**NOTE 1 ORGANIZATION AND BUSINESS OF COMPANY**

The accompanying condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Annual Report on Form 10-K of Las Vegas Sands Corp. ( LVSC ), a Nevada corporation, and its subsidiaries (collectively the Company ) for the year ended December 31, 2010. The year-end balance sheet data was derived from audited financial statements, but does not include all disclosures required by generally accepted accounting principles in the United States of America. In the opinion of management, all adjustments and normal recurring accruals considered necessary for a fair statement of the results for the interim period have been included. The interim results reflected in the unaudited condensed consolidated financial statements are not necessarily indicative of expected results for the full year. The Company s common stock is traded on the New York Stock Exchange under the symbol LVS.

In November 2009, the Company s subsidiary, Sands China Ltd. ( SCL, the indirect owner and operator of the majority of the Company s operations in the Macau Special Administrative Region ( Macau ) of the People s Republic of China), completed an initial public offering by listing its ordinary shares (the SCL Offering ) on The Main Board of The Stock Exchange of Hong Kong Limited ( SEHK ). Immediately following the SCL Offering and several transactions consummated in connection with such offering, the Company owned 70.3% of the issued and outstanding ordinary shares of SCL. The shares of SCL were not, and will not, be registered under the Securities Act of 1933, as amended, and may not be offered or sold in the U.S. absent a registration under the Securities Act of 1933, as amended, or an applicable exception from such registration requirements.

**Operations*****United States******Las Vegas***

The Company owns and operates The Venetian Resort Hotel Casino ( The Venetian Las Vegas ), a Renaissance Venice-themed resort; The Palazzo Resort Hotel Casino ( The Palazzo ), a resort featuring modern European ambience and design; and an expo and convention center of approximately 1.2 million square feet (the Sands Expo Center ). These Las Vegas properties, situated on or near the Las Vegas Strip, form an integrated resort with approximately 7,100 suites; approximately 225,000 square feet of gaming space; a meeting and conference facility of approximately 1.1 million square feet; an enclosed retail, dining and entertainment complex located within The Venetian Las Vegas of approximately 440,000 net leasable square feet ( The Grand Canal Shoppes ), which was sold to GGP Limited Partnership ( GGP ) in 2004; and an enclosed retail and dining complex located within The Palazzo of approximately 400,000 net leasable square feet ( The Shoppes at The Palazzo ), which was sold to GGP in February 2008. See Note 2 Property and Equipment, Net regarding the sale of The Shoppes at The Palazzo.

***Pennsylvania***

In May 2009, the Company partially opened Sands Casino Resort Bethlehem (the Sands Bethlehem ), a gaming, hotel, retail and dining complex located on the site of the historic Bethlehem Steel Works in Bethlehem, Pennsylvania. The Sands Bethlehem currently features approximately 152,000 square feet of gaming space, which include table games operations that commenced in July 2010, a 300-room hotel tower, which opened in May 2011, an arts and cultural center, and the broadcast home of the local PBS affiliate. The Company has initiated construction activities on the remaining components of the integrated resort, which include an approximate 200,000-square-foot retail facility and a 50,000-square-foot multipurpose event center. Sands Bethlehem is also expected to be home to the National Museum of Industrial History. The Company owns 86% of the economic interest of the gaming, hotel and entertainment portion of the property through its ownership interest in Sands Bethworks Gaming LLC and more than 35% of the economic interest of the retail portion of the property through its ownership interest in Sands Bethworks Retail LLC. As of June 30, 2011, the Company has capitalized construction costs of \$686.8 million for this project (including \$8.8 million in outstanding construction payables). The Company expects to spend approximately \$40 million to complete construction of the project, on furniture, fixtures and equipment ( FF&E ) and other costs, and to pay outstanding construction payables, as noted above.

***Macau***

The Company currently owns 70.3% of SCL, which includes the operations of the Sands Macao, The Venetian Macao, Four Seasons Macao and other ancillary operations that support these properties, as further discussed below. The Company operates the gaming areas within these properties pursuant to a 20-year gaming subconcession.

The Company owns and operates the Sands Macao, the first Las Vegas-style casino in Macau. The Sands Macao offers approximately 197,000 square feet of gaming space and a 289-suite hotel tower, as well as several restaurants, VIP facilities, a theater and other high-end services and amenities.

The Company also owns and operates The Venetian Macao Resort Hotel ( The Venetian Macao ), which anchors the Cotai Strip™, the Company's master-planned development of integrated resort properties in Macau. With a theme similar to that of The Venetian Las Vegas, The Venetian Macao includes a 39-floor luxury hotel with over 2,900 suites; approximately 550,000 square feet of gaming space; a 15,000-seat arena; an 1,800-seat theater; retail and dining space of approximately 1.0 million square feet; and a convention center and meeting room complex of approximately 1.2 million square feet.

The Company owns the Four Seasons Hotel Macao, Cotai Strip™ (the Four Seasons Hotel Macao ), which features 360 rooms and suites managed and operated by Four Seasons Hotels Inc. and is located adjacent and connected to The Venetian Macao. Connected to the Four Seasons Hotel Macao, the Company owns and operates the Plaza Casino (together with the Four Seasons Hotel Macao, the Four Seasons Macao ), which features approximately 70,000 square feet of gaming space; 19 Paiza mansions; retail space of approximately 211,000 square feet, which is connected to the mall at The Venetian Macao; several food and beverage offerings; and conference, banquet and other facilities. This integrated resort will also feature the Four Seasons Apartment Hotel Macao, Cotai Strip™ (the Four Seasons Apartments ), an apart-hotel tower that consists of approximately 1.0 million square feet of Four Seasons-serviced and -branded luxury apart-hotel units and common areas. The Company has completed the structural work of the tower and expects to subsequently monetize units within the Four Seasons Apartments subject to market conditions and obtaining the necessary government approvals. As of June 30, 2011, the Company has capitalized \$1.16 billion for the property, including the land premium and \$15.3 million in outstanding construction payables. The Company expects to spend approximately \$110 million primarily on additional costs to complete the Four Seasons Apartments, including FF&E and pre-opening costs, and to pay outstanding construction payables, as noted above.

***Singapore***

The Company owns and operates the Marina Bay Sands in Singapore, which partially opened on April 27, 2010, with additional portions opened progressively throughout 2010. The Marina Bay Sands features three 55-story hotel towers (totaling approximately 2,600 rooms and suites), the Sands SkyPark™ (which sits atop the hotel towers and features an infinity swimming pool and several dining options), approximately 160,000 square feet of gaming space, an enclosed retail, dining and entertainment complex of approximately 800,000 net leasable square feet, a convention center and meeting room complex of approximately 1.3 million square feet and theaters. In February 2011, the Marina Bay Sands opened a landmark iconic structure at the bay-front promenade that contains an art/science museum. As of June 30, 2011, the Company has capitalized 7.59 billion Singapore dollars ( SGD, approximately \$6.15 billion at exchange rates in effect on June 30, 2011) in costs for this project, including the land premium and SGD 228.5 million (approximately \$185.2 million at exchange rates in effect on June 30, 2011) in outstanding construction payables. The Company expects to spend approximately SGD 590 million (approximately \$478 million at exchange rates in effect on June 30, 2011) on additional costs to complete the construction of the integrated resort, FF&E and other costs, and to pay outstanding construction payables, as noted above. As the Company has obtained Singapore-denominated financing and primarily pays its costs in Singapore dollars, its exposure to foreign exchange gains and losses is expected to be minimal.

**Development Projects**

The Company has suspended portions of its development projects to focus its efforts on those projects with the highest expected rates of return on invested capital. Should general economic conditions fail to improve, if the Company is unable to obtain sufficient funding or applicable government approvals such that completion of its suspended projects is not probable, or should management decide to abandon certain projects, all or a portion of the Company's investment to date on its suspended projects could be lost and would result in an impairment charge. In addition, the Company may be subject to penalties under the termination clauses in its construction contracts or termination rights

under its management contracts with certain hotel management companies.

***United States***

The Company was constructing a high-rise residential condominium tower (the Las Vegas Condo Tower ), located on the Las Vegas Strip between The Palazzo and The Venetian Las Vegas. The Company suspended construction activities for the project due to reduced demand for Las Vegas Strip condominiums and the overall decline in general economic conditions. The Company intends to recommence construction when demand and conditions improve and expects that it will take approximately 18 months thereafter to complete construction of the project. As of June 30, 2011, the Company has capitalized construction costs of \$177.7 million for this project. The impact of the suspension on the estimated overall cost of the project is currently not determinable with certainty.

***Macau***

The Company submitted plans to the Macau government for its other Cotai Strip developments, which represent three integrated resort developments, in addition to The Venetian Macao and Four Seasons Macao, on an area of approximately 200 acres (which are referred to as Sands Cotai Central (formerly referred to as parcels 5 and 6) and parcels 3 and 7 and 8). Subject to the approval from the Macau government, as discussed further below, the developments are expected to include hotels, exhibition and conference facilities, gaming areas, showrooms, shopping malls, spas, restaurants, entertainment facilities and other amenities. The Company had commenced construction or pre-construction activities on these developments and plans to operate the related gaming areas under the Company's Macau gaming subconcession.

The Company is staging the construction of its Sands Cotai Central integrated resort development. Upon completion of phases I and II of the project, the integrated resort is expected to feature approximately 5,800 hotel rooms, approximately 300,000 square feet of gaming space, approximately 1.2 million square feet of retail, entertainment and dining facilities, exhibition and conference facilities and a multipurpose theater. Phase I of the project is expected to include two hotel towers, one of which will be managed by Sheraton International Inc. and Sheraton Overseas Management Co. (collectively Starwood) under its Sheraton brand, as well as completion of the structural work of an adjacent hotel tower to be managed by Starwood under its Sheraton Towers brand. The second hotel tower was to be managed by Shangri-La International Hotel Management Limited (Shangri-La); however, in March 2011, the Company and Shangri-La mutually agreed to terminate the hotel management agreement. This second tower will now be managed by Hilton Worldwide and InterContinental Hotels Group under their Conrad and Holiday Inn brands, respectively. The Company's anticipated opening of phase I will be on a progressive schedule starting in the first quarter of 2012 with the opening of parcel 5, which will feature 600 five-star rooms and suites under the Conrad brand along with 1,200 four-star rooms and suites under the Holiday Inn brand. Parcel 5 will also open with a variety of retail offerings, more than 300,000 square feet of meeting space, several food and beverage establishments along with the 106,000 square foot casino and VIP gaming areas. Phase I also includes the opening of the first hotel tower on parcel 6, which will feature nearly 2,000 Sheraton-branded rooms, along with the second casino and the remaining dining, entertainment, retail and meeting facilities, and is currently scheduled to open in the third quarter of 2012. Phase II of the project consisting of the second hotel tower on parcel 6, which will feature an additional 2,000 rooms and suites under the Sheraton Towers brand, is projected to open in early 2013. The total cost to complete phases I and II is expected to be approximately \$1.9 billion. Phase III of the project is expected to include a fourth hotel and mixed-use tower to be managed by Starwood under its St. Regis brand and the total cost is expected to be approximately \$450 million. The Company has recommenced construction activities and is currently working with the Macau government to obtain sufficient construction labor for the project. The Company intends to commence construction of phase III of the project as demand and market conditions warrant it. As of June 30, 2011, the Company has capitalized costs of \$2.48 billion for the entire project, including the land premium and \$164.9 million in outstanding construction payables. The Company's management agreement with Starwood imposes certain construction deadlines and opening obligations on the Company and certain past and/or anticipated delays, as described above, would allow Starwood to terminate its agreement. See Note 9 Commitments and Contingencies Other Agreements. The Company is currently negotiating an amendment to the management agreement with Starwood to provide for new opening timelines.

The Company had commenced pre-construction activities on parcels 7 and 8 and 3, and has capitalized costs of \$102.1 million for parcels 7 and 8 and \$96.9 million for parcel 3 (including the land premium) as of June 30, 2011. The Company intends to commence construction after Sands Cotai Central is complete, necessary government approvals are obtained (including the land concession, see below), regional and global economic conditions improve, future demand warrants it and additional financing is obtained.

