GOING CONCERN

These financial statements have been prepared on a going concern basis, which implies the Company will continue to realize its assets and discharge its liabilities in the normal course of business. The Company has generated minimal revenues since inception and has never paid any dividends and is unlikely to pay dividends or generate earnings in the immediate or foreseeable future.

MEEMEE MEDIA INC.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

April 30, 2017

(Unaudited)

NOTE 3.

GOING CONCERN (continued)

At April 30, 2017 the Company has limited cash resources and will likely require new financing, either through loans from officers, debt financing, equity offerings or business combinations to continue the development of its business; however, there can be no assurance that management will be successful in raising the funds necessary to maintain operations, or that a self-supporting level of operations will ever be achieved. The likely outcome of these future events is indeterminable. The continuation of the Company as a going concern is dependent upon the continued financial support from its shareholders, the ability of the Company to obtain necessary equity financing to continue operations and the attainment of profitable operations.

As of April 30, 2017, the Company has generated minimal revenues and has accumulated losses of (\$5,289,324) since inception. These financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern. These factors raise substantial doubt regarding the Company's ability to continue as a going concern.

NOTE 4.

RECENT PRONOUNCEMENTS

In accordance with ASC 855-10, the Company has analyzed its operations subsequent to September 30, 2017 to the date these financial statements were issued, and has determined that it does not have any material subsequent events to disclose in these financial statements.

STOCKHOLDERS' EQUITY (continued)

Warrants

On February 3, 2014 the Company entered into a Secured Promissory Note, a Security Agreement and a Common Stock Purchase Warrant (the February 2014 Warrant) with an accredited investor. The February 2014 Warrant provides for the grant of warrants to purchase up to 3,000,000 shares of the Company's common stock to the Holder with a 5 year term at an exercise price of \$0.50 per share. The fair value of the warrants granted was estimated at the date of granting using the Black-Scholes option pricing model with the following assumptions: risk free interest rate of 0.07%, volatility factor of 506.18%, and a weighted average expected life of 5 years. The Company assigned a relative fair market value to the February 2014 Warrants in the amount of \$107,144, which was recorded as a discount and amortized over the life of the Note. On April 6, 2016, the Company and the Holder agreed to reduce the exercise price of the warrants to \$0.06 while the rest of the terms remained the same. The Company recorded the incremental value for the modification of the award and recorded an expense of \$741.

Effective October 9, 2014, the Company amended the Secured Promissory Note and the February 2014 Warrant (the First Amendment) so that (i) the exercise price under the February 2014 Warrant was reduced from \$0.50 per share to \$0.25 per share, and (ii) the exercise price under the February 2014 Warrant may be further reduced to a reset price as follows: if the average of the closing prices of the Company common stock for the fifteen trading days after October 31, 2014 is less than \$0.25 per share, than the exercise price shall be reset to such less price. On April 6, 2016, the Company and the Holder agreed to reduce the exercise price of the warrants to \$0.06 while the rest of the terms remained the same. The Company recorded the incremental value for the modification of the award and recorded an expense of \$606.

Furthermore on October 9, 2014, in connection with the First Amendment, the Company issued the Holder an additional Common Stock Purchase Warrant dated October 9, 2014 (the October 2014 Warrant) to purchase up to 5,000,000 shares of Company common stock. The October 2014 Warrant has a term of 5 years and an exercise price of \$0.25 per share, subject to a reduction under the same reset conditions as provided in the February 2014 Warrant. The fair value of the October 2014 Warrants granted was estimated at the date of granting using the Black-Scholes

option pricing model with the following assumptions: risk free interest rate of 0.10%, volatility factor of 711.94%, and a weighted average expected life of 5 years. The Company assigned a relative fair market value to the October 2014 Warrants in the amount of \$24,424, which was recorded as a discount and amortized over the life of the Note.

On March 5, 2015, the Company entered into a second amendment (the **Second Amendment**) to the Secured Promissory Note of February 3, 2014 (the **Note**) and Common Stock Purchase Warrants dated February 3, 2014 and October 9, 2014 (the **Warrants**) with an accredited investor (the **Holder**). The Second Amendment amended the Note and the first amendment to the Note of October 9, 2014 (the **First Amendment**) to include a section allowing for the conversion of the Note by the Holder. The conversion feature in the Second Amendment grants the Holder the option to convert all or a portion of the outstanding principal and interest due and owing under the Note at any time or times by delivering to the Company a duly executed facsimile copy of a notice of conversion. The conversion price per share of the Common Stock under the Second Amendment is ten cents (\$0.10), subject to a downward adjustment in the event of certain lower price issuances of Common Stock by the Company.

