which have been registered under the Securities Act of 1933, as amended (the Securities Act) (the 2024 notes exchange offer)

and

All Outstanding

4.750% Senior Notes due 2026 (\$500,000,000 principal amount outstanding) (the 2026 outstanding notes and, together with the unregistered 2024 outstanding notes, the outstanding notes)

for 4.750% Senior Notes due 2026 (the 2026 exchange notes and, together with the new 2024 exchange notes, the exchange notes)

which have been registered under the Securities Act (the 2026 notes exchange offer and, together with the 2024 notes exchange offer, the exchange offers and each an exchange offer)

We are conducting the exchange offers in order to provide you with an opportunity to exchange your unregistered notes for freely tradable notes that have been registered under the Securities Act.

The Exchange Offers:

We will exchange all outstanding notes that are validly tendered and not validly withdrawn for an equal principal amount of exchange notes of the corresponding series that are freely tradable.

You may withdraw tenders of outstanding notes at any time prior to the expiration date of the applicable exchange offer.

The exchange offers expire at 5:00 p.m., New York City time, on February 10, 2017, unless extended. We do not currently intend to extend the expiration date of the exchange offers.

The exchange of outstanding notes for exchange notes of the corresponding series in the applicable exchange offer will not be a taxable event for U.S. federal income tax purposes.

We will not receive any proceeds from the exchange offers.

The Exchange Notes:

The exchange notes are being offered in order to satisfy certain of our obligations under the registration rights agreements entered into in connection with the private offerings of the outstanding notes.

The terms of the exchange notes to be issued in the exchange offers are substantially identical to the outstanding notes of the corresponding series, except that the exchange notes will be freely tradable.

The unregistered 2024 outstanding notes were issued as additional notes under the indenture pursuant to which we issued \$400,000,000 aggregate principal amount of 5.125% Senior Notes due 2024 on December 17, 2015 that were subsequently exchanged for substantially identical notes in the same amount in an offering registered under the Securities Act on April 6, 2016 (the existing 2024 exchange notes). The new 2024 exchange notes are expected to have the same CUSIP and ISIN numbers as, and are expected to be fungible with, the existing 2024 exchange notes.

Each domestic subsidiary of Aramark Services, Inc. that guarantees the senior secured credit facilities of Aramark Services, Inc., the 2020 notes (as defined herein) and the existing 2024 exchange notes will unconditionally guarantee the exchange notes with guarantees that will rank equal in right of payment to all of the senior obligations of such guarantor.

Resales of the Exchange Notes:

The exchange notes may be sold in the over-the-counter-market, in negotiated transactions or through a combination of such methods. We do not plan to list the exchange notes on a national market.

All untendered outstanding notes will continue to be subject to the restrictions on transfer set forth in the outstanding notes of the corresponding series and in the applicable indenture. In general, the outstanding notes may not be offered or sold, unless registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. Other than in connection with the exchange offers, we do not currently anticipate that we will register resales of the outstanding notes under the Securities Act.

See Risk Factors beginning on page 22 for a discussion of certain risks that you should consider before participating in the applicable exchange offer.

Each broker-dealer that receives exchange notes for its own account in the exchange offers must acknowledge that it will deliver a prospectus in connection with any resale of those exchange notes. The letter of transmittal states that by so acknowledging and delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for outstanding notes where such outstanding notes were acquired by such broker-dealer as a result of market-making activities or other trading activities.

We have agreed that, for a period of 90 days after the consummation of the exchange offers, we will make this prospectus available to any broker-dealer for use in connection with any such resale. See Plan of Distribution.

Neither the Securities and Exchange Commission (the SEC) nor any state securities commission has approved or disapproved of the exchange notes to be distributed in the exchange offers or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

The date of this prospectus is January 12, 2017.

PRESENTATION OF FINANCIAL AND OTHER INFORMATION

In this prospectus, we use certain measures that we refer to as Covenant EBITDA and Covenant Adjusted EBITDA. Covenant EBITDA and Covenant Adjusted EBITDA are measures of Aramark Services, Inc. and its restricted subsidiaries only and do not include the results of Aramark. Covenant EBITDA is defined as net income (loss) of Aramark Services, Inc. and its restricted subsidiaries plus interest and other financing costs, net, provision (benefit) for income taxes, and depreciation and amortization. Covenant Adjusted EBITDA is defined as Covenant EBITDA, further adjusted to give effect to adjustments required in calculating covenant ratios and compliance under the senior secured credit agreement (as defined herein), the indenture governing the 2020 notes, the indenture governing the existing 2024 exchange notes, the unregistered 2024 outstanding notes and the 2024 exchange notes (collectively, the 2024 notes) and the indenture governing the 2026 outstanding notes and the 2026 exchange notes (together, the 2026 notes and, collectively with the 2024 notes, the notes). See Description of Other Indebtedness, Description of the 2024 Notes and Description of the 2026 Notes. These measures are derived on the basis of methodologies other than in accordance with U.S. generally accepted accounting principles (GAAP).

Our presentation of Covenant EBITDA and Covenant Adjusted EBITDA has limitations as an analytical tool, and should not be considered in isolation or as a substitute for analysis of our results as reported under GAAP. You should not consider these measures as alternatives to net income or operating income determined in accordance with GAAP. Covenant EBITDA and Covenant Adjusted EBITDA, as presented by us, may not be comparable to other similarly titled measures of other companies because not all companies use identical calculations.

For a reconciliation of net income attributable to Aramark Services, Inc. stockholder, which is a GAAP measure of Aramark Services, Inc. s operating results, to Covenant EBITDA and Covenant Adjusted EBITDA, see Summary Summary Consolidated Financial Data in this prospectus.

MARKET AND INDUSTRY DATA

The data included or incorporated by reference in this prospectus regarding sectors, geographies and ranking, including the size of certain sectors and geographies and our position and the position of our competitors within these sectors and geographies, are based on our management s knowledge and experience in the sectors and geographies in which we operate. We believe these estimates to be accurate as of the date of this prospectus. However, this information may prove to be inaccurate because of the method by which we obtained some of the data for the estimates or because this information cannot always be verified with complete certainty due to the limits on the availability and reliability of raw data, the voluntary nature of the data gathering process and other limitations and uncertainties. As a result, you should be aware that market, ranking and other similar industry data included or incorporated by reference in this prospectus, and estimates and beliefs based on that data, may not be reliable. While we believe internal company research is reliable, such research has not been verified by any independent source.

STATEMENTS REGARDING FORWARD LOOKING INFORMATION

This prospectus contains and incorporates by reference forward-looking statements within the meaning of the federal securities laws that involve risks and uncertainties, including statements found in Item 1. In addition, we, through our senior management, from time to time make forward-looking public statements concerning our expected future operations and performance and other developments. These forward-looking statements are subject to risks and uncertainties that may change at any time, and, therefore, our actual results may differ materially from those that we expected. We derive many of our forward-looking statements from our operating budgets and forecasts, which are based upon many detailed assumptions. While we believe that our assumptions are reasonable, we caution that it is very difficult to predict the impact of known factors, and, of course, it is impossible for us to anticipate all factors that could affect our actual results. Important factors that could cause actual results to differ materially from our expectations (cautionary statements) are disclosed under Risk Factors and elsewhere in or incorporated by reference in this prospectus, including, without limitation, in conjunction with the forward-looking statements included or incorporated by reference in this prospectus. Some of the factors that we believe could affect our results include without limitation:

debt agreements that limit our flexibility in operating our business; and

other factors set forth under **Risk Factors** or incorporated by reference in this prospectus.

We caution you that the foregoing list of important factors may not contain all of the material factors that are important to you. In addition, in light of these risks and uncertainties, the matters referred to in the forward-looking statements contained or incorporated by reference in this prospectus may not in fact occur. We undertake no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future developments, changes in our expectations, or otherwise, except as required by law.

Our Company

We are a leading global provider of food, facilities and uniform services to education, healthcare, business & industry, and sports, leisure & corrections clients. Our core market is North America (composed of the United States and Canada), which is supplemented by an additional 17-country footprint. We hold the #2 position in North America in food and facilities services as well as uniform services based on total sales in fiscal 2016. Internationally, we hold a top 3 position in food and facilities services based on total sales in fiscal 2016 in most countries in which we have significant operations, and are one of only 3 food and facilities competitors with our combination of scale, scope, and global reach. Through our established brand, broad geographic presence and approximately 266,500 employees, we anchor our business in our partnerships with thousands of education, healthcare, business and sports, leisure & corrections clients. Through these partnerships we serve millions of consumers including students, patients, employees, sports fans and guests worldwide. In fiscal 2016, we generated sales of \$14,415.8 million, operating income of \$746.3 million and net income of \$288.2 million.

We operate our business in three reportable segments that share many of the same operating characteristics: Food and Support Services North America (FSS North America), Food and Support Services International (FSS International) and Uniform and Career Apparel (Uniform). Both FSS North America and Uniform have significant scale. The following chart shows a breakdown of our sales and operating income by our reportable segments:

Food and Support Services

Our Food and Support Services segments manage a number of interrelated services-including food, hospitality and facility services-for school districts, colleges & universities, healthcare facilities, businesses, sports, entertainment & recreational venues, conference & convention centers, national & state parks and correctional institutions.

We are the exclusive provider of food and beverage services at most of the locations we serve and are responsible for hiring, training and supervising the majority of the food service personnel in addition to ordering, receiving, preparing and serving food and beverage items sold at those facilities. Our facilities services capabilities are broad, and include plant operations and maintenance, custodial/housekeeping, energy management, clinical equipment maintenance, grounds keeping, and capital project management. In governmental, business, educational and healthcare facilities (for example, offices and industrial plants, schools and universities and hospitals), our clients provide us with a captive client base through their on-site employees, students and patients. At sports, entertainment and recreational facilities, our clients attract patrons to their site, usually for specific events such as sporting events and conventions.

We manage our Food and Support Services business in two geographic reportable segments split between our North America and International operations. Resale

Based on interpretations by the staff of the SEC set forth in no-action letters issued to third parties referred to below, we believe that you may resell or otherwise transfer exchange notes issued in the exchange offers without complying with the registration and prospectus delivery requirements of the Securities Act, if:

If you are not acquiring the exchange notes in the ordinary course of your business, or if you are engaging in, intend to engage in, or have any arrangement or understanding with any person to participate in, a distribution of the exchange notes, or if you are an affiliate of Aramark, then:

1. you cannot rely on the position of the staff of the SEC enunciated in Morgan Stanley & Co., Inc. (available June 5, 1991), Exxon Capital

Holdings Corporation (available May 13, 1988), as interpreted in the SEC's letter to Shearman & Sterling, dated July 2, 1993, or similar no-action letters; and

2. in the absence of an exception from the position of the SEC stated in (1) above, you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale or other transfer of the exchange notes.

If you hold outstanding notes through The Depository Trust Company (DTC) and wish to participate in the exchange offers, you must comply with the Automated Tender Offer Program procedures of DTC.

Table of Contents

By signing, or agreeing to be bound by, the letter of transmittal, you will represent to us that, among other things:

1. you are acquiring the exchange notes in the ordinary course of your business;
2. you do not have an arrangement or understanding with any person to participate in a distribution of the exchange notes;
3. you are not an affiliate of the issuer within the meaning of Rule 405 under the Securities Act; and
4. you are not engaged in, and do not intend to engage in, a distribution of the exchange notes.

If you are a broker-dealer and receive exchange notes for your own account in exchange for outstanding notes that you acquired as a result of market-making or other trading activities, you must represent to us that you will deliver a prospectus, as required by law, in connection with any resale or other transfer of such exchange notes.

Special procedures for beneficial owners

If you are a beneficial owner of outstanding notes that are held in the name of a broker, dealer, commercial bank, trust company or other nominee, and you wish to tender those outstanding notes in the applicable exchange offer, you should contact such person promptly and instruct such person to tender those outstanding notes on your behalf.

Guaranteed delivery procedures

registration rights agreement. Accordingly, we will not be obligated to pay additional interest as described in the registration rights agreements. If you do not tender your outstanding notes in the applicable exchange offer, you will continue to be entitled to all the rights and limitations applicable to the outstanding notes as set forth in the applicable indenture, except we will not have any further obligation to you to provide for the registration of the outstanding notes under the applicable registration rights agreement and we will not be obligated to pay additional interest as described in the registration rights agreements. See Registration Rights.

To the extent that outstanding notes are tendered and accepted in the exchange offers, the trading market for outstanding notes could be adversely affected.

Consequences of failure to exchange

All untendered outstanding notes will continue to be subject to the restrictions on transfer set forth in the outstanding notes and in the applicable indenture. In general, the outstanding notes may not be offered or sold, unless registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. Other than in connection with the exchange offers, we do not currently anticipate that we will register the outstanding notes under the Securities Act.

Guarantees

The 2024 exchange notes are guaranteed on an unsecured senior basis by Aramark, the indirect parent company of the issuer, and each wholly-owned domestic subsidiary of the issuer that guarantees our senior secured credit facilities, the 2020 notes and the 2026 notes. All of the issuer's domestic subsidiaries, other than its receivables facility subsidiary and certain immaterial subsidiaries, are guarantors of the 2024 notes.

Our non-guarantor subsidiaries accounted for \$3,720.0 million, or approximately 25.8%, of our sales and \$163.3 million, or approximately 21.9%, of our operating income, in each case for fiscal 2016, and \$2,816.0 million, or approximately 26.6%, of our total assets and \$1,245.6 million (excluding intercompany liabilities), or approximately 14.8%, of our total liabilities, in each case as of September 30, 2016.

