INFORMATION ABOUT VOTING

How are proxies being solicited?

This proxy solicitation is being made by and at the direction of the board of directors of the Company, and we will pay all expenses relating to the solicitation. Proxies may be solicited by mail, personally, by telephone or by other electronic means by officers, directors and employees of the Company and its subsidiary, Peoples Security Bank and Trust Company, or the Bank, who will not be compensated for such solicitation activities. In addition, we have engaged Regan & Associates, Inc. (New York, NY) to assist us with the solicitation. We will pay Regan & Associates a fee of \$9,500 and reimburse them for their reasonable out-of-pocket expenses. Arrangements may be made with brokerage houses and other custodians, nominees and fiduciaries for forwarding solicitation materials to the beneficial owners of shares held of record by such persons, and we will reimburse those persons for their reasonable expenses.

What is on the agenda for the annual meeting?

The agenda for the annual meeting includes the election of three directors to the Company's board of directors, each to serve until the 2022 annual meeting of shareholders and until his successor has been elected and qualified, a proposal to approve, on an advisory basis, the compensation of our named executive officers, the ratification of Baker Tilly Virchow Krause, LLP as our independent registered public account firm for the fiscal year ending December 31, 2019, and such other business as may properly come before the annual meeting. We are not aware of any such other business that may properly come before the annual meeting at the present time.

Who can vote?

You can vote at the annual meeting if you were a holder of our common stock at the close of business on the record date. The record date for the annual meeting is February 28, 2019. Each share of common stock you own as of the record date entitles you to one vote for each director to be elected in the election of directors and one vote on any other business as may properly come before the annual meeting. As of the record date, there were 7,399,053 shares of common stock outstanding and entitled to vote.

How do I vote if shares are held directly in my name?

If you hold your shares in certificate or direct registration system form, and not through a bank, brokerage firm or other nominee, you may vote your shares in one of the following ways:

- **By Mail.** If you choose to vote by mail, complete the enclosed proxy, date and sign it, and return it in the postage-paid envelope provided.

Edgar Filing: PEOPLES FINANCIAL SERVICES CORP. - Form DEF 14A

- In Person. If you choose to vote in person, come to the annual meeting and cast your vote. If you attend the meeting, you may vote your shares in person even if you have previously submitted a proxy.
 - Telephonic voting. If you choose to vote by telephone, call toll-free 1-800-PROXIES (1-800-776-9437) in the United States or 1-718-921-8500 from foreign countries from any touch-tone telephone and follow the instructions. Have your proxy card available when you call, and use the company number and account number shown on your proxy card.

-

Table of Contents

You may submit your proxy by telephone or via internet until 11:59 PM EDT the day before the meeting.

How do I vote if shares are held in street name or through a bank, brokerage firm or other nominee?

If you hold your shares in street name or through a bank, brokerage firm or other nominee, you will need to vote your shares by providing voting instructions to your bank, brokerage firm or other nominee, in accordance with the voting instruction form provided to you by your bank, brokerage firm or other nominee, or by obtaining a legal proxy from your bank, brokerage firm or other nominee authorizing you to vote those shares at the annual meeting. Only with a legal proxy from your bank, brokerage firm or other nominee can you cast your vote in person at the annual meeting.

How will my proxy be voted?

If you hold your shares directly in your name, unless you indicate differently on your proxy, we plan to vote signed and returned proxies **FOR** the election of the board's director nominees named in this proxy statement, **FOR** the proposal to approve, on an advisory basis, the compensation of our named executive officers, and **FOR** the ratification of Baker Tilly Virchow Krause, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019.

If you hold your shares of the Company's common stock in street name (that is, through a broker or other nominee), under applicable rules, brokers have the discretion to vote on routine matters, such as the ratification of the selection of accounting firms, but do not have discretion to vote on non-routine matters. Rules applicable to brokers consider uncontested elections of directors, matters related to executive compensation, and matters related to corporate governance to be considered non-routine. If you hold your shares in street name, but do not give your broker or other nominee instructions on how to vote your shares, votes may not be cast on your behalf. If your broker or other nominee submits a proxy but does not vote your shares on a particular proposal because it has not received voting instructions from you, your shares will be considered to be broker non-votes with regard to that matter.

At or after the annual meeting, a judge of elections will tabulate ballots cast by shareholders present and voting in person and votes cast by proxy.

What is a broker non-vote?

A broker non-vote occurs when a bank or brokerage firm holding shares on behalf of a shareholder does not receive voting instructions from the shareholder by a specified date before the annual meeting and the bank or brokerage firm is not permitted to vote, or otherwise does not vote, those undirected shares on specified matters. Thus, if you do not give your broker specific instructions, your shares may not be voted on those matters (so-called broker non-votes) and will not be counted in determining the number of shares necessary for approval. Broker non-votes are not considered to be votes cast and, therefore, generally have no effect on the outcome of elections of directors or other business which are determined based on votes cast. Shares represented by broker non-votes will be counted, however, in determining the number of shares of common stock

represented in person or by proxy and entitled to vote.

Can I revoke my proxy or change my vote after submitting my proxy?

Yes. Any shareholder giving a proxy has the right to attend the annual meeting and vote in person. A proxy may be revoked prior to the annual meeting if a later-dated proxy or a written revocation is sent to the Company at Peoples Financial Services Corp., 150 North Washington Avenue, Scranton,

Table of Contents

Pennsylvania 18503, Attn.: Secretary, and received prior to the annual meeting. In addition, a proxy may be revoked at the annual meeting by filing a later-dated proxy or by filing a written notice of such revocation with the Secretary of the Company at the annual meeting prior to the voting of such proxy.

What constitutes a quorum at the annual meeting and how are votes counted?

We need a quorum of shareholders to hold a valid annual meeting. A quorum will be present if shareholders entitled to cast at least a majority of the votes which all shareholders are entitled to cast are represented in person or by proxy at the annual meeting. Abstentions and broker non-votes are counted as present for the purpose of establishing a quorum.

How many votes are required for the election of directors?

Directors are elected by a plurality vote of shares of common stock cast in person or by proxy at the annual meeting, provided that a quorum is present. A plurality means that the candidates for election as directors receiving the highest number of votes, up to the number of directors to be elected, shall be elected. Because the election of directors is based on a plurality of the votes cast, abstentions and broker non-votes have no effect on the outcome of the vote. Shareholders are not entitled to cumulative voting in the election of directors.

