NOTE 1 - BASIS OF PRESENTATION

The accompanying unaudited interim financial statements of Indigo International, Corp. (the "Company") have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission, and should be read in conjunction with the audited financial statements and notes thereto contained in the Company's Form 10-Q. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. Notes to the financial statements which would substantially duplicate the disclosures contained in the audited financial statements for the most recent fiscal year ended November 30, 2011 as reported in the Company's most recent Annual Report on Form 10-K, have been omitted.

Reclassifications

Certain comparative figures have been reclassified to conform to the current period's presentation.

NOTE 2 – GOING CONCERN

The financial statements have been prepared on a going concern basis which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company has incurred losses since inception resulting in an accumulated deficit of \$910,380 as of August 31, 2012 and further losses are anticipated in the development of its business raising substantial doubt about the Company's ability to continue as a going concern. The ability to continue as a going concern is dependent upon the Company generating profitable operations in the future and/or to obtain the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. Management anticipates financing operating costs over the next twelve months with loans and/or private placement of common stock. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classification of liabilities that might result from this uncertainty.

NOTE 3 – RELATED PARTY TRANSACTIONS

During the nine months ended August 31, 2012, the Company incurred management fees of \$144,382 to the sole director and officer of the Company.

As of August 31, 2012 and November 30, 2011 the Company had balances of \$275 and \$10,624, respectively owed for management fees and expense reimbursement to its sole director and officer.

NOTE 4 – PROMISSORY NOTES

During the nine months ended August 31, 2012, the Company issued three promissory notes for total proceeds of \$400,000 at the interest rate of 16% per annum. All three promissory notes are unsecured and payable on demand. During the nine months ended August 31, 2012, the Company recorded interest expense of \$27,155 on the three promissory notes.

NOTE 5 – COMMITMENTS

On October 21, 2011, the Company signed an office lease agreement for Brazilian Real 4,300 (US \$2,525) per month expiring March 31, 2012. The lease agreement was extended on April 1, 2012 for an additional six months for Brazilian Real 4,859 (US \$2,454) per month. The extension expired September 30, 2012 and the lease is currently on a month-to-month basis.

FORWARD LOOKING STATEMENTS

Statements made in this Form 10-Q that are not historical or current facts are "forward-looking statements". These statements often can be identified by the use of terms such as "may," "will," "expect," "believe," "anticipate," "estimate," "approximate" or "continue," or the negative thereof. We wish to caution readers not to place undue reliance on any such forward-looking statements, which speak only as of the date made. Any forward-looking statements represent management's best judgment as to what may occur in the future. However, forward-looking statements are subject to risks, uncertainties and important factors beyond our control that could cause actual results and events to differ materially from historical results of operations and events and those presently anticipated or projected. We disclaim any obligation subsequently to revise any forward-looking statements to reflect events or circumstances after the date of such statement or to reflect the occurrence of anticipated or unanticipated events.

We are a development stage corporation. We have generated limited revenue and incurred losses since inception.

Our auditors have issued a going concern opinion. This means that our auditors believe there is substantial doubt that we can continue as an on-going business for the next twelve months unless we obtain additional capital to discharge our obligations and pay for our ongoing expenses.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATION

GENERAL

INDIGO INTERNATIONAL, CORP. ("Indigo", "the Company", "our" or "we") was incorporated under the laws of the State of Nevada on June 2, 2010. Our shares are quoted on the Over-the-Counter Bulletin Board under the symbol "IDGR.OB".

HISTORY

Indigo operates a consulting business in the agricultural industry. We provided consulting services on commercial cultivation of white mushrooms (*agaricus bisporus*), including but not limited to consulting in: process engineering, improvement of production methods, fruiting techniques, spore measurements, mushroom quality, packaging, changes in growing different strains or developing more adequate harvesting methods, improving on the quality of raw materials, recipes, homogeneity, logistics, the process of composting and hygiene and instructing and training of staff in Poland. On September 27, 2010 we signed a consulting agreement with "Ogrodnictwo Piotr Walkowiak" a private Polish company, specializing in commercial white mushroom cultivation. The agreement was for twelve months. As part of the agreement, Ogrodnictwo Piotr Walkowiak agreed to pay the Company consulting fees of \$75 per hour for services not exceed \$2,000 per month.

