**Item 1.01 Entry into a Material Definitive Agreement.**

On December 29, 2017, Net Element, Inc. (the “Company”), entered into, and consummated the transactions contemplated by, a Unit Purchase Agreement (the “Purchase Agreement”) with certain accredited investor (the “Investor”) named in the Purchase Agreement. Pursuant to the Purchase Agreement, on December 29, 2017 (the “Closing Date”), the Company sold to the Investor (the “Private Placement”) (i) an aggregate of 350,553 shares of Company common stock, par value \$0.0001, at a purchase price of \$11.12 per share (i.e., a price equal to the Company’s consolidated closing bid price per share as reported by the Nasdaq); (ii) an aggregate of 404,676 five-year warrants to purchase shares of Company common stock (the “Purchase Warrants”) at a purchase price of \$0.125 per share and exercise price of \$11.12 per share; and (iii) an aggregate of 323,907 five-year pre-paid warrants to purchase shares of Company common stock (the “Pre-Funded Warrants”) with exercise price of \$0.01 per share (collectively, the “Securities”). The aggregate purchase price for the Securities was \$7,550,585.

The Company will not issue any shares of our common stock under the Purchase Agreement, nor shall the Purchase Warrant and/or the Pre-Funded Warrant be exercisable, if such shares proposed to be issued and sold (including the shares issuable upon exercise of the Purchase Warrants and/or the Pre-Funded Warrants), when aggregated with all other shares of the Company common stock then owned beneficially (as calculated pursuant to Section 13(d) of the Exchange Act of 1934, as amended, and Rule 13d-3 promulgated thereunder) by the Investor and its affiliates would result in the beneficial ownership by the Investor and its affiliates of more than 9.99% of the then issued and outstanding shares of the Company common stock. Subject to certain exclusions, the Purchase Agreement contains certain restrictions on future equity fundings, including issuances without the Investor’s consent of any securities convertible into the Company’s common until 30 days after the resale registration statement for the Securities purchased by the Investor (the “Registration Statement”) has been declared effective by the SEC and any floating conversion rate or variable priced securities convertible into the Company’s common stock until six months after the Registration Statement has been declared effective by the SEC. The Investor represented to the Company in the Purchase Agreement that neither it nor any of its agents, representatives and affiliates engaged prior to the Closing Date in any direct or indirect short-selling or hedging of the Company’s common stock.

There are no limitations on use of proceeds in the Purchase Agreement. Any proceeds from the Company receives under the Purchase Agreement are expected to be used for working capital and general corporate purposes, including, but not limited to, the continued development of the Company's blockchain-focused unit, the Company’s growth initiatives and potential acquisitions.

Noting contained in this Current Report on Form 8-K constitutes an offer to sell the Company’s securities, and is not a solicitation for an offer to purchase the Company’s securities. Any securities offered or sold pursuant to the Private Placement or any agreement related thereto have not been registered under the Act, and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements.

Edgar Filing: Net Element, Inc. - Form 8-K

The issuance of the Securities to the Investor under the Purchase Agreement is exempt from registration under the Securities Act, pursuant to the exemption for transactions by an issuer not involving any public offering under Section 4(a)(2) of the Securities Act of 1933, as amended (the “1933 Act”), and/or Rule 506 of Regulation D promulgated under the 1933 Act.

As contemplated by the Purchase Agreement, on the Closing Date, the Company entered into registration rights agreement with the Investor (the “Registration Rights Agreement”). The Registration Rights Agreement (i) requires the Company to file within 21 days of the Closing Date (the “Filing Deadline”) the Registration Statement for the Securities purchased by the Investor in the Private Placement and (ii) grants certain piggyback rights thereunder. The Registration Rights Agreement requires the Company to use its commercially reasonable efforts to cause the Registration Statement to become effective as promptly thereafter as practicable but in any event not later than 90 days after the Closing Date (the “Effectiveness Deadline”). If the Company fails to meet the Filing Deadline or the Effectiveness Deadline, subject to certain terms provided for in the Registration Rights Agreement, the Company will be required to pay liquidated damages to the Investor. The Registration Rights Agreement provides for customary indemnification and contribution provisions. In the event the Investor no longer holds “Registrable Securities,” as defined in the Registration Rights Agreements or when the Registrable Securities may be resold by the Investor pursuant to Rule 144 promulgated under the 1933 Act, the Company may not be obligated to cause the declaration of effectiveness of the Registration Statement by the SEC.

The foregoing is a summary description of certain terms of the Purchase Agreement and the Registration Rights Agreement and, by its nature, is incomplete. Copies of the Purchase Agreement and Registration Rights Agreement are filed herewith as Exhibits 10.1 and 4.1, respectively, to this Current Report on Form 8-K and are incorporated herein by reference.
