorized subsequent to June 30, 2008. In addition, the Company also corrected certain errors in the classification of interest income, which was previously classified as revenues, as well as corrected its classification of amortization expense, which was previously improperly classified as a reduction of the underlying asset rather than an increase in accumulated amortization.

Finally, the Company corrected its accounting for revenues reported in the prior year period ended December 31, 2006, in accordance with its revenue recognition policies. The corrections made in the three months ended December 31, 2006, were to reduce revenues and increase operating loss by $1,600,000. All errors were discovered and corrected in the quarter ended June 30, 2008, and for all prior quarters.

The impact of the restatement and other reclassifications on the Company's Consolidated Balance Sheet as of December 31, 2007, and its Consolidated Statements of Operations and Cash Flows for the three months ended December 31, 2007, is summarized in the tables below:

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of consolidation

The consolidated financial statements include the accounts of the Company and its subsidiary. All intercompany transactions have been eliminated in consolidation.

Reclassifications

Prior year's information is reclassified whenever necessary to conform to current year's presentation.

Revenue Recognition

The Company has adopted the following principles in which all of certain criteria must be met before revenues are recognized. The principal standards include:

- Persuasive evidence of a contractual arrangement exists;
- Delivery of the service has occurred in accordance with the Company's contractual obligations and title has passed to the customer;
- The fee or revenue recognized is fixed or determinable; and,
- The right to payment is unconditional and collectability is probable.

Stock Based Compensation

The Company adopted Statement of Financial Accounting Standards (SFAS) No. 123R, "Share-Based Payment", effective July 1, 2005, which requires companies to record compensation expense for stock options issued to employees or non-employee directors at the fair value of the options. SFAS No.123R is effective for annual periods beginning after June 15, 2005.

The Company has adopted SFAS No. 123R using the "modified prospective application" and, therefore, financial statements from periods ending prior to October 1, 2005, have not been restated. The Company's net loss for the three months ended December 31, 2007 and 2006 was $808,200 and $1,084,074, respectively, higher than if it had continued to account for share-based compensation under APB No. 25.

Recent pronouncements

In May 2005, the FASB issued SFAS No. 154, "Accounting Changes and Error Corrections," which provides guidance on the accounting for and reporting of accounting changes and correction of errors. This statement changes the requirements for the accounting for and reporting of a change in accounting principle and applies to all voluntary changes in accounting principle. It also applies to changes required by an accounting pronouncement in the unusual instance that the pronouncement does not include specific transition provisions. This statement is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. The adoption of this standard is not expected to have a material effect on the Company's results of operations or financial position.

In July 2006, the FASB issued Financial Interpretation No. 48, "Accounting for Uncertainty in Income Taxes-an interpretation of FASB Statement No. 109" ("FIN 48"), which is a change in accounting for income taxes. FIN 48 specifies how tax benefits for uncertain tax positions are to be recognized, measured, and derecognized in financial statements; requires certain disclosures of uncertain tax matters; specifies how reserves for uncertain tax positions should be classified on the balance sheet; and provides transition and interim-period guidance, among other

provisions. FIN 48 was effective for fiscal years after December 15, 2006, and as a result, is effective for the Company in the first quarter of fiscal 2008. The Company is in the process of evaluating the impact of adoption of FIN 48 will have on the consolidated fiscal statements.

In September 2006, the FASB issued SFAS No. 157 "Fair Value Measurements" ("SFAS No. 157") which defines fair value, establishes a framework for measuring fair value and expands disclosure about fair value measurements. SFAS No. 157 is effective for fiscal years beginning after November 15, 2007. The Company will adopt SFAS No. 157 on October 1, 2009, and is currently evaluating the impact of such adoption on its financial statements.

Table of Contents

In February 2007, the FASB issued SFAS No. 159, “The Fair Value Option for Financial Assets and Financial Liabilities” (“SFAS No. 159”). SFAS No. 159 permits entities to choose to measure many financial assets and financial liabilities at fair value. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings. SFAS No. 159 is effective for fiscal years beginning after November 15, 2007. The Company will adopt SFAS No. 159 on October 1, 2008, and is currently evaluating the impact of such adoption on its financial statements.

