Cautionary Statement Regarding Forward-Looking Statements

Certain statements contained herein constitute forward-looking statements as such term is defined in Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements are not guarantees of performance. Our future results, financial condition and business may differ materially from those expressed in these forward-looking statements. You can find many of these statements by looking for words such as plans, intends, estimates, anticipates, expects, believes or similar expressions in this Form 10-K. These forward-looking statements are subject to numerous assumptions, risks and uncertainties. Many of the factors that will determine these items are beyond our ability to control or predict. For further discussion of these factors, see Item 1A. Risk Factors in this Form 10-K.

For these statements, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. You are cautioned not to place undue reliance on our forward-looking statements, which speak only as of the date of this Form 10-K or the date of any document incorporated by reference. All subsequent written and oral forward-looking statements attributable to us or any person acting on our behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. We do not undertake any obligation to release publicly any revisions to our forward-looking statements to reflect events or circumstances after the date of this Form 10-K.

Item 1. Business

General

Saul Centers, Inc. ("Saul Centers") was incorporated under the Maryland General Corporation Law on June 10, 1993. Saul Centers operates as a real estate investment trust (a REIT) under the Internal Revenue Code of 1986, as amended (the Code). The Company is required to annually distribute at least 90% of its REIT taxable income (excluding net capital gains) to its stockholders and meet certain organizational and other requirements. Saul Centers has made and intends to continue to make regular quarterly distributions to its stockholders. Saul Centers, together with its wholly owned subsidiaries and the limited partnerships of which Saul Centers or one of its subsidiaries is the sole general partner, are referred to collectively as the Company . B. Francis Saul II serves as Chairman of the Board of Directors and Chief Executive Officer of Saul Centers.

The Company's principal business activity is the ownership, management and development of income-producing properties. The Company's long-term objectives are to increase cash flow from operations and to maximize capital appreciation of its real estate.

Saul Centers was formed to continue and expand the shopping center business previously owned and conducted by the B.F. Saul Real Estate Investment Trust, the B.F. Saul Company and certain other affiliated entities, each of which is controlled by B. Francis Saul II and his family members (collectively, "The Saul Organization"). On August 26, 1993, members of The Saul Organization transferred to Saul Holdings Limited Partnership, a newly formed Maryland limited partnership (the "Operating Partnership"), and two newly formed subsidiary limited partnerships (the "Subsidiary Partnerships" , and collectively with the Operating Partnership, the "Partnerships"), shopping center and office properties, and the management functions related to the transferred properties. Since its formation, the Company has developed and purchased additional properties.

Table of Contents

The following table lists the properties acquired and/or developed by the Company since December 31, 2005. All of the following properties are operating shopping centers.

Name of Property	Location	Square Footage	Date of Acquisition/Development
<i>Acquisitions</i>			
Smallwood Village Center	Waldorf, MD	198,000	2006
Hunt Club Corners	Apopka, FL	102,000	2006
Orchard Park	Dunwoody, GA	88,000	2007
Great Falls Shopping Center	Great Falls, VA	92,000	2008
BJ's Wholesale Club	Alexandria, VA	116,000	2008
Marketplace at Sea Colony	Bethany Beach, DE	22,000	2008
<i>Developments</i>			
Broadlands Village Phase III	Ashburn, VA	22,000	2006
Lansdowne Town Center	Leesburg, VA	188,000	2006
Ashland Square Phase I	Manassas, VA	4,000	2007

As of December 31, 2008, the Company's properties (the Current Portfolio Properties) consisted of 45 operating shopping center properties (the Shopping Centers), five predominantly office operating properties (the Office Properties) and six (non-operating) development properties. Shopping Centers and Office Properties represent reportable business segments for financial reporting purposes. Revenue, net income, total assets and other financial information of each reportable segment are described in Note 16 to the Consolidated Financial Statements contained in Item 8 of this Form 10-K.

The Company established Saul QRS, Inc., a wholly owned subsidiary of Saul Centers, to facilitate the placement of collateralized mortgage debt. Saul QRS, Inc. was created to succeed to the interest of Saul Centers as the sole general partner of Saul Subsidiary I Limited Partnership. The remaining limited partnership interests in Saul Subsidiary I Limited Partnership and Saul Subsidiary II Limited Partnership are held by the Operating Partnership as the sole limited partner. Through this structure, the Company owns 100% of the Current Portfolio Properties.

Table of Contents

Organizational Structure

The Company conducts its business through the Operating Partnership and/or directly or indirectly owned subsidiaries. The following diagram depicts the Company's organizational structure and beneficial ownership of the common and preferred stock of Saul Centers calculated pursuant to Rule 13d-3 of the Exchange Act as of December 31, 2008.

- (1) The Saul Organization's ownership percentage in Saul Centers reported above does not include units of limited partnership interest of the Operating Partnership held by The Saul Organization. In general, units are convertible into shares of the Company's common stock on a one-for-one basis. However, not all of the units may be convertible into the Company's common stock because the articles of incorporation limit beneficial and constructive ownership (defined by reference to various Code provisions) to 39.9% in value of the Company's issued and outstanding equity securities, which comprise the ownership limit.

Management of the Current Portfolio Properties

The Operating Partnership manages the Current Portfolio Properties and will manage any subsequently acquired properties. The management of the properties includes performing property management, leasing, design, renovation, development and accounting duties for each property. The Operating Partnership provides each property with a fully integrated property management capability, with approximately 60 employees and with an extensive and mature network of relationships with tenants and potential tenants as well as with members of the brokerage and property owners' communities. The Company currently does not, and does not intend to, retain third party managers or provide management services to third parties.

The Company augments its property management capabilities by sharing with The Saul Organization certain ancillary functions, at cost, such as computer and payroll services, benefits administration and in-house legal services. The Company also shares insurance administration expenses on a pro rata basis with The Saul Organization. Management believes that these arrangements result in lower costs than could be obtained by

Table of Contents

contracting with third parties. These arrangements permit the Company to capture greater economies of scale in purchasing from third party vendors than would otherwise be available to the Company alone and to capture internal economies of scale by avoiding payments representing profits with respect to functions provided internally. The terms of all sharing arrangements with The Saul Organization, including payments related thereto, are specified in a written agreement and are reviewed annually by the Audit Committee of the Company's Board of Directors.

The Company's corporate headquarters lease commenced in March 2002 and is a sublease of office space from The Saul Organization at the Company's share of the cost. A discussion of the lease terms are provided in Note 7, Long Term Lease Obligations, of the Notes to Consolidated Financial Statements.

Principal Offices

The principal offices of the Company are located at 7501 Wisconsin Avenue, Suite 1500, Bethesda, Maryland 20814-6522, and the Company's telephone number is (301) 986-6200. The Company's internet web address is www.saulcenters.com. Information contained on the Company's internet website is not part of this report. The Company makes available free of charge on its internet website its annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and any amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Exchange Act, as soon as reasonably practicable after the reports are electronically filed with, or furnished to, the Commission. Alternatively, you may access these reports at the Commission's internet website: www.sec.gov.

Policies with Respect to Certain Activities

The following is a discussion of the Company's operating strategy and certain of its investment, financing and other policies. These strategies and policies have been determined by the Board of Directors and, in general, may be amended or revised from time to time by the Board of Directors without a vote of the Company's stockholders.

Operating Strategies

The Company's primary operating strategy is to focus on its community and neighborhood shopping center business and to operate its properties to achieve both cash flow growth and capital appreciation. Community and neighborhood shopping centers typically provide reliable cash flow and steady long-term growth potential. Management actively manages its property portfolio by engaging in strategic leasing activities, tenant selection, lease negotiation and shopping center expansion and reconfiguration. The Company seeks to optimize tenant mix by selecting tenants for its shopping centers that provide a broad spectrum of goods and services, consistent with the role of community and neighborhood shopping centers as the source for day-to-day necessities. Management believes that such a synergistic tenanting approach results in increased cash flow from existing tenants by providing the Shopping Centers with consistent traffic and a desirable mix of shoppers, resulting in increased sales and, therefore, increased cash flows.

Management believes there is potential for long term growth in cash flow as existing leases for space in the Shopping Centers expire and are renewed, or newly available or vacant space is leased. The Company intends to renegotiate leases where possible and seek new tenants for available space in order to maximize this potential for increased cash flow. As leases expire, management expects to revise rental rates, lease terms and conditions, relocate existing tenants, reconfigure tenant spaces and introduce new tenants with the goal of increasing cash flow. In those circumstances in which leases are not otherwise expiring, management selectively attempts to increase cash flow through a variety of means, or in connection with renovations or relocations, recapturing leases with below market rents and re-leasing at market rates, as well as replacing financially troubled tenants. When possible, management also will seek to include scheduled increases in base rent, as well as percentage rental provisions, in its leases.

Table of Contents

Certain Shopping Centers contain undeveloped parcels within the centers which are suitable for development as free-standing retail facilities, such as restaurants, banks or auto centers. Management will continue to seek desirable tenants for facilities to be developed on these sites and to develop and lease these sites in a manner that complements the Shopping Centers in which they are located.

The Company will also seek growth opportunities in its Washington, DC metropolitan area office portfolio, primarily through development and redevelopment. Management also intends to negotiate lease renewals or to re-lease available space in the Office Properties, while considering the strategic balance of optimizing short-term cash flow and long-term asset value.

It is management's intention to hold properties for long-term investment and to place strong emphasis on regular maintenance, periodic renovation and capital improvement. Management believes that characteristics such as cleanliness, lighting and security are particularly important in community and neighborhood shopping centers, which are frequently visited by shoppers during hours outside of the normal work-day. Management believes that the Shopping Centers and Office Properties generally are attractive and well maintained. The Shopping Centers and Office Properties will undergo expansion, renovation, reconfiguration and modernization from time to time when management believes that such action is warranted by opportunities or changes in the competitive environment of a property. Several of the Shopping Centers have been renovated recently. During 2008 and 2007, the Company was involved in redevelopment or expansions of five of its operating properties and developing three new shopping centers, Ashland Square Phase I, Westview Village and Northrock. Additionally the Company is constructing Clarendon Center, a mixed-use development containing ground floor retail, office and apartments. The Company will continue its practice of expanding existing properties by undertaking new construction on outparcels suitable for development as free standing retail or office facilities.

Investment in Real Estate or Interests in Real Estate

The Company's redevelopment and renovation objective is to selectively and opportunistically redevelop and renovate its properties, by replacing leases with below market rents with strong, traffic-generating anchor stores such as supermarkets and drug stores, as well as other desirable local, regional and national tenants. The Company's strategy remains focused on continuing the operating performance and internal growth of its existing Shopping Centers, while enhancing this growth with selective retail redevelopments and renovations.

In light of the current capital constrained market, management believes acquisition and development opportunities for investment in existing and new shopping center and office properties are limited. However, management believes that the Company is positioned to take advantage of these opportunities when market conditions change because of its conservative capital structure. (See "Capital Policies" following) It is management's view that several of the sub-markets in which the Company operates have very attractive supply/demand characteristics. The Company will continue to evaluate acquisition, development and redevelopment as an integral part of its overall business plan.

In evaluating a particular redevelopment, renovation, acquisition, or development, management will consider a variety of factors, including (i) the location and accessibility of the property; (ii) the geographic area (with an emphasis on the Washington, DC/Baltimore metropolitan area and the southeastern region of the United States) and demographic characteristics of the community, as well as the local real estate market, including potential for growth and potential regulatory impediments to development; (iii) the size of the property; (iv) the purchase price; (v) the non-financial terms of the proposed acquisition; (vi) the availability of funds or other consideration for the proposed acquisition and the cost thereof; (vii) the fit of the property with the Company's existing portfolio; (viii) the potential for, and current extent of, any environmental problems; (ix) the current and historical occupancy rates of the property or any comparable or competing properties in the same market; (x) the quality of construction and design and the current physical condition of the property; (xi) the financial and other characteristics of existing tenants and the terms of existing leases; and (xii) the potential for capital appreciation.

Table of Contents

Although it is management's present intention to concentrate future acquisition and development activities on community and neighborhood shopping centers and office properties in the Washington, DC/Baltimore metropolitan area and the southeastern region of the United States, the Company may, in the future, also acquire other types of real estate in other areas of the country as opportunities present themselves. While the Company may diversify in terms of property locations, size and market, the Company does not set any limit on the amount or percentage of Company assets that may be invested in any one property or any one geographic area.

The Company intends to engage in such future investment or development activities in a manner that is consistent with the maintenance of its status as a REIT for federal income tax purposes and that will not make the Company become regulated as an investment company under the Investment Company Act of 1940, as amended. Equity investments in acquired properties may be subject to existing mortgage financings and other indebtedness or to new indebtedness which may be incurred in connection with acquiring or refinancing these investments.

Investments in Real Estate Mortgages

While the Company's current portfolio of, and its business objectives emphasize, equity investments in commercial and neighborhood shopping centers and office properties, the Company may, at the discretion of the Board of Directors, invest in mortgages, participating or convertible mortgages, deeds of trust and other types of real estate interests consistent with its qualification as a REIT. However, the Company does not presently have nor intend to invest in real estate mortgages.

Investments in Securities of or Interests in Persons Engaged in Real Estate Activities and Other Issues

Subject to the tests necessary for REIT qualification, the Company may invest in securities of other REITs, other entities engaged in real estate activities or securities of other issuers, including for the purpose of exercising control over such entities. However, the Company does not presently have any investment in securities of other REITs.

Dispositions

The Company does not currently intend to dispose of any of its properties, although the Company reserves the right to do so if, based upon management's periodic review of the Company's portfolio, the Board of Directors determines that such action would be in the best interest of the Company's stockholders.

Capital Policies

The Company has established a debt capitalization policy relative to asset value, which is computed by reference to the aggregate annualized cash flow from the properties in the Company's portfolio rather than relative to book value. The Company has used a measure tied to cash flow because it believes that the book value of its portfolio properties, which is the depreciated historical cost of the properties, does not accurately reflect the Company's ability to incur indebtedness. Asset value, however, is somewhat more variable than book value, and may not at all times reflect the fair market value of the underlying properties. As a general policy, the Company intends to maintain a ratio of its total debt to total asset value of 50% or less and to actively manage the Company's leverage and debt expense on an ongoing basis in order to maintain prudent coverage of fixed charges. Given the Company's current debt level, it is management's belief that the ratio of the Company's debt to total asset value is below 50% as of December 31, 2008.

The organizational documents of the Company do not limit the absolute amount or percentage of indebtedness that it may incur. The Board of Directors may, from time to time, reevaluate the Company's debt capitalization policy in light of current economic conditions, relative costs of capital, market values of the Company property portfolio, opportunities for acquisition, development or expansion, and such other factors as the Board of Directors then deems relevant. The Board of Directors may modify the Company's debt capitalization policy based

Table of Contents

on such a reevaluation without shareholder approval and consequently, may increase or decrease the Company's debt to total asset ratio above or below 50% or may waive the policy for certain periods of time, subject to maintaining compliance with financial covenants within existing debt agreements. The Company selectively continues to refinance or renegotiate the terms of its outstanding debt in order to achieve longer maturities, and obtain generally more favorable loan terms, whenever management determines the financing environment is favorable.

The Company intends to finance future acquisitions and developments and to make debt repayments by utilizing the sources of capital then deemed to be most advantageous. Such sources may include undistributed operating cash flow, secured or unsecured bank and institutional borrowings, proceeds from the Company's Dividend Reinvestment and Stock Purchase Plan, proceeds from the sale of properties and private and public offerings of debt or equity securities. Borrowings may be at the Operating Partnership or Subsidiary Partnerships' level and securities offerings may include (subject to certain limitations) the issuance of Operating Partnership interests convertible into common stock or other equity securities.

Other Policies

The Company has authority to offer equity or debt securities in exchange for property and to repurchase or otherwise acquire its common stock or other securities in the open market or otherwise, and may engage in such activities in the future. The Company expects, but is not obligated, to issue common stock to holders of units of the Operating Partnership upon exercise of their redemption rights. The Company has not engaged in trading, underwriting or agency distribution or sale of securities of other issues other than the Operating Partnership and does not intend to do so. The Company has not made any loans to third parties, although the Company may in the future make loans to third parties. In addition, the Company has policies relating to related party transactions discussed in Item 1A. Risk Factors.

Competition

As an owner of, or investor in, community and neighborhood shopping centers and office properties, the Company is subject to competition from an indeterminate number of companies in connection with the acquisition, development, ownership and leasing of similar properties. These investors include investors with access to significant capital, such as domestic and foreign corporations and financial institutions, publicly traded and privately held REITs, private institutional investment funds, investment banking firms, life insurance companies and pension funds.

With respect to acquisitions and developments, this competition may reduce properties available for acquisition or development or increase prices for raw land or developed properties of the type in which the Company invests. The Company faces competition in providing leases to prospective tenants and in re-letting space to current tenants upon expiration of their respective leases. If the Company's tenants decide not to renew or extend their leases upon expiration, the Company may not be able to re-let the space. Even if the tenants do renew or the Company can re-let the space, the terms of renewal or re-letting, including the cost of required renovations, may be less favorable than current lease terms or than expectations for the space. This risk may be magnified if the properties owned by our competitors have lower occupancy rates than the Company's properties. As a result, these competitors may be willing to make space available at lower prices than the space in the Current Portfolio Properties.

Management believes that success in the competition for ownership and leasing property is dependent in part upon the geographic location of the property, the tenant mix, the performance of property managers, the amount of new construction in the area and the maintenance and appearance of the property. Additional competitive factors impacting the Company's properties include the ease of access to the properties, the adequacy of related facilities such as parking, and the demographic characteristics in the markets in which the properties compete. Overall

Table of Contents

economic circumstances and trends and new properties in the vicinity of each of the Current Portfolio Properties are also competitive factors.

Finally, retailers at our Shopping Centers face increasing competition from outlet stores, discount shopping clubs and other forms of marketing goods, such as direct mail, internet marketing and telemarketing. This competition may reduce percentage rents payable to us and may contribute to lease defaults or insolvency of tenants.

Environmental Matters

The Current Portfolio Properties are subject to various laws and regulations relating to environmental and pollution controls. The impact upon the Company from the application of such laws and regulations either prospectively or retrospectively is not expected to have a materially adverse effect on the Company's property operations. As a matter of policy, the Company requires an environmental study be performed with respect to a property that may be subject to possible environmental hazards prior to its acquisition to ascertain that there are no material environmental hazards associated with such property.

Employees

As of March 12, 2009, the Company employed approximately 60 persons, including six leasing officers. None of the Company's employees are covered by collective bargaining agreements. Management believes that its relationship with employees is good.

Recent Developments

The current economic slowdown, lack of credit availability, rising unemployment and deterioration of the housing market have had an effect on the Company's results of operations during 2008. Increased vacancies and credit loss reserves, particularly independent small shop retailers and restaurants at the Company's Loudoun County, Northern Virginia and Florida shopping centers, have negatively impacted current year earnings. The Company has also experienced an increase in credit loss reserves as small shop tenants have slowed their rent payments as a result of declining year over year sales. Management believes that our portfolio, both its geographic locations and tenant mix, is well positioned for this economic downturn, but believes operating results will continue to be negatively affected. In addition, at December 31, 2008 approximately 97% of the Company's debt consisted of fixed rate, amortizing non-recourse mortgage loans, none of which mature until December 2011. The Company believes it has adequate capital capacity, consisting of construction loans and borrowing availability on its revolving credit facility to continue its current development projects.

Acquisition and Development Activity

A significant contributor to the Company's recent growth in its shopping center portfolio has been its land acquisitions and subsequent development, redevelopment of existing centers and operating property acquisition activities. Redevelopment activities reposition the Company's centers to be competitive in the current retailing environment. These redevelopments typically include an update of the facade, site improvements and reconfiguring tenant spaces to accommodate tenant size requirements and merchandising evolution. During the period January 1, 2006 through February 2009, the Company acquired three land parcels located in the Washington, DC metropolitan area, is developing neighborhood shopping centers on two of the parcels and acquired six operating neighborhood shopping center properties. In summary, since year end 2005, the Company's leasable area has grown by approximately 11% (0.8 million square feet), from 7.4 million square feet to approximately 8.2 million square feet.

Table of Contents

2008 / 2007 / 2006 Acquisitions, Developments and Redevelopments

Broadlands Village

The Company purchased 24 acres of undeveloped land in the Broadlands section of the Dulles Technology Corridor of Loudoun County, Virginia in April 2002. Broadlands is a 1,700 acre planned community consisting of 3,500 residences, approximately 90% of which are constructed and occupied. In October 2003, the Company completed construction of the first phase of the Broadlands Village shopping center. The 58,000 square foot Safeway supermarket opened in October 2003 with a pad building and many in-line small shops also opening in the fourth quarter of 2003. Construction of a 30,000 square foot second phase was substantially completed in 2004. The Company's total development costs of both phases, including the land acquisition, were approximately \$22 million. During the second quarter of 2006, the Company substantially completed construction of a third phase of this development, totaling approximately 22,000 square feet of shop space and two pad site locations. Development costs for this phase totaled approximately \$7.1 million. The center was 89.3% leased and fully operational at December 31, 2008.

Ashland Square Phase I

On December 15, 2004, the Company acquired a 19.3 acre parcel of land in Manassas, Prince William County, Virginia for a purchase price of \$6.3 million. The Company has plans to develop the parcel into a grocery-anchored neighborhood shopping center. The Company received site plan approval during the third quarter of 2006 to develop approximately 125,000 square feet of retail space. A site plan for an additional 35,000 square feet of commercial space is under review by Prince William County. During the fourth quarter of 2007, the Company completed preliminary site work consisting of clearing, grading and site utility construction. A ground lease has been executed with Chevy Chase Bank, which built a branch on a pad site. The bank branch opened for business October 2007. The balance of the center is being marketed to grocers and other retail businesses, with a development timetable yet to be finalized.

New Market

On March 3, 2005, the Company acquired a 7.1 acre parcel of land located in New Market, Maryland for a purchase price of \$500,000. On September 8, 2005, the Company acquired a 28.4 acre contiguous parcel for a purchase price of \$1.5 million. Together, these parcels will accommodate a neighborhood shopping center development in excess of 120,000 square feet of leasable space. The Company had contracted to purchase one additional parcel with the intent to assemble additional acreage for further retail development near this I-70 interchange, east of Frederick, Maryland. During December 2007, the Company abandoned the acquisition of this final parcel and wrote-off to general and administrative expense all costs related to this parcel.

Lansdowne Town Center

During the first quarter of 2005, the Company received approval of a zoning submission to Loudoun County which allowed the development of a neighborhood shopping center named Lansdowne Town Center, within the Lansdowne Community in northern Virginia. On March 29, 2005, the Company finalized the acquisition of an additional 4.5 acres of land to bring the total acreage of the development parcel to 23.4 acres (including the 18.9 acres acquired in 2002). The additional purchase price was approximately \$1.0 million. In late 2006, the Company substantially completed construction of an approximately 189,000 square foot retail center. A lease was executed with Harris Teeter for a 55,000 square foot grocery store, which opened in November 2006. Project costs totaled approximately \$41.5 million. The project was fully operational in 2007 and 98.5% leased as of December 31, 2008.

Smallwood Village Center

On January 27, 2006, the Company acquired the 198,000 square foot Smallwood Village Center, located on 25 acres within the St. Charles planned community of Waldorf, Maryland. The center was acquired for a purchase price of \$17.5 million subject to the assumption of an \$11.3 million mortgage loan, and was 77.1% leased at December 31, 2008. The Company commenced construction during the first quarter of 2008 on a capital improvement project to improve access to the center, reconfigure portions of the center and upgrade the center's façade and common areas. The redeveloped center will total approximately 173,000 square feet. Substantial

Table of Contents

completion is projected in the first quarter of 2009. Project costs are expected to total approximately \$6.8 million.

Hunt Club Corners

On June 1, 2006, the Company completed the acquisition of the 101,500 square foot Publix-anchored Hunt Club Corners shopping center located in Apopka, Florida (metropolitan Orlando). The center was 95% leased at December 31, 2008 and was acquired for a purchase price of \$11.1 million. The Company completed a façade renovation of Hunt Club during 2008 for a total cost of approximately \$0.9 million.

Clarendon Center

The Company owns an assemblage of land parcels (including its Clarendon and Clarendon Station operating properties) totaling approximately 1.5 acres adjacent to the Clarendon Metro Station in Arlington, Virginia. In June 2006, the Company obtained zoning approvals for a mixed-use development project to include up to approximately 45,000 square feet of retail space, 170,000 square feet of office space and 244 residential units. The total development costs are expected to be approximately \$195.0 million, a portion of which will be funded with the \$157.5 million construction loan that the Company closed in May 2008. Pouring of the concrete base and lower parking levels is continuing on the southern block of the two parcels. Both tower cranes have been erected. Demolition of the northern block was completed and excavation commenced in October 2008. The Company estimates substantial completion of shell construction in late 2010.

Westview Village

In November 2007, the Company purchased a 10.4 acre site in the Westview development on Buckeystown Pike (MD Route 85) in Frederick, Maryland. The purchase price was \$5.0 million. The Company has commenced building construction for Westview Village shopping center, a neighborhood shopping center totaling approximately 105,000 square feet of commercial space, comprised of 60,000 square feet of retail shop space, 15,000 square feet of retail pads and 30,000 square feet of professional office space. The Company is currently marketing the space and has executed leases for 19,673 square feet, or 26% of the total retail space. The Company commenced construction in early 2008 and anticipates total construction and development costs, including land, to be approximately \$26.5 million. Substantial completion of the building shell is scheduled for the first quarter of 2009.

Great Eastern Plaza Land Parcel

On June 6, 2007, the Company acquired 8.0 acres of undeveloped land adjacent to its Great Eastern Plaza shopping center in District Heights, Maryland, for a purchase price of \$1.3 million. The Company is analyzing options to expand the existing shopping center onto this parcel at some future date.

Orchard Park

On July 19, 2007, the Company completed the acquisition of the 88,000 square foot Kroger-anchored Orchard Park shopping center located in Dunwoody, Georgia. The center is 92.5% leased as of December 31, 2008 and was acquired for a purchase price of \$17.0 million.

Northrock

In January 2008, the Company acquired approximately 15.4 acres of undeveloped land in Warrenton, Virginia, located at the southwest corner of the U. S. Route 29/211 and Fletcher Drive intersection. The Company has commenced building construction for Northrock shopping center, a neighborhood shopping center totaling approximately 103,000 square feet of leasable area. Approximately 62% of the project is pre-leased as of December 31, 2008. The Harris Teeter supermarket chain has executed a lease for a 52,700 square foot grocery store to anchor the center. Additionally, the Company has executed a lease with Chevy Chase Bank for a pad building and has executed leases for 7,896 square feet of shop space. The land purchase price was \$12.5 million, and the Company anticipates total construction and development costs, including land, to be approximately \$27.9 million. A portion of these total development costs will be funded with the \$21.8 million construction loan the Company closed in May 2008. Substantial completion of construction is anticipated for the spring of 2009.

Table of Contents

Great Falls Center

On March 28, 2008, the Company completed the acquisition of the Safeway-anchored Great Falls Center located in Great Falls, Virginia. The center was 94.9% leased at December 31, 2008 and was acquired for a purchase price of \$36.6 million, subject to the assumption of a \$10.3 million mortgage loan.

BJ's Wholesale Club

On March 28, 2008, the Company completed the acquisition of the single tenant property anchored by BJ's Wholesale Club, located in Alexandria, Virginia. The center was 100% leased at December 31, 2008 and was acquired for a purchase price of \$21.0 million.

Marketplace at Sea Colony

On March 28, 2008, the Company completed the acquisition of Marketplace at Sea Colony, located in Bethany Beach, Delaware. The center was 100% leased at December 31, 2008 and was acquired for a purchase price of \$3.0 million.

