NETSOL TECHNOLOGIES, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2018

(UNAUDITED)

NOTE 1 - BASIS OF PRESENTATION AND PRINCIPLES OF CONSOLIDATION

The Company designs, develops, markets, and exports proprietary software products to customers in the automobile financing and leasing, banking, and financial services industries worldwide. The Company also provides system integration, consulting, and IT products and services in exchange for fees from customers.

The consolidated condensed interim financial statements included herein have been prepared by the Company, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures are adequate to make the information presented not misleading. The year-end condensed consolidated balance sheet data was derived from audited financial statements, but does not include all disclosures required by accounting principles generally accepted in the United States of America.

These statements reflect all adjustments, consisting of normal recurring adjustments, which, in the opinion of management, are necessary for fair presentation of the information contained therein. It is suggested that these condensed consolidated financial statements be read in conjunction with the financial statements and notes thereto included in the Company's annual report on Form 10-K for the year ended June 30, 2017. The Company follows the same accounting policies in preparation of interim reports. Results of operations for the interim periods are not indicative of annual results.

The accompanying condensed consolidated financial statements include the accounts of NetSol Technologies, Inc. and subsidiaries (collectively, the "Company") as follows:

Wholly owned Subsidiaries

NetSol Technologies Americas, Inc. ("NTA")

NetSol Connect (Private), Ltd. (“Connect”)

NetSol Technologies Australia Pty Ltd. (“Australia”)

NetSol Technologies Europe Limited (“NTE”)

NTPK (Thailand) Co. Limited (“NTPK Thailand”)

NetSol Technologies (Beijing) Co. Ltd. (“NetSol Beijing”)

NetSol Technologies (GmbH) (“NTG”)

Majority-owned Subsidiaries

NetSol Technologies, Ltd. (“NetSol PK”)

NetSol Innovation (Private) Limited (“NetSol Innovation”)

NetSol Technologies Thailand Limited (“NetSol Thai”)

Virtual Lease Services Holdings Limited (“VLSH”)

Virtual Lease Services Limited (“VLS”)

Virtual Lease Services (Ireland) Limited (“VLSIL”)

For comparative purposes, prior year’s condensed consolidated financial statements have been reclassified to conform to report classifications of the current period. Below is the table of reclassified amounts:

	For the Three Months Ended March 31, 2017		For the Nine Months Ended March 31, 2017	
	Originally reported	Reclassified	Originally reported	Reclassified
Net Revenues:				
Services	\$7,004,272	\$6,669,309	\$19,795,073	\$18,844,602
Services - related party	1,624,132	1,959,095	5,003,605	5,954,076
	\$8,628,404	\$8,628,404	\$24,798,678	\$24,798,678

NETSOL TECHNOLOGIES, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2018

(UNAUDITED)

NOTE 2 – ACCOUNTING POLICIES

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The areas requiring significant estimates are provision for doubtful accounts, provision for taxation, useful life of depreciable assets, useful life of intangible assets, contingencies, and estimated contract costs. The estimates and underlying assumptions are reviewed on an ongoing basis. Actual results could differ from those estimates.

Concentration of Credit Risk

Cash includes cash on hand and demand deposits in accounts maintained within the United States as well as in foreign countries. Certain financial instruments, which subject the Company to concentration of credit risk, consist of cash and restricted cash. The Company maintains balances at financial institutions which, from time to time, may exceed Federal Deposit Insurance Corporation insured limits for the banks located in the United States. Balances at financial institutions within certain foreign countries are not covered by insurance. As of March 31, 2018, and June 30, 2017, the Company had uninsured deposits related to cash deposits in accounts maintained within foreign entities of approximately \$11,569,182 and \$11,564,343, respectively. The Company has not experienced any losses in such accounts.

The Company's operations are carried out globally. Accordingly, the Company's business, financial condition and results of operations may be influenced by the political, economic and legal environments of each country and by the general state of the country's economy. The Company's operations in each foreign country are subject to specific considerations and significant risks not typically associated with companies in economically developed nations. These

include risks associated with, among others, the political, economic and legal environments and foreign currency exchange. The Company's results may be adversely affected by changes in governmental policies with respect to laws and regulations, anti-inflationary measures, currency conversion and remittance abroad, and rates and methods of taxation, among other things.

Fair Value of Financial Instruments

The Company applies the provisions of ASC 820-10, "*Fair Value Measurements and Disclosures*." ASC 820-10 defines fair value, and establishes a three-level valuation hierarchy for disclosures of fair value measurement that enhances disclosure requirements for fair value measures. For certain financial instruments, including cash and cash equivalents, restricted cash, accounts receivable, accounts payable and short-term debt, the carrying amounts approximate fair value due to their relatively short maturities. The carrying amounts of the long-term debt approximate their fair values based on current interest rates for instruments with similar characteristics.

The three levels of valuation hierarchy are defined as follows:

Level 1: Valuations consist of unadjusted quoted prices in active markets for identical assets and liabilities and has the highest priority.

Level 2: Valuations rely on quoted prices in markets that are not active or observable inputs over the full term of the asset or liability.

Level 3: Valuations are based on prices or third party or internal valuation models that require inputs that are significant to the fair value measurement and are less observable and thus have the lowest priority.

NETSOL TECHNOLOGIES, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2018

(UNAUDITED)

The Company's financial assets that are measured at fair value on a recurring basis as of March 31, 2018, are as follows:

	Level 1	Level 2	Level 3	Total Assets
Revenues in excess of billing - long term	\$ -	\$ -	\$1,752,554	\$1,752,554
Total	\$ -	\$ -	\$1,752,554	\$1,752,554

The Company's financial assets that were measured at fair value on a recurring basis as of June 30, 2017, were as follows:

	Level 1	Level 2	Level 3	Total Assets
Revenues in excess of billing - long term	\$ -	\$ -	\$5,173,538	\$5,173,538
Total	\$ -	\$ -	\$5,173,538	\$5,173,538

The reconciliation from June 30, 2017 to March 31, 2018 is as follows:

	Revenues in excess of billing - long term	Fair value discount	Total
Balance at June 30, 2017	\$5,483,869	\$(310,331)	\$5,173,538
Additions	2,432,244	\$(180,526)	2,251,718
Transfers to short term	(5,850,000)	\$-	(5,850,000)
Amortization during the period	-	177,298	177,298
Balance at March 31, 2018	\$2,066,113	\$(313,559)	\$1,752,554

The Company applied the discounted cash flow method to calculate the fair value and used NetSol PK's weighted average borrowing rate, ranging from 3.87% to 4.43%.

Management analyzes all financial instruments with features of both liabilities and equity under ASC 480, "*Distinguishing Liabilities From Equity*" and ASC 815, "*Derivatives and Hedging*." Derivative liabilities are adjusted to reflect fair value at each period end, with any increase or decrease in the fair value being recorded in results of operations as adjustments to fair value of derivatives. The effects of interactions between embedded derivatives are calculated and accounted for in arriving at the overall fair value of the financial instruments. In addition, the fair values of freestanding derivative instruments such as warrant and option derivatives are valued using the Black-Scholes model.