The impact of the delayed construction on the Company's previously estimated cost to complete its Cotai Strip developments is currently not determinable. As of June 30, 2011, the Company has capitalized an aggregate of

\$6.87 billion in construction costs and land premiums for its Cotai Strip developments, including The Venetian Macao and Four Seasons Macao, as well as the Company's investments in transportation infrastructure, including its passenger ferry service operations. In addition to funding phases I and II of Sands Cotai Central with the \$1.75 billion VOL credit facility, the Company will need to arrange additional financing to fund the balance of its Cotai Strip developments and there is no assurance that the Company will be able to obtain any of the additional financing required.

**(Unaudited)**

Land concessions in Macau generally have an initial term of 25 years with automatic extensions of 10 years thereafter in accordance with Macau law. The Company has received land concessions from the Macau government to build on parcels 1, 2, 3 and 5 and 6, including the sites on which The Venetian Macao (parcel 1), the Four Seasons Macao (parcel 2) and Sands Cotai Central (parcels 5 and 6) are located. The Company does not own these land sites in Macau; however, the land concessions grant the Company exclusive use of the land. As specified in the land concessions, the Company is required to pay premiums for each parcel, which are either payable in a single lump sum upon acceptance of the land concessions by the Macau government or in seven semi-annual installments (provided that the outstanding balance is due upon the completion of the corresponding integrated resort), as well as annual rent for the term of the land concessions. During December 2010, the Company received notice from the Macau government that its application for a land concession for parcels 7 and 8 was not approved and the Company applied to the Chief Executive of Macau for a review of the decision. In January 2011, the Company filed an appeal with the Court of Second Instance in Macau, which has yet to issue a decision. Should the Company win its appeal, it is still possible for the Chief Executive of Macau to again deny the land concession based upon public policy considerations. If the Company does not obtain the land concession or does not receive full reimbursement of its capitalized investment in this project, the Company would record a charge for all or some portion of the \$102.1 million in capitalized construction costs, as of June 30, 2011, related to its development on parcels 7 and 8.

Under the Company's land concession for parcel 3, the Company was initially required to complete the corresponding development by August 2011. The Macau government has granted the Company a two-year extension to complete the development of parcel 3, which now must be completed by April 2013. The land concession for Sands Cotai Central contains a similar requirement that the corresponding development be completed by May 2014. The Company believes that if it is not able to complete the developments by the respective deadlines, it will likely be able to obtain extensions from the Macau government; however, no assurances can be given that additional extensions will be granted. If the Company is unable to meet the applicable deadlines and those deadlines are not extended, it could lose its land concessions for parcel 3 or Sands Cotai Central, which would prohibit the Company from operating any facilities developed under the respective land concessions. As a result, the Company could record a charge for all or some portion of its \$96.9 million and \$2.48 billion in capitalized construction costs and land premiums, as of June 30, 2011, related to its developments on parcel 3 or Sands Cotai Central, respectively.

***Other***

When the current economic environment and access to capital improve, the Company may continue exploring the possibility of developing and operating additional properties, including integrated resorts, in additional Asian and U.S. jurisdictions, and in Europe.

**Development Financing Strategy**

Through June 30, 2011, the Company has funded its development projects primarily through borrowings under its U.S., Macau and Singapore credit facilities, operating cash flows, proceeds from its equity offerings and proceeds from the disposition of non-core assets.

The U.S. credit facility, as amended in August 2010, requires the Company's Las Vegas operations to comply with certain financial covenants at the end of each quarter, including maintaining a maximum leverage ratio of net debt, as defined, to trailing twelve-month adjusted earnings before interest, income taxes, depreciation and amortization, as defined ( Adjusted EBITDA ). The maximum leverage ratio is 6.5x for the quarter ended June 30, 2011, decreases to 6.0x for the quarterly periods ended September 30 and December 31, 2011, decreases to 5.5x for the quarterly periods ended March 31 and June 30, 2012, and then decreases to 5.0x for all quarterly periods thereafter through maturity. One of the Company's Macau credit facilities, the VML credit facility, as amended in August 2009, requires certain of the Company's Macau operations to comply with similar financial covenants, including maintaining a maximum leverage ratio of debt to Adjusted EBITDA. The maximum leverage ratio is 3.0x for the quarterly periods through maturity. The Company can elect to contribute up to \$50 million and \$20 million of cash on hand to its Las Vegas and relevant Macau operations, respectively, on a bi-quarterly basis; such contributions having the effect of increasing

Adjusted EBITDA by the corresponding amount during the applicable quarter for purposes of calculating compliance with the maximum leverage ratio (the EBITDA true-up ). The Singapore credit facility requires operations of Marina Bay Sands to comply with similar financial covenants commencing with the quarterly period ending September 30, 2011, including maintaining a maximum leverage ratio of debt to Adjusted EBITDA. The maximum leverage ratio is 5.5x for the quarterly period ending September 30, 2011, and then decreases by 0.25x every other quarter until it decreases to, and remains at, 3.75x for all quarterly periods thereafter through maturity (commencing with the quarterly period ending September 30, 2014). If the Company is unable to maintain compliance with the financial covenants under these credit facilities, it would be in default under the respective credit facilities. A default under the U.S. credit facility would trigger a cross-default under the Company's airplane financings, which, if the respective lenders chose to accelerate the indebtedness outstanding under these agreements, would result in a default under the Company's senior notes. A default under the VML credit facility would trigger a cross-default under the Company's ferry financing. Any defaults or cross-defaults under these agreements would allow the lenders, in each case, to exercise their rights and remedies as defined under their respective agreements. If the lenders were to exercise their rights to accelerate the due dates of the indebtedness outstanding, there can be no assurance that the Company would be able to repay or refinance any amounts that may become due and payable under such agreements, which could force the Company to restructure or alter its operations or debt obligations.

**(Unaudited)**

In 2008, the Company completed a \$475.0 million convertible senior notes offering and a \$2.1 billion common and preferred stock and warrants offering. In 2009, the Company completed a \$600.0 million exchangeable bond offering and its \$2.5 billion SCL Offering. A portion of the proceeds from these offerings was used in the U.S. to pay down \$775.9 million under the revolving portion of the U.S. credit facility in March 2010 and \$1.0 billion under the term loan portions of the U.S. credit facility in August 2010, and to exercise the EBITDA true-up provision during the quarterly periods ended September 30, 2010 and March 31, 2011.

The Company held unrestricted and restricted cash and cash equivalents of approximately \$3.48 billion and \$443.8 million, respectively, as of June 30, 2011. The Company believes the cash on hand, cash flow generated from operations and available borrowings under its credit facilities will be sufficient to fund its developments currently under construction and maintain compliance with the financial covenants of its U.S., Macau and Singapore credit facilities. In the normal course of its activities, the Company will continue to evaluate its capital structure and opportunities for enhancements thereof. The Company has recommenced construction activities at Sands Cotai Central using the proceeds from the \$1.75 billion VOL credit facility together with \$500.0 million of proceeds from the SCL Offering.

The Company is currently in the process of refinancing its VML and VOL credit facilities. The Company has received lender commitments for \$3.7 billion and will have the option to raise incremental senior secured and unsecured debt under existing baskets within the new credit facility. See Note 3 Long-Term Debt for further disclosure.

**Recent Accounting Pronouncements**

In January 2010, the Financial Accounting Standards Board issued authoritative guidance for fair value measurements, which requires new disclosures regarding significant transfers in and out of Level 1 and 2 fair value measurements and gross presentation of activity within the reconciliation for Level 3 fair value measurements. The guidance also clarifies existing requirements on the level of disaggregation and required disclosures regarding inputs and valuation techniques for both recurring and nonrecurring Level 2 and 3 fair value measurements. The guidance is effective for interim and annual reporting periods beginning after December 15, 2009, with the exception of gross presentation of Level 3 activity, which is effective for interim and annual reporting periods beginning after December 15, 2010. The adoption of this guidance did not have a material effect on the Company's financial condition, results of operations or cash flows. See Note 8 Fair Value Measurements for the required disclosure.

In June 2011, the Financial Accounting Standards Board issued authoritative guidance that amends the presentation of comprehensive income in the financial statements by requiring an entity to present the total of comprehensive income, the components of net income and the components of other comprehensive income either in a single continuous statement of comprehensive income or in two separate but consecutive statements. The update also eliminates the option to present the components of other comprehensive income as part of the statement of equity. The guidance is effective for interim and annual reporting periods beginning on or after December 15, 2011, with early adoption permitted. The adoption of this guidance will not have a material effect on the Company's financial condition, results of operations or cash flows.

The \$319.3 million in other construction in progress consists primarily of construction of the Las Vegas Condo Tower and costs incurred at the Cotai Strip parcels 3 and 7 and 8.

The final purchase price for The Shoppes at The Palazzo was to be determined in accordance with the April 2004 purchase and sale agreement, as amended, between Venetian Casino Resort, LLC ( VCR ) and GGP (the Amended Agreement ) based on net operating income ( NOI ) of The Shoppes at The Palazzo calculated 30 months after the closing date of the sale, as defined under the Amended Agreement (the Final Purchase Price ) and subject to certain later audit adjustments. The Company and GGP had entered into several amendments to the Amended Agreement to defer the time to reach agreement on the Final Purchase Price as both parties continued to work on various matters related to the calculation of NOI. On June 24, 2011, the Company reached a settlement with GGP regarding the Final Purchase Price. Under the terms of the settlement, the Company retained the \$295.4 million of proceeds previously received and participates in certain future revenues earned by GGP. Under generally accepted accounting principles, the transaction has not been accounted for as a sale because the Company's participation in certain future revenues constitutes continuing involvement in The Shoppes at The Palazzo. Therefore, \$266.2 million of the proceeds allocated to the mall sale transaction has been recorded as deferred proceeds (a long-term financing obligation), which will accrue interest at an imputed rate and will be offset by (i) imputed rental income and (ii) rent payments made to GGP related to spaces leased back from GGP by the Company. The property and equipment legally sold to GGP totaling \$271.0 million (net of \$40.4 million of accumulated depreciation) as of June 30, 2011, will continue to be recorded on the Company's condensed consolidated balance sheet and will continue to be depreciated in the Company's condensed consolidated income statement.

During the three and six months ended June 30, 2011 and the three and six months ended June 30, 2010, the Company capitalized interest expense of \$31.8 million, \$62.4 million, \$22.7 million and \$42.3 million, respectively. During the three and six months ended June 30, 2011 and the three and six months ended June 30, 2010, the Company capitalized approximately \$5.6 million, \$17.0 million, \$15.6 million and \$31.0 million, respectively, of internal costs, consisting primarily of compensation expense for individuals directly involved with the development and construction of property and equipment.

The Company suspended portions of its development projects. As described in Note 1 Organization and Business of Company Development Projects, the Company may be required to record an impairment charge related to these developments in the future.

The Company had commenced pre-construction activities on parcels 7 and 8, and has capitalized construction costs of \$102.1 million as of June 30, 2011. During December 2010, the Company received notice from the Macau government that its application for a land concession for parcels 7 and 8 was not approved and the Company applied to the Chief Executive of Macau for a review of the decision. In January 2011, the Company filed an appeal with the Court of Second Instance in Macau, which has yet to issue a decision. Should the Company win its appeal, it is still possible for the Chief Executive of Macau to again deny the land concession based upon public policy considerations.

In order to obtain the land concession and construct the resort, the Company would need to win its appeal and avoid any future denial of the land concession based upon public policy considerations. If the Company does not obtain the land concession or does not receive full reimbursement of its capitalized investment in this project, the Company would record a charge for all or some portion of the \$102.1 million in capitalized construction costs, as of June 30, 2011, related to its development on parcels 7 and 8.

**Senior Secured Credit Facility**

As of June 30, 2011, the Company had \$724.6 million of available borrowing capacity under the Senior Secured Credit Facility, net of outstanding letters of credit and undrawn amounts committed to be funded by Lehman Brothers Commercial Paper Inc.

**VML Credit Facility**

As of June 30, 2011, the Company has no available borrowing capacity under the VML Credit Facility.

**VOL Credit Facility**

As of June 30, 2011, the Company had \$1.0 billion of available borrowing capacity under the VOL Credit Facility.