How many votes are required to approve, on an advisory basis, the compensation of our named executive officers?

As long as a quorum is present, the affirmative vote of the holders, present in person or by proxy, of shares entitled to cast at least a majority of the votes which all shareholders are entitled to cast, is required to approve, on an advisory basis, the compensation of our named executive officers. Abstentions and broker non-votes will have the same effect as votes against this proposal.

How many votes are required for the ratification of the appointment of Baker Tilly Virchow Krause, LLP?

As long as a quorum is present, the affirmative vote of the holders, present in person or by proxy, of shares entitled to cast at least a majority of the votes which all shareholders are entitled to cast, is required to ratify the appointment of Baker Tilly Virchow Krause, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019. Abstentions and broker non-votes will have the same effect as votes against this proposal.

How many votes are required for any other proposals that may properly come before the annual meeting?

Edgar Filing: PEOPLES FINANCIAL SERVICES CORP. - Form DEF 14A

Any other proposals that may properly come before the annual meeting will be approved if the holders, present in person or by proxy, of shares entitled to cast at least a majority of the votes which all shareholders are entitled to cast are voted in favor of the action, unless the question is one upon which a different vote is required by express provision of law or by our articles of incorporation or our bylaws. Abstentions and broker non-votes will have the same effect as votes against any proposal that requires approval by a majority of the votes which all shareholders are entitled to cast. Abstentions and broker non-votes are not considered votes cast, however, and, as such, have no effect on the outcome of any proposals which would be approved based on votes cast. We are not aware of any such other proposals that may properly come before the annual meeting at the present time.

PROPOSAL 1 ELECTION OF DIRECTORS

Our bylaws provide that the number of directors constituting the entire board will be not less than five nor more than twenty-five, with the exact number to be fixed from time to time by our board of directors.

Our bylaws also provide that our board of directors will be classified into three classes, each class to be as nearly equal in number, in respect to the time for which they severally hold office. At each annual meeting of shareholders, one class of directors is to be elected and each class of directors so elected will serve for a term of approximately three years. The number of directors currently comprising the entire board is eleven. In accordance with our mandatory retirement bylaw, Joseph G. Cesare, M.D. will retire at the expiration of his current term at the annual meeting. Based on the recommendation of our nominating and governance committee, our board of directors resolved to decrease the number of directors comprising the entire board from eleven to ten upon the expiration of Dr. Cesare's term. Accordingly, three nominees will be elected to the 2022 class of directors.

It is intended that the proxies solicited by the board of directors will be voted **FOR** the three director nominees named below (unless the shareholder otherwise directs). If, for any reason, any nominee becomes unavailable for election or service on the board, the proxy solicited by the board of directors will be voted for such substituted nominee as is selected by the board of directors. The board has no reason to believe that any of the named nominees are not available or will not serve if elected.

**PROPOSAL 2 TO APPROVE, ON AN ADVISORY BASIS,
THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS**

As required pursuant to Section 14A of the Securities Exchange Act of 1934, as amended (commonly referred to as the Exchange Act), we are providing our shareholders with the opportunity to vote, on an advisory basis, on the compensation of our named executive officers as described in this proxy statement. This proposal, commonly known as a say-on-pay proposal, gives our shareholders the opportunity to express their views on the compensation of our named executive officers. We are currently soliciting this advisory vote on an annual basis.

Even though this say-on-pay vote is advisory and therefore will not be binding on us, the members of our compensation committee and board of directors value the opinions of our shareholders. Accordingly, to the extent there is a significant vote against the compensation of our named executive officers, we will consider our shareholders' concerns and the compensation committee will evaluate what actions may be appropriate to address those concerns.

Our executive compensation program is designed to attract, reward, and retain key employees, including our named executive officers, who are critical to our success. Under this program, our named executive officers are rewarded for the achievement of specific short-term and long-term goals that enhance shareholder value. Shareholders are urged to read the Compensation Discussion and Analysis and Executive Compensation sections of this proxy statement for greater detail about our executive compensation programs, including information about the fiscal year 2018 compensation of our named executive officers.

Table of Contents**PROPOSAL 3 RATIFICATION OF THE APPOINTMENT OF BAKER TILLY VIRCHOW KRAUSE, LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2019**

The audit committee of our board of directors has engaged Baker Tilly Virchow Krause, LLP, or Baker Tilly, to serve as our independent registered public accounting firm for the year ending December 31, 2019. Baker Tilly served as our independent registered public accounting firm for the Company for the fiscal year ended December 31, 2017 and 2018. Representatives of the firm are expected to be present at the Annual Meeting and will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

The audit committee of our board of directors first engaged Baker Tilly on March 28, 2017, and on that date notified BDO USA, LLP, or BDO, of the audit committee's decision to dismiss BDO as our independent registered public accounting firm. Prior to engaging Baker Tilly, we did not consult with Baker Tilly regarding the application of accounting principles to a specific completed or contemplated transaction or regarding the type of audit opinions that might be rendered by Baker Tilly on our financial statements, and Baker Tilly did not provide any written or oral advice that was an important factor considered by us in reaching a decision as to any such accounting, auditing or financial reporting issue.

The report of independent registered public accounting firm of BDO regarding our financial statements for the fiscal years ended December 31, 2016 and 2015 did not contain any adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. During the years ended December 31, 2016 and 2015, and during the interim period from December 31, 2016 through March 28, 2017, the date of termination, there were no disagreements with BDO on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of BDO would have caused it to make reference to such disagreement in its reports.

The following table presents the aggregate fees billed or expected to be billed to us by our principal independent registered public accounting firm for the fiscal years ended December 31, 2018 and 2017.

<u>Fee Category</u>	2018	2017
Audit Fees	\$ 231,500	\$ 231,000
Audit-Related Fees	5,850	5,487
Tax Fees		
All Other Fees		
Total Fees	\$ 237,350	\$ 236,487

Audit-related fees consist of fees for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and are not reported under Audit Fees.