NOTE 5.

STOCKHOLDERS' EQUITY (continued)

Warrants (continued)

On April 6, 2016, the Company and the Holder agreed to reduce the exercise price of the warrants to \$0.06 while the rest of the terms remained the same. The Company recorded the incremental value for the modification of the award and recorded an expense of \$242.

The Second Amendment also provides for the amendment and restatement of the February 2014 Warrant and the October 2014 Warrant such that the exercise price of the Warrants is adjusted to ten cents (\$0.10) per common share, subject to a downward adjustment in the event of certain lower price issuances of Common Stock by the Company.

The fair value of the amended February and October 2014 Warrants was estimated at the date of the amendment using the Black-Scholes option pricing model with the following assumptions: risk free interest rate of 0.25%, volatility factor of 242.10%, and a weighted average expected life of 5 years. Subject to the terms and conditions of the Merger Agreement, MeeMee shall establish a wholly-owned subsidiary (the "Merger Sub") prior to closing which shall be merged with and into ASM (the "Merger") and ASM shall be the surviving company in the Merger and shall continue its limited liability company existence under the laws of the State of Nevada and shall succeed to and assume all of the rights and obligations of ASM and Merger Sub in accordance with the NRS and shall become, as a result of the Merger, a direct wholly-owned subsidiary of MeeMee.

ECA360 Corp.

On July 17, 2015, the Company entered into an Exclusive License Agreement (the "Agreement") with ECA World Fitness Alliance, ("ECA") and the sole owner of ECA granting the Company an exclusive and perpetual right and license to the Marks and Intellectual Property of ECA. In connection with the Agreement, (i) MeeMee issued the sole owner of ECA an initial royalty payment in the form of One Million (1,000,000) shares of restricted common stock of the Company; (ii) MeeMee shall further issue to the sole owner of ECA additional royalties in the amounts of up to 300,000 shares of restricted common stock of the Company per year for the first two years from the effective date in the event certain revenue milestones are achieved; (iii) MeeMee will arrange for payment in the outstanding amount of \$89,913 owed by ECA to the Marriott Marquis Hotel in New York, New York; and (iv) pursuant to the terms of the Agreement, MeeMee has the right to purchase any and all assets, intellectual property, inventory, products and business of ECA worldwide at a purchase price of \$1.00 pursuant to a mutually agreeable form of purchase

agreement.

On October 14, 2016, the Company through its wholly owned subsidiary ECA360 entered into an Asset Assignment and Termination Agreement with the sole shareholder of ECA World Fitness Alliance (ECA) whereby the License Agreement and all the intellectual properties used in the operations of the License was assigned to ECA360 for \$1.00 and the assumption of the current liability of \$51,198 to the Marriott Marquis Hotel in New York, New York. All other liabilities of ECA remained with the sole shareholder of ECA and all other obligation or commitment to the sole shareholder was terminated.

ECA is a 25 year old fitness and lifestyle brand that, among other things, runs the oldest fitness trade show on the East Coast of the United States. The ECA intellectual properties was acquired for the business purpose of synergizing its reach, its mailing list, its connections with fitness modalitie, trainers and fitness consumers around the world with ASM's business model and vice versa. Among other things, ECA360 will be launching a 365 day per year virtual trade show online. The physical New York trade show business itself was only one element of the ECA360 acquisition thesis. While ECA suffered a down show year in April 2016, that was more because the Company was concentrating on other elements of the ECA gameplan and not the physical trade show. For the 2017 event we expect the trade show business to recapture past years' successes, while adding significant revenue from the digital channels we will have put in place once the ASM merger has been completed.

We have no employees and own no property. We currently maintain office space located at 6630 West Sunset Boulevard, Los Angeles, CA 90027. There is no lease arrangement for the office space. We are on a month-by-month, as needed basis.