**VML and VOL Credit Facilities Refinancing**

The Company is currently in the process of refinancing its VML and VOL credit facilities. The Company has received lender commitments for \$3.7 billion and will have the option to raise incremental senior secured and unsecured debt under existing baskets within the new credit facility. The new credit facility, once entered into, is expected to significantly reduce the Company's interest expense, extend the Macau debt maturities to 2016, enhance the Company's financial flexibility and further strengthen its financial position. Proceeds from the new Macau senior secured credit facility coupled with cash on hand will be used to retire the outstanding balances and commitments on the existing VML and VOL credit facilities as well as fund the completion of construction of the first two phases of Sands Cotai Central on the Cotai Strip in Macau. The refinancing is subject to final loan documentation as well as certain Macau Government approvals. The refinancing is expected to close in late 2011 and the Company anticipates recording a loss

on modification or extinguishment of debt in conjunction with the refinancing.

***Singapore Credit Facility***

As of June 30, 2011, the Company had SGD 102.8 million (approximately \$83.3 million at exchange rates in effect on June 30, 2011) of available borrowing capacity under the Singapore Credit Facility, net of outstanding bankers' guarantees.

During the six months ended June 30, 2011, holders of preferred stock exercised 1,229,100 warrants to purchase an aggregate of 20,485,036 shares of the Company's common stock at \$6.00 per share and tendered 1,161,500 shares of preferred stock and \$6.8 million in cash as settlement of the warrant exercise price. In conjunction with certain of these transactions, the Company paid \$16.5 million in premiums to induce the exercise of warrants with settlement through tendering preferred stock. During the six months ended June 30, 2011, the Company also repurchased and retired 47,300 shares of preferred stock for \$5.3 million and recorded a \$2.6 million repurchase premium as part of the transaction. During the six months ended June 30, 2010, no warrants were exercised and no preferred shares were repurchased and retired.

**NOTE 5 VARIABLE INTEREST ENTITIES**

The Company consolidates any variable interest entities ( VIEs ) in which it is the primary beneficiary and discloses significant variable interests in VIEs of which it is not the primary beneficiary, if any, which management determines such designation based on accounting standards for VIEs.

The Company has entered into various joint venture agreements with independent third parties. The operations of these joint ventures have been consolidated by the Company due to the Company's significant investment in these joint ventures, its power to direct the activities of the joint ventures that would significantly impact their economic performance and the obligation to absorb potentially significant losses or the rights to receive potentially significant benefits from these joint ventures. The Company evaluates its primary beneficiary designation on an ongoing basis and will assess the appropriateness of the VIE's status when events have occurred that would trigger such an analysis. As of June 30, 2011 and December 31, 2010, the Company's joint ventures had total assets of \$101.0 million and \$95.3 million, respectively, and total liabilities of \$89.9 million and \$78.4 million, respectively.

**NOTE 6 INCOME TAXES**

The Company's major tax jurisdictions are the U.S., Macau and Singapore. In 2010, the Internal Revenue Service ( IRS ) issued a Revenue Agent's Report for tax years 2005 through 2008 proposing certain adjustments, which the Company is appealing. The Company is in the initial stages of the appeals process with the IRS and while the final outcome of these matters is inherently uncertain, the Company believes it is reasonably possible that the total amount of unrecognized tax benefits may decrease by a range between \$0 and \$23 million within the next twelve months primarily due to the possible settlement of matters presently under consideration at appeals. In the U.S., the Company's 2009 tax year is also under examination by the IRS. The Company is subject to examination for tax years after 2006 in Macau and Singapore. The Company believes it has adequately reserved for its uncertain tax positions; however, there

is no assurance that the taxing authorities will not propose adjustments that are more or less than the Company's expected outcome and impact the provision for income taxes.

The Company recorded valuation allowances on the net deferred tax assets of the Company's U.S. operations and certain foreign jurisdictions and does not anticipate recording an income tax benefit related to these deferred tax assets. The Company will reassess the realization of deferred tax assets based on accounting standards for income taxes each reporting period and will be able to reduce the valuation allowance to the extent that the financial results of these operations improve and it becomes more likely than not that the deferred tax assets are realizable.

The Company received a 5-year income tax exemption in Macau that exempts the Company from paying corporate income tax on profits generated by gaming operations. The Company will continue to benefit from this tax exemption through the end of 2013. In February 2011, the Company entered into an agreement with the Macau government effective through 2013 that provides for an annual payment of 14.4 million patacas (approximately \$1.8 million at exchange rates in effect on June 30, 2011) that is a substitution for a 12% tax otherwise due from Venetian Macau Limited ( VML ) shareholders on dividend distributions paid from VML gaming profits.

**NOTE 8 FAIR VALUE MEASUREMENTS**

Under applicable accounting guidance, fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. Applicable accounting guidance also establishes a valuation hierarchy for inputs in measuring fair value that maximizes the use of observable inputs (inputs market participants would use based on market data obtained from sources independent of the Company) and minimizes the use of unobservable inputs (inputs that reflect the Company's assumptions based upon the best information available in the circumstances) by requiring that the most observable inputs be used when available. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, and inputs (other than quoted prices) that are observable for the assets or liabilities, either directly or indirectly. Level 3 inputs are unobservable inputs for the assets or liabilities. Categorization within the hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

(1) The Company has short-term investments classified as cash equivalents as the original maturities are less than 90 days.

(2) As of June 30, 2011 and December 31, 2010, the Company has 38 and 34 interest rate cap agreements with an aggregate fair value of approximately \$1.3 million and \$1.6 million, respectively, based on quoted market values from the institutions holding the agreements.

**NOTE 9 COMMITMENTS AND CONTINGENCIES****Litigation**

The Company is involved in other litigation in addition to those noted below, arising in the normal course of business. Management has made certain estimates for potential litigation claims based upon consultation with legal counsel. Actual results could differ from these estimates; however, in the opinion of management, such litigation and claims will not have a material effect on the Company's financial condition, results of operations or cash flows.

On October 15, 2004, Richard Suen and Round Square Company Limited filed an action against LVSC, Las Vegas Sands, Inc. (LVSI), Sheldon G. Adelson and William P. Weidner in the District Court of Clark County, Nevada, asserting a breach of an alleged agreement to pay a success fee of \$5.0 million and 2.0% of the net profit from the Company's Macau resort operations to the plaintiffs as well as other related claims. In March 2005, LVSC was dismissed as a party without prejudice based on a stipulation to do so between the parties. Pursuant to an order filed March 16, 2006, plaintiffs' fraud claims set forth in the first amended complaint were dismissed with prejudice against all defendants. The order also dismissed with prejudice the first amended complaint against defendants Sheldon G. Adelson and William P. Weidner. On May 24, 2008, the jury returned a verdict for the plaintiffs in the amount of \$43.8 million. On June 30, 2008, a judgment was entered in this matter in the amount of \$58.6 million (including pre-judgment interest). The Company appealed the verdict to the Nevada Supreme Court. On November 17, 2010, the Nevada Supreme Court reversed the judgment and remanded the case to the District Court of Clark County for a new trial. In its decision reversing the monetary judgment against the Company, the Nevada Supreme Court also made several other rulings which may affect the outcome of the new trial, including overturning the pre-trial dismissal of the plaintiffs' breach of contract claim and deciding several evidentiary matters, some of which confirmed and some of which overturned rulings made by the District Court of Clark County. As such, the Company is unable at this time to determine the probability of the outcome or range of reasonably possible loss, if any. The Company intends to defend this matter vigorously.

On October 20, 2010, Steven C. Jacobs, the former Chief Executive Officer of SCL, filed an action against LVSC and SCL in the District Court of Clark County, Nevada, alleging breach of contract against LVSC and SCL and breach of the implied covenant of good faith and fair dealing and tortious discharge in violation of public policy against LVSC. On March 16, 2011, an amended complaint was filed, which added Sheldon G. Adelson as a defendant and alleged a claim of defamation per se against him, LVSC and SCL. On June 9, 2011, the District Court of Clark County dismissed the defamation claim and certified the decision as to Sheldon G. Adelson as a final judgment. On July 1, 2011, the plaintiff filed a notice of appeal regarding the final judgment as to Sheldon G. Adelson. Mr. Jacobs is seeking unspecified damages. This action is in a preliminary stage and management has determined that based on proceedings to date, it is currently unable to determine the probability of the outcome of this matter or the range of reasonably possible loss, if any. The Company intends to defend this matter vigorously.

On February 9, 2011, LVSC received a subpoena from the Securities and Exchange Commission requesting that the Company produce documents relating to its compliance with the Foreign Corrupt Practices Act (the "FCPA"). The Company has also been advised by the Department of Justice that it is conducting a similar investigation. It is the Company's belief that the subpoena may have emanated from allegations contained in the lawsuit filed by Steven C. Jacobs described above. The Company intends to cooperate with the investigations. Based on proceedings to date, management is currently unable to determine the probability of the outcome of this matter or the range of reasonably possible loss, if any.

On March 31, 2011, SCL filed an announcement with the SEHK stating that SCL has been informed by the Securities and Futures Commission of Hong Kong (the SFC) that SCL is under investigation by the SFC in relation to alleged breaches of the provisions of the Hong Kong Securities and Futures Ordinance and has been requested to produce certain documents. The Company intends to cooperate with the investigation. Based on proceedings to date, management is currently unable to determine the probability of the outcome of this matter or the range of reasonably possible loss, if any.

On May 24, 2010, Frank J. Fosbre, Jr. filed a purported class action complaint in the United States District Court for the District of Nevada (the U.S. District Court), against LVSC, Sheldon G. Adelson, and William P. Weidner. The complaint alleges that LVSC, through the individual defendants, disseminated or approved materially false information, or failed to disclose material facts, through press releases, investor conference calls and other means from August 1, 2007 through November 6, 2008. The complaint seeks, among other relief, class certification, compensatory damages and attorneys' fees and costs.

On July 21, 2010, Wendell and Shirley Combs filed a purported class action complaint in the U.S. District Court, against LVSC, Sheldon G. Adelson, and William P. Weidner. The complaint alleges that LVSC, through the individual defendants, disseminated or approved materially false information, or failed to disclose material facts, through press releases, investor conference calls and other means from June 13, 2007 through November 11, 2008. The complaint, which is substantially similar to the Fosbre litigation, discussed above, seeks, among other relief, class certification, compensatory damages and attorneys' fees and costs.

On August 31, 2010, the U.S. District Court entered an order consolidating the Fosbre and Combs cases, and appointed lead plaintiffs and lead counsel. On November 1, 2010, a purported class action amended complaint was filed in the consolidated action against LVSC, Sheldon G. Adelson and William P. Weidner. The amended complaint alleges that LVSC, through the individual defendants, disseminated or approved materially false and misleading information, or failed to disclose material facts, through press releases, investor conference calls and other means from August 2, 2007 through November 6, 2008. The amended complaint seeks, among other relief, class certification, compensatory damages and attorneys' fees and costs. On January 10, 2011, the defendants filed a motion to dismiss the amended complaint, which is pending before the U.S. District Court. This action is in a preliminary stage and management has determined that based on proceedings to date, it is currently unable to determine the probability of the outcome of this matter or the range of reasonably possible loss, if any. The Company intends to defend this matter vigorously.

On March 9, 2011, Benyamin Kohanim filed a shareholder derivative action (the Kohanim action) on behalf of the Company in the District Court of Clark County, Nevada, against Sheldon G. Adelson, Jason N. Ader, Irwin Chafetz, Charles D. Forman, George P. Koo, Michael A. Leven, Jeffrey H. Schwartz and Irwin A. Siegel, the current members of the Board of Directors. The complaint alleges, among other things, breach of fiduciary duties in failing to properly implement, oversee and maintain internal controls to ensure compliance with the FCPA. The complaint seeks to recover for the Company unspecified damages, including restitution and disgorgement of profits, and also seeks to recover attorneys' fees, costs and related expenses for the plaintiff. This case has been consolidated with the Gaines action described below. On July 25, 2011, the plaintiffs filed a first verified amended consolidated complaint. This action is in a preliminary stage and management has determined that based on proceedings to date, it is currently unable to determine the probability of the outcome of this matter or the range of reasonably possible loss, if any. The Company intends to defend this matter vigorously.