Our audit committee's charter includes a formal policy concerning the pre-approval of audit and non-audit services (including the fees and terms thereof) to be provided by our independent registered public accounting firm, subject to the de minimis exception for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act, which are approved by the audit committee prior to the completion of the audit. The policy requires that all services to be performed by Baker Tilly, including audit services, audit-related services and permitted non-audit services, be performed either pursuant to detailed pre-approval policies and procedures established by the committee as to the services to be performed, or upon presentation to and

pre-approval by the committee (subject to the de minimis exception). All services

rendered by Baker Tilly are permissible under applicable laws and regulations, and the audit committee pre-approved all audit and audit-related services performed by Baker Tilly during 2018 and 2017.

BOARD OF DIRECTORS AND COMMITTEES

Director Independence

Our common stock is listed on The Nasdaq Stock Market, LLC. Accordingly, our board evaluated the independence of each director and director nominee under the listing standards of The Nasdaq Stock Market, LLC. During this review, the board considered transactions and relationships between each director or any member of his or her immediate family and the Company and its subsidiaries and affiliates. The board also considered whether there were any transactions or relationships between any director or any member of his or her immediate family (or any entity of which a director or an immediate family member is an executive officer, general partner or significant equity holder) and members of our senior management or their affiliates.

As a result of this review, the board affirmatively determined that William E. Aubrey II, Joseph G. Cesare, M.D., James G. Keisling, Ronald G. Kukuchka, Richard S. Lochen, Jr., Robert W. Naismith, Ph.D., James B. Nicholas, George H. Stover, Jr. and Joseph T. Wright, Jr. are independent under the listing standards of The Nasdaq Stock Market, LLC. In addition, the board determined that each member of our nominating and governance, audit and compensation committees is independent in accordance with the additional independence criteria applicable to such committee members under the listing standards of The Nasdaq Stock Market, LLC, including the additional independence standards applicable to members of the audit and compensation committees. Craig W. Best, our President and Chief Executive Officer, and Steven L. Weinberger were determined to be not independent.

In determining the independence of our independent directors, we considered loan transactions, as more particularly described in Certain Relationships and Related Transactions, deposits with Peoples Security Bank and Trust Company, a lease agreement, pursuant to which we lease space in one of our branches, and certain arm s-length purchases of products from companies at which some of our directors or their immediate family members were officers or employees during 2018. The board determined that none of these relationships impaired the independence of the independent directors.

Board Meetings

During 2018, the board of directors held twelve meetings. Each of our directors attended at least 75 percent of the aggregate number of meetings held by the board of directors and the committees on which he served.

We have no formal policy with respect to director attendance at our annual meeting of shareholders. All of our directors attended our 2018 annual meeting of shareholders.

Board Leadership Structure and Role in Risk Oversight

Edgar Filing: PEOPLES FINANCIAL SERVICES CORP. - Form DEF 14A

The board of directors of the Company has determined that the separation of the offices of chairman of the board and chief executive officer enhances board independence and oversight. Moreover, the separation of the chairman of the board and chief executive officer allows the chief executive officer to better focus on his responsibilities relating to day-to-day management of the Company, enhancing shareholder value and expanding and strengthening the Company's franchise while allowing the chairman to lead the board in its fundamental role of providing advice to and independent oversight of management. Consistent with this determination, William E. Aubrey II serves as Chairman of the Board of the Company and Craig W. Best serves as President and Chief Executive Officer of the Company.

Table of Contents

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including credit risk, interest rate risk, liquidity risk, operational risk, strategic risk, legal risk and reputational risk. Management, including our chief risk officer, is responsible for the day-to-day management of risks we face, while our board of directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk management oversight role, the board of directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. To do this, the Chairman of the Board meets regularly with management to discuss strategy and risks facing the Company. Senior management attends board meetings and is available to address any questions or concerns raised by the board on risk management. The Chairman of the Board and independent members of the board of directors work together to provide strong, independent oversight of the Company's management and affairs through its standing committees and, when necessary, special meetings of independent directors.

Primary responsibility for areas of risk oversight is allocated among our standing committees as follows:

Committee	Primary Areas of Risk Oversight
Audit Committee	Risks and exposures associated with financial matters, particularly financial reporting, tax, accounting, disclosure, internal control over financial reporting, financial policies, investment guidelines and credit and liquidity matters.
Nominating and Governance Committee	Risks and exposures associated with leadership, succession planning and corporate governance.
Compensation Committee	Risks and exposures associated with executive compensation programs and arrangements, including incentive plans.

Compensation Risk Management

Our compensation committee has reviewed the compensation policies and practices of the Company and has determined that the policies and practices do not motivate imprudent risk taking and are not reasonably likely to have a material adverse effect on the Company. The compensation committee is aware that compensation arrangements, if not properly structured, may encourage inappropriate risk-taking. A long-standing example of how our compensation programs protect against imprudent risk taking is the clawback provision included in the Peoples Cash Incentive Program. In addition, since January 2017, we have maintained a compensation recoupment policy, which applies to all executive officers who receive cash or equity incentive awards.

Board Committees

As noted above, the board of directors of the Company conducts much of its business through committees of the board. During 2018, the board maintained standing audit, compensation and nominating committees.

During the fiscal year ended December 31, 2018, Aubrey, Cesare, Kukuchka, Nicholas, Stover and Wright comprised the nominating and corporate governance committee. During 2018, the nominating and corporate governance committee of the board of directors met three times.

The nominating and corporate governance committee is governed by a formal charter approved by the board of directors, a current copy of which is available via the Company's website, psbt.com, at the Governance Documents page under Investor Relations. The primary purposes, duties and responsibilities of the nominating and corporate governance committee include:

- keep apprised of requirements, trends and best practices in corporate governance;
- review and make recommendations to our board of directors with respect to any proposed changes to our articles of incorporation, bylaws, or committee charters; and

Nomination Process

Our nominating and corporate governance committee is responsible for recommending director nominees to our board of directors. The board of directors will consider director candidates recommended by shareholders. Any shareholder who wishes to recommend a director candidate for consideration may send notice to Peoples Financial Services Corp., 150 North Washington Avenue, Scranton, Pennsylvania 18503, Attention: Investor Relations Officer. The notice should contain the information described in the section titled Shareholder Proposals, on page 43.