Liquidity and Capital Resources

We had working capital deficit of (\$986,781) compared to a working capital deficit of (\$914,013) at July 31, 2016. Our long term liabilities consisting of the Convertible Promissory Note and Convertible Loans payable due to mature December 31, 2017 was \$2,122,033 as at April 30, 2017 compared to \$1,747,757 as at July 31, 2016. We incurred a net loss of (\$740,145) for the nine months ending April 30, 2017 compared to a loss of (\$582,024) in 2016. Our aggregate deficit since inception is (\$5,289,324).

Since inception, we have used our common stock to raise money to fund our business operations, for corporate expenses and to repay outstanding indebtedness. Another source of funding has been through convertible promissory notes and convertible loans with KF Business Ventures. As at April 30, 2017, the aggregate convertible promissory notes and loans inclusive of accrued interest payable to KF Business Ventures is \$2,122,033 (\$2,541,272 net of debt discount of \$419,239).

On August 23, 2017, the Company entered into a Second Omnibus Amendment to the Secured Promissory Note dated February 3, 2014, the \$175,000 Note dated April 6, 2016, the \$25,000 Note dated April 6, 2016 and the \$250,000 Note dated May 6, 2016 (the Notes) and Common Stock Purchase Warrants dated February 3, 2014, October 9, 2014, March 5, 2015 and April 6, 2016 (the Amended and Restated Warrants). The Second Omnibus Amendment extends the maturity date for each of the Secured Notes, the \$175,000 Note, the \$25,000 Note and the \$250,000 note shall be extended to December 31, 2018. As consideration for entering into this Amendment, the Company issued 5,000,000 warrants with an exercise price of five cents (\$0.05) and expires on December 31, 2022. In addition, the Company will capitalize interest through December 31, 2016 and add it to the principal balance on January 1, 2017. The interest for the year ended December 31, 2017 will be capitalized as of January 1, 2018. Finally, on the July and August 2015 warrants the expiration date will be extended to December 31, 2019.

During the next twelve months we expect to continue to incur indebtedness for administrative and professional charges associated with preparing, reviewing, auditing and filing our financial statements and our periodic and other disclosure documents to maintain the Company in good standing. Our management is exploring a variety of options to meet our cash requirements and future capital requirements, including the possibility of equity offerings, continued additional debt financing and business combinations.

As at April 30, 2017, an aggregate of \$720,206 is owed to our officers and other related parties for services rendered. Management is in discussions to try to settle certain portions of the accounts payable to related and non-related parties.

Our ability to meet our financial liabilities and commitments is primarily dependent upon the continued financial support of our management and stockholders, the continued issuance of equity to new stockholders, and our ability to achieve and maintain profitable operations. If financing is not available on satisfactory terms, we may be unable to continue, develop or expand our operations. There can be no assurance that we will be able to raise additional capital, and if we are unable to raise additional capital, we will unlikely be able to continue as a going concern.

Plan of Operation

Currently, we are a growth stage corporation. A growth stage corporation is one engaged in the search of business opportunities, successful negotiation and closing of a business acquisition and furthering its business plan.

In the current fiscal year the Company hopes to capitalize on the efforts of the previous year's ECA event and for the the 2017 event we expect the trade show business to recapture past years' successes, while adding significant revenue from the digital channels we will have put in place once the ASM merger has been completed.

Our plan of operation for the next twelve months will be to work towards the completion of the Merger with All Screens Media, LLC, and the holders of 100% of the membership interests of ASM (the "ASM Members") as described in the Merger Agreement dated May 21, 2015 and as amended May 2, 2016 and September 28, 2016. In the event the Merger does not close, we will then (i) consider guidelines of industries in which we may have an interest; (ii) adopt a business plan regarding engaging in business in any selected industry; and (iii) commence such operations through funding and/or the acquisition of an operating entity engaged in any industry selected.

Results of Operations

For the three months ended April 30, 2017 and 2016

During the three months ended April 30, 2017, the Company recorded \$192,192 from revenue generated by ECA360 from their fitness conference and membership fees. When offset by conference costs totaling \$144,427, resulted in net revenue of (\$47,765).

On a consolidated basis, during the three-month periods ended April 30, 2017 we had a net loss of (\$297,936) compared to a net loss of (\$81,901) for the three-month period ended April 30, 2016. The changes are explained below.

