M.B.A. HOLDINGS, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

1. BASIS OF PRESENTATION

In accordance with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X, the accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information. Accordingly, not all of the information and notes required by generally accepted accounting principles for complete financial statements are included. Accounting principles assume the continuation of the Company as a going concern. The Company's auditors, in their opinion on the financial statements for the year ended October 31, 2004, expressed concern about this uncertainty. The accompanying financial statements do not include any adjustment that might arise from the outcome of this assumption. The unaudited interim financial statements furnished herein reflect all adjustments (which include only normal, recurring adjustments) that are, in the opinion of management, necessary for a fair statement of the results for the interim periods presented. Operating results for the three and nine months ended July 31, 2005 may not be indicative of the results of operations that may be expected for the year ending October 31, 2005. For further information, please refer to the consolidated financial statements and notes thereto included in the Company's Form 10-K for the year ended October 31, 2004.

2. NET LOSS PER SHARE

Net loss per share is calculated in accordance with SFAS No. 128, *Earnings Per Share* that requires dual presentation of *basic* and *diluted* EPS on the face of the statements and requires a reconciliation of the numerator and denominator of basic and diluted EPS calculations. Basic loss per common share is computed on the weighted average number of shares of common stock outstanding during each period. SFAS No. 128 requires that loss per common share assuming dilution is computed on the same weighted average number of shares of common stock outstanding as basic loss per share. The additional shares representing the exercise of outstanding common stock options using the treasury stock method are not considered nor are the dilutive effect of the voting rights of the Class B preferred stock and employee stock options for the same reason. The 10-1 forward stock split and the 1 for 100 stock dividend are reflected retroactively for all periods presented.

3. OTHER COMPREHENSIVE GAIN (LOSS)

In March 2004, the Company completed the liquidation of its available-for-sale investments. Accordingly, there were no unrealized gains reported in the current or comparative periods.

4. ACQUISITIONS

On December 9, 2004, the Company acquired 50% of the common stock of Blue Sky Motorcycle Rentals, Inc. (Blue Sky), a company that operates a motorcycle rental business in Colorado and has sold its business model to similar operations in Arizona, California, New Mexico, Nevada and Florida. Its business plan envisions significant expansion into other vacation markets as well as motorcycle exchange programs among the participants to maximize the usage of the rental motorcycles. The cash purchase price of \$350,000 was paid at closing December 9, 2004. The owner has agreed to consult with the Company in order to continue the business expansion of Blue Sky. On April 16, 2005, the Company acquired the remaining 50% of the common stock of Blue Sky and is integrating it into the National Motorcycle Dealers Association operations that were begun in the Fall of 2004. The purchase price of this segment

consisted of the forgiveness of \$75,000.00 of indebtedness due the Company by the owner plus the Company's note in the amount of \$200,000 payable monthly over a one-year term. The consulting contract with the owner was amended to cover a period of eight years.

Table of Contents

On May 12, 2005, the Company acquired a 50% membership interest in iDigital, LLC (“iDigital”) in exchange for 1,000,000 common shares of the Company. iDigital is the purveyor of a line of specialty marketing products that are designed to be given to customers as a personal memento of their recent experience with a company’s products, like motorcycle rentals and other purchases.

The Company also purchased all of the assets of Street Eagle, Inc., Rent2Ride Nationwide, Inc. and Rent2Ride Arizona, Inc. (the “Street Eagle Companies”) on May 12, 2005 for \$20,000 in cash and Company notes in the amount of \$180,000 payable over the next twelve months. The Street Eagle Companies are the owners of motorcycle rental software, web sites, registered domain names, trademarks and other software items. In addition, the Street Eagle Companies have substantially developed the documentation as a franchisor of its motorcycle rental concept. The Company expects to integrate this software with its motorcycle rental operations and to market it to others through NMDA.