Upon expiration of our agreement with Ogrodnictwo Piotr Walkowiak, management reviewed the market for commercial cultivation of white mushrooms, and determined there was limited demand for our services in Poland, where our current business was focused. After reviewing several options, management determined to focus on developing our consulting services in Brazil where agriculture is a significant component of the economy.

Additionally, management has been actively searching for new consulting contracts and opportunities.

Mr. Ireneusz Antoni Nawrot resigned as our officer effective October 25, 2011 and resigned as our sole director on November 14, 2011. On October 25, 2011, we appointed Odelio Arouca as our Chief Executive Officer, Chief Financial Officer, Secretary, Treasurer and Director.

Properties

Our office is located at Av. Nova Funchal, 418 - 35th Floor, Vila Olímpia, São Paulo, Brazil, 04551-060. Our phone number is 55-11-3521-7048. We do not have other properties.

RESULTS OF OPERATION

There is limited historical financial information about us upon which to base an evaluation of our performance. We are a development stage company incorporated on June 2, 2010. From our inception to August 31, 2012, we generated consulting revenue of \$22,000 and accumulated deficit of \$910,380. We cannot guarantee we will be successful in obtaining sufficient consulting contracts and expanding our business. Our business is subject to risks inherent in the establishment of a new business enterprise including limited capital resources.

We anticipate that we will continue to incur losses in the next 12 months. Our financial statements have been prepared assuming that we will continue as a going concern. We expect we will require additional financing to meet our long term operating requirements through the sale of equity or debt securities among other options.

There is no assurance that future financing will be available to us on acceptable terms. If financing is not available on satisfactory terms, we may be unable to continue, develop or expand our operations. Equity financing could result in additional dilution to existing shareholders.

Nine Months Ended August 31, 2012 Compared to the nine Months Ended August 31, 2011

Our net loss for the nine months ended August 31, 2012 was \$378,346, increased from a net loss of \$11,934 during the nine months ended August 31, 2011, as a result of decreased revenue and increased operating expenses and interest expense.

We generated revenue of \$22,000 during the nine months ended August 31, 2011 in accordance with our service agreement with Ogrodnictwo Piotr Walkowiak, a Poland based company. This service agreement expired in September, 2011. During the nine months ended August 31, 2012 we did not have service agreement in place and did not generate revenue.

During the nine month period ended August 31, 2012, we incurred operating expense of \$351,191, increased from \$33,934 for the nine months ended August 31, 2011. The increase largely resulted from consulting fees of \$84,419 in 2012 increased from \$10,000 in 2011, general and administrative expense of \$77,177 in 2012 increased from \$14,184 in 2011, legal, accounting and auditors' audit and review fees of \$45,213 in 2012 increased from \$9,750 in 2011, and management fees of \$144,382 in 2012 increased from \$Nil in 2011. The increases in these expenses resulted from our expanded operation scale in 2012. During 2012 we incurred interest expense of \$27,155 on three promissory notes issued in 2012 with total principal amounts of \$400,000, which was absent in 2011.

Three Months Ended August 31, 2012 Compared to the Three Months Ended August 31, 2011

Our net loss for the three months ended August 31, 2012 was \$82,969 compared to a net income of \$1,075 during the three months ended August 31, 2011, as a result of decreased revenue and increased operating expenses and interest expense.

We generated revenue of \$6,000 during the three months ended August 31, 2011 in accordance with our service agreement with Ogrodnictwo Piotr Walkowiak, a Poland based company. This service agreement expired in September, 2011. During the three months ended August 31, 2012 we did not have service agreement in place and did not generate revenue.