New Accounting Pronouncements

Recent Accounting Standards Adopted by the Company:

In November 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update ("ASU") 2015-17, *Balance Sheet Classification of Deferred Taxes* (ASU 2015-17), which changes how deferred taxes are classified on the balance sheet and is effective for financial statements issued for annual periods beginning after December 15, 2016, with early adoption permitted. ASU 2015-17 requires all deferred tax assets and liabilities to be classified as non-current. The adoption of this guidance did not have a material impact on the Company's results of operations, financial position or disclosures.

In March 2016, the FASB issued ASU 2016-09, *Improvements to Employee Share-Based Payment Accounting*. The guidance simplifies accounting for share-based payments, most notably by requiring all excess tax benefits and tax deficiencies to be recorded as income tax benefits or expense in the income statement and by allowing entities to recognize forfeitures of awards when they occur. This new guidance is effective for annual reporting periods beginning after December 15, 2016 and may be adopted prospectively or retroactively. The adoption of this guidance did not have a material impact on the Company's results of operations, financial position or disclosures.

NETSOL TECHNOLOGIES, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2018

(UNAUDITED)

Accounting Standards Recently Issued but Not Yet Adopted by the Company:

In May 2014, the (“FASB”) issued ASU 2014-09, *Revenue from Contracts with Customers*, which provides a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers and will supersede most current revenue recognition guidance. The standard’s core principle is that a company will recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. In August 2015, the FASB deferred the effective date of the new revenue standard by one year, which will make it effective for the Company in the first quarter of its fiscal year ending June 30, 2019. The Company is currently in the process of evaluating the impact of adoption of this ASU on its consolidated financial statements.

In January 2016, the FASB issued ASU 2016-01, *Recognition and Measurement of Financial Assets and Financial Liabilities* (ASU 2016-01), which requires equity investments that are not accounted for under the equity method of accounting to be measured at fair value with changes recognized in net income and updates certain presentation and disclosure requirements. ASU 2016-01 is effective beginning after December 15, 2017. The adoption of this guidance is not expected to have a material impact on the Company’s results of operations, financial position or disclosures.

In February 2016, the FASB issued ASU 2016-02, *Leases*, which requires lessees to recognize right-of-use assets and lease liabilities, for all leases, with the exception of short-term leases, at the commencement date of each lease. This ASU requires lessees to apply a dual approach, classifying leases as either finance or operating leases based on the principle of whether or not the lease is effectively a financed purchase by the lessee. This classification will determine whether lease expense is recognized based on an effective interest method or on a straight-line basis over the term of the lease. This ASU is effective for annual periods beginning after December 15, 2018 and interim periods within those annual periods. Early adoption is permitted. The amendments of this update should be applied using a modified retrospective approach, which requires lessees and lessors to recognize and measure leases at the beginning of the earliest period presented. The Company is currently evaluating the impact of the adoption of this standard on its consolidated financial statements.

In August 2016, the FASB issued ASU 2016-15, *Clarification of Certain Cash Receipts and Cash Payments*, which eliminates the diversity in practice related to the classification of certain cash receipts and payments in the statement of cash flows, by adding or clarifying guidance on eight specific cash flow issues. This guidance is effective for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years, with early adoption permitted. The amendments in this update should be applied retrospectively to all periods presented, unless deemed impracticable, in which case, prospective application is permitted. The adoption of this guidance is not expected to have a material impact on the Company's results of operations, financial position or disclosures.

On November 17, 2016, the FASB issued ASU 2016-18, *Statement of Cash Flows (Topic 230): Restricted Cash*. It is intended to reduce diversity in the presentation of restricted cash and restricted cash equivalents in the statement of cash flows. The new standard requires that restricted cash and restricted cash equivalents be included as components of total cash and cash equivalents as presented on the statement of cash flows. As a result, entities will no longer present transfers between cash and cash equivalents and restricted cash and restricted cash equivalents in the statement of cash flows. ASU 2016-18 is effective for annual periods beginning after December 15, 2017, including interim periods within those fiscal years. Earlier adoption is permitted. The Company maintains restricted cash balances and will show restricted cash as part of cash and restricted cash equivalents in the statement of cash flows.

In January 2017, the FASB issued ASU 2017-01, *Clarifying the Definition of a Business*, which clarifies and provides a more robust framework to use in determining when a set of assets and activities is a business. The amendments in this update should be applied prospectively on or after the effective date. This update is effective for annual periods beginning after December 15, 2017, and interim periods within those periods. Early adoption is permitted for acquisition or deconsolidation transactions occurring before the issuance date or effective date and only when the transactions have not been reported in issued or made available for issuance financial statements. The Company does not expect the adoption to have any significant impact on its results of operations, financial position or disclosures.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2018

(UNAUDITED)

In January 2017, the FASB issued ASU 2017-04, *Simplifying the Test for Goodwill Impairment*. Under the new standard, goodwill impairment would be measured as the amount by which a reporting unit's carrying value exceeds its fair value, not to exceed the carrying value of goodwill. This ASU eliminates existing guidance that requires an entity to determine goodwill impairment by calculating the implied fair value of goodwill by hypothetically assigning the fair value of a reporting unit to all of its assets and liabilities as if that reporting unit had been acquired in a business combination. This update is effective for annual periods beginning after December 15, 2019, and interim periods within those periods. Early adoption is permitted for interim or annual goodwill impairment test performed on testing dates after January 1, 2017. The Company will apply this guidance to applicable impairment tests after the adoption date.

In May 2017, the FASB issued ASU 2017-09, *Compensation-Stock Compensation (Topic 718): Scope of Modification Accounting*, which clarifies when changes to the terms or conditions of a share-based payment award must be accounted for as modifications. The new guidance will reduce diversity in practice and result in fewer changes to the terms of an award being accounted for as a modification. The standard is effective for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. The new standard will be effective prospectively for the Company for the fiscal year beginning July 1, 2018. Early adoption is permitted. The Company is currently evaluating the impact of the adoption of the new standard on its results of operations, financial position or disclosures.

In July 2017, the FASB issued ASU 2017-11, *Earnings Per Share (Topic 260); Distinguishing Liabilities from Equity (Topic 480); Derivatives and Hedging (Topic 815): (Part I) Accounting for Certain Financial Instruments with Down Round Features, (Part II) Replacement of the Indefinite Deferral for Mandatorily Redeemable Financial Instruments of Certain Nonpublic Entities and Certain Mandatorily Redeemable Noncontrolling Interests with a Scope Exception*. The ASU was issued to address the complexity associated with applying generally accepted accounting principles (GAAP) for certain financial instruments with characteristics of liabilities and equity. The ASU, among other things, eliminates the need to consider the effects of down round features when analyzing convertible debt, warrants and other financing instruments. As a result, a freestanding equity-linked financial instrument (or embedded conversion option) no longer would be accounted for as a derivative liability at fair value as a result of the existence of a down round feature. The amendments are effective for fiscal years beginning after December 15, 2018, and should be applied retrospectively. Early adoption is permitted, including adoption in an interim period. The Company is currently in the process of evaluating the impact of the adoption of this standard on its consolidated financial statements.

