SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This proxy statement contains forward-looking statements. All statements contained in this report other than statements of historical fact, including statements regarding our business strategy and plans and our objectives for future operations, are forward-looking statements. The words “believe,” “may,” “will,” “continue,” “anticipate,” “intend,” “expect,” “seek”, and similar expressions are intended to identify forward-looking statements. We have based these forward-looking statements largely on our current expectations and projections about future events and trends. These forward-looking statements are subject to a number of risks, uncertainties and assumptions, including those described in the “Risk Factors” section of our Annual Report on Form 10-K for the fiscal year ended September 30, 2018. Moreover, we operate in a very competitive and rapidly changing environment. New risks emerge from time to time. It is not possible for our management to predict all risks, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements we may make. In light of these risks, uncertainties and assumptions, the future events and trends discussed in this proxy statement may not occur and actual results could differ materially and adversely from those anticipated or implied in the forward-looking statements. You should not rely upon forward-looking statements as predictions of future events. The events and circumstances reflected in the forward-looking statements may not be achieved or occur. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results. We are under no duty to update any of these forward-looking statements after the date of this proxy statement. As used in this proxy statement, the terms “Model N,” “we,” “us,” and “our” mean Model N, Inc. and its subsidiaries unless the context indicates otherwise.

PROXY STATEMENT
FOR 2019 ANNUAL MEETING OF STOCKHOLDERS
to be held on Friday, February 15, 2019 at 11:30 a.m. PT

This proxy statement and the enclosed form of proxy are furnished in connection with solicitation of proxies by our Board of Directors for use at the annual meeting of stockholders (the "Annual Meeting") to be held at 11:30 a.m. PT on Friday, February 15, 2019, and any postponements or adjournments thereof. The Annual Meeting will be held at Model N, Inc., located at 777 Mariners Island Boulevard, Suite 300, San Mateo, California. Beginning on or about January 3, 2019, we mailed to our stockholders a Notice Regarding the Availability of Proxy Materials ("Notice") containing instructions on how to access our proxy materials.

QUESTIONS AND ANSWERS

The information provided in the "question and answer" format below is for your convenience only and is merely a summary of the information contained in this proxy statement. You should read this entire proxy statement carefully. What matters am I voting on?

You will be voting on:

- the election of two Class III directors to hold office until the 2022 Annual Meeting of Stockholders and until their successors are elected and qualified, subject to earlier resignation or removal;
- a proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2019;
- a proposal to hold a non-binding advisory vote on the compensation of our named executive officers as disclosed in this proxy statement;
- a proposal to hold a non-binding advisory vote on whether future non-binding advisory votes to approve the compensation of our named executive officers should be held every one, two or three years; and
- any other business that may properly come before the meeting.

How does the Board of Directors recommend I vote on these proposals?

The Board of Directors recommends a vote:

- FOR the re-election of Jason Blessing and Dave Yarnold, our nominees for Class III directors;
- FOR the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2019;
- FOR the non-binding advisory vote on the compensation of our named executive officers as disclosed in this proxy statement; and
- To select the one-year frequency of future non-binding advisory votes to approve the compensation of our named executive officers.

Who is entitled to vote?

Holders of our common stock as of the close of business on December 18, 2018, the record date, may vote at the Annual Meeting. As of the record date, we had 31,530,792 shares of common stock outstanding. In deciding all matters at the Annual Meeting, each holder of common stock of Model N will be entitled to one vote for each share of common stock held as of the close of business on the record date. We do not have cumulative voting rights for the election of directors.

Registered Stockholders. If your shares are registered directly in your name with our transfer agent, you are considered the stockholder of record with respect to those shares, and the Notice was provided to you directly by us. As the stockholder of record, you have the right to grant your voting proxy directly to the individuals listed on the proxy card or to vote in person at the Annual Meeting.

Street Name Stockholders. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name and the Notice was forwarded to you by your broker or nominee who is considered the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker or nominee how to vote your shares. Beneficial owners are also invited to attend the Annual Meeting. However, since beneficial owners are not stockholders of record, you may not vote your shares in person at the Annual Meeting unless you follow your broker's procedures for obtaining a legal proxy. If you request a printed copy of the proxy materials by mail, your broker or nominee will provide a voting instruction card for you to use.

How do I vote?

There are four ways for stockholders of record to vote:

by Internet at <http://www.voteproxy.com>, 24 hours a day, seven days a week, until 11:59 p.m. Eastern Time on February 14, 2019 (have your Notice or proxy card in hand when you visit the website);

We encourage you to vote this way as it is the most cost-effective method.

by toll-free telephone at 800-776-9437 (or 718-921-8500 for international callers) until 11:59 p.m. Eastern Time on February 14, 2019 (have your Notice or proxy card in hand when you call);

by completing and mailing your proxy card so that it is received prior to the Annual Meeting; or

by written ballot at the Annual Meeting.

Street name holders may submit their voting instructions by internet or telephone using the information provided by their respective brokers or nominees and may complete and mail voting instruction forms to their respective brokers or nominees. However, street name holders may not vote by written ballot at the Annual Meeting unless they obtain a legal proxy from their respective brokers or nominees.

Can I change my vote?

Yes. If you are a stockholder of record, you can change your vote or revoke your proxy any time before the Annual Meeting by:

entering a new vote by Internet or by telephone (until 11:59 p.m. Eastern Time on February 14, 2019);

returning a later-dated proxy card so that it is received prior to the Annual Meeting;

notifying the Corporate Secretary of Model N, in writing, at the address listed on the front page; or

completing a written ballot at the Annual Meeting.

Street name holders may change their voting instructions by submitting new instructions by internet or by telephone or returning a later-dated voting instruction form to their respective brokers or nominees. In addition, street name holders who obtain a legal proxy from their respective brokers or nominees may change their votes by completing a ballot at the Annual Meeting.

What is the effect of giving a proxy? Proxies are solicited by and on behalf of our Board of Directors. The persons named in the proxy card have been designated as proxies by our Board of Directors. When proxy votes are properly dated, executed and returned, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If no specific instructions are given, however, the shares will be voted in accordance with the recommendations of our Board of Directors as described above. If any matters not described in the Proxy Statement are properly presented at the Annual Meeting, the proxy holders will use their own judgment to determine how to vote your shares. If the Annual Meeting is adjourned, the proxy holders can vote your shares at the adjourned meeting date as well, unless you have properly revoked your proxy instructions, as described above.

What is a quorum?

A quorum is the minimum number of shares required to be present at the Annual Meeting for the meeting to be properly held under our Bylaws and Delaware state law. The presence, in person or by proxy, of a majority of the voting power of the shares of stock entitled to vote at the meeting will constitute a quorum at the meeting.

What is the effect of broker non-votes and abstentions?

A proxy submitted by a stockholder may indicate that the shares represented by the proxy are not being voted (stockholder withholding) with respect to a particular matter. In addition, a broker may not be permitted to vote on shares held in street name on a particular matter in the absence of instructions from the beneficial owner of the stock

(broker non-vote). The shares subject to a proxy which are not being voted on a particular matter because of either stockholder withholding or broker non-votes will count for purposes of determining the presence of a quorum, but are not treated as votes cast and, therefore, will have no effect on the election of directors, the ratification of the appointment of PricewaterhouseCoopers LLP, the non-binding advisory vote on the compensation of our named executive officers as disclosed in this proxy statement or the non-binding advisory vote on the frequency of future non-binding advisory votes to approve the compensation of our named executive officers. Abstentions are voted neither “for” nor “against” a matter, and, therefore, will have no effect on these proposals, but are counted in the determination of a quorum.