On July 10, 2005, the Company purchased all of the assets of Liberty Motorcycle Rentals, LLC. The purchase price included \$20,000 in cash, 500,000 shares of the Company’s common stock, the assumption by the Company of \$54,820 of indebtedness relating to motorcycle assets and a note in the amount of 105,180 bearing interest at the rate of 7% after the first year and payable solely from a percentage of the gross revenues derived from the rental of the motorcycles that were acquired.

In addition, the Company purchased all of the assets and common stock of Escape Eagles, Inc. (“Escape Eagles”) on July 19, 2005 for a purchase price consisting of \$100,000 in cash, 200,000 shares of the common stock of the Company and notes in the amount of \$400,000 payable over a four-year period. Escape Eagles operates a rental facility in Las Vegas, NV that has been associated with both Blue Sky and the Street Eagle Companies in the past.

The results of operations of the acquired entities are included in the results of operations of the combined entities from the acquisition dates specified above except for iDigital, LLC that had no operations during the reporting period. Its results will be included in future reported results of operations from the date of inception of operations that are estimated to commence in August 2005. The Company will include segment reporting in the future as it becomes material.

The following unaudited pro forma consolidated statement of loss of M.B.A. Holdings, Inc. and Subsidiaries (“MBA”) adjusts the historical financial statements of MBA for the acquisition of Blue Sky Motorcycle Rentals, Inc., Street Eagle, Inc., Rent2Ride Nationwide, Inc., Rent2Ride Arizona, Inc. and Liberty Motorcycle Rentals, LLC.

The historical financial information of MBA set forth below has been derived from the historical audited and unaudited consolidated statement of loss of MBA included in the Annual Report on Form 10-K for the year ended October 31, 2004 and this report. The unaudited pro forma consolidated statement of loss was prepared as if the transaction occurred as of the beginning of the respective periods.

The unaudited pro forma statement presented does not purport to represent what the results of operations of MBA would actually have been had the transaction occurred on the dates noted above, or to project the results of operations of MBA for any future periods. The pro forma adjustments are based on available information and certain assumptions that management believes are reasonable. The adjustments are directly attributable to the transaction and are expected to have a continuing impact on the results of operations of MBA. In the opinion of management, all adjustments necessary to present fairly the unaudited pro forma financial information have been made.

Basic and Diluted Net Loss Per Share Per Share	\$ (0.02)	\$ (0.02)	-

5. INCOME TAXES

There is no current provision for income taxes in the periods ended July 31, 2005 and 2004 as the Company has recovered all available federal income taxes paid in previous years. Similar provisions for recoverable state income taxes were not provided, as Arizona law does not allow for loss carry back.

Deferred income taxes are recorded based on differences between the financial statement and tax basis of assets and liabilities based on income tax rates currently in effect. As the realization of deferred tax assets is now considered doubtful, a valuation allowance has been provided to eliminate that asset in both the current period and the year ended October 31, 2004. A deferred tax provision was made for the nine months ended July 31, 2004.

6. RELATED PARTY TRANSACTIONS

The Company leases its office space from Cactus Family Investments, LLC on a month-to-month basis. The managing member of Cactus Family Investments, LLC is Gaylen Brotherson, the Chief Executive Officer. Rent expense for this office space was \$71,376 and \$71,895 for the three months ended July 31, 2005 and 2004 and \$214,129 and \$219,115 for the nine months ended July 31, 2005 and 2004. The current lease expired on December 31, 2003 and is renewed monthly by agreement between the parties.

From time to time, Gaylen Brotherson, the Chief Executive Officer, directly and through an affiliated company, has loaned the Company funds to enable it to meet its operating expenses. The loans are evidenced by a note that matures

on demand and bears interest at a rate of 6%. As security for the loan, the Company has granted the affiliated company, Cactus Family Investments, LLC, a security interest in all of its unencumbered assets.

Table of Contents

7. NOTES PAYABLE

In connection with the acquisitions described in Note 4 above, the Company assumed responsibility for the repayment of \$463,906 of indebtedness relating to the purchase of motorcycles that are owned by the entities acquired. This indebtedness is repayable monthly over varying terms of up to seventy two (72) months and at interest rates that vary from prime plus 2% to 11%.

