M.B.A. HOLDINGS, INC. AND SUBSIDIARY

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)
SIX MONTHS ENDED APRIL 30, 2003 AND 2002

1. BASIS OF PRESENTATION

In accordance with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X, the accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information. Accordingly, not all of the information and notes required by generally accepted accounting principles for complete financial statements are included. The unaudited interim financial statements furnished herein reflect all adjustments (which include only normal, recurring adjustments), in the opinion of management, necessary for a fair statement of the results for the interim periods presented. Operating results for the six months ended April 30, 2003 may not be indicative of the results that may be expected for the year ending October 31, 2003. For further information, please refer to the consolidated financial statements and notes thereto included in the Company's Form 10-K for the year ended October 31, 2002.

2. NET LOSS PER SHARE

Net loss per share is calculated in accordance with SFAS No. 128, EARNINGS PER SHARE that requires dual presentation of BASIC and DILUTED EPS on the face of the statements of loss and requires a reconciliation of the numerator and denominator of basic and diluted EPS calculations. Basic loss per common share is computed on the weighted average number of shares of common stock outstanding during each period. Loss per common share assuming dilution is computed on the weighted average number of shares of common stock outstanding plus additional shares representing the exercise of outstanding common stock options using the treasury stock method. As the company has a net loss for the six months ended April 30, 2003 and 2002, the average number of outstanding shares for basic and dilutive net loss per share is 1,980,187.

3. OTHER COMPREHENSIVE GAIN (LOSS)

Other comprehensive gain for the three months ended April 30, 2003 and 2002 resulted from unrealized gains of \$851 and \$735 respectively on available-for-sale investments. During the six months ended April 30, 2003 and 2002, there were \$877 and \$571 of unrealized gains on available-for-sale investments.

4. INVESTMENTS

All of the Company's investments are classified as available-for-sale and are stated at estimated fair value determined by the quoted market price.

5. INCOME TAXES

Provision for income taxes and related income tax receivable in the periods ended April 30, 2003 and 2002 reflect the Company's intent to carry back the current year losses to recover federal income taxes paid in previous years.

Edgar Filing: M B A HOLDINGS INC - Form 10-Q

Similar provisions for recoverable state income taxes were not provided, as Arizona law does not allow for loss carry back.

Deferred income taxes are recorded based on differences between the financial statement and tax basis of assets and liabilities based on income tax rates currently in effect.

6. RELATED PARTY TRANSACTIONS

The Company leases its office space from Cactus Partnership. The managing partner of Cactus Partnership is Gaylen Brotherson, the Chief Executive Officer. Rent expense for this office space was \$85,452 and \$62,177 for the three months ended April 30, 2003 and 2002 and \$152,443.13 and \$124,761 for the six months ended April 30, 2003 and 2002, respectively. The current lease expires on December 31, 2003.

6

On February 13, 2002, Gaylen Brotherson, the Chief Executive Officer, loaned the Company \$73,398 and on October 31, 2002 loaned an additional \$30,000. During the 2nd quarter of 2003, the Company repaid \$22,067 of those loans. The loans mature on the anniversary date of the separate notes and the bear interest at a rate of 6%.

7. TREASURY STOCK

As of April 30, 2003 and 2002, the Company holds 31,600 shares of its common stock in the Treasury. These shares were purchased for the purpose of retirement and bonuses to employees. Management will explore additional uses of the stock.

8. COMMITMENTS AND CONTINGENCIES

The Company is subject to claims and lawsuits that arise in the ordinary course of business, consisting principally of alleged errors and omissions in connection with the sale of insurance and personnel matters and of disputes over outstanding accounts. The Company is currently involved in a dispute with one of its associated insurance companies over alleged wrongdoing, an alleged breach of its Administrative Agreement and over reimbursement for claims and cancellation expenditures. The Company maintains a \$40,000 reserve for claims arising in the ordinary course of business and believes that this reserve is sufficient to cover the costs of such claims. On the basis of information presently available, management does not believe the settlement of any such claims or lawsuits will have a material adverse effect on the financial position, results of operations or cash flows of the Company.

The Company has available a \$200,000 working capital line of credit which was renewed on April 30, 2003 and expires on August 31, 2003. Borrowings under the line of credit bear interest at a variable rate per annum equal to the sum of 3.15 % plus the thirty day dealer commercial paper rate, as published in The Wall Street Journal and are secured by the Company's investments. There were no borrowings outstanding at April 30, 2003.

