Item 1.01 Entry into a Material Definitive Agreement

On May 21, 2014, Methes Energies International Ltd. (the “Company”) entered into an Underwriting Agreement (the “Underwriting Agreement”) with National Securities Corporation (the “Underwriter”), for a firm commitment public offering of 2,500,000 shares of the Company’s common stock, par value \$0.001 per share (“Common Stock”). The price to the public in this offering is \$2.00 per share, and the Underwriter has agreed to purchase the shares from us at a price of \$1.84 per share. Under the terms of the Underwriting Agreement, we have also granted the Underwriter an option, exercisable for 30 days, to purchase up to an additional 375,000 shares of Common Stock at the same price to cover over-allotments (the “Over-Allotment Option”), if any. The Underwriting Agreement contains customary representations, warranties and agreements by the Company, customary conditions to closing, indemnification obligations of the Company and the Underwriter, including for liabilities under the Securities Act of 1933, as amended, other obligations of the parties and termination provisions.

The net proceeds to the Company from this offering are expected to be approximately \$4.5 million, after deducting the Underwriter’s fees and estimated offering expenses, assuming no exercise by the Underwriter of the Over-Allotment Option. The offering is expected to close on or about May 27, 2014, subject to customary closing conditions.

The offering is being made pursuant to an effective shelf registration statement on Form S-3 (Registration Statement No. 333-195271) of the Company declared effective by the Securities and Exchange Commission on May 14, 2014, as supplemented by an applicable prospectus supplement.

The foregoing description of the offering and the Underwriting Agreement is not complete and is qualified in its entirety by reference to the Underwriting Agreement, which is attached hereto as Exhibit 1.1 and incorporated herein by reference.