On April 1, 2011, Nasser Moradi, Richard Buckman, Douglas Tomlinson, and Matt Abbeduto filed a shareholder derivative action (the Moradi action), as amended on April 15, 2011, on behalf of the Company in the U.S. District Court, against Sheldon G. Adelson, Jason N. Ader, Irwin Chafetz, Charles D. Forman, George P. Koo, Michael A. Leven, Jeffrey H. Schwartz and Irwin A. Siegel, the current members of the Board of Directors. The complaint raises substantially similar claims as alleged in the Kohanim action. The complaint seeks to recover for the Company unspecified damages, including exemplary damages and restitution, and also seeks to recover attorneys' fees, costs and

related expenses for the plaintiffs. This action is in a preliminary stage and management has determined that based on proceedings to date, it is currently unable to determine the probability of the outcome of this matter or the range of reasonably possible loss, if any. The Company intends to defend this matter vigorously.

On April 18, 2011, Ira J. Gaines, Sunshine Wire and Cable Defined Benefit Pension Plan Trust dated 1/1/92 and Peachtree Mortgage Ltd. filed a shareholder derivative action (the Gaines action ) on behalf of the Company in the District Court of Clark County, Nevada, against Sheldon G. Adelson, Jason N. Ader, Irwin Chafetz, Charles D. Forman, George P. Koo, Michael A. Leven, Jeffrey H. Schwartz and Irwin A. Siegel, the current members of the Board of Directors. The complaint raises substantially similar claims as alleged in the Kohanim and Moradi actions. The complaint seeks to recover for the Company unspecified damages, and also seeks to recover attorneys fees, costs and related expenses for the plaintiffs. This action is in a preliminary stage and management has determined that based on proceedings to date, it is currently unable to determine the probability of the outcome of this matter or the range of reasonably possible loss, if any. The Gaines action has been consolidated with the Kohanim action and will be reported as one consolidated matter in the future. The Company intends to defend this matter vigorously.

On April 18, 2011, the Louisiana Municipal Police Employees Retirement System filed a shareholder derivative action (the LAMPERS action ) on behalf of the Company in the U.S. District Court, against Sheldon G. Adelson, Jason N. Ader, Irwin Chafetz, Charles D. Forman, George P. Koo, Michael A. Leven, Jeffrey H. Schwartz and Irwin A. Siegel, the current members of the Board of Directors, and Wing T. Chao, a former member of the Board of Directors. The complaint raises substantially similar claims as alleged in the Kohanim, Moradi and Gaines actions. The complaint seeks to recover for the Company unspecified damages, and also seeks to recover attorneys' fees, costs and related expenses for the plaintiff. This action is in a preliminary stage and management has determined that based on proceedings to date, it is currently unable to determine the probability of the outcome of this matter or the range of reasonably possible loss, if any. The Company intends to defend this matter vigorously.

On April 22, 2011, John Zaremba filed a shareholder derivative action on behalf of the Company in the U.S. District Court, against Sheldon G. Adelson, Jason N. Ader, Irwin Chafetz, Charles D. Forman, George P. Koo, Michael A. Leven, Jeffrey H. Schwartz and Irwin A. Siegel, the current members of the Board of Directors, and Wing T. Chao, a former member of the Board of Directors. The complaint raises substantially similar claims as alleged in the Kohanim, Moradi, Gaines and LAMPERS actions. The complaint seeks to recover for the Company unspecified damages, including restitution, disgorgement of profits, and injunctive relief, and also seeks to recover attorneys' fees, costs and related expenses for the plaintiff. This action is in a preliminary stage and management has determined that based on proceedings to date, it is currently unable to determine the probability of the outcome of this matter or the range of reasonably possible loss, if any. The Company intends to defend this matter vigorously.

**Singapore Development Project**

In August 2006, the Company entered into a development agreement, as amended by a supplementary agreement on December 11, 2009 (the Development Agreement ), with the Singapore Tourism Board (the STB ), which requires the Company to construct and operate the Marina Bay Sands in accordance with the Company's proposal for the integrated resort and in accordance with the agreement. The Company entered into the SGD 5.44 billion (approximately \$4.41 billion at exchange rates in effect on June 30, 2011) Singapore Credit Facility to fund a significant portion of the construction, operating and other development costs of the Marina Bay Sands.

The Development Agreement permits the Marina Bay Sands to open in stages and in accordance with an agreed upon schedule that runs through September 30, 2011. There are no financial consequences to MBS if it fails to meet the agreed upon schedule, provided that the entire integrated resort is opened by December 31, 2011. The Company believes it will meet this deadline; however, if it doesn't, the STB will be entitled to draw on the SGD 192.6 million (approximately \$156.1 million at exchange rates in effect on June 30, 2011) security deposit under the Singapore Credit Facility.

**Other Agreements**

The Company has entered into an agreement with Starwood to manage hotels, as well as brand serviced luxury apart-hotels, on the Company's Cotai Strip parcels 5 and 6. The management agreement imposes certain construction and opening obligations and deadlines on the Company, and certain past and/or anticipated delays would allow Starwood to terminate its agreement. The Company has recommenced construction activities at Sands Cotai Central and is negotiating an amendment to its management agreement with Starwood to provide for new opening timelines. If negotiations are unsuccessful and Starwood exercises its rights to terminate its agreement, the Company would have to find a new manager and brand for these projects. The Company's agreement with Starwood related to the sales and marketing of the Las Vegas Condo Tower has been terminated. If the Company is unsuccessful in finding a new brand in Las Vegas, it could have a material adverse effect on the Company's financial condition, results of operations and cash flows.

**NOTE 10 SEGMENT INFORMATION**

The Company's principal operating and developmental activities occur in three geographic areas: United States, Macau and Singapore. The Company reviews the results of operations for each of its key operating segments: The Venetian Las Vegas, which includes the Sands Expo Center; The Palazzo; Sands Bethlehem; Sands Macao; The Venetian

Macao; Four Seasons Macao; and Other Asia (comprised primarily of the Company's ferry operations and various other operations that are ancillary to the Company's properties in Macau); and Marina Bay Sands. The Company also reviews construction and development activities for each of its primary projects: The Venetian Las Vegas; The Palazzo; Sands Bethlehem; Sands Macao; The Venetian Macao; Four Seasons Macao; Other Asia; Marina Bay Sands; Other Development Projects (Sands Cotai Central and Cotai Strip parcels 3 and 7 and 8); and Corporate and Other

(comprised primarily of airplanes and the Las Vegas Condo Tower). The Venetian Las Vegas and The Palazzo operating segments are managed as a single integrated resort and have been aggregated as one reportable segment (the Las Vegas Operating Properties), considering their similar economic characteristics, types of customers, types of service and products, the regulatory business environment of the operations within each segment and the Company's organizational and management reporting structure. The information for the three and six months ended June 30, 2010, has been reclassified to conform to the current presentation. The Company's segment information as of June 30, 2011 and December 31, 2010, and for the three and six months ended June 30, 2011 and 2010, is as follows (in thousands):

**NOTE 11 CONDENSED CONSOLIDATING FINANCIAL INFORMATION**

LVSC is the obligor of the Senior Notes due 2015. Las Vegas Sands, LLC, VCR, Mall Intermediate Holding Company, LLC, Venetian Transport, LLC, Venetian Marketing, Inc., Lido Intermediate Holding Company, LLC, Lido Casino Resort Holding Company, LLC, Interface Group-Nevada, Inc., Palazzo Condo Tower, LLC, Sands Pennsylvania, Inc., Phase II Mall Holding, LLC, LVS (Nevada) International Holdings, Inc. and LVS Management Services, LLC (collectively, the Guarantor Subsidiaries), have jointly and severally guaranteed the Senior Notes on a full and unconditional basis. The voting stock of all entities included as Guarantor Subsidiaries is 100% owned directly or indirectly by Las Vegas Sands Corp. The noncontrolling interest amount included in the Guarantor Subsidiaries condensed consolidating balance sheets is related to non-voting preferred stock of one of the subsidiaries held by third parties.

In February 2008, all of the capital stock of Phase II Mall Subsidiary, LLC was sold to GGP and in connection therewith, it was released as a guarantor under the Senior Notes. The sale is not complete from an accounting perspective due to the Company's continuing involvement in the transaction related to the participation in certain future revenues earned by GGP. Certain of the assets, liabilities and operating results related to the ownership and operation of the mall by Phase II Mall Subsidiary, LLC subsequent to the sale will continue to be accounted for by the Guarantor Subsidiaries, and therefore are included in the Guarantor Subsidiaries columns in the following condensed consolidating financial information. As a result, net assets of \$4.8 million (consisting of \$271.0 million of property and equipment, offset by \$266.2 million of liabilities consisting of deferred proceeds from the sale) and \$38.0 million (consisting of \$282.1 million of property and equipment, offset by \$244.1 million of liabilities consisting of deferred proceeds from the sale) as of June 30, 2011 and December 31, 2010, respectively, and a net loss (consisting primarily of depreciation expense) of \$11.1 million for the three and six months ended June 30, 2011, and \$3.7 million and \$7.4 million for the three and six months ended June 30, 2010, respectively, related to the mall and are being accounted for by the Guarantor Subsidiaries. These balances and amounts are not collateral for the Senior Notes and should not be considered as credit support for the guarantees of the Senior Notes.

The condensed consolidating financial information of LVSC, the Guarantor Subsidiaries and the non-guarantor subsidiaries on a combined basis as of June 30, 2011 and December 31, 2010, and for the three and six months ended June 30, 2011 and 2010, is as follows (in thousands):

**Table of Contents****LAS VEGAS SANDS CORP. AND SUBSIDIARIES****ITEM 2 MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

The following discussion should be read in conjunction with, and is qualified in its entirety by, the condensed consolidated financial statements and the notes thereto, and other financial information included in this Form 10-Q. Certain statements in this Management's Discussion and Analysis of Financial Condition and Results of Operations are forward-looking statements. See Special Note Regarding Forward-Looking Statements.

**Operations**

We view each of our casino properties as an operating segment. Our operating segments in the United States consist of The Venetian Resort Hotel Casino (The Venetian Las Vegas), The Palazzo Resort Hotel Casino (The Palazzo) and the Sands Casino Resort Bethlehem (the Sands Bethlehem). The Venetian Las Vegas and The Palazzo operating segments are managed as a single integrated resort and have been aggregated into one reportable segment (the Las Vegas Operating Properties), considering their similar economic characteristics, types of customers, types of service and products, the regulatory business environment of the operations within each segment and our organizational and management reporting structure. Our operating segments in the Macau Special Administrative Region (Macau) of the People's Republic of China consist of the Sands Macao; The Venetian Macao Resort Hotel (The Venetian Macao); the Four Seasons Hotel Macao, Cotai Strip™ and the Plaza Casino (collectively, the Four Seasons Macao); and other ancillary operations in that region (Other Asia). Our operating segment in Singapore, Marina Bay Sands, opened on April 27, 2010.

**United States***Las Vegas*

Our Las Vegas Operating Properties, situated on or near the Las Vegas Strip, consist of The Venetian Las Vegas, a Renaissance Venice-themed resort; The Palazzo, a resort featuring modern European ambience and design; and an expo and convention center of approximately 1.2 million square feet (the Sands Expo Center). Our Las Vegas Operating Properties represent an integrated resort with approximately 7,100 suites and approximately 225,000 square feet of gaming space. Our Las Vegas Operating Properties also feature a meeting and conference facility of approximately 1.1 million square feet; Canyon Ranch SpaClub facilities; a Paiza Club™ offering services and amenities to premium customers, including luxurious VIP suites, spa facilities and private VIP gaming room facilities; entertainment facilities; an enclosed retail, dining and entertainment complex located within The Venetian Las Vegas of approximately 440,000 net leasable square feet (The Grand Canal Shoppes), which was sold to GGP Limited Partnership (GGP) in 2004; and an enclosed retail and dining complex located within The Palazzo of approximately 400,000 net leasable square feet (The Shoppes at The Palazzo), which was sold to GGP in February 2008. See Item 1 Financial Statements Notes to Condensed Consolidated Financial Statements Note 2 Property and Equipment, Net regarding the sale of The Shoppes at The Palazzo.