9. NEW ACCOUNTING PRONOUNCEMENTS

In December 2002, the FASB issued Statement of Financial Accounting Standards No. 148, "ACCOUNTING FOR STOCK-BASED COMPENSATION - TRANSITION AND DISCLOSURE" (SFAS 148). SFAS 148 amends the transition provisions of FASB No. 123, "ACCOUNTING FOR STOCK-BASED COMPENSATION" ("SFAS 123"), for entities that voluntarily change to the fair value method of accounting for stock-based compensation. SFAS 148 also amends the disclosure provisions of SFAS 123 to require prominent disclosure about the effects on reported net income of an entity's accounting policy decision with respect to stock-based employee

Edgar Filing: M B A HOLDINGS INC - Form 10-Q

compensation and amends APB Opinion No. 28, "INTERIM FINANCIAL REPORTING" ("APB 28") to require disclosure about such effects in interim financial information. The amendments to APB 28 for interim disclosure of pro forma results are effective for interim periods beginning after December 15, 2002, which for the Company is the three months ended April 30, 2003. The adoption had no significant impact on the Company's financial position or results of operations.

In January 2003, the FASB issued Interpretation No. 46, "CONSOLIDATION OF VARIABLE INTEREST ENTITIES" (FIN 46) which requires the consolidation of variable interest entities, as defined. FIN 46 is applicable to financial statements to be issued by the Company after 2002; however, disclosures are required currently if the Company expects to consolidate any variable interest entities. The Company does not currently believe that any material entities will be consolidated with the Company as a result of FIN 46.

10. RECLASSIFICATIONS

Certain prior period amounts have been reclassified to conform to the current period presentation.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with the financial statements and footnotes that appear elsewhere in this report.

7

FORWARD-LOOKING STATEMENTS:

This report on Form 10-Q contains forward-looking statements. Additional written or oral forward-looking statements may be made by us from time to time in filings with the Securities and Exchange Commission or otherwise. The words "believe," "expect," "anticipate," and "project," and similar expressions identify forward-looking statements, which speak only as of the date the statement was made. Such forward-looking statements are within the meaning of that term in section 27A of the Securities and Exchange Act of 1934, as amended. Such statements may include, but not be limited to, projections of revenues, income or loss, capital expenditures, plans for future operations, financing needs or plans, the impact of inflation, and plans relating to our products or services, as well as assumptions relating to the foregoing. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise.

Forward-looking statements are inherently subject to risks and uncertainties, some of which cannot be predicted or quantified. Future events and actual results could differ materially from those set forth in, contemplated by, or underlying the forward-looking statements. Statements in this Report, including the Notes to Condensed Consolidated Financial Statements (Unaudited) and "Management's Discussion and Analysis of Financial Condition and Results of Operations," describe factors, among others, that could contribute to or cause such differences.

CRITICAL ACCOUNTING POLICIES

The Company has prepared the accompanying unaudited condensed financial statements in conformity with accounting principles generally accepted in the United States for interim financial information. The preparation of the financial statements requires the use of judgement and estimates that affect the reported amounts of revenues, expenses, assets and liabilities. The Company has adopted accounting policies and practices that are generally accepted in the industry in which it operates. The Company believes the following are its most

Edgar Filing: M B A HOLDINGS INC - Form 10-Q

critical accounting policies that affect significant areas and involve management's judgment and estimates. If these estimates differ significantly from actual results, the impact to the consolidated financial statements may be material.

Revenue Recognition

The Company receives a single commission for the sale of each mechanical breakdown insurance policy ("MBI") that compensates it both for the effort in selling the policy, and for providing administrative claims services as required. The Company has no direct liability for claims losses on MBI. It acts as the issuing insurance company's agent in these transactions. The Company apportions the commissions received in a manner that it believes is proportionate to the values of the services provided. The revenues relating to policy sales are recorded in income when the policy information is received and approved by the Company. The revenues related to providing administrative claims services are deferred and recognized in income on a straight-line basis over the actual life of the policy.

A vehicle service contract ("VSC") is a contract for certain defined services between the Company and the purchaser. The Company reinsures its obligations by obtaining an insurance policy that guarantees its obligations under the contract. In accordance with Financial Accounting Standards Board Technical Bulletin 90-1, "ACCOUNTING FOR SEPARATELY PRICED EXTENDED WARRANTY AND PRODUCT MAINTENANCE CONTRACTS", revenues and costs associated with the sales of these contracts are deferred and recognized in income on a straight-line basis over the actual life of the contracts.

Income Taxes

Deferred income tax is recorded based upon differences between the financial statement and tax basis of assets and liabilities using income tax rates currently in effect.

Provision for recoverable income taxes and related income tax receivable in the year ended October 31, 2002 reflect the Company's intent to carry back the current year losses to recover federal income taxes paid in previous years. Arizona law does not provide for the carry back of losses and therefore provisions for recoverable state income taxes have not been provided.