Boulevard

During the second quarter of 2008, permits were issued for the redevelopment of a portion of the Boulevard shopping center, located in Fairfax, Virginia. A vacant pad building totaling approximately 18,800 square feet and previously occupied by a furniture store has been demolished. The center's in-line shop space will be expanded by approximately 8,000 square feet for small shop retail and a new pad building will replace the demolished structure. A ground lease has been executed with Chevy Chase Bank for the pad building, and a total of 3,040 square feet, or 38.2% of the small shop space is leased to two tenants. The Company anticipates total construction and development costs to be approximately \$2.8 million, with substantial completion anticipated in the first quarter of 2009.

Item 1A. Risk Factors

RISK FACTORS

Carefully consider the following risks and all of the other information set forth in this Annual Report on Form 10-K, including the consolidated financial statements and the notes thereto. If any of the events or developments described below were actually to occur, the Company's business, financial condition or results of operations could be adversely affected.

In this section, unless the context indicates otherwise, the terms Company, we, us and our refer to Saul Centers, Inc., and its subsidiaries, including the Operating Partnership.

The global financial crisis and economic slowdown may have an adverse impact on our business, our tenants' business and our results of operations.

The continuation or worsening of the current credit crisis and global economic crisis could have an adverse effect on the fundamentals of our business and results of operations, including overall market occupancy and rental rates. These current economic conditions could have a negative effect on the financial condition of our tenants or lenders, which may expose us to increased risks of default by these parties.

With this disruption in the economy and capital markets, there can be no assurance we will not experience material adverse effects on our business, financial condition, results of operations or real estate values.

There can be no assurance that actions of the United States Government, Federal Reserve or other government and regulatory bodies for the reported purpose of stabilizing the economy or financial markets will achieve their intended effect. Additionally, some of these actions may adversely affect financial institutions, capital providers, retailers, consumers or our financial condition, results of operations or the trading price of our shares.

Table of Contents

Potential consequences of the current credit crisis and global economic slowdown include:

the financial condition of our tenants, many of which operate in the retail industry, may be adversely affected, which may result in tenant defaults under their leases due to bankruptcy, lack of liquidity, operational failures or for other reasons;

the ability to borrow on terms and conditions that we find acceptable, or at all, may be limited, which could reduce our ability to pursue acquisition and development opportunities and refinance existing debt, reduce our returns from acquisition and development activities and increase our future interest expense;

reduced values of our properties may limit our ability to dispose of assets at attractive prices and may reduce the ability to refinance loans; and

one or more lenders under our credit facility could fail and we may not be able to replace the financing commitment of any such lenders on favorable terms, or at all.

Revenue from our properties may be reduced or limited if the retail operations of our tenants are not successful.

The global and domestic economies have recently experienced a significant contraction of credit markets and resulting slowdown in business and consumer spending. We believe that consumers have cut back their discretionary spending in response to credit constraints, unemployment, a reduction in home equity values, highly volatile fuel and other commodity prices, and general economic uncertainty. Revenue from our properties depends primarily on the ability of our tenants to pay the full amount of rent due under their leases on a timely basis. The amount of rent we receive from our tenants generally will depend in part on the success of our tenants' retail operations, making us vulnerable to general economic downturns and other conditions affecting the retail industry. Some tenants may terminate their occupancy due to an inability to operate profitably for an extended period of time, impacting the Company's ability to maintain occupancy levels.

Any reduction in our tenants' ability to pay base rent or percentage rent may adversely affect our financial condition and results of operations. Small business tenants and anchor retailers which lease space in the Company's properties may experience a deterioration in their sales or other revenue, or experience a constraint on the availability of credit necessary to fund operations, which in turn may adversely impact those tenants' ability to pay contractual base rents and operating expense recoveries. Some of our leases provide for the payment, in addition to base rent, of additional rent above the base amount according to a specified percentage of the gross sales generated by the tenants. Decreasing sales revenue by retail tenants could adversely impact the Company's receipt of percentage rents required to be paid by tenants under certain leases.

Our ability to increase our net income depends on the success and continued presence of our shopping center anchor tenants and other significant tenants.

Our net income could be adversely affected in the event of a downturn in the business, or the bankruptcy or insolvency, of any anchor store or anchor tenant. Our largest shopping center anchor tenant is Giant Food, which accounted for 4.4% of our total revenue for the year ended December 31, 2008. The closing of one or more anchor stores prior to the expiration of the lease of that store or the termination of a lease by one or more of a property's anchor tenants could adversely affect that property and result in lease terminations by, or reductions in rent from, other tenants whose leases may permit termination or rent reduction in those circumstances or whose own operations may suffer as a result. This could reduce our net income.

We may experience difficulty or delay in renewing leases or leasing vacant space.

We derive most of our revenue directly or indirectly from rent received from our tenants. We are subject to the risks that, upon expiration, leases for space in our properties may not be renewed, the space and other vacant space may not be re-leased, or the terms of renewal or re-lease, including the cost of required renovations or concessions to tenants, may be less favorable than previous lease terms. Constraints on the availability of credit to office and retail tenants, necessary to purchase and install improvements, fixtures and equipment, and fund start-up business expenses, could impact the Company's ability to procure new tenants for spaces currently vacant in existing operating properties or properties under development. As a result, our results of operations and our net income could be reduced.

Table of Contents

We have substantial relationships with members of The Saul Organization whose interests could conflict with the interests of other stockholders.

Influence of Officers, Directors and Significant Stockholders.

Three of our executive officers, Mr. Saul II, his son and our President, B. Francis Saul III, and Thomas H. McCormick, our Senior Vice President and General Counsel, are members of The Saul Organization, and persons associated with The Saul Organization constitute four of the 13 members of our Board of Directors. In addition, as of December 31, 2008, Mr. Saul II beneficially owned, for purposes of SEC reporting, 6,331,000 shares of our common stock representing 35.9% of our issued and outstanding shares of common stock. Mr. Saul II also beneficially owned, as of December 31, 2008, 5,416,000 units of the Operating Partnership. In general, these units are convertible into shares of our common stock on a one-for-one basis. The ownership limitation set forth in our articles of incorporation is 39.9% in value of our issued and outstanding equity securities (which includes both common and preferred stock). As of December 31, 2008, Mr. Saul II and members of The Saul Organization owned common stock representing approximately 25.5% in value of all our issued and outstanding equity securities. Members of the Saul Organization are permitted under our articles of incorporation to convert Operating Partnership units into shares of common stock or acquire additional shares of common stock until The Saul Organization's actual ownership of common stock reaches 39.9% in value of our equity securities.

As a result of these relationships, members of The Saul Organization will be in a position to exercise significant influence over our affairs, which influence might not be consistent with the interests of some, or a majority, of our stockholders. Except as discussed below, we do not have any written policies or procedures for the review, approval or ratification of transactions with related persons.

Management Time.

Our Chief Executive Officer, President, Vice President-Chief Accounting Officer and Senior Vice President and General Counsel are also officers of various entities of The Saul Organization. Although we believe that these officers spend sufficient management time to meet their responsibilities as our officers, the amount of management time devoted to us will depend on our specific circumstances at any given point in time. As a result, in a given period, these officers may spend less than a majority of their management time on our matters. Over extended periods of time, we believe that our Chief Executive Officer and Senior Vice President and General Counsel will spend less than a majority of their management time on Company matters, while our President and Vice President-Chief Accounting Officer may or may not spend less than a majority of their time on our matters.

Exclusivity and Right of First Refusal Agreements.

We will acquire, develop, own and manage shopping center properties and will own and manage other commercial properties, and, subject to certain exclusivity agreements and rights of first refusal to which we are a party, The Saul Organization will continue to develop, acquire, own and manage commercial properties and own land suitable for development as, among other things, shopping centers and other commercial properties. Therefore, conflicts could develop in the allocation of acquisition and development opportunities with respect to commercial properties other than shopping centers and with respect to development sites, as well as potential tenants and other matters, between us and The Saul Organization. The agreement relating to exclusivity and the right of first refusal between us and The Saul Organization (other than Chevy Chase Bank, F.S.B.) generally requires The Saul Organization to conduct its shopping center business exclusively through us and to grant us a right of first refusal to purchase commercial properties and development sites in certain market areas that become available to The Saul Organization. The Saul Organization has granted the right of first refusal to us, acting through our independent directors, in order to minimize potential conflicts with respect to commercial properties and development sites. We and The Saul Organization have entered into this agreement in order to minimize conflicts with respect to shopping centers and certain of our commercial properties.

Shared Services.

We share with The Saul Organization certain ancillary functions, such as computer and payroll services, benefits administration and in-house legal services. The terms of all sharing arrangements, including payments related thereto, are reviewed periodically by our Audit Committee, which is comprised solely of independent directors. Included in our general and administrative expenses or capitalized to specific development projects, for the year ended December 31, 2008, are charges totaling \$5,188,000, related to such shared services, which included rental payments for the Company's headquarters lease, which were billed by The Saul Organization. Although we

Table of Contents

believe that the amounts allocated to us for such shared services represent a fair allocation between us and The Saul Organization, we have not obtained a third party appraisal of the value of these services.

The B. F. Saul Insurance Agency of Maryland, Inc., a subsidiary of the B. F. Saul Company and a member of the Saul Organization, is a general insurance agency that receives commissions and counter-signature fees in connection with our insurance program. Such commissions and fees amounted to approximately \$418,000 for the year ended December 31, 2008.

Related Party Rents.

Chevy Chase Bank leases space in 20 of the properties owned by us. The total rental income from Chevy Chase Bank for the year ended December 31, 2008 was \$3,458,000, representing approximately 2.2% of our total revenue for such period. Although we believe that these leases have comparable terms to leases we have entered into with third-party tenants, the terms of these leases were not set as a result of arm's-length negotiation. In addition, because Chevy Chase Bank was a member of The Saul Organization until February 28, 2009, we may have been less inclined to take an action or the timing of any action could be influenced if there was a lease default. Prior to February 28, 2009, the terms of any lease with Chevy Chase Bank were approved in advance by our Audit Committee, which is comprised solely of independent directors.

On December 4, 2008, Capital One Financial Corporation (Capital One) and the shareholders of Chevy Chase Bank (the Shareholders) announced they had signed a Stock Purchase Agreement, dated as of December 3, 2008, pursuant to which the Shareholders agreed to sell all of the outstanding shares of common stock of Chevy Chase Bank to Capital One, less certain excluded assets. After all regulatory approvals were received the transaction closed on February 28, 2009. The Saul Organization has no ongoing management or financial involvement with Capital One and Capital One is not affiliated with the Saul Organization in any way, therefore, any transactions with Chevy Chase Bank and/or Capital One will not be considered a related party transaction as of the closing date of the sale.

In addition, the lease for our corporate headquarters, which commenced in March 2002, is with a member of The Saul Organization. The 10-year lease provides for base rent escalated at 3% per year, with payment of a pro-rata share of operating expenses over a base year amount. The Company and The Saul Organization entered into a Shared Services Agreement whereby each party pays an allocation of total rental payments on a percentage proportionate to the number of employees employed by each party. The Company's rent expense for the year ended December 31, 2008 was \$813,000. Although the Company believes that this lease has comparable terms to what would have been obtained from a third party landlord, it did not seek bid proposals from any independent third parties when entering into its new corporate headquarters lease.

Conflicts Based on Individual Tax Considerations.

The tax basis of members of The Saul Organization in our portfolio properties which were contributed to certain partnerships at the time of our initial public offering in 1993 was substantially less than the fair market value thereof at the time of their contribution. In the event of our disposition of such properties, a disproportionately large share of the gain for federal income tax purposes would be allocated to members of The Saul Organization. In addition, future reductions of the level of our debt, or future releases of the guarantees or indemnities with respect thereto by members of The Saul Organization, would cause members of The Saul Organization to be considered, for federal income tax purposes, to have received constructive distributions. Depending on the overall level of debt and other factors, these distributions could be in excess of The Saul Organization's bases in their Partnership units, in which case such excess constructive distributions would be taxable.

Consequently, it is in the interests of The Saul Organization that we continue to hold the contributed portfolio properties, that a portion of our debt remains outstanding or is refinanced and that The Saul Organization guarantees and indemnities remain in place, in order to defer the taxable gain to members of The Saul Organization. Therefore, The Saul Organization may seek to cause us to retain the contributed portfolio properties, and to refrain from reducing our debt or releasing The Saul Organization guarantees and indemnities, even when such action may not be in the interests of some, or a majority, of our stockholders. In order to minimize these conflicts, decisions as to sales of the portfolio properties, or any refinancing, repayment or release of guarantees and indemnities with respect to our debt, will be made by the independent directors.

Ability to Block Certain Actions.

Table of Contents

Under applicable law and the limited partnership agreement of the Operating Partnership, consent of the limited partners is required to permit certain actions, including the sale of all or substantially all of the Operating Partnership's assets. Therefore, members of The Saul Organization, through their status as limited partners in the Operating Partnership, could prevent the taking of any such actions, even if they were in the interests of some, or a majority, of our stockholders.

The amount of debt we have and the restrictions imposed by that debt could adversely affect our business and financial condition.

As of December 31, 2008, we had approximately \$567.5 million of debt outstanding, \$548.3 million of which was long-term fixed rate debt and was secured by 38 of our properties. The remaining \$19.2 million of outstanding debt was borrowed under two secured construction loans.

We currently have a general policy of limiting our borrowings to 50 percent of asset value, i.e., the value of our portfolio, as determined by our Board of Directors by reference to the aggregate annualized cash flow from our portfolio. Our organizational documents contain no limitation on the amount or percentage of indebtedness which we may incur. Therefore, the Board of Directors could alter or eliminate the current limitation on borrowing at any time. If our debt capitalization policy were changed, we could increase our leverage, resulting in an increase in debt service that could adversely affect our operating cash flow and our ability to make expected distributions to stockholders, and in an increased risk of default on our obligations.

We have established our debt capitalization policy relative to asset value, which is computed by reference to the aggregate annualized cash flow from the properties in our portfolio rather than relative to book value. We have used a measure tied to cash flow because we believe that the book value of our portfolio properties, which is the depreciated historical cost of the properties, does not accurately reflect our ability to borrow. Asset value, however, is somewhat more variable than book value, and may not at all times reflect the fair market value of the underlying properties.

The amount of our debt outstanding from time to time could have important consequences to our stockholders. For example, it could:

require us to dedicate a substantial portion of our cash flow from operations to payments on our debt, thereby reducing funds available for operations, property acquisitions and other appropriate business opportunities that may arise in the future;

limit our ability to obtain any additional financing we may need in the future for working capital, debt refinancing, capital expenditures, acquisitions, development or other general corporate purposes;

make it difficult to satisfy our debt service requirements;

limit our ability to make distributions on our outstanding common and preferred stock;

require us to dedicate increased amounts of our cash flow from operations to payments on our variable rate, unhedged debt if interest rates rise;

limit our flexibility in planning for, or reacting to, changes in our business and the factors that affect the profitability of our business, which may place us at a disadvantage compared to competitors with less debt or debt with less restrictive terms; and

limit our ability to obtain any additional financing we may need in the future for working capital, debt refinancing, capital expenditures, acquisitions, development or other general corporate purposes.

Our ability to make scheduled payments of the principal of, to pay interest on, or to refinance, our indebtedness will depend primarily on our future performance, which to a certain extent is subject to economic, financial, competitive and other factors described in this section. If we are unable to generate sufficient cash flow from our business in the future to service our debt or meet our other cash needs, we may be required to

Edgar Filing: SAUL CENTERS INC - Form 10-K

refinance all or a portion of our existing debt, sell assets or obtain additional financing to meet our debt obligations and other cash needs. Our ability to refinance, sell assets or obtain additional financing may not be possible on terms that we would find acceptable.

Table of Contents

We are obligated to comply with financial and other covenants in our debt that could restrict our operating activities, and the failure to comply could result in defaults that accelerate the payment under our debt.

Our secured debt generally contains customary covenants, including, among others, provisions:

relating to the maintenance of the property securing the debt;

restricting our ability to assign or further encumber the properties securing the debt; and

restricting our ability to enter into certain new leases or to amend or modify certain existing leases without obtaining consent of the lenders.

Our unsecured debt generally contains various restrictive covenants. The covenants in our unsecured debt include, among others, provisions restricting our ability to:

incur additional unsecured debt;

guarantee additional debt;

make certain distributions, investments and other restricted payments, including distribution payments on our outstanding stock;

create certain liens;

increase our overall secured and unsecured borrowing beyond certain levels; and

consolidate, merge or sell all or substantially all of our assets.

Our ability to meet some of the covenants in our debt, including covenants related to the condition of the property or payment of real estate taxes, may be dependent on the performance by our tenants under their leases. In addition, our line of credit requires us and our subsidiaries to satisfy financial covenants. The material financial covenants require us, on a consolidated basis, to:

limit the amount of debt so as to maintain a gross asset value, as defined in the loan agreement, in excess of liabilities of at least \$600 million plus 90% of our future net equity proceeds;

limit the amount of debt as a percentage of gross asset value, as defined in the loan agreement, to less than 60% (leverage ratio);

limit the amount of debt so that interest coverage will exceed 2.5 to 1 on a trailing 12-full calendar month basis;

Edgar Filing: SAUL CENTERS INC - Form 10-K

limit the amount of debt so that interest, scheduled principal amortization and preferred dividend coverage exceeds 1.6 to 1; and

limit the amount of variable rate debt and debt with initial loan terms of less than five years to no more than 40% of total debt.

As of December 31, 2008, we were in compliance with all such covenants. If we were to breach any of our debt covenants and did not cure the breach within any applicable cure period, our lenders could require us to repay the debt immediately, and, if the debt is secured, could immediately begin proceedings to take possession of the property securing the loan. Some of our debt arrangements are cross-defaulted, which means that the lenders under those debt arrangements can put us in default and require immediate repayment of their debt if we breach and fail to cure a covenant under certain of our other debt obligations. As a result, any default under our debt covenants could have an adverse effect on our financial condition, our results of operations, our ability to meet our obligations and the market value of our shares.

Our development activities are inherently risky.

The ground-up development of improvements on real property, as opposed to the renovation and redevelopment of existing improvements, presents substantial risks. In addition to the risks associated with real

Table of Contents

estate investment in general as described elsewhere, the risks associated with our remaining development activities include:

significant time lag between commencement and completion subjects us to greater risks due to fluctuation in the general economy;

failure or inability to obtain construction or permanent financing on favorable terms;

expenditure of money and time on projects that may never be completed;

inability to achieve projected rental rates or anticipated pace of lease-up;

higher-than-estimated construction costs, including labor and material costs; and

possible delay in completion of the project because of a number of factors, including weather, labor disruptions, construction delays or delays in receipt of zoning or other regulatory approvals, or acts of God (such as fires, earthquakes or floods).

Redevelopments and acquisitions may fail to perform as expected.

Our investment strategy includes the redevelopment and acquisition of community and neighborhood shopping centers that are anchored by supermarkets, drugstores or high volume, value-oriented retailers that provide consumer necessities. The redevelopment and acquisition of properties entails risks that include the following, any of which could adversely affect our results of operations and our ability to meet our obligations:

our estimate of the costs to improve, reposition or redevelop a property may prove to be too low, and, as a result, the property may fail to achieve the returns we have projected, either temporarily or for a longer time;

we may not be able to identify suitable properties to acquire or may be unable to complete the acquisition of the properties we identify;

we may not be able to integrate new developments or acquisitions into our existing operations successfully;

properties we redevelop or acquire may fail to achieve the occupancy or rental rates we project at the time we make the decision to invest, which may result in the properties' failure to achieve the returns we projected;

our pre-acquisition evaluation of the physical condition of each new investment may not detect certain defects or identify necessary repairs until after the property is acquired, which could significantly increase our total acquisition costs; and

our investigation of a property or building prior to our acquisition, and any representations we may receive from the seller, may fail to reveal various liabilities, which could reduce the cash flow from the property or increase our acquisition cost.

Our ability to grow will be limited if we cannot obtain additional capital.

Edgar Filing: SAUL CENTERS INC - Form 10-K

Our growth strategy includes the redevelopment of properties we already own and the acquisition of additional properties. Because we are required to distribute to our stockholders at least 90% of our taxable income each year to continue to qualify as a real estate investment trust, or REIT, for federal income tax purposes, in addition to our undistributed operating cash flow, we rely upon the availability of debt or equity capital to fund our growth, which financing may or may not be available on favorable terms or at all. The debt could include mortgage loans from third parties or the sale of debt securities. Equity capital could include our common stock or preferred stock. Additional financing, refinancing or other capital may not be available in the amounts we desire or on favorable terms. Our access to debt or equity capital depends on a number of factors, including the general state of the capital markets, the market's perception of our growth potential, our ability to pay dividends, and our current and potential future earnings. Depending on the outcome of these factors, we could experience delay or difficulty in implementing our growth strategy on satisfactory terms, or be unable to implement this strategy.

Table of Contents

Our performance and value are subject to general risks associated with the real estate industry.

Our economic performance and the value of our real estate assets, and, consequently, the value of our investments, are subject to the risk that if our properties do not generate revenue sufficient to meet our operating expenses, including debt service and capital expenditures, our cash flow and ability to pay distributions to our stockholders will be adversely affected. As a real estate company, we are susceptible to the following real estate industry risks:

economic downturns in the areas where our properties are located;

adverse changes in local real estate market conditions, such as oversupply or reduction in demand;

changes in tenant preferences that reduce the attractiveness of our properties to tenants;

zoning or regulatory restrictions;

decreases in market rental rates;

weather conditions that may increase energy costs and other operating expenses;

costs associated with the need to periodically repair, renovate and re-lease space; and

increases in the cost of adequate maintenance, insurance and other operating costs, including real estate taxes, associated with one or more properties, which may occur even when circumstances such as market factors and competition cause a reduction in revenue from one or more properties, although real estate taxes typically do not increase upon a reduction in such revenue.

Many real estate costs are fixed, even if income from our properties decreases.

Our financial results depend primarily on leasing space in our properties to tenants on terms favorable to us. Costs associated with real estate investment, such as real estate taxes and maintenance costs, generally are not reduced even when a property is not fully occupied, rental rates decrease, or other circumstances cause a reduction in income from the investment. As a result, cash flow from the operations of our properties may be reduced if a tenant does not pay its rent or we are unable to rent our properties on favorable terms. Under those circumstances, we might not be able to enforce our rights as landlord without delays, and may incur substantial legal costs. Additionally, new properties that we may acquire or develop may not produce any significant revenue immediately, and the cash flow from existing operations may be insufficient to pay the operating expenses and debt service associated with that property until the property is fully leased.

Competition may limit our ability to purchase new properties and generate sufficient income from tenants.

Numerous commercial developers and real estate companies compete with us in seeking tenants for properties and properties for acquisition. This competition may:

reduce properties available for acquisition;

Edgar Filing: SAUL CENTERS INC - Form 10-K

increase the cost of properties available for acquisition;

reduce rents payable to us;

interfere with our ability to attract and retain tenants;

lead to increased vacancy rates at our properties; and

adversely affect our ability to minimize expenses of operation.

Retailers at our shopping center properties also face increasing competition from outlet stores, discount shopping clubs, and other forms of marketing of goods, such as direct mail, internet marketing and telemarketing. This competition may reduce percentage rents payable to us and may contribute to lease defaults and insolvency of tenants. If we are unable to continue to attract appropriate retail tenants to our properties, or to purchase new properties in our geographic markets, it could materially affect our ability to generate net income, service our debt and make distributions to our stockholders.

Table of Contents

We may be unable to sell properties when appropriate because real estate investments are illiquid.

Real estate investments generally cannot be sold quickly. In addition, there are some limitations under federal income tax laws applicable to real estate and to REITs in particular that may limit our ability to sell our assets. We may not be able to alter our portfolio promptly in response to changes in economic or other conditions. Our inability to respond quickly to adverse changes in the performance of our investments could have an adverse effect on our ability to meet our obligations and make distributions to our stockholders.

Our insurance coverage on our properties may be inadequate.

We carry comprehensive insurance on all of our properties, including insurance for liability, fire, flood, terrorism and rental loss. These policies contain coverage limitations. We believe this coverage is of the type and amount customarily obtained for or by an owner of real property assets. We intend to obtain similar insurance coverage on subsequently acquired properties.

As a consequence of the September 11, 2001 terrorist attacks and other significant losses incurred by the insurance industry, the availability of insurance coverage has decreased and the prices for insurance have increased. As a result, we may be unable to renew or duplicate our current insurance coverage in adequate amounts or at reasonable prices. In addition, insurance companies may no longer offer coverage against certain types of losses, such as losses due to terrorist acts and toxic mold, or, if offered, the expense of obtaining these types of insurance may not be justified. We therefore may cease to have insurance coverage against certain types of losses and/or there may be decreases in the limits of insurance available. If an uninsured loss or a loss in excess of our insured limits occurs, we could lose all or a portion of the capital we have invested in a property, as well as the anticipated future revenue from the property, but still remain obligated for any mortgage debt or other financial obligations related to the property. Material losses in excess of insurance proceeds may occur in the future. Also, due to inflation, changes in codes and ordinances, environmental considerations and other factors, it may not be feasible to use insurance proceeds to replace a building after it has been damaged or destroyed. Events such as these could adversely affect our results of operations and our ability to meet our obligations, including distributions to our stockholders.

Environmental laws and regulations could reduce the value or profitability of our properties.

All real property and the operations conducted on real property are subject to federal, state and local laws, ordinances and regulations relating to hazardous materials, environmental protection and human health and safety. Under various federal, state and local laws, ordinances and regulations, we and our tenants may be required to investigate and clean up certain hazardous or toxic substances released on or in properties we own or operate, and also may be required to pay other costs relating to hazardous or toxic substances. This liability may be imposed without regard to whether we or our tenants knew about the release of these types of substances or were responsible for their release. The presence of contamination or the failure to properly remediate contamination at any of our properties may adversely affect our ability to sell or lease those properties or to borrow using those properties as collateral. The costs or liabilities could exceed the value of the affected real estate. We are not aware of any environmental condition with respect to any of our properties that management believes would have a material adverse effect on our business, assets or results of operations taken as a whole. The uses of any of our properties prior to our acquisition of the property and the building materials used at the property are among the property-specific factors that will affect how the environmental laws are applied to our properties. If we are subject to any material environmental liabilities, the liabilities could adversely affect our results of operations and our ability to meet our obligations.

We cannot predict what other environmental legislation or regulations will be enacted in the future, how existing or future laws or regulations will be administered or interpreted or what environmental conditions may be found to exist on the properties in the future. Compliance with existing and new laws and regulations may require us or our tenants to spend funds to remedy environmental problems. Our tenants, like many of their competitors, have incurred, and will continue to incur, capital and operating expenditures and other costs associated with complying with these laws and regulations, which will adversely affect their potential profitability.

Generally, our tenants must comply with environmental laws and meet remediation requirements. Our leases typically impose obligations on our tenants to indemnify us from any compliance costs we may incur as a result of the environmental conditions on the property caused by the tenant. If a tenant fails to or cannot comply, we could be forced to pay these costs. If not addressed, environmental conditions could impair our ability to sell or re-lease the affected properties in the future or result in lower sales prices or rent payments.

Table of Contents

The Americans with Disabilities Act of 1990 could require us to take remedial steps with respect to newly acquired properties.

The properties, as commercial facilities, are required to comply with Title III of the Americans with Disabilities Act of 1990. Investigation of a property may reveal non-compliance with this Act. The requirements of the Act, or of other federal, state or local laws, also may change in the future and restrict further renovations of our properties with respect to access for disabled persons. Future compliance with the Act may require expensive changes to the properties.

The revenue generated by our tenants could be negatively affected by various federal, state and local laws to which they are subject.

We and our tenants are subject to a wide range of federal, state and local laws and regulations, such as local licensing requirements, consumer protection laws and state and local fire, life-safety and similar requirements that affect the use of the properties. The leases typically require that each tenant comply with all regulations. Failure to comply could result in fines by governmental authorities, awards of damages to private litigants, or restrictions on the ability to conduct business on such properties. Non-compliance of this sort could reduce our revenue from a tenant, could require us to pay penalties or fines relating to any non-compliance, and could adversely affect our ability to sell or lease a property.