Approximately 72.0% and 63.4% of gross revenue at our Las Vegas Operating Properties for the six months ended June 30, 2011 and 2010, respectively, was derived from room revenues, food and beverage services, and other non-gaming sources, and 28.0% and 36.6%, respectively, was derived from gaming activities. The percentage of non-gaming revenue reflects the integrated resort's emphasis on the group convention and trade show business.

*Pennsylvania*

In May 2009, we partially opened the Sands Bethlehem, a gaming, hotel, retail and dining complex located on the site of the historic Bethlehem Steel Works in Bethlehem, Pennsylvania. The Sands Bethlehem currently features approximately 152,000 square feet of gaming space, which include table games operations that commenced in July 2010, our 300-room hotel tower, which opened in May 2011, an arts and cultural center, and the broadcast home of the local PBS affiliate. We have initiated construction activities on the remaining components of the integrated resort, which include an approximate 200,000-square-foot retail facility and a 50,000-square-foot multipurpose event center. Sands Bethlehem is also expected to be home to the National Museum of Industrial History. We own 86% of the economic interest of the gaming, hotel and entertainment portion of the property through our ownership interest in Sands Bethworks Gaming LLC and more than 35% of the economic interest of the retail portion of the property through our ownership interest in Sands Bethworks Retail LLC. Approximately 91.2% and 91.1% of the gross

revenue at Sands Bethlehem for the six months ended June 30, 2011 and 2010, respectively, was derived from gaming activities, with the remainder derived from food and beverage services and other non-gaming sources.

**Table of Contents*****Macau***

Sands China Ltd. ( SCL ) completed an initial public offering (the SCL Offering ) by listing its ordinary shares on The Main Board of The Stock Exchange of Hong Kong Limited in November 2009. We own 70.3% of SCL, which includes the operations of the Sands Macao, The Venetian Macao, Four Seasons Macao and other ancillary operations that support these properties. We operate the gaming areas within these properties pursuant to a 20-year gaming subconcession.

We own and operate the Sands Macao, the first Las Vegas-style casino in Macau. The Sands Macao includes approximately 197,000 square feet of gaming space; a 289-suite hotel tower; several restaurants; VIP facilities; a theater and other high-end services and amenities. Approximately 94.7% and 94.4% of the gross revenue at the Sands Macao for the six months ended June 30, 2011 and 2010, respectively, was derived from gaming activities, with the remainder primarily derived from room revenues and food and beverage services.

We also own and operate The Venetian Macao, the anchor property of our master-planned development of integrated resort properties that we refer to as the Cotai Strip™ in Macau. With a theme similar to that of The Venetian Las Vegas, The Venetian Macao includes a 39-floor luxury hotel with over 2,900 suites; approximately 550,000 square feet of gaming space; a 15,000-seat arena; an 1,800-seat theater; retail and dining space of approximately 1.0 million square feet; and a convention center and meeting room complex of approximately 1.2 million square feet. Approximately 84.7% and 82.8% of the gross revenue at The Venetian Macao for the six months ended June 30, 2011 and 2010, respectively, was derived from gaming activities, with the remainder derived from room revenues and other non-gaming sources.

We own the Four Seasons Macao, which is located adjacent and connected to The Venetian Macao. The Four Seasons Macao is an integrated resort that features 360 rooms and suites managed and operated by Four Seasons Hotels Inc.; 19 Paiza mansions; approximately 70,000 square feet of gaming space; retail space of approximately 211,000 square feet, which is connected to the mall at The Venetian Macao; several food and beverage offerings; and conference, banquet and other facilities operated by us. This integrated resort will also feature the Four Seasons Apartment Hotel Macao, Cotai Strip™ (the Four Seasons Apartments ), an apart-hotel tower that consists of approximately 1.0 million square feet of Four Seasons-serviced and -branded luxury apart-hotel units and common areas. We have completed the structural work of the tower and expect to monetize the units within the Four Seasons Apartments subject to market conditions and obtaining the necessary government approvals. Approximately 84.6% and 85.5% of the gross revenue at the Four Seasons Macao for the six months ended June 30, 2011 and 2010, respectively, was derived from gaming activities, with the remainder derived from mall revenues, room revenues and other non-gaming sources.

***Singapore***

We own and operate the Marina Bay Sands in Singapore, which partially opened on April 27, 2010, with additional portions opened progressively throughout 2010. Marina Bay Sands features three 55-story hotel towers (with approximately 2,600 rooms and suites), the Sands SkyPark™ (which sits atop the hotel towers and features an infinity swimming pool and several dining options), approximately 160,000 square feet of gaming space, an enclosed retail, dining and entertainment complex of approximately 800,000 net leasable square feet, a convention center and meeting room complex of approximately 1.3 million square feet and theaters. In February 2011, the Marina Bay Sands opened a landmark iconic structure at the bay-front promenade that contains an art/science museum. As of June 30, 2011, we have capitalized 7.59 billion Singapore dollars ( SGD, approximately \$6.15 billion at exchange rates in effect on June 30, 2011) in costs for this project, including the land premium and SGD 228.5 million (approximately \$185.2 million at exchange rates in effect on June 30, 2011) in outstanding construction payables. We expect to spend approximately SGD 590 million (approximately \$478 million at exchange rates in effect on June 30, 2011) on additional costs to complete the integrated resort, FF&E and other costs, and to pay outstanding construction payables, as noted above. As we have obtained Singapore-denominated financing and primarily pay our costs in Singapore dollars, our exposure to foreign exchange gains and losses is expected to be minimal.

Approximately 76.1% of the gross revenue at the Marina Bay Sands for the six months ended June 30, 2011, was derived from gaming activities, with the remainder derived from room revenues, food and beverage services and other non-gaming sources.

**Development Projects**

We have suspended portions of our development projects to focus our efforts on those projects with the highest expected rates of return on invested capital. Should general economic conditions fail to improve, if we are unable to obtain sufficient funding or applicable government approvals such that completion of our suspended projects is not probable, or should management decide to abandon certain projects, all or a portion of our investment to date on our suspended projects could be lost and would result in an impairment charge. In addition, we may be subject to penalties under the termination clauses in our construction contracts or termination rights under our management contracts with certain hotel management companies.

**Table of Contents*****United States***

We were constructing a high-rise residential condominium tower (the Las Vegas Condo Tower), located on the Las Vegas Strip between The Palazzo and The Venetian Las Vegas. We suspended our construction activities for the project due to reduced demand for Las Vegas Strip condominiums and the overall decline in general economic conditions. We intend to recommence construction when demand and conditions improve and expect that it will take approximately 18 months thereafter to complete construction of the project. As of June 30, 2011, we have capitalized construction costs of \$177.7 million for this project. The impact of the suspension on the estimated overall cost of the project is currently not determinable with certainty.

***Macau***

We submitted plans to the Macau government for our other Cotai Strip developments, which represent three integrated resort developments, in addition to The Venetian Macao and Four Seasons Macao, on an area of approximately 200 acres (which we refer to as Sands Cotai Central (formerly referred to as parcels 5 and 6) and parcels 3 and 7 and 8). Subject to the approval from the Macau government, as discussed further below, the developments are expected to include hotels, exhibition and conference facilities, gaming areas, showrooms, spas, dining, retail and entertainment facilities and other amenities. We commenced construction or pre-construction activities on these developments and plan to operate the related gaming areas under our Macau gaming subconcession. In addition, we are completing the development of some public areas surrounding our Cotai Strip properties on behalf of the Macau government. We currently intend to develop our other Cotai Strip properties as follows:

**Sands Cotai Central** We are staging the construction of the Sands Cotai Central integrated resort. Upon completion of phases I and II of the project, the integrated resort will feature approximately 5,800 hotel rooms, approximately 300,000 square feet of gaming space, approximately 1.2 million square feet of retail, entertainment and dining facilities, exhibition and conference facilities and a multipurpose theater. Phase I of the project is expected to include two hotel towers, one of which will be managed by Sheraton International Inc. and Sheraton Overseas Management Co. (collectively Starwood) under its Sheraton brand, as well as completion of the structural work of an adjacent hotel tower to be managed by Starwood under its Sheraton Towers brand. The second hotel tower was to be managed by Shangri-La International Hotel Management Limited (Shangri-La); however, in March 2011, we mutually agreed with Shangri-La to terminate the hotel management agreement. This second tower will now be managed by Hilton Worldwide and InterContinental Hotels Group under their Conrad and Holiday Inn brands, respectively. Our anticipated opening of phase I will be on a progressive schedule starting in the first quarter of 2012 with the opening of parcel 5, which will feature 600 five-star rooms and suites under the Conrad brand along with 1,200 four-star rooms and suites under the Holiday Inn brand. Parcel 5 will also open with a variety of retail offerings, more than 300,000 square feet of meeting space, several food and beverage establishments along with the 106,000 square foot casino and VIP gaming areas. Phase I also includes the opening of the first hotel tower on parcel 6, which will feature nearly 2,000 Sheraton-branded rooms, along with the second casino and the remaining dining, entertainment, retail and meeting facilities, and is currently scheduled to open in the third quarter of 2012. Phase II of the project consisting of the second hotel tower on parcel 6, which will feature an additional 2,000 rooms and suites under the Sheraton Towers brand, is projected to open in early 2013. The total cost to complete phases I and II is expected to be approximately \$1.9 billion. Phase III of the project is expected to include a fourth hotel and mixed-use tower to be managed by Starwood under its St. Regis brand and the total cost to complete is expected to be approximately \$450 million. We are currently working with the Macau government to obtain sufficient construction labor for the project. We intend to commence construction of phase III of the project as demand and market conditions warrant it. As of June 30, 2011, we have capitalized costs of \$2.48 billion for the entire project, including the land premium and \$164.9 million in outstanding construction payables. Our management agreement with Starwood imposes certain construction deadlines and opening obligations on us and certain past and/or anticipated delays, as described above, would allow Starwood to terminate its agreement. We are currently negotiating an amendment to the management agreement with Starwood to provide for new opening timelines.

Parcels 7 and 8 If we are successful in winning our appeal and obtaining the land concession for parcels 7 and 8 (as discussed below), the related integrated resort is expected to be similar in size and scope to the Sands Cotai Central integrated resort. We had commenced pre-construction activities and have capitalized construction costs of \$102.1 million as of June 30, 2011. We intend to commence construction after Sands Cotai Central and the integrated resort on parcel 3 is complete, necessary government approvals are obtained (including the land concession), regional and global economic conditions improve, future demand warrants it and additional financing is obtained.

Parcel 3 The integrated resort on parcel 3 will be connected to The Venetian Macao and Four Seasons Macao. The multi-hotel complex is intended to include a gaming area, a shopping mall and serviced luxury apart-hotel units. We had commenced pre-construction activities and have capitalized costs of \$96.9 million, including the land premium, as of June 30, 2011. We intend to commence construction after the Sands Cotai Central is complete, necessary government approvals are obtained, regional and global economic conditions improve, future demand warrants it and additional financing is obtained.

**Table of Contents**

The impact of the delayed construction on our previously estimated cost to complete our Cotai Strip developments is currently not determinable. As of June 30, 2011, we have capitalized an aggregate of \$6.87 billion in construction costs and land premiums for our Cotai Strip developments, including The Venetian Macao and Four Seasons Macao, as well as our investments in transportation infrastructure, including our passenger ferry service operations. In addition to funding phases I and II of Sands Cotai Central with the \$1.75 billion VOL credit facility, we will need to arrange additional financing to fund the balance of our Cotai Strip developments and there is no assurance that we will be able to obtain any of the additional financing required.

We are currently in the process of refinancing our VML and VOL credit facilities. We have received lender commitments for \$3.7 billion and will have the option to raise incremental senior secured and unsecured debt under existing baskets within the new credit facility. See [Liquidity and Capital Resources](#) [Development Financing Strategy](#) for further disclosure.