Ranking

The existing 2024 exchange notes are and the new 2024 exchange notes will be our senior unsecured obligations and:

rank and will rank equal in right of payment to all of our existing and future unsecured senior debt, including our senior secured credit facilities, the 2020 notes and the 2026 notes; and

are and will be effectively subordinated to all of our existing and future secured debt (including obligations under our senior secured credit facilities), to the extent of the value of the assets securing such debt, and are structurally subordinated to all of our obligations of each of our subsidiaries that is not a guarantor of the 2024 exchange notes.

Similarly, each of the subsidiary guarantees are and will be a senior unsecured obligation of the applicable guarantor and:

rank and will rank equal in right of payment to all of the applicable guarantor s existing and future senior debt and other obligations that are not, by their terms, expressly subordinated in right of payment to the 2024 exchange notes, including their guarantees of the senior secured credit facilities, the 2020 notes and the 2026 notes; and

structurally subordinated to all obligations of any subsidiary of a guarantor if that subsidiary is not also a guarantor of the 2024 exchange notes.

As of September 30, 2016, (1) the exchange notes, the existing 2024 exchange notes and related subsidiary guarantees would have ranked effectively junior to approximately \$3,637.7 million (net of original issue discount and debt issuance costs) of senior secured indebtedness (including \$78.6 million of payment obligations relating to capital lease obligations and \$268.0 million under our receivables facility) and (2) we had \$713.5 million of unutilized capacity under our revolving credit facility available to us, all of which are secured.

("Moody's") and no default has occurred and is continuing, certain covenants relating to the 2024 exchange notes will be suspended. If either rating should subsequently decline below investment grade, such suspended covenants relating to the 2024 exchange notes will be reinstated.

Absence of public market for the notes

There is currently no established trading market for the new 2024 exchange notes and there is only a limited market for the existing 2024 exchange notes. Accordingly, there can be no assurance as to the development or liquidity of an active public market for the 2024 exchange notes. The initial purchasers in the private offerings of the outstanding notes have informed us that they currently intend to make a market in the exchange notes; however, they are not obligated to do so, and they may discontinue any such market-making activities at any time without notice. We do not intend to apply for a listing of the 2024 exchange notes on any securities exchange or automated dealer quotation system.

RISK FACTORS

In addition to the other information contained in this prospectus and the information incorporated by reference herein, you should carefully consider the following factors before participating in the exchange offers. In addition to the risk factors set forth below, please read the information included or incorporated by reference under Item 1A. Risk Factors in Aramark's Fiscal 2016 10-K. Additional risks and uncertainties not currently known to us or those we currently view to be immaterial may also materially and adversely affect our business, financial condition or results of operations. Any of the following risks could materially and adversely affect our business, financial condition or results of operations. In such a case, you may lose all or part of your original investment.

Risks Related to Our Indebtedness

Our leverage could adversely affect our ability to raise additional capital to fund our operations, limit our ability to react to changes in the economy or our industries, expose us to interest rate risk to the extent of our variable rate debt and prevent us from meeting our obligations.

We are highly leveraged. As of September 30, 2016, our outstanding indebtedness was \$5,270.0 million. We also had additional availability of \$713.5 million under our revolving credit facilities as of that date.

This degree of leverage could have important consequences, including:

exposing us to the risk of increased interest rates as certain of our borrowings, including borrowings under our senior secured credit facilities and our receivables facility, are at variable rates of interest;

making it more difficult for us to make payments on our indebtedness;

increasing our vulnerability to general economic and industry conditions;

requiring a substantial portion of cash flow from operations to be dedicated to the payment of principal and interest on our indebtedness, thereby reducing our ability to use our cash flow to fund our operations, capital expenditures and future business opportunities;

restricting us from making strategic acquisitions or causing us to make non-strategic divestitures;

limiting our ability to obtain additional financing for working capital, capital expenditures, debt service requirements, acquisitions and general corporate or other purposes; and

limiting our ability to adjust to changing market conditions and placing us at a competitive disadvantage compared to our competitors who are less highly leveraged.

We and our subsidiaries may be able to incur substantial additional indebtedness in the future, subject to the restrictions contained in the senior secured credit agreement and the indentures governing the 2020 notes, the 2024 notes and the 2026 notes. If new indebtedness is added to our current debt levels, the related risks that we now face could increase.

If our financial performance were to deteriorate, we may not be able to generate sufficient cash to service all of our indebtedness and may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful.

Our ability to make scheduled payments on or to refinance our debt obligations depends on our financial condition and operating performance, which is subject to prevailing economic and competitive conditions and to certain financial, business and other factors beyond our control. While we believe that we currently have adequate cash flows to service our indebtedness, if our financial performance were to deteriorate significantly, we might be unable to maintain a level of cash flows from operating activities sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness.

Table of Contents

If, due to such a deterioration in our financial performance, our cash flows and capital resources were to be insufficient to fund our debt service obligations, we may be forced to reduce or delay investments and capital expenditures, or to sell assets, seek additional capital or restructure or refinance our indebtedness. These alternative measures may not be successful and may not permit us to meet our scheduled debt service obligations. In addition, if we were required to raise additional capital in the current financial markets, the terms of such financing, if available, could result in higher costs and greater restrictions on our business. In addition, although none of our long-term borrowings mature prior to 2019, if we were to need to refinance our existing indebtedness, the conditions in the financial markets at that time could make it difficult to refinance our existing indebtedness on acceptable terms or at all. If such alternative measures proved unsuccessful, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt service and other obligations. The senior secured credit agreement and the indentures governing the 2020 notes, the 2024 notes and the 2026 notes restrict our ability to dispose of assets and use the proceeds from any disposition of assets and to refinance our indebtedness. We may not be able to consummate those dispositions or to obtain the proceeds that we could realize from them and these proceeds may not be adequate to meet any debt service obligations then due.

Our debt agreements contain restrictions that limit our flexibility in operating our business.

The senior secured credit agreement and the indentures governing the 2020 notes, the 2024 notes and the 2026 notes contain various covenants that limit our ability to engage in specified types of transactions. These covenants limit our and our restricted subsidiaries' ability to, among other things:

incur additional indebtedness, refinance or restructure indebtedness or issue certain preferred shares;

pay dividends on, repurchase or make distributions in respect of our capital stock, make unscheduled payments on our notes, repurchase or redeem our senior notes or make other restricted payments;

make certain investments;

sell certain assets;

create liens;

consolidate, merge, sell or otherwise dispose of all or substantially all of our assets; and

enter into certain transactions with our affiliates.

In addition, our senior secured revolving credit facility requires us to satisfy and maintain specified financial ratios and other financial condition tests. Our ability to meet those financial ratios and tests can be affected by events beyond our control, and in the event of a significant deterioration of our financial performance, there can be no assurance that we will satisfy those ratios and tests. A breach of any of these covenants could result in a default under the senior secured credit agreement. Upon our failure to maintain compliance with these covenants that is not waived by the

lenders under the revolving credit facility, the lenders under the senior secured credit facilities could elect to declare all amounts outstanding under the senior secured credit facilities to be immediately due and payable and terminate all commitments to extend further credit under such facilities. If we were unable to repay those amounts, the lenders under the senior secured credit facilities could proceed against the collateral granted to them to secure that indebtedness. We have pledged a significant portion of our assets as collateral under the senior secured credit agreement. If the lenders under the senior secured credit facilities accelerate the repayment of borrowings, there can be no assurance that we will have sufficient assets to repay those borrowings, as well as our unsecured indebtedness. If our senior secured indebtedness was accelerated by the lenders as a result of a default, the 2020 notes, the 2024 notes and the 2026 notes may become due and payable as well. Any such acceleration may also constitute an amortization event under our receivables facility, which could result in the amount outstanding under that facility becoming due and payable.

Risks Related to the Exchange Offers

If you choose not to exchange your outstanding notes in the exchange offers, the transfer restrictions currently applicable to your outstanding notes will remain in force and the market price of your outstanding notes could decline.

If you do not exchange your outstanding notes for exchange notes of the corresponding series in the exchange offers, you will continue to be subject to the transfer restrictions on the outstanding notes as set forth in the offering memorandum distributed in connection with the private offerings of the outstanding notes. In general, the outstanding notes may not be offered or sold unless they are registered or exempt from registration under the Securities Act and applicable state securities laws. Except as required by the registration rights agreements, we do not intend to register resales of the outstanding notes under the Securities Act. You should refer to Summary Summary of the Terms of the Exchange Offers, The Exchange Offers and Registration Rights for information about how to tender your outstanding notes.

The tender of outstanding notes under the exchange offers will reduce the principal amount of the outstanding notes, which may have an adverse effect upon and increase the volatility of, the market price of the outstanding notes due to reduction in liquidity.

Your ability to transfer the exchange notes may be limited by the absence of an active trading market, and there is no assurance that any active trading market will develop for the exchange notes.

The new 2024 exchange notes and the 2026 exchange notes are new issues of securities for which there is no established public market and there is only a limited market for the existing 2024 exchange notes. We do not intend to apply for a listing of the exchange notes on any securities exchange or automated dealer quotation system. Certain of the initial purchasers in the private offerings of the outstanding notes have advised us that they intend to make a market in the exchange notes as permitted by applicable laws and regulations; however, the initial purchasers are not obligated to make a market in any of the exchange notes, and they may discontinue their market-making activities at any time without notice. Therefore, an active market for any of the exchange notes may not develop or, if developed, it may not continue. Historically, the market for non-investment-grade debt has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the exchange notes. The market, if any, for any of the exchange notes may not be free from similar disruptions and any such disruptions may adversely affect the prices at which you may sell your exchange notes. In addition, subsequent to their initial issuance, the exchange notes may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar notes, our performance and other factors.

Certain persons who participate in the exchange offers must deliver a prospectus in connection with resales of the exchange notes.

Based on interpretations of the staff of the SEC enunciated in Morgan Stanley & Co., Inc. (available June 5, 1991), Exxon Capital Holdings Corporation (available May 13, 1988), as interpreted in the SEC's letter to Shearman & Sterling, dated July 2, 1993, we believe that you may offer for resale, resell or otherwise transfer the exchange notes without compliance with the registration and prospectus delivery requirements of the Securities Act. However, in some instances described in this prospectus under Plan of Distribution, certain holders of exchange notes will remain obligated to comply with the registration and prospectus delivery requirements of the Securities Act to transfer the exchange notes. If such a holder transfers any exchange notes without delivering a prospectus meeting the requirements of the Securities Act or without an applicable exemption from registration under the Securities Act, such a holder may incur liability under the Securities Act. We do not and will not assume, or indemnify such a holder

against, this liability.

Risks Related to the Notes

For purposes of this section, Risks Related to the Notes, we, us, and our refer to Aramark Services, Inc., the issuer of the notes, and not to Aramark.

Table of Contents

We may not be able to generate sufficient cash to service all of our indebtedness, including the notes, and may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful.

Our ability to make scheduled payments on or to refinance our debt obligations depends on our financial condition and operating performance, which is subject to prevailing economic and competitive conditions and to certain financial, business and other factors beyond our control. We may be unable to maintain a level of cash flows from operating activities sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness, including the notes.

If our cash flows and capital resources are insufficient to fund our debt service obligations, we may be forced to reduce or delay investments and capital expenditures, or to sell assets, seek additional capital or restructure or refinance our indebtedness, including the notes. These alternative measures may not be successful and may not permit us to meet our scheduled debt service obligations. In the absence of such operating results and resources, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt service and other obligations. The senior secured credit agreement, the indentures governing the 2020 notes the 2024 notes and the 2026 notes restrict our ability to dispose of assets, use the proceeds from any disposition of assets and to refinance our indebtedness. We may not be able to consummate those dispositions or to obtain the proceeds that we could realize from them and these proceeds may not be adequate to meet any debt service obligations then due.

Repayment of our debt is dependent on cash flow generated by our subsidiaries.

Our subsidiaries own a significant portion of our assets and conduct a significant portion of our operations. Accordingly, repayment of our indebtedness is dependent, to a significant extent, on the generation of cash flow by our subsidiaries and their ability to make such cash available to us, by dividend, debt repayment or otherwise. Unless they are guarantors of the notes, our subsidiaries do not have any obligation to pay amounts due on the notes or to make funds available for that purpose. Our subsidiaries may not be able to, or may not be permitted to, make distributions to enable us to make payments in respect of our indebtedness, including each series of notes. Each subsidiary is a distinct legal entity and, under certain circumstances, legal and contractual restrictions may limit our ability to obtain cash from our subsidiaries. While the indentures governing the notes limit the ability of our subsidiaries to incur consensual restrictions on their ability to pay dividends or make other intercompany payments to us, these limitations are subject to certain qualifications and exceptions. In the event that we do not receive distributions from our subsidiaries, we may be unable to make required principal and interest payments on our indebtedness, including the notes.

Your right to receive payments on the notes is effectively junior to those lenders who have a security interest in our assets.

Our obligations under the notes and our guarantors' obligations under their guarantees of the notes are unsecured, but our obligations under our senior secured credit facilities and each guarantor's obligations under their respective guarantees of the senior secured credit facilities are secured by a security interest in substantially all of our domestic tangible and intangible assets, including the stock of most of our wholly-owned U.S. subsidiaries and the stock of certain of our non-U.S. subsidiaries. If we are declared bankrupt or insolvent, or if we default under the senior secured credit agreement, the lenders could declare all of the funds borrowed thereunder, together with accrued interest, immediately due and payable. If we were unable to repay such indebtedness, the lenders could foreclose on the pledged assets to the exclusion of holders of the notes, even if an event of default exists under the indentures governing the notes at such time. Furthermore, if the lenders foreclose and sell the pledged equity interests in any subsidiary guarantor under the notes, then that guarantor will be released from its guarantee of the notes automatically and immediately upon such sale. In any such event, because the notes are not secured by any of our assets or the

equity interests in subsidiary guarantors, it is possible that there would be no assets remaining from which your claims could be satisfied or, if any assets remained, they might be insufficient to satisfy your claims fully. See Description of Other Indebtedness.