How many votes are needed for approval of each matter?

Proposal No. 1: The election of directors requires a plurality vote of the shares of common stock voted at the meeting. “Plurality” means that the nominees who receive the largest number of votes cast “FOR” are elected as directors. As a result, any shares not voted “FOR” a particular nominee (whether as a result of stockholder withholding or a broker non-vote) will not be counted in such nominee’s favor.

Proposal No. 2: The ratification of the appointment of PricewaterhouseCoopers LLP must receive the affirmative vote of a majority of the votes cast by the holders of shares represented in person or by proxy at the meeting and entitled to vote thereon to be approved.

Proposal No. 3: The non-binding advisory vote on the compensation of our named executive officers as disclosed in this proxy statement must receive the affirmative vote of a majority of the votes cast by the holders of shares represented in person or by proxy at the meeting and entitled to vote thereon to be approved.

Proposal No. 4: The selected frequency of future non-binding advisory votes to approve the compensation of our named executive officers requires a plurality of the vote of shares of common stock voted at the meeting. “Plurality” means that the frequency that receives the largest number of votes cast “FOR” will be the approved frequency.

How are proxies solicited for the Annual Meeting?

The Board of Directors is soliciting proxies for use at the Annual Meeting. All expenses associated with this solicitation will be borne by Model N. We will reimburse brokers or other nominees for reasonable expenses that they incur in sending these proxy materials to you if a broker or other nominee holds your shares.

How may my brokerage firm or other intermediary vote my shares if I fail to provide timely directions?

Brokerage firms and other intermediaries holding shares of common stock in street name for customers are generally required to vote such shares in the manner directed by their customers. In the absence of timely directions, your broker will have discretion to vote your shares on our sole routine matter—the proposal to ratify the appointment of PricewaterhouseCoopers LLP. Your broker will not have discretion to vote on the election of directors, the non-binding advisory vote on the compensation of our named executive officers or the frequency of future non-binding advisory votes on the compensation of our named executive officers, which are “non-routine” matters, absent direction from you.

Why did I receive a notice regarding the availability of proxy materials on the Internet instead of a full set of proxy materials?

In accordance with the rules of the Securities and Exchange Commission (“SEC”), we have elected to furnish our proxy materials, including this proxy statement and our Annual Report on Form 10-K, primarily via the Internet. Beginning on or about January 3, 2019, we mailed to our stockholders a “Notice Regarding the Availability of Proxy Materials” that contains notice of the Annual Meeting and instructions on how to access our proxy materials on the Internet, how to vote at the meeting and how to request printed copies of the proxy materials and annual report. Stockholders may request to receive all future proxy materials in printed form by mail or electronically by e-mail by following the instructions contained in the Notice. We encourage stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of our annual meetings.

What does it mean if multiple members of my household are stockholders but we only received one Notice or full set of proxy materials in the mail?

The SEC has adopted rules that permit companies and intermediaries, such as brokers, to satisfy the delivery requirements for notices and proxy materials with respect to two or more stockholders sharing the same address by delivering a single notice or set of proxy materials addressed to those stockholders. In accordance with a prior notice sent to certain brokers, banks, dealers or other agents, we are sending only one Notice or full set of proxy materials to those addresses with multiple stockholders unless we received contrary instructions from any stockholder at that address. This practice, known as “householding,” allows us to satisfy the requirements for delivering Notices or proxy materials with respect to two or more stockholders sharing the same address by delivering a single copy of these documents. Householding helps to reduce our printing and postage costs, reduces the amount of mail you receive and helps to preserve the environment. If you currently receive multiple copies of the Notice or proxy materials at your address and would like to request “householding” of your communications, please contact your broker. Once you have elected “householding” of your communications, “householding” will continue until you are notified otherwise or until

you revoke your consent. You may revoke your consent at any time by contacting the Corporate Secretary of Model N, in writing, at the address listed on the front page, or by telephone at (650) 610-4600.

Is my vote confidential?

Proxy instructions, ballots, and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Model N or to third parties, except as necessary to meet applicable legal requirements, to allow for the tabulation of votes and certification of the vote, or to facilitate a successful proxy solicitation.

Where can I find Model N's Corporate Governance Guidelines and other governance documents?

Model N has adopted Corporate Governance Guidelines. A copy of the Corporate Governance Guidelines, as well as copies of the Code of Business Conduct for Directors, Code of Business Conduct for Employees, Audit Committee Charter, Compensation Committee Charter and Nominating and Corporate Governance Committee Charter, can be accessed through the Investors section of our website, under Company—Investors—Governance Documents, or by clicking on the following link:

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our Board of Directors may establish the authorized number of directors from time to time by resolution. Our Board of Directors currently consists of seven members. Director Charles Robel is not standing for re-election at the annual meeting, and therefore, effective as of the end of Mr. Robel's term at the annual meeting, our Board of Directors will consist of six members. PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee of the Board of Directors (Audit Committee) has appointed the firm of PricewaterhouseCoopers LLP, independent registered public accountants, to audit our financial statements for the fiscal year ending September 30, 2019. During our fiscal year ended September 30, 2018, PricewaterhouseCoopers LLP served as our independent registered public accounting firm.

Notwithstanding its selection and even if our stockholders ratify the selection, our Audit Committee, in its discretion, may appoint another independent registered public accounting firm at any time during the year if the Audit Committee believes that such a change would be in our best interests and the interests of our stockholders. At the Annual Meeting, the stockholders are being asked to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2019. Our Audit Committee is submitting the selection of PricewaterhouseCoopers LLP to our stockholders because we value our stockholders' views on our independent registered public accounting firm and as a matter of good corporate governance. Representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting and they will have an opportunity to make statements and will be available to respond to appropriate questions from stockholders.

If this proposal does not receive the affirmative approval of a majority of the votes cast on the proposal, the Audit Committee would reconsider the appointment.

Fees Paid to the Independent Registered Public Accounting Firm

The following table presents fees billed or to be billed by PricewaterhouseCoopers LLP for professional services rendered with respect to the fiscal years ended September 30, 2018 and September 30, 2017. All of these services rendered since the formation of the Audit Committee were approved by the Audit Committee.

	2018	2017
Audit Fees ⁽¹⁾	\$ 1,840,000	\$ 1,146,000
Audit-Related Fees ⁽²⁾	—	117,285
Tax Fees	—	—
All Other Fees ⁽³⁾	2,739	1,800
Total	\$ 1,842,739	\$ 1,265,085

Audit fees consist of fees for professional services provided in connection with the audit of our annual consolidated financial statements, the audit of our internal control over financial reporting (for the fiscal year ended September 30, 2018 only), the review of our quarterly consolidated financial statements, and audit services that are normally provided by our independent registered public accounting firm in connection with statutory and regulatory filings or engagements for those fiscal years, such as statutory audits.

