**Item 8.01. Other Events**

Microsoft Corporation (the Company) is filing this Current Report on Form 8-K to recast certain previously reported amounts to conform with the segment reporting changes made in connection with realignment of our organization structure, with respect to the financial information contained in our Annual Report on Form 10-K for the year ended June 30, 2015 (2015 Form 10-K).

In June 2015, we announced a change in organizational structure as part of our transformation in the mobile-first, cloud-first world. During the first quarter of fiscal year 2016, the Company's chief operating decision maker requested changes in the information that he regularly reviews for purposes of allocating resources and assessing performance. As a result, beginning in fiscal year 2016, we report our financial performance based on our new segments Productivity and Business Processes, Intelligent Cloud, and More Personal Computing and analyze operating income as the measure of segment profitability. We provided a brief description of the new reporting structure in a press release issued on September 28, 2015, followed by a more comprehensive summary of the effects of these changes, including the impact on the Company's historical segment results for fiscal years 2015 and 2014, in a Form 8-K filed on September 29, 2015.

The rules of the Securities and Exchange Commission require that when a registrant prepares, on or after the date a registrant reports an accounting change such as the change noted above, a new registration, proxy or information statement (or amends a previously filed registration, proxy, or information statement) that includes or incorporates by reference financial statements, the registrant must recast the prior period financial statements included or incorporated by reference in the registration, proxy or information statement to reflect these types of changes. Accordingly, the Company is filing this Form 8-K to recast our consolidated financial statements for each of the three years in the period ended June 30, 2015, to reflect the changes in segment reporting as described above. The updates do not represent a restatement of previously issued financial statements. The recast information of Items contained in the Company's 2015 Form 10-K is presented in Exhibits 99.1, 99.2 and 99.3 to this Form 8-K.

The information included in this Form 8-K is presented for informational purposes only in connection with the reporting changes described above and does not amend or restate our audited consolidated financial statements, which were included in our 2015 Form 10-K. This Form 8-K does not reflect events occurring after we filed our 2015 Form 10-K and does not modify or update the disclosures therein in any way, other than to illustrate the realignment of our organizational structure as described above. For developments subsequent to the filing of the 2015 Form 10-K, refer to our Quarterly Report on Form 10-Q for the quarter ended September 30, 2015.