In December 2007, the Financial Accounting Standards Board (“FASB”) issued Statement of Financial Accounting Standards (“SFAS”) No. 141 (revised 2007), Business Combinations, which replaces SFAS No 141. The statement retains the purchase method of accounting for acquisitions, but requires a number of changes, including changes in the way assets and liabilities are recognized in the purchase accounting. It also changes the recognition of assets acquired and liabilities assumed arising from contingencies, requires the capitalization of in-process research and development at fair value, and requires the expensing of acquisition-related costs as incurred. SFAS No. 141R is effective beginning October 1, 2008, and will apply prospectively to business combinations completed on or after that date.

In December 2007, the FASB issued SFAS No. 160, Noncontrolling Interests in Consolidated Financial Statements, an amendment of ARB 51, which changes the accounting and reporting for minority interests. Minority interests will be recharacterized as noncontrolling interests and will be reported as a component of equity separate from the parent’s equity, and purchases or sales of equity interests that do not result in a change in control will be accounted for as equity transactions. In addition, net income attributable to the noncontrolling interest will be included in consolidated net income on the face of the income statement and, upon a loss of control, the interest sold, as well as any interest retained, will be recorded at fair value with any gain or loss recognized in earnings. SFAS No. 160 is effective for us beginning October 1, 2008, and will apply prospectively, except for the presentation and disclosure requirements, which will apply retrospectively. The Company is currently assessing the potential impact that adoption of SFAS No. 160 would have on our financial statements.

In March 2008, the FASB issued SFAS No. 161, "Disclosures about Derivative Instruments and Hedging Activities, and an amendment of FASB Statement No. 133." SFAS No. 161 requires enhanced disclosure related to derivatives and hedging activities and thereby seeks to improve the transparency of financial reporting. Under SFAS No. 161, entities are required to provide enhanced disclosures relating to: (a) how and why an entity uses derivative instruments; (b) how derivative instruments and related hedge items are accounted for under SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," and its related interpretations; and (c) how derivative instruments and related hedged items affect an entity's financial position, financial performance, and cash flows. SFAS No. 161 must be applied prospectively to all derivative instruments and non-derivative instruments that are designated and qualify as hedging instruments and related hedged items accounted for under SFAS No. 133 for all financial statements issued for fiscal years and interim periods beginning after November 15, 2008, with early application encouraged. The Company is currently assessing the impact that SFAS No. 161 will have on its financial position and results of operations.

In May 2008, the FASB issued SFAS No. 162, “The Hierarchy of Generally Accepted Accounting Principles” (SFAS 162”). SFAS 162 identifies the sources of accounting principles and the framework for selecting principles to be used in the preparation of financial statements of nongovernmental entities that are presented in conformity with generally accepted accounting principles in the United States. This statement shall be effective 60 days following the SEC’s approval of the Public Company Accounting Oversight Board’s amendments to AU section 411, The Meaning of Present Fairly in Conformity with Generally Accepted Accounting Principles. The Company is in the process of evaluating the potential effect of adoption of SFAS 162.

4. GOING CONCERN AND MANAGEMENT’S PLAN

The accompanying consolidated financial statements have been prepared assuming the Company will continue as a going concern. The Company has incurred significant and recurring losses and negative cash flow from operations, which raises substantial doubt about its ability to continue as a going concern. The Company's continued existence is dependent upon its ability to achieve profitability and to generate cash either from operations or financing.

Table of Contents

Management's plan is as follows:

- Obtain additional debt and equity financing.
- Market its principal product, VUELIVE (previously EspreLive), to customers wishing to build applications using video and provide custom engineering services to those customers as requested.
- Engage in partnerships with firms in key vertical markets. These partners will be market experts and have well defined application strategies that require VUELIVE to develop them.
- Launch Blideo as an application service provider.
- Establish independent sales agreements with representatives to sell its products and services. The Company will actively pursue the engagement of additional independent sales representatives who can distribute the Company's existing video products and services, both domestically and internationally.

In the period from inception to December 31, 2007, the Company has transacted a substantial amount of its business with related parties. The Company continues to be dependent on revenues from these related parties. The achievement of profitability and the ability to generate cash flows from operations is dependent upon, among other things, the acceptance of the Company's products and services, competition from other products and the deployment of video applications by our customers. There is no assurance that management's plan will be successful. Accordingly, substantial doubts exist about the Company's ability to continue as a going concern. The consolidated financial statements do not include any adjustments that might result from the outcome of these uncertainties.