Audit-related fees consist of fees for services rendered during the fiscal year for assurance and related services that are reasonably related to the performance of the audit or review of Model N's consolidated financial statements and are not reported under "Audit Fees." The services include consultation regarding financial accounting and reporting matters.

All other fees for the fiscal years ended September 30, 2018 and September 30, 2017 were related to fees for access to online accounting research software.

Auditor Independence

Under its charter, the Audit Committee pre-approves all services rendered by our independent registered public accounting firm, PricewaterhouseCoopers LLP. The Audit Committee has determined that the fee paid to PricewaterhouseCoopers LLP for services other than audit fees is compatible with maintaining the principal accountants' independence.

Pre-Approval Policies and Procedures.

Consistent with requirements of the SEC and the Public Company Accounting Oversight Board regarding auditor independence, our Audit Committee is responsible for the appointment, compensation and oversight of the work of our independent registered public accounting firm. In recognition of this responsibility, our Audit Committee (or a

member of the Audit Committee delegated by the Audit Committee) generally pre-approves of all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP.

PROPOSAL NO. 3

NON-BINDING ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

We are providing our stockholders with an opportunity to vote, on an advisory basis, on the compensation of our named executive officers as disclosed in the “Compensation Discussion and Analysis” section, the compensation tables and the narrative discussions set forth on pages 18 to 33 of this proxy statement. This non-binding advisory vote is commonly referred to as a “Say-on-Pay” proposal.

Our Compensation Committee, which is responsible for designing and administering our executive compensation program, has designed our executive compensation program to provide a competitive and internally equitable compensation and benefits package that reflects company performance, job complexity and strategic value of the position, while ensuring long-term retention, motivation and alignment with the long-term interests of our stockholders. We encourage you to carefully review the “Compensation Discussion and Analysis” section beginning on page 18 of this proxy statement for additional details on our compensation of executives, including our compensation philosophy and objectives, as well as the processes the Compensation Committee used to determine the structure and amounts of the compensation of our named executive officers in fiscal year 2018.

We are asking you to indicate your support for the compensation of the named executive officers as described in this proxy statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we are asking you to vote, on an advisory basis, which is non-binding, “FOR” the following resolution at the Annual Meeting:

“RESOLVED, that the compensation paid to Model N, Inc.’s named executive officers, as disclosed pursuant to the Securities and Exchange Commission’s compensation disclosure rules, including the “Compensation Discussion and Analysis,” compensation tables and narrative discussion set forth in the proxy statement relating to its 2019 Annual Meeting of Stockholders, is hereby APPROVED.”

The Say-on-Pay vote is advisory, and therefore not binding on us, our Board of Directors or our Compensation Committee. Our Board of Directors and Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the executive officer compensation as disclosed in this proxy statement, we will consider our stockholders’ concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE RESOLUTION APPROVING THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

PROPOSAL NO. 4

NON-BINDING ADVISORY VOTE FREQUENCY OF VOTES ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

We are providing our stockholders with the opportunity to vote, on an advisory basis, on the frequency with which we include in our proxy statement an advisory vote, similar to Proposal No. 3 above, to approve or not approve the compensation of the named executive officers. By voting on this proposal, stockholders may indicate whether they prefer that we seek such an advisory vote every one, two, or three years.

After careful consideration of this proposal, the Board of Directors determined that an advisory vote on executive compensation that occurs every year is the most appropriate frequency for us and therefore recommends a vote for a one-year interval for future advisory voting on named executive officer compensation. Our Board of Directors believes that an annual advisory vote on named executive officer compensation will allow our stockholders to provide us with their direct input on our compensation philosophy and objectives as disclosed in the proxy statement every year. Additionally, an annual advisory vote on named executive officer compensation is consistent with our policy of seeking input from, and engaging in discussions with, our stockholders on corporate governance matters and our executive compensation philosophy and objectives.

The vote on the frequency of future Say-on-Pay votes is advisory, and therefore not binding on us, our Board of Directors, or our Compensation Committee. Our Board of Directors and Compensation Committee value the opinions of our stockholders and will take into account the outcome of this vote when considering how frequently we should conduct an advisory vote on the compensation of our named executive officers.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE "ONE YEAR" FREQUENCY OF FUTURE NON-BINDING ADVISORY VOTES ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

DIRECTORS AND CORPORATE GOVERNANCE

Director Independence

Our common stock is listed on the New York Stock Exchange. The listing rules of the New York Stock Exchange generally require that a majority of the members of a listed company's board of directors be independent. Our Board of Directors has determined that each of the members of our Board of Directors other than Mr. Blessing is independent. In making these determinations, our Board of Directors considered the current and prior relationships that each non-employee director has with our company and all other facts and circumstances our Board of Directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

Leadership Structure

The positions of Chief Executive Officer and Chairman of our Board of Directors are held by two different individuals. Mr. Blessing serves as our Chief Executive Officer and, currently, Mr. Robel serves as our Chairman. Following this annual meeting, Baljit Dail will serve as our Chairman. This structure allows our Chief Executive Officer to focus on our day-to-day business while our Chairman leads our Board in its fundamental role of providing advice to and independent oversight of management. Our Board believes such separation is appropriate, as it enhances the accountability of the Chief Executive Officer to the Board and strengthens the independence of the from management.

Risk Oversight

Our Board of Directors believes that open communication between management and the Board is essential for effective risk management and oversight. Our Board meets with our Chief Executive Officer and other members of the senior management team at quarterly Board meetings, where, among other topics, they discuss strategy and risks in the context of reports from the management team, including any cybersecurity risks, and evaluates the risks inherent in significant transactions. While our Board of Directors is ultimately responsible for risk oversight, our Board committees assist the Board in fulfilling its oversight responsibilities in certain areas of risk. The Audit Committee assists our Board in fulfilling its oversight responsibilities with respect to risk management in the areas of internal control over financial reporting and disclosure controls and procedures. The Compensation Committee assists our Board in assessing risks created by the incentives inherent in our compensation policies. The Nominating and Corporate Governance Committee is charged with assisting our Board in fulfilling its oversight responsibilities with respect to the management of risk associated with Board membership and corporate governance.

Executive Sessions of Independent Directors

In order to promote open discussion among independent directors, our Board of Directors has a policy of conducting executive sessions of independent directors during each regularly scheduled Board meeting and at such other times if requested by an independent director. These executive sessions are chaired by our Chairman of the Board. The Chairman of the Board provides feedback to our Chief Executive Officer, as needed, promptly after the executive session. Mr. Blessing does not participate in such sessions.

Codes of Conduct

We have adopted a code of conduct that applies to our directors and a code of conduct that applies to our officers and all other employees. The full text of these codes of conduct are posted under the "Investors" section on our website at <http://investor.modeln.com/govdocs>.

Meetings of the Board of Directors

Our Board of Directors met twelve times during fiscal year 2018. No director attended fewer than 75% of the total number of meetings of the Board and of any Board committees of which he or she was a member during fiscal year 2018. It is our policy that directors are invited and encouraged to attend our annual meetings of stockholders. Five of our directors attended the 2018 Annual Meeting of Stockholders.