The Company also agreed to make monthly payments on \$905,000 of its notes that were issued as a part of the purchase price of the entities acquired. The notes, except for one in the amount of \$105,180 do not bear interest and are repayable over terms of up to forty-eight (48) months. The \$105,180 note bears no interest during the initial twelve months and interest at a rate of 7% per annum thereafter. Imputed interest was immaterial for the period ended July 31, 2005. This note is repayable solely from a percentage of the gross motorcycle rental proceeds at a single location.

8. CAPITALIZATION

In March 2004, the Company increased its authorized but unissued preferred stock from 20,000,000 shares to 100,000,000 shares, changed the preferred stock from \$.001 par value to no par value, \$.0001 stated value and created a Class A Preferred Stock consisting of 2,000,000 shares that are assigned the voting power of one hundred (100) voting shares for each Preferred Stock share. Further, each Class A Preferred Stock share is convertible into one hundred (100) Common Stock shares at the option of the holder thereof. The Company subsequently issued the 2,000,000 shares of Class A Preferred Stock to Cactus Family Investments, LLC, an affiliated company (See Note 5 above), in exchange for \$200,000 of rent and other debt due to that entity.

At the same time, the Company increased the number of its authorized common shares to 800,000,000, changed the par value of those shares to no par value with a stated value of \$.0001 and increased its issued Common Stock shares to 20,617,870 shares by means of a 10 - 1 forward stock split. On November 12, 2004, the Company declared a stock dividend equal to one share of common stock for each one hundred shares owned by shareholders on November 26, 2004. The Company issued 1,207,622 new shares in payment of that stock dividend. The effect of these stock splits and dividends have been given retroactive effect for all periods presented.

On March 31, 2005, the Company honored the request of Cactus Family Investments, LLC to convert 460,000 shares of the Company's Class A Preferred Stock into 46,000,000 shares of its common stock and to donate the remaining preferred shares to the Company as a contribution to its capital. In addition, the Company created a Class B Preferred Stock consisting of 3,000,000 shares that are assigned the voting power of one hundred (100) voting shares for each Preferred Stock share. The Class B Preferred shares are not convertible into common shares. The Company subsequently issued the 2,000,000 shares of Class B Preferred Stock to Cactus Family Investments, LLC, an affiliated company (See Note 5 above), in exchange for \$317,382 of rent and other debt due to that entity.

On April 18, 2005, the Company decreased its authorized common shares to 350,000,000 no par value shares with a stated value of \$.0001 per share.

As of July 31, 2005, the Company holds 316,000 (post split) shares of its' common stock in the Treasury. These shares were purchased for the purpose of retirement and bonuses to employees. Management continues to explore additional uses of the stock.

Table of Contents

9. EMPLOYEE STOCK OPTION PLAN

On April 7, 2004, the Company adopted the M.B.A. Holdings, Inc. Employee Stock Incentive Plan for the Year 2004 and on July 7 2004, the M.B.A. Holdings, Inc. Employee Stock Incentive Plan for the Year 2004 -B. These plans have the purpose of advancing the business and development of the Company and its shareholders by affording employees of the Company the opportunity to acquire an equity interest in the Company. Under the terms of the plans, employees are granted options to purchase Company stock at specified prices. The plan is administered by the Compensation Committee of the Board of Directors and is authorized to grant options for up to 128,000,000 shares of the common stock of the Company. As of July 31, 2005, the Company has granted options for a total of 105,775,000 shares to selected employees. Compensation expense of \$269,250 and \$351,677 was recorded in connection with these transactions in the three and nine months ended July 31, 2005, respectively. In the three and nine months ended July 31, 2004, \$202,677 and \$253,582 respectively was recorded as compensation expense relating to this stock option plan. As of July 31, 2005, there were 4,750,000 options outstanding under this plan.