5. CASH

At December 31, 2007, the Company had $1,758,656 in cash (excluding Blideo's cash of $1,538,433, over which the Company may be deemed to have control through the ownership interests in Blideo of the Company and Mr. Leighton) compared with $3,352,414 (excluding Blideo's cash of $498,252) at September 30, 2007.

6. INVESTMENT IN AND LOANS TO RELATED PARTIES

Blideo, Inc.

On April 24, 2007, prior to joining the Company, Peter Leighton, who served as the Company's President from July 26, 2007, and a director from May 1, 2007, until his resignation from both positions on August 21, 2008, founded Blideo, Inc., and invested $200,000 in May 2007 and $300,000 in July 2007. The Company invested the same amounts in the same time periods. In May of 2007, Blideo acquired an exclusive license from Media Distribution Solutions. LLC ("MDS"), a customer of the Company since April 2006, for the distribution and use of MDS's software in any social networking application for $175,000 plus certain ongoing royalties. In September 2007, Espre's Vice President — Sales invested $125,000 in Blideo. Certain former officers and employees of the Company are now officers and employees of Blideo. Subsequent to year end, on October 31, 2007, the Company licensed VUELIVE (formerly known as ESPRE Live) on a non-exclusive basis to Blideo for five (5) years for a one time license fee of $1,000,000 plus 1% of gross revenues.

As an integral part of this agreement, Blideo agreed to pay the Company a one-time fee of $700,000 for engineering and design services to build the Blideo Application Release 1.0 from September 1, 2007 to March 31, 2008. The $700,000 contract engineering fees paid for core technology development will decrease the license fee. As part of this license the Company has agreed not to contract with any application service provider that plans to launch a service competitive to Blideo's for one year following the acceptance by Blideo of the application the Company is designing and building. In addition, Blideo is obligated to pay the Company a product maintenance fee for the application the Company is building for Blideo of $70,000 for the first year commencing September 2007 and thereafter at a rate to be negotiated. In addition, until April 1, 2008, the Company provided office accommodation to Blideo for $2,000 per month. On April 1, 2008, Blideo sublet offices from an independent third party and moved its entire staff to them. The Company provided accounting services to Blideo for $500 per month through May 2008. The Company believes all related party transactions have been consummated on terms equivalent to those that prevail in arms'- length transactions.

The assets of Blideo are not available to the Company other than through the contractual agreements more fully described above and through direct control through the same management personnel.

11. STOCK OPTIONS

The Company's 2004 Equity Incentive Plan (the "Stock Option Plan") provides for employees, consultants and directors to be granted options to purchase shares of the Company's common stock, including incentive stock options ("ISOs"). The maximum aggregate number of shares of common stock available for award under the Stock Option Plan is 100,000,000, and is subject to adjustment as set forth therein. Under the plan, ISOs may not be vested until a date, or dates, subsequent to their date of grant, or until the occurrence of one or more specified events annually. At December 31, 2007, the Company had granted 79,904,634 ISOs. Of the granted ISOs, 65,365,000 vest on the anniversary of the date of grant equally over three years; 9,039,634 vested immediately; 2,125,000 vest completely thirteen months after the date of grant; and 3,375,000 vest completely over eighteen months after the date of grant. All ISOs expire no later than ten years from the date of grant for participants that own no more than ten percent of all classes of voting stock of the Company and its subsidiaries. The expiration for participants that own more than ten percent of all voting classes of stock of the Company and its subsidiaries is five years from the date of grant.

The exercise price for the ISOs is not to be less than the fair market value of the common stock of the Company at the date of grant for participants owning less than ten percent of all voting classes of stock in the Company and its subsidiaries and not less than 110% of the fair market value of the common stock of the Company at the date of grant for participants owning more than ten percent of all classes of voting stock in the Company and its subsidiaries.

At December 31, 2007, summarized stock options outstanding and exercisable were:

	Outstanding Stock Options		Exercisable Stock Options

15. SUBSEQUENT EVENTS

On August 20, 2008, the Company entered into a convertible secured promissory note and loan agreement (the "Note") with Dalcor, Inc., a corporation organized under the laws of the Republic of Panama ("Dalcor"), pursuant to which the Company borrowed from Dalcor $5,000,000 in cash (the "Principal Amount") with interest at a rate of 6.0% per annum and a maturity date of August 20, 2016 (the "Transaction"). Interest on the Note shall be made in cash or, at Dalcor's option, in shares of Common Stock of the Company ("Common Stock"). The first three months of interest were prepaid upon closing the Transaction.