Committees of the Board of Directors

Our Board of Directors has established an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. Members serve on these committees until their resignation or until otherwise determined by our Board. The following table provides membership information as of September 30, 2018 for each of our Board committees:

Name	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee
Charles Robel*	C		C
Tim Adams	M		M
David Bonnette		C	
Baljit Dail		M	
Melissa Fisher	M		
Alan Henricks	M	M	

* Chairman of the Board C = Chairperson M = Member

Charles Robel is not standing for re-election at this year’s annual meeting. Following our annual meeting, Mr. Robel may be replaced on the committees on which he served by another director.

David Bonnette resigned as a director effective December 11, 2018. Following our annual meeting, Mr. Bonnette may be replaced on the committee on which he served by another director.

Audit Committee

Each of the members of the Audit Committee satisfies the independence requirements of Rule 10A-3. Messrs. Robel, Henricks, and Adams, and Ms. Fisher are each an Audit Committee financial expert, as that term is defined under SEC rules, and possess financial sophistication as defined under the rules of the New York Stock Exchange. The designation does not impose on any of them any duties, obligations or liabilities that are greater than those generally imposed on members of our Audit Committee and our Board of Directors. The Audit Committee met four times during fiscal year 2018. In addition to such formal meetings, the Audit Committee also held several interim meetings throughout fiscal year 2018 on audit matters, accounting standards and disclosure requirements under the Sarbanes-Oxley Act. Among other matters, the Audit Committee:

- evaluates the qualifications, independence and performance of our independent registered public accounting firm;
- determines the engagement of our independent registered public accounting firm and reviews and approves the scope of the annual audit and the fees paid to our independent registered public accounting firm;
- discusses with management and our independent registered public accounting firm the results of the annual audit and the review of our financial statements;
- approves the retention of our independent registered public accounting firm;
- reviews our critical accounting policies and estimates and internal control over financial reporting; and
- reviews the Audit Committee charter and its performance.

The Audit Committee operates under a written charter that was adopted by our Board of Directors and satisfies the applicable standards of the SEC and the New York Stock Exchange. A copy of the Audit Committee charter is posted under the “Investors” section on our website at <http://investor.modeln.com/govdocs>.

Compensation Committee

Each member of the Compensation Committee is an outside director, as defined pursuant to Section 162(m) of the Code, is a “non-employee director” under Rule 16b-3(b)(3)(i) of the Exchange Act, and is independent within the meaning of New York Stock Exchange rules. The Compensation Committee met ten times during fiscal year 2018. Among other matters, the Compensation Committee:

-

reviews and approves goals and objectives relevant to compensation of our Chief Executive Officer and other executive officers;

• evaluates the performance of these officers in light of those goals and objectives and sets the compensation of these officers based on such evaluations; and

• administers the issuance of stock options and other awards under our equity incentive plans.

At least annually, our Compensation Committee is responsible for reviewing, evaluating, and approving the compensation arrangements of our executive officers and for establishing and maintaining our executive compensation policies and practices. Under its charter, our Compensation Committee has the authority to retain outside counsel or other advisors. The Compensation Committee retains and does not delegate any of its exclusive power to determine all matters of executive compensation and benefits, although the Chief Executive Officer and the Human Resources department present compensation and benefit proposals to the Compensation Committee. However, our Chief Executive Officer is not present for deliberations or voting with respect to his compensation.

The Compensation Committee engaged an independent compensation consultant, Radford, an Aon Hewitt company (“Radford”), to evaluate our executive compensation levels and practices and to provide advice and ongoing recommendations on executive compensation matters for fiscal year 2018. Specifically, Radford was engaged to:

- provide data from a peer group of companies to serve as a basis for assessing competitive compensation practices;
- review and assess our current director, CEO and other executive officer compensation practices and equity profile relative to market practices;
- review and assess our current compensation programs relative to market to determine any changes that may need to be implemented in order to remain competitive with our peer group;
- review market practices on employee stock purchase plans and equity programs;
- review market practices on stock ownership guidelines for directors and executive officers; and
- monitor the performance of the company’s stock price relative to the Russell 3000 index in connection with the company’s performance-based restricted stock unit (“RSU”) program.

Radford representatives meet informally with the chair of the Compensation Committee and regularly with our Compensation Committee during its regular meetings, including in executive sessions from time to time without any members of management present. Radford works directly with our Compensation Committee (and not on behalf of management) to assist our Compensation Committee in satisfying its responsibilities and will undertake no projects for management without our Compensation Committee’s approval. No work performed by Radford during fiscal year 2018 raised a conflict of interest.

The Compensation Committee operates under a written charter that was adopted by our Board of Directors and satisfies the applicable standards of the SEC and the New York Stock Exchange. A copy of the Compensation Committee charter is posted under the “Investors” section on our website at <http://investor.modeln.com/govdocs>.

Nominating and Corporate Governance Committee

Each member of the Nominating and Corporate Governance Committee is independent within the meaning of New York Stock Exchange rules. The Nominating and Corporate Governance Committee met four times during fiscal year 2018. Among other matters, the Nominating and Corporate Governance Committee:

- makes recommendations to our Board of Directors regarding candidates for directorships;
- makes recommendations to our Board of Directors regarding the structure and composition of the board of directors and its committees;
- develops corporate governance guidelines and renew and assess corporate governance best practices; and
- makes recommendations to our Board of Directors concerning governance matters.

The Nominating and Corporate Governance Committee operates under a written charter that was adopted by our Board of Directors and satisfies the applicable standards of the SEC and the New York Stock Exchange. A copy of the Nominating and Governance Committee charter is posted under the “Investors” section on our website at <http://investor.modeln.com/govdocs>.

Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee is, or has at any time during the past year been, an officer or employee of ours. None of our executive officers currently serve, or in the past year has served, as a member of the board of directors or compensation committee of any other entity that has one or more executive officers serving on our Board of Directors or Compensation Committee.

Considerations in Evaluating Director Nominees

The Nominating and Corporate Governance Committee is responsible for identifying, evaluating and recommending candidates to the Board for Board membership. A variety of methods are used to identify and evaluate director nominees, with the goal of maintaining and further developing a diverse, experienced and highly qualified Board. Candidates may come to our attention through current members of our Board, professional search firms, stockholders or other persons.

The Nominating and Corporate Governance Committee will recommend to the Board for selection all nominees to be proposed by the Board for election by the stockholders, including approval or recommendation of a slate of director nominees to be proposed by the Board for election at each annual meeting of stockholders, and will recommend all director nominees to be appointed by the Board to fill interim director vacancies.

Director Qualifications

The Nominating and Corporate Governance Committee also reviews and recommends to the Board for determination the desired qualifications, expertise and characteristics of Board members, with the goal of developing a diverse, experienced and highly qualified Board. The Nominating and Corporate Governance Committee and the Board believe that candidates for director should have certain minimum qualifications, including, without limitation:

- demonstrated business acumen and leadership, and high levels of accomplishment;
 - ability to exercise sound business judgment and to provide insight and practical wisdom based on experience;
 - commitment to understand Model N and its business, industry and strategic objectives;
 - integrity and adherence to high personal ethics and values, consistent with our code of conduct;
 - ability to read and understand financial statements and other financial information pertaining to Model N;
 - commitment to enhancing stockholder value;
 - willingness to act in the interest of all stockholders; and
- for non-employee directors, independence under New York Stock Exchange listing standards and other applicable rules and regulations.