Commissions were paid in 2017 totaling \$5,540 while \$44,969 was paid to the principal of ECA in 2016. Total consulting and outside services of \$149,424 was incurred for the three month period in 2017 of which \$126,824 was incurred by ECA360. Expenses were lower in 2016 primarily as a result of commission paid to the principal of ECA per the Licence Agreement and expenses incurred in the promotion of the ECA World Fitness Alliance 2016 conference through an extensive advertising campaign. During the three months ended April 30, 2017, the Company recorded \$135,439 in interest expense and financing costs compared to \$70,000 in 2016. The interest and financing costs were higher in 2017 as the Company incurred an additional \$1,000,000 in Convertible Debt by April 30, 2017.

For the nine months ended April 30, 2017 and 2016

On a consolidated basis, during the nine-month periods ended April 30, 2017 we had a net loss of (\$740,145) compared to a net loss of (\$582,024) for the nine-month period ended April 30, 2016. The changes are explained below.

Expenses were higher in 2016 as the Company engaged in some IR activities, paid commission to the principal of ECA per the Licence Agreement, and due to consulting fees and advertising incurred in the promotion of the ECA World Fitness Alliance 2016 conference. During the nine months ended April 30, 2017, the Company recorded \$353,878 in interest expense and financing costs compared to \$70,000 in 2016. The interest and financing costs were higher in 2017 as the Company incurred an additional \$1,000,000 in Convertible Debt by April 30, 2017.

As of the date of this report, we have generated minimal revenues and have sustained significant operating losses since our formation and expect to continue to incur substantial losses and negative operating cash flows for the foreseeable future as we attempt to expand our infrastructure and development activities and carry on with the due diligence process of the proposed acquisition. Our ability to continue may prove more expensive than we currently anticipate and we may incur significant additional costs and expenses.

We are subject to risks inherent in the establishment of a new business enterprise. We may fail to adopt a business model and strategize effectively or fail to revise our business model and strategy should industry conditions and competition change. We have limited resources and there is no assurance that future financing will be available to our Company on acceptable terms. These conditions could further impact our business and have an adverse effect on our financial position, results of operations and/or cash flows.

Going Concern Uncertainties

As of the date of this quarterly report, there is substantial doubt regarding our ability to continue as a going concern as we have not generated sufficient cash flow to fund our business operations. The financial statements included in this quarterly report have been prepared on the going concern basis, which assumes that we will be able to realize our assets and discharge our obligations in the normal course of business. If we are not to continue as a going concern, we would likely not be able to realize our assets at values comparable to the carrying value or the fair value estimates reflected in the balances set out in the preparation of the financial statements.

Our future success and viability, therefore, are dependent upon our ability to generate capital financing. The failure to generate sufficient revenues or raise additional capital may have a material and adverse effect upon us and our shareholders.

Off-Balance Sheet Arrangements

At April 30, 2017, we do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results or operations, liquidity, capital expenditures or capital resources that is material to investors.

Pursuant to Item 305(e) of Regulation S-K, the Company, as a smaller reporting company, is not required to provide the information required by this item.

ITEM 4.

CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

In connection with the preparation of this Quarterly Report on Form 10-Q, an evaluation was carried out by our management, with the participation of our principal executive officer and our principal financial officer, of the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as amended (the Exchange Act)), as of April 30, 2017.

Based on that evaluation, our principal executive officer and our principal financial officer have concluded that, as of April 30, 2017, our disclosure controls and procedures were not effective to detect the inappropriate application of US GAAP rules. This was due to deficiencies that existed in the design or operation of our internal control over financial reporting that adversely affected our disclosure controls and procedures resulting in material weaknesses.

Such material weaknesses include: (1) lack of a functioning audit committee due to a lack of a majority of independent members and a lack of a majority of outside directors on our board of directors, resulting in ineffective oversight in the establishment and monitoring of required internal controls and procedures; (2) inadequate segregation of duties consistent with control objectives; and (3) ineffective controls over period end financial disclosure and reporting practices.

As of April 30, 2017 the deficiencies have not been remedied due to our lack of sufficient capital resources. We are working to remedy our deficiencies.

Changes in Internal Control Over Financial Reporting

During the period ended April 30, 2017, there have been no changes in internal control over financial reporting (as defined in Rule 13a-15(f) of the Exchange Act) that materially affected, or are reasonably likely to materially affect, our company's internal control over financial reporting.