All other newly issued accounting pronouncements not yet effective have been deemed either immaterial or not applicable.

NOTE 3 – EARNINGS PER SHARE

Basic earnings per share are computed based on the weighted average number of shares of common stock outstanding during the period. Diluted earnings per share is computed based on the weighted average number of shares of common stock plus the effect of dilutive potential common shares outstanding during the period using the treasury stock method. Dilutive potential common shares include outstanding stock options and stock awards.

NETSOL TECHNOLOGIES, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 5 – RELATED PARTY TRANSACTIONS

NetSol-Innovation

In November 2004, the Company entered into a joint venture with Insurer, formerly *Innovation Group*, called NetSol-Innovation. NetSol-Innovation provides support services to Insurer. During the three and nine months ended March 31, 2018, NetSol Innovation provided services of \$774,393 and \$2,702,906, respectively. During the three and nine months ended March 31, 2017, NetSol Innovation provided services of \$1,446,749 and \$4,403,368, respectively. Accounts receivable at March 31, 2018 and June 30, 2017 were \$2,919,233 and \$1,462,078, respectively.

Investec Asset Finance

In October 2011, NTE entered into an agreement with Investec Asset Finance to acquire VLS. NTE and VLS provide support services to Investec. During the three and nine months ended March 31, 2018, NTE and VLS provided license, maintenance and services of \$464,976 and \$1,508,867, respectively. During the three and nine months ended March 31, 2017, NTE and VLS provided license, maintenance and services of \$229,081 and \$1,080,868, respectively. Accounts receivable at March 31, 2018 and June 30, 2017 were \$229,061 and \$133,218, respectively.

NOTE 6 – MAJOR CUSTOMERS

The Company is a strategic business partner for Daimler Financial Services (which consists of a group of many companies in different countries), which accounts for approximately 36.65% and 44.83% of revenue for the nine months ended March 31, 2018 and 2017, respectively. The revenue from this customer is shown in the Asia – Pacific segment. Accounts receivable at March 31, 2018 and June 30, 2017, were \$17,368,246 and \$1,620,717, respectively. Revenues in excess of billing at March 31, 2018 was \$10,686,363, which included \$1,752,554 shown as long term.

Revenues in excess of billing at June 30, 2017 was \$18,579,540, which included \$5,173,538 shown as long term.

On December 21, 2015, the Company entered into a 10-year contract with Daimler Financial Services to provide license, maintenance and services for 12 countries in the Asia Pacific Region. The implementation phase is expected to be over a five-year period with maintenance and support over 10 years. The contract is a fixed fee arrangement with total license and maintenance fees of approximately €71,000,000 (approximately \$87,654,000) with services to be separately agreed upon and billed as they are performed. The customer will make fixed annual payments of €5,850,000 (approximately \$7,222,000) for years 1-5 and €8,350,000 (approximately \$10,309,000) for years 6-10. Under the terms of the contract, the customer has the right to withdraw from certain modules and terminate the agreement as to certain countries based on good cause or business reasons prior to the beginning of implementation.

On September 4, 2017, the Company amended the agreement which provided for an additional €7,700,000 (approximately \$9,506,000) to be earned over the remaining life of the contract. The amended agreement provides for €7,000,000 (approximately \$8,642,000) to be paid in the current fiscal year with €100,000 (approximately \$123,000) to be paid each year over the remaining seven years.

NOTE 7 – CONVERTIBLE NOTE RECEIVABLE – RELATED PARTY

The Company entered into an agreement with WRLD3D, whereby the Company was issued a Convertible Promissory Note (the “Convertible Note”) which was fully executed on May 25, 2017. The maximum principal amount of the Convertible Note is \$750,000, and as of March 31, 2018, the Company had disbursed the full amount. The Convertible Note bears interest at 5% per annum and all unpaid interest and principal is due and payable upon the Company’s request on or after February 1, 2018. The Convertible Note is convertible into Series BB Preferred shares at the lesser of (i) the price paid per share for the equity security by the investors in the qualified financing and (ii) \$0.6788 per share (adjusted for any stock dividends, combinations, splits, recapitalizations or the like with respect to WRLD3D’s Series BB Preferred Stock after the date of the Convertible Note). The Convertible Note is convertible upon the occurrence of the following events:

1. Upon a qualified financing which is an equity financing of at least \$2,000,000.
2. Optionally, upon an equity financing less than \$2,000,000.
3. Optionally after the maturity date.
4. Upon a change of control.

NETSOL TECHNOLOGIES, INC.**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****MARCH 31, 2018****(UNAUDITED)**

For the three and nine months ended March 31, 2018, depreciation expense totaled \$705,429 and \$2,141,756, respectively. Of these amounts, \$474,121 and \$1,441,790, respectively, are reflected in cost of revenues. For the three and nine months ended March 31, 2017, depreciation expense totaled \$930,712 and \$2,732,693, respectively. Of these amounts, \$646,070 and \$1,907,469, respectively, are reflected in cost of revenues.

Following is a summary of fixed assets held under capital leases as of March 31, 2018 and June 30, 2017:

	As of March 31, 2018	As of June 30, 2017
Computers and Other Equipment	\$249,262	\$309,863
Furniture and Fixtures	65,084	227,914
Vehicles	1,256,764	1,427,873
Total	1,571,110	1,965,650
Less: Accumulated Depreciation - Net	(568,816)	(711,622)
	\$1,002,294	\$1,254,028

NOTE 11 – OTHER LONG-TERM ASSETS

	As of March 31, 2018	As of June 30, 2017
Investment	(1) \$ 3,174,314	\$ 3,057,020
Long Term Security Deposits	105,154	154,275
Total	\$ 3,279,468	\$ 3,211,295

(1) Investment in WRLD3D – Related party

On March 2, 2016, the Company purchased a 4.9% interest in WRLD3D, a non-public company, for \$1,111,111. The Company paid \$555,556 at the initial closing and \$555,555 on September 1, 2016. NetSol PK, a subsidiary of the Company, purchased a 12.2% investment in WRLD3D, for \$2,777,778 which will be earned over future periods by providing IT and enterprise software solutions. Per the agreement, NetSol PK is to provide a minimum of \$200,000 of services in each three-month period and the entire balance is required to be provided within three years of the date of the agreement. If NetSol PK fails to provide the future services, it may be required to forfeit the unearned shares back to WRLD3D. As of March 31, 2018, the investment earned by NetSol PK is \$2,597,778.

In connection with the investment, the Company and NetSol PK received a warrant to purchase preferred stock of WRLD3D which included the following key terms and features:

The warrants are exercisable into shares of the "Next Round Preferred", only if and when the Next Round Preferred is issued by WRLD3D in a "Qualified Financing".

The warrants expire on March 2, 2020.