Process for Identifying and Evaluating Nominees

In selecting director candidates to be nominated for election at an annual meeting, the nominating and corporate governance committee begins by determining whether the incumbent directors whose terms expire at the meeting desire, and are qualified, to continue their service on the board. We are of the view that the repeated service of qualified incumbents promotes stability and continuity in the boardroom, giving us the benefit of the familiarity and insight into our affairs that our directors have accumulated during their tenure. Accordingly, it is the policy of the nominating and corporate governance committee, absent special circumstances, to nominate qualified incumbent directors who continue to satisfy the committee's criteria for membership on the Board; who the committee believes will continue to make important contributions to the Board; and who consent to stand for re-election and, if re-elected, to continue their service on the Board.

If there are Board positions for which the committee will identify and evaluate non-incumbent directors, it will proceed as follows:

Identification. For purposes of identifying nominees for the board of directors, the nominating and corporate governance committee relies on personal contacts of the committee and other members of the board of directors as well as its knowledge of members of the Company's market area. The nominating and corporate governance committee will also consider director candidates recommended by shareholders in accordance with the policy and procedures set forth above. The nominating and corporate governance committee may use an independent search firm in identifying nominees. However, the committee did not engage an independent search firm for this purpose during the year ended December 31, 2018 or in connection with the nominees for election at the 2019 annual meeting.

Evaluation. In evaluating potential nominees, the nominating and corporate governance committee determines whether the candidate is eligible and qualified for service on the board of directors by evaluating the candidate under the selection criteria set forth below under the heading *Minimum Qualifications* below. In addition, the nominating and corporate governance committee may conduct a background check and may interview the candidate. Candidates proposed by shareholders are considered under the same criteria, except that the committee may also consider the size and duration of the equity interest of the recommending shareholder in the Company and the extent to which the recommending shareholder intends to continue holding this interest.

Table of Contents

Minimum Qualifications

Our bylaws include a mandatory retirement policy applicable to our directors. Any director, upon reaching the mandatory retirement age of 73 years, will be permitted to serve as a director for the remainder of his or her term, after which he or she shall no longer be eligible to serve as a director.

The nominating and corporate governance committee has not adopted a specific set of minimum qualifications that must be met by nominees. Nominees are selected on the basis of their integrity, experience, achievements, judgment, intelligence, personal character and capacity to make independent analytical inquiries, ability and willingness to devote adequate time to Board duties, and the likelihood of being able to serve on the Board for a sustained period. In evaluating potential director nominees, our nominating and corporate governance committee (and its subcommittees) will evaluate an individual's specific qualities or skills including, but not limited to an individual's: contributions to the range of talent, skill and expertise of the Board; financial, regulatory and business experience, knowledge of the banking and financial services industries, familiarity with the operations of public companies and ability to read and understand financial statements; familiarity with our market area and participation in and ties to local businesses and local civic, charitable and religious organizations; personal and professional integrity, honesty and reputation; ability to represent the best interests of the Company's shareholders and the best interests of the Company and Bank; ability to devote sufficient time and energy to the performance of his or her duties; independence; and current equity holdings in the Company.

The nominating and corporate governance committee (and its subcommittees) will also consider any other factors it deems relevant, including competition, size of the board of directors, and regulatory disclosure obligations. The nominating and corporate governance committee will also consider the extent to which a candidate helps the board of directors reflect the diversity of the Company's shareholders, employees, customers, and communities. The committee also considers factors such as global experience, experience as a director of a public company, and knowledge of relevant industries.

In addition, prior to nominating an existing director for re-election to the board of directors, the committee will consider and review an existing director's Board and committee performance and his or her satisfaction of any minimum qualifications established by the committee.

Since January 2017, we have maintained a share ownership policy, which applies to our directors, as well as our senior executive officers. This policy requires our directors to beneficially own our common stock in an amount equal to four times their annual retainer for board service, and allows five years for our directors to reach compliance.

Shareholder Communications

Any shareholder who desires to send communications to our board of directors or to individual directors may do so by directing his or her communication to the following address: Peoples Financial Services Corp., 150 North Washington Avenue, Scranton, Pennsylvania 18503, Attention: Investor Relations Officer. All shareholder communications, other than any communications we believe may pose a security risk, will be sent directly to board members.

Compensation Discussion and Analysis

Overview of Objectives

The executive compensation program of Peoples is designed to provide a competitive base salary as well as to provide certain incentives to our named executive officers to effectively lead and manage the Company and its growth strategy. Decisions regarding executive compensation are determined by the compensation committee. In accordance with the compensation committee charter, the committee may refer any matter that it has the authority to approve, together with the committee's report and recommendation, to the full board for approval, unless such matter is required to be approved by an independent compensation committee by applicable law, regulation or listing standard.

Edgar Filing: PEOPLES FINANCIAL SERVICES CORP. - Form DEF 14A

The compensation program is designed to support annual and long-term Company goals that create sustainable profitable growth while providing long-term value to our shareholders. The objectives of our executive compensation programs are to:

- attract, motivate and retain highly qualified executives;
- link total compensation to both individual performance and the performance of the bank and holding company; and

Table of Contents

- appropriately balance short-term and long-term financial objectives, build shareholder value and reward individual, team and company performances.

We seek to pay for superior performance, both in achieving short-term goals and continuing to build a growing and sustainable financial institution on a long-term basis.

During the year ended December 31, 2018, we compensated our named executive officers, identified below, with a combination of base salary, performance-based cash incentive awards, discretionary bonus payments, time-vested and performance-based equity program, equity compensation through the employee stock ownership plan, or ESOP, and benefit plans and perquisites which the compensation committee believed were comparable to other financial institutions of similar size in our region.

Benchmarking

Periodically, the compensation committee compares our senior management compensation levels with comparable levels in industry benchmark studies and peer group data to gain a general knowledge of compensation programs in the industry. To do so, we participate in a survey provided by L.R. Webber Associates that benchmarks salary and benefits from Pennsylvania financial institutions who participate in the survey. The survey includes general compensation information and ranges for executives. The results are reported by bank asset size and geographic region. We use the survey data to compare the base salaries of our named executive positions to the range reported for those positions at other banking institutions with total asset size and geography similar to ours to determine whether we are compensating our named executive officers within the industry standard range.

For 2018, the compensation committee engaged Meridian Compensation Partners, LLC to analyze and review compensation of our executive officers. As further described below under the heading Components of the Compensation Program, the compensation committee has referred to data from the consultant to formulate decisions regarding Peoples executive compensation practices.