On that same date, the Company also adopted the M.B.A. Holdings, Inc. Non-Employee Directors and Consultants Retainer Stock Plan for 2004 and the M.B.A. Holdings, Inc. Non-Employee Directors and Consultants Retainer Stock Plan for 2004-B. The Company seeks to motivate, retain and attract highly competent directors and consultants to advance the business and development of the Company and its shareholders by affording directors and consultants the opportunity to acquire an equity interest in the Company. Under the terms of the plan, directors and consultants are granted options to purchase Company stock at specified prices in return for their services to the Company. The options include a deferral option that allows the director/consultant to defer delivery of the stock retainer. The plan is administered by the Compensation Committee of the Board of Directors and is authorized to grant options for up to 22,000,000 shares of the common stock of the Company. As of July 31, 2005, the Company has granted options for a total of 9,277,000 shares to selected directors/consultants. Compensation expense of \$90,530 and \$323,334 was recorded in connection with these transactions in the three and nine months ended July 31, 2005, respectively. In the three and nine months ended July 31, 2004, \$ 0 and \$121,541 respectively was recorded as compensation expense relating to this stock option plan. As of July 31, 2005 there were 2,100,000 options outstanding under this plan.

10. SIGNIFICANT CUSTOMERS

In 2004 a major manufacturer accounted for \$1,750,893 of VSC revenues or 33% of the 2004 Net Commission Income. The contract with the manufacturer was not renewed at its expiration on December 31, 2004. The Company is seeking ways to replace this business through acquisitions and other avenues.

11. COMMITMENTS AND CONTINGENCIES

The Company is subject to claims and lawsuits that arise in the ordinary course of business, consisting principally of alleged errors and omissions in connection with the sale of insurance and personnel matters and of disputes over outstanding accounts. The Company is currently involved in a dispute with one of its associated insurance companies over alleged wrongdoing, an alleged breach of its Administrative Agreement and over reimbursement for claims and cancellation expenditures. The Company maintains a \$40,000 reserve for claims arising in the ordinary course of business and believes that this reserve is sufficient to cover the costs of such claims. On the basis of information presently available, management does not believe the settlement of any such claims or lawsuits will have a material adverse effect on the financial position, results of operations or cash flows of the Company.

Table of Contents

The Company and Heritage Warranty Insurance RRG, Inc. have terminated the Administration Agreement and Profit Sharing Agreement dated September 1, 2000 as well as a Claims Reserve Account and a Second Amendment to Inboard Service Agreement dated October 31, 2002, subject to certain conditions, effective May 1, 2005. The Company has entered into an agreement with Capitol Assurance Risk Retention Group, Inc. to provide replacement coverage. The Company is working to achieve a seamless transition of its business to the new insurance company and has substantially achieved this objective as of July 31, 2005. The Company's agreements with Old Republic Insurance Company, Warranty America, LLC, First Assured Insurance Company and AON Warranty Company remain in effect.

As a part of the acquisition of the second 50% of the equity in Blue Sky Motorcycle Rentals, Inc. ("Blue Sky"), the Company agreed to allow the continuation of an existing pledge of certain shares of Blue Sky common stock, representing 48% of the total outstanding common shares, to remain in place. The pledge secures a debt that is owed by the former Chief Executive of Blue Sky to an unrelated third party. In accordance with FASB Interpretation No. 45, the Company has increased its notes payable - long term by \$78,600 to account for this indirect guarantee of the indebtedness of others.

12. NEW ACCOUNTING PRONOUNCEMENTS

In December 2004, the FASB published FASB Statement No. 123R, *Share-Based Payment*, ("FAS 123R") which will provide investors and other users of financial statements with more complete and neutral financial information by requiring that the compensation cost relating to share-based payment transactions be recognized in financial statements. That cost will be measured based on the fair value of the equity or liability instruments issued. The Company is required to and will apply FAS 123R at October 31, 2005.

In December 2004, the FASB issued Statement No. 153, *Exchanges of Nonmonetary Assets, an amendment of APB Opinion No. 29, Accounting for Nonmonetary Transactions* ("FAS 153"). The amendments made by FAS 153 are based on the principle that exchanges of nonmonetary assets should be measured based on the fair value of the assets exchanged. The Company has adopted FAS 153 at October 31, 2004.