Failure to qualify as a REIT for federal income tax purposes would cause us to be taxed as a corporation, which would substantially reduce funds available for payment of distributions.

We believe that we are organized and qualified as a REIT, and currently intend to operate in a manner that will allow us to continue to qualify as a REIT for federal income tax purposes under the Code. However, the IRS could successfully assert that we are not qualified as such. In addition, we may not remain qualified as a REIT in the future. Qualification as a REIT involves the application of highly technical and complex Code provisions. The complexity of these provisions and of the applicable income tax regulations that have been issued under the Code by the United States Department of Treasury is greater in the case of a REIT that holds its assets in partnership form. Certain facts and circumstances not entirely within our control may affect our ability to qualify as a REIT. For example, in order to qualify as a REIT, at least 95% of our gross income in any year must be derived from qualifying rents and other income. Satisfying this requirement could be difficult, for example, if defaults by tenants were to reduce the amount of income from qualifying rents. Also, we must make annual distributions to stockholders of at least 90% of our net taxable income (excluding capital gains). In addition, new legislation, new regulations, new administrative interpretations or new court decisions may significantly change the tax laws with respect to qualification as a REIT or the federal income tax consequences of such qualification.

If we fail to qualify as a REIT:

we would not be allowed a deduction for dividend distributions to stockholders in computing taxable income;

we would be subject to federal income tax at regular corporate rates;

we could be subject to the federal alternative minimum tax;

unless we are entitled to relief under specific statutory provisions, we could not elect to be taxed as a REIT for four taxable years following the year during which we were disqualified;

we could be required to pay significant income taxes, which would substantially reduce the funds available for investment and for distribution to our stockholders for each year in which we failed to qualify; and

we would no longer be required by law to make any distributions to our stockholders.

We believe that the Operating Partnership is treated as a partnership, and not as a corporation, for federal income tax purposes. If the IRS were to challenge successfully the status of the Operating Partnership as a partnership for federal income tax purposes:

the Operating Partnership would be taxed as a corporation;

we would cease to qualify as a REIT for federal income tax purposes; and

Table of Contents

the amount of cash available for distribution to our stockholders would be substantially reduced.

We may be required to incur additional debt to qualify as a REIT.

As a REIT, we must make annual distributions to stockholders of at least 90% of our REIT taxable income. We are subject to income tax on amounts of undistributed REIT taxable income and net capital gain. In addition, we would be subject to a 4% excise tax if we fail to distribute sufficient income to meet a minimum distribution test based on our ordinary income, capital gain and aggregate undistributed income from prior years.

We intend to make distributions to stockholders to comply with the Code's distribution provisions and to avoid federal income and excise tax. We may need to borrow funds to meet our distribution requirements because:

our income may not be matched by our related expenses at the time the income is considered received for purposes of determining taxable income; and

non-deductible capital expenditures or debt service requirements may reduce available cash but not taxable income.

In these circumstances, we might have to borrow funds on unfavorable terms and even if our management believes the market conditions make borrowing financially unattractive.

The structure of our leases may jeopardize our ability to qualify as a REIT.

If the IRS were to challenge successfully the characterization of one or more of our leases of properties as leases for federal income tax purposes, the Operating Partnership would not be treated as the owner of the related property or properties for federal income tax purposes. As a result, the Operating Partnership would lose tax depreciation and cost recovery deductions with respect to one or more of our properties, which in turn could cause us to fail to qualify as a REIT. Although we will use our best efforts to structure any leasing transaction for properties acquired in the future so the lease will be characterized as a lease and the Operating Partnership will be treated as the owner of the property for federal income tax purposes, we will not seek an advance ruling from the IRS and do not intend to seek an opinion of counsel that the Operating Partnership will be treated as the owner of any leased properties for federal income tax purposes. Thus, the IRS could successfully assert that future leases will not be treated as leases for federal income tax purposes, which could adversely affect our financial condition and results of operations.

To maintain our status as a REIT, we limit the amount of shares any one stockholder can own.

The Code imposes certain limitations on the ownership of the stock of a REIT. For example, not more than 50% in value of our outstanding shares of capital stock may be owned, actually or constructively, by five or fewer individuals (as defined in the Code). To protect our REIT status, our articles of incorporation restrict beneficial and constructive ownership (defined by reference to various Code provisions) to no more than 2.5% in value of our issued and outstanding equity securities by any single stockholder with the exception of members of The Saul Organization, who are restricted to beneficial and constructive ownership of no more than 39.9% in value of our issued and outstanding equity securities.

The constructive ownership rules are complex. Shares of our capital stock owned, actually or constructively, by a group of related individuals and/or entities may be treated as constructively owned by one of those individuals or entities. As a result, the acquisition of less than 2.5% or 39.9% in value of our issued and outstanding equity securities, by an individual or entity could cause that individual or entity (or another) to own constructively more than 2.5% or 39.9% in value of the outstanding stock. If that happened, either the transfer or ownership would be void or the shares would be transferred to a charitable trust and then sold to someone who can own those shares without violating the respective ownership limit.

As of December 31, 2008, Mr. Saul II and members of The Saul Organization owned common stock representing approximately 25.5% in value of all our issued and outstanding equity securities. In addition, members of The Saul Organization beneficially owned Operating Partnership units that are, in general, convertible into our common stock on a one-for-one basis. Members of the Saul Organization are permitted under our articles of incorporation to convert Operating Partnership units into shares of common stock or acquire additional shares of common stock until The Saul Organization's actual ownership of common stock reaches 39.9% in value of our equity securities.

Table of Contents

The Board of Directors may waive these restrictions on a case-by-case basis. The Board has authorized the Company to grant waivers to look-through entities, such as mutual funds, in which shares of equity stock owned by the entity are treated as owned proportionally by individuals who are the beneficial owners of the entity. Even though these entities may own stock in excess of the 2.5% ownership limit, no individual beneficially or constructively would own more than 2.5%. In addition, in September 1999, our Board of Directors agreed to waive the ownership limit with respect to Wells Fargo Bank National Association and U.S. Bank National Association, the pledgees of certain shares of our common stock and units issued by the Operating Partnership and held by members of The Saul Organization.

The ownership restrictions may delay, defer or prevent a transaction or a change of our control that might involve a premium price for our equity stock or otherwise be in the stockholders' best interest.

The lower tax rate on dividends of regular corporations may cause investors to prefer to hold stock of regular corporations instead of REITs.

On May 28, 2003, the President signed into law the Jobs and Growth Tax Relief Reconciliation Act of 2003 (which we will refer to as the Act). Under the Act, the maximum tax rate on the long-term capital gains of non-corporate taxpayers is 15% (applicable to sales occurring from May 7, 2003 through December 31, 2008). The Act also reduced the tax rate on qualified dividend income to the maximum capital gains rate. Because, as a REIT, we are not generally subject to tax on the portion of our REIT taxable income or capital gains distributed to our stockholders, our distributions are not generally eligible for this new tax rate on dividends. As a result, our ordinary REIT dividends generally continue to be taxed at the higher tax rates applicable to ordinary income. Without further legislation, the maximum tax rate on long-term capital gains will revert to 20% in 2009, and dividends will again be subject to tax at ordinary rates.

We cannot assure you we will continue to pay dividends at historical rates.

Our ability to continue to pay dividends on our common stock at historical rates or to increase our common stock dividend rate will depend on a number of factors, including, among others, the following:

our financial condition and results of future operations;

the performance of lease terms by tenants;

the terms of our loan covenants; and

our ability to acquire, finance, develop or redevelop and lease additional properties at attractive rates.

If we do not maintain or increase the dividend rate on our common stock, it could have an adverse effect on the market price of our common stock and other securities. Payment of dividends on our common stock may be subject to payment in full of the dividends on any preferred stock or depositary shares and payment of interest on any debt securities we may offer.

Certain tax and anti-takeover provisions of our articles of incorporation and bylaws may inhibit a change of our control.

Certain provisions contained in our articles of incorporation and bylaws and the Maryland General Corporation Law may discourage a third party from making a tender offer or acquisition proposal to us. If this were to happen, it could delay, deter or prevent a change in control or the removal of existing management. These provisions also may delay or prevent the stockholders from receiving a premium for their stock over then-prevailing market prices. These provisions include:

the REIT ownership limit described above;

authorization of the issuance of our preferred stock with powers, preferences or rights to be determined by the Board of Directors;

a staggered, fixed-size Board of Directors consisting of three classes of directors;

Table of Contents

special meetings of our stockholders may be called only by the Chairman of the Board, the president, by a majority of the directors or by stockholders possessing no less than 25% of all the votes entitled to be cast at the meeting;

the Board of Directors, without a stockholder vote, can classify or reclassify unissued shares of preferred stock;

a member of the Board of Directors may be removed only for cause upon the affirmative vote of 75% of the Board of Directors or 75% of the then-outstanding capital stock;

advance notice requirements for proposals to be presented at stockholder meetings; and

the terms of our articles of incorporation regarding business combinations and control share acquisitions.

We may amend or revise our business policies without your approval.

Our Board of Directors may amend or revise our operating policies without stockholder approval. Our investment, financing and borrowing policies and policies with respect to all other activities, such as growth, debt, capitalization and operations, are determined by the Board of Directors or those committees or officers to whom the Board of Directors has delegated that authority. The Board of Directors may amend or revise these policies at any time and from time to time at its discretion. A change in these policies could adversely affect our financial condition and results of operations, and the market price of our securities.

Item 1B. Unresolved Staff Comments

We have received no written comments from the Securities and Exchange Commission staff regarding our periodic or current reports in the 180 days preceding December 31, 2008 that remain unresolved.

Item 2. Properties

Overview

The Company is the owner and operator of a real estate portfolio composed of 50 operating properties totaling approximately 8,194,000 square feet of gross leasable area (GLA) and six development parcels as of December 31, 2008. The properties are located primarily in the Washington, DC/Baltimore, Maryland metropolitan area. The portfolio is composed of 45 neighborhood and community Shopping Centers, and five predominantly Office Properties totaling approximately 6,988,000 and 1,206,000 square feet of GLA, respectively. No single property accounted for more than 6.9% of the total gross leasable area. A majority of the Shopping Centers are anchored by several major tenants. Thirty of the Shopping Centers were anchored by a grocery store and offer primarily day-to-day necessities and services. Only two retail tenants, Giant Food (4.4%), a tenant at eight Shopping Centers and Safeway (3.1%), a tenant at eight Shopping Centers and one office tenant, the United States Government (2.7%), a tenant at seven properties, individually accounted for more than 2.5% of the Company's total revenue for the year ended December 31, 2008. The average rent, calculated using annualized base rent for leased space as of December 31, 2008 and 2007, respectively, was \$16.49 per square foot and \$15.90 per square foot, for the Company's Current Portfolio Properties.

The Company's Current Portfolio Properties primarily consists of seasoned properties that have been owned and managed by The Saul Organization for 20 years or more. The Company expects to hold its properties as long-term investments, and it has no maximum period for retention of any investment. It plans to selectively acquire additional income-producing properties and to expand, renovate, and improve its properties when circumstances warrant. See Item 1. Business Operating Strategies and Business Capital Policies.

Table of Contents**The Shopping Centers**

Community and neighborhood shopping centers typically are anchored by one or more supermarkets, discount department stores or drug stores. These anchors offer day-to-day necessities rather than apparel and luxury goods and, therefore, generate consistent local traffic. By contrast, regional malls generally are larger and typically are anchored by one or more full-service department stores.

In general, the Shopping Centers are seasoned community and neighborhood shopping centers located in well established, highly developed, densely populated, middle and upper income areas. The 2008 average estimated population within a one and three-mile radius of the Shopping Centers is approximately 16,000 and 98,200, respectively. The 2008 average household income within the one and three-mile radius of the Shopping Centers is approximately \$103,100 and \$104,600, respectively, compared to a national average of \$73,800. Because the Shopping Centers generally are located in highly developed areas, management believes that there is little likelihood that significant numbers of competing centers will be developed in the future.

The Shopping Center properties range in size from 4,000 to 569,000 square feet of GLA, with six in excess of 300,000 square feet, and an average of approximately 155,000 square feet. A majority of the Shopping Centers are anchored by several major tenants and other tenants offering primarily day-to-day necessities and services. Thirty of the 45 Shopping Centers are anchored by a grocery store.

Lease Expirations of Shopping Center Properties

The following table sets forth a schedule of lease expirations for leases in place at the shopping center properties that the Company owned as of December 31, 2008, for each of the 10 years beginning with 2009, assuming that none of the tenants exercise renewal options and excluding an aggregate of 422,874 square feet of unleased space, which represented 6.1% of the gross leasable area of the shopping center properties as of December 31, 2008.

Lease Expirations of Shopping Center Properties

Year of Lease Expiration	Leasable Area Represented by Expiring Leases	Percentage of Leasable Area Represented by Expiring Leases	Annual Base Rent Under Expiring Leases(1)	Percentage of Annual Base Rent Under Expiring Leases
2009	512,750 sf	7.3%	\$ 8,340,000	8.8%
2010	767,092	11.0	10,817,000	11.5
2011	1,055,987	15.1	14,146,000	15.0
2012	879,497	12.6	14,527,000	15.4
2013	588,299	8.4	10,390,000	11.0
2014	361,124	5.2	5,860,000	6.2
2015	227,091	3.2	3,819,000	4.1
2016	498,959	7.1	3,364,000	3.6
2017	218,780	3.1	4,666,000	5.0
2018	301,478	4.3	3,611,000	3.8
Thereafter	1,153,898	16.6	14,698,000	15.6
Total	6,564,955 sf	93.9%	\$ 94,238,000	100.0%

- (1) Calculated using annualized contractual base rent payable as of December 31, 2008 for the gross leasable area expiring, and excluding expenses payable by or reimbursable from tenants.

Table of Contents

The Office Properties

Four of the five Office Properties are located in the Washington, DC metropolitan area and contain an aggregate GLA of approximately 1,009,000 square feet, comprised of 922,000 and 87,000 square feet of office and retail space, respectively. The fifth Office Property is located in Tulsa, Oklahoma and contains GLA of 197,000 square feet. The Office Properties represent three distinct styles of facilities, are located in differing commercial environments with distinctive demographic characteristics, and are geographically removed from one another. As a consequence, management believes that the Washington, DC area office properties compete for tenants in different commercial and geographic sub-markets of the metropolitan Washington, DC market and do not compete with one another.

Management believes that the Washington, DC office market is one of the strongest and most stable leasing markets in the nation, with relatively low vacancy rates in comparison to other major metropolitan areas. Management believes that the long-term stability of this market is attributable to the status of Washington, DC as the nation's capital and to the presence of the Federal government, international agencies, and an expanding private sector job market. 601 Pennsylvania Avenue is a nine-story, 227,000 square foot Class A office building (with a small amount of street level retail space) built in 1986 and located in a prime location in downtown Washington, DC. Van Ness Square is a six-story, 156,000 square foot office/retail building which was redeveloped in 1990. Van Ness Square is located in a highly developed commercial area of Northwest Washington, DC which offers extensive retail and restaurant amenities. Washington Square at Old Town is a 235,000 square foot Class A mixed-use office/retail complex completed in 2000 and located on a two-acre site along Alexandria's main street, North Washington Street, in historic Old Town Alexandria, Virginia. Avenel Business Park is a 391,000 square foot research park located in the suburban Maryland, I-270 biotech corridor. The business park consists of twelve one-story buildings built in six phases, completed in 1981, 1985, 1989, 1998, 1999 and 2000.

Crosstown Business Center is a 197,000 square foot flex office/warehouse property located in Tulsa, Oklahoma. The property is located in close proximity to Tulsa's international airport and major roadways and has attracted tenants requiring light industrial and distribution facilities.

Lease Expirations of Office Properties

The following table sets forth a schedule of lease expirations for leases in place at the office properties that the Company owned as of December 31, 2008, for each of the 10 years beginning with 2009, assuming that none of the tenants exercise renewal options and excluding an aggregate of 50,541 square feet of unleased space, which represented 4.2% of the gross leasable area of the office properties as of December 31, 2008.

Table of Contents**Lease Expirations of Office Properties**

Year of Lease Expiration	Leasable Area Represented by Expiring Leases	Percentage of Leasable Area Represented by Expiring Leases	Annual Base Rent Under Expiring Leases(1)	Percentage of Annual Base Rent Under Expiring Leases

None.

PART II**Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities****Market Information**

Shares of Saul Centers common stock are listed on the New York Stock Exchange under the symbol "BFS". The composite high and low closing sale prices for the shares of common stock as reported by the New York Stock Exchange for each quarter of 2008 and 2007 were as follows:

Period	Share Price	
	High	Low
October 1, 2008 – December 31, 2008	\$ 48.94	\$ 24.67
July 1, 2008 – September 30, 2008	\$ 51.39	\$ 44.14
April 1, 2008 – June 30, 2008	\$ 54.56	\$ 46.81
January 1, 2008 – March 31, 2008	\$ 55.41	\$ 45.06
October 1, 2007 – December 31, 2007	\$ 62.58	\$ 50.56
July 1, 2007 – September 30, 2007	\$ 51.50	\$ 42.32
April 1, 2007 – June 30, 2007	\$ 56.31	\$ 43.95
January 1, 2007 – March 31, 2007	\$ 60.37	\$ 52.15

On March 12, 2009, the closing price was \$25.09 per share.

Holdings

The approximate number of holders of record of the common stock was 300 as of March 12, 2009.

Dividends and Distributions

Under the Code, REITs are subject to numerous organizational and operating requirements, including the requirement to distribute at least 90% of REIT taxable income. The Company distributed amounts greater than the required amount in 2008 and 2007. Distributions by the Company to common stockholders and holders of limited partnership units in the Operating Partnership were \$43,633,000 in 2008 and \$40,613,000 in 2007. Distributions to preferred stockholders were \$11,668,000 in 2008 and \$8,000,000 in 2007. See Notes to Consolidated Financial Statements, No. 14, Distributions. The Company may or may not elect to distribute in excess of 90% of REIT taxable income in future years.

The Company's estimate of cash flow available for distributions is believed to be based on reasonable assumptions and represents a reasonable basis for setting distributions. However, the actual results of operations of the Company will be affected by a variety of factors, including but not limited to actual rental revenue, operating expenses of the Company, interest expense, general economic conditions, federal, state and local taxes (if any), unanticipated capital expenditures, the adequacy of reserves and preferred dividends. While the Company intends to continue paying regular quarterly distributions, any future payments will be determined solely by the Board of Directors and will depend on a number of factors, including cash flow of the Company, its financial condition and capital requirements, the annual distribution requirements required to maintain its status as a REIT under the Code, and such other factors as the Board of Directors deems relevant. We are obligated to pay regular quarterly distributions to holders of depositary shares of Series A preferred stock at the rate of \$2.00 per annum per depositary share and to holders of depositary shares of Series B preferred stock at the rate of \$2.25 per annum per depositary share, prior to distributions on the common stock.

The Company paid four quarterly distributions totaling \$1.88, \$1.77 and \$1.68, per common share during each of the years ended December 31, 2008, 2007 and 2006, respectively. The annual distribution amounts paid by the Company exceed the distribution amounts required for tax purposes. Distributions to the extent of our current and accumulated earnings and profits for federal income tax purposes generally will be taxable to a stockholder as ordinary dividend income. Distributions in excess of current and accumulated earnings and profits will be treated as a nontaxable reduction of the stockholder's basis in such stockholder's shares, to the extent thereof, and thereafter as taxable gain. Distributions that are treated as a reduction of the stockholder's basis in its shares will have the effect of deferring taxation until the sale of the stockholder's shares. The Company has determined that for the \$1.88 per common share dividend paid in 2008, 98.0% was taxable dividend income and 2.0% was considered return of capital. The Company has determined that 100% of the total \$1.77 per common share dividend paid in 2007 represents currently taxable dividend income to the stockholders. The Company has determined that 86.0% of the total \$1.68 per common share dividend paid in 2006 represents currently taxable dividend income to the stockholders, while the balance of 14.0% is considered return of capital. No assurance can be given regarding what portion, if any, of distributions in 2009 or subsequent years will constitute a return of capital for federal income tax purposes. All of the preferred stock dividends paid are considered ordinary dividend income.

Table of Contents

Performance Graph

Rules promulgated under the Exchange Act require the Company to present a graph comparing the cumulative total stockholder return on its Common Stock with the cumulative total stockholder return of (i) a broad equity market index, and (ii) a published industry index or peer group. The graph compares the cumulative total stockholder return of the Company's Common Stock, based on the market price of the Common Stock and assuming reinvestment of dividends, with the National Association of Real Estate Investment Trust Equity Index (NAREIT Equity), the S&P 500 Index (S&P 500) and the Russell 2000 Index (Russell 2000). The graph assumes the investment of \$100 on January 1, 2004.

Table of Contents

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

Management's Discussion and Analysis of Financial Condition and Results of Operations (MD&A) begins with the Company's primary business strategy to give the reader an overview of the goals of the Company's business. This is followed by a discussion of the critical accounting policies that the Company believes are important to understanding the assumptions and judgments incorporated in the Company's reported financial results. The next section, beginning on page 41, discusses the Company's results of operations for the past two years. Beginning on page 46, the Company provides an analysis of its liquidity and capital resources, including discussions of its cash flows, debt arrangements, sources of capital and financial commitments. Finally, on page 55, the Company discusses funds from operations, or FFO, which is a relative non-GAAP financial measure of performance of an equity REIT used by the REIT industry.

The MD&A should be read in conjunction with the other sections of this Annual Report on Form 10-K, including the consolidated financial statements and notes thereto appearing in Item 8 of this report. Historical results set forth in Selected Financial Information, the Consolidated Financial Statements and Supplemental Data included in Item 6 and Item 8 and this section should not be taken as indicative of the Company's future operations.

Overview

The Company's principal business activity is the ownership, management and development of income-producing properties. The Company's long-term objectives are to increase cash flow from operations and to maximize capital appreciation of its real estate investments.

The Company's primary operating strategy is to focus on its community and neighborhood shopping center business and to operate its properties to achieve both cash flow growth and capital appreciation. Management believes there is potential for growth in cash flow as existing leases for space in the Shopping Centers expire and are renewed, or newly available or vacant space is leased. The Company intends to renegotiate leases where possible and seek new tenants for available space in order to maximize this potential for increased cash flow. As leases expire, management expects to revise rental rates, lease terms and conditions, relocate existing tenants, reconfigure tenant spaces and introduce new tenants with the goal of increasing cash flow. In those circumstances in which leases are not otherwise expiring, management selectively attempts to increase cash flow through a variety of means, or in connection with renovations or relocations, recapturing leases with below market rents and re-leasing at market rates, as well as replacing financially troubled tenants. When possible, management also will seek to include scheduled increases in base rent, as well as percentage rental provisions, in its leases.

The Company's redevelopment and renovation objective is to selectively and opportunistically redevelop and renovate its properties, by replacing leases with below market rents with strong, traffic-generating anchor stores such as supermarkets and drug stores, as well as other desirable local, regional and national tenants. The Company's strategy remains focused on continuing the operating performance and internal growth of its existing Shopping Centers, while enhancing this growth with selective retail redevelopments and renovations.

In light of the current capital constrained market, management believes acquisition and development opportunities for investment in existing and new shopping center and office properties are limited. However, management believes that the Company is positioned to take advantage of these opportunities when market conditions change because of its conservative capital structure. It is management's view that several of the sub-markets in which the Company operates have very attractive supply/demand characteristics. The Company will continue to evaluate acquisition, development and redevelopment as an integral part of its overall business plan.

Although there has been a downturn in the national real estate market, to date, the effects on the office and retail markets in the metropolitan Washington, D.C. area, where the majority of the Company's properties are located, have been less severe. However, continued deterioration in the local economies where the Company's properties are located may lead to increased tenant bankruptcies, increased vacancies and decreased rental rates.

Table of Contents

With a severe decline in overall consumer spending, retailers continue to struggle with declining sales and limited access to capital. Store closings are on the increase and retailers expanding their store count have disappeared. Vacancies have increased from a year ago. Our overall portfolio leasing percentage ended the year at 94.2%, a decrease from 95.3% at year end 2007. Weakness was largely centered in small shop closures in both our Loudoun County, Virginia and Florida shopping centers. Small in-line restaurants were particularly hard hit, although consumer spending at grocery stores increased by 2% in 2008 at our 28 grocery stores which reported sales.

In addition, because of the Company's conservative capital structure, the Company has not been significantly affected by the recent turmoil in the credit markets. First, the Company maintains a ratio of total debt to total assets of under 50%, which allows the Company to obtain additional secured borrowings if necessary. Second, as of December 31, 2008, fixed rate debt represented approximately 97% of the Company's notes payable, thus minimizing the effect of increased interest rates on the Company's financial condition. Third, the Company's earliest significant fixed rate debt maturity is not until 2011. Finally, as of December 31, 2008, the Company has loan availability of more than \$149,000,000 on its \$150,000,000 unsecured revolving line of credit.

Although it is management's present intention to concentrate future acquisition and development activities on community and neighborhood shopping centers and office properties in the Washington, DC/Baltimore metropolitan area and the southeastern region of the United States, the Company may, in the future, also acquire other types of real estate in other areas of the country as opportunities present themselves. While the Company may diversify in terms of property locations, size and market, the Company does not set any limit on the amount or percentage of Company assets that may be invested in any one property or any one geographic area. In addition to investing in properties in the Washington, DC/Baltimore metropolitan area, from 2006 through 2008, the Company also acquired a grocery-anchored neighborhood shopping center in Florida, totaling 102,000 square feet and a grocery-anchored neighborhood shopping center in Georgia totaling 88,000 square feet.

Critical Accounting Policies

The Company's accounting policies are in conformity with U.S. generally accepted accounting principles (GAAP). The preparation of financial statements in conformity with GAAP requires management to use judgment in the application of accounting policies, including making estimates and assumptions. These judgments affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the Company's financial statements and the reported amounts of revenue and expenses during the reporting periods. If judgment or interpretation of the facts and circumstances relating to various transactions had been different, it is possible that different accounting policies would have been applied resulting in a different presentation of the financial statements. Below is a discussion of accounting policies which the Company considers critical in that they may require judgment in their application or require estimates about matters which are inherently uncertain. Additional discussion of accounting policies which the Company considers significant, including further discussion of the critical accounting policies described below, can be found in the notes to the Consolidated Financial Statements.

Real Estate Investments

Real estate investment properties are stated at historic cost basis less depreciation. The Company intends to own its real estate investment properties over a long-term. No real estate investment properties have been sold since the Company's formation in 1993. Management believes that these assets have generally appreciated in value since their acquisition and, accordingly, the aggregate current value exceeds their aggregate net book value and also exceeds the value of the Company's liabilities as reported in these financial statements. Because these financial statements are prepared in conformity with U.S. GAAP, they do not report the current value of the Company's real estate investment properties. The Company purchases real estate investment properties from time to time and allocates the purchase price to various components, such as land, buildings, and intangibles related to in-place leases

Table of Contents

and customer relationships in accordance with Financial Accounting Standards Board (FASB) Statement of Financial Accounting Standards (SFAS) 141, Business Combinations. The purchase price is allocated based on the relative fair value of each component. The fair value of buildings is determined as if the buildings were vacant upon acquisition and subsequently leased at market rental rates. As such, the determination of fair value considers the present value of all cash flows expected to be generated from the property including an initial lease up period. The Company determines the fair value of above and below market intangibles associated with in-place leases by assessing the net effective rent and remaining term of the lease relative to market terms for similar leases at acquisition. In the case of above and below market leases, the Company considers the remaining contractual lease period and renewal periods, taking into consideration the likelihood of the tenant exercising its renewal options. The fair value of a below market lease component is recorded as deferred income and amortized as additional lease revenue over the remaining contractual lease period and any renewal option periods included in the valuation analysis. The fair value of above market lease intangibles is recorded as a deferred asset and is amortized as a reduction of lease revenue over the remaining contractual lease term. The Company determines the fair value of at-market in-place leases considering the cost of acquiring similar leases, the foregone rents associated with the lease-up period and carrying costs associated with the lease-up period. Intangible assets associated with at-market in-place leases are amortized as additional expense over the remaining contractual lease term. To the extent customer relationship intangibles are present in an acquisition, the fair value of the intangibles are amortized over the life of the customer relationship.