The compensation committee also considers salary levels for comparable positions in industries other than the financial services industry.

Components of the Compensation Program

During 2018, our executive compensation program included four key elements: base salary, annual cash incentives, equity awards and benefit plans.

Base Salary

Edgar Filing: PEOPLES FINANCIAL SERVICES CORP. - Form DEF 14A

Base salary is the basic element of our executive compensation program and the foundation for setting incentive cash compensation target awards. The compensation committee determines the range of base salary to offer to a new executive by evaluating the duties, complexities and responsibilities of the respective position; the level of experience required, and the compensation payable for positions having similar scope and accountability as our peer group of banks.

For 2018, our compensation committee reviewed each named executive officer's individual performance, length and nature of experience and competency, and the potential for advancement in determining the amount of pay adjustments to recommend to the board of directors. In connection with such review, the base compensation for Craig W. Best remained the same at \$425,000; Thomas P. Tulaney remained the same at \$275,000; Neal D. Koplin remained the same at \$240,000 and Michael L.

Table of Contents

Jake remained the same at \$183,000 for 2018. Mr. Anderson's base salary was increased from \$150,705 to \$165,000.

Cash Incentive Plan

We maintain an annual cash incentive plan (the Cash Incentive Plan) pursuant to which our named executive officers have the opportunity to earn performance-based incentive payments. Incentive compensation under the Cash Incentive Plan represents the at risk portion of an executive's pay subject to the achievement of performance goals. Annually, the compensation committee sets goals for the named executive officers to achieve in order to qualify for a cash incentive payment under the Cash Incentive Plan.

The following table provides information concerning the Cash Incentive Plan awards to our named executive officers during the year ended December 31, 2018:

Named Executive Officer	Target/Maximum Cash Incentive Plan Payment (% of base salary)	Target/Maximum Cash Incentive Plan Payment (\$)
Craig W. Best	35%	148,750
Thomas P. Tulaney	30%	82,500
Neal D. Koplín	25%	60,000
Michael L. Jake	20%	36,600
John R. Anderson III	20%	33,000

The Cash Incentive Plan rewards the attainment of company-wide performance goals, including growth in assets, loans, deposits, revenues and earnings per share, efficiency and asset quality, as well as individual performance goals. Our objective is to drive superior annual performance at both the company and individual levels. Performance goals for our Chief Executive Officer are set solely by the compensation committee, and performance goals for our other named executive officers are typically set by the compensation committee upon the recommendation of our Chief Executive Officer. Performance goals are typically communicated to officers during the first quarter of the year, and achievement of goals is evaluated by the compensation committee after year-end.

The following table sets forth the 2018 company performance goals, actual performance and achievement of company performance goals.

Additional details regarding the Cash Incentive Plan awards are included in the 2018 Summary Compensation and Grants of Plan-Based Awards tables and the accompany narrative disclosure beginning on page 28.

Equity Awards

In April 2018, the compensation committee granted equity awards as part of its incentive compensation program. The compensation committee approved a mix of long-term equity incentives with the majority consisting of performance-based restricted stock units (RSUs) (70% of the total equity award) and the remainder consisting of time-vested restricted stock (30% of the total equity award). This design is intended to represent best practice and provide long-term incentive opportunity that rewards long-term, sustained performance, is aligned with shareholder interests and promotes the long-term success of the Company.

Performance-based RSUs vest over a three-year cumulative performance period beginning January 1, 2018 and ending December 31, 2020. The potential number of shares that can vest ranges from 0% to 150% of the target levels

depending on achievement of 3-year Cumulative Earnings Per Share (EPS) and cumulative Average Return on Equity (ROE) goals set by the compensation committee. These goals were selected to represent performance drivers that align with our shareholder value. In order to vest, performance must be at or above the threshold performance set by the compensation committee.

Table of Contents

Time-vested restricted stock vests over three years subject to the executive officer's continued employment by us. This component reinforces our goal of equity ownership, shareholder alignment and provides additional retention value for our executive officers.

Below is a summary of the 2018 grants issued to the named executive officers.

Clawback Agreements

Pursuant to the terms of the Cash Incentive Plan, all executives are subject to a clawback provision. The clawback provision allows us to recover any overpayment under the Cash Incentive Plan in the event that we are required to restate our financial statements because of any material noncompliance with a financial reporting requirement. If within the previous three years a participant received an award based upon erroneous data, the participant is required to return any amount received in excess of what would have been paid to the participant under the accounting restatement. In the event that the restatement is due to a participant's misconduct or fraudulent activity, then the participant is required to return the entire amount received based upon the erroneous data. Mr. Best has a substantially similar provision included in his employment agreement. In addition, since January 2017, we have maintained a compensation recoupment policy, which applies to all executive officers who receive cash or equity incentive awards. Under this policy, if we restate our financial statements or determine that any performance metric or metrics pursuant to which incentive compensation was awarded was materially inaccurate, we will require each current or former executive officer who received incentive compensation within the preceding three years to reimburse us to the extent that the incentive compensation received exceeded that which would have been paid if it were based upon the financial statements as so restated or upon the accurate performance metric or metrics.

Benefits

ESOP. We maintain an employee stock ownership plan, or ESOP, as a long-term incentive to focus executives on long-term value creation and to provide balance to the annual Cash Incentive Plan. The ESOP covers substantially all employees who meet the eligibility requirements and is intended to incentivize and reward all employees, including the named executive officers, based upon our long-term success as measured by shareholder return.

401(k) Plan. We maintain a profit sharing plan, the Peoples Security 401(k) Plan, under the provisions of Section 401(k) of the Internal Revenue Code (as amended, the Code) in an effort to provide employees with a means and an incentive to save for retirement and also to provide tax-deferred compensation, not to exceed the amounts allowed under the Code as an incentive to save for retirement. All named executive officers participate in the Peoples Security 401(k) Plan on the same basis as other employees participating in the plan.

Pension Plan. The Company also maintains the Employees Pension Plan, a legacy defined benefit pension plan assumed in connection with the Pensco merger, which was amended in June 2008 to cease benefit accruals.

Table of Contents

Health and Welfare Benefits. Named executive officers participate in the Company's other benefit plans on the same terms as other employees. These plans include medical, dental, vision, disability, life insurance and flex spending account benefits and are standard in the industry.