Land concessions in Macau generally have an initial term of 25 years with automatic extensions of 10 years thereafter in accordance with Macau law. We have received land concessions from the Macau government to build on parcels 1, 2, 3 and 5 and 6, including the sites on which The Venetian Macao (parcel 1), Four Seasons Macao (parcel 2) and Sands Cotai Central (parcels 5 and 6) are located. We do not own these land sites in Macau; however, the land concessions grant us exclusive use of the land. As specified in the land concessions, we are required to pay premiums for each parcel, which are either payable in a single lump sum upon acceptance of the land concessions by the Macau government or in seven semi-annual installments (provided that the outstanding balance is due upon the completion of the corresponding integrated resort), as well as annual rent for the term of the land concessions. During December 2010, we received notice from the Macau government that our application for a land concession for parcels 7 and 8 was not approved and we applied to the Chief Executive of Macau for a review of the decision. In January 2011, we filed an appeal with the Court of Second Instance in Macau, which has yet to issue a decision. Should we win our appeal, it is still possible for the Chief Executive of Macau to again deny the land concession based upon public policy considerations. If we do not obtain the land concession or do not receive full reimbursement of our capitalized investment in this project, we would record a charge for all or some portion of the \$102.1 million in capitalized construction costs, as of June 30, 2011, related to our development on parcels 7 and 8.

Under our land concession for parcel 3, we were initially required to complete the corresponding development by August 2011. The Macau government has granted us a two-year extension to complete the development of parcel 3, which now must be completed by April 2013. The land concession for Sands Cotai Central contains a similar requirement that the corresponding development be completed by May 2014. We believe that if we are not able to complete the developments by the respective deadlines, we will likely be able to obtain extensions from the Macau government; however, no assurances can be given that additional extensions will be granted. If we are unable to meet the applicable deadlines and those deadlines are not extended, we could lose our land concessions for parcel 3 or Sands Cotai Central, which would prohibit us from operating any facilities developed under the respective land concessions. As a result, we could record a charge for all or some portion of the \$96.9 million and \$2.48 billion in capitalized costs and land premiums, as of June 30, 2011, related to our developments on parcel 3 or Sands Cotai Central, respectively.

***Other***

When the current economic environment and access to capital improve, we may continue exploring the possibility of developing and operating additional properties, including integrated resorts, in additional Asian and U.S. jurisdictions, and in Europe.

**Critical Accounting Policies and Estimates**

The preparation of our condensed consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires our management to make estimates and judgments that affect the reported amounts of assets and liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. These estimates are based on historical information, information that is currently available to us and on various other assumptions that management believes to be reasonable under the circumstances. Actual results could vary from those estimates and we may change our estimates and assumptions in future evaluations. Changes in these estimates and assumptions may have a material effect on our financial condition and results of operations. We believe that these critical accounting policies affect our more significant judgments and estimates used in the preparation of our condensed consolidated financial statements. For a discussion of our significant accounting policies and estimates, please refer to Management's Discussion and Analysis of Financial Condition and Results of Operations presented in our 2010 Annual Report on Form 10-K filed on March 1, 2011.

There were no newly identified significant accounting estimates during the six months ended June 30, 2011, nor were there any material changes to the critical accounting policies and estimates discussed in our 2010 Annual Report.

**Operating Results****Key Operating Revenue Measurements**

Operating revenues at our Las Vegas Operating Properties, The Venetian Macao, Four Seasons Macao and Marina Bay Sands are dependent upon the volume of customers who stay at the hotel, which affects the price that can be charged for hotel rooms and the volume of table games and slot machine play. Operating revenues at Sands Macao and Sands Bethlehem are principally driven by casino customers who visit the properties on a daily basis.

The following are the key measurements we use to evaluate operating revenues:

*Casino revenue measurements for the U.S.:* Table games drop ( drop ) and slot handle ( handle ) are volume measurements. Win or hold percentage represents the percentage of drop or handle that is won by the casino and recorded as casino revenue. Table games drop represents the sum of markers issued (credit instruments) less markers paid at the table, plus cash deposited in the table drop box. Slot handle is the gross amount wagered for the period cited. We view table games win as a percentage of drop and slot hold as a percentage of slot handle. Based upon our mix of table games, our table games in Las Vegas have produced a trailing 12-month win percentage (calculated before discounts) of 16.0%. Slot machines in Las Vegas and Pennsylvania have produced a trailing 12-month hold percentage (calculated before slot club cash incentives) of 8.0% and 7.2%, respectively. Actual win may vary from the trailing 12-month win and hold percentages. Generally, slot machine play is conducted on a cash basis, whereas in Las Vegas, approximately 69.5% of our table games play for the six months ended June 30, 2011, was conducted on a credit basis. In Pennsylvania, our table games play, which commenced in July 2010, was primarily conducted on a cash basis. We expect to increase the credit extended to our players as operations ramp up at Sands Bethlehem.

*Casino revenue measurements for Macau and Singapore:* Macau and Singapore table games are segregated into two groups, consistent with the Macau and Singapore market's convention: Rolling Chip play (all VIP players) and Non-Rolling Chip play (mostly non-VIP players). The volume measurement for Rolling Chip play is non-negotiable gaming chips wagered and lost. The volume measurement for Non-Rolling Chip play is table games drop as

previously described. Rolling Chip and Non-Rolling Chip volume measurements are not comparable as the amounts wagered and lost are substantially higher than the amounts dropped. Slot handle is the gross amount wagered for the period cited.

**Table of Contents**

We view Rolling Chip win as a percentage of Rolling Chip volume, Non-Rolling Chip win as a percentage of drop and slot hold as a percentage of slot handle. Win or hold percentage represents the percentage of Rolling Chip volume, Non-Rolling Chip drop or slot handle that is won by the casino and recorded as casino revenue. Based upon our mix of table games, our Rolling Chip win percentage (calculated before discounts and commissions) is expected to be 2.7% to 3.0% and our Non-Rolling Chip table games have produced a trailing 12-month win percentage of 26.9%, 20.3% and 32.5% at The Venetian Macao, Sands Macao and Four Seasons Macao, respectively. Our slot machines have produced a trailing 12-month hold percentage of 6.9%, 6.0% and 6.2% at The Venetian Macao, Sands Macao and Four Seasons Macao, respectively. Actual win may vary from the trailing 12-month win and hold percentages. In Macau, 25.0% of our table games play was conducted on a credit basis for the six months ended June 30, 2011. This percentage is expected to increase as we continue to extend credit to our premium players and junket operators for table games play. In Singapore, 34.4% of table games play was conducted on a credit basis for the six months ended June 30, 2011. This percentage is expected to increase as we increase the credit extended to our premium players and as our operations ramp up at Marina Bay Sands.

*Hotel revenue measurements:* Hotel occupancy rate, which is the average percentage of available hotel rooms occupied during a period, and average daily room rate, which is the average price of occupied rooms per day, are used as performance indicators. Revenue per available room represents a summary of hotel average daily room rates and occupancy. Because not all available rooms are occupied, average daily room rates are normally higher than revenue per available room. Reserved rooms where the guests do not show up for their stay and lose their deposit may be re-sold to walk-in guests. These rooms are considered to be occupied twice for statistical purposes due to obtaining the original deposit and the walk-in guest revenue. In cases where a significant number of rooms are resold, occupancy rates may be in excess of 100% and revenue per available room may be higher than the average daily room rate.

Room revenues increased \$48.9 million as compared to the three months ended June 30, 2010. The increase in room revenues was attributable to \$51.9 million from the Marina Bay Sands, partially offset by a decrease at our Las Vegas Operating Properties driven by reduced occupancy. The suites at Sands Macao are primarily provided to casino patrons on a complimentary basis. The following table summarizes the results of our room activity:

**Table of Contents**

Operating expenses were \$1.74 billion for the three months ended June 30, 2011, an increase of \$309.3 million as compared to \$1.43 billion for the three months ended June 30, 2010. The increase in operating expenses was primarily attributable to the opening of Marina Bay Sands in April 2010.

Casino expenses increased \$183.5 million as compared to the three months ended June 30, 2010. Of the increase, \$110.7 million was attributable to the Marina Bay Sands and \$60.9 million was due to the 39.0% gross win tax on increased casino revenues across all of our Macau operations.

Room, food and beverage and convention, retail and other expenses increased \$16.7 million, \$25.3 million and \$39.7 million, respectively, as compared to the three months ended June 30, 2010. The increases in room and food and beverage expenses were primarily attributable to the Marina Bay Sands and our Las Vegas Operating Properties. The increase in convention, retail and other expenses was driven by the Marina Bay Sands and our Macau operations.

The provision for doubtful accounts was \$23.5 million for the three months ended June 30, 2011, compared to \$18.7 million for the three months ended June 30, 2010. The amount of this provision can vary over short periods of time because of factors specific to the customers who owe us money from gaming activities at any given time. We believe that the amount of our provision for doubtful accounts in the future will depend upon the state of the economy, our credit standards, our risk assessments and the judgment of our employees responsible for granting credit.

General and administrative expenses increased \$50.6 million as compared to the three months ended June 30, 2010, primarily attributable to \$44.1 million at the Marina Bay Sands.

Corporate expenses increased \$16.4 million as compared to the three months ended June 30, 2010. The increase was primarily due to higher incentive compensation expenses, driven by stock-based compensation, as well as increased legal, transportation and recruitment expenses.

Pre-opening expenses were \$18.2 million for the three months ended June 30, 2011, compared to \$50.1 million for the three months ended June 30, 2010. Pre-opening expense represents personnel and other costs incurred prior to the opening of new ventures, which are expensed as incurred. Pre-opening expenses for the three months ended June 30, 2011, were primarily related to activities at Sands Cotai Central. Pre-opening expenses for the three months ended June 30, 2010, were primarily related to activities at Marina Bay Sands and costs associated with recommencing work at Sands Cotai Central.

Depreciation and amortization expense increased \$35.5 million as compared to the three months ended June 30, 2010. The increase was primarily the result of the Marina Bay Sands, which contributed \$36.2 million, partially offset by decreases at our Macau properties due to certain assets being fully depreciated.

Loss on disposal of assets was \$7.4 million for the three months ended June 30, 2011, compared to \$37.7 million for the three months ended June 30, 2010. The losses incurred for the three months ended June 30, 2011, related to the disposition of one of our majority owned subsidiaries as well as the disposition of construction materials in Macau. The losses incurred for the three months ended June 30, 2010 were due to the disposition of construction materials in Macau and Las Vegas.

**Adjusted Property EBITDA**

Adjusted property EBITDA is used by management as the primary measure of the operating performance of our segments. Adjusted property EBITDA is net income before stock-based compensation expense, corporate expense, rental expense, pre-opening expense, development expense, depreciation and amortization, loss on disposal of assets, interest, other income (expense), gain on early retirement of debt and income taxes. The following table summarizes information related to our segments (see Item 1 Financial Statements Notes to Condensed Consolidated Financial Statements Note 10 Segment Information for discussion of our operating segments and a reconciliation of adjusted property EBITDA to net income):

Adjusted property EBITDA at our Macau properties increased \$81.4 million as compared to the three months ended June 30, 2010, led by an increase of \$65.5 million at The Venetian Macao. As previously described, the increase across the properties was primarily attributable to an increase in net revenues of \$163.9 million, partially offset by an increase of \$60.9 million in gross win tax on increased casino revenues.

Adjusted property EBITDA at our Las Vegas Operating Properties increased \$26.9 million as compared to the three months ended June 30, 2010. As previously described, the increase was primarily attributable to an increase in net revenues of \$29.2 million (excluding intersegment royalty revenue), partially offset by increases in the associated operating expenses as a result of higher revenues.

Adjusted property EBITDA at Sands Bethlehem increased \$8.9 million as compared to the three months ended June 30, 2010. The increase was driven by the commencement of table games operations in July 2010.

Adjusted property EBITDA at Marina Bay Sands, which opened in April 2010, does not have a comparable prior-year period as the property was only open for 65 days in the three months ended June 30, 2010.

**Interest Expense**

The following table summarizes information related to interest expense on long-term debt:

|   | <b>Three Months Ended June 30,</b> |               |
|---|------------------------------------|---------------|
|   | <b>2011</b>                        | <b>2010</b>   |

| Weighted average interest rate  | 4.0%                               | 3.7%          |

Interest cost increased \$2.7 million as compared to the three months ended June 30, 2010, resulting from an increase in our weighted average interest rate, partially offset by a decrease in our weighted average debt balances. Capitalized interest increased \$9.1 million as compared to the three months ended June 30, 2010, primarily due to the recommencement of activities at Sands Cotai Central in Macau and the increase in the weighted average interest rate.