If there is an event or change in circumstance that indicates an impairment in the value of a real estate investment property, the Company prepares an impairment analysis to assess that the carrying value of the real estate investment property does not exceed its estimated fair value. The Company considers both quantitative and qualitative factors including recurring operating losses, significant decreases in occupancy, and significant adverse changes in legal factors and business climate. If impairment indicators are present the Company performs a comparison of the projected cash flows of the property over its remaining useful life, on an undiscounted basis, to the carrying value of that property. The Company assesses its undiscounted projected cash flows based upon estimated capitalization rates, historic operating results and market conditions that may affect the property. If such carrying value is greater than the undiscounted projected cash flows, the Company would recognize an impairment loss equivalent to an amount required to adjust the carrying amount to its then estimated fair market value. The value of any property is sensitive to the actual results of any of the aforementioned estimated factors, either individually or taken as a whole. Should the actual results differ from management's projections, the valuation could be negatively or positively affected.

When incurred, the Company capitalizes the cost of improvements that extend the useful life of property and equipment. All repair and maintenance expenditures are expensed when incurred. In addition, we capitalize leasehold improvements when certain criteria are met, including when we supervise construction and will own the improvement. Tenant improvements we own are depreciated over the life of the respective lease or the estimated useful life of the improvements, whichever is shorter.

Interest, real estate taxes, development related salary costs and other carrying costs are capitalized on projects under construction. Once construction is substantially complete and the assets are placed in service, rental income, direct operating expenses, and depreciation associated with such properties are included in current operations.

In the initial rental operations of development projects, a project is considered substantially complete and available for occupancy upon completion of tenant improvements, but no later than one year from the cessation of major construction activity. Substantially completed portions of a project are accounted for as separate projects. Depreciation is calculated using the straight-line method and estimated useful lives of 35 to 50 years for base buildings and up to 20 years for certain other improvements.

Table of Contents

Deferred Leasing Costs

Certain initial direct costs incurred by the Company in negotiating and consummating successful leases are capitalized and amortized over the initial base term of the leases. Deferred leasing costs consist of commissions paid to third party leasing agents as well as internal direct costs such as employee compensation and payroll related fringe benefits directly related to time spent performing successful leasing related activities. Such activities include evaluating prospective tenants' financial condition, evaluating and recording guarantees, collateral and other security arrangements, negotiating lease terms, preparing lease documents and closing transactions. In addition, deferred leasing costs include amounts attributed to in-place leases associated with acquisition properties as determined pursuant to the application of SFAS No.141.

Revenue Recognition

Rental and interest income is accrued as earned except when doubt exists as to collectibility, in which case the accrual is discontinued. Recognition of rental income commences when control of the space has been given to the tenant. When rental payments due under leases vary from a straight-line basis because of free rent periods or scheduled rent increases, income is recognized on a straight-line basis throughout the initial term of the lease. Expense recoveries represent a portion of property operating expenses billed to tenants, including common area maintenance, real estate taxes and other recoverable costs. Expense recoveries are recognized in the period when the expenses are incurred. Rental income based on a tenant's revenue, known as percentage rent, is accrued when a tenant reports sales that exceed a specified breakpoint specified in the lease agreement.

Allowance for Doubtful Accounts - Current and Deferred Receivables

Accounts receivable primarily represent amounts accrued and unpaid from tenants in accordance with the terms of the respective leases, subject to the Company's revenue recognition policy. Receivables are reviewed monthly and reserves are established with a charge to current period operations when, in the opinion of management, collection of the receivable is doubtful. In addition to rents due currently, accounts receivable include amounts representing minimum rental income accrued on a straight-line basis to be paid by tenants over the remaining term of their respective leases. Reserves are established with a charge to income for tenants whose rent payment history or financial condition casts doubt upon the tenant's ability to perform under its lease obligations.

Legal Contingencies

The Company is subject to various legal proceedings and claims that arise in the ordinary course of business. These matters are generally covered by insurance. While the resolution of these matters cannot be predicted with certainty, the Company believes the final outcome of such matters will not have a material adverse effect on its financial position or the results of operations. Once it has been determined that a loss is probable to occur, the estimated amount of the loss is recorded in the financial statements. Both the amount of the loss and the point at which its occurrence is considered probable can be difficult to determine.

Table of ContentsResults of OperationsRevenue

<i>(Dollars in thousands)</i>	For the year ended December 31,			Percentage Change	
	2008	2007	2006	2008 to 2007	2007 to 2006
Base rent	\$ 124,999	\$ 118,806	\$ 110,121	5.2%	7.9%
Expense recoveries	29,066	26,090	22,636	11.4%	15.3%
Percentage rent	1,509	1,497	1,767	0.8%	-15.3%
Other	4,771	4,192	3,454	13.8%	21.4%
Total revenue	\$ 160,345	\$ 150,585	\$ 137,978	6.5%	9.1%

Note: *(Dollars in thousands)*

Base rent includes \$753, \$1,672 and \$2,089, for the years 2008, 2007 and 2006, respectively, to recognize base rent on a straight-line basis. In addition, base rent includes \$1,445, \$472 and \$408, for the years 2008, 2007 and 2006, respectively, to recognize income from the amortization of in-place leases in accordance with SFAS No. 141.

Total revenue increased 6.5% for the 2008 year compared to 2007 primarily due to (1) the contribution of operating revenue from three operating properties acquired during 2008 (Great Falls Center, BJ's Wholesale Club and Marketplace at Sea Colony), an operating property acquired July 2007 (Orchard Park) and a development property (Ashland Square) placed in service during the fourth quarter of 2007 together defined as the 2008/2007 Development and Acquisition Properties whose operating results are included in 2008's operating income but not fully in the previous year's results. The 2008/2007 Development and Acquisition Properties contributed \$4,943,000 or 50.6% of the increase in revenue. Also contributing to the 2008 revenue increase was a revenue increase of \$1,575,000 or 16.1% from the stabilization of Lansdowne Town Center. The balance of 2008's revenue growth resulted from rental rate growth, increased parking revenue and increased lease termination fees in the remainder of the Company's Current Portfolio Properties (the Core Properties).

Total revenue increased 9.1% for the 2007 year compared to 2006 primarily due to (1) the contribution of operating revenue from three development properties (Lansdowne Town Center, Broadlands Village III and Ashland Square Phase I) and an acquisition property (Orchard Park) placed in service during 2007 and two operating properties acquired during 2006, (Hunt Club Corners and Smallwood Village Center) together defined as the 2007/2006 Development and Acquisition Properties whose operating results are included in 2007's operating income but not fully in the previous year's results. The 2007/2006 Development and Acquisition Properties contributed \$7,013,000 or 55.6% of the increase in revenue. Also contributing to the 2007 revenue increase was rental rate growth in the remainder of the Company's Core Properties and increased lease termination fees. A discussion of the components of revenue follows.

Base rent

The \$6,193,000 increase in base rent for 2008 versus 2007 was primarily attributable (68.8% or approximately \$4,258,000) to leases in effect at the 2008/2007 Development and Acquisition Properties and the stabilization of Lansdowne Town Center (18.1% or approximately \$1,123,000). The balance of the increase was provided by rental rate growth in the Core Properties, particularly Southdale, Seven Corners and Leesburg Pike shopping centers, offset in part by base rent decreases at Broadlands Village, South Dekalb Plaza and Ashburn Village resulting from tenant vacancies.

Table of Contents

The \$8,685,000 increase in base rent for 2007 versus 2006 was primarily attributable (68.5% or approximately \$5,950,000) to leases in effect at the 2007/2006 Development and Acquisition Properties. New leases at higher base rental rates than the predecessor leases at certain other properties accounted for the balance of the increase.

Expense recoveries

Expense recoveries represent a portion of property operating expenses billable to tenants, including common area maintenance, real estate taxes and other recoverable costs. The largest single contributor to the \$2,976,000 increase in expense recovery income in 2008 compared to 2007, resulted from billings to tenants for their share of increased real estate tax expense in the Core Properties (58.0% or approximately \$1,727,000). The operation of the 2008/2007 Development and Acquisition Properties (21.5% or approximately \$639,000) and property operating expenses (20.5% or approximately \$610,000) throughout the Core Properties accounted the balance of the increase.

The largest portion of the \$3,454,000 increase in expense recovery income from 2006 to 2007 resulted from recovery of increased real estate tax resulting from higher assessed valuations in the Core Properties, and to a lesser extent the payment of taxes at 2007/2006 Development and Acquisition Properties (40.6% or approximately \$1,402,000). Increased property operating expenses, particularly snow removal costs, at the Core Properties (39.4% or approximately \$1,360,000) and 2007/2006 Development and Acquisition Properties (20.0% or approximately \$692,000) contributed the balance of the increase.

Percentage rent

Percentage rent is rental revenue calculated on the portion of a tenant's sales revenue that exceeds a specified breakpoint. Percentage rent increased slightly for 2008 compared to 2007.

Percentage rent decreased \$270,000 in 2007 versus 2006 primarily as a result of timing differences in the submission of sales reports used to calculate percentage rent by two retail tenants (50.7% or approximately \$137,000, each).

Other revenue

Other revenue consists primarily of parking revenue at three of the Office Properties, temporary lease rental income, payments associated with early termination of leases and interest income from the investment of cash balances. The increase in other revenue for 2008 compared to 2007 resulted primarily from increased parking revenue primarily at 601 Pennsylvania Avenue (38.2% or approximately \$221,000), increased lease termination fees (29.7% or approximately \$172,000), and interest income resulting from the investment of increased cash balances (23.7% or approximately \$137,000).

Other revenue increased \$738,000 during 2007 versus 2006 as a result of increased lease termination fees (62.3% or approximately \$460,000), increased interest income from short-term investments (16.3% or approximately \$120,000), and increased parking revenue in the office portfolio (11.7% or approximately \$86,000).

Table of Contents**Operating expenses**

<i>(Dollars in thousands)</i>	For the year ended December 31,			Percentage Change	
	2008	2007	2006	2008 to 2007	2007 to 2006
Property operating expenses	\$ 19,877	\$ 18,758	\$ 16,278	6.0%	15.2%
Provision for credit losses	1,113	376	400	196.0%	-6.0%
Real estate taxes	16,608	14,084	12,503	17.9%	12.6%
Interest expense and amortization of deferred debt	34,278	33,855	32,534	1.2%	4.1%
Depreciation and amortization	29,783	26,464	25,648	12.5%	3.2%
General and administrative	12,321	11,666	10,142	5.6%	15.0%
Total operating expenses	\$ 113,980	\$ 105,203	\$ 97,505	8.3%	7.9%

Property operating expenses

Property operating expenses consist primarily of repairs and maintenance, utilities, payroll, insurance and other property related expenses. The largest single item contributing to the \$1,119,000 increase in 2008 property operating expenses compared to the 2007 year was utility expense in the Core Properties (41.4% or approximately \$463,000), a 10.8% increase over the prior year's amount. The operation of the 2008/2007 Development and Acquisition Properties contributed 32.3% or approximately \$361,000. The balance of the 2008 increase represents a 2.0% increase in repairs and maintenance, payroll, insurance and other property related expenses for the Core Properties.

The \$2,480,000 increase in 2007 versus 2006 property operating expenses was caused primarily by the operation of the 2007/2006 Development and Acquisition Properties (47.9% or approximately \$1,188,000) and increased snow removal costs due to winter storms experienced during the 2007 year (22.1% or approximately \$549,000). The balance of the increase represents a 4.9% increase in property operating expenses for the Core Properties.

Provision for credit losses

The provision for credit losses represents the Company's estimation that amounts previously included in income and owed by tenants may not be collectible. The largest contributor to the \$737,000 credit loss increase in 2008 versus 2007 was a provision established for a rent dispute with a major tenant (55.5% or approximately \$409,000). The Company established credit loss reserves for tenant rents receivable the majority of which were independent, small shop retailers, primarily at the Company's Loudoun County, Northern Virginia shopping centers. The provision for credit losses of approximately seven tenths of one percent (0.7%) and three tenths of one percent (0.3%), of total revenue for 2008 and 2007, respectively, reflects the deteriorating impact of the declining housing conditions and frozen credit market.

The provision for credit losses was virtually unchanged from the prior year, a decrease of \$24,000 for 2007 versus 2006. The provision for credit losses is less than three tenths of one percent (0.3%) of total revenue for each year, a reflection of the relative credit quality of the Company's tenants.

Real estate taxes

The \$2,524,000 increase in real estate taxes for 2008 versus 2007 was primarily due to a same property shopping center increase of \$1,619,000 (64.1% of total real estate tax increase), a 16.5% increase over 2007's amount, impacted largely by increased expense at several of the Company's Northern Virginia shopping centers.

Table of Contents

The Office Properties, particularly Van Ness Square and 601 Pennsylvania Avenue, contributed toward the increase (22.3% or approximately \$564,000), a 13.6% increase over 2007's amount, as well as the 2008/2007 Development and Acquisition Properties (13.6% or approximately \$341,000).

The \$1,581,000 increase in real estate taxes for 2007 versus 2006 was largely impacted by an increased value assessment at 601 Pennsylvania Avenue (35.8% or approximately \$566,000). The 2007/2006 Development and Acquisition Properties also contributed to the increase (24.0% or approximately \$380,000). In addition, several of the Company's properties (Ashburn Village, Beacon Center, Countryside, The Glen and White Oak) received increases in assessed values during 2007 resulting in increased tax expense (together 28.3% or approximately \$447,000).

Interest and amortization of deferred debt

Interest expense increased \$423,000 in 2008 versus 2007 due to increased borrowing for the 2008/2007 Development and Acquisition Properties offset in part by increased capitalized interest on development projects. Average outstanding borrowing increased approximately \$35,785,000 (average fixed rate borrowings increased approximately \$38,678,000 while average variable rate borrowings (revolving credit line and construction loans) decreased approximately \$2,893,000). The new borrowing reduced the average interest rate by approximately 0.13%. The combined impact of the new borrowings, at a lower average rate, resulted in an approximately \$1,700,000 increase in interest expense. Interest capitalized as a cost of construction and development projects increased during 2008 compared to 2007 which resulted in a decrease of interest expense by approximately \$1,270,000 (\$4,159,000 versus \$2,889,000) resulting primarily from construction activity at Clarendon Center, Northrock and Westview Village. Increased deferred debt cost amortization increased interest expense by approximately \$13,000 (\$1,162,000 versus \$1,149,000).

Interest expense increased \$1,261,000 and Deferred debt cost amortization increased \$60,000 in 2007 versus 2006. Interest expense increased primarily due to the placement of a new permanent 15-year fixed rate mortgage on Lansdowne Town Center. During 2006, interest on Lansdowne's construction borrowings were capitalized while those dollars were largely expensed in 2007 as the property became fully operational. On a portfolio wide basis, the average outstanding borrowings from 2006 to 2007 increased approximately \$13,000,000 (approximately \$871,000 increase in interest expense). Additionally, interest capitalized as a cost of construction and development projects decreased during 2007 compared to 2006 (\$784,000 increase in interest expense). The change in capitalized interest is the equivalent of approximately \$11,500,000 in construction borrowings converted to operating property debt. Offsetting these increases in interest expense was an approximately 8 basis point decrease in the average interest rate for the loan portfolio resulting from Lansdowne's permanent mortgage rate being lower than the variable rate borrowings the permanent loan replaced (\$394,000 decrease in interest expense). Deferred debt cost amortization expense was \$1,149,000 and \$1,089,000, for the 2007 and 2006 periods, respectively, (\$60,000 increase in interest expense).

Depreciation and amortization

The \$3,319,000 increase in depreciation and amortization of deferred leasing costs resulted primarily from asset retirements in conjunction with the redevelopment of Smallwood Village Center and Clarendon Center development (42.4% or approximately \$1,406,000) and the commencement of depreciation on the 2008/2007 Development and Acquisition Properties placed in service during the preceding twelve months (22.0% or approximately \$729,000). The write-off of deferred leasing costs and undepreciated leasehold improvements from tenants terminating their leases prior to their contractual lease expiration dates contributed to the remaining increase in depreciation and amortization of deferred leasing costs.

The \$816,000 increase in depreciation and amortization expense resulted primarily from the 2007/2006 Development and Acquisition Properties placed in service during 2007 and 2006, and reflects the Company's reduced level of acquisition activity compared to the 2004 and 2005 years.

Table of Contents

General and administrative

General and administrative expenses consists of payroll, administrative and other overhead expenses. The \$655,000 increase in general and administrative expenses for 2008 compared to 2007 resulted from increased staff expenses (88.9% or approximately \$582,000) and real estate tax on land held for investment (31.0% or approximately \$203,000), offset in part by reduced professional fees.

The \$1,524,000 increase in general and administrative expenses for 2007 versus 2006 was largely attributable to increased payroll and employee benefit expenses for staff over 2006 levels and to the addition of several new administrative staff members (49.1% or approximately \$748,000), the write-off of costs related to an abandoned acquisition of a land parcel (31.8% or approximately \$484,000) and an increase in non-cash expense related to the issue of options to the Company's directors and officers (19.4% or approximately \$296,000).

Gain on property dispositions

In 2008, the Company recognized a gain of approximately \$1,096,000, arising from insurance proceeds related to minor fire damage sustained at two shopping centers. The insurance proceeds are expected to fund substantially all of the restoration. The gain recognized was measured as the difference between insurance proceeds and the depreciated carrying value of the assets replaced. Additionally, the Company recognized a gain on property dispositions of approximately \$205,000 representing proceeds from an insurance settlement for HVAC units vandalized at the Company's West Park shopping center in Oklahoma City, Oklahoma.

The Company recognized a gain on the disposition of real estate of \$139,000 in 2007. The 2007 gain represents additional condemnation proceeds recognized from the State of Maryland's condemnation and taking of a small strip of unimproved land for a road widening project at White Oak shopping center. Original proceeds from the condemnation were received in 2004. There were no property dispositions in 2006.

Impact of Inflation

Inflation has remained relatively low during 2008 and 2007, with the exception of energy costs which fluctuated widely during 2008. Rising energy prices caused increases in utility expense, primarily gas and electric costs. The impact of rising operating expenses on the operating performance of the Company's portfolio however, has been mitigated by terms of substantially all of the Company's leases which contain provisions designed to increase revenues to offset the adverse impact of inflation on the Company's results of operations. These provisions include upward periodic adjustments in base rent due from tenants, usually based on a stipulated increase and to a lesser extent on a factor of the change in the consumer price index, commonly referred to as the CPI.

In addition, substantially all of the Company's properties are leased to tenants under long-term leases, which provide for reimbursement of operating expenses by tenants. These leases tend to reduce the Company's exposure to rising property expenses due to inflation. Inflation and increased costs may have an adverse impact on the Company's tenants if increases in their operating expenses exceed increases in their revenue.

Table of Contents**Liquidity and Capital Resources**

Cash and cash equivalents were \$13,006,000 and \$5,765,000 at December 31, 2008 and 2007, respectively. The changes in cash and cash equivalents during the years ended December 31, 2008 and 2007 were attributable to operating, investing and financing activities, as described below.

<i>(Dollars in thousands)</i>	Year Ended December 31,	
	2008	2007
Cash provided by operating activities	\$ 73,101	\$ 71,197
Cash used in investing activities	(115,070)	(52,036)
Cash provided by (used in) financing activities	49,210	(21,457)
Increase (decrease) in cash	\$ 7,241	\$ (2,296)

Operating Activities

Cash provided by operating activities increased \$1,904,000 to \$73,101,000 for the year ended December 31, 2008 compared to \$71,197,000 for the year ended December 31, 2007 primarily reflecting increased operating income of the 2008/2007 Development and Acquisition Properties as well as positive contributions from the core portfolio. Cash provided by operating activities represents, in each year, cash received primarily from rental income, plus other income, less property operating expenses, normal recurring general and administrative expenses and interest payments on debt outstanding.

Investing Activities

Cash used in investing activities increased \$63,034,000 to \$115,070,000 for the year ended December 31, 2008 compared to \$52,036,000 for the year ended December 31, 2007. Investing activities for 2008 primarily reflects the acquisition of properties (Great Falls Center, BJ's Wholesale and Marketplace at Sea Colony), the construction of new and renovated shopping center properties (Clarendon Center, Northrock and Westview Village developments and the Smallwood Village Center and Boulevard renovations), tenant improvements and property capital expenditures throughout the portfolio. Investing activities for 2007 primarily reflects the development and construction of new properties (Lansdowne Town Center, Ashburn Village V, Ashland Square and Clarendon Center), the acquisition of properties (Orchard Park and the Westview land parcel), other construction in progress, tenant improvements and property capital expenditures throughout the portfolio. Tenant improvement and property capital expenditures totaled \$9,986,000 and \$7,302,000, for 2008 and 2007, respectively.

Financing Activities

Cash provided by financing activities for the year ended December 31, 2008 was \$49,210,000 and cash used by financing activities for the year ended December 31, 2007 was \$21,457,000. Cash provided by financing activities for the year ended December 31, 2008 primarily reflects:

proceeds from the issuance of Series B preferred stock (net of issuance costs) totaling \$76,321,000;

amounts borrowed from the revolving credit facility totaling \$19,000,000;

proceeds received from five new mortgage notes payable totaling \$49,005,000; and

\$4,543,000 of proceeds received from the issuance of common stock under the dividend reinvestment program and from the exercise of stock options;

Table of Contents

which was partially offset by:

the scheduled repayment (amortization) of mortgage notes payable totaling \$16,585,000;

the repayments of the revolving credit facility totaling \$27,000,000;

distributions made to common stockholders and holders of convertible limited partnership units in the Operating Partnership during the year totaling \$43,633,000;

distributions made to preferred stockholders during the year totaling \$11,668,000; and

payments of \$773,000 for financing costs of five new mortgage loans during 2008.

Cash used in financing activities for the year ended December 31, 2007 primarily reflects:

the repayment of borrowings on mortgage notes payable totaling \$14,717,000;

amounts repaid under the revolving credit facility totaling \$47,000,000;

distributions made to common stockholders and holders of convertible limited partnership units in the Operating Partnership during the year totaling \$40,613,000;

distributions made to preferred stockholders during the year totaling \$8,000,000; and

payments of \$2,085,000 for financing costs of the revolving credit facility and two mortgage loans during 2005.

which was partially offset by:

\$52,000,000 of proceeds received from mortgage notes payable incurred during the year;

amounts borrowed from the revolving credit facility totaling \$20,000,000; and

\$18,958,000 of proceeds received from the issuance of common stock under the dividend reinvestment program and from the exercise of stock options, and from the issuance of convertible limited partnership interests in the Operating Partnership.

Liquidity Requirements

Short-term liquidity requirements consist primarily of normal recurring operating expenses and capital expenditures, debt service requirements (including debt service relating to additional and replacement debt), distributions to common and preferred stockholders, distributions to unit

Edgar Filing: SAUL CENTERS INC - Form 10-K

holders and amounts required for expansion and renovation of the Current Portfolio Properties and selective acquisition and development of additional properties. In order to qualify as a REIT for federal income tax purposes, the Company must distribute to its stockholders at least 90% of its real estate investment trust taxable income, as defined in the Code. The Company expects to meet these short-term liquidity requirements (other than amounts required for additional property acquisitions and developments) through cash provided from operations, available cash and its existing line of credit.

Long-term liquidity requirements consist primarily of obligations under our long-term debt and dividends paid to our preferred shareholders. We anticipate that long-term liquidity requirements will also include amounts required for property acquisitions and developments. Management anticipates that during the coming year the Company:

Table of Contents

may redevelop certain of the Current Portfolio Properties,

may develop additional freestanding outparcels or expansions within certain of the Shopping Centers,

will continue to develop its construction in progress properties.

Acquisition and development of properties are undertaken only after careful analysis and review, and management's determination that such properties are expected to provide long-term earnings and cash flow growth. During the coming year, developments, expansions or acquisitions are expected to be funded with available cash, bank borrowings from the Company's credit line, construction and permanent financing, proceeds from the operation of the Company's dividend reinvestment plan or other external debt or equity capital resources available to the Company and proceeds from the sale of properties. Borrowings may be at the Saul Centers, Operating Partnership or Subsidiary Partnership level, and securities offerings may include (subject to certain limitations) the issuance of additional limited partnership interests in the Operating Partnership which can be converted into shares of Saul Centers common stock. The availability and terms of any such financing will depend upon market and other conditions.

Contractual Payment Obligations

As of December 31, 2008, the Company had unfunded contractual payment obligations of approximately \$75.1 million, excluding operating obligations, due within the next 12 months. The table below specifies the total contractual payment obligations as of December 31, 2008.

<i>(Dollars in thousands)</i>	Total	Payments Due By Period			
		Less than 1 Year	1-3 Years	4-5 Years	After 5 Years
Contractual Obligations					
Notes Payable	\$ 567,495	\$ 18,054	\$ 121,729	\$ 160,059	\$ 267,653
Operating Leases (1)	11,101	165	342	352	10,242
Corporate Headquarters Lease (1)	2,638	807	1,688	143	
Development Obligations	115,831	56,081	59,750		
Total Contractual Cash Obligations	\$ 697,065	\$ 75,107	\$ 183,509	\$ 160,554	\$ 277,895

(1) See Note 7 to Consolidated Financial Statements. Corporate Headquarters Lease amounts represent an allocation to the Company based upon employees' time dedicated to the Company's business as specified in the Shared Services Agreement. Future amounts are subject to change as the number of employees, employed by each of the parties to the lease, fluctuate.

Management believes that the Company's cash flow from operations and its capital resources, which at December 31, 2008 included cash balances of \$13.0 million, borrowing availability of approximately \$150.0 million on its revolving line of credit and borrowing availability of approximately \$160.0 million on its two construction loans will be sufficient to meet its contractual obligations for the foreseeable future.

Preferred Stock Issues

On March 20, 2008, the Company filed a shelf registration statement with the SEC relating to the future offering of up to an aggregate of \$140 million of preferred stock and depositary shares. On March 27, 2008, the Company sold 3,000,000 depositary shares, each representing 1/100th of a share of 9% Series B Cumulative Redeemable Preferred Stock, providing net cash proceeds of \$72.1 million. The underwriters exercised an over-

Table of Contents

allotment option, purchasing an additional 173,115 depositary shares providing additional net cash proceeds of \$4.2 million.

The depositary shares may be redeemed, in whole or in part, at the \$25.00 liquidation preference at the Company's option on or after March 15, 2013. The depositary shares will pay an annual dividend of \$2.25 per share, equivalent to 9% of the \$25.00 liquidation preference. The first dividend was paid on July 15, 2008 and covered the period from March 27, 2008 through June 30, 2008. The Series B preferred stock has no stated maturity, is not subject to any sinking fund or mandatory redemption and is not convertible into any other securities of the Company. Investors in the depositary shares generally have no voting rights, but will have limited voting rights if the Company fails to pay dividends for six or more quarters (whether or not declared or consecutive) and in certain other events.

Net proceeds from the issuance of approximately \$76.3 million were used to fully repay \$22.0 million then outstanding under the Company's revolving credit facility and approximately \$31.5 million was used to acquire three operating shopping center properties on March 28, 2008 (\$61.1 million acquisition cost less financing proceeds of \$29.6 million from loans secured by the acquisition properties). The remaining \$22.8 million was initially invested in short-term certificates of deposit and subsequently used to fund certain of the Company's development and redevelopment projects.

On July 16, 2003, the Company filed a shelf registration statement with the SEC relating to the future offering of up to an aggregate of \$100 million of preferred stock and depositary shares. On November 5, 2003, the Company sold 3,500,000 depositary shares, each representing 1/100th of a share of 8% Series A Cumulative Redeemable Preferred Stock. The underwriters exercised an over-allotment option, purchasing an additional 500,000 depositary shares on November 26, 2003.