Supplemental Employee Retirement Plans. Peoples maintain supplemental employee retirement plans, or SERPs, for certain executive officers, including Messrs. Tulaney, Koplín and Jake, the primary intent of which is retention. Under their respective SERPs, Messrs. Tulaney, Koplín and Jake are eligible to receive certain retirement benefits that accrue based on their service to the Company and are payable at retirement, or earlier under a qualifying termination of employment. See additional discussion below under the heading Pension Benefits.

Deferred Compensation Plans. We also maintain the Deferred Compensation Plan No. 1 and Deferred Compensation Plan No. 2 under which we make certain contributions for Mr. Best in accordance with his employment agreement. See additional discussion below under the heading Non-Qualified Deferred Compensation.

Chief Executive Officer Supplemental Retirement Benefits. We provide our Chief Executive Officer with certain retirement benefits under an Excess Benefit Plan formerly maintained by Pensco which was assumed in connection with the Pensco merger. This plan provides Mr. Best with additional benefits in excess of those accrued under the 401(k) Plan and ESOP due to the limit on compensation contained in Section 401(a)(17) of the Code. See additional discussion below under the heading Non-Qualified Deferred Compensation.

Split Dollar Insurance Agreements. We provide split-dollar life insurance to Messrs. Best and Jake. As of December 31, 2018, Mr. Jake's beneficiaries would have been entitled to a death benefit of \$174,711. See additional discussion below under the headings Craig W. Best Employment Agreement.

Perquisites

The compensation committee regularly reviews our executive perquisites and believes they are appropriate and modest when compared to peers and are necessary to attract and retain high-caliber talent. During 2018, we provided a vehicle allowance or use of a company vehicle to Messrs. Best, Tulaney and Koplín, as they are required to entertain business clients or otherwise travel in connection with their duties. The compensation committee also believes that country clubs can serve as appropriate forums for building client relationships and for community interaction. We reimburse Messrs. Best, Tulaney, Koplín and Anderson for the cost of country and dining club memberships.

The Role of Management in Determining Compensation

Edgar Filing: PEOPLES FINANCIAL SERVICES CORP. - Form DEF 14A

For 2018, our compensation committee set performance goals, including company-wide performance goals under the Cash Incentive Plan and the equity incentive awards. The compensation committee did not set additional individual performance goals for the Chief Executive Officer, believing that the Chief Executive Officer should be evaluated on the basis of company performance. Individual performance goals for our other named executive officers were set by the compensation committee upon the recommendation of our Chief Executive Officer. Our Chief Executive Officer reviewed each of the other named executive officer's annual performance, discusses the performance review with the compensation committee, and makes recommendations to the compensation committee with respect to the compensation of the other named executive officers. Our Chief Executive Officer does not participate in discussions on his own compensation.

Table of Contents

The Role of the Compensation Committee

In accordance with the compensation committee charter, among other things, the compensation committee is responsible for the review and approval of our named executive officers' base salaries and incentive opportunities, the administration of our benefit plans, and the recommendation to our board of directors of new compensation programs or changes in existing compensation programs. The committee may refer any matter that it has the authority to approve, together with the committee's report and recommendation, to the full board for approval, unless such matter is required to be approved by an independent compensation committee by applicable law, regulation or listing standard. As a matter of practice, the committee routinely refers key items pertaining to executive compensation, such as base salary increases, the size and performance targets associated with awards under the Cash Incentive Plan and equity incentives, and the offering of special retirement agreements, to the board with recommendation of the committee.

Operating within the framework of duties and responsibilities established by the board, the compensation committee's role is to assure our compensation strategy is aligned with the long-term interests of the shareholders and members; our compensation structure is fair and reasonable; and compensation reflects both corporate and individual performance.

Compensation Committee Consultants

The compensation committee's charter provides that the compensation committee shall be directly responsible for the appointment, compensation and oversight of the work of any compensation consultant, legal counsel and other adviser retained by the compensation committee. The Company must provide for appropriate funding, as determined by the compensation committee, for payment of reasonable compensation to a compensation consultant, legal counsel or any other adviser retained by the compensation committee. Prior to engaging any compensation consultant, legal counsel or other adviser (other than in-house legal counsel), the compensation committee must conduct an independence assessment with respect to such adviser.

At the end of 2017 and for 2018, the compensation committee engaged Meridian Compensation Partners, LLC, or Meridian, to analyze and review compensation of our executive officers. The compensation committee also engaged Meridian to review our director compensation in 2018.

Accounting and Tax Treatments

All elements of compensation generate charges to earnings under generally accepted accounting principles (GAAP). Generally, no adjustment is made to compensation based on accounting factors, but the tax effects of various types of compensation are considered.

Company Stock Ownership

Edgar Filing: PEOPLES FINANCIAL SERVICES CORP. - Form DEF 14A

We believe that it is important that our named executive officers and directors own shares of our common stock. Since January 2017, we have maintained a share ownership policy, which is applicable to our executive officers and directors. Under the terms of the policy, executive officers who receive equity incentive awards are expected to beneficially own shares of our common stock having a fair market value equal to or greater than twice their respective annual base salaries, and have five years to achieve compliance. In addition, under the terms of Mr. Best's employment agreement, his failure to own shares of our common stock having a fair market value equal to or greater than his annual base salary would be cause for termination.

Table of Contents

Severance and Change in Control Benefits

We recognize that an important consideration in our ability to attract, retain and motivate key personnel is our ability to minimize the impact on our management team of the possible disruption associated with our exploration of strategic opportunities. Accordingly, we believe that it is in our best interest and the best interest of our shareholders to provide our key personnel with reasonable financial arrangements in the event of termination of employment following a change in control or involuntary termination of employment for reasons other than cause so that they are able to focus fully on the merits of any potential change in control situation without undue concern for the loss of their jobs. All of our named executive officers with employment agreements have provisions in their respective agreements that provide for certain benefits in the event of voluntary or involuntary termination following a change in control transaction. These provisions, along with certain benefits estimates, are described under the heading Other Potential Post-Termination Benefits below and under the headings Craig W. Best Employment Agreement, Thomas P. Tulaney Employment Agreement and Neal D. Koplin Employment Agreement. Messrs. Jake and Anderson do not have employment agreements but are covered by a severance policy applicable to our employees generally.