Table of Contents

As of September 30, 2016, our outstanding secured indebtedness was \$3,637.7 million (net of original issue discount and debt issuance costs) (including \$78.6 million of payment obligations relating to capital lease obligations and \$268.0 million under our receivables facility) and we had unutilized capacity of \$713.5 million under our revolving credit facility available. The indentures governing the notes permit us and our restricted subsidiaries to incur substantial additional indebtedness in the future, including senior secured indebtedness.

Claims of noteholders will be structurally subordinated to claims of creditors of all of our non-U.S. subsidiaries and some of our U.S. subsidiaries because they will not guarantee the notes.

The existing 2024 exchange notes and the outstanding notes are not and the exchange notes will not be guaranteed by any of our non-U.S. subsidiaries, our receivables subsidiaries or certain other U.S. subsidiaries. Accordingly, claims of holders of the notes will be structurally subordinated to the claims of creditors of these non-guarantor subsidiaries, including trade creditors. All obligations of our non-guarantor subsidiaries will have to be satisfied before any of the assets of such subsidiaries would be available for distribution, upon a liquidation or otherwise, to us or a guarantor of the notes.

Our non-guarantor subsidiaries accounted for \$3,720.0 million, or approximately 25.8%, of our sales and \$163.3 million, or approximately 21.9%, of our operating income, in each case for fiscal 2016, and \$2,816.0 million, or approximately 26.6%, of our total assets and \$1,245.6 million (excluding intercompany liabilities), or approximately 14.8%, of our total liabilities, in each case as of September 30, 2016.

The lenders under the senior secured credit facilities will have the discretion to release the guarantors under the senior secured credit agreement in a variety of circumstances, which will cause those guarantors to be released from their guarantees of the notes.

While any obligations under the senior secured credit facilities remain outstanding, any guarantee of the notes may be released without action by, or consent of, any holder of the notes or the trustee under the indentures governing the notes, at the discretion of lenders under the senior secured credit facilities, if the related guarantor is no longer a guarantor of obligations under the senior secured credit facilities or any other indebtedness. See Description of the 2024 Notes and Description of the 2026 Notes. The lenders under the senior secured credit facilities will have the discretion to release the guarantees under the senior secured credit facilities in a variety of circumstances. You will not have a claim as a creditor against any subsidiary that is no longer a guarantor of the notes, and the indebtedness and other liabilities, including trade payables, whether secured or unsecured, of those subsidiaries will effectively be senior to claims of noteholders.

We may not be able to repurchase the notes upon a change of control.

Upon the occurrence of specific kinds of change of control events, we will be required to offer to repurchase all notes then outstanding at 101% of their principal amount plus accrued and unpaid interest. The source of funds for any such purchase of the notes will be cash generated from our subsidiaries' operations or other sources, including borrowings, sales of assets or sales of equity. We may not be able to repurchase the notes upon a change of control because we may not have sufficient financial resources to purchase all of the notes that are tendered upon a change of control. Our failure to repurchase the notes upon a change of control would cause a default under the indentures governing the notes.

Federal and state fraudulent transfer laws may permit a court to void or limit the amount payable under the notes or the guarantees, and, if that occurs, you may receive limited or no payments on the notes and guarantees affected.

Federal and state fraudulent conveyance statutes may apply to the issuance of the notes and the incurrence of the guarantees. Under federal bankruptcy law and comparable provisions of state fraudulent transfer or conveyance laws, which may vary from state to state, the notes or guarantees could be voided as a fraudulent

Table of Contents

transfer or conveyance if (1) we or any of the guarantors, as applicable, issued the notes or incurred the guarantees with the intent of hindering, delaying or defrauding creditors or (2) we or any of the guarantors, as applicable, received less than reasonably equivalent value or fair consideration in return for either issuing the notes or incurring the guarantees and, in the case of (2) only, one of the following is also true at the time hereof:

we or any of the guarantors, as applicable, were insolvent or rendered insolvent by reason of the issuance of the notes or the incurrence of the guarantees;

the issuance of the notes or the incurrence of the guarantees left us or any of the guarantors, as applicable, with an unreasonably small amount of capital to carry on the business;

we or any of the guarantors intended to, or believed that we or such guarantor would, incur debts beyond our or such guarantor's ability to pay as they mature; or

we or any of the guarantors were a defendant in an action for money damages, or had a judgment for money damages docketed against us or such guarantor if, in either case, after final judgment, the judgment is unsatisfied.

If a court were to find that the issuance of the notes or the incurrence of the guarantees was a fraudulent transfer or conveyance, the court could void the payment obligations under the notes or such guarantee or limit the amount of payment or subordinate the notes or such guarantee to presently existing and future indebtedness of ours or of the related guarantor, or require you to repay any amounts received. In the event of a finding that fraudulent transfer or conveyance occurred, you may not receive any payment on the notes. As a general matter, value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or an antecedent debt is secured or satisfied. Under applicable law, a court may determine that a debtor has not received value in connection with a debt offering if the debtor uses the proceeds of that offering to make a dividend payment or otherwise retire or redeem equity securities issued by the debtor. We cannot be certain as to the standards a court would use to determine whether or not we or the guarantors were solvent at the relevant time or, regardless of the standard that a court uses, that the notes or the guarantees would not be voided, limited in amount or subordinated to our or any of our guarantors' other debt. Each guarantee contains a provision intended to limit the guarantor's liability to the maximum amount that it could incur without causing the incurrence of obligations under its guarantee to be a fraudulent transfer. This provision may not be effective to protect the guarantees from being voided under fraudulent transfer law, or may reduce or eliminate the guarantor's obligation to an amount that effectively makes the guarantee worthless.

In the event that we are unable to exchange the unregistered 2024 outstanding notes for notes sharing a single CUSIP and ISIN number with the existing 2024 exchange notes, the unregistered 2024 outstanding notes and/or any new 2024 exchange notes will continue to trade under a separate CUSIP and ISIN number, which may adversely affect the liquidity of the unregistered 2024 outstanding notes and/or any new 2024 exchange notes and cause the unregistered 2024 outstanding notes and/or any new 2024 exchange notes to trade at different prices than the existing 2024 exchange notes.

The unregistered 2024 outstanding notes were issued under a supplemental indenture to the indenture governing the 2024 notes. The unregistered 2024 outstanding notes have the same terms as those of the existing 2024 exchange notes, except that the unregistered 2024 outstanding notes were issued under CUSIP and ISIN numbers different from

the existing 2024 exchange notes. Upon the consummation of the applicable exchange offer, we expect that the new 2024 exchange notes will share a single CUSIP and ISIN number with the existing 2024 exchange notes and we expect that the new 2024 exchange notes and the existing 2024 exchange notes will thereafter be fungible. However, in the event that we are unable to exchange the new 2024 exchange notes for notes sharing a single CUSIP and ISIN number with the existing 2024 exchange notes, the new 2024 exchange notes will continue to trade under separate CUSIP and ISIN numbers and will not be fungible with the existing 2024 exchange notes until they are registered and exchanged for exchange notes which may adversely affect the liquidity of the new 2024 exchange notes and cause the new 2024 exchange notes to trade at different prices than the existing 2024 exchange notes.

USE OF PROCEEDS

The exchange offers are intended to satisfy obligations under the registration rights agreements that we and the guarantors entered into in connection with the private offerings of the outstanding notes. We will not receive any cash proceeds from the issuance of the exchange notes in the exchange offers. As consideration for issuing the exchange notes as contemplated in this prospectus, we will receive in exchange a like principal amount of outstanding notes of the corresponding series, the terms of which are identical in all material respects to the applicable exchange notes, except that such exchange notes will not contain terms with respect to transfer restrictions, registration rights or additional interest upon a failure to fulfill certain of our obligations under the applicable registration rights agreement. The outstanding notes that are surrendered in exchange for the exchange notes of the corresponding series will be retired and cancelled and cannot be reissued. As a result, the issuance of the exchange notes will not result in any increase or decrease in our level of indebtedness.

submit for letters of credit and includes borrowing capacity available for short-term borrowings, referred to as swingline loans, subject to a submit.

Incremental facilities

The senior secured credit facilities provide that we have the right at any time to request up to \$555.0 million of incremental commitments in the aggregate under one or more incremental term loan facilities and/or synthetic letter of credit facilities and/or revolving credit facilities and/ or by increasing commitments under the revolving credit facility. The lenders under these facilities are not under any obligation to provide any such incremental facilities or commitments, and any such addition of or increase in facilities or commitments will be subject to pro forma compliance with an incurrence-based financial covenant and customary conditions precedent. Our ability to obtain extensions of credit under these incremental facilities or commitments is subject to the same conditions as extensions of credit under the existing credit facilities.

Interest rate and fees

Borrowings under the senior secured credit facilities bear interest at a rate equal to an applicable margin plus, at our option, either (a) a LIBOR rate determined by reference to the costs of funds for deposits in the currency of such borrowing for the interest period relevant to such borrowing adjusted for certain additional costs, (b) with respect to borrowings denominated in U.S. dollars a base rate determined by reference to the highest of (1) the prime rate of the administrative agent, (2) the federal funds rate plus 0.50% and (3) the LIBOR rate plus 1.00% or (c) with respect to borrowings denominated in Canadian dollars, (1) a base rate determined by reference to the prime rate of Canadian banks or (2) a bankers' acceptance rate determined by reference to the rate offered for bankers' acceptances in Canadian dollars for the interest period relevant to such borrowing.

The applicable margin spread for U.S. dollar borrowings under the revolving credit facility is 2.50% for eurocurrency (LIBOR) borrowings and 1.50% for base rate borrowings. The applicable margin spread for Canadian dollar borrowings under the revolving credit facility is 2.50% for bankers' acceptance rate borrowings and 1.50% for base rate borrowings.

In addition to paying interest on outstanding principal, we are required to pay a commitment fee to the lenders under the revolving credit facility in respect of the unutilized commitments thereunder. The commitment fee rate is 0.50% per annum.

Prepayments and amortization

The senior secured credit agreement requires us to prepay outstanding term loans, subject to certain exceptions, with:

50% of Aramark Services, Inc.'s annual excess cash flow (as defined in the senior secured credit agreement) with stepdowns to 25% and 0% upon Aramark Services, Inc.'s reaching certain consolidated leverage ratio thresholds;

100% of the net cash proceeds of all nonordinary course asset sales or other dispositions of property subject to certain exceptions and customary reinvestment rights; and 100% of the net cash proceeds of any incurrence of debt, including debt incurred by any business securitization subsidiary in respect of any

business securitization facility, but excluding proceeds from receivables facilities and other debt permitted under the senior secured credit agreement.

The foregoing mandatory prepayments will be applied to the term loan facilities as directed by us. We may voluntarily repay outstanding loans under the senior secured credit facilities at any time without premium or penalty, other than customary breakage costs with respect to LIBOR loans. Prepaid term loans may not be reborrowed.

Table of Contents

During fiscal 2016, we made an optional prepayment of \$160.0 million of outstanding U.S. dollar term loan due 2019. During fiscal 2015, we made optional prepayments of approximately \$157.0 million of outstanding U.S. dollar term loans. During fiscal 2014, we prepaid approximately \$35.0 million to cover required principal payments on the 2019 term loan.

If a change of control as defined in the senior secured credit agreement occurs, this will cause an event of default under the credit agreement. Upon an event of default, the senior secured credit facilities may be accelerated, in which case we would be required to repay all outstanding loans plus accrued and unpaid interest and all other amounts outstanding under our senior secured credit facilities.

We are required to repay installments on the loans under the term loan facilities in quarterly principal amounts of 1.00% per annum of their funded total principal amount. This requirement does not apply to the term loans due September 7, 2019, due to the principal prepayments we have already made.

Principal amounts outstanding under the revolving credit facility are due and payable in full on the maturity date (February 24, 2019), on which date the commitments thereunder will terminate.

Guarantee and security

All obligations under the senior secured credit agreement are unconditionally guaranteed by Aramark Intermediate HoldCo Corporation and, subject to certain exceptions, substantially all of Aramark Services, Inc.'s existing and future domestic subsidiaries (excluding certain immaterial and dormant subsidiaries, receivables facility subsidiaries, business securitization subsidiaries and certain subsidiaries designated under the senior secured credit agreement as unrestricted subsidiaries) (collectively, U.S. Guarantors). All obligations of each foreign borrower under the senior secured credit facilities are unconditionally guaranteed by Aramark Services, Inc., the U.S. Guarantors and, subject to certain exceptions and qualifications, the respective other foreign borrowers. All obligations under the senior secured credit facilities, and the guarantees of those obligations, are also secured by (i) a pledge of 100% of the capital stock of Aramark Services, Inc., (ii) pledges of 100% of the capital stock held by Aramark Services, Inc., Aramark Intermediate HoldCo Corporation or any of the U.S. Guarantors and (iii) a security interest in, and mortgages on, substantially all tangible assets of Aramark Intermediate HoldCo Corporation, Aramark Services, Inc. or any of the U.S. Guarantors.

Aramark is not a guarantor under the senior secured credit facilities and is not subject to the covenants or obligations under the senior secured credit agreement.