The depositary shares may be redeemed, in whole or in part, at the \$25.00 liquidation preference at the Company's option on or after November 5, 2008. The depositary shares pay an annual dividend of \$2.00 per depositary share, equivalent to 8% of the \$25.00 liquidation preference. The Series A preferred stock has no stated maturity, is not subject to any sinking fund or mandatory redemption and is not convertible into any other securities of the Company. Investors in the depositary shares generally have no voting rights, but will have limited voting rights if the Company fails to pay dividends for six or more quarters (whether or not declared or consecutive) and in certain other events.

Dividend Reinvestments

In December 1995, the Company established a Dividend Reinvestment Plan (the "Plan") to allow its common stockholders and holders of limited partnership interests an opportunity to buy additional shares of common stock by reinvesting all or a portion of their dividends or distributions. The Plan provides for investing in newly issued shares of common stock at a 3% discount from market price without payment of any brokerage commissions, service charges or other expenses. All expenses of the Plan are paid by the Company. The Company issued 74,215 and 381,662 shares under the Plan at a weighted average discounted price of \$47.44 and \$48.11 per share during the years ended December 31, 2008 and 2007, respectively. The Company also credited 9,605 and 7,535 shares to directors pursuant to the reinvestment of dividends specified by the Directors' Deferred Compensation Plan at a weighted average discounted price of \$43.71 and \$49.13 per share, during the years ended December 31, 2008 and 2007, respectively.

Table of Contents

Capital Strategy and Financing Activity

As a general policy, the Company intends to maintain a ratio of its total debt to total asset value of 50% or less and to actively manage the Company's leverage and debt expense on an ongoing basis in order to maintain prudent coverage of fixed charges. Asset value is the aggregate fair market value of the Current Portfolio Properties and any subsequently acquired properties as reasonably determined by management by reference to the properties' aggregate cash flow. Given the Company's current debt level, it is management's belief that the ratio of the Company's debt to total asset value was below 50% as of December 31, 2008.

The organizational documents of the Company do not limit the absolute amount or percentage of indebtedness that it may incur. The Board of Directors may, from time to time, reevaluate the Company's debt capitalization policy in light of current economic conditions, relative costs of capital, market values of the Company property portfolio, opportunities for acquisition, development or expansion, and such other factors as the Board of Directors then deems relevant. The Board of Directors may modify the Company's debt capitalization policy based on such a reevaluation without shareholder approval and consequently, may increase or decrease the Company's debt to total asset ratio above or below 50% or may waive the policy for certain periods of time. The Company selectively continues to refinance or renegotiate the terms of its outstanding debt in order to achieve longer maturities, and obtain generally more favorable loan terms, whenever management determines the financing environment is favorable.

Table of Contents

The following is a summary of notes payable as of December 31, 2008 and 2007:

Notes Payable (Dollars in thousands)	December 31,		Interest Rate *	Scheduled Maturity *

- * Interest rate and scheduled maturity data presented as of December 31, 2008. Totals computed using weighted averages.
- (a) The loan is collateralized by Avenel Business Park, Van Ness Square, Ashburn Village, Leesburg Pike, Lumberton Plaza and Village Center. The loan has been increased on four occasions since its inception in 1997. The 8.00% blended interest rate is the weighted average of the initial loan rate and additional borrowing rates. The loan requires equal monthly principal and interest payments of \$920,000 based upon a weighted average 23-year amortization schedule and a final payment of \$63,153,000 at loan maturity. Principal of \$4,589,000 was amortized during 2008.
- (b) The loan is collateralized by nine shopping centers (Seven Corners, Thruway, White Oak, Hampshire Langley, Great Eastern, Southside Plaza, Belvedere, Giant and Ravenwood) and requires equal monthly principal and interest payments of \$1,103,000 based upon a 25-year amortization schedule and a final payment of \$97,403,000 at loan maturity. Principal of \$4,069,000 was amortized during 2008.
- (c) The loan is collateralized by Smallwood Village Center and requires equal monthly principal and interest payments of \$71,000 based upon a 30 year amortization schedule and a final payment of \$10,071,000 at loan maturity. Principal of \$176,000 was amortized during 2008.

Table of Contents

- (d) *The loan is collateralized by 601 Pennsylvania Avenue and requires equal monthly principal and interest payments of \$294,000 based upon a 25-year amortization schedule and a final payment of \$22,961,000 at loan maturity. Principal of \$1,204,000 was amortized during 2008.*
- (e) *The loan is collateralized by Cruse MarketPlace and requires equal monthly principal and interest payments of \$56,000 based upon an amortization schedule of approximately 24 years and a final payment of \$6,830,000 at loan maturity. Principal of \$212,000 was amortized during 2008.*
- (f) *The loan is collateralized by Seabreeze Plaza. During 2008, the Company increased the mortgage and borrowed an additional \$3,000,000. The combination of the original note and the 2008 note required equal monthly principal and interest payments totaling \$102,000 based upon a weighted average 26-year amortization schedule and a final payment of \$13,278,000 is due at loan maturity. Principal of \$359,000 was amortized during 2008.*
- (g) *The loan is collateralized by Shops at Fairfax and Boulevard shopping centers. During 2008, the Company increased the mortgage and borrowed an additional \$7,500,000. The combination of the original note and the 2008 note required equal monthly principal and interest payments totaling \$156,000 based upon a weighted average 23-year amortization schedule and a final payment of \$15,168,000 is due at loan maturity. Principal of \$443,000 was amortized during 2008.*
- (h) *The loan is collateralized by Washington Square and requires equal monthly principal and interest payments of \$264,000 based upon a 27.5-year amortization schedule and a final payment of \$28,012,000 at loan maturity. Principal of \$836,000 was amortized during 2008.*
- (i) *The loan, consisting of two notes dated December 2003 and two notes dated February and December 2004, is currently collateralized by three shopping centers, Broadlands Village (Phases I, II & III), The Glen and Kentlands Square, and requires equal monthly principal and interest payments of \$306,000 based upon a 25-year amortization schedule and a final payment of \$28,393,000 at loan maturity. Principal of \$1,082,000 was amortized during 2008.*
- (j) *The loan is collateralized by Olde Forte Village and requires equal monthly principal and interest payments of \$98,000 based upon a 25-year amortization schedule and a final payment of \$8,985,000 at loan maturity. Principal of \$352,000 was amortized during 2008.*
- (k) *The loan is collateralized by Countryside and requires equal monthly principal and interest payments of \$133,000 based upon a 25-year amortization schedule and a final payment of \$12,288,000 at loan maturity. Principal of \$487,000 was amortized during 2008.*
- (l) *The loan is collateralized by Briggs Chaney MarketPlace and requires equal monthly principal and interest payments of \$133,000 based upon a 25-year amortization schedule and a final payment of \$12,192,000 at loan maturity. Principal of \$466,000 was amortized during 2008.*
- (m) *The loan is collateralized by Shops at Monocacy and requires equal monthly principal and interest payments of \$112,000 based upon a 25-year amortization schedule and a final payment of \$10,568,000 at loan maturity. Principal of \$436,000 was amortized during 2008.*
- (n) *The loan is collateralized by Boca Valley Plaza and requires equal monthly principal and interest payments of \$75,000 based upon a 30-year amortization schedule and a final payment of \$9,149,000 at loan maturity. Principal of \$198,000 was amortized during 2008.*
- (o) *The loan is collateralized by Palm Springs Center and requires equal monthly principal and interest payments of \$75,000 based upon a 25-year amortization schedule and a final payment of \$7,075,000 at loan maturity. Principal of \$282,000 was amortized during 2008.*
- (p) *The loan is collateralized by Jamestown Place and requires equal monthly principal and interest payments of \$66,000 based upon a 25-year amortization schedule and a final payment of \$6,102,000 at loan maturity. Principal of \$214,000 was amortized during 2008.*
- (q) *The loan is collateralized by Hunt Club Corners and requires equal monthly principal and interest payments of \$42,000 based upon a 30-year amortization schedule and a final payment of \$5,018,000 at loan maturity. Principal of \$93,000 was amortized during 2008.*
- (r) *The loan is collateralized by Lansdowne Town Center and requires monthly principal and interest payments of \$230,000 based on a 30-year amortization schedule and a final payment of \$28,177,000 at loan maturity. Principal of \$542,000 was amortized during 2008.*

Table of Contents

- (s) *The loan is collateralized by Orchard Park and requires equal monthly principal and interest payments of \$73,000 based upon a 30-year amortization schedule and a final payment of \$8,628,000 at loan maturity. Principal of \$147,000 was amortized during 2008.*
- (t) *The loan is collateralized by BJ's Wholesale and requires equal monthly principal and interest payments of \$80,000 based upon a 30-year amortization schedule and a final payment of \$9,305,000 at loan maturity. Principal of \$95,000 was amortized during 2008.*
- (u) *The loan, consisting of two notes dated February 2004 and April 2008, is collateralized by Great Falls shopping center. The 2004 note requires equal monthly principal and interest payments of \$83,000 based upon a 20-year amortization schedule. The 2008 note of \$6,525,000 requires interest only payments of \$37,000 based upon and interest rate of 6.8% until May 2009, at which time the loan requires equal monthly principal and interest payments of \$43,000 based upon a 30-year amortization schedule. Both loans mature February 1, 2024 at which time a final payment of \$1,378,000 will be due. Principal of \$303,000 was amortized during 2008.*
- (v) *The loan is an unsecured revolving credit facility totaling \$150,000,000. Interest expense during 2008 was calculated based upon the 1 month LIBOR rate plus a spread of 1.475% (reduced to 1.40% effective April 1, 2008) or upon the bank's reference rate at the Company's option. The line may be extended one year with payment of a fee of 1/4% at the Company's option. Monthly payments, if applicable, are interest only and vary depending upon the amount outstanding and the applicable interest rate for any given month.*
- (w) *The loan is a secured construction loan facility totaling \$21,822,000 to fund the development of Northrock shopping center. Interest charges are funded by the construction loan and are calculated based upon the 1 month LIBOR rate plus a spread of 1.60%. The loan may be extended two years, at the Company's option, subject to the completion of construction and certain debt coverage requirements. Interest charges of approximately \$247,000 accrued and were capitalized as costs of construction during 2008.*
- (x) *The loan is a secured construction loan facility totaling \$157,500,000 to fund the development of Clarendon Center. Interest charges are funded by the construction loan and are calculated based upon the 1 month LIBOR rate plus a spread of 2.50%. The loan may be extended for two additional 9-month periods, subject to the satisfaction of certain conditions. Interest charges of approximately \$105,000 accrued and were capitalized as costs of construction during 2008.*

The December 31, 2008 and 2007 depreciation adjusted cost of properties collateralizing the mortgage notes payable totaled \$693,205,000 and \$557,820,000, respectively. The Company's credit facility requires the Company and its subsidiaries to maintain certain financial covenants. As of December 31, 2008, the material covenants required the Company, on a consolidated basis, to:

limit the amount of debt so as to maintain a gross asset value, as defined in the loan agreement, in excess of liabilities of at least \$600 million plus 90% of the Company's future net equity proceeds;

limit the amount of debt as a percentage of gross asset value, as defined in the loan agreement, to less than 60% (leverage ratio);

limit the amount of debt so that interest coverage will exceed 2.5 to 1 on a trailing 12-full calendar month basis;

limit the amount of debt so that interest, scheduled principal amortization and preferred dividend coverage exceeds 1.6 to 1; and

limit the amount of variable rate debt and debt with initial loan terms of less than five years to no more than 40% of total debt. As of December 31, 2008, the Company was in compliance with all such covenants.

Table of Contents

2008 Financing Activity

On February 29, 2008, the Company closed on a \$7,500,000 increase to a fixed-rate mortgage secured by Shops at Fairfax and Boulevard shopping centers. The loan matures June 1, 2015 (same as the original financing), requires monthly interest only payments of \$38,000, based upon a 6.08% interest rate, and requires a final principal payment of \$7,500,000 at maturity. The Company has initially guaranteed \$1,875,000 of this loan until the Boulevard redevelopment is completed and until certain debt service coverage tests are achieved.

On March 23, 2008, the Company closed on a \$3,000,000 increase to a fixed-rate mortgage secured by Seabreeze Plaza. The loan matures May 1, 2014 (same as the original financing), requires equal monthly principal and interest payments of \$17,794, based upon a 5.90% interest rate and 30-year principal amortization, and requires a final principal payment of approximately \$2,738,000 at maturity.

On March 28, 2008, the Company assumed a fully amortizing fixed-rate mortgage loan in the amount of approximately \$10,349,000, secured by the acquisition property, Great Falls Center. The loan matures February 1, 2024 and requires equal monthly principal and interest payments of \$83,113, based upon a 5.80% interest rate and 20-year principal amortization. Management determined the mortgage loan was fairly valued at acquisition because the terms of the loan were not materially different from current market terms.

On March 31, 2008, the Company closed on a new 15-year, fixed-rate mortgage loan in the amount of \$12,750,000, secured by the BJ's Wholesale Club center. The loan matures April 1, 2023, requires equal monthly principal and interest payments of \$80,003, based upon a 6.43% interest rate and 30-year principal amortization, and requires a final principal payment of approximately \$9,255,000 at maturity.

In April 2008, the Company closed on a \$10,825,000 additional financing secured by the Great Falls Center. Funding in the amount of \$6,525,000 occurred on April 6, 2008, payable at an interest rate of 6.80%, interest only for the first year, after which amortization will commence on a 30-year amortization schedule, requiring monthly payments of principal and interest totaling \$42,538. A final principal payment of approximately \$1,274,000 will be due at maturity on February 1, 2024. The Company has initially guaranteed \$2,000,000 of this loan, with the amount of any additional advance to also be guaranteed until certain debt service coverage tests are achieved. The balance totaling \$4,300,000 is a forward commitment to be funded prior to March 31, 2009, subject to achieving certain re-leasing requirements.

In May 2008, the Company closed on a \$21,822,000 secured construction loan, to fund the development of Northrock shopping center in Warrenton, Virginia. Funding in the amount of approximately \$6,495,000 occurred at closing. The loan accrues interest, payable at an interest rate of LIBOR plus 1.6%. The loan matures on May 1, 2011, with one 2-year extension option, exercisable at the Company's option subject to completion of improvements and certain debt service coverage requirements. The loan is 100% guaranteed by the Company until such time as the construction is complete, at which time the guarantee will be limited to 50% of the total principal outstanding. Approximately \$12,817,000 was outstanding as of December 31, 2008.

Also in May 2008, the Company closed a \$157,500,000 secured construction loan to finance the development of Clarendon Center, a mixed-use development adjacent to the Clarendon Metro station in Arlington, Virginia. The Company has guaranteed the loan, with the guarantee to be reduced subject to certain conditions related to pre-leasing, completion of construction and net operating income from the project. The loan accrues interest at an interest rate of LIBOR plus 2.5% and matures on November 14, 2011, which term may be extended by the Company for two additional 9-month periods, subject to the satisfaction of certain conditions. Approximately \$6,413,000 was outstanding as of December 31, 2008.

Table of ContentsOff-Balance Sheet Arrangements

The Company has no off-balance sheet arrangements that are reasonably likely to have a current or future material effect on the Company's financial condition, revenue or expenses, results of operations, liquidity, capital expenditures or capital resources.

Funds From Operations

In 2008, the Company reported Funds From Operations (FFO)¹ available to common shareholders (common stockholders and limited partner unitholders) of \$62,695,000 representing a 1.8% decrease compared to 2007 FFO available to common shareholders of \$63,846,000. The following table presents a reconciliation from net income to FFO available to common shareholders for the periods indicated:

<i>(Dollars in thousands)</i>	For the Year Ended December 31,				
	2008	2007	2006	2005	2004
Net income	\$ 39,694	\$ 36,703	\$ 32,680	\$ 29,227	\$ 26,174
Subtract:					
Gain on property dispositions	(1,301)	(139)			(572)
Add:					
Minority interests	7,972	8,818	7,793	7,798	8,105
Real estate depreciation and amortization	29,783	26,464	25,648	24,197	21,324
FFO	76,148	71,846	66,121	61,222	55,031
Preferred dividends	(13,453)	(8,000)	(8,000)	(8,000)	(8,000)
FFO available to common shareholders	\$ 62,695	\$ 63,846	\$ 58,121	\$ 53,222	\$ 47,031
Average shares and units used to compute FFO per share	23,377	23,185	22,628	22,003	21,405

¹ The National Association of Real Estate Investment Trusts (NAREIT) developed FFO as a relative non-GAAP financial measure of performance of an equity REIT in order to recognize that income-producing real estate historically has not depreciated on the basis determined under GAAP. FFO is defined by NAREIT as net income, computed in accordance with GAAP, plus minority interests, extraordinary items and real estate depreciation and amortization, excluding gains or losses from property sales. FFO does not represent cash generated from operating activities in accordance with GAAP and is not necessarily indicative of cash available to fund cash needs, which is disclosed in the Company's Consolidated Statements of Cash Flows for the applicable periods. There are no material legal or functional restrictions on the use of FFO. FFO should not be considered as an alternative to net income, its most directly comparable GAAP measure, as an indicator of the Company's operating performance, or as an alternative to cash flows as a measure of liquidity. Management considers FFO a meaningful supplemental measure of operating performance because it primarily excludes the assumption that the value of the real estate assets diminishes predictably over time (i.e. depreciation), which is contrary to what we believe occurs with our assets, and because industry analysts have accepted it as a performance measure. FFO may not be comparable to similarly titled measures employed by other REITs.

Table of Contents

Acquisitions, Redevelopments and Renovations

Management anticipates that during the coming year the Company: (i) may redevelop certain of the Current Portfolio Properties, (ii) may develop additional freestanding outparcels or expansions within certain of the Shopping Centers, and (iii) will continue to develop its construction in progress properties. Acquisition and development of properties are undertaken only after careful analysis and review, and management's determination that such properties are expected to provide long-term earnings and cash flow growth. During the coming year, any developments, expansions or acquisitions are expected to be funded with bank borrowings from the Company's credit line, construction financing, proceeds from the operation of the Company's dividend reinvestment plan or other external capital resources available to the Company.

The Company has been selectively involved in acquisition, development, redevelopment and renovation activities. It continues to evaluate the acquisition of land parcels for retail and office development and acquisitions of operating properties for opportunities to enhance operating income and cash flow growth. The Company also continues to take advantage of redevelopment, renovation and expansion opportunities within the portfolio, as demonstrated by its recent activities at Broadlands Village, Smallwood Village Center, Boulevard and Hunt Club. The following describes the acquisitions, developments, redevelopments and renovations which affected the Company's financial position and results of operations in 2008, 2007 and 2006.

Broadlands Village

The Company purchased 24 acres of undeveloped land in the Broadlands section of the Dulles Technology Corridor of Loudoun County, Virginia in April 2002. Broadlands is a 1,700 acre planned community consisting of 3,500 residences, approximately 90% of which are constructed and occupied. In October 2003, the Company completed construction of the first phase of the Broadlands Village shopping center. The 58,000 square foot Safeway supermarket opened in October 2003 with a pad building and many in-line small shops also opening in the fourth quarter of 2003. Construction of a 30,000 square foot second phase was substantially completed in 2004. The Company's total development costs of both phases, including the land acquisition, were approximately \$22 million. During the second quarter of 2006, the Company substantially completed construction of a third phase of this development, totaling approximately 22,000 square feet of shop space and two pad site locations. Development costs for this phase totaled approximately \$7.1 million. The center was 89.3% leased and fully operational at December 31, 2008.

Ashland Square

On December 15, 2004, the Company acquired a 19.3 acre parcel of land in Manassas, Prince William County, Virginia for a purchase price of \$6.3 million. The Company has plans to develop the parcel into a grocery-anchored neighborhood shopping center. The Company received site plan approval during the third quarter of 2006 to develop approximately 125,000 square feet of retail space. A site plan for an additional 35,000 square feet of commercial space is under review by Prince William County. During the fourth quarter of 2007, the Company completed preliminary site work consisting of clearing, grading and site utility construction. A ground lease has been executed with Chevy Chase Bank, which built a branch on a pad site. The bank branch opened for business October 2007. The balance of the center is being marketed to grocers and other retail businesses, with a development timetable yet to be finalized.

New Market

On March 3, 2005, the Company acquired a 7.1 acre parcel of land located in New Market, Maryland for a purchase price of \$500,000. On September 8, 2005, the Company acquired a 28.4 acre contiguous parcel for a purchase price of \$1.5 million. Together, these parcels will accommodate a neighborhood shopping center development in excess of 120,000 square feet of leasable space. The Company had contracted to purchase one additional parcel with the intent to assemble additional acreage for further retail development near this I-70 interchange, east of Frederick, Maryland. During December 2007, the Company abandoned the acquisition of this final parcel and wrote-off to general and administrative expense all costs related to this parcel.

Table of Contents

Lansdowne Town Center

During the first quarter of 2005, the Company received approval of a zoning submission to Loudoun County which allowed the development of a neighborhood shopping center named Lansdowne Town Center, within the Lansdowne Community in northern Virginia. On March 29, 2005, the Company finalized the acquisition of an additional 4.5 acres of land to bring the total acreage of the development parcel to 23.4 acres (including the 18.9 acres acquired in 2002). The additional purchase price was approximately \$1.0 million. In late 2006, the Company substantially completed construction of an approximately 189,000 square foot retail center. A lease was executed with Harris Teeter for a 55,000 square foot grocery store, which opened in November 2006. Project costs totaled approximately \$41.5 million. As of December 31, 2008, the project was fully operational and 98.5% leased.

Smallwood Village Center

On January 27, 2006, the Company acquired the 198,000 square foot Smallwood Village Center, located on 25 acres within the St. Charles planned community of Waldorf, Maryland. The center was acquired for a purchase price of \$17.5 million subject to the assumption of an \$11.3 million mortgage loan, and was 77.1% leased at December 31, 2008. The Company commenced construction during the first quarter of 2008 on a capital improvement project to improve access to the center, reconfigure portions of the center and upgrade the center's façade and common areas. The redeveloped center will total approximately 173,000 square feet. Substantial completion is projected in the first quarter of 2009. Project costs are expected to total approximately \$6.8 million.

Hunt Club Corners

On June 1, 2006, the Company completed the acquisition of the 101,500 square foot Publix-anchored Hunt Club Corners shopping center located in Apopka, Florida (metropolitan Orlando). The center was 95% leased at December 31, 2008 and was acquired for a purchase price of \$11.1 million. The Company completed a façade renovation of Hunt Club during 2008 for a total cost of approximately \$0.9 million.

Clarendon Center

The Company owns an assemblage of land parcels (including its Clarendon and Clarendon Station operating properties) totaling approximately 1.5 acres adjacent to the Clarendon Metro Station in Arlington, Virginia. In June 2006, the Company obtained zoning approvals for a mixed-use development project to include up to approximately 45,000 square feet of retail space, 170,000 square feet of office space and 244 residential units. The total development costs are expected to be approximately \$195.0 million, a portion of which will be funded with the \$157.5 million construction loan that the Company closed in May 2008. Pouring of the concrete base and lower parking levels is continuing on the southern block of the two parcels. Both tower cranes have been erected. Demolition of the northern block was completed and excavation commenced in October 2008. The Company estimates substantial completion of shell construction in late 2010.

Westview Village

In November 2007, the Company purchased a 10.4 acre site in the Westview development on Buckeystown Pike (MD Route 85) in Frederick, Maryland. The purchase price was \$5.0 million. The Company has commenced building construction for Westview Village shopping center, a neighborhood shopping center totaling approximately 105,000 square feet of commercial space, including 60,000 square feet of retail shop space, 15,000 square feet of retail pads and 30,000 square feet of professional office space. The Company is currently marketing the space and has executed leases for 19,673 square feet, or 26% of the total retail space. The Company commenced construction in early 2008 and anticipates total construction and development costs, including land, to be approximately \$26.5 million. Substantial completion of the building shell is scheduled for the first quarter of 2009.

Great Eastern Plaza Land Parcel

On June 6, 2007, the Company acquired 8.0 acres of undeveloped land adjacent to its Great Eastern Plaza shopping center in District Heights, Maryland, for a purchase price of \$1.3 million. The Company is analyzing options to expand the existing shopping center onto this parcel at some future date.

Table of Contents

Orchard Park

On July 19, 2007, the Company completed the acquisition of the 88,000 square foot Kroger-anchored Orchard Park shopping center located in Dunwoody, Georgia. The center is 92.5% leased as of December 31, 2008 and was acquired for a purchase price of \$17.0 million.

Northrock

In January 2008, the Company acquired approximately 15.4 acres of undeveloped land in Warrenton, Virginia, located at the southwest corner of the U. S. Route 29/211 and Fletcher Drive intersection. The Company has commenced building construction for Northrock shopping center, a neighborhood shopping center totaling approximately 103,000 square feet of leasable area. Approximately 62% of the project is pre-leased as of December 31, 2008. The Harris Teeter supermarket chain has executed a lease for a 52,700 square foot grocery store to anchor the center. Additionally, the Company has executed a lease with Chevy Chase Bank for a pad building and has executed leases for 7,896 square feet of shop space. The land purchase price was \$12.5 million, and the Company anticipates total construction and development costs, including land, to be approximately \$27.9 million. A portion of these total development costs will be funded with the \$21.8 million construction loan the Company closed in May 2008. Substantial completion of construction is anticipated for the spring of 2009.

Great Falls Center

On March 28, 2008, the Company completed the acquisition of the Safeway-anchored Great Falls Center located in Great Falls, Virginia. The center was 94.9% leased at December 31, 2008 and was acquired for a purchase price of \$36.6 million, subject to the assumption of a \$10.3 million mortgage loan.

BJ's Wholesale Club

On March 28, 2008, the Company completed the acquisition of the single tenant property anchored by BJ's Wholesale Club, located in Alexandria, Virginia. The center was 100% leased at December 31, 2008 and was acquired for a purchase price of \$21.0 million.

Marketplace at Sea Colony

On March 28, 2008, the Company completed the acquisition of Marketplace at Sea Colony, located in Bethany Beach, Delaware. The center was 100% leased at December 31, 2008 and was acquired for a purchase price of \$3.0 million.

Boulevard

During the second quarter of 2008, permits were issued for the redevelopment of a portion of the Boulevard shopping center located in Fairfax, Virginia. A vacant pad building totaling approximately 18,800 square feet and previously occupied by a furniture store has been demolished. The center's in-line shop space will be expanded by approximately 8,000 square feet for small shop retail and a new pad building will replace the demolished structure. A ground lease has been executed with Chevy Chase Bank for the pad building, and a total of 3,040 square feet, or 38.2% of the small shop space is leased to two tenants. The Company anticipates total construction and development costs to be approximately \$2.8 million, with substantial completion anticipated in the first quarter of 2009.

Table of ContentsPortfolio Leasing Status

The following table sets forth certain information regarding our properties for the periods indicated.

As of December 31,	Total Properties		Total Square Footage		Percent Leased	
	Shopping Centers	Office	Shopping Centers	Office	Shopping Centers	Office
2008	45	5	6,988,000	1,206,000	93.9%	95.8%
2007	43	5	6,803,000	1,206,000	95.3%	95.2%
2006	42	5	6,698,000	1,206,000	96.1%	97.3%

The 2008 same property leasing percentages decreased due to a net decrease of approximately 99,000 square feet of leased space. The largest contributor to the leasing decrease, approximately 29,000 square feet, occurred at South Dekalb Plaza in Atlanta, Georgia. Leasing also decreased approximately 14,000 square feet at Village Center, approximately 13,000 square feet at Broadlands Village and approximately 10,000 square feet at Ashburn Village, located in the Northern Virginia suburbs of Washington, DC. The 2007 leasing percentages decreased due to a net 67,000 square foot decrease in leased space, 42,000 in the shopping center portfolio and 25,000 in the office portfolio. The shopping center decrease in leased space occurred due to a 22,000 square foot decrease at Smallwood Village, prior to the Company's 2008 redevelopment and a 20,000 square foot decrease at South Dekalb Plaza.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk

The Company is exposed to certain financial market risks, the most predominant being fluctuations in interest rates. Interest rate fluctuations are monitored by management as an integral part of the Company's overall risk management program, which recognizes the unpredictability of financial markets and seeks to reduce the potentially adverse effect on the Company's results of operations. The Company does not enter into financial instruments for trading purposes.