On June 1, 2005, the FASB issued Statement No. 154, *Accounting Changes and Error Corrections*, a replacement of APB Opinion No. 20 and FASB Statement No. 3. The Statement applies to all voluntary changes in accounting principle, and changes the requirements for accounting for and reporting of a change in accounting principle. The Company will adopt FAS 154 at November 1, 2005.

13. RECLASSIFICATIONS

Certain prior period amounts have been reclassified to conform to the current period presentation.

ITEM 2.MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with the financial statements and footnotes that appear elsewhere in this report.

FORWARD-LOOKING STATEMENTS:

This report on Form 10-Q contains forward-looking statements. Additional written or oral forward-looking statements may be made by us from time to time in filings with the Securities and Exchange Commission or otherwise. The words “believe,” “expect,” “anticipate,” and “project,” and similar expressions identify forward-looking statements, which speak only as of the date the statement was made. Such forward-looking statements are within the meaning of that term in section 27A of the Securities and Exchange Act of 1934, as amended. Such statements may include, but not be limited to, projections of revenues, income or loss, capital expenditures, plans for future operations, financing needs or plans, the impact of inflation, and plans relating to our products or services, as well as assumptions relating to the foregoing. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise.

Forward-looking statements are inherently subject to risks and uncertainties, some of which cannot be predicted or quantified. Future events and actual results could differ materially from those set forth in, contemplated by, or underlying the forward-looking statements. Statements in this Report, including the Notes to Condensed Consolidated Financial Statements (Unaudited) and “Management’s Discussion and Analysis of Financial Condition and Results of Operations,” describe factors, among others, that could contribute to or cause such differences.

CRITICAL ACCOUNTING POLICIES

The Company has prepared the accompanying unaudited condensed financial statements in conformity with accounting principles generally accepted in the United States for interim financial information. The preparation of the financial statements requires the use of judgement and estimates that affect the reported amounts of revenues, expenses, assets and liabilities. The Company has adopted accounting policies and practices that are generally accepted in the industry in which it operates. The Company believes the following are its most critical accounting policies that affect significant areas and involve management’s judgement and estimates. If these estimates differ significantly from actual results, the impact to the Unaudited condensed consolidated financial statements may be material.

REVENUE RECOGNITION

The Company receives a single commission for the sale of each mechanical breakdown insurance policy (“MBI”) that compensates it both for the effort in selling the policy, and, in some cases, for providing administrative claims services as required. The Company has no direct liability for claims losses on MBI. It acts as the issuing insurance company’s agent in these transactions. The Company apportions the commissions received in a manner that it believes is proportionate to the values of the services provided. The revenues relating to policy sales are recorded in income when the policy information is received and approved by the Company. The revenues related to providing administrative claims services are deferred and recognized in income on a straight-line basis over the actual life of the policy.

Table of Contents

A vehicle service contract (“VSC”) is a contract for certain defined services between the Company and the purchaser. The Company reinsures its obligations by obtaining an insurance policy that guarantees its obligations under the contract. In accordance with Financial Accounting Standards Board Technical Bulletin 90-1, “*Accounting for Separately Priced Extended Warranty and Product Maintenance Contracts*”, revenues and costs associated with the sales of these contracts are deferred and recognized in income on a straight-line basis over the actual life of the contracts.