In the context of the Board's existing composition, other requirements that are expected to contribute to the Board's overall effectiveness and meet the needs of the Board and its committees may be considered.

In addition, under Model N's Corporate Governance Guidelines ("Guidelines"), a director is expected to spend the time and effort necessary to properly discharge such director's responsibilities. Accordingly, a director is expected to regularly attend meetings of the Board and committees on which such director sits, and to review prior to meetings material distributed in advance for such meetings. Thus, the number of other public company boards and other boards (or comparable governing bodies) on which a prospective nominee is a member, as well as his or her other professional responsibilities, will be considered. Also under the Guidelines, there are no limits on the number of three-year terms that may be served by a director. However, in connection with evaluating recommendations for nomination for re-election, director tenure is considered. Model N values diversity on a company-wide basis, but has not adopted a specific policy regarding Board diversity.

Stockholder Recommendations for Nominations to the Board of Directors

The Nominating and Corporate Governance Committee will consider properly submitted stockholder recommendations for candidates for our Board who meet the minimum qualifications as described above. The Nominating and Corporate Governance Committee does not intend to alter the manner in which it evaluates candidates, including the use of the minimum criteria set forth above, based on whether or not the candidate was recommended by a stockholder. A stockholder of record can nominate a candidate for election to the Board of Directors by complying with the procedures in Article I, Section 1.11 of our Bylaws. Any eligible stockholder who wishes to submit a nomination should review the requirements in the Bylaws on nominations by stockholders. Any nomination should be sent in writing to the Corporate Secretary, Model N, Inc., 777 Mariners Island Boulevard, Suite 300, San Mateo, California 94404. Submissions must include the full name of the proposed nominee, complete biographical information, a description of the proposed nominee's qualifications as a director, other information specified in our Bylaws, and a representation that the nominating stockholder is a beneficial or record holder of our stock and has been a holder for at least one year. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected. These candidates are evaluated at meetings of the Nominating and Corporate Governance Committee, and may be considered at any point during the year. If any materials are provided by a stockholder in connection with the recommendation of a director candidate, such materials are forwarded to the Nominating and Corporate Governance Committee.

All proposals of stockholders that are intended to be presented by such stockholder at an annual meeting of Stockholders must be in writing and notice must be delivered to the Corporate Secretary at the principal executive

offices of Model N not later than the close of business on the seventy-fifth (75th) day nor earlier than the close of business on the one hundred and fifth (105th) day prior to the first anniversary of the preceding year's annual meeting. Stockholders are also advised to review our Bylaws, which contain additional requirements with respect to advance notice of stockholder proposals and director nominations.

Non-Employee Director Compensation

Our non-employee directors are entitled to receive equity for their service as directors. Our Board of Directors has determined that the non-employee directors will receive an annual RSU grant with a value of \$100,000. In addition, non-employee directors are entitled to receive an annual RSU grant with a value of \$30,000 for service on our Board, which may be payable as cash at the election of the director, and an annual RSU grant with a value of \$20,000 for the chair of the Audit Committee, \$12,000 for the chair of the Compensation Committee and \$8,000 for the chair of the Nominating and Corporate Governance Committee, each of which may be payable as cash at the election of the director. In addition, non-employee directors will receive an annual RSU grant with a value of \$10,000 for serving on the Audit Committee, \$6,000 for serving on the Compensation Committee and \$4,000 for serving on the Nominating and Corporate Governance Committee, each of which may be payable as cash at the election of the director. In addition, the lead independent director, if any, is entitled to receive an annual RSU grant with a value of \$15,000, which may be payable as cash at the election of the lead independent director.

The following table presents the total compensation for each person who served as a non-employee member of our Board of Directors in the fiscal year ended September 30, 2018. Other than as set forth in the table and described more fully below, in the fiscal year ended September 30, 2018 we did not pay any fees to, make any equity awards or non-equity awards to, or pay any other compensation to, the non-employee members of our Board of Directors.

REPORT OF THE AUDIT COMMITTEE

With respect to Model N's financial reporting process, the management of Model N is responsible for (1) establishing and maintaining internal controls and (2) preparing Model N's consolidated financial statements. Model N's independent registered public accounting firm, PricewaterhouseCoopers LLP ("PwC"), is responsible for auditing these financial statements. It is the responsibility of the Audit Committee to oversee these activities. The Audit Committee does not itself prepare financial statements or perform audits, and its members are not auditors or certifiers of Model N's financial statements.

The Audit Committee has reviewed and discussed the audited financial statements for the year ended September 30, 2018 with Model N's management and with PwC, including the results of the independent registered public accounting firm's audit of Model N's financial statements. The Audit Committee has also discussed with PwC all matters that the independent registered public accounting firm was required to communicate and discuss with the Audit Committee, including the matters required to be discussed by Auditing Standard No. 1301, "Communications with Audit Committees."

The Audit Committee also has received and reviewed the written disclosures and the letter from PwC required by applicable requirements of the Public Company Accounting Oversight Board regarding PwC's communications with the Audit Committee concerning independence, and has discussed with PwC its independence from Model N, as well as any relationships that may impact PwC's objectivity and independence.

Based on the Audit Committee's review and discussions with Model N's management and independent registered public accountants discussed above, the Audit Committee recommends to the Board of Directors that the audited financial statements be included in Model N's Annual Report on Form 10-K for the fiscal year ended September 30, 2018, for filing with the Securities and Exchange Commission.

RELATED PERSON TRANSACTIONS

Other than the executive and director compensation arrangements, including the employment, termination of employment and change in control arrangements, discussed below under “Executive Compensation,” the indemnification arrangements with our executive officers and directors discussed below under “Employment Arrangements and Indemnification Agreements,” we were not party to any transactions since October 1, 2017 to which we have been a participant, in which the amount involved in the transaction exceeds or will exceed \$120,000 and in which any of our directors, executive officers, or holders of more than 5% of our common stock, or any immediate family member of, or person sharing the same household with, any of these individuals, had or will have a direct or indirect material interest.

Statement of Policy Regarding Related Person Transactions

As provided in the Audit Committee Charter, the Audit Committee of our Board of Directors must review and approve in advance any related party transaction. We have also adopted a related-party transactions policy under which our executive officers, directors, nominees for election as a director, beneficial owners of more than 5% of any class of our common stock, and any members of the immediate family of any of the foregoing persons are not permitted to enter into a related-party transaction with us without the consent of our Audit Committee. If the related party is, or is associated with, a member of our Audit Committee, the transaction must be reviewed and approved by another independent body of our Board of Directors. Any request for us to enter into a transaction with a related party in which the amount involved exceeds \$120,000 and such party would have a direct or indirect interest must first be presented to our Audit Committee for review and approval. If advance approval of a related-party transaction was not feasible or was not obtained, the related-party transaction must be submitted to the Audit Committee as soon as reasonably practicable, at which time the Audit Committee shall consider whether to ratify and continue, amend and ratify, or terminate or rescind such related party transaction.

It is our intention to ensure that all transactions between us and our officers, directors and principal stockholders and their affiliates, are approved by the Audit Committee of our Board of Directors, and are on terms no less favorable to us than those that we could obtain from unaffiliated third parties.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following Compensation Discussion and Analysis (“CD&A”) describes the philosophy, objectives and structure of our fiscal year 2018 executive compensation program. This includes discussion and background information regarding the compensation of our named executive officers (“NEOs”). This CD&A is intended to be read in conjunction with the tables immediately following this section, which provide further historical compensation information.