The Company is exposed to interest rate fluctuations primarily as a result of its variable rate debt used to finance the Company's development and acquisition activities and for general corporate purposes. As of December 31, 2008, the Company had variable rate indebtedness totaling \$19,230,000. Interest rate fluctuations will affect the Company's annual interest expense on its variable rate debt. If the interest rate on the Company's variable rate debt instruments outstanding at December 31, 2008 had been one percent higher, our annual interest expense relating to these debt instruments would have increased by \$192,300, based on those balances. Interest rate fluctuations affect the fair value of the Company's fixed rate debt instruments. As of December 31, 2008, the Company had fixed rate indebtedness totaling \$548,265,000 with a weighted average interest rate of 6.67%. If interest rates on the Company's fixed rate debt instruments at December 31, 2008 had been one percent higher, the fair value of those debt instruments on that date would have decreased by approximately \$25,877,000.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

None.

Item 9A. Controls and Procedures

Quarterly Assessment.

The Company carried out an assessment as of December 31, 2008 of the effectiveness of the design and operation of its disclosure controls and procedures and its internal control over financial reporting. This assessment was done under the supervision and with the participation of management, including the Company's Chairman and Chief Executive Officer, its Senior Vice President-Chief Financial Officer, Secretary and Treasurer, and its Vice President-Chief Accounting Officer as appropriate. Rules adopted by the SEC require that the Company present the conclusions of the Company's Chairman and Chief Executive Officer and its Senior Vice President-Chief Financial Officer, Secretary and Treasurer about the effectiveness of the Company's disclosure controls and procedures and the conclusions of the Company's management about the effectiveness of its internal control over financial reporting as of the end of the period covered by this Annual Report on Form 10-K.

CEO and CFO Certifications.

Included as Exhibits 31 to this Annual Report on Form 10-K are forms of Certification of the Company's Chairman and Chief Executive Officer and its Senior Vice President-Chief Financial Officer, Secretary and Treasurer. The forms of Certification are required in accordance with Section 302 of the Sarbanes-Oxley Act of 2003. This section of the Annual Report on Form 10-K that you are currently reading is the information concerning the assessment referred to in the Section 302 certifications and this information should be read in conjunction with the Section 302 certifications for a more complete understanding of the topics presented.

Disclosure Controls and Procedures and Internal Control over Financial Reporting.

Management is responsible for establishing and maintaining adequate disclosure controls and procedures and internal control over financial reporting. Disclosure controls and procedures are designed to provide reasonable assurance that information required to be disclosed in our reports filed or submitted under the Exchange Act, such as this Annual Report on Form 10-K, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures are also designed to provide reasonable assurance that such information is accumulated and communicated to the Company's management, including the Company's Chairman and Chief Executive Officer, its Senior Vice President-Chief Financial Officer, Secretary and

Table of Contents

Treasurer, and its Vice President-Chief Accounting Officer, as appropriate to allow timely decisions regarding required disclosure.

Internal control over financial reporting is a process designed by, or under the supervision of the Company's Chairman and Chief Executive Officer, its Senior Vice President-Chief Financial Officer, Secretary and Treasurer, and its Vice President-Chief Accounting Officer, and effected by the Company's Board of Directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with GAAP and includes those policies and procedures that:

pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the Company's assets;

provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with GAAP, and that the Company's receipts and expenditures are being made only in accordance with authorizations of management or the Company's Board of Directors; and

provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material adverse effect on the Company's financial statements.

Limitations on the Effectiveness of Controls.

Management, including the Company's Chairman and Chief Executive Officer, its Senior Vice President-Chief Financial Officer, Secretary and Treasurer, and its Vice President-Chief Accounting Officer, does not expect that the Company's disclosure controls and procedures or internal control over financial reporting will prevent all errors and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no assessment of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management's override of the control. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, controls may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

Scope of the Assessments.

The assessment by the Company's Chairman and Chief Executive Officer, its Senior Vice President-Chief Financial Officer, Secretary and Treasurer, and its Vice President-Chief Accounting Officer of the Company's disclosure controls and procedures and the assessment by the Company's management of the Company's internal control over financial reporting included a review of procedures and discussions with the Company's Disclosure Committee and others in the Company. In the course of the assessments, management sought to identify data errors, control problems or acts of fraud and to confirm that appropriate corrective action, including process improvements, were being undertaken. Management used the criteria issued by the Committee of Sponsoring Organizations of the Treadway Commission in Internal Control - Integrated Framework to assess the effectiveness of the Company's internal control over financial reporting. The evaluation of the Company's disclosure controls and procedures and internal control over financial reporting is done on a quarterly basis so that the conclusions concerning controls effectiveness can be reported in the Company's Quarterly Reports on Form 10-Q and Annual Report on Form 10-K.

Table of Contents

The Company's internal control over financial reporting is also evaluated on an ongoing basis by management, other personnel in the Company's accounting department and the Company's internal audit function. The effectiveness of the Company's internal control over financial reporting is audited by the Company's independent registered public accounting firm. We consider the results of these various assessment activities as we monitor the Company's disclosure controls and procedures and internal control over financial reporting and when deciding to make modifications as necessary. Management's intent in this regard is that the disclosure controls and procedures and the internal control over financial reporting will be maintained and updated (including improvements and corrections) as conditions warrant.

Assessment of Effectiveness of Disclosure Controls and Procedures

Based upon the assessments, the Company's Chairman and Chief Executive Officer, its Senior Vice President-Chief Financial Officer, Secretary and Treasurer, and its Vice President-Chief Accounting Officer have concluded that, as of December 31, 2008, the Company's disclosure controls and procedures were effective.

Assessment of Effectiveness of Internal Control Over Financial Reporting.

Management is responsible for establishing and maintaining adequate internal control over financial reporting. Management used the criteria issued by the Committee of Sponsoring Organizations of the Treadway Commission in Internal Control - Integrated Framework to assess the effectiveness of the Company's internal control over financial reporting. Based upon the assessments, the Company's management has concluded that, as of December 31, 2008, the Company's internal control over financial reporting was effective. The Company's independent registered public accounting firm has issued a report on the effectiveness of the Company's internal control over financial reporting, which appears on page F-2 of this Annual Report on Form 10-K.

Changes in Internal Control Over Financial Reporting.

During the three months ended December 31, 2008, there was no change in the Company's internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, the Company's internal control for financial reporting.

**REPORT OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

Board of Directors and Stockholders

Saul Centers, Inc.

We have audited the accompanying consolidated balance sheets of Saul Centers, Inc. as of December 31, 2008 and 2007, and the related consolidated statements of operations, stockholders' equity, and cash flows for each of the three years in the period ended December 31, 2008. Our audits also included the financial statement schedule listed in the Index at Item 15(a). These financial statements and schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Saul Centers, Inc. at December 31, 2008 and 2007, and the consolidated results of its operations and its cash flows for each of the three years in the period ended December 31, 2008, in conformity with U.S. generally accepted accounting principles. Also, in our opinion, the related financial statement schedule, when considered in relation to the basic financial statements taken as a whole, presents fairly in all material respects the information set forth therein.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), Saul Centers, Inc.'s internal control over financial reporting as of December 31, 2008, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated March 13, 2009 expressed an unqualified opinion thereon.

**REPORT OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM ON
INTERNAL CONTROL OVER FINANCIAL REPORTING**

Board of Directors and Stockholders

Saul Centers, Inc.

We have audited Saul Centers, Inc.'s internal control over financial reporting as of December 31, 2008, based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (the COSO criteria). Saul Centers, Inc.'s management is responsible for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Assessment of Effectiveness of Internal Control over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, Saul Centers, Inc. maintained, in all material respects, effective internal control over financial reporting as of December 31, 2008, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of Saul Centers, Inc. as of December 31, 2008 and 2007 and the related consolidated statements of operations, stockholders equity, and cash flows for each of the three years in the period ended December 31, 2008 of Saul Centers, Inc. and our report dated March 13, 2009 expressed an unqualified opinion thereon.

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements****1. ORGANIZATION, FORMATION, AND BASIS OF PRESENTATION****Organization**

Saul Centers, Inc. (Saul Centers) was incorporated under the Maryland General Corporation Law on June 10, 1993. Saul Centers operates as a real estate investment trust (a REIT) under the Internal Revenue Code of 1986, as amended (the Code). The Company is required to annually distribute at least 90% of its REIT taxable income (excluding net capital gains) to its stockholders and meet certain organizational and other requirements. Saul Centers has made and intends to continue to make regular quarterly distributions to its stockholders. Saul Centers, together with its wholly owned subsidiaries and the limited partnerships of which Saul Centers or one of its subsidiaries is the sole general partner, are referred to collectively as the Company. B. Francis Saul II serves as Chairman of the Board of Directors and Chief Executive Officer of Saul Centers.

Formation and Structure of Company

Saul Centers was formed to continue and expand the shopping center business previously owned and conducted by the B.F. Saul Real Estate Investment Trust, the B.F. Saul Company and certain other affiliated entities, each of which is controlled by B. Francis Saul II and his family members (collectively, The Saul Organization). On August 26, 1993, members of The Saul Organization transferred to Saul Holdings Limited Partnership, a newly formed Maryland limited partnership (the Operating Partnership), and two newly formed subsidiary limited partnerships (the Subsidiary Partnerships), and collectively with the Operating Partnership, the Partnerships, shopping center and office properties, and the management functions related to the transferred properties. Since its formation, the Company has developed and purchased additional properties.

The following table lists the properties acquired and/or developed by the Company since December 31, 2005. All of the following properties are operating shopping centers (Shopping Centers).

Name of Property	Location	Date of Acquisition/ Development
<i>Acquisitions</i>		
Smallwood Village Center	Waldorf, MD	2006
Hunt Club Corners	Apopka, FL	2006
Orchard Park	Dunwoody, GA	2007
Great Falls Shopping Center	Great Falls, VA	2008
BJ's Wholesale Club	Alexandria, VA	2008
Marketplace at Sea Colony	Bethany Beach, DE	2008
<i>Developments</i>		
Broadlands Village Phase III	Ashburn, VA	2006
Lansdowne Town Center	Leesburg, VA	2006
Ashland Square Phase I	Manassas, VA	2007

As of December 31, 2008, the Company's properties (the Current Portfolio Properties) consisted of 45 operating shopping center properties (the Shopping Centers), five predominantly office operating properties (the Office Properties) and six (non-operating) development properties.

The Company established Saul QRS, Inc., a wholly owned subsidiary of Saul Centers, to facilitate the placement of collateralized mortgage debt. Saul QRS, Inc. was created to succeed to the interest of Saul Centers as the sole general partner of Saul Subsidiary I Limited Partnership. The remaining limited partnership interests in Saul Subsidiary I Limited Partnership and Saul Subsidiary II Limited Partnership are held by the Operating Partnership as the sole limited partner. Through this structure, the Company owns 100% of the Current Portfolio Properties.

Table of Contents

SAUL CENTERS, INC.

Notes to Consolidated Financial Statements

Basis of Presentation

The accompanying financial statements of the Company have been presented on the historical cost basis of The Saul Organization because of affiliated ownership and common management and because the assets and liabilities were the subject of a business combination with the Operating Partnership, the Subsidiary Partnerships and Saul Centers, all newly formed entities with no prior operations.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

The Company, which conducts all of its activities through its subsidiaries, the Operating Partnership and Subsidiary Partnerships, engages in the ownership, operation, management, leasing, acquisition, renovation, expansion, development and financing of community and neighborhood shopping centers and office properties, primarily in the Washington, DC/Baltimore metropolitan area. Because the properties are located primarily in the Washington, DC/Baltimore metropolitan area, the Company is subject to a concentration of credit risk related to these properties. A majority of the Shopping Centers are anchored by several major tenants. As of December 31, 2008, thirty of the Shopping Centers were anchored by a grocery store and offer primarily day-to-day necessities and services. Only two retail tenants, Giant Food (4.4%), a tenant at eight Shopping Centers, and Safeway (3.1%), a tenant at eight Shopping Centers, and one office tenant, the United States Government (2.7%), a tenant at seven properties, individually accounted for more than 2.5% of the Company's total revenue for the year ended December 31, 2008.

Principles of Consolidation

The accompanying consolidated financial statements of the Company include the accounts of Saul Centers, its subsidiaries, and the Operating Partnership and Subsidiary Partnerships which are majority owned by Saul Centers. All significant intercompany balances and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Real Estate Investment Properties

The Company purchases real estate investment properties from time to time and allocates the purchase price to various components, such as land, buildings, and intangibles related to in-place leases and customer relationships in accordance with Financial Accounting Standards Board (FASB) Statement of Financial Accounting Standards (SFAS) 141, Business Combinations. The purchase price is allocated based on the relative fair value of each component. The fair value of buildings is determined as if the buildings were vacant upon acquisition and subsequently leased at market rental rates. As such, the determination of fair value considers the present value of all cash flows expected to be generated from the property including an initial lease up period. The Company determines the fair value of above and below market intangibles associated with in-place leases by assessing the net effective rent and remaining term of the lease relative to market terms for similar leases at acquisition. In the case of above and below market leases, the Company considers the remaining contractual lease period and renewal periods, taking into consideration the likelihood of the tenant exercising its renewal options. The fair value of a below market lease component is recorded as deferred income and amortized as additional lease revenue over the remaining contractual lease period and any renewal option periods included in the valuation analysis. The fair value of above market lease intangibles is recorded as a deferred asset and is amortized as a reduction of lease revenue over the remaining contractual lease term. The Company determines the fair value of at-market in-place leases considering the cost of acquiring similar leases, the foregone rents associated with the lease-up period and carrying costs associated with the lease-up period. Intangible assets associated with at-market in-

Table of Contents

SAUL CENTERS, INC.

Notes to Consolidated Financial Statements

place leases are amortized as additional expense over the remaining contractual lease term. To the extent customer relationship intangibles are present in an acquisition, the fair value of the intangibles are amortized over the life of the customer relationship. The Company has never recorded a customer relationship intangible asset.

If there is an event or change in circumstance that indicates an impairment in the value of a real estate investment property, the Company prepares an impairment analysis to assess that the carrying value of the real estate investment property does not exceed its estimated fair value. The Company considers both quantitative and qualitative factors including recurring operating losses, significant decreases in occupancy, and significant adverse changes in legal factors and business climate. If impairment indicators are present the Company performs a comparison of the projected cash flows of the property over its remaining useful life, on an undiscounted basis, to the carrying value of that property. The Company assesses its undiscounted projected cash flows based upon estimated capitalization rates, historic operating results and market conditions that may affect the property. If such carrying value is greater than the undiscounted projected cash flows, the Company would recognize an impairment loss equivalent to an amount required to adjust the carrying amount to its then estimated fair market value. The value of any property is sensitive to the actual results of any of the aforementioned estimated factors, either individually or taken as a whole. Should the actual results differ from management's projections, the valuation could be negatively or positively affected. The Company has not recognized an impairment loss in 2008, 2007 or 2006 on any of its real estate.

Interest, real estate taxes, development related salary costs and other carrying costs are capitalized on projects under development and construction. Once construction is substantially completed and the assets are placed in service, their rental income, real estate tax expense, property operating expenses (consisting of payroll, repairs and maintenance, utilities, insurance and other property related expenses) and depreciation are included in current operations. Property operating expenses are charged to operations as incurred. Interest expense capitalized totaled \$4,159,000, \$2,889,000 and \$3,673,000, for 2008, 2007 and 2006, respectively. In the initial rental operations of development projects, a project is considered substantially complete and available for occupancy upon completion of tenant improvements, but no later than one year from the cessation of major construction activity. Substantially completed portions of a project are accounted for as separate projects.

Depreciation is calculated using the straight-line method and estimated useful lives of 35 to 50 years for base buildings and up to 20 years for certain other improvements that extend the useful lives. In addition, we capitalize leasehold improvements when certain criteria are met, including when we supervise construction and will own the improvement. Tenant improvements are amortized, over the shorter of the lives of the related leases or the useful life of the improvement, using the straight-line method. Depreciation expense and amortization of leasehold improvements for the years ended December 31, 2008, 2007 and 2006 was \$24,761,000, \$21,638,000 and \$20,236,000, respectively. Repairs and maintenance expense totaled \$9,106,000, \$8,926,000 and \$7,364,000, for 2008, 2007 and 2006, respectively, and is included in property operating expenses in the accompanying consolidated financial statements.

Deferred Leasing Costs

Certain initial direct costs incurred by the Company in negotiating and consummating a successful lease are capitalized and amortized over the initial base term of the lease. These costs total \$16,901,000 and \$16,190,000, net of accumulated amortization of \$15,196,000 and \$14,457,000 as of December 31, 2008 and 2007, respectively. Amortization expense, included in depreciation and amortization in the consolidated statements of operations, totaled \$5,022,000, \$4,826,000 and \$5,412,000, for the years ended December 31, 2008, 2007 and 2006, respectively. Capitalized leasing costs consist of commissions paid to third party leasing agents as well as internal direct costs for successful leases such as employee compensation and payroll related fringe benefits directly related to time spent performing such leasing related activities. Such activities include evaluating the prospective tenant's financial condition, evaluating and recording guarantees, collateral and other security arrangements, negotiating lease terms, preparing lease documents and closing the transaction. The carrying amount of costs are written-off to expense if the applicable lease is terminated prior to expiration of the initial lease term.

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements****Construction in Progress**

Construction in progress includes preconstruction costs and development costs of active projects. Preconstruction costs associated with these active projects include legal, zoning and permitting costs and other project carrying costs incurred prior to the commencement of construction. Development costs include direct construction costs and indirect costs incurred subsequent to the start of construction such as architectural, engineering, construction management and carrying costs consisting of interest, real estate taxes and insurance. Construction in progress balances as of December 31, 2008 and 2007 are as follows:

Construction in Progress

<i>(In thousands)</i>	December 31,	
	2008	2007
Clarendon Center	\$ 49,836	\$ 27,323
Northrock	21,656	
Westview Village	17,240	6,382
Smallwood Village Center	6,290	
Boulevard	2,925	
Ashland Square Phase II		10,851
Lexington Center		2,813
Other	973	2,223
Total	\$ 98,920	\$ 49,592

As of January 1, 2008, the carrying cost capitalization associated with development at Ashland Square Phase II and Lexington Center was suspended. All development costs for these properties were removed from construction in progress and reclassified to land and buildings and equipment, while awaiting sufficient leasing activity to warrant the resumption of active development.

Accounts Receivable and Accrued Income

Accounts receivable primarily represent amounts currently due from tenants in accordance with the terms of the respective leases. Receivables are reviewed monthly and reserves are established with a charge to current period operations when, in the opinion of management, collection of the receivable is doubtful. Accounts receivable in the accompanying consolidated financial statements are shown net of an allowance for doubtful accounts of \$914,000 and \$387,000, at December 31, 2008 and 2007, respectively.

Allowance for Doubtful Accounts

<i>(In thousands)</i>	For the Year Ended December 31,	
	2008	2007
Beginning Balance	\$ 387	\$ 479
Provision for Credit Losses	1,113	376
Charge-offs	(586)	(468)
Ending Balance	\$ 914	\$ 387

Edgar Filing: SAUL CENTERS INC - Form 10-K

In addition to rents due currently, the account also includes \$25,766,000 and \$25,013,000, at December 31, 2008 and 2007, respectively, representing minimum rental income accrued on a straight-line basis to be paid by tenants over the remaining term of their respective leases. These amounts are presented after netting allowances of \$155,000 and \$52,000, respectively, for tenants whose rent payment history or financial condition cast doubt upon the tenant's ability to perform under its lease obligations.

F-10

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements**

On September 13, 2006, the SEC staff published Staff Accounting Bulletin No. 108, Considering the Effects of Prior Year Misstatements in Current Year Financial Statements (SAB 108). SAB 108 addresses how the effects of a prior year uncorrected misstatement must be considered in quantifying misstatements in the current year financial statements and provides guidance on the correction of misstatements. SAB 108 offers a transition provision for correcting immaterial prior period misstatements that were uncorrected as of the beginning of the fiscal year of adoption. SAB 108 was effective for fiscal years ending after November 15, 2006. It was the Company's policy, for leases entered into prior to 1998, to recognize rental revenue on a straight-line basis when rental payments due under leases varied, because of free rent periods or fixed rent increases (excluding those increases which approximate inflationary increases). It was the Company's policy that annual scheduled base rent increases of 3% or less were determined to approximate inflationary increases and were not recognized ratably over the life of the lease. Subsequent to 1998, the Company has annually analyzed these uncorrected misstatements and determined that the uncorrected misstatement was immaterial for all reporting periods. The Company has determined that less than 5% of its leases were not recognizing base rent on a straight-line basis and that the cumulative under-reporting of straight-line rental income related to these long term leases totaled approximately \$6,551,000. According to the provisions of SAB 108, the Company recorded an accumulated accounts receivable balance of \$6,551,000 for these leases and recorded a corresponding increase to Stockholders' Equity as of January 1, 2006. Commencing in 2006 and pursuant to the accounting for recognizing rental income on a straight-line basis, a portion of the \$6,551,000 receivable was amortized as a non-cash reduction of rental income, \$257,000, \$203,000 and \$136,000 in 2008, 2007 and 2006. The remaining unamortized balance of \$5,955,000 as of December 31, 2008 will be amortized as a non-cash reduction of base rent over the remaining life of the affected leases.

Cash and Cash Equivalents

Cash and cash equivalents include short-term investments. Short-term investments are highly liquid investments that are both readily convertible to cash and so near their maturity that they present insignificant risk of changes in value arising from interest rate fluctuations. Short-term investments include money market accounts and other investments which generally mature within three months, measured from the acquisition date.

Deferred Debt Costs

Deferred debt costs consist of fees and costs incurred to obtain long-term financing, construction financing and the revolving line of credit. These fees and costs are being amortized on a straight-line basis over the terms of the respective loans or agreements, which approximates the effective interest method. Deferred debt costs totaled \$5,875,000 and \$6,264,000, net of accumulated amortization of \$5,079,000 and \$5,393,000, at December 31, 2008 and 2007, respectively.

Deferred Income

Deferred income consists of payments received from tenants prior to the time they are earned and recognized by the Company as revenue. These payments include prepayment of the following month's rent, prepayment of real estate taxes when the taxing jurisdiction has a fiscal year differing from the calendar year reimbursements specified in the lease agreement and advance payments by tenants for tenant construction work provided by the Company. In addition, deferred income includes the fair value of a below market lease component associated with acquisition properties as determined pursuant to the application of SFAS 141 Business Combinations .

Revenue Recognition

Rental and interest income is accrued as earned except when doubt exists as to collectibility, in which case the accrual is discontinued. Recognition of rental income commences when control of the space has been given to the tenant. When rental payments due under leases vary from a straight-line basis because of free rent periods or stepped increases, income is recognized on a straight-line basis in accordance with U.S. generally accepted accounting principles. Expense recoveries represent a portion of property operating expenses billed to the tenants, including common area maintenance, real estate taxes and other recoverable costs. Expense recoveries are recognized in the period when the expenses are incurred. Rental income based on a tenant's revenue (percentage rent) is accrued when a tenant reports sales that exceed a specified breakpoint, pursuant to the terms of their respective leases.

SAUL CENTERS, INC.

Notes to Consolidated Financial Statements

Income Taxes

The Company made an election to be treated, and intends to continue operating so as to qualify as a REIT under the Code, commencing with its taxable year ended December 31, 1993. A REIT generally will not be subject to federal income taxation, provided that distributions to its stockholders equal or exceed its REIT taxable income and complies with certain other requirements. Therefore, no provision has been made for federal income taxes in the accompanying consolidated financial statements.

In July 2006, the FASB issued FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes (FIN 48). FIN 48 is an interpretation of FASB Statement No. 109, Accounting for Income Taxes. The Company adopted the provisions of FIN 48 on January 1, 2007. The adoption of FIN 48 did not impact the Company's financial condition or results of operations. Further, as of December 31, 2008, the Company had no material unrecognized tax benefits and there exist no potentially significant unrecognized tax benefits which are reasonable expected to occur within the next twelve months. The Company recognizes penalties and interest accrued related to unrecognized tax benefits, if any, as general and administrative expense. No penalties and interest have been accrued in years 2007 and 2008. The tax basis of the Company's real estate investments was approximately \$745,700,000 and \$677,400,000, as of December 31, 2008 and 2007, respectively. With few exceptions, the Company is no longer subject to U.S. federal, state, and local tax examinations by tax authorities for years before 2004.

Stock Based Employee Compensation, Deferred Compensation and Stock Plan for Directors

Effective January 2003, the Company adopted the fair value method to value and account for employee stock options using the prospective transition method specified under SFAS No. 148, Accounting for Stock-Based Compensation-Transition and Disclosure and accounts for stock based compensation according to SFAS No. 123R, Accounting for Stock-Based Compensation. The Company had no options eligible for valuation prior to the grant of options in 2003. The fair value of options granted is determined at the time of each award using the Black-Scholes model, a widely used method for valuing stock based employee compensation, and the following assumptions: (1) Expected Volatility. Expected volatility is determined using the most recent trading history of the Company's common stock (month-end closing prices) corresponding to the average expected term of the options, (2) Average Expected Term. The options are assumed to be outstanding for a term calculated considering prior exercise history, scheduled vesting and the expiration date, (3) Expected Dividend Yield. This rate is a value management determines after considering the Company's current and historic dividend yield rates, the Company's yield in relation to other retail REITs and the Company's market yield at the grant date, and (4) Risk-free Interest Rate. This rate is based upon the market yields of US Treasury obligations with maturities corresponding to the average expected term of the options at the grant date. The Company amortizes the value of options granted, ratably over the vesting period, and includes the amounts as compensation in general and administrative expenses.

The Company established a stock option plan in 1993 (the 1993 Plan) for the purpose of attracting and retaining executive officers and other key personnel. The 1993 Plan provides for grants of options to purchase a specified number of shares of common stock. A total of 400,000 shares were made available under the 1993 Plan. The 1993 Plan authorizes the Compensation Committee of the Board of Directors to grant options at an exercise price which may not be less than the market value of the common stock on the date the option is granted. On May 23, 2003, the Compensation Committee granted options to purchase a total of 220,000 shares (80,000 shares from incentive stock options and 140,000 shares from nonqualified stock options) to six Company officers (the 2003 Options). Following the grant of the 2003 Options, no additional shares remained for issuance under the 1993 Plan. The 2003 Options vest 25% per year over four years and have a term of ten years, subject to earlier expiration upon termination of employment. The exercise price of \$24.91 per share was the closing market price of the Company's common stock on the date of the award.

At the annual meeting of the Company's stockholders in 2004, the stockholders approved the adoption of the 2004 stock plan for the purpose of attracting and retaining executive officers, directors and other key personnel. The 2004 stock plan was subsequently amended by the Company's stockholders at the 2008 Annual Meeting (the Amended 2004 Plan). The Amended 2004 Plan provides for grants of options to purchase up to 1,000,000 shares of common stock as well as grants of up to 200,000 shares of common stock to directors. The Amended 2004 Plan authorizes the Compensation Committee of the Board of Directors to grant options at an exercise price which may

Table of Contents

SAUL CENTERS, INC.

Notes to Consolidated Financial Statements

not be less than the market value of the common stock on the date the option is granted. The termination date of the Amended 2004 Plan is April 2018.

Effective April 26, 2004, the Compensation Committee granted options to purchase a total of 152,500 shares (27,500 shares from incentive stock options and 125,000 shares from nonqualified stock options) to eleven Company officers and to the twelve Company directors (the 2004 Options). The officers' 2004 Options vest 25% per year over four years and have a term of ten years, subject to earlier expiration upon termination of employment. The directors' options were immediately exercisable. The exercise price of \$25.78 per share was the closing market price of the Company's common stock on the date of the award. Using the Black-Scholes model, the Company determined the total fair value of the 2004 Options to be \$360,000, of which \$293,000 and \$67,000 were the values assigned to the officer options and director options, respectively. Because the directors' options vest immediately, the entire \$67,000 was expensed as of the date of grant. The expense of the officers' options is being recognized as compensation expense monthly during the four years the options vest. The 2004 Options are due to expire April 25, 2014.