The Note is convertible, at the option of Dalcor, up to the full Principal Amount, into shares of the Company's Series C Preferred Stock, par value $0.001 per share (the "Series C Preferred Stock"). The number of shares of Series C Preferred Stock into which the Note may be converted is equal to the dollar amount of the Note being converted divided by a conversion price of $1.00.

The holders of the Series C Preferred Stock shall be entitled to receive a dividend and distribution equal to the product of 100 multiplied by the dividend or distribution to be received by each share of Common Stock, including any amount received in a merger transaction, sale of the Company's assets or similar transaction. Holders of the Series C Preferred Stock shall be entitled to 100 votes for each share of Series C Preferred Stock held with respect to any and all matters presented to the stockholders of the Company for their action. The consent of the holders of a majority of the Series C Preferred Stock, voting separately as a class, shall be necessary for the Company to (i) increase the share capital of the Company or authorize or issue any securities or rights to subscribe for or convert into or call for the issue of any additional securities not outstanding on the date of the Certificate of Designation, (ii) declare or pay any dividends or other distributions upon any of its securities, or to redeem or purchase or otherwise acquire any of the Company's securities or (iii) grant or award any registration rights. Each share of the Series C Preferred Stock shall be deemed converted into 100 shares of Common Stock and shall participate proportionally with the Common Stock in the proceeds available to the Company's shareholders upon the liquidation, dissolution, or winding up of the Company.

The Note may not be prepaid without the written consent of Dalcor. The Company is obligated to prepay the Principal Amount, together with all accrued and unpaid interest, fees and other amounts due and payable pursuant to the Note, if the Company sells, exclusively licenses, conveys, assigns, leases, abandons or otherwise transfers or disposes of any of its properties or assets, unless (i) such transaction is in the ordinary course of the Company's business, (ii) the proceeds of such transaction are paid to Dalcor, or (iii) with the prior written consent of Dalcor. The Note grants to Dalcor anti-dilution rights in the event the Company enters into a corporate transaction and the right of first refusal in the event the Company desires to issue any securities of the Company or enter into any new indebtedness. If an event of default occurs and is continuing, Dalcor may rescind any outstanding conversion notice and declare any and all amounts owing under the Note immediately due and payable at a price of 118% of the Principal Amount, together with all accrued and unpaid interest thereon.

In connection with the Transaction, the Company and Dalcor entered into a security agreement (the "Security Agreement") on August 20, 2008, pursuant to which the Company granted Dalcor a security interest in all of the Company's personal property to secure the Company's obligations under the Note. Also in connection with the Transaction, the Company and Dalcor entered into a pledge agreement (the "Pledge Agreement") on August 20, 2008, pursuant to which the Company granted Dalcor a first-priority security interest in all of the shares of common stock of Blideo, Inc., a Texas corporation, held by the Company and certain indebtedness owed to the Company to secure the Company's obligations under the Note. Also in connection with the transaction, the Company and Dalcor entered into a registration rights agreement on August 20, 2008, pursuant to which the Company granted Dalcor demand and piggyback registration rights with respect to the Note and the Series C Preferred Stock issued upon conversion of the Note.

On August 22, 2008, the Company filed a Certificate of Withdrawal with respect to its Series B Preferred Stock, none of which was then issued or outstanding, and filed a Certificate of Designation for its Series C Preferred Stock establishing the rights, preferences, privileges, qualifications, restrictions and limitations relating to the Series C Preferred Stock, of which 5,000,000 shares are authorized, none of which are issued or outstanding but all of which are reserved for issuance upon conversion of the outstanding principal amount of the Note.

Termination of a Material Definitive Agreement

On July 15, 2008, the Company entered into a securities purchase agreement (the "Purchase Agreement") with La Jolla Cove Investors, Inc. ("La Jolla"), pursuant to which the Company sold a private placement convertible debenture (the "Debenture") to La Jolla. The Debenture was for gross proceeds of $2,000,000 (the "Debenture Amount"), of which $250,000 was paid by La Jolla at the closing of the Purchase Agreement and the balance of $1,750,000 was payable by a promissory note (the "La Jolla Note") due January 30, 2011. The Debenture accrued interest on the Debenture Amount at a rate of 6% per annum. The Debenture was convertible into shares of Common Stock.