The following executive officers constituted our Named Executive Officers (“NEOs”) in the past fiscal year:

Jason Blessing ⁽¹⁾	Chief Executive Officer
David Barter	Senior Vice President and Chief Financial Officer
Russell Mellott	Senior Vice President and Chief Revenue Officer
Mark Anderson	Senior Vice President, Global Services
Neeraj Gokhale	Senior Vice President and Chief Product Officer
Zack Rinat ⁽¹⁾	Former Interim Chief Executive Officer and Chairman of the Board

Effective May 10, 2018, Mr. Blessing succeeded Zack Rinat as Chief Executive Officer of the Company. Also (1)effective on that date, Mr. Rinat resigned from the board of directors and Charles Robel succeeded him as Chairman of the Board.

I. Executive Summary

Our Compensation Committee believes that executive compensation should be linked to our overall financial performance, strategic success and shareholder returns. As such, our executive compensation program is designed to attract highly qualified individuals, retain those individuals in a competitive marketplace for executive talent and motivate performance in a manner that supports achievement of our mission of increasing shareholder value while ensuring that these programs do not encourage excessive risk-taking. We seek to align individual performance with long-term strategic business objectives and shareholder interests in a manner consistent with safe and sound business practices and sustainable financial performance. We believe our executive compensation program as developed and implemented, and as presented in this CD&A, achieves these objectives and is appropriate for a company in our industry and at our stage of growth.

Management Transition

Effective May 10, 2018, Jason Blessing was appointed our Chief Executive Officer and a Class III director, with a term expiring at the 2019 annual meeting of shareholders. Mr. Blessing succeeds Zack Rinat, who had re-assumed the CEO role on an interim basis in November 2016. Pursuant to an employment agreement, Mr. Blessing's initial compensation consisted of the following:

• An annual base salary of \$415,000

• Eligibility to receive a cash bonus of up to 100% of his base salary, based on certain performance criteria

• Restricted stock units (RSUs) valued at \$2,175,000, which will vest over four years, with 25% vesting on the first anniversary and 6.25% vesting quarterly thereafter

• Performance-based RSUs valued at \$2,175,000, that will vest 50% on the second and third anniversaries subject to the achievement of certain performance criteria.

In conjunction with his resignation as interim CEO, we entered into a transition letter agreement with Mr. Rinat, pursuant to which he provided transition advisory services to Model N for 90 days in exchange for continued payment of health benefits as well as newly issued shares of Model N stock with an aggregate value of \$10.3 million. This value was determined by the Board in consultation with its independent compensation adviser, Radford, and is based on his performance and contributions to the success of the Company during the transition period.

Except for an annual one-dollar salary, Mr. Rinat was compensated entirely in the form of performance-based restricted shares, with achievement entirely dependent upon our relative total shareholder return. These awards were structured with two and three-year performance periods, to promote Mr. Rinat's alignment with the long-term

performance of the Company and for retention purposes. At the time of the CEO transition, only one tranche of awards (out of six) from the past three grants had vested, and pursuant to the terms of the award, the remaining five unvested tranches were forfeited upon the transition.

Given Mr. Rinat's strong contributions and performance during the time he served as interim CEO, his continued dedication to the Company, and his decision to take only a one-dollar salary while serving as interim CEO, the Committee did not believe it was appropriate that the transition would result in the forfeiture of these awards. Therefore, the Committee and Radford reviewed pay data for CEOs at

peer companies and determined that the \$10.3 million was appropriate given his service time in the interim role and the desire to reward him appropriately for his dedication and the Company’s strong performance. In determining the \$10.3 million value, the Committee considered a competitive market pay assessment prepared by Radford which provided market data for the 25th, 50th and 75th percentiles. In light of the Company’s strong performance during Mr. Rinat’s tenure as well as Mr. Rinat’s contributions to that success, the Committee felt that pay for the period should be consistent with the 75th percentile of the competitive market, the value of which approximated \$10.3 million on a pro-rata basis. As an additional validation of the appropriateness of this value, the Committee considered the value of the outstanding performance-based equity awards based on actual performance, assuming both pro rata and full acceleration of the awards prior to finalizing its decision.

Pay Program Overview

Our compensation programs are designed to attract, motivate and retain qualified and talented executives, motivating them to achieve our business goals and rewarding them for superior short- and long-term performance. When doing this, our Compensation Committee is mindful to align the interests of our executives with those of our shareholders in order to attain our ultimate objective of driving long-term, sustainable shareholder value. The table below describes the primary elements of our executive compensation program for fiscal year 2018, and the purpose of each element of pay:

Base Salary	Base salaries are set to be competitive within our industry and are important in attracting and retaining talented executives. Base salaries may be adjusted based on numerous factors, including a change in an executive officer’s responsibilities, demonstrated performance or relevant market data.
Short-Term Incentives	Cash incentives reward the achievement of annual corporate and business goals, as well as personal objectives. In fiscal year 2018, our annual incentives were based on adjusted EBITDA, recurring revenue, and customer satisfaction goals.
Long-Term Incentive Equity	Long-term equity awards incentivize executives to deliver long-term shareholder value, while also providing a retention vehicle for our executive talent. In fiscal year 2018, we granted executives both time-vesting restricted stock units (“RSUs”) and performance-based RSUs.

Fiscal Year 2018 Target Pay Mix

Consistent with our philosophy of aligning executive pay with the short- and long-term performance of the Company, and to align the interests of management and shareholders, the Company’s compensation programs are designed to provide the majority of executive compensation in the form of variable, at-risk pay which is earned based on the Company’s performance. Our compensation committee thoughtfully employs the primary compensation elements described in the previous table to achieve these objectives. In fiscal year 2018, these elements were used to create target pay mixes for our executives as displayed here:

Compensation Risk-Management

Our pay-for-performance philosophy and compensation governance practices provide an appropriate framework to our executives to achieve our financial and strategic goals without encouraging them to take excessive risks in their business decisions. Some of our practices include:

- | | |
|------------------|---|
| What We Do | <ul style="list-style-type: none"> ü Pay-for-performance philosophy and culture ü Strong emphasis on performance-based incentive awards ü Responsible use of shares under our long-term incentive program ü Rigorous stock ownership requirements for all executives and non-executive directors ü Engage an independent compensation consultant ü Conduct annual shareholder outreach X No hedging and pledging of Company stock X No excise tax gross-ups |
| What We Don't Do | <ul style="list-style-type: none"> X No backdating or repricing of stock option awards X No supplemental executive retirement plans X No resetting of financial targets for performance-based incentive awards X No excessive perquisites |

II.Executive Compensation Philosophy and Objectives

We operate in a highly competitive and rapidly evolving market, and we expect competition to continue to increase. Our ability to compete and succeed in this environment is directly correlated to our ability to recruit, incentivize and retain talented individuals in the areas of research and development, services, sales, marketing, and support functions, such as Finance, IT and HR. The market for skilled individuals in each of these areas is very competitive. Our compensation philosophy is designed to establish and maintain a compensation program that attracts, retains, and rewards talented individuals who possess the skills necessary to create long-term value for our stockholders, expand our business and assist in the achievement of our strategic objectives.