Effective May 6, 2005, the Compensation Committee granted options to purchase a total of 162,500 shares (35,500 shares from incentive stock options and 127,000 shares from nonqualified stock options) to twelve Company officers and to twelve Company directors (the 2005 Options). The officers' 2005 Options vest 25% per year over four years and have a term of ten years, subject to earlier expiration upon termination of employment. The directors' options were immediately exercisable. The exercise price of \$33.22 per share was the closing market price of the Company's common stock on the date of the award. Using the Black-Scholes model, the Company determined the total fair value of the 2005 Options to be \$484,500, of which \$413,400 and \$71,100 were the values assigned to the officer options and director options, respectively. Because the directors' options vest immediately, the entire \$71,100 was expensed as of the date of grant. The expense of the officers' options is being recognized as compensation expense monthly during the four years the options vest. The 2005 Options are due to expire May 5, 2015.

Effective May 1, 2006, the Compensation Committee granted options to purchase a total of 30,000 shares (all nonqualified stock options) to twelve Company directors (the 2006 Options). The options were immediately exercisable. The exercise price of \$40.35 per share was the closing market price of the Company's common stock on the date of the award. Using the Black-Scholes model, the Company determined the total fair value of the 2006 Options to be \$143,400. Because the directors' options vest immediately, the entire \$143,400 was expensed as of the date of grant. The 2006 Options are due to expire April 30, 2016. No options were granted to the Company's officers in 2006.

Effective April 27, 2007, the Compensation Committee granted options to purchase a total of 165,000 shares (27,560 shares from incentive stock options and 137,440 shares from nonqualified stock options) to thirteen Company officers and twelve Company Directors (the 2007 options). The officers' 2007 Options vest 25% per year over four years and have a term of ten years, subject to earlier expiration upon termination of employment. The directors' options were immediately exercisable. The exercise price of \$54.17 per share was the closing market price of the Company's common stock on the date of award. Using the Black-Scholes model, the Company determined the total fair value of the 2007 Options to be \$1,544,148, of which \$1,258,848 and \$285,300 were the values assigned to the officer options and director options, respectively. Because the directors' options vest immediately, the entire \$285,300 was expensed as of the date of grant. The expense for the officers' options is being recognized as compensation expense monthly during the four years the options vest. The 2007 Options are due to expire April 26, 2017.

Effective April 25, 2008, the Compensation Committee granted options to purchase a total of 30,000 shares (all nonqualified stock options) to twelve Company directors (the 2008 Options). The options were immediately exercisable. The exercise price of \$50.15 per share was the closing market price of the Company's common stock on the date of the award. Using the Black-Scholes model, the Company determined the total fair value of the 2008 Options to be \$254,700. Because the directors' options vest immediately, the entire \$254,700 was expensed as of the date of grant. The 2008 Options are due to expire April 24, 2018. No options were granted to the Company's officers in 2008.

Pursuant to the Amended 2004 Plan, the Compensation Committee established a Deferred Compensation Plan for Directors for the benefit of its directors and their beneficiaries, which replaced a previous Deferred

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements**

Compensation and Stock Plan for Directors. A director may make an annual election to defer all or part of his or her director's fees and has the option to have the fees paid in cash, in shares of common stock or in a combination of cash and shares of common stock upon termination from the Board. If the director elects to have fees paid in stock, fees earned during a calendar quarter are aggregated and divided by the common stock's closing market price on the first trading day of the following quarter to determine the number of shares to be allocated to the director. As of December 31, 2008, 232,000 shares had been credited to the directors' deferred fee accounts.

The Compensation Committee has also approved an annual award of shares of the Company's common stock as additional compensation to each director serving on the Board of Directors as of the record date for the Annual Meeting of Stockholders. The shares are awarded as of each Annual Meeting of Shareholders, and their issuance may not be deferred. Each director was issued 200 shares, for each of the years ended December 31, 2008, 2007 and 2006. The shares were valued at the closing stock price on the dates the shares were awarded and included in general and administrative expenses in the total amounts of \$120,000, \$130,000 and \$97,000, for the years ended December 31, 2008, 2007 and 2006, respectively.

Minority Interests

Saul Centers is the sole general partner of the Operating Partnership, owning a 76.7% common interest as of December 31, 2008. Minority Interests in the Operating Partnership are comprised of limited partnership units owned by The Saul Organization. Minority Interests as reflected on the Balance Sheets are increased for earnings allocated to limited partnership interests, distributions reinvested in additional units and in certain situations for distributions to minority interests in excess of earnings allocated, and are decreased for limited partner distributions. Minority Interests as reflected on the Statements of Operations represent earnings allocated to limited partnership interests. Amounts distributed in excess of the limited partners' share of earnings, net of limited partner reinvestments of distributions, also increase minority interests expense in the respective period and are classified on the Statements of Operations as Distributions in excess of earnings to the extent such distributions in excess of earnings exceed the carrying amount of minority interests.

Per Share Data

Per share data is calculated in accordance with SFAS 128, Earnings Per Share. Per share data for net income (basic and diluted) is computed using weighted average shares of common stock. Convertible limited partnership units and employee stock options are the Company's potentially dilutive securities. For all periods presented, the convertible limited partnership units are anti-dilutive. For the years ended December 31, 2008, 2007 and 2006 certain options are dilutive because the average share price of the Company's common stock exceeded the exercise prices. The treasury stock method was used to measure the effect of the dilution.

Basic and Diluted Shares Outstanding

<i>(In thousands)</i>		December 31		
		2008	2007	2006
Weighted average common shares outstanding	Basic	17,816	17,589	17,075
Effect of dilutive options		145	180	158
Weighted average common shares outstanding	Diluted	17,961	17,769	17,233
Average Share Price		\$ 45.98	\$ 52.22	\$ 43.04

Legal Contingencies

The Company is subject to various legal proceedings and claims that arise in the ordinary course of business. These matters are generally covered by insurance. While the resolution of these matters cannot be predicted with certainty, the Company believes the final outcome of such matters will not have a material adverse effect on the financial position, the results of operations or liquidity. Once it has been determined that a

Edgar Filing: SAUL CENTERS INC - Form 10-K

loss is probable to occur, the estimated amount of the loss is recorded in the financial statements. Both the amount of the loss and the point at which its occurrence is considered probable can be difficult to determine.

Notes to Consolidated Financial Statements

Recent Accounting Pronouncements

In September 2006, the FASB issued SFAS No. 157 Fair Value Measurement (SFAS No. 157). SFAS No. 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS No. 157 applies to accounting pronouncements that require or permit fair value measurements, except for share-based payments under SFAS No. 123(R). The adoption of SFAS No. 157 is required for the year beginning January 1, 2008. The Company does not have any assets or liabilities recorded at fair value, and therefore the adoption of this statement on January 1, 2008 did not have a material impact on the Company's consolidated financial statements.

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities Including an Amendment of FASB Statement No. 115 (SFAS No. 159). This standard permits entities to choose to measure many financial instruments and certain other items at fair value and is effective for the first fiscal year beginning after November 15, 2007. The Company has not elected the fair value option for any assets or liabilities, and therefore the adoption of the statement did not have a material impact on its consolidated financial statements.

In December 2007, the FASB issued SFAS No. 160, Non-controlling Interest in Consolidated Financial Statements (SFAS No. 160). SFAS 160 is effective for fiscal years beginning on or after December 15, 2008. SFAS No. 160 establishes consistent accounting and reporting standards for the non-controlling (or minority) interest in a subsidiary and for the deconsolidation of a subsidiary. Management has assessed the impact of adopting the statement and does not expect the adoption of SFAS No. 160 to have a material impact on the Company's financial condition or results of operations.

On December 4, 2007, the FASB issued SFAS No. 141 (Revised 2007), Business Combinations (SFAS No. 141(R)). SFAS No. 141(R) will change the accounting for business combinations. Under SFAS No. 141(R), an acquiring entity will be required to recognize all the assets acquired and liabilities assumed in a transaction at the acquisition-date fair value with limited exceptions. Transaction costs will no longer be included in the measurement of the business acquired. Instead, these items will be expensed as incurred. SFAS No. 141(R) also includes a substantial number of new disclosure requirements. SFAS No. 141(R) applies prospectively to business combinations occurring during fiscal years beginning on or after December 15, 2008, which for the Company begins with the 2009 calendar year. SFAS No. 141(R) will impact the Company's financial statements dependent on the level of acquisition activity in the year 2009 and beyond. The Company currently expects the most significant impact of this statement to be the treatment of transaction costs, which will be expensed as a period cost upon the adoption of this statement.

On June 16, 2008, the FASB issued FASB Staff Position EITF 03-6-1 (EITF 03-6-1). This guidance clarifies the accounting for unvested share-based payment awards that contain non-forfeitable rights to dividends or dividend equivalents by proscribing that such awards be included in the computation of earnings per share (EPS) pursuant to the two-class method. EITF 03-6-1 is effective for financial statements issued for fiscal years beginning after December 15, 2008. The Company believes the adoption of EITF 03-6-1 will not have a material impact on its EPS calculation.

3. REAL ESTATE ACQUIRED

New Market

On March 3, 2005 and September 8, 2005, the Company acquired two parcels of land located in New Market, Maryland, for a purchase price of \$500,000 and \$1,500,000, respectively. The Company had contracted to purchase an adjacent third parcel with the intent to assemble additional acreage for further retail development near this I-70 interchange, east of Frederick, Maryland. During December 2007, the Company abandoned the acquisition of the third parcel and wrote-off to general and administrative expense all costs related to that parcel.

Smallwood Village Center

On January 27, 2006, the Company acquired the Smallwood Village Center, located within the St. Charles planned community of Waldorf, Maryland, a suburb of metropolitan Washington, DC, through a wholly-owned subsidiary of its

Table of Contents

SAUL CENTERS, INC.

Notes to Consolidated Financial Statements

operating partnership. The center was acquired for a purchase price of \$17.5 million subject to the assumption of an \$11.3 million mortgage loan.

Hunt Club Corners

On June 1, 2006, the Company completed the acquisition of the Publix-anchored Hunt Club Corners shopping center located in Apopka, FL. The center was acquired for a purchase price of \$11.1 million.

Great Eastern Plaza Land Parcel

On June 6, 2007, the Company acquired an additional parcel of undeveloped land adjacent to its Great Eastern Plaza shopping center in District Heights, Maryland, for a purchase price of \$1.3 million.

Orchard Park

On July 19, 2007, the Company completed the acquisition of the Kroger-anchored Orchard Park shopping center located in Dunwoody, GA. The center was acquired for a purchase price of \$17.0 million.

Westview Village

In November 2007, the Company purchased a land parcel in the Westview development on Buckeystown Pike (MD Route 85) in Frederick, Maryland. The purchase price was \$5.0 million. Construction is nearing completion for a neighborhood shopping center.

Northrock

In January 2008, the Company acquired an undeveloped land parcel in Warrenton, Virginia, located at the southwest corner of the U.S. Route 29/211 and Fletcher Drive intersection. The land purchase price was \$12.5 million. The Company is nearing completion of construction of a neighborhood shopping center. The Harris Teeter supermarket chain has executed a lease for a grocery store to anchor the center.

Great Falls Center

On March 28, 2008, the Company completed the acquisition of the Safeway-anchored Great Falls Center located in Great Falls, Virginia. The center was acquired for a purchase price of \$36.6 million subject to the assumption of a \$10.3 million mortgage loan. As of the date of acquisition, management determined the mortgage loan was fairly valued because the terms of the loan were not materially different from market terms.

BJ's Wholesale Club

On March 28, 2008, the Company completed the acquisition of the single tenant property anchored by BJ's Wholesale Club, located in Alexandria, Virginia. The property was acquired for a purchase price of \$21.0 million.

Marketplace at Sea Colony

On March 28, 2008, the Company completed the acquisition of Marketplace at Sea Colony, located in Bethany Beach, Delaware. The center was acquired for a purchase price of \$3.0 million.

Application of SFAS 141, Business Combinations, for Real Estate Acquired

Edgar Filing: SAUL CENTERS INC - Form 10-K

The Company accounts for the acquisition of operating properties using the purchase method of accounting in accordance with SFAS 141, Business Combinations. The Company allocates the purchase price to various components, such as land, buildings and intangibles related to in-place leases and customer relationships, if applicable, as described in Note 2. Significant Accounting Policies-Real Estate Investment Properties. Of the combined \$61,100,000 total cost of the operating property acquisitions in 2008, which exclude undeveloped land acquisitions, and \$17,077,000 in 2007, of which both amounts include the properties purchase price and closing costs, a total of \$2,351,000 and \$805,000, was allocated as lease intangible assets and included in lease acquisition costs at December 31, 2008 and December 31, 2007, respectively. Each year's lease intangible assets are being amortized over the remaining periods of the leases acquired, a weighted average term of 16 and 26 years, for 2008 and 2007, respectively. The value of below market leases totaling \$8,724,000 and \$3,105,000, are being amortized over a weighted average term of 20 and 30 years, for 2008 and 2007, respectively, and are included in deferred income. The value of above market leases totaling \$148,000 and \$37,000, are being amortized over a weighted average term of 5 and one year, for 2008 and 2007, respectively, and are included as a deferred asset in accounts receivable.

F-16

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements**

As of December 31, 2008 and 2007, the gross carrying amount of lease intangible assets included in deferred leasing costs was \$13,736,000 and \$11,385,000, respectively, and accumulated amortization was \$9,506,000 and \$7,598,000, respectively. Total amortization of these assets was \$1,908,000, \$1,918,000 and \$2,592,000, for the years ended December 31, 2008, 2007 and 2006, respectively. As of December 31, 2008 and 2007, the gross carrying amount of below market lease intangible liabilities included in deferred income was \$18,402,000 and \$9,678,000, respectively, and accumulated amortization was \$3,151,000 and \$1,599,000, respectively. Total amortization of these liabilities was \$1,552,000, \$580,000 and \$604,000, for the years ended December 31, 2008, 2007 and 2006, respectively. As of December 31, 2008 and 2007, the gross carrying amount of above market lease intangible assets included in accounts receivable was \$874,000 and \$726,000, and accumulated amortization was \$670,000 and \$564,000 respectively. Total amortization of these assets was \$106,000, \$107,000 and \$158,000, for the years ended December 31, 2008, 2007 and 2006, respectively.

As of December 31, 2008, the scheduled amortization of intangible assets and deferred income related to in place leases are as follows:

Amortization of Intangible Assets and Deferred Income Related to In-place Leases

<i>(In thousands)</i>	Lease acquisition costs	Above market leases	Below market leases	Total
2009	\$ (1,197)	\$ (75)	\$ 1,323	\$ 51
2010	(761)	(62)	1,087	264
2011	(446)	(30)	865	389
2012	(278)	(25)	771	468
2013	(202)	(12)	714	500
Thereafter	(1,346)		10,491	9,145
Total	\$ (4,230)	\$ (204)	\$ 15,251	\$ 10,817

The results of operations of the acquired properties are included in the consolidated statements of operations as of the acquisition date. The following unaudited pro-forma combined condensed statements of operations set forth the consolidated results of operations for the years ended December 31, 2008 and 2007, respectively, as if the above described operating property acquisitions had occurred on January 1, 2008 and 2007, respectively. The unaudited pro-forma information does not purport to be indicative of the results that actually would have occurred if the combinations had been in effect for the years ended December 31, 2008 and 2007, respectively.

Pro-Forma Consolidated Condensed Statements of Operations

<i>(In thousands, except per share data)</i>	Year ended December 31,	
	2008	2007
Real estate revenue	\$ 161,610	\$ 155,353
Net income available to common shareholders	\$ 26,337	\$ 28,264
Net income per common share basic	\$ 1.48	\$ 1.61
Net income per common share diluted	\$ 1.47	\$ 1.59

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements****4. MINORITY INTERESTS - HOLDERS OF CONVERTIBLE LIMITED PARTNERSHIP UNITS IN THE OPERATING PARTNERSHIP**

The Saul Organization has a 23.3% limited partnership interest, represented by 5,416,000 convertible limited partnership units in the Operating Partnership, as of December 31, 2008. These convertible limited partnership units are convertible into shares of Saul Centers' common stock, at the option of the unit holder, on a one-for-one basis provided that, in accordance with the Saul Centers, Inc. Articles of Incorporation, the rights may not be exercised at any time that The Saul Organization beneficially owns, directly or indirectly, in the aggregate more than 39.9% of the value of the outstanding common stock and preferred stock of Saul Centers (the "Equity Securities").

The impact of The Saul Organization's 23.3% limited partnership interest in the Operating Partnership is reflected as minority interests in the accompanying consolidated financial statements. Fully converted partnership units and diluted weighted average shares outstanding for the years ended December 31, 2008, 2007 and 2006, were 23,377,000, 23,185,000 and 22,628,000, respectively.

5. MORTGAGE NOTES PAYABLE, REVOLVING CREDIT FACILITY, INTEREST EXPENSE AND AMORTIZATION OF DEFERRED DEBT COSTS

The Company's outstanding debt, including amounts owed under the Company's revolving credit facility, totaled \$567,495,000 at December 31, 2008, of which \$548,265,000 was fixed rate debt and \$19,230,000 was variable rate debt. At the prior year's end, December 31, 2007, notes payable totaled \$532,726,000, of which \$524,726,000 was fixed rate debt and \$8,000,000 was variable rate debt. At December 31, 2008, the Company had a \$150 million unsecured revolving credit facility with no outstanding borrowings. Saul Centers and certain consolidated subsidiaries of the Operating Partnership have guaranteed the payment obligations of the Operating Partnership under the revolving credit facility which provides for a \$150,000,000 revolving credit facility maturing on December 19, 2010, which term may be extended by the Company for one additional year subject to the Company's satisfaction of certain conditions. Letters of credit may be issued under the revolving credit facility. On December 31, 2008, of the \$150,000,000 available for borrowing, approximately \$177,000 was committed for letters of credit, and the resulting balance of approximately \$149,823,000 was available to borrow for working capital, operating property acquisitions or development projects. Interest rate pricing under the facility is primarily determined by operating income from the Company's existing unencumbered properties and to a lesser extent, certain leverage tests. As of December 31, 2008, operating income from the unencumbered properties determined the interest rate for up to \$103,000,000 of the line's available borrowings, with interest expense to be calculated based upon the 1, 2, 3 or 6 month LIBOR plus a spread of 1.40% to 1.60% or upon the bank's reference rate, at the Company's option. The remaining \$47,000,000 of the line's availability is determined based upon the Company's consolidated operating income after debt service. On this portion of the facility, interest accrues at a rate of LIBOR plus a spread of 1.70% to 2.25%, determined by certain leverage tests, or upon the bank's reference rate plus a spread of 0.575%, at the Company's option.

Saul Centers is the guarantor of the revolving credit facility, portions of two mortgage notes totaling \$3,875,000 and the two construction loans totaling \$19,230,000. The Operating Partnership is the borrower for all of the notes for which Saul Centers is the guarantor. The remainder of the mortgage notes payable, \$544,390,000, are non-recourse debt.

On February 29, 2008, the Company closed on a \$7,500,000 increase to a fixed-rate mortgage secured by Shops at Fairfax and Boulevard shopping centers. The loan matures June 1, 2015 (same as the original financing), requires monthly interest only payments of \$38,000, based upon a 6.08% interest rate, and requires a final principal payment of \$7,500,000 at maturity. The Company has initially guaranteed \$1,875,000 of this loan until the Boulevard redevelopment is completed and until certain debt service coverage tests are achieved.

On March 23, 2008, the Company closed on a \$3,000,000 increase to a fixed-rate mortgage secured by Seabreeze Plaza. The loan matures May 1, 2014 (same as the original financing), requires equal monthly principal and interest payments of \$17,794, based upon a 5.90% interest rate and 30-year principal amortization, and requires a final principal payment of approximately \$2,738,000 at maturity.

SAUL CENTERS, INC.

Notes to Consolidated Financial Statements

On March 28, 2008, the Company assumed a fully amortizing fixed-rate mortgage loan in the amount of approximately \$10,349,000, secured by the acquisition property, Great Falls Center. The loan matures February 1, 2024 and requires equal monthly principal and interest payments of \$83,113, based upon a 5.80% interest rate and 20-year principal amortization. Management determined the mortgage loan was fairly valued at acquisition because the terms of the loan were not materially different from current market terms.

On March 31, 2008, the Company closed on a new 15-year, fixed-rate mortgage loan in the amount of \$12,750,000, secured by the BJ's Wholesale Club center. The loan matures April 1, 2023, requires equal monthly principal and interest payments of \$80,003, based upon a 6.43% interest rate and 30-year principal amortization, and requires a final principal payment of approximately \$9,255,000 at maturity.

In April 2008, the Company closed on a \$10,825,000 additional financing secured by the Great Falls Center. Funding in the amount of \$6,525,000 occurred on April 6, 2008, payable at an interest rate of 6.80%, interest only for the first year, after which amortization will commence on a 30-year amortization schedule, requiring monthly payments of principal and interest totaling \$42,538. A final principal payment of approximately \$1,274,000 will be due at maturity on February 1, 2024. The Company has initially guaranteed \$2,000,000 of this loan, with the amount of any additional advance to also be guaranteed until certain debt service coverage tests are achieved. The balance totaling \$4,300,000 is a forward commitment to be funded prior to March 31, 2009, subject to achieving certain re-leasing requirements.

In May 2008, the Company closed on a \$21,822,000 secured construction loan, to fund the development of Northrock shopping center in Warrenton, Virginia. Funding in the amount of approximately \$6,495,000 occurred at closing. The loan accrues interest, payable at an interest rate of LIBOR plus 1.6%. The loan matures on May 1, 2011, with one 2-year extension option, exercisable at the Company's option subject to completion of improvements and certain debt service coverage requirements. The loan is 100% guaranteed by the Company until such time as the construction is complete, at which time the guarantee will be limited to 50% of the total principal outstanding. Approximately \$12,817,000 was outstanding as of December 31, 2008.

Also in May 2008, the Company closed a \$157,500,000 secured construction loan to finance the development of Clarendon Center, a mixed-use development adjacent to the Clarendon Metro station in Arlington, Virginia. The Company has guaranteed the loan, with the guarantee to be reduced subject to certain conditions related to pre-leasing, completion of construction and net operating income from the project. The loan accrues interest at an interest rate of LIBOR plus 2.5% and matures on November 14, 2011, which term may be extended by the Company for two additional 9-month periods, subject to the satisfaction of certain conditions. Approximately \$6,413,000 was outstanding as of December 31, 2008.

During 2007, the Company obtained two new fixed-rate, non-recourse financings. On August 15, 2007, the Company closed on a new 15-year, fixed-rate mortgage financing in the amount of \$12,000,000, secured by Orchard Park. The loan matures September 5, 2022, requires equal monthly principal and interest payments of \$72,565, based upon a 6.08% interest rate and 30-year principal amortization, and requires a final principal payment of \$8,555,000 at maturity. On May 30, 2007, the Company closed on a new 15-year, fixed-rate mortgage financing in the amount of \$40,000,000, secured by Lansdowne Town Center. The loan matures June 10, 2022, requires equal monthly principal and interest payments of \$230,137, based upon a 5.62% interest rate and 30-year principal amortization, and requires a final principal payment of \$27,947,000 at maturity.

- * Interest rate and scheduled maturity data presented as of December 31, 2008. Totals computed using weighted averages.
- (a) The loan is collateralized by Avenel Business Park, Van Ness Square, Ashburn Village, Leesburg Pike, Lumberton Plaza and Village Center. The loan has been increased on four occasions since its inception in 1997. The 8.00% blended interest rate is the weighted average of the initial loan rate and additional borrowing rates. The loan requires equal monthly principal and interest payments of \$920,000 based upon a weighted average 23-year amortization schedule and a final payment of \$63,153,000 at loan maturity. Principal of \$4,589,000 was amortized during 2008.

Edgar Filing: SAUL CENTERS INC - Form 10-K

- (b) *The loan is collateralized by nine shopping centers (Seven Corners, Thruway, White Oak, Hampshire Langley, Great Eastern, Southside Plaza, Belvedere, Giant and Ravenwood) and requires equal monthly*

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements**

- principal and interest payments of \$1,103,000 based upon a 25-year amortization schedule and a final payment of \$97,403,000 at loan maturity. Principal of \$4,069,000 was amortized during 2008.*
- (c) *The loan is collateralized by Smallwood Village Center and requires equal monthly principal and interest payments of \$71,000 based upon a 30-year amortization schedule and a final payment of \$10,071,000 at loan maturity. Principal of \$176,000 was amortized during 2008.*
- (d) *The loan is collateralized by 601 Pennsylvania Avenue and requires equal monthly principal and interest payments of \$294,000 based upon a 25-year amortization schedule and a final payment of \$22,961,000 at loan maturity. Principal of \$1,204,000 was amortized during 2008.*
- (e) *The loan is collateralized by Cruse MarketPlace and requires equal monthly principal and interest payments of \$56,000 based upon an amortization schedule of approximately 24 years and a final payment of \$6,830,000 at loan maturity. Principal of \$212,000 was amortized during 2008.*
- (f) *The loan is collateralized by Seabreeze Plaza. During 2008, the Company increased the mortgage and borrowed an additional \$3,000,000. The combination of the original note and the 2008 note requires equal monthly principal and interest payments totaling \$102,000 based upon a weighted average 26-year amortization schedule and a final payment of \$13,278,000 is due at loan maturity. Principal of \$359,000 was amortized during 2008.*
- (g) *The loan is collateralized by Shops at Fairfax and Boulevard shopping centers. During 2008, the Company increased the mortgage and borrowed an additional \$7,500,000. The combination of the original note and the 2008 note requires equal monthly principal and interest payments totaling \$156,000 based upon a weighted average 23-year amortization schedule and a final payment of \$15,168,000 is due at loan maturity. Principal of \$443,000 was amortized during 2008.*
- (h) *The loan is collateralized by Washington Square and requires equal monthly principal and interest payments of \$264,000 based upon a 27.5-year amortization schedule and a final payment of \$28,012,000 at loan maturity. Principal of \$836,000 was amortized during 2008.*
- (i) *The loan, consisting of two notes dated December 2003 and two notes dated February and December 2004, is currently collateralized by three shopping centers, Broadlands Village (Phases I, II & III), The Glen and Kentlands Square, and requires equal monthly principal and interest payments of \$306,000 based upon a 25-year amortization schedule and a final payment of \$28,393,000 at loan maturity. Principal of \$1,082,000 was amortized during 2008.*
- (j) *The loan is collateralized by Olde Forte Village and requires equal monthly principal and interest payments of \$98,000 based upon a 25-year amortization schedule and a final payment of \$8,985,000 at loan maturity. Principal of \$352,000 was amortized during 2008.*
- (k) *The loan is collateralized by Countryside and requires equal monthly principal and interest payments of \$133,000 based upon a 25-year amortization schedule and a final payment of \$12,288,000 at loan maturity. Principal of \$487,000 was amortized during 2008.*
- (l) *The loan is collateralized by Briggs Chaney MarketPlace and requires equal monthly principal and interest payments of \$133,000 based upon a 25-year amortization schedule and a final payment of \$12,192,000 at loan maturity. Principal of \$466,000 was amortized during 2008.*
- (m) *The loan is collateralized by Shops at Monocacy and requires equal monthly principal and interest payments of \$112,000 based upon a 25-year amortization schedule and a final payment of \$10,568,000 at loan maturity. Principal of \$436,000 was amortized during 2008.*
- (n) *The loan is collateralized by Boca Valley Plaza and requires equal monthly principal and interest payments of \$75,000 based upon a 30-year amortization schedule and a final payment of \$9,149,000 at loan maturity. Principal of \$198,000 was amortized during 2008.*
- (o) *The loan is collateralized by Palm Springs Center and requires equal monthly principal and interest payments of \$75,000 based upon a 25-year amortization schedule and a final payment of \$7,075,000 at loan maturity. Principal of \$282,000 was amortized during 2008.*
- (p) *The loan is collateralized by Jamestown Place and requires equal monthly principal and interest payments of \$66,000 based upon a 25-year amortization schedule and a final payment of \$6,102,000 at loan maturity. Principal of \$214,000 was amortized during 2008.*

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements**

- (q) The loan is collateralized by Hunt Club Corners and requires equal monthly principal and interest payments of \$42,000 based upon a 30-year amortization schedule and a final payment of \$5,018,000 at loan maturity. Principal of \$93,000 was amortized during 2008.
- (r) The loan is collateralized by Lansdowne Town Center and requires monthly principal and interest payments of \$230,000 based on a 30-year amortization schedule and a final payment of \$28,177,000 at loan maturity. Principal of \$542,000 was amortized during 2008.
- (s) The loan is collateralized by Orchard Park and requires equal monthly principal and interest payments of \$73,000 based upon a 30-year amortization schedule and a final payment of \$8,628,000 at loan maturity. Principal of \$147,000 was amortized during 2008.
- (t) The loan is collateralized by BJs Wholesale and requires equal monthly principal and interest payments of \$80,000 based upon a 30-year amortization schedule and a final payment of \$9,305,000 at loan maturity. Principal of \$95,000 was amortized during 2008.
- (u) The loan, consisting of two notes dated February 2004 and April 2008, is collateralized by Great Falls shopping center. The 2004 note requires equal monthly principal and interest payments of \$83,000 based upon a 20-year amortization schedule. The 2008 note of \$6,525,000 requires interest only payments of \$37,000 based upon and interest rate of 6.8% until May 2009, at which time the loan requires equal monthly principal and interest payments of \$43,000 based upon a 30-year amortization schedule. Both loans mature February 1, 2024 at which time a final payment of \$1,378,000 will be due. Principal of \$303,000 was amortized during 2008.
- (v) The loan is an unsecured revolving credit facility totaling \$150,000,000. Interest expense during 2008 was calculated based upon the 1 month LIBOR rate plus a spread of 1.475% (reduced to 1.40% effective April 1, 2008) or upon the bank's reference rate at the Company's option. The line may be extended one year with payment of a fee of 1/4% at the Company's option. Monthly payments, if applicable, are interest only and vary depending upon the amount outstanding and the applicable interest rate for any given month.
- (w) The loan is a secured construction loan facility totaling \$21,822,000 to fund the development of Northrock shopping center. Interest charges are funded by the construction loan and are calculated based upon the 1 month LIBOR rate plus a spread of 1.60%. The loan may be extended two years, at the Company's option, subject to the completion of construction and certain debt coverage requirements. Interest charges of approximately \$247,000 accrued and were capitalized as costs of construction during 2008.
- (x) The loan is a secured construction loan facility totaling \$157,500,000 to fund the development of Clarendon Center. Interest charges are funded by the construction loan and are calculated based upon the 1 month LIBOR rate plus a spread of 2.50%. The loan may be extended for two additional 9-month periods, subject to the satisfaction of certain conditions. Interest charges of approximately \$105,000 accrued and were capitalized as costs of construction during 2008.