In connection with the Transaction, on August 20, 2008, the Company provided notice of redemption (the "Notice of Redemption") of the Debenture issued to La Jolla to redeem, terminate and pay in full the Debenture. A payment in the amount of $262,993, representing 100% of the outstanding principal amount of the Debenture plus accrued and unpaid interest, was made by the Company to La Jolla in connection with the Notice of Redemption.

In connection with the Transaction, on August 20, 2008, the Company and Nonsuch Holdings Ltd. ("Nonsuch") cancelled and terminated that certain promissory note in the principal amount of $100,000 (the "Nonsuch Note") which was issued by the Company to Nonsuch on July 29, 2008. In exchange for cancellation and termination of the Nonsuch Note, the Company transferred 104,167 shares of common stock of Blideo, Inc., a Texas corporation, owned beneficially and of record by the Company to Nonsuch. Nonsuch is an affiliate of, and is owned and controlled by, Peter Leighton.

Changes in Control of Registrant

On August 20, 2008, the Company entered into the Note with Dalcor, pursuant to which the Company borrowed from Dalcor $5,000,000 in cash with interest at a rate of 6.0% per annum and a maturity date of August 20, 2016. The Note is convertible, at the option of Dalcor, up to the full Principal Amount, into the Series C Preferred Stock. The number of shares of Series C Preferred Stock into which the Note may be converted is equal to the dollar amount of the Note being converted divided by a conversion price of $1.00. In the event that Dalcor exercises its conversion rights under the Note and converts the full Principal Amount into Series C Preferred Stock, Dalcor will own beneficially and of record 5,000,000 shares of Series C Preferred Stock.

As of November 12, 2008, 355,640,130 shares of Espre Common Stock were issued and outstanding. In the event that Dalcor converts the Note in to 5,000,000 shares of Series C Preferred Stock, with voting and preferential rights of 100/1, Dalcor will own approximately 58.43% of the Company's voting power and economic benefits, which will result in a change of control of the Company. The Peninsula Group, which holds approximately 8.5% of the Company, is currently the controlling stockholder of the Company.

The Note may be converted into shares of Series C Preferred Stock, in whole or in part at any time at the option of Dalcor. Further pursuant to the Note, the Company and Dalcor agree that so long as the Note remains outstanding, two of the three Board members shall be representatives of Dalcor.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Overview

Results of Operations for the three months ended December 31, 2007

We have restated the Consolidated Balance Sheet as of December 31, 2007, and our Consolidated Statements of Operations and Cash Flows for the three months ended December 31, 2007, to correct our accounting for our stock based compensation related to employee stock options, our accounting for certain performance based stock options, our accounting for minority interest, our classification of interest income and our classification of amortization expense.

Our originally filed financial statements for the quarter ended December 31, 2007, reflected stock option expense for the entire year ended September 30, 2008. This resulted in an overstatement of expenses for the three months ended December 31, 2007. Additionally, we also corrected our accounting for minority interest for the three months ended December 31, 2007, which was previously based on an incorrect number of common shares outstanding and an incorrect percentage ownership in our consolidated subsidiary, and previously included the effects of a stock split authorized subsequent to June 30, 2008. In addition, the Company also corrected certain errors in the classification of interest income, which was previously classified as revenues, as well as corrected its classification of amortization expense, which was previously improperly classified as a reduction of the underlying asset rather than an increase in accumulated amortization.

Finally, we corrected our software licensing fee revenues that were prematurely recognized in the prior year three month period ended December 31, 2006. The revenues were subsequently recorded in the proper prior year period when all of the conditions for revenue recognition were fully met. The errors were discovered and corrected in the quarter ended June 30, 2008 and for all prior quarters.

The impact of the restatement and other reclassifications on our Consolidated Balance Sheet as of December 31, 2007, and our Consolidated Statements of Operations and Cash Flows for the three months ended December 31, 2007 and December 31, 2006, is summarized in Note 2 of the Notes to the consolidated financial statements.

During the three months ended December 31, 2007, we generated revenues of $1,071,113 (compared with $880,876 in the same period last year, or an increase of 22%). The major components of revenue were:

- In April 2007, we entered into a license agreement for the exclusive right to use our technology for the entertainment market for an initial amount of $1,000,000 and a further $450,000 contingent on our delivering certain design proofs of concept. The license agreement granted the license holder a put option which could have required us to repurchase the license for $2,000,000 at any time after January 31, 2008, and before April 31, 2010. The revenue from this license was deferred and is included on our balance sheet as deferred revenue at September 30, 2007. In December 2007, we concluded an agreement with the licensee to waive the put option in return for a waiver of the balance due under the license of $450,000, and accordingly we recorded the full license fee of $1,000,000 in the quarter ended December 31, 2007.