"Next Round Preferred" is defined as occurring if WRLD3D's preferred stock (or securities convertible into preferred stock) are issued in a Qualified Financing that occurs after March 2, 2016.

"Qualified Financing" is defined as financing with total proceeds of at least \$2 million.

The total number of common stock shares to be issued is equal to \$1,250,000 divided by the per share price of the Next Round Preferred.

The exercise price of the warrants is equal to the greater of

- a) 70% of the per share price of the Next Round Preferred sold in a Qualified Financing, or
- 25,000,000 divided by the total number of shares of common stock outstanding immediately prior to the Qualified
- b) Financing (on a fully-diluted basis, excluding the number of common stock shares issuable upon the exercise of any given warrant).

NETSOL TECHNOLOGIES, INC.**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****MARCH 31, 2018****(UNAUDITED)**

During the three and nine months ended March 31, 2018, NetSol PK provided services valued at \$150,373 and \$734,081, respectively. During the three and nine months ended March 31, 2017, NetSol PK provided services valued at \$334,963 and \$950,471, respectively. This revenue is recorded as services-related party. These services are recorded as accounts receivable until approved by WRLD3D after which the shares are released from restriction. Accounts receivable at March 31, 2018 and June 30, 2017 were \$264,052 and \$49,646, respectively. Revenues in excess of billing at March 31, 2018 and June 30, 2017 were \$153,135 and \$80,705, respectively. During the three and nine months ended March 31, 2018, NetSol PK services valued at \$48,191 and \$601,869, respectively, were released from restriction. During the three and nine months ended March 31, 2017, NetSol PK services valued at \$286,449 and \$836,070, respectively, were released from restriction. Under the equity method of accounting, the Company recorded its share of net loss of \$263,678 and \$534,576 for the three and nine months ended March 31, 2018, respectively.

NOTE 12 - INTANGIBLE ASSETS

Intangible assets consisted of the following:

	As of March 31, 2018	As of June 30, 2017
Product Licenses - Cost	\$47,244,997	\$47,244,997
Effect of Translation Adjustment	(6,141,253)	(3,134,488)
Accumulated Amortization	(27,570,124)	(27,067,358)
Net Balance	\$13,533,620	\$17,043,151

(A) Product Licenses

Product licenses include internally developed original license issues, renewals, enhancements, copyrights, trademarks, and trade names. Product licenses are amortized on a straight-line basis over their respective lives, and the

unamortized amount of \$13,533,620 will be amortized over the next 5.25 years. Amortization expense for the three and nine months ended March 31, 2018 was \$652,956 and \$2,026,503, respectively. Amortization expense for the three and nine months ended March 31, 2017 was \$694,118 and \$2,082,355, respectively.

(B) Future Amortization

Estimated amortization expense of intangible assets over the next five years is as follows:

Year ended:	
March 31, 2019	\$2,516,328
March 31, 2020	2,516,328
March 31, 2021	2,516,328
March 31, 2022	2,516,328
March 31, 2023	2,516,328
Thereafter	951,980
	\$13,533,620

(1) The Company finances Directors' and Officers' ("D&O") liability insurance and Errors and Omissions ("E&O") liability insurance, for which the D&O and E&O balances are renewed on an annual basis and, as such, are recorded in current maturities. The interest rate on these financings were ranging from 4.8% to 7.69% as of March 31, 2018 and June 30, 2017.

(2) The Company's subsidiary, NTE, has an overdraft facility with HSBC Bank plc whereby the bank would cover any overdrafts up to £300,000, or approximately \$422,535. The annual interest rate was 4.75% as of March 31, 2018. Total outstanding balance as of March 31, 2018 was £Nil. Interest expense for the three and nine months ended March 31, 2018, was \$5,122 and \$13,167, respectively. Interest expense for the three and nine months ended March 31, 2017, was \$4,501.

NETSOL TECHNOLOGIES, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2018

(UNAUDITED)

This overdraft facility requires that the aggregate amount of invoiced trade debtors (net of provisions for bad and doubtful debts and excluding intra-group debtors) of NTE, not exceeding 90 days old, will not be less than an amount equal to 200% of the facility. As of March 31, 2018, NTE was in compliance with this covenant.

(3) The Company's subsidiary, NetSol PK, has an export refinance facility with Askari Bank Limited, secured by NetSol PK's assets. This is a revolving loan that matures every six months. Total facility amount is Rs. 500,000,000 or \$4,325,634 at March 31, 2018 and June 30, 2017. The interest rate for the loan was 3% at March 31, 2018 and June 30, 2017. Interest expense for the three and nine months ended March 31, 2018 was \$24,441 and \$94,710, respectively. Interest expense for the three and nine months ended March 31, 2017 was \$28,012 and \$85,604, respectively.

(4) The Company's subsidiary, NetSol PK, has a running finance facility with Askari Bank Limited, secured by NetSol PK's assets. Total facility amount is Rs. 75,000,000 or \$648,845, at March 31, 2018. NetSol PK used Rs. Nil or \$Nil, at March 31, 2018. The interest rate for the loan was 8.16% at March 31, 2018.

This facility requires NetSol PK to maintain a long-term debt equity ratio of 60:40 and the current ratio of 1:1. As of March 31, 2018, NetSol PK was in compliance with this covenant.

(5) The Company's subsidiary, NetSol PK, has an export refinance facility with Samba Bank Limited, secured by NetSol PK's assets. This is a revolving loan that matures every six months. Total facility amount is Rs. 350,000,000 or \$3,027,643 and Rs. 200,000,000 or \$1,910,585, at March 31, 2018 and June 30, 2017, respectively. The interest rate for the loan was 3% at March 31, 2018 and June 30, 2017. Interest expense for the three and nine months ended March 31, 2018 was \$30,095 and \$69,873, respectively. Interest expense for three and nine months ended March 31, 2017, was \$nil.

(6) The Company's subsidiary, NetSol PK, has a running finance facility with Samba Bank Limited, secured by NetSol PK's assets. Total facility amount is Rs. 150,000,000 or \$1,297,690 and Rs. 300,000,000 or \$2,865,877, at March 31,

Edgar Filing: NETSOL TECHNOLOGIES INC - Form 10-Q

2018 and June 30, 2017, respectively. The interest rate for the loan was 8.14% and 8.13% at March 31, 2018 and June 30, 2017, respectively. Interest expense for the three and nine months ended March 31, 2018 was \$19,997 and \$99,718, respectively. Interest expense for the three and nine months ended March 31, 2017, was \$nil.

During the tenure of loan, the facilities from Samba Bank Limited require NetSol PK to maintain at a minimum a current ratio of 1:1, an interest coverage ratio of 4 times, a leverage ratio of 2 times, and a debt service coverage ratio of 4 times. As of March 31, 2018, NetSol PK was in compliance with these covenants.

(6) The Company leases various fixed assets under capital lease arrangements expiring in various years through 2022. The assets and liabilities under capital leases are recorded at the lower of the present value of the minimum lease payments or the fair value of the asset. The assets are secured by the assets themselves. Depreciation of assets under capital leases is included in depreciation expense for the three months and nine months ended March 31, 2018 and 2017.