SIGNIFICANT EVENTS

The Company has been a significant force in forming the National Motorcycle Dealers Association, LLC (NMDA) and has been appointed to provide management and administration of the Association. NMDA will provide products and services for the Association members including Extended Motorcycle Warranties for New and Used Motorcycles, ATV’s and Trailers, New Motorcycle Manufacture’s Factory Warranties, Motorcycle leasing and financing, Gap Coverage, Credit Life/Accident Health Insurance, Family Hospitalization Insurance for Dealerships and their Families, Rental Insurance for Dealer Motorcycle Rental Programs and Software, Garage keepers Insurance Program, Liability and Collision Insurance for Motorcycle and Autos for the dealer and their customers, an Association Credit Card, Dealership Credit Card Processing, 401(k) Retirement Programs, Roadside Assistance Programs, Tire and Wheel Protection, Business Forms, Communication Services and a Prepaid Legal Program. Membership will be required to participate in these programs and the Company will be compensated through management fees and product sales commissions. The NMDA’s aggregation of many programs represents a rare opportunity for the Company and its partners to achieve business synergies and a market edge not previously available to them. NMDA has terminated its relationship with Wildside Motorcycles, Inc. and is pursuing the motorcycle rental software business with internally developed products.

In December 2004, the Company acquired a 50% interest in Blue Sky Motorcycle Rentals, Inc. (Blue Sky) that operates a motorcycle rental business in Colorado and has sold its business model to similar operations in Arizona, California, New Mexico, Nevada and Florida. Its business plan envisions significant expansion into other vacation markets as well as motorcycle exchange programs among the participants to maximize the usage of the rental motorcycles. The owner has agreed to consult with the Company in order to continue the business expansion of Blue Sky. In April 2005, the Company acquired the remaining 50% interest in Blue Sky and is integrating it into the National Motorcycle Dealers Association operations that are discussed in the preceding paragraph.

As a part of the acquisition of the second 50% of the equity in Blue Sky Motorcycle Rentals, Inc. (“Blue Sky”), the Company agreed to allow the continuation of an existing pledge of certain shares of Blue Sky common stock, representing 48% of the total outstanding common shares, to remain in place. The pledge secures a debt that is owed by the former Chief Executive of Blue Sky to an unrelated third party. In accordance with the Interpretation of FASB Statements 5, 57 and 107 and the rescission of FASB Interpretation No.34, the Company has increased its notes payable - long term by \$78,600 to account for this indirect guarantee of the indebtedness of others.

In May 2005, the Company acquired a 50% membership interest in iDigital, LLC (“iDigital”) in exchange for common shares of the Company. iDigital is the purveyor of a line of specialty marketing products that are designed to be given to customers as a personal memento of their recent experience with a company’s products, like motorcycle rentals and other purchases.

The Company also purchased all of the assets of Street Eagle, Inc., Rent2Ride Nationwide, Inc. and Rent2Ride Arizona, Inc. (the “Street Eagle Companies”) for cash and notes payable over the next twelve months. The Street Eagle Companies are the owners of motorcycle rental software, web sites, registered domain names, trademarks and other software items. In addition, the Street Eagle Companies have substantially developed the documentation as a franchisor of its motorcycle rental concept. The Company expects to integrate this software with its motorcycle rental

operations and to market it to others through NMDA.

15

Table of Contents

The Company has incurred approximately \$828,000 in Goodwill in connection with the acquisition of its subsidiaries as of July 31, 2005. In reviewing the anticipated effective life of the Goodwill in question, management of the Company has elected to amortize the Goodwill over a period of five years.

In July 2005, the Company purchased all of the assets of Liberty Motorcycle Rentals, LLC. The purchase price included cash, stock, the assumption by the Company of certain indebtedness relating to motorcycle assets and a note bearing interest at the rate of 7% after the first year and payable solely from a percentage of the gross revenues derived from the rental of the motorcycles that were acquired.

In addition, the Company purchased all of the assets and common stock of Escape Eagles, Inc. ("Escape Eagles") for a purchase price consisting of cash and notes payable over a four-year period. Escape Eagles operates a rental facility in Las Vegas, NV that has been associated with both Blue Sky and the Street Eagle Companies in the past.