Certain covenants and events of default

The senior secured credit agreement contains a number of covenants that, among other things, restrict, subject to certain exceptions, Aramark Services, Inc.'s ability and the ability of its restricted subsidiaries to: incur additional indebtedness, issue preferred stock or provide guarantees; create liens on assets; engage in mergers or consolidations; sell assets; pay dividends, make distributions or repurchase its capital stock; make investments, loans or advances; repay or repurchase any notes, except as scheduled or at maturity; create restrictions on the payment of dividends or other transfers to Aramark Services, Inc. from its restricted subsidiaries; make certain acquisitions; engage in certain transactions with affiliates; amend material agreements governing Aramark Services, Inc.'s outstanding notes (or any indebtedness that refinances the notes); and fundamentally change Aramark Services, Inc.'s business.

In addition, the senior secured credit agreement requires Aramark Services, Inc. to maintain a maximum senior secured leverage ratio and imposes limitations on capital expenditures. The senior secured credit agreement also

contains certain customary affirmative covenants, such as financial and other reporting, and certain events of default. As of September 30, 2016, Aramark Services, Inc. was in compliance with all of these covenants.

Senior Notes due 2020

General

On March 7, 2013, Aramark Services, Inc. issued \$1,000 million aggregate principal amount of 5.75% on the 2020 notes pursuant to an indenture, dated as of March 7, 2013, among Aramark, Aramark Services, Inc., the guarantors named therein and The Bank of New York Mellon, as trustee.

The 2020 notes are unsecured obligations of Aramark Services, Inc. The 2020 notes rank equal in right of payment to all of Aramark Services, Inc.'s existing and future senior debt and senior in right of payment to all of Aramark Services, Inc.'s existing and future debt that is expressly subordinated in right of payment to the 2020 notes. Each of the guarantors named in the indenture governing the 2020 notes (each an existing guarantor) provided an unconditional guarantee of the 2020 notes, which ranks equal in right of payment to all of the senior obligations of such guarantor. The 2020 notes and the guarantees thereof are effectively subordinated to Aramark Services, Inc.'s existing and future secured debt and that of the existing guarantors to the 2020 notes, including all indebtedness under our senior secured credit facilities, to the extent of the value of the assets securing that indebtedness. The 2020 notes and guarantees thereof are structurally subordinated to all of the liabilities of any of Aramark Services, Inc.'s subsidiaries that do not guarantee the 2020 notes.

Interest on the 2020 notes is payable on March 15 and September 15 of each year. Interest on the 2020 notes is calculated on the basis of a 360-day year of twelve 30 day months. The 2020 notes mature on March 15, 2020.

We used a portion of the net proceeds received from the private offerings of the outstanding notes to redeem \$771.2 million aggregate principal amount of the 2020 notes in fiscal 2016.

As of September 30, 2016, \$228.8 million principal amount of the 2020 notes remained outstanding (recorded at \$227.0 million to reflect debt issuance costs).

Optional redemption

Aramark Services, Inc. has the option to redeem all or a portion of 2020 notes at any time at the redemption prices set forth in the indenture governing the 2020 notes.

Change of control offer

In the event of certain types of change of control, the holders of the 2020 notes may require Aramark Services, Inc. to purchase for cash all or a portion of their 2020 notes, as applicable at a purchase price equal to 101% of the principal amount of such notes, plus accrued and unpaid interest, if any, to the date of repurchase.

Covenants

The indenture governing the 2020 notes contains covenants limiting Aramark Services, Inc.'s ability and the ability of its restricted subsidiaries to: incur additional indebtedness or issue certain preferred shares; pay dividends and make certain distributions, investments and other restricted payments; create certain liens; sell assets; enter into transactions with affiliates; limit the ability of restricted subsidiaries to make payments to Aramark Services, Inc.; enter into sale and leaseback transactions; merge, consolidate, sell or otherwise dispose of all or substantially all of Aramark Services, Inc.'s assets; and designate Aramark Services, Inc.'s subsidiaries as unrestricted subsidiaries.

The indenture governing the 2020 notes also provides for events of default which, if any of them occurs, would permit or require the principal of and accrued interest on the 2020 notes to become or to be declared due and payable.

Aramark has guaranteed the 2020 notes, but is not subject to the covenants that apply to Aramark Services, Inc. or its restricted subsidiaries under the 2020 notes.

Receivables facility

We have in place an agreement where Aramark Receivables, LLC, a wholly owned, bankruptcy-remote subsidiary of Aramark Services, Inc., sells on a continuous basis an undivided interest in eligible accounts receivable generated by certain of our operating subsidiaries and other related assets to Wells Fargo Bank, N.A., the Toronto-Dominion Bank and a commercial paper conduit (the Commercial Paper Conduit) sponsored by Coöperatieve Rabobank U.A., New York Branch (Rabobank). Aramark Receivables, LLC was formed for the sole purpose of transferring receivables generated by certain of our subsidiaries. Under this receivables facility, we and certain of our subsidiaries transfer without recourse all of their accounts receivable to Aramark Receivables, LLC. As collections reduce previously transferred interests, interests in new, eligible receivables are transferred to Aramark Receivables, LLC, subject to meeting certain conditions. Our receivables facility provides for up to \$350.0 million of funding, based, in part, on the amount of eligible receivables, which funding capacity increases to \$400.0 million from September to March and May to June. As of September 30, 2016, \$268.0 million was outstanding under the receivables facility.

Availability of funding under the receivables facility depends primarily upon the outstanding accounts receivable balance of our subsidiaries that participate in the facility. Aggregate availability is determined by using a formula that reduces the gross receivables balance by factors that take into account, among other things, historical default and dilution rates, excessive obligor concentrations, average days outstanding and the costs of the facility.

The Commercial Paper Conduit may discontinue funding the receivables facility at any time for any reason. If it does, Rabobank will be obligated to fund the Commercial Paper Conduit s proportion of the receivables facility.

The final maturity of the receivables facility is May 2, 2019. The receivables facility may be terminated for material breaches of representations and warranties or covenants, bankruptcies of any seller, the collection agent or the transferor, a change of control or certain cross defaults under our senior secured credit facilities or other material indebtedness, among other reasons.

Other indebtedness

As of September 30, 2016, we had outstanding \$78.6 million of secured debt representing capital lease obligations. In addition, we had \$7.3 million of other indebtedness outstanding at September 30, 2016, consisting primarily of borrowings by certain of our foreign subsidiaries.

THE EXCHANGE OFFERS

In this section, the issuer, we, us, and our refer to Aramark Services, Inc. and not to Aramark.

General

We hereby offer to exchange a like principal amount of exchange notes for any or all outstanding notes of the corresponding series on the terms and subject to the conditions set forth in this prospectus and accompanying letter of transmittal. We refer to the offers as the exchange offers. You may tender some or all of your outstanding notes pursuant to the exchange offers.

As of the date of this prospectus, \$500,000,000 aggregate principal amount of 5.125% Senior Notes due 2024 issued on May 31, 2016 and \$500,000,000 aggregate principal amount of 4.750% Senior Notes due 2026 issued on May 31, 2016 are outstanding. This prospectus, together with the letter of transmittal, is first being sent to all holders of outstanding notes known to us on or about January 12, 2017. The issuer's obligation to accept outstanding notes for exchange pursuant to the exchange offers is subject to certain conditions set forth under Conditions to the Exchange Offers below. We currently expect that each of the conditions will be satisfied and that no waivers will be necessary.

Purpose and Effect of the Exchange Offers

We and the guarantors of the outstanding notes entered into registration rights agreements with the initial purchasers of each series of outstanding notes in which we agreed, under certain circumstances, to file a registration statement relating to offers to exchange the outstanding notes for exchange notes of the corresponding series. We also agreed to use our commercially reasonable best efforts to cause this registration statement to be declared effective and to cause the applicable exchange offer to be consummated within 270 days after the issue date of the applicable outstanding notes. The exchange notes will have terms substantially identical to the terms of the outstanding notes of the corresponding series, except that the exchange notes will not contain terms with respect to transfer restrictions, registration rights or additional interest upon a failure to fulfill certain of our obligations under the applicable registration rights agreement. The unregistered 2024 outstanding notes and the 2026 outstanding notes were issued on May 31, 2016.

Under the circumstances set forth below, we will use our commercially reasonable best efforts to cause the SEC to declare effective a shelf registration statement with respect to the resale of the outstanding notes within the time periods specified in the registration rights agreements and to keep the shelf registration statement effective for two years or such shorter period ending when all outstanding notes or exchange notes covered by the statement have been sold in the manner set forth and as contemplated in the statement or to the extent that the applicable provisions of Rule 144(k) under the Securities Act are amended or revised. These circumstances include:

if applicable law or interpretations of the staff of the SEC do not permit the issuer and the guarantors to effect an exchange offer;

if for any other reason an exchange offer is not consummated within 270 days of the issue date of the applicable outstanding notes;

any initial purchaser requests in writing to the issuer within 30 days after the consummation of the applicable exchange offer with respect to the outstanding notes that are not eligible to be exchanged for exchange notes in such exchange offer and held by it following the consummation of such exchange offer; or

if any holder of the outstanding notes that participates in the applicable exchange offer does not receive exchange notes of the corresponding series that may be sold without restriction in exchange for its tendered outstanding notes (other than due solely to the status of such holder as an affiliate of the issuer) and notifies the issuer within 30 days after becoming aware of restrictions.

Table of Contents

If we fail to comply with certain obligations under the applicable registration rights agreement, we will be required to pay additional interest to holders of the applicable outstanding notes and the exchange notes of the corresponding series required to be registered on a shelf registration statement. Please read the section **Registration Rights** for more details regarding the registration rights agreements.

Each holder of outstanding notes that wishes to exchange their outstanding notes for exchange notes in the exchange offers will be required to make the following written representations:

any exchange notes to be received by such holder will be acquired in the ordinary course of its business;

such holder has no arrangement or understanding with any person to participate in the distribution (within the meaning of the Securities Act) of the exchange notes in violation of the provisions of the Securities Act;

such holder is not an affiliate of the issuer, as defined by Rule 405 of the Securities Act, or if it is an affiliate, it will comply with the registration and prospectus delivery requirements of the Securities Act to the extent applicable; and

if such holder is not a broker-dealer, it is not engaged in, and does not intend to engage in, a distribution of exchange notes.

Each broker-dealer that receives exchange notes for its own account in exchange for outstanding notes, where the broker-dealer acquired the outstanding notes as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. Please see **Plan of Distribution**.

Resale of Exchange Notes

Based on interpretations by the staff of the SEC as set forth in no-action letters issued to third parties referred to below, we believe that you may resell or otherwise transfer exchange notes issued in the exchange offers without complying with the registration and prospectus delivery provisions of the Securities Act, if:

you are acquiring the exchange notes in your ordinary course of business;

you do not have an arrangement or understanding with any person to participate in a distribution of the exchange notes;

you are not an affiliate of the issuer as defined by Rule 405 of the Securities Act; and

you are not engaged in, and do not intend to engage in, a distribution of the exchange notes.

If you are an affiliate of the issuer, or are engaging in, or intend to engage in, or have any arrangement or understanding with any person to participate in, a distribution of the exchange notes, or are not acquiring the exchange notes in the ordinary course of your business, then:

you cannot rely on the position of the staff of the SEC enunciated in Morgan Stanley & Co., Inc. (available June 5, 1991), Exxon Capital Holdings Corporation (available May 13, 1988), as interpreted in the SEC's letter to Shearman & Sterling dated July 2, 1993, or similar no-action letters; and

in the absence of an exception from the position stated immediately above, you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale of the exchange notes.

This prospectus may be used for an offer to resell, for the resale or for other retransfer of exchange notes only as specifically set forth in this prospectus. With regard to broker-dealers, only broker-dealers that acquired the outstanding notes as a result of market-making activities or other trading activities may participate in the

Table of Contents

exchange offers. Each broker-dealer that receives exchange notes for its own account in exchange for outstanding notes where such outstanding notes were acquired by such broker-dealer as a result of market-making activities or other trading activities must acknowledge that it will deliver a prospectus in connection with any resale of the exchange notes. Please read [Plan of Distribution](#) for more details regarding the transfer of exchange notes.

Terms of the Exchange Offers

On the terms and subject to the conditions set forth in this prospectus and in the accompanying letter of transmittal, we will accept for exchange in the exchange offers any outstanding notes that are validly tendered and not validly withdrawn prior to the expiration date. Outstanding notes may only be tendered in denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000. We will issue \$2,000 principal amount or an integral multiple of \$1,000 of exchange notes in exchange for a corresponding principal amount of outstanding notes of the corresponding series surrendered in the exchange offers.

The form and terms of the exchange notes will be substantially identical to the form and terms of the outstanding notes of the corresponding series, except that the exchange notes will not contain terms with respect to transfer restrictions, registration rights or additional interest upon a failure to fulfill certain of our obligations under the applicable registration rights agreement. The exchange notes will evidence the same debt as the outstanding notes of the corresponding series. The exchange notes will be issued under and entitled to the benefits of the same indenture under which the outstanding notes of the corresponding series were issued, and the exchange notes and the outstanding notes will constitute a single class for all purposes under the applicable indenture. For a description of the indentures, please see [Description of the 2024 Notes](#) and [Description of the 2026 Notes](#), respectively.

The exchange offers are not conditioned upon any minimum aggregate principal amount of outstanding notes being tendered for exchange.

As of the date of this prospectus, \$500,000,000 aggregate principal amount of 5.125% Senior Notes due 2024 issued on May 31, 2016 and \$500,000,000 aggregate principal amount of 4.750% Senior Notes due 2026 issued on May 31, 2016 are outstanding. This prospectus and a letter of transmittal are being sent to all registered holders of outstanding notes. There will be no fixed record date for determining registered holders of outstanding notes entitled to participate in the exchange offers.

