Notes to Financial Statements

September 30, 2008 and December 31, 2007

NOTE 1 - CONDENSED FINANCIAL STATEMENTS

The accompanying financial statements have been prepared by the Company without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations, and cash flows at September 30, 2008, and for all periods presented herein, have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. It is suggested that these condensed financial statements be read in conjunction with the financial statements and notes thereto included in the Company's December 31, 2007 audited financial statements. The results of operations for the periods ended September 30, 2008 and 2007 are not necessarily indicative of the operating results for the full years.

NOTE 2 - GOING CONCERN

The Company's financial statements are prepared using generally accepted accounting principles in the United States of America applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and allow it to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund operating losses until it becomes profitable. If the Company is unable to obtain adequate capital, it could be forced to cease operations.

In order to continue as a going concern, the Company will need, among other things, additional capital resources. Management's plan is to obtain such resources for the Company by obtaining capital from management and significant shareholders sufficient to meet its minimal operating expenses and seeking equity and/or debt financing. However management cannot provide any assurances that the Company will be successful in accomplishing any of its plans.

The ability of the Company to continue as a going concern is dependent upon its ability to successfully accomplish the plans described in the preceding paragraph and eventually secure other sources of financing and attain profitable operations. The accompanying financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Forward-Looking Statements

Certain statements, other than purely historical information, including estimates, projections, statements relating to our business plans, objectives, and expected operating results, and the assumptions upon which those statements are based, are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements generally are identified by the words "believes," "project," "expects," "anticipates," "estimates," "intends," "strategy," "plan," "may," "will," "would," "will be," "will continue," "will likely result," and similar expressions. Such forward-looking statements to be covered by the safe-harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995, and are including this statement for purposes of complying with those safe-harbor provisions. Forward-looking statements are based on current expectations and assumptions that are subject to risks and uncertainties which may cause actual results to differ materially from the forward-looking statements. Our ability to predict results or the actual effect of future plans or strategies is inherently uncertain. Factors which could have a material adverse affect on our operations and future prospects on a consolidated basis include, but are not limited to: changes in economic conditions, legislative/regulatory changes, availability of capital, interest rates, competition, and generally accepted accounting principles. These risks and uncertainties should also be considered in evaluating forward-looking statements and undue reliance should not be placed on such statements. We undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise. Further information concerning our business, including additional factors that could materially affect our financial results, is included herein and in our other filings with the SEC.

Overview

On June 26, 2008, we were served with an involuntary petition for relief under Chapter 11 of the United States Bankruptcy Code (the "Bankruptcy Code") in the United States Bankruptcy Court for the District of Nevada (the "Bankruptcy Court"), Case No. 08-16332. The bankruptcy court's Order for Relief was entered on July 30, 2008. During the pendency of our chapter 11 bankruptcy case, we are continuing to operate our business as a "debtor-in-possession" under the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the Bankruptcy Code and orders of the Bankruptcy Court.

Currently, our only remaining non-cash asset is a 25% tenant -in-common interest in three buildings located at 5203 - 5205 East Lincoln Drive in Paradise Valley, Maricopa County, Arizona 85253. Currently, the property is subject to a first trust deed held by Marshall & Ilsey Bank with a principal balance of approximately \$852,146 bearing an annual interest rate of 6.5% per annum.

Liquidity and Capital Resources

Capital Resources

As stated in financial statement Note 2 - Going Concern, we do not have an established source of revenues sufficient to continue to cover our operating costs over an extended period of time allowing us to continue as a going concern. Moreover, we do not currently possess a financial institution source of financing or an adequate principal source of financing and it does not appear likely that we will be able to obtain such a source.

Table of Contents

At September 30, 2008, we had \$14,741 in cash and cash equivalents to meet our immediate short-term liquidity requirements.

Cash Flows from Operating Activities

Net cash provided by operating activities was \$13,057 for the nine months ended September 30, 2008 compared to net cash provided by operating activities of \$14,297 for the same period ended September 30, 2007.

Cash Flows from Investing Activities

Net cash provided by investing activities amounted to \$0 for the nine months ended September 30, 2008 compared to the \$0 for same period ended September 30, 2007.

Cash Flows from Financing Activities

Cash provided by financing activities amounted was \$0 for the nine months ended September 30, 2008, compared to cash used by financing activities of \$17,949 for the same period ended September 30, 2007.

Off Balance Sheet Arrangements

As of September 30, 2008, there were no off balance sheet arrangements.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

A smaller reporting company is not required to provide the information required by this Item.

Item 4T. Controls and Procedures

We carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) as of September 30, 2008. This evaluation was carried out under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, Mr. Munjit Johal. Based on this evaluation, our Chief Executive Officer and Chief Financial Officer has concluded that our internal control over financial reporting was not effective as of September 30, 2008 as the result of a material weakness. The material weakness results from significant deficiencies in internal control that collectively constitute a material weakness.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those responsible for oversight of the registrant's financial reporting. The Company had the following significant deficiencies at September 30, 2008: The Company is effectively insolvent, and only has one employee to oversee bank reconciliations, posting payables, and so forth, so there are no checks and balances on internal controls.

Table of Contents

We are unable to remedy our internal controls until we are able to locate another business opportunity, or receive financing to hire additional employees.

Limitations on the Effectiveness of Internal Controls

Our management does not expect that our disclosure controls and procedures or our internal control over financial reporting will necessarily prevent all fraud and material error. Our disclosure controls and procedures are designed to provide reasonable assurance of achieving our objectives and our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective at that reasonable assurance level. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the internal control. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Over time, control may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

We are currently a debtor-in-possession in a case under Chapter 11 of the United States Bankruptcy Code (the “Bankruptcy Code”) currently pending in the United States Bankruptcy Court for the District of Nevada (the “Bankruptcy Court”), Case No. 08-16332.

In conjunction with our largest creditor, Cane Clark LLP, we have proposed a Joint Plan of Reorganization. If approved, our plan of reorganization will extinguish our outstanding non-priority unsecured debts in exchange for the issuance of new common stock to creditors. All currently outstanding equity interests would be extinguished under the proposed plan. Our plan also calls for a share exchange to be performed with a private operating company under which the owners of the private company would become the majority owners of Secured Diversified Investment, Ltd. Upon approval of our proposed plan of reorganization and upon consummation of the proposed share exchange transaction, we would go forward with the operations of the private company.

We have mailed copies of the proposed plan together with a court-approved disclosure statement regarding the plan to all of our shareholders and creditors. A Bankruptcy Court hearing on confirmation of the reorganization plan is currently scheduled for December 8, 2008 at 9:30 a.m.

Complete copies of our proposed plan of reorganization and the related disclosure statement are available upon request from our bankruptcy counsel, David W. Huston, Esq. Ph: (702) 384-9555.