As discussed in Note 11, the Company and Heritage Warranty Insurance RRG, Inc. have terminated the Administration Agreement and Profit Sharing Agreement dated September 1, 2000 as well as a Claims Reserve Account and a Second Amendment to Inboard Service Agreement dated October 31, 2002, subject to certain conditions, effective May 1, 2005. The Company has entered into an agreement with Capitol Assurance Risk Retention Group, Inc. to provide replacement coverage. The Company has achieved a seamless transition of its business to the new insurance company. The Company's agreements with Old Republic Insurance Company, Warranty America, LLC, First Assured Insurance Company and AON Warranty Company remain in effect.

RESULTS OF OPERATIONS

COMPARISON OF THREE MONTHS ENDED JULY 31, 2005 AND 2004

NET REVENUES

Net revenues for the fiscal quarter ended July 31, 2005 totaled \$1,529,000, up \$226,000 from the \$1,303,000 recognized in the quarter ended July 31, 2004. The increase is the result of the Company's motorcycle rental operations beginning to contribute revenues and from an increase of \$50,000 in brokerage revenues.

OPERATING EXPENSES

Operating costs increased to \$2,324,000 in the quarter ended July 31, 2005 up \$710,000 from the \$1,614,000 expended in the quarter ended July 31, 2004. The increase is the result of an additional provision for uncollectible accounts that was made in the period and to added expenses in connection with the acquisition of the Street Eagle Companies, Escape Eagles and iDigital. In addition, the continued in-house development of the motorcycle rental software has caused a significant increase in programming expenses.

Table of Contents

OTHER INCOME (EXPENSE)

Total other (expense) increased in the quarter ended July 31, 2005 to \$16,000 from \$7,000 as a result of the incurrence of miscellaneous costs associated with both the acquisitions and the contract terminations discussed above.

INCOME TAXES

There was no provision for income taxes in the quarter ended July 31, 2005 because the Company has already recovered all federal income taxes paid in prior years to the extent available.

COMPARISON OF THE NINE MONTHS ENDED JULY 31, 2005 AND 2004

NET REVENUES

The downward trend in revenues that has been noted in prior periods continued in the nine months ended July 31, 2005 with net revenues down \$414,000 from the comparable nine months in 2004. The Company did experience positive revenue contributions from the newly acquired entities and a small increase in brokerage and administrative revenues.

OPERATING EXPENSES

Operating costs, fueled by the cost associated with the acquisitions, increased to \$5,273,000 in the nine months ended July 31, 2005 up \$580,000 from the \$4,693,000 expended in the nine months ended July 31, 2004. The increase was experienced primarily in the costs of motorcycle rentals and insurance premiums, in salaries and wages and in professional fees. These costs increased as staff was added to handle the new motorcycle operations and programming efforts to complete the in-house motorcycle rental software. In addition, a larger than normal provision for uncollectible accounts was made in the period.

OTHER INCOME (EXPENSE)

Other expense increased in the nine months ended July 31, 2005 by approximately \$50,000 from the comparable 2004 period. The nine-months ended July 31, 2005 include a series of miscellaneous costs associated with both the acquisitions and the contract terminations discussed above. The comparable 2004 period did not include these expenses but did include \$37,000 of other fee income that was negotiated when an insurance company elected to have its policies serviced by a third party.

INCOME TAXES

There was no provision for income taxes in the nine months ended July 31, 2005. The comparable 2004 period contained a deferred tax provision that was recorded in recognition of changes in the temporary differences created by the fluctuations in the deferred revenue and deferred cost balances. As the realization of deferred tax assets is now considered doubtful, a valuation allowance has been provided to eliminate that asset in both the current and prior periods.

Table of Contents

LIQUIDITY AND CAPITAL RESOURCES

The Company incurred significant losses during the past fiscal year and has experienced additional losses in prior years. A related party has advanced funds on demand notes and through the deferral of rent payments and funds have been obtained from the issuance of stock options in order to overcome working capital deficiencies during the year. In January 2004, the Company granted the related party, Cactus Family Investments, LLC, a security interest in all of its unencumbered assets. There is no assurance that additional advances will be made if additional working capital is required. The lack of continuing working capital infusions could affect future operations. Accordingly, the accompanying financial statements have been prepared assuming the Company will continue as a going concern. The Company has incurred a loss in the first three quarters of 2005 and expects such losses to continue further into 2005. The Company is pursuing the development of NMDA, Blue Sky and of other warranty products in its ongoing efforts to stem the losses.