We intend to conduct the exchange offers in accordance with the provisions of the applicable registration rights agreement, the applicable requirements of the Securities Act and the Securities Exchange Act of 1934, as amended (the [Exchange Act](#)), and the rules and regulations of the SEC. Outstanding notes that are not tendered for exchange in the exchange offers will remain outstanding and continue to accrue interest and will be entitled to the rights and benefits that such holders have under the applicable indenture relating to such holders' outstanding notes, except for any rights under the applicable registration rights agreement that by their terms terminate upon the consummation of an exchange offer.

We will be deemed to have accepted for exchange properly tendered outstanding notes when we have given oral or written notice of the acceptance to the exchange agent. The exchange agent will act as agent for the tendering holders for the purposes of receiving the exchange notes from us and delivering exchange notes to holders. Subject to the terms of the applicable registration rights agreement, we expressly reserve the right to amend or terminate any or all of the exchange offers and to refuse to accept the occurrence of any of the conditions specified below under [Conditions to the Exchange Offers](#). We reserve the right to extend, amend or terminate, not accept outstanding notes in, or waive a condition to any exchange offer without doing the same with respect to the other exchange offer.

Holders who tender outstanding notes in the exchange offers will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes with respect to the

Table of Contents

exchange of outstanding notes. We will pay all charges and expenses, other than certain applicable taxes described below, in connection with the exchange offers. It is important that you read **Fees and Expenses** below for more details regarding fees and expenses incurred in the exchange offers.

Expiration Date; Extensions, Amendments

As used in this prospectus, the term **expiration date** means 5:00 p.m., New York City time, on February 10, 2017. However, if we, in our sole discretion, extend the period of time for which any or all of the exchange offers is open, the term **expiration date** will mean the latest time and date to which we shall have extended the expiration of such exchange offer.

To extend the period of time during which any or all of the exchange offers is open, we will notify the exchange agent of any extension by oral or written notice, followed by notification to the registered holders of the applicable outstanding notes no later than 9:00 a.m., New York City time, on the business day after the previously scheduled expiration date.

We reserve the right, in our sole discretion:

to delay accepting for exchange any outstanding notes (only if we amend or extend the any or all of the exchange offers);

to extend any or all of the exchange offers or to terminate any or all of the exchange offers and to refuse to accept outstanding notes not previously accepted if any of the conditions set forth below under **Conditions to the Exchange Offers** have not been satisfied, by giving oral or written notice of such delay, extension or termination to the exchange agent; and

subject to the terms of the applicable registration rights agreement, to amend the terms of any or all of the exchange offers in any manner.

Any delay in acceptance, extension, termination or amendment will be followed as promptly as practicable by oral or written notice to the registered holders of the outstanding notes. If we amend an exchange offer in a manner that we determine to constitute a material change, including the waiver of a material condition, we will promptly disclose the amendment by press release or other public announcement as required by Rule 14e-1(d) of the Exchange Act and will extend the offer period if necessary so that at least five business days remain in the offer following notice of the material change.

Conditions to the Exchange Offers

Despite any other term of the exchange offers, we will not be required to accept for exchange, or to issue exchange notes in exchange for, any outstanding notes of the corresponding series, and we may terminate or amend an exchange offer as provided in this prospectus before accepting any outstanding notes for exchange, if:

an exchange offer, or the making of any exchange by a holder of outstanding notes, violates any applicable law or interpretation of the staff of the SEC;

any action or proceeding shall have been instituted or threatened in any court or by any governmental agency that might materially impair our ability to proceed with an exchange offer, and any material adverse development shall have occurred in any existing action or proceeding with respect to us; or

all governmental approvals shall not have been obtained, which approvals we deem necessary for the consummation of an exchange offer.

In addition, we will not be obligated to accept for exchange the outstanding notes of any holder that has not made to us:

the representations described under Purpose and Effect of the Exchange Offers and Procedures for Tendering Outstanding Notes ; and

Table of Contents

any other representations as may be reasonably necessary under applicable SEC rules, regulations, or interpretations to make available to us an appropriate form for registration of the exchange notes under the Securities Act.

We expressly reserve the right at any time or at various times to extend the period of time during which an exchange offer is open. Consequently, we may delay acceptance of any outstanding notes by notice by press release or other public announcement as required by Rule 14e-1(d) of the Exchange Act of such extension to their holders. During any such extensions, all outstanding notes previously tendered will remain subject to the applicable exchange offer, and we may accept them for exchange. We will return any outstanding notes that we do not accept for exchange for any reason without expense to their tendering holder promptly after the expiration or termination of the applicable exchange offer.

We expressly reserve the right to amend or terminate an exchange offer and to reject for exchange any outstanding notes not previously accepted for exchange upon the occurrence of any of the conditions of the exchange offers specified above. We will give notice by press release or other public announcement as required by Rule 14e-1(d) of the Exchange Act of any extension, amendment, non-acceptance or termination to the holders of the outstanding notes promptly. In the case of any extension, such notice will be issued no later than 9:00 a.m., New York City time, on the business day after the previously scheduled expiration date.

These conditions are for our sole benefit, and we may assert them regardless of the circumstances that may give rise to them so long as such circumstances do not arise due to our action or inaction or waive them in whole or in part at any or at various times in our sole discretion. If we fail at any time to exercise any of the foregoing rights, this failure will not constitute a waiver of such right. Each such right will be deemed an ongoing right that we may assert at any time or at various times.

Procedures for Tendering Outstanding Notes

Only a holder of outstanding notes may tender their outstanding notes in the exchange offers. To tender outstanding notes in the exchange offers, a holder must comply with either of the following:

complete, sign and date the letter of transmittal or a facsimile of the letter of transmittal, have the signature on the letter of transmittal guaranteed if required by the letter of transmittal and mail or deliver such letter of transmittal or facsimile to the exchange agent prior to the expiration date; or

comply with DTC's Automated Tender Offer Program procedures described below.

In addition:

the exchange agent must receive outstanding notes along with the letter of transmittal prior to the expiration date;

the exchange agent must receive a timely confirmation of book-entry transfer of outstanding notes into the exchange agent's account at DTC according to the procedure for book-entry transfer described below or a properly transmitted agent's message prior to the expiration date; or

the holder must comply with the guaranteed delivery procedures described below.

To be tendered effectively, the exchange agent must receive any physical delivery of the letter of transmittal and other required documents at the address set forth below under Exchange Agent prior to the expiration date.

A tender to us that is not withdrawn prior to the expiration date constitutes an agreement between us and the tendering holder upon the terms and subject to the conditions described in this prospectus and in the letter of transmittal.

Table of Contents

The method of delivery of outstanding notes, letters of transmittal and all other required documents to the exchange agent is at the holder's election and risk. Rather than mail these items, we recommend that holders use an overnight or hand delivery service. In all cases, holders should allow sufficient time to assure timely delivery to the exchange agent before the expiration date. Holders should not send letters of transmittal or certificates representing outstanding notes to us. Holders may request that their respective brokers, dealers, commercial banks, trust companies or other nominees effect the above transactions for them.

If you are a beneficial owner whose outstanding notes are held in the name of a broker, dealer, commercial bank, trust company or other nominee who wishes to participate in the exchange offers, you should promptly contact such party and instruct such person to tender outstanding notes on your behalf. If you wish to tender the outstanding notes yourself, you must, prior to completing and executing the letter of transmittal and delivering your outstanding notes, either:

make appropriate arrangements to register ownership of the outstanding notes in your name; or

obtain a properly completed bond power from the registered holder of outstanding notes.

The transfer of registered ownership may take considerable time and may not be able to be completed prior to the expiration date.

You must make these arrangements or follow these procedures before completing and executing the letter of transmittal and delivering the outstanding notes.

Signatures on the letter of transmittal or a notice of withdrawal, as the case may be, must be guaranteed by a member firm of a registered national securities exchange or of the Financial Industry Regulatory Authority, Inc., a commercial bank or trust company having an office or correspondent in the U.S. or another eligible guarantor institution within the meaning of Rule 17A(d)-15 under the Exchange Act unless the outstanding notes surrendered for exchange are tendered:

by a registered holder of the outstanding notes who has not completed the box entitled Special Registration Instructions or Special Delivery Instructions on the letter of transmittal; or

for the account of an eligible guarantor institution.

If the letter of transmittal is signed by a person other than the registered holder of any outstanding notes listed on the outstanding notes, such outstanding notes must be endorsed or accompanied by a properly completed bond power. The bond power must be signed by the registered holder as the registered holder's name appears on the outstanding notes and an eligible guarantor institution must guarantee the signature on the bond power.

If the letter of transmittal or any certificates representing outstanding notes or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, those persons should also indicate when signing and, unless waived by us, they should also submit evidence satisfactory to us of their authority to so act.

The exchange agent and DTC have confirmed that any financial institution that is a participant in DTC's system may use DTC's Automated Tender Offer Program to tender outstanding notes. Participants in the program may, instead of physically completing and signing the letter of transmittal and delivering it to the exchange agent, electronically transmit their acceptance of the exchange by causing DTC to transfer the outstanding notes to the exchange agent in accordance with DTC's Automated Tender Offer Program procedures for transfer. DTC will then send an agent's message to the exchange agent. The term "agent's message" means a message transmitted by DTC, received by the exchange agent and forming part of the book-entry confirmation, that states that:

DTC has received an express acknowledgment from a participant in its Automated Tender Offer Program that is tendering outstanding notes that are the subject of the book-entry confirmation;

Table of Contents

the participant has received and agrees to be bound by the terms of the letter of transmittal or, in the case of an agent's message relating to guaranteed delivery, such participant has received and agrees to be bound by the notice of guaranteed delivery; and

we may enforce that agreement against such participant.

DTC is referred to herein as a book-entry transfer facility.

Acceptance of Outstanding Notes

In all cases, we will, promptly following the expiration date, issue exchange notes for outstanding notes of the corresponding series that we have accepted for exchange under the applicable exchange offer only after the exchange agent timely receives:

outstanding notes or a timely book-entry confirmation of such outstanding notes into the exchange agent's account at the book-entry transfer facility; and

a properly completed and duly executed letter of transmittal and all other required documents or a properly transmitted agent's message.

By tendering outstanding notes pursuant to the exchange offers, you will represent to us that, among other things:

you are not our affiliate or an affiliate of any guarantor within the meaning of Rule 405 under the Securities Act;

you do not have an arrangement or understanding with any person or entity to participate in a distribution of the exchange notes; and

you are acquiring the exchange notes in the ordinary course of your business.

In addition, each broker-dealer that is to receive exchange notes for its own account in exchange for outstanding notes must represent that such outstanding notes were acquired by that broker-dealer as a result of market-making activities or other trading activities and must acknowledge that it will deliver a prospectus that meets the requirements of the Securities Act in connection with any resale of the exchange notes. The letter of transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act. See Plan of Distribution.

We will interpret the terms and conditions of the exchange offers, including the letter of transmittal and the instructions to the letter of transmittal, and will resolve all questions as to the validity, form, eligibility, including time of receipt, and acceptance of outstanding notes tendered for exchange. Our determinations in this regard will be final and binding on all parties. We reserve the absolute right to reject any and all tenders of any particular outstanding notes not properly tendered or to not accept any particular outstanding notes if the acceptance might, in our or our counsel's judgment, be unlawful. We also reserve the absolute right to waive any defects or irregularities as to any

particular outstanding notes prior to the expiration date.

Unless waived, any defects or irregularities in connection with tenders of outstanding notes for exchange must be cured within such reasonable period of time as we determine. Neither we, the exchange agent, nor any other person will be under any duty to give notification of any defect or irregularity with respect to any tender of outstanding notes for exchange, nor will any of them incur any liability for any failure to give notification. Any outstanding notes received by the exchange agent that are not properly tendered and as to which the irregularities have not been cured or waived will be returned by the exchange agent to the tendering holder, unless otherwise provided in the letter of transmittal, promptly after the expiration date.

Book-entry Delivery Procedures

Promptly after the date of this prospectus, the exchange agent will establish an account with respect to the outstanding notes at DTC as the book-entry transfer facility, for purposes of the exchange offers. Any financial institution that is a participant in the book-entry transfer facility's system may make book-entry delivery of the outstanding notes by causing the book-entry transfer facility to transfer those outstanding notes into the exchange agent's account at the facility in accordance with the facility's procedures for such transfer. To be timely, book-entry delivery of outstanding notes requires receipt of a confirmation of a book-entry transfer, a book-entry confirmation, prior to the expiration date. In addition, although delivery of outstanding notes may be effected through book-entry transfer into the exchange agent's account at the book-entry transfer facility, the letter of transmittal or a manually signed facsimile thereof, together with any required signature guarantees and any other required documents, or an agent's message, as defined below, in connection with a book-entry transfer, must, in any case, be delivered or transmitted to and received by the exchange agent at its address set forth on the cover page of the letter of transmittal prior to the expiration date to receive exchange notes for tendered outstanding notes, or the guaranteed delivery procedure described below must be complied with. Tender will not be deemed made until such documents are received by the exchange agent. Delivery of documents to the book-entry transfer facility does not constitute delivery to the exchange agent.

