**Item 1.01. Entry into a Material Definitive Agreement**

On August 31, 2017, Ocean Bio-Chem, Inc. (the “Company”) and Regions Bank entered into a Business Loan Agreement (the “Business Loan Agreement”), under which the Company was provided a revolving line of credit. Under the Business Loan Agreement, the Company may borrow up to the lesser of (i) \$6,000,000 or (ii) a borrowing base equal to 85% of Eligible Accounts (as defined in the Business Loan Agreement) plus 50% of Eligible Inventory (as defined in the Business Loan Agreement). Interest on amounts borrowed under the revolving line of credit is payable monthly at the one month LIBOR rate plus 1.5% per annum, computed on a 365/360 basis. Eligible Accounts do not include, among other things, accounts receivable from affiliated entities.

Outstanding amounts under the revolving line of credit are payable on demand. If no demand is made, the Company may repay and reborrow funds from time to time until expiration of the revolving line of credit, at which time all outstanding principal and interest will be due and payable. The revolving line of credit expires on August 31, 2018. The Company’s obligations under the revolving line of credit are secured by the Company’s accounts receivable and inventory.

The Business Loan Agreement includes financial covenants requiring that the Company maintain a minimum fixed charge coverage ratio (generally, the ratio of (A) EBITDA minus the sum of Company’s distributions to its shareholders, taxes paid and unfunded capital expenditures to (B) current maturities of Company debt plus interest expense) of 1.2 to 1, tested quarterly, and a maximum “debt to cap” ratio (generally, funded debt divided by the sum of net worth and funded debt) of 0.75 to 1, tested quarterly. For purposes of computing the fixed charge coverage ratio, “EBITDA” generally is defined as net income before taxes and depreciation expense plus amortization expense, plus interest expense, plus non-recurring and/or non-cash losses and expenses, minus non-recurring and/or non-cash gains and income. “Unfunded capital expenditures” generally is defined as capital expenditures made from Company funds other than funds borrowed through term debt incurred to finance such capital expenditures. The revolving line of credit defines several events of default, including a decline in the majority shareholder’s ownership below 50% of all outstanding shares.

Regions Bank previously provided a revolving line of credit facility to the Company, in the maximum amount of \$4,000,000, which expired on August 31, 2017 and was replaced by the current facility. The \$1,000,000 outstanding under the prior facility at August 31, 2017 remains outstanding under the current facility.

**Item 2.03. Creation of a Direct Financial or an Obligation under an Off-Balance Sheet Arrangement of a Registrant**