Many of the plans that we maintain and in which our named executive officers participate include provisions which accelerate vesting or payment of benefits upon a change in control and are described under the heading Other Potential Post-Termination Benefits below.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

With respect to the Cash Incentive Plan, the target and maximum payouts for Messrs. Tulaney and Koplin were determined as a percentage of their base salaries in accordance with their respective employment agreements. The target and maximum payouts for Messrs. Jake and Anderson was set by the compensation committee at 20 percent of their base salaries. The target and maximum payout for Mr. Best was set by the compensation committee at 35 percent of his base salary. As described above in Compensation Discussion and Analysis, based on 2018

company performance, 80 percent of the incentive payments based on company performance goals were earned under the Cash Incentive Plan.

With respect to the equity awards, the compensation committee approved a mix of long-term equity incentives with the majority consisting of performance-based restricted stock units (RSUs) (70% of the total equity award) and the remainder consisting of time-vested restricted stock (30% of the total equity award). As described above in Compensation Discussion and Analysis, the performance-based RSUs vest over a three-year cumulative performance period beginning January 1, 2018 and ending December 31, 2020. The potential number of shares that can vest ranges from 0% to 150% of the target levels depending on achievement of 3-year Cumulative Earnings Per Share (EPS) and cumulative Average Return on Equity (ROE) goals set by the compensation committee.

Table of Contents

We are a party to employment agreements with certain of our named executive officers, which are described in the following sections. These employment agreements control many aspects of the compensation of our named executive officers.

Craig W. Best Employment Agreement

We are party to an amended and restated employment agreement with our President and Chief Executive Officer, Craig W. Best dated January 3, 2011, as amended as of December 31, 2015 (the Best Employment Agreement).

The Best Employment Agreement provided for an annual base salary, which is subject to annual review by the compensation committee. In 2018, Mr. Best's annual base salary remained the same at \$425,000. In the event of an across-the-board salary reduction affecting all of the Company's management employees, we may decrease Mr. Best's base salary.

The Best Employment Agreement also provides that Mr. Best will be eligible to:

- receive an annual cash incentive payment equal to a percentage of his base salary, which percentage will be determined by the compensation committee from time to time;
- participate in certain deferred compensation plans maintained by the Company; and
- participate in our long-term incentive equity-based compensation plans.

Under the Best Employment Agreement, the Company agreed to purchase and maintain a term life insurance policy with a death benefit of \$500,000 payable upon Mr. Best's death. The Company also agrees to provide Mr. Best with the use of an automobile, along with reasonable insurance and maintenance costs, as well as reimbursement for country and dining club memberships and reasonable business expenses.

The Best Employment Agreement provides that any excess annual incentive cash payments and excess long-term incentive awards (each as defined in the Best Employment Agreement) paid to Mr. Best are subject to clawback provisions in the incentive plans pursuant to which the board of directors may request reimbursement for such payments from Mr. Best in the event that the Bank's financial statements are the subject of a restatement that is required by applicable law.

Mr. Best's employment is on an at will basis, and each of the Company, the Bank and Mr. Best may terminate the Employment Agreement at any time and for any reason (subject to Mr. Best's right to any severance payments). Under the Best Employment Agreement, and in the event that Mr. Best's employment is terminated involuntarily without Cause (as defined in the Best Employment Agreement) or voluntarily for Good Reason (as defined in the Best Employment Agreement), the Company and the Bank are obligated to, among other things, make monthly payments to Mr. Best for two (2) years following the termination equal to the sum of 1/12th of Mr. Best's base salary at the time of termination and 1/12th of the average annual bonus paid in the three calendar years ending before the date of

termination, make monthly payments equal to the amount of the COBRA continuation premium for a period of two (2) years following termination and pay up to \$30,000 to an outplacement firm of Mr. Best's choice for outplacement services. In the event that Mr. Best is terminated without Cause or resigns for Good Reason within three (3) years following a Change of Control (as defined in the Best Employment Agreement), he will be entitled to the salary and bonus payments described above for a period of three (3) years following termination (in lieu of two (2) years) and monthly payments equal to the amount of the COBRA applicable premium for a period of three (3) years following termination (in lieu of two (2) years). Payment of severance under the Best Employment Agreement is in each case contingent upon Mr. Best's execution and delivery of a release agreement to the Company and the Bank.

Table of Contents

The Best Employment Agreement contains customary confidentiality and restrictive covenant provisions. For a period of 12 months following termination of employment for any reason, Mr. Best has agreed that he will not: (1) solicit customers, potential customers or suppliers for or on behalf of a competing business (as defined under the Best Employment Agreement); (2) recruit employees of the Bank or Company for a competing business; or (3) serve as a director, officer, employee or investor in a competing business.

Thomas P. Tulaney Employment Agreement

We are party to an employment agreement with our Senior Executive Vice President, Chief Operating Officer, Thomas P. Tulaney, dated May 30, 2012 (the Tulaney Employment Agreement). Such term will renew automatically for subsequent one-year terms unless either party terminates the agreement earlier in accordance with the provisions of the Tulaney Employment Agreement.

The Tulaney Employment Agreement provided for an annual base salary, which is subject to annual review by the compensation committee. In 2018, Mr. Tulaney's annual base salary remained the same at \$275,000. In the event of an across-the-board salary reduction affecting all of the Company's management employees, we may decrease Mr. Tulaney's base salary. The Tulaney Employment Agreement also provides that Mr. Tulaney will be eligible to:

- receive an annual cash incentive payment targeted at 30 percent of his base salary, with the actual payment based on achievement of corporate and individual performance goals, as determined by the compensation committee from time to time;

In the event that Mr. Tulaney is terminated without Cause or he resigns with Good Reason within two (2) years following a Change of Control (as defined in the Tulaney Employment Agreement), he will be entitled to the salary and incentive payments described above for a period of two (2) years following termination (in lieu of one (1) year) and COBRA continuation premium payments for two (2) years (in lieu of eighteen (18) months). Payment of severance under the Tulaney Employment Agreement is in each case contingent upon Mr. Tulaney's execution and delivery of a release agreement to the Company and the Bank.