Guaranteed Delivery Procedures

If you wish to tender your outstanding notes but your outstanding notes are not immediately available or you cannot deliver your outstanding notes, the letter of transmittal or any other required documents to the exchange agent or comply with the procedures under DTC's Automatic Tender Offer Program prior to the expiration date, you may still tender if:

the tender is made through an eligible guarantor institution;

prior to the expiration date, the exchange agent receives from such eligible guarantor institution either: (i) a properly completed and duly executed notice of guaranteed delivery, by facsimile transmission, mail or hand delivery or (ii) a properly transmitted agent's message and notice of guaranteed delivery, that (a) sets forth your name and address, the certificate number(s) of such outstanding notes and the principal amount of outstanding notes tendered; (b) states that the tender is being made by that notice of guaranteed delivery; and (c) guarantees that, within three New York Stock Exchange trading days after the expiration date, the letter of transmittal, or facsimile thereof, together with the outstanding notes or a book-entry confirmation, and any other documents required by the letter of transmittal, will be deposited by the eligible guarantor institution with the exchange agent; and

the exchange agent receives the properly completed and executed letter of transmittal or facsimile thereof, as well as certificate(s) representing all tendered outstanding notes in proper form for transfer or a book-entry confirmation of transfer of the outstanding notes into the exchange agent's account at DTC, and all other documents required by the letter of transmittal within three New York Stock Exchange trading days after the expiration date.

Upon request, the exchange agent will send to you a notice of guaranteed delivery if you wish to tender your notes according to the guaranteed delivery procedures.

Withdrawal Rights

Except as otherwise provided in this prospectus, you may withdraw your tender of outstanding notes at any time prior to 5:00 p.m., New York City time, on the expiration date. For a withdrawal to be effective:

the exchange agent must receive a written notice, which may be by telegram, telex, facsimile or letter, of withdrawal; or

you must comply with the appropriate procedures of DTC's Automated Tender Offer Program system;

Table of Contents

Any notice of withdrawal must:

specify the name of the person who tendered the outstanding notes to be withdrawn;

identify the outstanding notes to be withdrawn, including the certificate numbers and principal amount of the outstanding notes; and

where certificates for outstanding notes have been transmitted, specify the name in which such outstanding notes were registered, if different from that of the withdrawing holder.

If certificates for outstanding notes have been delivered or otherwise identified to the exchange agent, then, prior to the release of such certificates, you must also submit:

the serial numbers of the particular certificates to be withdrawn; and

a signed notice of withdrawal with signatures guaranteed by an eligible institution unless you are an eligible guarantor institution.

If outstanding notes have been tendered pursuant to the procedures for book-entry transfer described above, any notice of withdrawal must specify the name and number of the account at the book-entry transfer facility to be credited with the withdrawn outstanding notes and otherwise comply with the procedures of the facility. We will determine all questions as to the validity, form and eligibility, including time of receipt of notices of withdrawal and our determination will be final and binding on all parties. Any outstanding notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the exchange offers. Any outstanding notes that have been tendered for exchange but that are not exchanged for any reason will be returned to their holder, without cost to the holder, or, in the case of book-entry transfer, the outstanding notes will be credited to an account at the book-entry transfer facility, promptly after withdrawal, rejection of tender or termination of the applicable exchange offer. Properly withdrawn outstanding notes may be retendered by following the procedures described under Procedures for Tendering Outstanding Notes above at any time on or prior to the expiration date.

The Bank of New York Mellon has been appointed as the exchange agent for the exchange offers. The Bank of New York Mellon also acts as trustee under the indentures governing the notes. Fees and Expenses

Each registration rights agreement provides that we will bear all expenses in connection with the performance of our obligations relating to the registration of the applicable exchange notes and the conduct of the applicable exchange offer. These expenses include registration and filing fees, accounting and legal fees and printing costs, among others. We will pay the exchange agent reasonable and customary fees for its services and

Table of Contents

reasonable out-of-pocket expenses. We will also reimburse brokerage houses and other custodians, nominees and fiduciaries for customary mailing and handling expenses incurred by them in forwarding this prospectus and related documents to their clients that are holders of outstanding notes and for handling or tendering for such clients.

We have not retained any dealer-manager in connection with the exchange offers and will not pay any fee or commission to any broker, dealer, nominee or other person, other than the exchange agent, for soliciting tenders of outstanding notes pursuant to the exchange offers. We will record the expenses of the exchange offer as incurred.

Accounting Treatment

We will record the exchange notes in our accounting records at the same carrying value as the outstanding notes, which is the aggregate principal amount as reflected in our accounting records on the date of exchanges. Accordingly, we will not recognize any gain or loss for accounting purposes upon the consummation of the exchange offers.

Transfer Taxes

We will pay all transfer taxes, if any, applicable to the exchanges of outstanding notes under the exchange offers. The tendering holder, however, will be required to pay any transfer taxes, whether imposed on the registered holder or any other person, if:

certificates representing outstanding notes for principal amounts not tendered or accepted for exchange are to be delivered to, or are to be issued in the name of, any person other than the registered holder of outstanding notes tendered;

tendered outstanding notes are registered in the name of any person other than the person signing the letter of transmittal; or

a transfer tax is imposed for any reason other than the exchange of outstanding notes under the exchange offers.

If satisfactory evidence of payment of such taxes is not submitted with the letter of transmittal, the amount of such transfer taxes will be billed to that tendering holder.

Holders who tender their outstanding notes for exchange will not be required to pay any transfer taxes. However, holders who instruct us to register exchange notes in the name of, or request that outstanding notes not tendered or not accepted in the exchange offers be returned to, a person other than the registered tendering holder will be required to pay any applicable transfer tax.

Consequences of Failure to Exchange

If you do not exchange your outstanding notes for exchange notes of the corresponding series under the exchange offers, your outstanding notes will remain subject to the restrictions on transfer of such outstanding notes as set forth in the legend printed on the outstanding notes as a consequence of the issuance of the outstanding notes pursuant to the exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws.

In general, you may not offer or sell your outstanding notes unless they are registered under the Securities Act or if the offer or sale is exempt from registration under the Securities Act and applicable state securities laws. Except as required by the registration rights agreements, we do not intend to register resales of the outstanding notes under the Securities Act.

Other

Participating in the exchange offers is voluntary, and you should carefully consider whether to accept. You are urged to consult your financial and tax advisors in making your own decision on what action to take.

We may in the future seek to acquire untendered outstanding notes in open market or privately negotiated transactions, through subsequent exchange offers or otherwise. We have no present plans to acquire any outstanding notes that are not tendered in the exchange offers or to file a registration statement to permit resales of any untendered outstanding notes.

Table of Contents**DESCRIPTION OF THE 2024 NOTES****General**

In this description of the Notes (as defined below) all references to we, us or our and the Company are to Aramark Services, Inc. only (the *Company*) and not to Aramark or any of its Subsidiaries. References in this Description of the 2024 Notes to Aramark refer only to Aramark and not to its Subsidiaries or the Company. Although Aramark guarantees the Notes, it is not subject to the covenants that apply to the Company or its Restricted Subsidiaries under the Notes and references in this Description of the 2024 Notes to the Guarantors do not include Aramark.

On December 17, 2015, the Company issued \$400.0 million aggregate principal amount of 5.125% Senior Notes due 2024 under an indenture, dated as of December 17, 2015, among the Company, Aramark, the Guarantors and The Bank of New York Mellon, as trustee (the *Base Indenture*), that were subsequently exchanged on April 6, 2016 for 5.125% Senior Notes due 2024 registered under the Securities Act (the *Existing 2024 Exchange Notes*). On May 31, 2016, the Company issued \$500.0 million in aggregate principal amount of 5.125% Senior Notes due 2024 (the *Unregistered 2024 Outstanding Notes*) under the Base Indenture as supplemented by a supplemental indenture, dated as of the Issue Date relating to the Unregistered 2024 Outstanding Notes (the *Supplemental Indenture* and, together with the Base Indenture, the *Indenture*), in a private transaction that was not subject to the registration requirements of the Securities Act. The Company is offering to exchange any and all of the Unregistered 2024 Outstanding Notes for notes registered under the Securities Act (the *New 2024 Exchange Notes*). The Unregistered 2024 Outstanding Notes constitute and the New 2024 Exchange Notes will constitute Additional Notes under the Indenture, and have and will have terms identical to the Existing 2024 Exchange Notes, other than the issue date and offering price, and vote and will vote together as a single class with the Existing 2024 Exchange Notes, but the Unregistered 2024 Outstanding Notes are not fungible with, or have the same CUSIP or ISIN numbers as, the Existing 2024 Exchange Notes. The terms of the New 2024 Exchange Notes to be issued in this exchange offer will be substantially identical to those of the Unregistered 2024 Outstanding Notes except that the Holders of the New 2024 Exchange Notes will no longer be entitled to registration rights pursuant to the Registration Rights Agreement. We expect that upon the completion of the exchange of the New 2024 Exchange Notes for registered notes as contemplated by the Registration Rights Agreement, the New 2024 Exchange Notes will have the same CUSIP and ISIN numbers as, and will be fungible with, the Existing 2024 Exchange Notes.

The Indenture sets forth certain specific terms applicable to the Notes. This description is intended to be an overview of the material provisions of the Notes and the Indenture. This summary is not complete and is qualified in its entirety by reference to the Indenture. You should carefully read the summary below and the provisions of the Indenture that may be important to you before participating in the exchange offer for the Notes. Capitalized terms defined in the Indenture have the same meanings when used in this description unless updated herein. The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the *Trust Indenture Act*). Copies of the Indenture are available upon request to the Company.

The Notes are guaranteed on a senior basis by each direct and indirect Restricted Subsidiary of the Company that is a Domestic Subsidiary and that guarantees obligations of the Company under the Company's Senior Credit Facilities. The Indenture provides that any direct or indirect parent company of the Company may guarantee the Notes and in such case will allow the Company to satisfy its reporting obligations under the Indenture by furnishing financial information relating to the parent. Aramark as parent guarantor guarantees the Notes for purposes of financial reporting, but is not subject to the covenants that apply to Aramark Services, Inc. or its Restricted Subsidiaries under the Notes. As Aramark is a holding company with no operations or assets other than stock of the direct parent of the Company, you should not assign any value to its guarantee.

Principal, maturity and interest

The Company issued on the Issue Date \$500.0 million in aggregate principal amount of Unregistered 2024 Outstanding Notes. The Company may issue additional Notes under the Indenture from time to time after this offering subject to the covenant described below under Certain covenants Limitation on incurrence of indebtedness and issuance of disqualified stock and preferred stock (the *Additional Notes*). The Existing 2024 Exchange Notes, the Unregistered 2024 Outstanding Notes, the New 2024 Exchange Notes and any Additional Notes subsequently issued under the Indenture shall be treated as a single class for all purposes under the Indenture, including waivers, amendments, redemptions and offers to purchase (except in the limited circumstances set forth below under Amendment, supplement and waiver). Unless the context requires otherwise, references to the *Notes* for all purposes of the Indenture and this Description of the 2024 Notes include the Existing 2024 Exchange Notes, the Unregistered 2024 Outstanding Notes, the New 2024 Exchange Notes and any Additional Notes that are actually issued and do not, for the avoidance of doubt, include the 2026 Notes.

Interest on the Notes accrues at the rate of 5.125% per annum and is payable semi-annually in arrears on January 15 and July 15, commencing on July 15, 2016, to the Holders of Notes of record on the immediately preceding January 1 and July 1. Interest on the Notes will accrue from the most recent date to which interest has

been paid with respect thereto or, if no interest has been paid with respect thereto, from and including the Original Issue Date. Interest on the Notes is computed on the basis of a 360-day year comprised of twelve 30-day months.

Maturity and payments

The Notes will mature on January 15, 2024. Additional Interest may accrue on the New Notes in certain circumstances pursuant to the Registration Rights Agreement as described under Registration Rights. All references in the Indenture and this Description of the 2024 Notes, in any context, to any interest or other amount payable on or with respect to the Unregistered 2024 Outstanding Notes shall be deemed to include any Additional Interest pursuant to the Registration Rights Agreement.

Principal of, premium, if any, and interest on the Notes is payable at the office or agency of the Company maintained for such purpose within the State of New York or, at the option of the Company, payments of interest may be made by check mailed to the Holders at their respective addresses set forth in the register of Holders; *provided* that all payments of principal, premium, if any, and interest with respect to Notes represented by one or more global notes registered in the name of or held by DTC or its nominee will be made by wire transfer of immediately available funds to the accounts specified by the Holder or Holders thereof. The Notes will be issued in denominations of \$2,000 and any integral multiples of \$1,000 in excess of \$2,000.

Guarantees

Each direct and indirect Restricted Subsidiary of the Company that is a Domestic Subsidiary and that guarantees the obligations of the Company under the Company's Senior Credit Facilities (which on the Issue Date was each Domestic Subsidiary other than Receivables Subsidiaries and certain immaterial subsidiaries) jointly and severally, fully and unconditionally guarantees, as primary obligors and not merely as sureties, on a senior unsecured basis, the performance and full and punctual payment when due, whether at maturity, by acceleration or otherwise, of all obligations of the Company under the Indenture and the Notes, whether for payment of principal of, or interest on or Additional Interest in respect of the Notes, expenses, indemnification or otherwise, on the terms set forth in the Indenture by executing the Indenture. None of our Restricted Subsidiaries that are Foreign Subsidiaries or any Receivables Subsidiary and certain immaterial subsidiaries will guarantee the Notes. Although Aramark is providing a guarantee of the Notes for purposes of financial reporting, it is not a Guarantor and its guarantee is not a Guarantee, in each case as defined in and for purposes of this Description of the 2024 Notes.

Each Guarantee is a general unsecured senior obligation of the applicable Guarantor, ranks *pari passu* in right of payment with all existing and any future Senior Indebtedness of such Guarantor, is effectively subordinated to all Secured Indebtedness of such Guarantor to the extent of the collateral securing such Indebtedness, and ranks senior in right of payment to all existing and any future Subordinated Indebtedness of such Guarantor. The Notes are structurally subordinated to Indebtedness of Subsidiaries of the Company that do not guarantee the Notes. See also Brief description of the notes and the guarantees.