**Other Factors Affecting Earnings**

Other income was \$1.9 million for the three months ended June 30, 2011, as compared to other expense of \$6.2 million for the three months ended June 30, 2010. The other income and expense amounts in both periods were primarily attributable to foreign exchange gains and losses, principally in Macau.

Our effective income tax rate was 10.0% for the three months ended June 30, 2011, as compared to 9.3% for the three months ended June 30, 2010. The effective income tax rate for the three months ended June 30, 2011, reflects a 17% statutory tax rate on our Singapore operations; a zero percent tax rate from our Macau gaming operations due to our income tax exemption in Macau, which is set to expire in 2013; and non-realizable deferred tax assets in the U.S. and certain foreign jurisdictions, which unfavorably impacted our effective income tax rate. Management does not anticipate recording an income tax benefit related to deferred tax assets generated by operations in the U.S. and certain foreign jurisdictions; however, to the extent that the financial results of these operations improve and it becomes more likely than not that these deferred tax assets are realizable, we will reduce the valuation allowances in the period such determination is made.

**Table of Contents**

The net income attributable to our noncontrolling interests was \$78.5 million for the three months ended June 30, 2011, as compared to \$36.7 million for the three months ended June 30, 2010, and was primarily attributable to the noncontrolling interest of SCL for both periods.

Consolidated net revenues were \$4.46 billion for the six months ended June 30, 2011, an increase of \$1.53 billion as compared to \$2.93 billion for the six months ended June 30, 2010. The increase in net revenues was driven by a \$1.11 billion increase at Marina Bay Sands, which opened in April 2010, as well as increases at our Macau and Sands Bethlehem operations.

Casino revenues increased \$1.17 billion as compared to the six months ended June 30, 2010. Of the increase, \$868.2 million was attributable to Marina Bay Sands, as well as a \$321.6 million increase at our Macau operations driven primarily by an increase in Rolling Chip volume and Non-Rolling Chip drop at The Venetian Macao and Sands Macao. The increase was partially offset by our Las Vegas Operating Properties driven by decreases in win percentage, drop and handle. The following table summarizes the results of our casino activity:

In our experience, average win percentages remain steady when measured over extended periods of time, but can vary considerably within shorter time periods as a result of the statistical variances that are associated with games of chance in which large amounts are wagered.

Room revenues increased \$100.1 million as compared to the six months ended June 30, 2010. The increase in room revenues was attributable to \$107.8 million from the Marina Bay Sands, partially offset by a decrease at our Las Vegas Operating Properties driven by reduced occupancy. The suites at Sands Macao are primarily provided to casino patrons on a complimentary basis. The following table summarizes the results of our room activity:

| Total operating expenses        | \$ 3,362,966                     | \$ 2,620,769 | 28.3%                 |

Operating expenses were \$3.36 billion for the six months ended June 30, 2011, an increase of \$742.2 million as compared to \$2.62 billion for the six months ended June 30, 2010. The increase in operating expenses was primarily attributable to the opening of Marina Bay Sands in April 2010.

Casino expenses increased \$410.4 million as compared to the six months ended June 30, 2010. Of the increase, \$269.7 million was attributable to the Marina Bay Sands and \$141.5 million was due to the 39.0% gross win tax on increased casino revenues across all of our Macau operations.

**Table of Contents**

Room, food and beverage and convention, retail and other expenses increased \$35.5 million, \$52.7 million and \$68.5 million, respectively, as compared to the six months ended June, 2010. The increases in room and food and beverage expenses were primarily attributable to the Marina Bay Sands and our Las Vegas Operating Properties. The increase in convention, retail and other expenses was driven by the Marina Bay Sands and our Macau operations.

The provision for doubtful accounts was \$58.6 million for the six months ended June 30, 2011, compared to \$35.2 million for the six months ended June 30, 2010. The increase was attributable to \$31.0 million in provisions at the Marina Bay Sands. The amount of this provision can vary over short periods of time because of factors specific to the customers who owe us money from gaming activities at any given time. We believe that the amount of our provision for doubtful accounts in the future will depend upon the state of the economy, our credit standards, our risk assessments and the judgment of our employees responsible for granting credit.

General and administrative expenses increased \$134.9 million as compared to the six months ended June 30, 2010, primarily attributable to a \$122.3 million increase at the Marina Bay Sands.

Corporate expenses increased \$30.5 million as compared to the six months ended June 30, 2010. The increase was primarily due to higher incentive compensation expenses, driven by stock-based compensation, as well as increased legal, transportation and recruitment expenses.

Pre-opening expenses were \$27.6 million for the six months ended June 30, 2011, compared to \$87.6 million for the three months ended June 30, 2010. Pre-opening expense represents personnel and other costs incurred prior to the opening of new ventures, which are expensed as incurred. Pre-opening expenses for the six months ended June 30, 2011, were primarily related to activities at Sands Cotai Central. Pre-opening expenses for the six months ended June 30, 2010, were primarily related to activities at Marina Bay Sands and costs associated with recommencing work at Sands Cotai Central.

Depreciation and amortization expense increased \$72.6 million as compared to the six months ended June 30, 2010. The increase was primarily the result of the opening of Marina Bay Sands, which contributed \$91.1 million, partially offset by decreases at our Macau properties due to certain assets being fully depreciated.

Loss on disposal of assets was \$7.9 million for the six months ended June 30, 2011, compared to \$38.2 million for the six months ended June 30, 2010. The losses incurred for the three months ended June 30, 2011, related to the disposition of one of our majority owned subsidiaries as well as the disposition of construction materials in Macau. The losses incurred during the six months ended June 30, 2010 were due to the disposition of construction materials in Macau and Las Vegas.

**Adjusted Property EBITDA**

Adjusted property EBITDA is used by management as the primary measure of the operating performance of our segments. Adjusted property EBITDA is net income before stock-based compensation expense, corporate expense, rental expense, pre-opening expense, development expense, depreciation and amortization, loss on disposal of assets, interest, other expense, gain on early retirement of debt and income taxes. The following table summarizes information related to our segments (see Item 1 Financial Statements Notes to Condensed Consolidated Financial Statements Note 10 Segment Information for discussion of our operating segments and a reconciliation of adjusted property EBITDA to net income):

**Table of Contents**

Adjusted property EBITDA at our Macau properties increased \$200.7 million as compared to the six months ended June 30, 2010, led by an increase of \$124.0 million at The Venetian Macao. As previously described, the increase across the properties was primarily attributable to an increase in net revenues of \$370.8 million, partially offset by an increase of \$141.5 million in gross win tax on increased casino revenues.

Adjusted property EBITDA at our Las Vegas Operating Properties decreased \$13.2 million as compared to the six months ended June 30, 2010. As previously described, the decrease was primarily attributable to a decrease in net revenues of \$15.0 million (excluding intersegment royalty revenue), partially offset by decreases in the associated expenses as result of lower revenues, and increases in food and beverage and convention, retail and other revenues and the associated expenses.

Adjusted property EBITDA at Sands Bethlehem increased \$20.1 million as compared to the six months ended June 30, 2010. The increase was driven by the commencement of table games operations in July 2010.

Adjusted property EBITDA at Marina Bay Sands, which opened in April 2010, does not have a comparable prior-year period as the property was only open for 65 days in the six months ended June 30, 2010.

**Interest Expense**

The following table summarizes information related to interest expense on long-term debt:

|   | <b>Six Months Ended June 30,</b> |               |
|---|----------------------------------|---------------|
|   | <b>2011</b>                      | <b>2010</b>   |
|   | <b>(Dollars in thousands)</b>    |               |
| Interest cost (which includes the amortization of deferred financing costs and original issue discount) | \$ 206,544                       | \$ 197,475    |
| Less capitalized interest   | (62,367)                         | (42,323)      |
| Interest expense, net   | \$ 144,177                       | \$ 155,152    |
| Cash paid for interest  | \$ 211,412                       | \$ 177,302    |
| Weighted average total debt balance   | \$ 10,159,675                    | \$ 10,907,822 |
| Weighted average interest rate  | 4.1%                             | 3.6%          |

Interest cost increased \$9.1 million as compared to the six months ended June 30, 2010, resulting from an increase in our weighted average interest rate, partially offset by a decrease in our weighted average debt balances. Capitalized interest increased \$20.0 million as compared to the six months ended June 30, 2010, primarily due to the recommencement of activities at Sands Cotai Central in Macau and the increase in the weighted average interest rate.

**Other Factors Effecting Earnings**

Other expense was \$2.8 million for the six months ended June 30, 2011, which was primarily attributable to the decrease in value of our interest rate caps. Other expense was \$12.6 million for the six months ended June 30, 2010, which was primarily attributable to foreign exchange losses, principally in Macau.

Our effective income tax rate was 10.4% for the six months ended June 30, 2011, as compared to 14.4% for the six months ended June 30, 2010. The decrease in the effective tax rate was primarily due to the commencement of operations at Marina Bay Sands in April 2010. The effective income tax rate for the six months ended June 30, 2011, reflects a 17% statutory tax rate on our Singapore operations; a zero percent tax rate from our Macau gaming operations due to our income tax exemption in Macau, which is set to expire in 2013; and non-realizable deferred tax assets in the U.S. and certain foreign jurisdictions, which unfavorably impacted our effective income tax rate. Management does not anticipate recording an income tax benefit related to deferred tax assets generated by operations in the U.S. and certain foreign jurisdictions; however, to the extent that the financial results of these operations improve and it becomes more likely than not that these deferred tax assets are realizable, we will reduce the valuation allowances in the period such determination is made.

**Table of Contents**

The net income attributable to our noncontrolling interests was \$153.6 million for the six months ended June 30, 2011, as compared to \$67.0 million for the six months ended June 30, 2010, and was primarily attributable to the noncontrolling interest of SCL for both periods.

**Cash Flows Operating Activities**

Table games play at our properties is conducted on a cash and credit basis. Slot machine play is primarily conducted on a cash basis. The retail hotel rooms business is generally conducted on a cash basis, the group hotel rooms business is conducted on a cash and credit basis, and banquet business is conducted primarily on a credit basis resulting in operating cash flows being generally affected by changes in operating income and accounts receivable. Net cash generated from operating activities for the six months ended June 30, 2011, increased \$443.6 million as compared to the six months ended June 30, 2010. The increase was primarily attributable to the increase in our operating income during the six months ended June 30, 2011, as previously described, partially offset by unfavorable changes in our working capital, driven by decreases in other accrued liabilities.

**Cash Flows Investing Activities**

Capital expenditures for the six months ended June 30, 2011, totaled \$720.7 million, including \$356.5 million for construction and development activities in Macau (primarily for our Cotai Strip developments), \$304.3 million for construction activities in Singapore, \$36.0 million for construction activities at Sands Bethlehem; and \$23.9 million at our Las Vegas Operating Properties and for corporate and other activities.

**Table of Contents*****Cash Flows Financing Activities***

Net cash flows used in financing activities were \$305.0 million for the six months ended June 30, 2011, which was primarily attributable to the repayments of \$198.9 million under our Singapore credit facility and \$25.0 million under our VML Credit Facility, and payments of \$38.8 million for preferred stock dividends and \$16.5 million to induce the exercise of warrants with settlement through tendering of preferred stock.

As of June 30, 2011, we had \$1.76 billion available for borrowing under our U.S., Macau and Singapore credit facilities, net of letters of credit, outstanding bankers' guarantees and undrawn amounts committed to be funded by Lehman Brothers-related subsidiaries.

***Development Financing Strategy***

Through June 30, 2011, we have funded our development projects primarily through borrowings under our U.S., Macau and Singapore credit facilities, operating cash flows, proceeds from our equity offerings and proceeds from the disposition of non-core assets.