In fiscal year 2018, our Compensation Committee reviewed and assessed our general compensation philosophy, which is intended to align with our core values, yearly performance, and our stockholder interests, as well as to effectively balance our short- and long-term objectives. The Compensation Committee believes that compensation should never impede our ability to do what is right for the business and that a great work environment needs to be supported by competitive pay practices and benefits. When determining the competitiveness of our pay practices, we look at the entire pay and benefit package, taking into account total compensation. Our total compensation package is designed to be competitive in the geographical locations where we do business, focused on results, and fair and flexible. The Compensation Committee recognizes the importance of providing fair rewards for employee contributions. In assessing the competitiveness of our compensation program, we reference the 50th percentile of the relevant competitive market, and make adjustments, either up or down, to reflect a variety of considerations, including individual performance, scope of responsibilities, criticality of position, retention considerations and internal equity considerations.

The Compensation Committee retains flexibility to review our compensation structure periodically as needed to focus on different business objectives and reviews our compensation programs at least annually.

Objectives for our Executive Compensation Programs

Consistent with our compensation philosophy, the primary goals of our executive compensation programs are to:

- Facilitate our ability to recruit, retain and motivate top talent;
- Align the interests of our executives with those of our stockholders;
- Provide differentiated pay for performance; and
- Balance short and long-term strategic objectives.

III. Compensation Determination Process

Role of Compensation Committee

Our Compensation Committee evaluates the performance of our Chief Executive Officer and approves the compensation for our Chief Executive Officer in light of the goals and objectives of our compensation program for that year. Our Compensation Committee annually assesses the performance of our other executives and approves the compensation of these executives. Our Compensation Committee does not delegate any of its responsibility to determine executive compensation.

Role of Management

At the request of our Compensation Committee, our Chief Executive Officer may attend a portion of our Compensation Committee meetings, including meetings at which our Compensation Committee's compensation consultants are present. This enables our Compensation Committee to review, with our Chief Executive Officer, the corporate and individual goals that the Chief Executive Officer regards as important to achieve our business objectives. Our Compensation Committee also requests that our Chief Executive Officer assesses the performance of certain other officers as deemed appropriate, including our other NEOs. In addition, our Compensation Committee may request certain other executives to provide input on executive compensation, including assessing individual performance and future potential, market data analyses and various compensation decisions relating to bonuses, equity awards and other pay during the year. None of our executives attends any portion of Compensation Committee meetings at which his or her compensation is discussed.

Role of Consultants

For compensation related decisions effective for fiscal year 2018, the Compensation Committee retained the services of Radford as independent executive compensation consultant to advise the Compensation Committee on compensation matters related to the executive and director compensation programs. In fiscal year 2018, Radford assisted the Compensation Committee with, among other things:

- Reviewing and modifying the compensation peer group;
- Reviewing and assessing our current compensation programs relative to the market to determine any changes that may need to be implemented in order to remain competitive with our peer group;
- Reviewing market practices on equity programs and making modifications to maintain competitiveness;
- Providing recommendations for our CEO pay package; and
- Drafting our Proxy Statement disclosures, including the Compensation, Discussion and Analysis section; and
- Information, commentary and insight on other compensation and governance-related matters as they arise.

Radford reported to and worked for the Compensation Committee (and not on behalf of management) to assist our Compensation Committee in satisfying its responsibilities and will undertake no projects for management without our Compensation Committee's approval. The Compensation Committee conducted a specific review of its relationship with Radford in fiscal year 2018, and determined that Radford's work for the Compensation Committee did not raise any conflicts of interest. Radford's work has conformed to the independence factors and guidance provided by the Dodd-Frank Act, the SEC and the NYSE.

Consideration of Compensation Risk

The Compensation Committee has reviewed and discussed the concept of risk as it relates to the Company's compensation policies and it does not believe that the Company's compensation policies encourage excessive or inappropriate risk taking.

The Compensation Committee has identified no material risks in the compensation programs in fiscal year 2018.

Use of Peer Group Data

With the assistance and recommendations of Radford, the Company has adopted a peer group of companies as a reference group to provide a broad perspective on competitive pay levels and practices. Peer companies were selected based on industry classification as well as company size in terms of revenue (approximately \$50 million to \$250 million) and market capitalization (up to approximately \$1.1 billion).

For fiscal year 2018, the Company's peer group consisted of the following 19 companies:

- AppFolio
- Bazaarvoice
- Benefitfocus
- Brightcove
- Callidus Software
- Carbonite
- ChannelAdvisor
- Five9
- Guidance Software
- LivePerson
- MobileIron
- PROS Holdings
- Qualys
- Rapid7
- ServiceSource International
- SPS Commerce
- TechTarget
- Telenav
- Vocera Communications

The Compensation Committee annually evaluates the peer group for suitability and modifies the peer group as needed. Our Compensation Committee utilizes this peer group data as one reference point along with various other factors, such as the individual's performance, experience, and competitive market conditions. As such, the Compensation Committee does not commit to setting our executive pay levels at any particular percentile of the peer group.

IV. Elements of Our Executive Compensation Program

The key elements of our executive compensation packages are base salary, annual cash bonuses, and equity-based awards. Our Compensation Committee believes that a combination of these elements offers the best approach to achieving our compensation goals, including attracting and retaining talented executives and motivating our executives and other officers to expend maximum effort to achieve our strategic business goals, including the creation of long-term, sustainable growth of shareholder value.

Base Salaries

We offer base salaries that are intended to provide a level of stable fixed compensation to executive officers for performance of day-to-day services. Base salaries for our executive officers are generally reviewed annually to determine whether an adjustment is warranted or required. In fiscal year 2018, the Compensation Committee reviewed the base salaries of our executive officers taking into consideration:

- compensation analysis performed by Radford
- scope of responsibilities
- skill set
- prior experience
- executive's time in his or her position
- recommendations of the CEO, and
- market conditions generally.

For fiscal year 2018, annualized base salaries for our named executive officers were as follows:

Executive	2018 Base Salary
Jason Blessing	\$415,000
David Barter	\$310,000
Russell Mellott	\$300,000
Mark Anderson	\$300,000
Neeraj Gokhale	\$300,000

Zack Rinat \$1

Annual Cash Bonuses

We provide our executive officers, including the named executive officers, with the opportunity to annually earn cash bonuses to encourage the achievement of corporate and individual objectives and to reward those individuals who significantly impact our corporate results. The Compensation Committee determines and approves cash bonus decisions for our executive officers in its sole discretion based on a variety of factors, including performance versus certain company performance metrics, as described below, as well as individual performance.

Executive Bonus Opportunities

Zack Rinat, our former Chief Executive Officer, did not participate in the bonus plan applicable to fiscal year 2018. For other executives, bonus opportunities were as follows:

Executive	FY2018	
	Target	Opportunity
	(as a % of base salary)	
Jason Blessing	100	%
David Barter	50	%
Russell Mellott	83	%
Mark Anderson	50	%
Neeraj Gokhale	50	%
Zack Rinat	—	

Payouts are limited to 200% of target.