Each Guarantee contains a provision intended to limit the Guarantor's liability thereunder to the maximum amount that it could incur without causing the incurrence of obligations under its Guarantee to be a fraudulent transfer. This provision may not, however, be effective to protect a Guarantee from being voided under fraudulent transfer law, or may reduce the Guarantor's obligation to an amount that effectively makes its Guarantee worthless. See Risk Factors Risks Related to the Notes Federal and state fraudulent transfer laws may permit a court to void or limit the amount payable under the notes or the guarantees, and, if that occurs, you may receive limited or no payments on the notes and guarantees affected.

Each Guarantor may consolidate with or merge into or sell all or substantially all its assets to (A) the Company or another Guarantor without limitation or (B) any other Person upon the terms and conditions set forth in the Indenture. See Certain covenants Merger, consolidation or sale of all or substantially all assets.

Table of Contents

The Guarantee of a Guarantor will automatically and unconditionally be released and discharged upon:

(1) (a) the sale, disposition or other transfer (including through merger or consolidation) of all of the Capital Stock (or any sale, disposition or other transfer of Capital Stock following which such Guarantor is no longer a Restricted Subsidiary), or all or substantially all the assets, of such Guarantor (other than a sale, disposition or other transfer to a Restricted Subsidiary) if such sale, disposition or other transfer is made in compliance with the applicable provisions of the Indenture;

(b) the designation by the Company of such Guarantor as an Unrestricted Subsidiary in accordance with the provisions of the Indenture as described under Certain covenants Limitation on restricted payments and the definition of Unrestricted Subsidiary ;

(c) the release or discharge of such Guarantor from its guarantee of Indebtedness under the Senior Credit Facilities or the guarantee that resulted in the obligation of such Guarantor to guarantee the Notes, in each case, if such Guarantor would not then otherwise be required to guarantee the Notes pursuant to the covenant described under Certain covenants Limitation on guarantees of indebtedness by restricted subsidiaries, (treating any guarantees of such Guarantor that remain outstanding as incurred at least 30 days prior to such release) except, in each case, a release or discharge by, or as a result of, payment under such guarantee or payment in full of the Indebtedness under the Senior Credit Facilities; or

(d) the exercise by the Company of its legal defeasance option or its covenant defeasance option, as described under Legal defeasance and covenant defeasance or if the Company's obligations under the Indenture are discharged in accordance with the terms of the Indenture;

(2) in the case of clause (1)(a) above, the release of such Guarantor from its guarantee, if any, of and all pledges and security, if any, granted in connection with, the Senior Credit Facilities and any other Indebtedness of the Company or any Restricted Subsidiary (except with respect to a Restricted Subsidiary included in a Designated Business, Indebtedness of a Designated Business permitted by clause (y) of the second paragraph of the covenant described under Certain covenants Limitation on incurrence of indebtedness and issuance of disqualified and preferred stock); and

(3) such Guarantor delivering to the Trustee an Officers Certificate and an opinion of counsel, each stating that all conditions precedent provided for in the Indenture relating to such transaction have been complied with.

Ranking

The Indebtedness evidenced by the New 2024 Exchange Notes and the Guarantees will be Senior Indebtedness of the Company or the applicable Guarantor, as the case may be, and will rank equal in right of payment with all existing and future Senior Indebtedness of the Company and the Guarantors, as the case may be, including the Obligations of the Company and the Guarantors under the Senior Credit Facilities, the Existing Notes and the 2026 Notes. However, the Notes are effectively subordinated to all of the Company's and the Guarantors' existing and future Secured Indebtedness (including Indebtedness under the Senior Credit Facilities) to the extent of the value of the assets securing such Indebtedness.

As of September 30, 2016, the Company and its Subsidiaries had \$5,270.0 million aggregate principal amount of Indebtedness outstanding (excluding unused commitments), including Indebtedness represented by the Unregistered 2024 Outstanding Notes and the 2026 Notes, \$227.0 million of Indebtedness represented by the Existing Notes, \$400.0 million of Indebtedness represented by the Existing 2024 Exchange Notes, \$3,291.1 million of Indebtedness

outstanding under the Senior Credit Facilities, \$268.0 million of Indebtedness outstanding under the Receivables Facility and \$78.6 million of Indebtedness in respect of Capitalized Lease Obligations. In addition, as of September 30, 2016, the Company and its Subsidiaries would be able to incur an additional \$713.5 million of Indebtedness under the Senior Credit Facilities.

Table of Contents

A significant portion of the operations of the Company are conducted through its Subsidiaries. Unless the Subsidiary is a Guarantor, claims of creditors of such Subsidiaries, including trade creditors, and claims of preferred stockholders (if any) of such Subsidiaries generally will have priority with respect to the assets and earnings of such Subsidiaries over the claims of creditors of the Company, including the holders of the Notes. The New 2024 Exchange Notes, therefore, will be structurally subordinated to holders of Indebtedness and other creditors (including trade creditors) and preferred stockholders (if any) of Subsidiaries of the Company that are not Guarantors. Although the Indenture limits the incurrence of Indebtedness by and the issuance of Disqualified Stock and preferred stock of certain of the Company's Subsidiaries, such limitation is subject to a number of significant qualifications. See **Certain covenants** **Limitation on incurrence of indebtedness and issuance of disqualified stock and preferred stock**.

Not all of our Subsidiaries guarantee the Notes. As of September 30, 2016, our non-guarantor Subsidiaries had \$1,245.6 million of total indebtedness and other claims and liabilities, all of which were structurally senior to the Notes. In the event of a bankruptcy, liquidation or reorganization of any of these non-guarantor Subsidiaries, the non-guarantor Subsidiaries will pay the holders of their debt and other liabilities, including their trade creditors and holders of their preferred stock, if any, before they will be able to distribute any of their assets to us. Our non-guarantor Subsidiaries accounted for \$3,720.0 million, or approximately 25.8%, of our sales and \$163.3 million, or approximately 21.9%, of our operating income, in each case for the year ended September 30, 2016, and \$2,816.0 million, or approximately 26.6%, of our total assets and \$1,245.6 million (excluding intercompany liabilities), or approximately 14.8%, of our total liabilities, in each case as of September 30, 2016.

Although the Indenture contains limitations on the amount of additional Indebtedness that the Company and the Restricted Subsidiaries may incur, under certain circumstances the amount of such Indebtedness could be substantial. Moreover, the Indenture does not impose any limitation on the incurrence of liabilities that are not considered Indebtedness under the Indenture. See **Certain covenants** **Limitation on incurrence of indebtedness and issuance of disqualified stock and preferred stock**.

Paying agent and registrar for the notes

The Company maintains one or more paying agents for the Notes in the Borough of Manhattan, City of New York. The initial paying agent for the Notes is the Trustee.

The Company also maintains a registrar with offices in the Borough of Manhattan, City of New York. The initial registrar is the Trustee. The registrar maintains a register reflecting ownership of the Notes outstanding from time to time and makes payments on and facilitate transfers of Notes on behalf of the Company.

The Company may change the paying agents or the registrars without prior notice to the Holders. The Company or any of its Subsidiaries may act as a paying agent or registrar.

Mandatory redemption; offer to purchase; open market purchases

The Company is not required to make any mandatory redemption or sinking fund payments with respect to the Notes. However, under certain circumstances, the Company may be required to offer to purchase Notes as described under **Repurchase at the option of holders**. The Company may from time to time acquire Notes by means other than a redemption, whether by tender offer, in open market purchases, through negotiated transactions or otherwise, in accordance with applicable securities laws.

Optional redemption

On or after January 15, 2019, the Company may redeem the Notes, in whole or in part, upon not less than 30 nor more than 60 days prior notice at the redemption prices (expressed as percentages of principal amount of the Notes to be redeemed) set forth below, plus accrued and unpaid interest, and Additional Interest, if any, thereon

Table of Contents

to but not including the applicable redemption date, subject to the right of Holders of Notes on the relevant record date to receive interest due on the relevant interest payment date, if redeemed during the twelve-month period beginning on January 15 of each of the years indicated below:

Year	Percentage
2019	103.844%
2020	102.563%
2021	101.281%
2022 and thereafter	100.000%

Prior to January 15, 2019, the Company may, at its option, redeem up to 40% of the sum of the aggregate principal amount of all Notes issued under the Indenture at a redemption price equal to 105.125% of the aggregate principal amount thereof, plus accrued and unpaid interest and Additional Interest, if any, to but not including the redemption date, subject to the right of Holders of Notes on the relevant record date to receive interest due on the relevant interest payment date, with the net cash proceeds of one or more Equity Offerings of the Company or any direct or indirect parent of the Company to the extent such net proceeds are contributed to the Company; *provided* that:

at least 50% of the sum of the aggregate principal amount of Notes originally issued under the Indenture and any Additional Notes that are issued under the Indenture after the Original Issue Date remain outstanding immediately after the occurrence of each such redemption; and

each such redemption occurs within 90 days of the date of closing of each such Equity Offering.

At any time prior to January 15, 2019, the Company may redeem all or a part of the Notes, upon not less than 30 nor more than 60 days' prior notice, at a redemption price equal to 100% of the principal amount of the Notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest and Additional Interest, if any, to but not including the redemption date, subject to the rights of Holders of Notes on the relevant record date to receive interest due on the relevant interest payment date.

Notice of any redemption upon any Equity Offering or in connection with a transaction (or series of related transactions) that constitutes a Change of Control may be given prior to the redemption thereof.

Any redemption may, at the Company's discretion, be subject to one or more conditions precedent, including, but not limited to, completion of a Change of Control, an Equity Offering, other offering or other corporate transaction or event.

The Company may acquire notes by means other than a redemption, whether by tender offer, open market purchases, negotiated transactions or otherwise, in accordance with applicable securities laws, so long as such acquisition does not otherwise violate the terms of the Indenture.

Selection and notice

If the Company is redeeming less than all of the Notes at any time, the Trustee will select the Notes of such series to be redeemed (a) if the Notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which such Notes are listed or (b) if such Notes are not so listed, on a *pro*

rata basis or by lot or such other method as may be required by the applicable depository. No Notes of \$2,000 or less shall be redeemed in part.

Notices of redemption shall be delivered electronically or mailed by first-class mail, postage prepaid, at least 30 days but not more than 60 days before the redemption date to each Holder at such Holder's registered address, except that notices of redemption may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of the Indenture. If any Note is to be redeemed in part only, any notice of redemption that relates to such Note shall state the portion of the principal amount thereof to be redeemed.

Table of Contents

A new Note in principal amount equal to the unredeemed portion of any Note redeemed in part will be issued in the name of the Holder thereof upon cancellation of the original Note. Notes called for redemption become due and payable on the date fixed for redemption, unless such redemption is conditioned on the happening of a future event. On and after the redemption date, unless the Company defaults in the redemption payment, interest shall cease to accrue on the Note or portions thereof called for redemption.

Repurchase at the option of holders

Change of control

If a Change of Control occurs, unless the Company has previously or concurrently mailed or transmitted electronically a redemption notice with respect to all outstanding Notes as described under *Optional redemption*, the Company will make an offer to purchase all of the Notes pursuant to the offer described below (the ***Change of Control Offer***) at a price in cash (the ***Change of Control Payment***) equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest and Additional Interest, if any, to the date of purchase, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following any Change of Control, the Company will send notice of such Change of Control Offer electronically or by first class mail, with a copy to the Trustee, to each Holder to the address of such Holder appearing in the security register with a copy to the Trustee or otherwise in accordance with the procedures of DTC, with the following information:

- (1) a Change of Control Offer is being made pursuant to this covenant, and all Notes properly tendered pursuant to such Change of Control Offer will be accepted for payment by the Company;
- (2) the purchase price and the purchase date, which will be no earlier than 30 days nor later than 60 days from the date such notice is mailed (the ***Change of Control Payment Date***);
- (3) any Note not properly tendered will remain outstanding and continue to accrue interest;
- (4) unless the Company defaults in the payment of the Change of Control Payment, all Notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest on the Change of Control Payment Date;
- (5) Holders electing to have any Notes purchased pursuant to a Change of Control Offer will be required to surrender such Notes, with the form entitled *Option of Holder to Elect Purchase* on the reverse of such Notes completed, to the paying agent specified in the notice at the address specified in the notice prior to the close of business on the third Business Day preceding the Change of Control Payment Date;
- (6) Holders will be entitled to withdraw their tendered Notes and their election to require the Company to purchase such Notes; *provided* that the paying agent receives, not later than the close of business on the last day of the offer period, facsimile transmission or letter setting forth the name of the Holder, the principal amount of Notes tendered for purchase, and a statement that such Holder is withdrawing its tendered Notes and its election to have such Notes purchased;
- (7) Holders whose Notes are being purchased only in part will be issued new Notes equal in principal amount to the unpurchased portion of the Notes surrendered, which unpurchased portion must be equal to \$2,000 or an integral multiple of \$1,000 in excess thereof; and
- (8) if such notice is delivered prior to the occurrence of a Change of Control, such notice shall state that the Change of Control Offer is conditional on the occurrence of such Change of Control and describe such condition, and, if

applicable, state that, in the Company's discretion, the Change of Control Payment Date may be delayed until such time as any or all such conditions shall be satisfied, or that such redemption may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been satisfied by the Change of Control Payment Date, or by the Change of Control Payment Date as so delayed.

While the Notes are in global form and the Company makes an offer to purchase all of the Notes pursuant to the Change of Control Offer, a Holder may exercise its option to elect for the purchase of the Notes through the facilities of DTC, subject to its rules and regulations.

Table of Contents

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of the Notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Indenture, the Company will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Indenture by virtue thereof.