The U.S. credit facility, as amended in August 2010, requires our Las Vegas operations to comply with certain financial covenants at the end of each quarter, including maintaining a maximum leverage ratio of net debt, as defined, to trailing twelve-month adjusted earnings before interest, income taxes, depreciation and amortization, as defined ( Adjusted EBITDA ). The maximum leverage ratio is 6.5x for the quarter ended June 30, 2011, decreases to 6.0x for the quarterly periods ended September 30 and December 31, 2011, decreases to 5.5x for the quarterly periods ended March 31 and June 30, 2012, and then decreases to 5.0x for all quarterly periods thereafter through maturity. One of our Macau credit facilities, the VML credit facility, as amended in August 2009, requires certain of our Macau operations to comply with similar financial covenants, including maintaining a maximum leverage ratio of debt to Adjusted EBITDA. The maximum leverage ratio is 3.0x for all quarterly periods through maturity. We can elect to contribute up to \$50 million and \$20 million of cash on hand to our Las Vegas and relevant Macau operations, respectively, on a bi-quarterly basis; such contributions having the effect of increasing Adjusted EBITDA by the corresponding amount during the applicable quarter for purposes of calculating compliance with the maximum leverage ratio (the EBITDA true-up ). The Singapore credit facility requires operations of Marina Bay Sands to comply with similar financial covenants commencing with the quarterly period ending September 30, 2011, including maintaining a maximum leverage ratio of debt to Adjusted EBITDA. The maximum leverage ratio is 5.5x for the quarterly period ending September 30, 2011, and then decreases by 0.25x every other quarter until it decreases to, and remains at, 3.75x for all quarterly periods thereafter through maturity (commencing with the quarterly period ending September 30, 2014). If we are unable to maintain compliance with the financial covenants under these credit facilities, it would be in default under the respective credit facilities. A default under the U.S. credit facility would trigger a cross-default under our airplane financings, which, if the respective lenders chose to accelerate the indebtedness outstanding under these agreements, would result in a default under our senior notes. A default under the VML credit facility would trigger a cross-default under our ferry financing. Any defaults or cross-defaults under these agreements would allow the lenders, in each case, to exercise their rights and remedies as defined under their respective agreements. If the lenders were to exercise their rights to accelerate the due dates of the indebtedness outstanding, there can be no assurance that we would be able to repay or refinance any amounts that may become due and payable under such agreements, which could force us to restructure or alter its operations or debt obligations.

In 2008, we completed a \$475.0 million convertible senior notes offering and a \$2.1 billion common and preferred stock and warrants offering. In 2009, we completed a \$600.0 million exchangeable bond offering and our \$2.5 billion SCL Offering. A portion of the proceeds from these offerings was used in the U.S. to pay down \$775.9 million under the revolving portion of the U.S. credit facility in March 2010 and \$1.0 billion under the term loan portions of the U.S. credit facility in August 2010, and to exercise the EBITDA true-up provision during the quarterly periods ended September 30, 2010 and March 31, 2011. As of June 30, 2011, our U.S. and VML leverage ratios were 4.6x and 1.4x, respectively, compared to the maximum leverage ratios allowed of 6.5x and 3.0x, respectively.

We held unrestricted and restricted cash and cash equivalents of approximately \$3.48 billion and \$443.8 million, respectively, as of June 30, 2011, of which approximately \$2.0 billion of the unrestricted amount is held by non-US subsidiaries. Of the \$2.0 billion, approximately \$1.15 billion is available to be repatriated to the U.S. with virtually no tax consequences due to the Company's significant foreign taxes paid, which would ultimately generate foreign tax

credits if cash is repatriated. The remaining unrestricted amounts are not available for repatriation due to bank compliance requirements or dividend requirements to third party public shareholders in the case of funds being repatriated from SCL. We believe the cash on hand, cash flow generated from operations and available borrowings under our credit facilities will be sufficient to fund our developments currently under construction and maintain compliance with the financial covenants of our U.S., Macau and Singapore credit facilities. In the normal course of our activities, we will continue to evaluate our capital structure and opportunities for enhancements thereof. We have recommenced construction activities at Sands Cotai Central using proceeds from the \$1.75 billion VOL credit facility together with \$500.0 million of proceeds from the SCL Offering.

## **Table of Contents**

We are currently in the process of refinancing our Macau credit facilities. We have received lender commitments for \$3.7 billion and will have the option to raise incremental senior secured and unsecured debt under existing baskets within the new credit facility. The new credit facility, once entered into, is expected to significantly reduce our interest expense, extend our Macau debt maturities to 2016, enhance our financial flexibility and further strengthen our financial position. Proceeds from the new Macau senior secured credit facility coupled with cash on hand will be used to retire the outstanding balances and commitments on the existing VML and VOL credit facilities as well as fund the completion of construction of the first two phases of Sands Cotai Central in Macau. The refinancing is subject to final loan documentation as well as certain Macao Government approvals. The refinancing is expected to close in late 2011 and we anticipate recording a loss on modification or extinguishment of debt in conjunction with the refinancing. Additionally, on November 15, 2011, the Company intends to redeem its outstanding preferred stock at \$110 per share. Based on the number of preferred shares outstanding as of June 30, 2011, the total redemption amount would be approximately \$842 million.

### **Aggregate Indebtedness and Other Known Contractual Obligations**

As of June 30, 2011, there had been no material changes to our aggregated indebtedness and other known contractual obligations, which are set forth in the table included in our Annual Report on Form 10-K for the year ended December 31, 2010.

### **Restrictions on Distributions**

We are a parent company with limited business operations. Our main asset is the stock and membership interests of our subsidiaries. The debt instruments of our U.S., Macau and Singapore subsidiaries contain certain restrictions that, among other things, limit the ability of certain subsidiaries to incur additional indebtedness, issue disqualified stock or equity interests, pay dividends or make other distributions, repurchase equity interests or certain indebtedness, create certain liens, enter into certain transactions with affiliates, enter into certain mergers or consolidations or sell our assets of our company without prior approval of the lenders or noteholders.

### **Inflation**

We believe that inflation and changing prices have not had a material impact on our sales, revenues or income from continuing operations during the past year.

### **Special Note Regarding Forward-Looking Statements**

This report contains forward-looking statements that are made pursuant to the Safe Harbor Provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements include the discussions of our business strategies and expectations concerning future operations, margins, profitability, liquidity and capital resources. In addition, in certain portions included in this report, the words: anticipates, believes, estimates, seeks, expects, intends and similar expressions, as they relate to our company or management, are intended to identify forward-looking statements. Although we believe that these forward-looking statements are reasonable, we cannot assure you that any forward-looking statements will prove to be correct. These forward-looking statements involve known and unknown risks, uncertainties and other factors, which may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by these forward-looking statements. These factors include, among others, the risks associated with:

- our substantial leverage, debt service and debt covenant compliance (including sensitivity to fluctuations in interest rates, as a significant portion of our debt is variable-rate debt, and other capital markets trends);
- disruptions in the global financing markets and our ability to obtain sufficient funding for our current and future developments, including our Cotai Strip, Singapore, Pennsylvania and Las Vegas developments;
- general economic and business conditions which may impact levels of disposable income, consumer spending, group meeting business, pricing of hotel rooms and retail and mall sales;
- increased competition for labor and materials due to other planned construction projects in Macau;

the completion of infrastructure projects in Macau and Singapore; and

the outcome of any ongoing and future litigation.

All future written and verbal forward-looking statements attributable to us or any person acting on our behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. New risks and uncertainties arise from time to time, and it is impossible for us to predict these events or how they may affect us. Readers are cautioned not to place undue reliance on these forward-looking statements. We assume no obligation to update any forward-looking statements after the date of this report as a result of new information, future events or developments, except as required by federal securities laws.

**ITEM 3 *QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK***

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates and commodity prices. Our primary exposure to market risk is interest rate risk associated with our variable rate long-term debt, which we attempt to manage through the use of interest rate cap agreements. We do not hold or issue financial instruments for trading purposes and do not enter into derivative transactions that would be considered speculative positions. Our derivative financial instruments consist exclusively of interest rate cap agreements, which do not qualify for hedge accounting. Interest differentials resulting from these agreements are recorded on an accrual basis as an adjustment to interest expense.

To manage exposure to counterparty credit risk in interest rate cap agreements, we enter into agreements with highly rated institutions that can be expected to fully perform under the terms of such agreements. Frequently, these institutions are also members of the bank group providing our credit facilities, which management believes further minimizes the risk of nonperformance.

**Table of Contents**

The table below provides information about our financial instruments that are sensitive to changes in interest rates. For debt obligations, the table presents notional amounts and weighted average interest rates by contractual maturity dates. Notional amounts are used to calculate the contractual payments to be exchanged under the contract. Weighted average variable rates are based on June 30, 2011, LIBOR, HIBOR and SOR plus the applicable interest rate spread in accordance with the respective debt agreements. The information is presented in U.S. dollar equivalents, which is the Company's reporting currency, for the years ending June 30:

(1) The estimated fair values are based on quoted market prices, if available, or by pricing models based on the value of related cash flows discounted at current market interest rates.

(2) Based upon contractual interest rates for fixed rate indebtedness or current LIBOR, HIBOR and SOR for variable-rate indebtedness. Based on variable-rate debt levels as of June 30, 2011, an assumed 100 basis point change in LIBOR, HIBOR and SOR would cause our annual interest cost to change approximately \$95.1 million.

(3) As of June 30, 2011, we have 38 interest rate cap agreements with an aggregate fair value of approximately \$1.3 million based on quoted market values from the institutions holding the agreements.

Borrowings under the U.S. credit facility, as amended, bear interest, at our election, at either an adjusted Eurodollar rate or at an alternative base rate plus a credit spread. The portions of the revolving facility and term loans that were not extended bear interest at the alternative base rate plus 0.25% per annum or 0.5% per annum, respectively, or at the adjusted Eurodollar rate plus 1.25% per annum or 1.5% per annum, respectively. The extended revolving facility and extended term loans bear interest at the alternative base rate plus 1.0% per annum or 1.5% per annum, respectively, or at the adjusted Eurodollar rate plus 2.0% per annum or 2.5% per annum, respectively. Applicable spreads under the U.S. credit facility are subject to downward adjustments based upon our credit rating. Borrowings under the VML credit facility, as amended, bear interest, at our election, at either an adjusted Eurodollar rate (or in the case of the local term loan, adjusted HIBOR) plus 4.5% per annum or at an alternative base rate plus 3.5% per annum. Applicable spreads under the VML revolving facility are subject to a downward adjustment if certain consolidated leverage ratios are satisfied. Borrowings under the VOL credit facility bear interest at either the adjusted Eurodollar rate or an alternative base rate (in the case of U.S. dollar denominated loans or HIBOR, in the case of Hong Kong dollar and Macau pataca denominated loans), as applicable, plus a spread of 4.5% per annum. Borrowings under the Singapore credit facility bear interest at SOR plus a spread of 2.25% per annum. Borrowings under the airplane financings bear interest at LIBOR plus approximately 1.5% per annum. Borrowings under the ferry financing, as amended, bear interest at HIBOR plus 2.5% per annum.

Foreign currency transaction losses for the six months ended June 30, 2011, were \$0.4 million. We may be vulnerable to changes in the U.S. dollar/pataca exchange rate. Based on balances as of June 30, 2011, an assumed 1% change in the U.S. dollar/pataca exchange rate would cause a foreign currency transaction gain/loss of approximately \$16.0 million. We do not hedge our exposure to foreign currencies; however, we maintain a significant amount of our operating funds in the same currencies in which we have obligations thereby reducing our exposure to currency fluctuations.

**ITEM 4 CONTROLS AND PROCEDURES**

**Evaluation of Disclosure Controls and Procedures**

Disclosure controls and procedures are designed to ensure that information required to be disclosed in the reports that the Company files or submits under the Securities Exchange Act of 1934 is recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and that such information is accumulated and communicated to the Company's management, including its principal executive officer and principal financial officer, as appropriate, to allow for timely decisions regarding required disclosure. The Company's Chief Executive Officer and its Chief Financial Officer have evaluated the disclosure controls and procedures (as defined in the Securities Exchange Act of 1934 Rules 13a-15(e) and 15d-15(e)) of the Company as of June 30, 2011, and have concluded that they are effective at the reasonable assurance level.

It should be noted that any system of controls, however well designed and operated, can provide only reasonable, and not absolute, assurance that the objectives of the system are met. In addition, the design of any control system is based in part upon certain assumptions about the likelihood of future events. Because of these and other inherent limitations of control systems, there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions, regardless of how remote.

**Changes in Internal Control over Financial Reporting**

There were no changes in the Company's internal control over financial reporting that occurred during the fiscal quarter covered by this Quarterly Report on Form 10-Q that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.