Following is the aggregate minimum future lease payments under capital leases as of March 31, 2018:

	Amount
Minimum Lease Payments	
Due FYE 3/31/19	\$354,639
Due FYE 3/31/20	241,087
Due FYE 3/31/21	66,911
Due FYE 3/31/22	3,474
Total Minimum Lease Payments	666,111
Interest Expense relating to future periods	(49,760)
Present Value of minimum lease payments	616,351
Less: Current portion	(320,140)
Non-Current portion	\$296,211

(UNAUDITED)

The following table summarizes information about stock options outstanding and exercisable at March 31, 2018.

Exercise Price	Number Outstanding and Exercisable	Weighted Average Remaining Contractual Life	Weighted Ave Exercise Price
<u>OPTIONS:</u>			
\$ 3.88	384,898	0.25	\$ 3.88
\$ 6.50	53,462	0.85	\$ 6.50
Totals	438,360	0.32	\$ 4.20

The following table summarizes stock grants awarded as compensation:

	# of shares	Weighted Average Grant Date Fair Value (\$)
Unvested, June 30, 2016	630,228	\$ 6.07
Granted	222,146	\$ 5.92
Forfeited / Cancelled	(5,000)	\$ 5.55
Vested	(427,175)	\$ 5.90
Unvested, June 30, 2017	420,199	\$ 6.07
Granted	20,000	\$ 4.25
Vested	(196,515)	\$ 6.15
Unvested, March 31, 2018	243,684	\$ 6.02

For the three and nine months ended March 31, 2018, the Company recorded compensation expense of \$448,221 and \$1,281,751, respectively. For the three and nine months ended March 31, 2017, the Company recorded compensation expense of \$449,743 and \$2,047,839, respectively. The compensation expense related to the unvested stock grants as of March 31, 2018 was \$1,368,687 which will be recognized during the fiscal years 2018 through 2022.

NOTE 17 – TAXES

U.S. Tax Reform

On December 22, 2017, the U.S. government enacted comprehensive tax legislation commonly referred to as the Tax Cuts and Jobs Act (the “Tax Act”). The Tax Act significantly revises the future ongoing U.S. corporate income tax by, among other things, lowering U. S. corporate income tax rates and implementing a territorial tax system. As the Company has a June 30 fiscal year-end, the lower corporate income tax rate will be phased in, resulting in a U.S. statutory federal rate of approximately 28% for our fiscal year ending June 30, 2018, and 21% for subsequent fiscal years.

There are also certain transitional impacts of the Tax Act. As part of the transition to the new territorial tax system, the Tax Act imposes a one-time repatriation tax on deemed repatriation of historical earnings of foreign subsidiaries. As of December 31, 2017, the provisional undistributed earnings of foreign subsidiaries were \$22.8 million which the Company anticipates being able to offset fully with net operating loss carry forwards. In addition, the modified territorial tax system includes a new anti-deferral provision, referred to as global intangible low taxed income (“GILTI”), which subjects certain foreign income to current U.S. tax.

NETSOL TECHNOLOGIES, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2018

(UNAUDITED)

The changes included in the Tax Act are broad and complex. The final transition impacts of the Tax Act may differ from the above estimate, possibly materially, due to, among other things, changes in interpretations of the Tax Act, any legislative action to address questions that arise because of the Tax Act, any changes in accounting standards for income taxes or related interpretations in response to the Tax Act, or any updates or changes to estimates the company has utilized to calculate the transition impacts, including impacts from changes to current year earnings estimates and foreign exchange rates of foreign subsidiaries.

In December 2017, the Securities and Exchange Commission (“SEC”) issued Staff Accounting Bulletin No. 118, “Income Tax Accounting Implications of the Tax Cuts and Jobs Act” (“SAB 118”), which provides guidance on accounting for the tax effects of the Tax Reform Act. Under SAB 118, companies are able to record a reasonable estimate of the impacts of the Tax Reform Act if one is able to be determined and report it as a provisional amount during the measurement period. The measurement period is not to extend beyond one year from the enactment date. Impacts of the Tax Reform Act that a company is not able to make a reasonable estimate for should not be recorded until a reasonable estimate can be made during the measurement period.

We currently anticipate finalizing and recording any resulting adjustments by the end of our current fiscal year ending June 30, 2018.

NOTE 18 – CONTINGENCIES

On April 7, 2017, Conister Bank Limited filed a complaint in the High Court of Justice Chancery Division, as claim no. HC-2017-001045 against our subsidiary, Virtual Lease Services Limited (“VLS”). The complaint alleges that VLS was in willful default of their agreements with Conister Bank Limited by failing to fulfill its obligations under the agreements with Conister. The complaint was settled and dismissed on March 19, 2018, for £300,000 (approximately \$421,000) of which insurance covered £209,000 (approximately \$293,000).

NOTE 19 – OPERATING SEGMENTS

The Company has identified three segments for its products and services; North America, Europe and Asia-Pacific. Our reportable segments are business units located in different global regions. Each business unit provides similar products and services; license fees for leasing and asset-based software, related maintenance fees, and implementation and IT consulting services. Separate management of each segment is required because each business unit is subject to different operational issues and strategies due to their particular regional location. The Company accounts for intra-company sales and expenses as if the sales or expenses were to third parties and eliminates them in the consolidation.

The following table presents a summary of identifiable assets as of March 31, 2018 and June 30, 2017:

	As of March 31, 2018	As of June 30, 2017

NETSOL TECHNOLOGIES, INC.**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****MARCH 31, 2018****(UNAUDITED)****NOTE 20 – NON-CONTROLLING INTEREST IN SUBSIDIARY**

The Company had non-controlling interests in several of its subsidiaries. The balance of non-controlling interest was as follows:

SUBSIDIARY	Non-Controlling Interest %	Non-Controlling Interest at March 31, 2018
NetSol PK	33.79	% \$ 13,181,663
NetSol-Innovation	49.90	% 1,850,342
VLS, VLSH & VLSIL Combined	49.00	% 534,232
NetSol Thai	0.006	% (76)
Total		\$ 15,566,161

SUBSIDIARY	Non-Controlling Interest %	Non-Controlling Interest at June 30, 2017
NetSol PK	33.80	% \$ 12,887,938
NetSol-Innovation	49.90	% 1,599,734
VLS, VLHS & VLSIL Combined	49.00	% 311,502
NetSol Thai	0.006	% (92)
Total		\$ 14,799,082

NetSol PK

During the nine months ended March 31, 2018, employees of NetSol PK exercised 67,000 options of common stock and NetSol PK received cash of \$10,349. The Company purchased 55,500 shares of common stock of NetSol PK from

the open market for \$33,987. Due to the exercise of options and the shares purchase, the non-controlling interest decreased from 33.80% to 33.79%.