- $57,342 for the design of our customers' applications, including a major US telecommunications carrier.

For the three months ended December 31, 2007, our total operating expenses were $3,839,450 (compared to $2,285,449 in the same period last year). Product development and consulting expenses were $651,268 (compared to $84,600 in the comparable period in 2006, or an increase of 669%). This substantial increase is primarily attributable to an increase in outsource engineering costs incurred in the development of VUELIVE, the design of Blideo's

application, and the provision of engineering services to third parties.

For the three months ended December 31, 2007, our general, administrative and selling expenses were $3,150,095 (compared to $2,177,502 in the comparable period last year, or an increase of 45%). General, administrative and selling expenses incurred for the three months ended December 31, 2007, which were attributable to the non-cash expenses from the Company's incentive stock option plan, were $1,083,409 (compared to $1,084,074 in the comparable period last year, which was essentially unchanged). We incurred increased salary expenses related to our sales and marketing program and legal and accounting expenses relating to our becoming a fully-reporting company.

Liquidity and Capital Resources

The accompanying consolidated financial statements have been prepared assuming we will continue as a going concern. We have incurred significant and recurring losses from the period December 22, 2003 (inception), through December 31, 2007. At December 31, 2007, we had $1,758,656 in cash (excluding Blideo's cash of $1,538,433, over which we may be deemed to have control through the ownership interests in Blideo of Espre and Mr. Leighton is being a director of both companies) compared with $3,352,414 (excluding Blideo's cash of $498,251) at September 30, 2007. Our continued existence is dependent upon our ability to achieve profitability and to generate cash either from operations or financing.

Management's financial plan is as follows:

- Obtain additional debt and equity financing.

- Market our principal product, VUELIVE (previously EspreLive), to customers wishing to build applications using video and provide custom engineering services to those customers as requested.

- Engage in partnerships with firms in key vertical markets. These partners will be market experts and have well-defined application strategies that require VUELIVE to build them. Potential customers have been identified and we are in active negotiations with them. No assurance can be given, however, that we will be successful in entering into satisfactory commercial arrangements with these or other customers.

- Establish independent sales agreements with representatives to sell its products and services. We will actively pursue the engagement of additional independent sales representatives who can distribute our existing video products and services, both domestically and internationally. Potential partners have been identified and we are in active negotiations with them. No assurance can be given, however, that we will be successful in entering into satisfactory commercial arrangements with these or other partners.

For the three months ended December 31, 2007, we used net cash of $2,724,767 ($153,930 in the same period last year) for operations; and we used net cash of $69,818 ($34,580 in the same period last year) for investing; and we realized net cash of $2,241,008 from financing activities, primarily from the sale of our common stock and receipts of stock subscription receivables. The achievement of profitability and the ability to generate cash flows from operations will depend on, among other things, the acceptance of our products and services, competition, and the deployment of video applications by our customers. These matters by their nature contain uncertainties and our financial statements do not include any adjustments that might occur from future efforts. There is substantial doubt about our ability to continue as a going concern.

Our current cash requirements are approximately $850,000 per month, principally for salaries, professional services and office expenses. Included in these expenditures is approximately $450,000 of development expense for the design and deployment of Blideo's application, VUELIVE, and other customers. Our capital expenditures (depending on our hiring program), which principally consist of computer equipment, test equipment and office requirements, are approximately $15,000 per month. Based on our cash flow projections, we expect that while our cash requirements will continue at their current rate for the foreseeable future, we will be able to meet a portion of our cash requirements from the proceeds of agreements for our services and the sale of our products. However, we have been and expect to remain cash flow negative for the next twelve months, and will therefore be dependent on the proceeds of the sale of our equity securities.

As with any company engaged in the development of new technology, we have constantly been challenged by the need to find continuing and new sources of capital to meet our operating expenses. There can be no assurance that we

will continue to be successful in obtaining financing, or that we will, as we now anticipate, be able to generate significant revenues from operations over the next twelve months, in which event we may be unable to proceed with our business operations. Substantial doubt exists about our ability to continue as a going concern if we do not generate significant revenues from operations and obtain financing.