During the three months ended August 31, 2012, we incurred operating expense of \$66,969 increased from \$4,925 for the three months ended August 31, 2011. The increase largely resulted from general and administrative expense of \$22,409 in 2012 increased from \$3,175 in 2011, legal, accounting and auditors' review fees of \$9,600 increased from \$1,750 in 2011, and management fees of \$34,960 in 2012 increased from \$Nil in 2011. The increases in these expenses resulted from the expanded operation scale in 2012. During 2012 we incurred interest expense of \$16,000 on three promissory notes issued in 2012 with total principal amounts of \$400,000, which was absent in 2011.

LIQUIDITY AND CAPITAL RESOURCES

As of August 31, 2012, our current assets were \$32,659 consisting of cash of \$25,321 and prepaid expenses of \$7,338 compared to current assets of \$7,338 consisting of prepaid expenses of \$7,338 at November 30, 2011.

As of August 31, 2012, our current liabilities were \$919,439, increased from \$515,772 on November 30, 2011. Current liabilities were comprised of accounts payable and accrued interest of \$519,164 compared to \$505,148 on November 30, 2011 and accounts payable to related party of \$275 compared to \$10,624 on November 30, 2011. We had promissory notes with a principal balance of \$400,000 outstanding on August 31, 2012, which was \$Nil on November 30, 2011.

We have not generated positive cash flows from operating activities. For the nine month periods ended August 31, 2012 and 2011, net cash flows used in operating activities were \$374,679 and \$23,034, respectively.

We have financed our operations during the nine months ended August 31, 2012 primarily with the three promissory notes we issued during the period for total proceeds of \$400,000.

PLAN OF OPERATION AND FUNDING

We expect that working capital requirements will continue to be funded through further issuances of securities or debt financing. Our working capital requirements are expected to increase in line with the growth of our business.

We have generated revenue of \$22,000 to date. We are still a development stage corporation.

Over the next twelve months we believe we will need \$250,000 to carry out our ongoing operations and to expand our operations which will come from funds currently available and additional financing.

OFF-BALANCE SHEET ARRANGEMENTS

As of the date of this Quarterly Report, we do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors.

GOING CONCERN

The independent auditors' report accompanying our audited financial statements for our fiscal year ended November 30, 2011 contained an explanatory paragraph expressing substantial doubt about our ability to continue as a going concern. The financial statements have been prepared "assuming that we will continue as a going concern," which contemplates that we will realize our assets and satisfy our liabilities and commitments in the ordinary course of business.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

We are a smaller reporting company as defined by Rule 12b-2 of the Securities Exchange Act of 1934 and are not required to provide the information under this item.

ITEM 4. CONTROLS AND PROCEDURES

Management's Report on Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports filed under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer, who is also our Chief Financial Officer to allow for timely decisions regarding required disclosure.

As of the end of our quarter covered by this report, we carried out an evaluation, under the supervision and with the participation of our Chief Executive Officer, of the effectiveness of the design and operation of our disclosure controls and procedures. Based on the foregoing, our Chief Executive Officer concluded that our disclosure controls and procedures were not effective as of the end of the period covered by this quarterly report due to our lack of segregation of duties. Currently, Mr. Odelio Arouca is our sole officer and director. However, due to our limited operation size and limited number of transactions and the fact that Mr. Arouca carries out all transactions and reviews all reports, the impact of the weaknesses is immaterial.

To remediate the weaknesses in disclosure controls and procedures, we need to appoint additional qualified personnel to address inadequate segregation of duties. The remediation efforts are largely dependent upon securing additional financing to cover the costs of implementing the changes required. If we are unsuccessful in securing such funds, remediation efforts may be adversely affected.

Changes in Internal Control over Financial Reporting

There have been no changes in our internal controls over financial reporting that occurred during our quarter ended August 31, 2012 that have materially or are reasonably likely to materially affect, our internal controls over financial reporting.