The December 31, 2008 and 2007 depreciation adjusted cost of properties collateralizing the mortgage notes payable totaled \$693,205,000 and \$557,820,000, respectively. The Company's credit facility requires the Company and its subsidiaries to maintain certain financial covenants. As of December 31, 2008, the material covenants required the Company, on a consolidated basis, to:

limit the amount of debt so as to maintain a gross asset value, as defined in the loan agreement, in excess of liabilities of at least \$600 million plus 90% of the Company's future net equity proceeds;

limit the amount of debt as a percentage of gross asset value, as defined in the loan agreement, to less than 60% (leverage ratio);

limit the amount of debt so that interest coverage will exceed 2.5 to 1 on a trailing 12-full calendar month basis;

limit the amount of debt so that interest, scheduled principal amortization and preferred dividend coverage exceeds 1.6 to 1; and

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements**

limit the amount of variable rate debt and debt with initial loan terms of less than five years to no more than 40% of total debt. As of December 31, 2008, the Company was in compliance with all such covenants.

Notes payable at December 31, 2008 and 2007, totaling \$144,108,000 and \$157,381,000, respectively, are guaranteed by members of The Saul Organization. As of December 31, 2008, the scheduled maturities of all debt including scheduled principal amortization for years ended December 31, are as follows:

Debt Maturity Schedule

<i>(Dollars in thousands)</i>	Balloon Payments	Scheduled Principal Amortization	Total
2009	\$	\$ 18,054	\$ 18,054
2010		19,413	19,413
2011	81,463 ^(a)	20,853	102,316
2012	96,300	15,050	111,350
2013	39,440	9,269	48,709
2014	13,176	9,052	22,228
Thereafter	188,451	56,974	245,425
	\$ 418,830	\$ 148,665	\$ 567,495

(a) Includes the Clarendon Center and Northrock construction loan balances as of December 31, 2008, totaling \$19,230.

Interest Expense and Amortization of Deferred Debt Costs

<i>(In thousands)</i>	Year ended December 31,		
	2008	2007	2006
Interest incurred	\$ 37,275	\$ 35,595	\$ 35,118
Amortization of deferred debt costs	1,162	1,149	1,089
Capitalized interest	(4,159)	(2,889)	(3,673)
Total	\$ 34,278	\$ 33,855	\$ 32,534

During the 2008 year, the Company incurred and capitalized as construction in progress, deferred debt costs of approximately \$2,369 related to the Clarendon Center and Northrock construction loans.

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements****6. LEASE AGREEMENTS**

Lease income includes primarily base rent arising from noncancelable commercial leases. Base rent (including straight-line rent) for the years ended December 31, 2008, 2007 and 2006, amounted to \$124,999,000, \$118,806,000 and \$110,121,000, respectively. Future contractual payments under noncancelable leases for years ended December 31, (which exclude the effect of straight-line rents), are as follows:

Future Contractual Payments

<i>(In thousands)</i>	
2009	\$ 121,931
2010	111,960
2011	94,971
2012	77,469
2013	59,401
Thereafter	268,206
Total	\$ 733,938

The majority of the leases also provide for rental increases and expense recoveries based on fixed annual increases or increases in the Consumer Price Index and increases in operating expenses. The expense recoveries generally are payable in equal installments throughout the year based on estimates, with adjustments made in the succeeding year. Expense recoveries for the years ended December 31, 2008, 2007 and 2006 amounted to \$29,066,000, \$26,090,000 and \$22,636,000, respectively. In addition, certain retail leases provide for percentage rent based on sales in excess of the minimum specified in the tenant's lease. Percentage rent amounted to \$1,509,000, \$1,497,000 and \$1,767,000, for the years ended December 31, 2008, 2007 and 2006, respectively.

7. LONG-TERM LEASE OBLIGATIONS

Certain properties are subject to noncancelable long-term leases which apply to land underlying the Shopping Centers. Certain of the leases provide for periodic adjustments of the base annual rent and require the payment of real estate taxes on the underlying land. The leases will expire between 2058 and 2068. Reflected in the accompanying consolidated financial statements is minimum ground rent expense of \$164,000 for each of the years ended December 31, 2008, 2007 and 2006, respectively.

The future minimum rental commitments under these ground leases are as follows:

Ground Lease Rental Commitments

<i>(In thousands)</i>	Annually						Total
	2009	2010	2011	2012	2013	Thereafter	
Beacon Center	\$ 53	\$ 53	\$ 57	\$ 60	\$ 60	\$ 2,900	\$ 3,183
Olney	52	56	56	56	56	4,097	4,373
Southdale	60	60	60	60	60	3,245	3,545
Total	\$ 165	\$ 169	\$ 173	\$ 176	\$ 176	\$ 10,242	\$ 11,101

Edgar Filing: SAUL CENTERS INC - Form 10-K

In addition to the above, Flagship Center consists of two developed out parcels that are part of a larger adjacent community shopping center formerly owned by The Saul Organization and sold to an affiliate of a tenant in 1991. The Company has a 90-year ground leasehold interest which commenced in September 1991 with a minimum rent of one dollar per year. Countryside shopping center was acquired in February, 2004. Because of certain land use considerations, approximately 3.4% of the underlying land is held under a 99-year ground lease. The lease requires the Company to pay minimum rent of one dollar per year as well as its pro-rata share of the real estate taxes.

F-24

Table of Contents

SAUL CENTERS, INC.

Notes to Consolidated Financial Statements

The Company's corporate headquarters lease, which commenced in March 2002, is leased by a member of The Saul Organization. The 10-year lease provides for base rent escalated at 3% per year, with payment of a pro-rata share of operating expenses over a base year amount. The Company and The Saul Organization entered into a Shared Services Agreement whereby each party pays an allocation of total rental payments on a percentage proportionate to the number of employees employed by each party. The Company's rent expense for the years ended December 31, 2008, 2007 and 2006 were \$813,000, \$796,000 and \$726,000, respectively. Expenses arising from the lease are included in general and administrative expense (see Note 9 - Related Party Transactions).

8. STOCKHOLDERS' EQUITY AND MINORITY INTERESTS

The consolidated statement of operations for the years ended December 31, 2008, 2007 and 2006 includes a charge for minority interests of \$7,972,000 and \$8,818,000, and \$7,793,000, respectively, representing The Saul Organization's share of the net income for the year.

On July 16, 2003, the Company filed a shelf registration statement with the SEC relating to the future offering of up to an aggregate of \$100 million of preferred stock and depositary shares. On November 5, 2003, the Company sold 3,500,000 depositary shares, each representing 1/100th of a share of 8% Series A Cumulative Redeemable Preferred Stock. The underwriters exercised an over-allotment option, purchasing an additional 500,000 depositary shares on November 26, 2003.

The depositary shares may be redeemed, in whole or in part, at the \$25.00 per share liquidation preference at the Company's option as of November 5, 2008. The depositary shares pay an annual dividend of \$2.00 per share, equivalent to 8% of the \$25.00 per share liquidation preference. The Series A preferred stock has no stated maturity, is not subject to any sinking fund or mandatory redemption and is not convertible into any other securities of the Company. Investors in the depositary shares generally have no voting rights, but will have limited voting rights if the Company fails to pay dividends for six or more quarters (whether or not declared or consecutive) and in certain other events.

On March 20, 2008, the Company filed a shelf registration statement with the SEC relating to the future offering of up to an aggregate of \$140 million of preferred stock and depositary shares. On March 27, 2008, the Company sold 3,000,000 depositary shares, each representing 1/100th of a share of 9% Series B Cumulative Redeemable Preferred Stock. The underwriters exercised an over-allotment option, purchasing an additional 173,115 depositary shares.

The depositary shares may be redeemed, in whole or in part, at the \$25.00 per share liquidation preference at the Company's option on or after March 15, 2013. The depositary shares pay an annual dividend of \$2.25 per share, equivalent to 9% of the \$25.00 per share liquidation preference. The first dividend was paid on July 15, 2008 and covered the period from March 27, 2008 through June 30, 2008. The Series B preferred stock has no stated maturity, is not subject to any sinking fund or mandatory redemption and is not convertible into any other securities of the Company. Investors in the depositary shares generally have no voting rights, but will have limited voting rights if the Company fails to pay dividends for six or more quarters (whether or not declared or consecutive) and in certain other events.

9. RELATED PARTY TRANSACTIONS

Chevy Chase Bank, an affiliate of The Saul Organization as of December 31, 2008, leased space in 20 of the Company's properties. Total rental income from Chevy Chase Bank amounted to \$3,458,000, \$2,946,000 and \$2,220,000, for the years ended December 31, 2008, 2007 and 2006, respectively. As of December 31, 2008 and 2007, current accounts receivable and accrued income included \$25,700 and \$12,200, respectively, from various Chevy Chase Bank leases.

The Company utilizes Chevy Chase Bank for its various checking accounts and as of December 31, 2008 had \$12,847,000 deposited in cash and short-term investment accounts.

Table of Contents

SAUL CENTERS, INC.

Notes to Consolidated Financial Statements

The Chairman and Chief Executive Officer, the President, the Senior Vice President- General Counsel and the Vice President-Chief Accounting Officer of the Company are also officers of various members of The Saul Organization and their management time is shared with The Saul Organization. Their annual compensation is fixed by the Compensation Committee of the Board of Directors, with the exception of the Vice President-Chief Accounting Officer whose share of annual compensation allocated to the Company is determined by the shared services agreement (described below).

The Company participates in a multiemployer profit sharing retirement plan with other entities within The Saul Organization which covers those full-time employees who meet the requirements as specified in the plan. Beginning January 1, 2002, only employer contributions are made to the plan. Each participant who is entitled to be credited with at least one hour of service on or after January 1, 2002, shall be 100% vested in his or her employer contribution account and no portion of such account shall be forfeitable. Employer contributions, included in general and administrative expense or property operating expenses in the consolidated statements of operations, at the discretionary amount of up to six percent of the employee's cash compensation, subject to certain limits, were \$381,000, \$331,000 and \$289,000, for 2008, 2007 and 2006, respectively. There are no past service costs associated with the plan since it is of the defined-contribution type.

The Company also participates in a multiemployer nonqualified deferred plan with entities in The Saul Organization which covers those full-time employees who meet the requirements as specified in the plan. The plan, which can be modified or discontinued at any time, requires participating employees to defer 2% of their compensation over a specified amount. For the years ended December 31, 2008, 2007 and 2006, the Company was required to contribute three times the amount deferred by employees. The Company's expense, included in general and administrative expense, totaled \$203,000, \$106,000 and \$106,000, for the years ended December 31, 2008, 2007 and 2006, respectively. All amounts deferred by employees and the Company are fully vested. The cumulative unfunded liability under this plan was \$1,082,000 and \$857,000, at December 31, 2008 and 2007, respectively, and is included in accounts payable, accrued expenses and other liabilities in the consolidated balance sheets.

The Company has entered into a shared services agreement (the Agreement) with The Saul Organization that provides for the sharing of certain personnel and ancillary functions such as computer hardware, software, and support services and certain direct and indirect administrative personnel. The method for determining the cost of the shared services is provided for in the Agreement and is based upon head count estimates of usage or estimates of time incurred, as applicable. Senior management has determined that the final allocations of shared costs are reasonable. The terms of the Agreement and the payments made thereunder are reviewed annually by the Audit Committee of the Board of Directors, which consists entirely of independent directors. Billings by The Saul Organization for the Company's share of these ancillary costs and expenses for the years ended December 31, 2008, 2007 and 2006, which included rental expense for the Company's headquarters lease (see Note 7. Long Term Lease Obligations), totaled \$5,188,000, \$4,890,000 and \$3,963,000, respectively. The amounts are expensed when incurred and are primarily reported as general and administrative expenses or capitalized to specific development projects in these consolidated financial statements. As of December 31, 2008 and 2007, accounts payable, accrued expenses and other liabilities included \$324,000 and \$298,000, respectively, represent billings due to The Saul Organization for the Company's share of these ancillary costs and expenses.

The B. F. Saul Insurance Agency of Maryland, Inc., a subsidiary of the B. F. Saul Company and a member of the Saul Organization, is a general insurance agency that receives commissions and counter-signature fees in connection with our insurance program. Such commissions and fees amounted to approximately \$418,000, \$367,000 and \$381,000, for the years ended December 31, 2008, 2007 and 2006, respectively.

On November 14, 2007, the Company purchased a land parcel in Frederick, Maryland, from a subsidiary of Chevy Chase Bank, a related party, for \$5,000,000. The purchase price of the property was determined by the average of two independent third party appraisals which were contracted, one on behalf of the Company and one on behalf of Chevy Chase Bank. (see Note 17. Subsequent Events-Sale of Chevy Chase Bank)

SAUL CENTERS, INC.

Notes to Consolidated Financial Statements

10. STOCK OPTION PLAN

The Company established a stock option plan in 1993 (the 1993 Plan) for the purpose of attracting and retaining executive officers and other key personnel. The 1993 Plan provided for grants of options to purchase a specified number of shares of common stock. A total of 400,000 shares were made available under the 1993 Plan. The 1993 Plan authorizes the Compensation Committee of the Board of Directors to grant options at an exercise price which may not be less than the market value of the common stock on the date the option is granted.

On May 23, 2003, the Compensation Committee granted options to purchase a total of 220,000 shares (80,000 shares from incentive stock options and 140,000 shares from nonqualified stock options) to six Company officers (the 2003 Options). The 2003 Options vest 25% per year over four years and have a term of ten years, subject to earlier expiration upon termination of employment. The exercise price of \$24.91 per share was the market trading price of the Company s common stock at the time of the award. As a result of the 2003 Options grant, no further shares were available under the 1993 Plan.

Effective April 26, 2004, the Compensation Committee granted options to purchase a total of 152,500 shares (27,500 shares of incentive stock options and 125,000 shares of nonqualified stock options) to eleven Company officers and to the twelve Company directors (the 2004 Options). The officers 2004 Options vest 25% per year over four years and have a term of ten years, subject to earlier expiration upon termination of employment. The directors options are exercisable immediately. The exercise price of \$25.78 per share was the market trading price of the Company s common stock on the date the option was granted.

Effective May 6, 2005, the Compensation Committee granted options to purchase a total of 162,500 shares (35,500 shares of incentive stock options and 127,000 shares of nonqualified stock options) to twelve Company officers and to the twelve Company directors (the 2005 Options). The officers 2005 Options vest 25% per year over four years and have a term of ten years, subject to earlier expiration upon termination of employment. The directors options are exercisable immediately. The exercise price of \$33.22 per share was the market trading price of the Company s common stock on the date the option was granted.

Effective May 1, 2006, the Compensation Committee granted options to purchase a total of 30,000 shares of nonqualified stock options to the twelve Company directors (the 2006 Options). The options are exercisable immediately. The exercise price of \$40.35 per share was the market trading price of the Company s common stock on the date the option was granted. No options were granted to the Company s officers in 2006.

Effective April 27, 2007, the Compensation Committee granted options to purchase a total of 165,000 shares (27,560 shares from incentive stock options and 137,440 shares from nonqualified stock options) to thirteen Company officers and twelve Company Directors (the 2007 options). The officers 2007 Options vest 25% per year over four years and have a term of ten years, subject to earlier expiration upon termination of employment. The directors options were immediately exercisable. The exercise price of \$54.17 per share was the closing market price of the Company s common stock on the date the option was granted.

Effective April 25, 2008, the Compensation Committee granted options to purchase a total of 30,000 shares (all nonqualified stock options) to twelve Company directors (the 2008 Options). The options were immediately exercisable. The exercise price of \$50.15 per share was the closing market price of the Company s common stock on the date of the award. Using the Black-Scholes model, the Company determined the total fair value of the 2008 Options to be \$254,700. Because the directors options vest immediately, the entire \$254,700 was expensed as of the date of grant. The 2008 Options are due to expire April 24, 2018. No options were granted to the Company s officers in 2008.

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements**

The table below summarizes the option activity for the years 2008, 2007 and 2006:

	2008		2007		2006	
	Shares	Wtd Avg Exercise Price	Shares	Wtd Avg Exercise Price	Shares	Wtd Avg Exercise Price
Outstanding at January 1	586,753	\$ 36.15	430,453	\$ 29.06	513,125	\$ 27.80
Granted	30,000	50.15	165,000	54.17	30,000	40.35
Exercised	(23,125)	26.02	(8,700)	26.85	(86,422)	25.59
Expired/Forfeited					(26,250)	28.72
Outstanding December 31	593,628	34.72	586,753	36.15	430,453	29.06
Exercisable at December 31	463,003	30.56	354,878	30.74	241,078	29.09

The intrinsic value of options exercised in 2008, 2007 and 2006 was \$557,000, \$208,775 and \$1,871,000, respectively. The intrinsic value of options outstanding and exercisable at year end 2008 was \$4,098,000 and \$3,914,000, respectively. The intrinsic value measures the price difference between the options' exercise price and the closing share price quoted by the New York Stock Exchange as of the date of measurement. The date of exercise was the measurement date for shares exercised during the period. At December 31, 2008, the final trading day of calendar 2008, the closing price was \$39.50 per share and was used for the calculation of aggregate intrinsic value of options outstanding and exercisable at that date. Options having an exercise price in excess of the December 31, 2008 closing price have no intrinsic value. The weighted average remaining contractual life of the Company's exercisable and outstanding options are 6.1 and 6.5 years, respectively.

11. NON-OPERATING ITEMS**Gain on Property Dispositions**

The gain on property dispositions of \$1,301,000 resulted from insurance claims arising from three loss events sustained in 2008. The Company recognized a gain of \$1,096,000, arising from insurance proceeds related to minor fire damage sustained at two shopping centers. The insurance proceeds are expected to fund substantially all of the restoration. The gain recognized was measured as the difference between insurance proceeds and the depreciated carrying value of the assets replaced. Additionally, the Company recognized a gain on property dispositions of \$205,000 representing proceeds from an insurance settlement for HVAC units vandalized at the Company's West Park shopping center in Oklahoma City, Oklahoma.

The gain on property dispositions of \$139,000 in 2007 represents additional condemnation proceeds recognized from the State of Maryland's condemnation and taking of a small strip of unimproved land for a road widening project at White Oak shopping center. Original proceeds from the condemnation were received in 2004. There were no property dispositions in 2006.

12. FAIR VALUE OF FINANCIAL INSTRUMENTS

Statement of Financial Accounting Standards No. 107, Disclosure about Fair Value of Financial Instruments, requires disclosure about the fair value of financial instruments. The carrying values of cash and cash equivalents, accounts receivable, accounts payable and accrued expenses are reasonable estimates of their fair value. Based upon management's estimate of borrowing rates and loan terms currently available to the Company for fixed rate financing, the fair value of the fixed rate notes payable is in excess of the \$548,265,000 and \$524,726,000 carrying value at December 31, 2008 and 2007, respectively. Management estimates that the fair value of these fixed rate notes payable, assuming long term interest rates of approximately 7.15% and 6.27%, would be approximately \$525,285,000 and \$528,894,000, as of December 31, 2008 and 2007, respectively.

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements****13. COMMITMENTS AND CONTINGENCIES**

Neither the Company nor the Current Portfolio Properties are subject to any material litigation, nor, to management's knowledge, is any material litigation currently threatened against the Company, other than routine litigation and administrative proceedings arising in the ordinary course of business. Management believes that these items, individually or in the aggregate, will not have a material adverse impact on the Company or the Current Portfolio Properties.

14. DISTRIBUTIONS

In December 1995, the Company established a Dividend Reinvestment and Stock Purchase Plan (the "Plan"), to allow its stockholders and holders of limited partnership interests an opportunity to buy additional shares of common stock by reinvesting all or a portion of their dividends or distributions. The Plan provides for investing in newly issued shares of common stock at a 3% discount from market price without payment of any brokerage commissions, service charges or other expenses. All expenses of the Plan are paid by the Company. The Operating Partnership also maintains a similar dividend reinvestment plan that mirrors the Plan, which allows limited partnership interests the opportunity to buy additional limited partnership units.

The Company paid common stock distributions of \$1.88 per share, \$1.77 per share and \$1.68 per share, during 2008, 2007 and 2006, respectively, and paid Series A preferred stock dividends of \$2.00 per depositary share during each of the years and two Series B preferred stock dividends totaling \$1.16 in 2008. For the common stock dividends paid, \$1.842, \$1.770 and \$1.445 per share, represented ordinary dividend income for the years 2008, 2007 and 2006. For the common stock dividends paid, \$0.038 and \$0.235 per share, represented return of capital to the shareholders for the years 2008 and 2006, respectively. The 2007 common dividend was 100% taxable. All of the preferred stock dividends paid were considered ordinary dividend income.

The following summarizes distributions paid during the years ended December 31, 2008, 2007 and 2006, and includes activity in the Plan as well as limited partnership units issued from the reinvestment of unit distributions:

	Total Distributions to (Dollars in thousands)			Dividend Reinvestments		
	Preferred Stockholders	Common Stockholders	Limited Partnership Unitholders	Common Stock Shs Issued	Units Issued	Discounted Share Price
Distributions during 2008

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements**

In December 2008, 2007 and 2006, the Board of Directors of the Company authorized a distribution of \$0.39, \$0.47 and \$0.42 per common share payable in January 2009, 2008 and 2007, to holders of record on January 16, 2009, January 17, 2008 and January 17, 2007, respectively. As a result, \$6,967,000, \$8,343,000 and \$7,284,000, were paid to common shareholders on January 30, 2009, January 31, 2008 and January 31, 2007, respectively. Also, \$2,112,000, \$2,545,000 and \$2,275,000, were paid to limited partnership unitholders on January 30, 2009, January 31, 2008 and January 31, 2007 (\$0.39, \$0.47 and \$0.42 per Operating Partnership unit), respectively. The Board of Directors authorized preferred stock dividends of \$0.50 per Series A depositary share, to holders of record on January 5, 2009, January 2, 2008 and January 2, 2007, respectively and \$0.5625 per Series B depositary share to holders of record on January 5, 2009. As a result, \$3,785,000 was paid to preferred shareholders on January 15, 2009, and \$2,000,000 was paid January 15, 2008 and January 12, 2007, respectively. These amounts are reflected as a reduction of stockholders' equity in the case of common stock and preferred stock dividends and minority interests deductions in the case of limited partner distributions and are included in dividends and distributions payable in the accompanying consolidated financial statements.

15. INTERIM RESULTS (Unaudited)

The following summary presents the results of operations of the Company for the quarterly periods of calendar years 2008 and 2007.

<i>(In thousands, except per share amounts)</i>	2008			
	1st Quarter	2nd Quarter	3rd Quarter	4th Quarter
Revenue	\$ 38,722	\$ 40,105	\$ 40,947	\$ 40,571
Operating income before minority interests and gain on property dispositions	11,073	12,175	11,264	11,853

Notes to Consolidated Financial Statements

17. SUBSEQUENT EVENTS

Sale of Chevy Chase Bank:

On December 4, 2008, Capital One Financial Corporation (Capital One) and the shareholders of Chevy Chase Bank (the Shareholders) announced they had signed a Stock Purchase Agreement, dated as of December 3, 2008, pursuant to which the Shareholders agreed to sell all of the outstanding shares of common stock of Chevy Chase Bank to Capital One, less certain excluded assets. After all regulatory approvals were received the transaction closed on February 28, 2009. The Saul Organization has no ongoing management or financial involvement with Capital One and Capital One is not affiliated with the Saul Organization in any way. Therefore, any transactions with Chevy Chase Bank and/or Capital One will not be considered a related party transaction as of the closing date of the sale.

Table of Contents

Schedule III

SAUL CENTERS, INC.**Real Estate and Accumulated Depreciation****December 31, 2008**

Depreciation and amortization related to the real estate investments reflected in the statements of operations is calculated over the estimated useful lives of the assets as follows:

Base building	35 - 50 years
Building components	Up to 20 years
Tenant improvements	The shorter of the term of the lease or the useful life of the improvements

The aggregate remaining net basis of the real estate investments for federal income tax purposes was approximately **\$745,700,000** at December 31, 2008. Depreciation and amortization are provided on the declining balance and straight-line methods over the estimated useful lives of the assets.

The changes in total real estate investments and related accumulated depreciation for each of the years in the three year period ended December 31, 2008 are summarized as follows.

(In thousands)	2008	2007	2006
Total real estate investments:			
Balance, beginning of year	\$ 889,927	\$ 841,861	\$ 762,793
Acquisitions	79,987	27,169	30,434
Improvements	62,978	24,742	50,036
Retirements	(5,411)	(3,845)	(1,402)
Balance, end of year	\$ 1,027,481	\$ 889,927	\$ 841,861
Total accumulated depreciation:			
Balance, beginning of year	\$ 232,669	\$ 214,210	\$ 195,376
Depreciation expense	24,761	21,638	20,236