The Tulaney Employment Agreement contains customary confidentiality and restrictive covenant provisions. For a period of 12 months following termination of employment for any reason other than a Change of Control (in which case the applicable period is 24 months),

Mr. Tulaney has agreed that he will not: (1) solicit customers, potential customers or suppliers for or on behalf of a competing business (as defined under the agreement); (2) recruit employees of the Bank or Company for a competing business; or (3) serve as a director, officer, employee or investor, or otherwise engage, in a competing business.

The benefit described above is to be computed as of the date of Mr. Best's separation from service. The accrued benefit will become payable if Mr. Best separates from service for any reason. If a change in control (as defined in the Excess Benefit Plan) occurs, the accrued benefit at the date of the change in control shall be valued and payable according to the provisions set forth below as if the change in control constituted a separation from service.

Mr. Best, or his beneficiaries, will be entitled to receive, by virtue of his separation from service, a distribution in an aggregate amount equal to his accrued benefit. The actuarial equivalent of his accrued benefit will be distributed in a single lump sum payment within five days following

the date that is six months after the date Mr. Best separates from service.

If Mr. Best dies before terminating his employment with the Bank and before the commencement of payments under the Excess Benefit Plan, the actuarial equivalent of the entire value of his accrued benefit will be paid, in a single lump sum, within sixty days following the date of his death, to his designated beneficiaries.

Notional interest will be credited to such deferred amounts and Mr. Best's account will be distributed upon his retirement or other separation from service, or upon his death or a change in control if earlier. Pay Ratio Disclosure

We identified our median employee as of December 31, 2018, using our entire employee population, other than our principal executive officer, and the total base salary or wages, plus bonus, earned by those employees during the 2018 calendar year. We calculated the total compensation of our median employee in the same manner that the total compensation of our principal executive officer is calculated in the summary compensation table, although the median employee's total compensation consisted solely of salary, bonus and contributions to our ESOP and 401(k) plan. Based on this methodology, the 2018 total compensation of our median employee was \$35,741. The 2018 total compensation of our principal executive officer was \$918,397 and the ratio of the median employee's total compensation to our principal executive officer's total

compensation for 2018 was 1:25.7.

(1) Amount reflects 2018 imputed income on supplemental life insurance split-dollar arrangements.

Each non-employee director receives \$1,000 for attendance at each board meeting, \$500 for each committee meeting, and \$300 for each branch meeting. All non-employee directors receive a retainer of \$20,000 per year. The Chairman of the Board receives a retainer of \$40,000 per year, and the Audit Committee Chairman receives an additional \$417 per month; the Compensation Committee Chairman receives an additional \$292 per month; the Nominating and Corporate Governance Committee Chairman receives an additional \$250 per month; the Trust Committee Chairman receives an additional \$209 per month; the Asset Liability Management Committee Chairman receives an additional \$209 per month and the Asset Quality/Credit Committee Chairman receives an additional \$209 per month.

We maintain a director supplemental life insurance plan. All directors are eligible for the life insurance benefit, subject to medical underwriting acceptance. The plan currently insures seven directors. The director life insurance benefit of up to \$100,000 per participating director is provided through a single premium bank-owned life insurance, or BOLI, program because BOLI is a more cost-effective way of providing the benefits. The eligible participating directors are not required to pay any premiums on the life insurance policy, but have the imputed value of the insurance coverage included in their taxable income.

We also maintain a deferred compensation plan for directors. All current non-employee directors are eligible to participate in the plan. The plan allows for deferrals by participants of up to 100 percent of their director's fees and there is no maximum dollar limit on the amount that may be deferred each year. Participants are permitted to change their percentage of deferral annually. The participants are always 100 percent vested in the amounts they defer and earnings are credited to their accounts at market rates. Participants are entitled to receive a distribution from their account upon a termination of service, a change in control, or a specified date as allowed within the plan.

The Company provides a retirement benefit to its non-employee directors. Upon vesting, based on either a change in control or ten years of service, a director is eligible to receive an annual cash payment equal to the product of the director's number of years of service multiplied by \$150, payable for a ten years period following retirement from board service.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Bank has made, and expects to continue to make, loans in the future to our directors and executive officers and their family members, and to firms, corporations, and other entities in which they and their family members maintain interests. All such loans require the prior approval of our board of directors. None of such loans are, as of the date of this proxy statement, or were at December 31, 2018, nonaccrual, past due, restructured or potential problems, and all of such loans were made in the ordinary course of business, on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the Company or the Bank and did not involve more than the normal risk of collectability or present other unfavorable features.

Thomas P. Tulaney II is the son of Thomas P. Tulaney, one of our named executive officers, and is employed as a vice president of the Bank. Thomas P. Tulaney II's compensation and benefit package totaled \$138,252 during the 2018 fiscal year.

Except for loan transactions and employment described above, deposits with the Bank, and transactions where the rates or charges were determined by competitive bids, there were no transactions since the beginning of our last fiscal year, and there are no currently proposed transactions, in which we were or are to be a participant, the amount involved exceeds \$120,000, and in which any related person who is also an executive officer had or will have a direct or indirect material interest.

The Bank has a formal process with respect to the review and approval of loans extended by it to related persons. In accordance with these procedures, all transactions with related persons must be approved or ratified by disinterested members of board of directors. All loans and commitments to lend included in such transactions were made under substantially the same terms, including interest rates, collateral, and repayment terms as those prevailing at the time for comparable transactions with other persons not related to the Bank and do not involve more than the normal risk of collection or present other unfavorable features.

Our code of business conduct and ethics, audit committee charter, and loan policy and procedures related to the approval of loans set forth our policies and procedures for the review, approval, or ratification of any transactions with related persons. Any transaction that involves the purchase from, sale to, or joint ownership with, a related person, of an interest in real or personal property must receive any required approvals of regulatory authorities confirming that the terms of such transactions are fair to, and in the best interests of the Company or the Bank; be supported by an independent appraisal not prepared by a related person or an employee of the Company or the Bank; and be approved in advance by a resolution duly adopted, with full disclosure, by our audit committee. Any extension of credit to a related person must be approved in advance by a resolution duly adopted after full disclosure by a majority of the entire board of directors of the Bank, with each interested director abstaining from participating, directly or indirectly, in the vote. All other transactions not expressly described in our code of conduct and ethics, in which any related person will have a direct or indirect material interest, are subject to review and approval by our audit committee.