8

RESULTS OF OPERATIONS

COMPARISON OF THREE MONTHS ENDED APRIL 30, 2003 AND 2002

NET REVENUES

Net revenues for the fiscal quarter ended April 30, 2003 totaled \$1,421,000, a slight increase of \$8,000 over the comparable quarter in 2002. The variation occurred because of a slight change in the pricing mix of the products sold during the periods.

OPERATING EXPENSES

Operating costs decreased to \$1,743,000 in the quarter ended April 30, 2003 down \$13,000 from the \$1,756,000 expended in the quarter ended April 30, 2002. The decrease is the result of a continuation of the Company's actions to curtail expenses wherever possible and a slight change in the cost of the mix of products sold.

OTHER INCOME (EXPENSE)

Edgar Filing: M B A HOLDINGS INC - Form 10-Q

Total other income rose in the quarter ended April 30, 2003 by approximately \$9,000 over the comparable 2002 quarter. The 2003 quarter included the receipt of the 2% fee that was negotiated as a part of the service termination agreement with two insurance companies in July 2002. The comparable 2002 quarter included the receipt of the proceeds from the sale of surplus equipment and the reimbursement of certain web development costs by an associated insurance company.

INCOME TAXES

Provision for income taxes in the quarter ended April 30, 2003 was recorded in the recognizing the Company's intent to carry back the current year losses to recover federal income taxes paid in prior years to the extent that such carrybacks remain available. Offsetting these credits were charges arising from changes in the temporary differences created by the fluctuation in the deferred revenue and deferred cost balances. Similar provisions for recoverable state income taxes were not recorded, as Arizona law does not allow for loss carryback.

COMPARISON OF THE SIX MONTHS ENDED APRIL 30, 2003 AND 2002

NET REVENUES

The downward trend in revenues that has been noted in prior periods continued in the six months ended April 30, 2003 with net revenues down \$419,000 from the comparable six months in 2002. The number of contracts and policies sold continues to decline as a result of continuing competitive pressure from the vehicle manufacturers.

OPERATING EXPENSES

Operating costs decreased to \$3,447,000 in the six months ended April 30, 2003 down \$395,000 from the \$3,842,000 expended in the six months ended April 30, 2002. The decrease is the result of staff reductions and expense curtailments that have been instituted to protect the Company during this extended sales downturn.

OTHER INCOME (EXPENSE)

Other income (expense) rose in the six months ended April 30, 2003 by approximately \$10,000 over the comparable 2002 period. As explained above, the six months in 2003 contained the receipt of the 2% fee that was negotiated as a part of the service termination agreement with two insurance companies in July 2002. The comparable 2002 half year contained the receipt of the proceeds from

9

the sale of surplus equipment and the reimbursement of certain web development costs by an associated insurance company.

INCOME TAXES

Provision for income taxes in the six months ended April 30, 2003 were recorded in recognition of the Company's intent to carry back the current year losses to recover federal income taxes paid in prior years to the extent that such carrybacks remain available. Offsetting these credits were charges arising from changes in the temporary differences created by the fluctuation in the deferred revenue and deferred cost balances. Similar provisions for recoverable state income taxes were not recorded, as Arizona law does not allow for loss carryback.

Edgar Filing: M B A HOLDINGS INC - Form 10-Q

LIQUIDITY AND CAPITAL RESOURCES

COMPARISON OF APRIL 30, 2003 AND OCTOBER 31, 2002

Working capital at April 30, 2003 consisted of current assets of \$5,582,000 and current liabilities of \$6,309,000, or a current ratio of 0.88 : 1. At October 31, 2002 the working capital ratio was 0.98 : 1 with current assets of \$6,175,000 and current liabilities of \$6,325,000. The decline occurred primarily because the Company has received substantially all of the prior period income taxes and therefore less to recover from current period losses.

Deferred Revenues decreased \$177,000 and Deferred Direct Costs decreased \$94,000 from balances at October 31, 2002. Deferred revenues consist of unearned VSC gross sales and estimated administrative service fees related to MBI policies. Deferred direct costs are costs that are directly related to the sale of VSCs. The change results from the overall decline in sales that has been experienced over the last several quarters.

The Company collects funds throughout the year and remits a portion of the funds to the insurance companies. As of April 30, 2003, the amount owed to insurance companies increased \$47,000 over the balance at October 31, 2002. The change is due to differences in the timing of payments remitted to the insurance companies.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Since the Company does not underwrite its own policies, a change in the current rates of inflation is not expected to have a material effect on the Company. Nevertheless, the precise effect of inflation on operations cannot be determined.

Under the terms of the Company's VSC contracts that are reinsured with highly rated insurance companies such as Fireman's Fund Insurance Company and Heritage RRG, the Company is primarily responsible for liability under these contracts. In the unlikely event that the third party reinsuring companies were unable to meet their contractual commitments to the Company, the Company itself would be required to perform under the contracts. Such an event could have a material adverse effect on the Company's operations.