COMPARISON OF JULY 31, 2005 AND OCTOBER 31, 2004

Working capital at April 30, 2005 consisted of current assets of \$3,629,000 and current liabilities of \$5,068,000, or a current ratio of 0.72: 1. At October 31, 2004 the working capital ratio was 0.85: 1 with current assets of \$4,277,000 and current liabilities of \$5,017,000. The ratio did not improve during this quarter because of a continuing demand for funds to support the growth efforts of NMDA and the motorcycle rental operations. Loans from the Company's principal shareholder and funds derived from the exercise of stock options have funded this growth and continuing operations.

Deferred Revenues decreased \$1,559,000 while Deferred Direct Costs decreased \$1,413,000 from balances at October 31, 2004. Deferred revenues consist of unearned VSC gross sales and estimated administrative service fees related to MBI policies. Deferred direct costs are costs that are directly related to the sale of VSCs. The change results from the overall decline in extended warranty sales that have been experienced over the last several quarters and from changes in the contract terms of contracts in the deferral pool.

The Company collects funds throughout the year and remits a portion of the funds to the insurance companies. As of July 31, 2005, the amount owed to insurance companies increased \$239,000 from the balance at October 31, 2004. The Company's accounts receivable are principally amounts due from insurance companies for claims payments made by the Company. As of July 31, 2005, accounts receivable increased \$295,000. The changes in these balances are due to differences in the timing of payments received from and remitted to the insurance companies.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Since the Company does not underwrite its own policies, a change in the current rates of inflation is not expected to have a material effect on the Company. Nevertheless, the precise effect of inflation on operations cannot be determined.

Under the terms of the Company's VSC contracts that are reinsured with highly rated insurance companies such as Old Republic Insurance Company and Heritage Warranty Mutual Insurance Risk Retention Group, Inc., the Company is primarily responsible for liability under these contracts. In the unlikely event that the third party reinsuring companies were unable to meet their contractual commitments to the Company, the Company itself would be required to perform under the contracts. Such an event could have a material adverse effect on the Company's operations.

A portion of the Company's interest bearing outstanding debt is tied to the prime rate and therefore presents some interest rate risk. The Company would incur an additional \$3,000 of interest expense for each 1% change in the prime rate. The Company does not consider this risk to be excessive.

Table of Contents

ITEM 4. CONTROLS AND PROCEDURES

In the quarter ended July 31, 2005, we did not make any significant changes in, nor take any corrective actions regarding our internal controls or other factors that could significantly affect these controls. We lost the services of our assistant controller at the end of the fiscal year ended October 31, 2004 and have recently hired a replacement.

We periodically review our internal controls for effectiveness and we have performed an evaluation of disclosure controls and procedures during this quarter. We will conduct a similar evaluation each quarter.

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

The Company is subject to claims and lawsuits that arise in the ordinary course of business, consisting principally of alleged errors and omissions in connection with the sale of insurance and personnel matters and of disputes over outstanding accounts. The Company is currently involved in a dispute with one of its associated insurance companies over alleged wrongdoing, an alleged breach of its Administrative Agreement and over reimbursement for claims and cancellation expenditures. The Company maintains a \$40,000 reserve for claims arising in the ordinary course of business and believes that this reserve is sufficient to cover the costs of such claims. On the basis of information presently available, management does not believe the settlement of any such claims or lawsuits will have a material adverse effect on the financial position, results of operations or cash flows of the Company.

ITEM 2. CHANGES IN SECURITIES AND USE OF PROCEEDS

The Company issued 2,025,000 unregistered shares in connection with acquisitions.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None

ITEM 4. SUBMISSIONS OF MATTERS TO A VOTE OF SECURITY HOLDERS

None

ITEM 5. OTHER INFORMATION