During the nine months ended March 31, 2018, NetSol PK paid a cash dividend of \$1,234,991.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion is intended to assist in an understanding of the Company's financial position and results of operations for the three and nine months ended March 31, 2018. The following discussion should be read in conjunction with the information included within our Annual Report on Form 10-K for the year ended June 30, 2017, and the Condensed Consolidated Financial Statements and notes thereto included elsewhere in this Quarterly Report on Form 10-Q.

Forward-Looking Information

This report contains certain forward-looking statements and information relating to the Company that is based on the beliefs of its management as well as assumptions made by and information currently available to its management. When used in this report, the words "anticipate", "believe", "estimate", "expect", "intend", "plan", and similar expressions as they relate to the Company or its management, are intended to identify forward-looking statements. These statements reflect management's current view of the Company with respect to future events and are subject to certain risks, uncertainties and assumptions. Should any of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described in this report as anticipated, estimated or expected. The Company's realization of its business aims could be materially and adversely affected by any technical or other problems in, or difficulties with, planned funding and technologies, third party technologies which render the Company's technologies obsolete, the unavailability of required third party technology licenses on commercially reasonable terms, the loss of key research and development personnel, the inability or failure to recruit and retain qualified research and development personnel, or the adoption of technology standards which are different from technologies around which the Company's business ultimately is built. The Company does not intend to update these forward-looking statements.

Business Overview

NetSol Technologies, Inc. (NasdaqCM: NTWK) is a worldwide provider of IT and enterprise software solutions. We believe that our solutions constitute mission critical applications for clients, as they encapsulate end-to-end business processes, facilitating faster processing and increased transactions.

The Company's primary source of revenue is the licensing, customization, enhancement and maintenance of its suite of financial applications under the brand name NFS™ (NetSol Financial Suite) and NFS Ascend™ for leading businesses in the global lease and finance industry.

NetSol's clients include Dow-Jones 30 Industrials and Fortune 500 manufacturers and financial institutions, global vehicle manufacturers, and enterprise technology providers, all of which are serviced by NetSol delivery locations around the globe.

Founded in 1997, NetSol is headquartered in Calabasas, California. While the Company follows a global strategy for sales and delivery of its portfolio of solutions and services, it continues to maintain regional offices in the following locations:

North America Los Angeles Area

Europe London Metropolitan area

Asia Pacific Lahore, Karachi, Bangkok, Beijing, Jakarta and Sydney

NetSol's offerings include its flagship global solution, NFS™. A robust suite of five software applications, it is an end-to-end solution for the lease and finance industry covering the complete leasing and financing cycle, starting from quotation origination through end of contract transactions. The five software applications under NFS™ have been designed and developed for a highly flexible setting and are capable of dealing with multinational, multi-company, multi-asset, multi-lingual, multi-distributor and multi-manufacturer environments. Each application is a complete system in itself and can be used independently to address specific sub-domains of the leasing/financing cycle. When used together, they fully automate the entire leasing/financing cycle for any size company, including those with multi-billion-dollar portfolios.

NFS Ascent™

NFS Ascent™ is the Company's next-generation platform, offering a technologically advanced solution for the auto and equipment finance and leasing industry. NFS Ascent's™ architecture and user interfaces were designed based on the Company's collective experience with global Fortune 500 companies over the past 30 years. The platform's framework allows auto captive and asset finance companies to rapidly transform legacy driven technology into a state-of-the-art IT and business process environment. At the core of the NFS Ascent™ platform is a lease accounting and contract processing engine, which allows for an array of interest calculation methods, as well as robust accounting of multibillion dollar lease portfolios under various generally accepted accounting principles (GAAP), as well as international financial reporting standards (IFRS). NFS Ascent™, with its distributed and clustered deployment across parallel application and high-volume data servers, enables finance companies to process voluminous data in a hyper speed environment. NFS Ascent™ has been developed using the latest tools and technologies and its n-tier SOA architecture allows the system to greatly improve a myriad of areas including, but not limited to, scalability, performance, fault tolerance and security.

NFS Digital

NetSol launched NFS digital in 2014. It enables a sales force for the finance and leasing company across different channels such as point of sale, field investigation and auditing, and allows end customers to access their contract details through a self-service mobile application. NFS digital includes mAccount, mPOS, mDealer, mAuditor, and Mobile Field Investigator (mFI).

LeasePak

In North America, NTA has and continues to develop the LeasePak CMS product. LeasePak streamlines the lease management lifecycle, enabling superior lease and loan portfolio management, flexible financial products (lease or loan terms) and sophisticated financial analysis and management to reducing operating costs and improve profits. It is scalable from a basic offering to a collection of highly specialized add on modules for systems, portfolios and accrual methods for virtually all sizes and varying complexity of operations. It is part of the vehicle leasing infrastructure at leading Fortune 500 banks and manufacturers, as well as for some of the industry's leading independent lessors. It handles every aspect of the lease or loan lifecycle, including credit application origination, credit adjudication, pricing, documentation, booking, payments, customer service, collections, midterm adjustments, and end-of-term options and asset disposition. It is also integrated with important partners in the asset-finance ecosystem, such as Vertex Series O.

LeasePak-SaaS

NTA also offers the LeasePak Software-as-a-Service (“SaaS”) business line, which provides high performance with a reduced total cost of ownership. SaaS offers a proven deployment option whereby customers only require access to the internet to use the software. With an elastic cloud price, revenue stream predictability and improved return on investment for customers, management believes that its SaaS customers will experience the performance, the reliability and the speed usually associated with a highly scalable private cloud. LeasePak-SaaS targets small and mid-sized leasing and finance companies.

LeaseSoft

In addition to offering NFS Ascent™ to the European market, NTE has some regional offerings, including LeaseSoft and LoanSoft. LeaseSoft is a full lifecycle lease and finance system aimed predominantly at the UK funder market, including modules to support web portals and an electronic data interchange manager to facilitate integration between funders and introducers. LoanSoft is similar to LeaseSoft, but optimized for the consumer loan market.

Highlights

Listed below are a few of NetSol’s major successes achieved in the nine months ended March 31, 2018:

We amended the 12 country NFS Ascent™ contract securing €7.7 million Euros (approximately \$9.5 million) in future revenues in addition to what was previously projected from the customer. The revenue will be recognized over the contract term as the support services are performed.

Pursuant to the 12 country NFS Ascent™ contract, we successfully implemented the Loan Origination System and the Wholesale Financial System in Thailand and Korea, respectively.

Pursuant to the 12 country NFS Ascent™ contract, we delivered the first major release of NFS Ascent™ to China.

An increase in software modification requests from some of our existing customers spread across the various regions contributed reasonably to the revenues for the quarter. A trend which is believed will be continued in the following quarters.

We signed a chargeable proof of concept agreement with one of the oldest and largest banks in Australia. The proof of concept project will add to our revenues and assist us in making further progress in the selection process for our NFS Ascent™ product.

