Edgar Filing: AMANDA CO INC - Form 10QSB

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. The Company had a loss of \$209,783 for the quarter ended December 31, 2002, a deficit of \$3,681,662 in stockholders' equity and negative working capital of \$3,416,561 for the period ended December 31, 2002. The Company intends to continue to raise additional funds in the capital markets for working capital purposes. The Company must raise additional capital in order to continue as a going concern.

NOTE B - OPTIONS TO PURCHASE COMMON STOCK

No options were exercised in the first quarter.

NOTE C - WARRANTS TO PURCHASE COMMON STOCK

No warrants were exercised in the first quarter.

NOTE D - OPTIONS/WARRANTS TO PURCHASE COMMON STOCK

On October 10, 2002, the Company issued a total of 5,000,000 warrants. Each warrant allows the holder to purchase one share of common stock at an exercise price equal to \$.006 per share. These warrants expire October 10, 2007.

On November 6, 2002, the Company issued a total of 500,000 warrants. Each warrant allows the holder to purchase one share of common stock at an exercise price equal to \$.005 per share. These warrants expire in blocks of 125,000 each on November 6, 2007, February 6, 2008, May 6, 2008, and August 6, 2008, respectively.

On November 15, 2002, the Company issued a total of 2,500,000 warrants. Each warrant allows the holder to purchase one share of common stock at an exercise price equal to \$.006 per share. These warrants expire November 15, 2007.

NOTE E - ACCRUED PREFERRED STOCK DIVIDENDS

The Company accrued \$26,294 for dividends payable to preferred shareholders during the quarter.

Note F - Preferred Stock

The Company has issued two series of Preferred Stock. Series A was issued in February 1999 consisting of 1,800 shares, par value \$0.01 per share, for \$1,000 per share. Series B was issued in April 1999 at the same price and par value but only 1,000 shares were issued. Both series of Preferred Stock carry a 16 percent dividend rate, which is paid quarterly. If and when the Company's stock is listed again on NASDAQ the dividend rate will drop to 8 percent.

Both issuances of Preferred Stock are convertible into shares of the Company's Common Stock. Each share of Series A Preferred Stock is convertible into an amount of shares of Amanda Common Stock equal to \$1,000

divided by the average of the two lowest closing bid prices for Pen Common Stock during the period of 22 consecutive trading days ending with the last

Edgar Filing: AMANDA CO INC - Form 10QSB

trading day before the date of conversion, after discounting that market price by 15 percent (the "Conversion Price"). The maximum Conversion Price for the Series A Preferred Stock is \$1.17 per share. The shares of Series B Preferred Stock are convertible into Common Stock at the same Conversion Price as the Series A Preferred Stock except for a maximum Conversion Price of \$0.79 per share. Warrants to acquire 320,000 shares of Common Stock at prices ranging from \$0.86 to \$1.28 per share were also issued to the purchasers of the Series A and Series B Preferred Stock. The Warrants expire three years from date the Preferred Stock and warrants were initially issued.

No warrants were converted in the first quarter.

Note G - Earnings (loss) per share

Basic earnings (loss) per common share is computed by dividing net earnings (loss) available to common shareholders by the weighted average number of common shares outstanding during each period. Diluted earnings (loss) per common share are similarly calculated, except that the weighted average number of common shares outstanding includes common shares that may be issued subject to existing rights with dilutive potential except for periods when such calculations would be anti-dilutive.

For the three ended December 31, 2002, net earnings (loss) attributable to common shareholders includes accrued dividends at the stated dividend rate from date of issuance.

NOTE H - INTERIM PERIOD COST OF GOODS SOLD

Inventory costing is based on specific identification. An inventory count is taken at the end of each quarter.

NOTE J - INCOME TAXES

The future benefits of loss carried forward are fully reserved. There were no income taxes during the quarter.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

FORWARD-LOOKING STATEMENTS. This report contains certain forward-looking statements within the meaning of section 27A of the Securities Act of 1933 as amended, and section 21E of the Securities Exchange Act of 1934, as amended, that involve risks and uncertainties. In addition, the Company may from time to time make oral forward-looking statements. Actual results are uncertain and may be impacted by the following factors. In particular, certain risks and uncertainties that may impact the accuracy of the forward-looking statements with respect to revenues, expenses and operating results include without limitation, cycles of customer orders, general economic and competitive conditions and changing consumer trends, technological advances and the number and timing of new product introductions, shipments of products and components from foreign suppliers, and changes in the mix of products ordered by customers. As a result, the

actual results may differ materially from those projected in the forward-looking statements.