Fiscal Year 2018 Performance Metrics and Actual Results

The bonus plan applicable to fiscal year 2018 was based on the attainment of a target level of adjusted earnings before interest, taxes, depreciation and amortization (“EBITDA”), recurring revenue and customer satisfaction, subject to an individual performance factor as determined by our Chief Executive Officer and the Compensation Committee.

Metric	Weighting	Performance Goals			FY2018
		Threshold (80%)	Target (100%)	Maximum (200%)	Actual Results
Adjusted EBITDA	37.5 %	\$6,000,000	\$7,000,000	\$12,000,000	\$11,472,000
Recurring Revenue	37.5 %	N/D	N/D	N/D	N/D
Customer Satisfaction	25 %	(17)%	(12)%	13.0	% (9.4)%

The Compensation Committee approved these performance metrics since, in its view, these were the best indicators of the successful execution of our annual operating plan and that achieving the target level of adjusted EBITDA, recurring revenue and customer satisfaction would require a focused and consistent effort by our executive officers throughout the fiscal year. The Compensation Committee may adjust these objective payouts upward or downward based on an assessment of individual performance as well as the Chief Executive Officer’s input.

The company has chosen not to disclose our recurring revenue targets since it is an internal metric primarily used to assess sales compensation, and the company believes that the disclosure of such information would cause competitive harm without adding meaningfully to the understanding of its business. However, like performance targets for all metrics, the Compensation Committee has set performance goals at definitive, rigorous and objective levels so as to require significant effort and achievement by our executive team to be attained.

Fiscal Year 2018 Earned Incentives

Based on our performance, as well assessment of individual executive contributions, the Compensation Committee, in its sole discretion, awarded the following bonuses for fiscal year 2018:

Executive	FY2018 Target Opportunity (as a % of base salary)	FY2018 Base Salary	FY2018 Earned Incentives	
			%	\$
Jason Blessing	100%	\$ 415,000	100%	\$ 163,036
David Barter	50%	\$ 310,000	100%	\$ 155,000
Russell Mellott	83%	\$ 300,000	72 %	\$ 179,773
Mark Anderson	50%	\$ 300,000	87 %	\$ 130,222
Neeraj Gokhale	50%	\$ 300,000	100%	\$ 150,000
Zack Rinat	–	\$ 1	–	–

*Mr. Blessing's earned incentives were prorated based on his start date, which was on May 10, 2018.

Equity-Based Awards

We use equity awards to motivate and reward our executive officers, including our named executive officers, for long-term corporate performance and to align the interests of our executive officers with those of our stockholders. Consistent with market practice in technology companies, our long-term incentive program is comprised entirely of full-value equity vehicles, namely time-based and performance-based restricted stock units (“RSUs”). We award RSUs so as to reduce short-term dilution and stock plan share utilization, while providing a long-term, retentive element to the executive pay package. We incorporate performance-based RSUs into the program to further enhance the alignment between pay and the long-term performance of our company.

Fiscal Year 2018 Equity Awards

In fiscal year 2018, consistent with past practice, we granted our executives a mix of performance-based and time-based RSUs as follows:

Executive	Time-based Performance-based	
	RSUs (#)	RSUs (#)
Jason Blessing ⁽¹⁾	120,913	120,913
David Barter	14,048	14,048
Russell Mellott	12,084	12,084
Mark Anderson	9,063	9,063
Neeraj Gokhale	7,975	7,975
Zack Rinat	–	155,903

Mr. Blessing was granted 120,913 performance-based RSUs and 120,913 time-based RSUs as an initial equity (1) grant upon joining the Company on May 10, 2018. Commencing in fiscal year 2019, Mr. Blessing will be eligible for annual equity grants as part of the ordinary granting cycle.

Performance-based RSUs

The performance-based RSUs vest over a three-year period with 50% vesting on the second and third annual anniversaries of the vesting commencement date. Subject to achievement of certain minimum performance criteria based upon total shareholder return, the performance-based RSUs may vest between a minimum of 0% and a maximum of 200%.

For 2018, our performance-based RSUs were based off relative performance to the Russell 3000 index, with the following potential payouts:

TSR Percentile Ranking	Performance Factor
> 90 th %ile	2.0
80 th %ile	1.75
70 th %ile	1.5
60 th %ile	1.25
50 th %ile	1.0
40 th %ile	0.75
30 th %ile	0.5
< 30 th %ile	0.0

Note: If TSR for a performance period is negative, the maximum payout for that period is 100% of target.

Time-based RSUs

The time-based RSUs generally vest over a four-year period with 6.25% vesting each quarter. Mr. Blessing's initial grant of time-based RSUs vest as to 25% upon the first annual anniversary of the vesting commencement date and 6.25% vesting each quarter thereafter. The vesting of these awards will also accelerate by 100% of the remaining unvested shares in the event of a qualifying termination of employment within 12 months of a change in control of Model N.

V. Additional Policies and Practices

Our named executive officers are entitled to participate in the same employee benefit plans, and on the same terms and conditions, as all other United States full-time employees.

These employment engagements were each subject to execution of our standard confidential information and invention assignment agreement.

Zack Rinat

On May 6, 2018, in connection with the appointment of Mr. Blessing, Mr. Rinat resigned as interim Chief Executive Officer and as a director, in each case, effective May 10, 2018. In connection with the transition of the Chief Executive Officer role, Model N entered into a transition letter agreement with Mr. Rinat, pursuant to which he provided transition advisory services to Model N for 90 days in exchange for continued payment of health benefits through such period and, subject to the performance of his transition services and release and waiver of claims, Mr. Rinat (i) will receive continued health benefits through May 10, 2020, subject to certain exceptions, and (ii) received newly issued shares of Model N's common stock having an aggregate value of \$10.3 million, which reflects the Board's determination, in consultation with compensation advisors, of Mr. Rinat's total compensation based on his performance under his existing equity grants, including his significant contributions to Model N, in each case, since February 2016 through the end of his advisory services. Mr. Rinat's unvested equity from prior grants were cancelled.

Change in Control

Generally, our equity award agreements with each of our named executive officers provide for acceleration of vesting of 100% of the unvested shares of our common stock underlying such equity awards in the event of an involuntary termination of employment (as such term is defined in the stock option agreement) within 12 months following a change in control in our company. In addition, our equity award agreements with our non-employee directors generally provide for acceleration of vesting of 100% of the unvested shares of our common stock underlying such equity awards in the event of a change in control of our company. In the event one of our named executive officers was terminated, he would also be able to exercise any previously vested stock options that he held.

In addition to our equity award agreements, our standard form of Change in Control and Severance Agreement ("Severance Agreement") with each of our named executive officers provide that in exchange for a customary release of claims, upon a qualifying termination, which means a termination by us without "cause" or a termination by the executive officer for "good reason," outside of a "change in control" (each as defined in the Severance Agreement): (i) a lump sum severance payment of six months of base salary and (ii) payment of premiums for continued medical benefits (or equivalent cash payment if applicable law so requires) for up to six months will be paid by Model N. If the executive officer is subject to a qualifying termination within the 12 months following a change in control, the Severance Agreement provides the following benefits to such individual in exchange for a customary release of claims: (i) a lump sum severance payment of six months base salary, (ii) 100% acceleration of any then-unvested equity awards and (iii) payment of premiums for continued medical benefits (or equivalent cash payment if applicable law so requires) for up to six months.