Mizhou Balimore, a Japanese bank in Indonesia, went live with the first phase of its NFS Ascent™ digital solution. Our existing customer, an auto finance company of a leading bank in Indonesia, kicked off its leasing project. We believe that this is likely to help increase revenues in the following quarters. This kick off has further strengthened our relationship with this Indonesian business partner paving the way for further success in the market. Additionally, all the branches of the same business partner successfully went live with NFS Ascent™ during the first quarter of the current fiscal year culminating into a maturing and long-standing delivery commitment.

We signed a new agreement to deploy our mobility applications with an existing customer valued at approximately \$3 million.

A current Chinese customer purchased \$1 million of additional licenses due to the increase in its business.

NFS Ascent™ and Ascent Digital continue to generate interest across all major regions and industries as some significant new prospects have come through the pipeline, further strengthening projections and forecasts. Revenue could also be boosted as customization requests grow in addition to new business volume.

The launch of “innovation lab” to explore and focus on new technologies such as blockchain, artificial intelligence, and big data to complement our core business.

Our success, in the near term, will depend, in large part, on the Company’s ability to continue to grow revenues and improve profits, adequately capitalize for growth in various markets and verticals, make progress in the North American and European markets and, continue to streamline sales and marketing efforts in every market we operate. However, management’s outlook for the continuing operations, which has been consolidated and has been streamlined, remains optimistic.

Management has identified the following material trends affecting NetSol.

Positive trends:

Improving U.S. economy generally, and particularly auto and banking markets.

According to Automotive World December 2017 publication, global demand for light weight trucks is expected to reach an all-time high in 2018.

Total industry sales of more than 20 million vehicles annually by 2018, according to John Murphy, an analyst for Bank of America Merrill Lynch annual industry outlook.

Robust Chinese markets as asset based leasing and finance sector are far from maturity levels.

The inflation rate in Pakistan reached a low of 3.25% in March 2018.

China investment or CPEC (China Pakistan Economic Corridor) has exceeded \$50 billion from originally \$46 billion in Pakistan on energy and infrastructure projects.

New emerging markets and IT destinations in Thailand, Malaysia, Indonesia, China and Australia.
Continued interest from Fortune 500 multinational auto captives and global companies in NetSol Ascent™.
Continuing interest from existing clients in the NFS™ legacy systems in emerging and developing markets.
Growing demand and traction for upgrading to NFS Ascent™ by existing tier one auto captive clients.
Increased visits to NTPK by senior executives of existing clients and potential new customers.

Negative trends:

Continued Global terrorism and extremism threats in European countries.
Geopolitical unrest in the Middle East and potential terrorism and the disruption risk it creates.
Restricted liquidity and financial burden due to tighter internal processes and limited budgets might cause delays in the receivables from some clients.
The threats of conflict between in the Middle Eastern countries could potentially create volatility in oil prices, causing readjustments of corporate budgets and consumer spending slowing global auto sales.
Industry trend towards autonomous cars and its effect on the automotive industry.

CHANGES IN FINANCIAL CONDITION

Quarter Ended March 31, 2018 Compared to the Quarter Ended March 31, 2017

The following table sets forth the items in our unaudited condensed consolidated statement of operations for the quarter ended March 31, 2018 and 2017 as a percentage of revenues.

	For the Three Months Ended March 31,			
	2018	%	2017	%
Net Revenues:

A significant portion of our business is conducted in currencies other than the U.S. dollar. We operate in several geographical regions as described in Note 19 “Operating Segments” within the Notes to the Condensed Consolidated Financial Statements. Weakening of the value of the U.S. dollar compared to foreign currency exchange rates generally has the effect of increasing our revenues but also increasing our expenses denominated in currencies other than the U.S. dollar. Similarly, strengthening of the U.S. dollar compared to foreign currency exchange rates generally has the effect of reducing our revenues but also reducing our expenses denominated in currencies other than the U.S. dollar. We plan our business accordingly by deploying additional resources to areas of expansion, while continuing to monitor our overall expenditures given the economic uncertainties of our target markets. In order to provide a framework for assessing how our underlying businesses performed excluding the effect of foreign currency fluctuations, we compare the changes in results from one period to another period using constant currency. In order to calculate our constant currency results, we apply the current period results to the prior period foreign currency exchange rates. In the table below, we present the change based on actual results in reported currency and in constant currency.

	For the Three Months Ended March 31,				Favorable (Unfavorable) Change in Constant Currency	Favorable (Unfavorable) Change due to Currency Fluctuation	Total Favorable (Unfavorable) Change as Reported
	2018	%	2017	%			
Net Revenues:	17,043,820	100.00 %	17,949,320	100.00 %	(425,759)	(479,741)	(905,500)
Cost of revenues:	7,851,101	46.06 %	8,953,115	49.88 %	864,576	237,438	1,102,014
Gross profit	9,192,719	53.94 %	8,996,205	50.12 %	438,817	(242,303)	196,514
Operating expenses:	6,439,624	37.78 %	7,155,581	39.87 %	169,300	546,657	715,957
Income (loss) from operations	2,753,095	16.15 %	1,840,624	10.25 %	608,117	304,354	912,471

Net revenues for the quarter ended March 31, 2018 and 2017 are broken out among the segments as follows:

	2018		2017	
	Revenue	%	Revenue	%
North America	998,403	5.86 %	1,111,897	6.19 %
Europe	2,229,627	13.08 %	1,808,567	10.08 %
Asia-Pacific	13,815,790	81.06 %	15,028,856	83.73 %
Total	\$17,043,820	100.00 %	\$17,949,320	100.00 %

Revenues

License fees

License fees for the three months ended March 31, 2018 were \$2,648,870 compared to \$5,730,222 for the three months ended March 31, 2017, reflecting a decrease of \$3,081,352 with a change in constant currency of \$2,914,611. The decrease in license revenue for the fiscal three months ended March 31, 2018 compared to 2017 is primarily due to the decrease of license revenue recognized for the 12 country NFS Ascent™ contract offset by new license sales of approximately \$1,400,000 and \$1,200,000 for our legacy products and our mobility products, respectively.

Maintenance fees

Maintenance fees for the three months ended March 31, 2018 were \$3,659,998 compared to \$3,538,996 for the three months ended March 31, 2017 reflecting an increase of \$121,002 with a change in constant currency of \$145,167. Maintenance fees begin once a customer has “gone live” with our product. The increase was due to the fluctuation in usage of active users. We anticipate maintenance fees to gradually increase as we implement both our NFS legacy product and NFS Ascent™.

Maintenance fees – related party

Maintenance fees from related party for the three months ended March 31, 2018 were \$105,325 compared to \$51,698 for the three months ended March 31, 2017 reflecting an increase of \$53,627 with a change in constant currency of \$43,190. The increase was due to the fluctuation in usage of active users.

Services

Services income for the three months ended March 31, 2018 was \$9,345,210 compared to \$6,669,309 for the three months ended March 31, 2017 reflecting an increase of \$2,675,901 with a change in constant currency of \$2,954,472. The services revenue increase was due to an increase in services revenue associated with new implementations and change requests. Services revenue is derived from services provided to both current customers as well as services provided to new customers as part of the implementation process.