Edgar Filing: AMANDA CO INC - Form 10QSB

Because of these and other factors that may affect the Company's operating results, past financial performance should not be considered an indicator of future performance, and investors should not use historical trends to anticipate results or trends in future periods.

The following discussion and analysis provides certain information which the Company's management believes is relevant to an assessment and understanding of the Company's results of operations and financial condition for the three months ended December 31, 2002 and 2001. This discussion should be read in conjunction with the audited financial statements of the Company and notes thereto included in the Annual Report of the Company on Form 10-KSB for the year ended September 30, 2002.

General

Net sales. Net sales of \$412,024 for the three months ended December 31, 2002 reflect a decline of approximately \$488,000 or 54% compared to the same period in the prior year. Sales to the Company's distributors declined approximately \$171,000 or 89% in the current quarter, as compared to the prior year quarter; while sales to the Company's dealer network also declined approximately \$317,000 or 45% for the same comparison periods. The substantial drop in revenues reflect both the general nationwide economic slump as well as the declining demand for the Company's low-end product lines which are primarily focused on PBX and key system applications. The Company continues to seek and develop applications for its Amanda Portal product line which is expected to ultimately supplant the Company's existing core product lines.

Cost of sales. Cost of sales for the period totaled \$176,491, declining approximately \$312,000 or 64% from the comparable prior year quarter, which follows the substantial quarter to quarter drop in net sales as discussed above. On the other hand, cost of sales as a percentage of net sales were only 43% during the current quarter, a substantial improvement over the 54% for the prior year quarter, reflecting both the shift in product mix to higher margin products as sales of the low-end products decline, as well as the greater percentage of sales attributable to the Company's dealer base which are more profitable than sales to the Company's distributors.

Selling, general and administrative expenses. Selling, general and administrative expenses of \$360,106 for the quarter ended December 31, 2002 decreased by approximately \$197,000 or 35% from the comparable prior year quarter. Approximately \$140,000 of this decrease resulted from personnel reductions undertaken in response to the declining sales level; while the balance of the decrease primarily reflects the substantial reductions in consulting expenses and other professional services as compared to the prior year quarter.

Other income and expenses. The current quarter results netted a miscellaneous expense of \$(58,916) as compared to net miscellaneous income of \$7,376 for the prior year quarter. The prior year quarter was favorably impacted by a non-recurring forgiveness of a \$50,000 contingent note payable to one of the Company's vendors. Interest expense increased by

approximately \$11,000 during the current quarter, as compared to the prior year quarter, reflecting the additional debt undertaken by the Company during fiscal 2002.

Edgar Filing: AMANDA CO INC - Form 10QSB

Extraordinary costs. The Company recorded one-time costs of \$876,000 during the prior year quarter. These costs were associated with the merger between Pen Interconnect, Inc. and the Automatic Answer.

Net earnings (loss) and earnings (loss) per share. The net loss for the first fiscal quarter ended December 31, 2002 totaled (\$183,489) or (\$0.002) per share, as compared to the net loss of (\$1,013,881) or (\$0.015) per share for the prior year quarter.

Liquidity and Capital Resources

The Company had negative working capital at December 31, 2002 of \$3,416,561 compared to negative working capital of \$3,255,667 at September 30, 2002 for a decrease in working capital of nearly \$161,000 during the current quarter. This decrease reflects primarily the \$183,000 net loss sustained during the current quarter.

With the declining market demand for the Company's existing product lines, and until the Company's PSTN and IP network based products gain wider market acceptance, the Company will continue to focus on further cost of sales improvements and operating expense reductions as a means of limiting the anticipated negative cash flow over the next several quarters. At the same time, the Company will continue its search for a strong merger partner.

Inflation and Seasonality

The Company does not believe that it is significantly impacted by inflation or seasonally.

Going Concern

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed above, the Company has a working capital deficit of \$3,416,561 as at December 31, 2002 and has suffered recurring losses from operations which raise substantial doubt about its ability to continue as a going concern. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Item 3 Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Within the 90 days prior to December 31, 2002, the Company carried out an evaluation of the effectiveness of the design and operation of its disclosure controls and procedures pursuant to Exchange Act Rule 13a-14. This evaluation was done under the supervision and with the participation of the Company's President and Chief Financial Officer. Based upon that evaluation, they concluded that the Company's disclosure controls and

10

procedures are effective in gathering, analyzing and disclosing information needed to satisfy the Company's disclosure obligations under the Exchange Act.

Changes in Internal Controls

Edgar Filing: AMANDA CO INC - Form 10QSB

There were no significant changes in the Company's internal controls or in its factors that could significantly affect those controls since the most recent evaluation of such controls.