Critical Accounting Policies and Recent Accounting Pronouncements

The Company's critical accounting policies are set forth in Note 1 of Notes to Consolidated Financial Statements in the company's report on Form 10 filed March 31, 2008. A discussion of those policies that require management judgment and estimates and are most important in determining the Company's operating results and financial condition appears in Management's Discussion and Analysis of Financial Condition and Results of Operations contained in the Company's Form 10. The Financial Accounting Standards Board issues, from time to time, new financial accounting standards, staff positions and emerging issues task force consensus. See Note 2 of Notes to Condensed Consolidated Financial Statements for a discussion of these matters.

Forward-Looking Statements

All statements other than statements of historical fact included in this report, including without limitation statements regarding the Company's financial position, business strategy, and the plans and objectives of the Company's management for future operations, are forward-looking statements. When used in this report, words such as "anticipate," "believe," "estimate," "expect," "intend" and similar expressions, as they relate to the Company or its management, identify forward-looking statements. Such forward-looking statements are based on the beliefs of the Company's management, as well as assumptions made by and information currently available to the Company's management. Actual results could differ materially from those contemplated by the forward-looking statements as a result of certain factors, including, but not limited to, general business and economic conditions, including, results of integrating acquired businesses into existing operations, competitive factors and pricing pressures in the technology and development of video delivery over internet protocol. Such statements reflect the views of the Company with respect to future events and are subject to these and other risks, uncertainties and assumptions relating to the operations, results of operations, growth strategy and liquidity of the Company as previously disclosed in the Company's report on Form 10 filed March 31, 2008. Readers are cautioned not to place undue reliance on these forward-looking statements. The Company does not undertake any obligation to release publicly any revisions to these forward-looking statements to reflect future events or circumstances or to reflect the occurrence of unanticipated events.

I te m 3. Quantitative and Qualitative Disclosure About Market Risk

Management does not believe that there is any material market risk exposure with respect to derivative or other financial instruments that is required to be disclosed

I te m 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The Company has carried out an evaluation under the supervision and with the participation of its management as to the effectiveness of the design and operation of its disclosure controls and procedures. The evaluation examined the Company's disclosure controls and procedures as of September 30, 2007. Based on that evaluation, such officers have concluded that, as of December 31, 2007, the Company's disclosure controls and procedures were not effective to ensure that information required to be disclosed by the Company in the reports filed or submitted by it under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time period specified in the rules and forms of the Securities and Exchange Commission, and include controls and procedures designed to ensure that information required to be disclosed by the Company in such reports is accumulated and communicated to management, including the Company's Chief Executive Officer and the Company's Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosures.

In connection with the completion of its audit of, and the issuance of its report on, the Company's consolidated financial statements for the fiscal year ended September 30, 2007, the Company's independent registered public accounting firm, Sweeney, Gates & Co., communicated to the Company's management that certain matters involving the Company's internal controls were considered to be "significant deficiencies," as defined under the standards established by the Public Company Accounting Oversight Board, or PCAOB. These matters pertained to (i) inadequate policies and procedures with respect to review and oversight of financial results to ensure that accurate consolidated financial statements were prepared and reviewed on a timely basis, (ii) inadequate number of individuals with U.S. GAAP experience and (iii) inadequate review of account reconciliations, analyses and journal entries.

In light of the significant deficiencies described above, the Company performed additional analyses and other post-closing procedures to ensure the Company's consolidated financial statements are prepared in accordance with

generally accepted accounting principles. Accordingly, management believes that the financial statements included in this quarterly report fairly represent in all material respects the Company's financial condition, results of operations and cash flows for the periods presented.

Change in Internal Controls

During the three months ended December 31, 2007, other than explained above, there were no changes in the Company's internal control over financial reporting that have materially affected or are reasonably likely to materially affect such internal control over financial reporting.

Limitations on the Effectiveness of Controls

The Company believes that a control system, no matter how well designed and operated, cannot provide absolute assurance that the objectives of the control system are met, and no evaluation of controls can provide absolute assurance that all controls issues and instances of fraud, if any, within a company have been detected. The Company's disclosure controls and procedures are designed to provide reasonable assurance of achieving their objectives and the company's President and CFO have concluded that such controls and procedures are effective at the "reasonable assurance" level.