Services – related party

Services income from related party for the three months ended March 31, 2018 was \$1,284,417 compared to \$1,959,095 for the three months ended March 31, 2017 reflecting a decrease of \$674,678 with a change in constant currency of \$653,977. The decrease in related party service revenue is due to a decrease in revenue from our joint venture with linsurer.

Gross Profit

The gross profit was \$9,192,719, for the three months ended March 31, 2018 as compared with \$8,996,205 for the three months ended March 31, 2017. This is an increase of \$196,514 with an increase in constant currency of \$438,817. The gross profit percentage for the three months ended March 31, 2018 increased to 53.94% from 50.12% for the three months ended March 31, 2017. The cost of sales was \$7,851,101 for the three months ended March 31, 2018 compared to \$8,953,115 for the three months ended March 31, 2017 for a decrease of \$1,102,014 and on a constant currency basis a decrease of \$864,576. As a percentage of sales, cost of sales decreased from 49.88% for the three months ended March 31, 2017 to 46.06% for the three months ended March 31, 2018.

Salaries and consultant fees decreased by \$743,043 from \$6,161,110 for the three months ended March 31, 2017 to \$5,418,067 for the three months ended March 31, 2018 and on a constant currency basis decreased \$568,807. The decrease in salaries and consultant fees is due to the right sizing of technical employees at key locations including Pakistan, Thailand, China, UK and North America. As a percentage of sales, salaries and consultant expense decreased from 34.33% for the three months ended March 31, 2017 to 31.79% for the three months ended March 31, 2018.

Depreciation and amortization expense decreased to \$1,127,077 compared to \$1,340,188 for the three months ended March 31, 2017 or a decrease of \$213,111 and on a constant currency basis a decrease of \$143,596. Depreciation and amortization expense decreased as some products became fully amortized.

Operating Expenses

Operating expenses were \$6,439,624 for the three months ended March 31, 2018 compared to \$7,155,581, for the three months ended March 31, 2017 for a decrease of 10.01% or \$715,957 and on a constant currency basis a decrease of 2.37% or \$169,300. As a percentage of sales, it decreased from 39.87% to 37.78%. The decrease in operating expenses was primarily due to decreases in selling and marketing expenses, professional services, general and administrative expenses and depreciation.

Selling and marketing expenses decreased by \$477,546 or 19.57% and on a constant currency basis a decrease of \$45,387 or 1.86%. The decrease in selling and marketing expenses is due to reduction in staff, decrease in our salaries and commissions, travel expenses, and business development costs to market and sell NFS Ascent™ globally.

General and administrative expenses were \$4,048,271 for the three months ended March 31, 2018 compared to \$4,329,798 at March 31, 2017 or a decrease of \$281,527 or 6.50% and on a constant currency basis a decrease of \$176,589 or 4.08%. During the three months ended March 31, 2018, salaries increased by approximately \$230,665 or \$236,537 on a constant currency basis due to the annual raises, offset by a decrease in professional services of \$175,233 or \$180,818 on a constant currency basis and other general and administrative expenses of approximately \$336,959 or \$232,308 on a constant currency basis.

Income from Operations

Income from operations was \$2,753,095 for the three months ended March 31, 2018 compared to \$1,840,624 for the three months ended March 31, 2017. This represents an increase of \$912,471 with an increase of \$608,117 on a constant currency basis for the three months ended March 31, 2018 compared with the three months ended March 31, 2017. As a percentage of sales, income from operations was 16.15% for the three months ended March 31, 2018 compared to 10.25% for the three months ended March 31, 2017.

Other income and expense

Other income was \$2,367,401 for the three months ended March 31, 2018 compared with \$359,197 for the three months ended March 31, 2017. This represents an increase of \$2,008,204 with an increase of \$2,131,878 on a constant currency basis. The increase is primarily due to the foreign currency exchange transactions. The majority of the contracts with NetSol PK are either in U.S. dollars or Euros; therefore, the currency fluctuations will lead to foreign currency exchange gains or losses depending on the value of the Pakistan Rupee ("PKR") compared to the U.S. dollar and the Euro. In December 2017, Pakistan's central bank withdrew its support of the PKR, which caused the PKR to drop in value. During the three months ended March 31, 2018, we recognized a gain of \$2,550,394 in foreign currency exchange transactions compared to \$390,897 for the three months ended March 31, 2017. During the three months ended March 31, 2018, the value of the U.S. dollar and the Euro increased 4.5% and 7.54%, respectively, compared to the PKR. During the three months ended March 31, 2017, the value of the U.S. dollar and the Euro increased 0.4% and 1.9%, respectively, compared to the PKR.

Non-controlling Interest

For the three months ended March 31, 2018 and 2017, the net income attributable to non-controlling interest was \$1,994,869 and \$1,438,249, respectively. The increase in non-controlling interest is primarily due to the increase in net income of NetSol PK offset by a decrease in net income of NetSol Innovation.

Net Income / Loss attributable to NetSol

Net income was \$2,864,445 for the three months ended March 31, 2018 compared \$699,968 for the three months ended March 31, 2017. This is an increase of \$2,164,477 with an increase of \$1,872,983 on a constant currency basis, compared to the prior year. For the three months ended March 31, 2018, net income per share was \$0.26 and \$0.25 for

basic and diluted shares, respectively, compared to \$0.06 for basic and diluted shares for the three months ended March 31, 2017.

Nine Months Ended March 31, 2018 Compared to the Nine Months Ended March 31, 2017

The following table sets forth the items in our unaudited condensed consolidated statement of operations for the nine months ended March 31, 2018 and 2017 as a percentage of revenues.

	For the Nine Months Ended March 31,			
	2018	%	2017	%
Net Revenues:				
License fees	\$3,210,868	7.25 %	\$14,953,574	29.39 %

Page 32

A significant portion of our business is conducted in currencies other than the U.S. dollar. We operate in several geographical regions as described in Note 19 “Operating Segments” within the Notes to the Condensed Consolidated Financial Statements. Weakening of the value of the U.S. dollar compared to foreign currency exchange rates generally has the effect of increasing our revenues but also increasing our expenses denominated in currencies other than the U.S. dollar. Similarly, strengthening of the U.S. dollar compared to foreign currency exchange rates generally has the effect of reducing our revenues but also reducing our expenses denominated in currencies other than the U.S. dollar. We plan our business accordingly by deploying additional resources to areas of expansion, while continuing to monitor our overall expenditures given the economic uncertainties of our target markets. In order to provide a framework for assessing how our underlying businesses performed excluding the effect of foreign currency fluctuations, we compare the changes in results from one period to another period using constant currency. In order to calculate our constant currency results, we apply the current period results to the prior period foreign currency exchange rates. In the table below, we present the change based on actual results in reported currency and in constant currency.

	Favorable (Unfavorable)	Favorable (Unfavorable)	Total Favorable
For the Nine Months Ended March 31, 2018%	Change in	Change due to	(Unfavorable)
2017 %	Constant	Currency	Change as
