This Amendment No. 2 (the Amendment ) amends and supplements the Tender Offer Statement on Schedule TO (the Schedule TO ), filed initially with the Securities and Exchange Commission on October 25, 2002 by Babcock, Inc., a Delaware corporation ( Babcock ) and a wholly owned subsidiary of Invitrogen Corporation, a Delaware corporation ( Invitrogen ) and Invitrogen. On October 29, 2002, Babcock and Invitrogen filed Amendment No. 1 to the Schedule TO. The Schedule TO relates to the offer by Babcock to purchase all of the outstanding shares of common stock, par value \$0.001 per share (the Shares ) of InforMax, Inc., a Delaware corporation ( InforMax ), at a purchase price of \$1.36 per Share, net to the seller in cash, without interest thereon, upon the terms and subject to the conditions set forth in the Offer to Purchase, dated October 25, 2002 (the Offer to Purchase ), and in the related Letters of Transmittal, copies of which were filed with the Schedule TO as Exhibits (a)(1)(1) and (a)(1)(2) thereto, respectively.

The Offer to Purchase is hereby amended by adding the following sentence as the penultimate sentence of the first paragraph of Section 2 *Acceptance for Payment and Payment for Shares*, which appears on page 10 of the Offer to Purchase:

Any such delays will be effected in compliance with Rule 14e-1(c) under the Exchange Act (relating to a bidder's obligation to pay for or return tendered securities promptly after the termination or withdrawal of such bidder's offer).

The Offer to Purchase is hereby further amended by restating the third sentence of the subsection entitled *Determination of Validity* set forth in Section 3 *Procedure for Tendering Shares*, which appears on page 13 of the Offer to Purchase, as follows:

Purchaser and Invitrogen also reserve the absolute right, in their sole discretion, to waive any defect or irregularity in the tender of any Shares of any particular Stockholder, whether or not similar defects or irregularities are waived in the case of other Stockholders.

The Offer to Purchase is hereby further amended by making the following revisions to the subsection entitled *Background of the Offer; Contacts with InforMax* set forth in Section 11 *Background of the Offer; Contacts with InforMax; the Merger Agreement*, which appears on pages 21-23 of the Offer to Purchase:

restating the first sentence of the fifth paragraph of the subsection in its entirety as follows:

On August 23, 2002, InforMax's Board of Directors met by telephone conference to review the progress of the strategic review process and to consider the indications of interest received from a public company provider of technology solutions for drug discovery and chemical development, a privately held life sciences tool company, and Invitrogen, as well as the comparative analyses prepared by Bear Stearns.

restating the tenth paragraph of the subsection in its entirety as follows:

On September 30, 2002, InforMax's Board of Directors met by telephone conference with InforMax's legal and financial advisors to discuss the three proposals that had been received. Bear Stearns reviewed with the InforMax Board of Directors the proposals, the transaction structures and the valuation methodologies it expected to utilize in evaluating the consideration to be received in a transaction. Bear Stearns reviewed with the InforMax Board of Directors the status of the interested parties' business and legal due diligence review as well as an analysis of the actionable and contingent nature of the three proposals. Hogan & Hartson reviewed with the InforMax Board of Directors the structural and contract issues relating to such proposals. The InforMax Board of Directors authorized management and its advisors to continue negotiations with all three interested parties submitting proposals as to both pricing and terms of a definitive acquisition agreement.

inserting the following sentence as the third sentence of the twelfth paragraph of the subsection:

Bear Stearns further advised the InforMax Board that the other indications of interest were not as fully developed as Invitrogen's and that substantial additional time may be needed for the parties submitting their indications of interest to reach a firm offer stage.
