**Item 8.01 Other Events.**

On July 31, 2012, the San Juan Basin Royalty Trust (the Trust ) issued a press release, a copy of which is attached hereto as Exhibit 99.1, announcing that Compass Bank (the Trustee ) as Trustee of the San Juan Basin Royalty Trust, had received notice from Burlington Resources Oil & Gas Company LP ( Burlington ) that Burlington miscalculated the Royalty distributed to the Trust for the four months of April through July 2012.

Royalty income recorded for a month is the amount computed and paid to the Trust with respect to the Trust's 75% net overriding royalty interest (the Royalty ) in certain oil and gas leasehold and royalty interests (the Underlying Properties ) by Burlington, the present owner and principal operator of the Underlying Properties. Royalty income consists of the proceeds received by Burlington from the sale of gas and oil production from the Underlying Properties less accrued production costs, development and drilling costs, applicable taxes, operating charges, and other costs and deductions multiplied by 75%. Under the Trust's conveyance document, Burlington is permitted to recapture overpayments against future Royalty income payable to the Trust.

For the months of April through July, Burlington caused lease operating expenses and capital expenditures to be understated by approximately 25%. As a result of the error, the Royalty income due the Trust for those four months was overpaid by approximately \$3,386,861. Burlington has communicated to the Trust that, as permitted under the terms of the Royalty conveyance document, it intends to offset the overpayment against Royalty income payable to the Trust over four consecutive months beginning with August 2012. Based upon the additional monthly lease operating expenses and capital expenditures Burlington reports it will use in order to recover the overpayment, it is estimated that the Royalty income distributions by the Trust will be reduced by approximately \$742,779 in August, \$1,090,583 in September, \$767,122 in October and \$786,377 in November 2012.

Burlington indicates it is reviewing its procedures and documentation to eliminate the possibility of a similar error occurring in the future. The Trust's external compliance auditors have been consulted and will be reviewing Burlington's revised calculations on behalf of the Trust.

**Item 9.01 Financial Statements and Exhibits.**

(d) Exhibits.

99.1 Press release, dated July 31, 2012.