On the Change of Control Payment Date, the Company will, to the extent permitted by law,

- (1) accept for payment all Notes or portions thereof properly tendered pursuant to the Change of Control Offer,
- (2) deposit with the paying agent an amount equal to the aggregate Change of Control Payment in respect of all Notes or portions thereof so tendered, and
- (3) deliver, or cause to be delivered, to the Trustee for cancellation the Notes so accepted together with an Officers Certificate stating that such Notes or portions thereof have been tendered to and purchased by the Company.

The paying agent will promptly mail to each Holder the Change of Control Payment for such Notes, and the Trustee will promptly authenticate and mail to each Holder a new Note equal in principal amount to any unpurchased portion of the Notes surrendered, if any; *provided* that each such new Note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof. The Company will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

The Senior Credit Facilities (subject to limited exceptions), and future credit agreements or other agreements to which the Company becomes a party may, prohibit the Company from purchasing any Notes as a result of a Change of Control. In the event a Change of Control occurs at a time when the Company is prohibited from purchasing the Notes, the Company could seek the consent of their lenders to permit the purchase of the Notes or could attempt to refinance the borrowings and notes that contain such prohibition. If the Company does not obtain such consent or repay such borrowings, the Company will remain prohibited from purchasing the Notes. In such case, the Company's failure to purchase tendered Notes would constitute an Event of Default under the Indenture.

The Senior Credit Facilities provide that the occurrence of certain change of control events with respect to the Company (including a Change of Control under the Indenture) constitute a default thereunder. If the Company experiences a change of control that triggers a default under the Senior Credit Facilities or cross-defaults under any other Indebtedness or the Receivables Facility, the Company could seek a waiver of such defaults or seek to refinance the Indebtedness outstanding under the Senior Credit Facilities and such other Indebtedness. In the event the Company does not obtain such a waiver or refinance the Indebtedness outstanding under the Senior Credit Facilities and such other Indebtedness, such defaults could result in amounts outstanding under the Senior Credit Facilities and such other Indebtedness being declared due and payable and cause the Receivables Facility to be wound down. The Company's ability to pay cash to the Holders of Notes following the occurrence of a Change of Control may be limited by its then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required repurchases. See Risk Factors Risks Related to the Notes We may not be able to repurchase the notes upon a change of control.

The Company is not required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the time and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Company and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer. A Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of

Control at the time of making of the Change of Control Offer.

Table of Contents

The Change of Control purchase feature of the Notes may in certain circumstances make more difficult or discourage a sale or takeover of the Company and, thus, the removal of incumbent management. The Change of Control purchase feature is a result of negotiations between the Company and the initial purchasers of the Existing 2024 Exchange Notes. We have no current intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Restrictions on our ability to incur additional Indebtedness are contained in the covenant described under **Certain covenants** Limitation on incurrence of indebtedness and issuance of disqualified stock and preferred stock. Such restrictions can be waived with the consent of the holders of a majority in principal amount of the Notes then outstanding. Except for the limitations contained in such covenant, however, the Indenture does not contain any covenants or provisions that may afford Holders protection in the event of a highly leveraged transaction.

The definition of **Change of Control** includes a disposition of all or substantially all of the assets of the Company to any Person. Although there is a limited body of case law interpreting the phrase **substantially all**, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of **all or substantially all** of the assets of the Company. As a result, it may be unclear as to whether a Change of Control has occurred and whether a Holder may require the Company to make an offer to repurchase the Notes as described above.

The provisions under the Indenture relating to the Company's obligation to make an offer to repurchase the Notes as a result of a Change of Control, including the definition of **Change of Control**, may be waived or modified with the written consent of the Holders of a majority in principal amount of the Notes.

Asset sales

The Indenture provides that the Company will not, and will not permit any Restricted Subsidiary to, cause, make or suffer to exist an Asset Sale, unless:

- (1) the Company or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value (as determined in good faith by the Company) of the assets sold or otherwise disposed of; and
- (2) except in the case of a Permitted Asset Swap, at least 75% of the consideration therefor received by the Company or such Restricted Subsidiary, as the case may be, is in the form of cash or Cash Equivalents; *provided* that the amount of:
 - (a) any liabilities (as shown on the most recent consolidated balance sheet of the Company or in the footnotes thereto) of the Company or such Restricted Subsidiary, other than liabilities that are by their terms subordinated to the Notes, that are assumed by the transferee of any such assets (or a third party on behalf of the transferee) and for which the Company or such Restricted Subsidiary has been validly released by all creditors,
 - (b) any securities, notes or other obligations or assets received by the Company or such Restricted Subsidiary from such transferee that are converted by the Company or such Restricted Subsidiary into cash (to the extent of the cash received) within 180 days following the closing of such Asset Sale, and

(c) any Designated Noncash Consideration received by the Company or such Restricted Subsidiary in such Asset Sale having an aggregate fair market value, taken together with all other Designated Noncash Consideration received pursuant to this clause (c) that is at that time outstanding, not to exceed the greater of (x) \$300.0 million and (y) 3.0% of Total Assets at the time of the receipt of

Table of Contents

such Designated Noncash Consideration, with the fair market value of each item of Designated Noncash Consideration being measured at the time received and without giving effect to subsequent changes in value,

shall be deemed to be cash for purposes of this provision and for no other purpose.

Within 450 days after any of the Company's or any Restricted Subsidiary's receipt of the Net Proceeds of any Asset Sale, the Company or such Restricted Subsidiary may, at its option, apply the Net Proceeds from such Asset Sale:

(1) to permanently reduce (a) Obligations under any Senior Indebtedness of the Company or any Guarantor (other than Obligations owed to the Company or a Restricted Subsidiary) and, in the case of Obligations under revolving credit facilities or other similar Indebtedness, to correspondingly permanently reduce commitments with respect thereto; *provided* that if the Company or any Restricted Subsidiary shall so reduce Obligations under any Senior Indebtedness that is not secured by a Lien permitted by the Indenture, the Company or such Guarantor will, equally and ratably, reduce Obligations under the Notes by, at its option, (i) redeeming Notes, (ii) making an offer (in accordance with the procedures set forth below for an Asset Sale Offer) to all Holders to purchase their Notes at 100% of the principal amount thereof, plus the amount of accrued and unpaid interest and Additional Interest, if any, on the principal amount of Notes to be repurchased or (iii) purchasing Notes through open market purchases (to the extent such purchases are at a price equal to or higher than 100% of the principal amount thereof) in a manner that complies with the Indenture and applicable securities law or (b) Indebtedness of a Restricted Subsidiary that is not a Guarantor, other than Indebtedness owed to the Company or another Restricted Subsidiary; or

(2) to make (a) an investment in any one or more businesses; *provided* that such investment in any business is in the form of the acquisition of Capital Stock and results in the Company or any Restricted Subsidiary owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (b) an investment in properties, (c) capital expenditures and (d) acquisitions of other assets, that in each of (a), (b), (c) and (d), are used or useful in the business of the Company and in Restricted Subsidiaries or replace the businesses, properties and assets that are the subject of such Asset Sale.

Any Net Proceeds from the Asset Sale that are not invested or applied in accordance with the preceding paragraph within 450 days from the date of the receipt of such Net Proceeds will be deemed to constitute *Excess Proceeds*; *provided* that if during such 450-day period the Company or a Restricted Subsidiary enters into a definitive binding agreement committing it to apply such Net Proceeds in accordance with the requirements of clause (2) of the immediately preceding paragraph after such 450th day, such 450-day period will be extended with respect to the amount of Net Proceeds so committed until such Net Proceeds are required to be applied in accordance with such agreement (but such extension will in no event be for a period longer than 180 days) (or, if earlier, the date of termination of such agreement). When the aggregate amount of Excess Proceeds exceeds \$100.0 million, the Company shall make an offer to all Holders and, if required by the terms of any Senior Indebtedness, to the holders of such Senior Indebtedness (other than with respect to Hedging Obligations) (an *Asset Sale Offer*), to purchase the maximum aggregate principal amount of Notes and such Senior Indebtedness that is a minimum of \$2,000 or an integral multiple of \$1,000 in excess thereof that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof, plus accrued and unpaid interest and Additional Interest, if any, to the date fixed for the closing of such offer, in accordance with the procedures set forth in the Indenture. The Company will commence an Asset Sale Offer with respect to Excess Proceeds within ten Business Days after the date that Excess Proceeds exceed \$100.0 million by mailing the notice required pursuant to the terms of the Indenture, with a copy to the Trustee. The Company may satisfy the foregoing obligations with respect to any Net Proceeds from an Asset Sale by making an Asset Sale Offer with respect to such Net Proceeds prior to the expiration of the relevant 450 days or with respect to Excess Proceeds of \$100.0 million or less.

To the extent that the aggregate amount of Notes and such Senior Indebtedness tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, the Company may use any remaining Excess Proceeds for

Table of Contents

general corporate purposes, subject to the other covenants contained in the Indenture. If the aggregate principal amount of Notes or the Senior Indebtedness surrendered by such holders thereof exceeds the amount of Excess Proceeds, the Company shall select or cause to be selected the Notes and such Senior Indebtedness to be purchased on a pro rata basis based on the accreted value or principal amount of the Notes or such Senior Indebtedness tendered. Upon completion of any such Asset Sale Offer, the amount of Excess Proceeds related to such Asset Sale Offer shall be reset at zero.

Pending the final application of any Net Proceeds pursuant to this covenant, the Company or the applicable Restricted Subsidiary may apply such Net Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Proceeds in any manner not prohibited by the Indenture.

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Indenture, the Company will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Indenture by virtue thereof.

The Senior Credit Facilities limit (in each case, subject to limited exceptions), and future credit agreements or other agreements to which the Company or any Restricted Subsidiary becomes a party may effectively limit or prohibit, the Company or any Restricted Subsidiary from purchasing any Notes as a result of an Asset Sale Offer. In the event the Company is required to make an Asset Sale Offer at a time when the Company is actually or effectively prohibited from purchasing the Notes, the Company or the Restricted Subsidiary could seek the consent of its lenders to permit the purchase of the Notes or could attempt to refinance the borrowings that contain such prohibition. If the Company or the Restricted Subsidiary does not obtain such consent or repay such borrowings, the Company will remain actually or effectively prohibited from purchasing the Notes. In such case, the Company's failure to purchase tendered Notes would constitute an Event of Default under the Indenture.

The provisions under the Indenture relative to the Company's obligation to make an offer to repurchase the Notes as a result of an Asset Sale may be waived or modified with the written consent of the Holders of a majority in principal amount of the Notes.

Certain covenants

Set forth below are summaries of certain covenants contained in the Indenture. During any period of time that (i) the Notes have Investment Grade Ratings from both Rating Agencies and (ii) no Default has occurred and is continuing under the Indenture (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a ***Covenant Suspension Event***) then, the covenants specifically listed under the following captions in this Description of the 2024 Notes section of this prospectus will not be applicable to the Notes (collectively, the ***Suspended Covenants***):

- (1) Repurchase at the option of holders Asset sales ;
- (2) Limitation on restricted payments ;
- (3) Limitation on incurrence of indebtedness and issuance of disqualified stock and preferred stock ;
- (4) clause (4) of the first paragraph of Merger, consolidation or sale of all or substantially all assets ;

- (5) Transactions with affiliates ;
- (6) Dividend and other payment restrictions affecting restricted subsidiaries ; and
- (7) Limitation on line of business.

Table of Contents

During any period that the foregoing covenants have been suspended, the Company may not designate any of its Subsidiaries as Unrestricted Subsidiaries pursuant to the second sentence of the definition of Unrestricted Subsidiary.

If and while the Company and its Restricted Subsidiaries are not subject to the Suspended Covenants, the Notes will be entitled to substantially less covenant protection. In the event that the Company and its Restricted Subsidiaries are not subject to the Suspended Covenants under the Indenture for any period of time as a result of the foregoing, and on any subsequent date (the ***Reversion Date***) one or both of the Rating Agencies withdraw their Investment Grade Rating or downgrade the rating assigned to the Notes below an Investment Grade Rating, then the Company and its Restricted Subsidiaries will thereafter again be subject to the Suspended Covenants under the Indenture with respect to future events. The period of time between the Suspension Date and the Reversion Date is referred to in this description as the ***Suspension Period***. The Guarantees of the Guarantors will be suspended during the Suspension Period. Additionally, upon the occurrence of a Covenant Suspension Event, the amount of Excess Proceeds from Net Proceeds shall be reset to zero.

In addition, during any Suspension Period, the Company and the Restricted Subsidiaries will not be subject to the covenant described under Repurchase at the option of holders Change of control ; *provided* that for purposes of determining the applicability of this covenant, the Reversion Date shall be defined as the date that (a) one or both of the Rating Agencies withdraw their Investment Grade Rating or downgrade the rating assigned to the Notes below an Investment Grade Rating and/or (b) the Company or any of its Affiliates enter into an agreement to effect a transaction that would result in a Change of Control and one or more of the Rating Agencies indicate that if consummated, such transaction (alone or together with any related recapitalization or refinancing transactions) would cause such Rating Agency to withdraw its Investment Grade Rating or downgrade the ratings assigned to the Notes below an Investment Grade Rating. On and after the Reversion Date as defined with respect to the covenant described under Repurchase at the option of holders Change of control, the Company and the Restricted Subsidiaries will thereafter again be subject to the such covenant under the Indenture, including, without limitation, with respect to a proposed transaction described in clause (b) above.

Notwithstanding the foregoing, in the event of any such reinstatement, no action taken or omitted to be taken by the Company or any of its Restricted Subsidiaries prior to such reinstatement will give rise to a Default or Event of Default under the Indenture with respect to the Notes; *provided* that (1) with respect to Restricted Payments made after such reinstatement, the amount of Restricted Payments made will be calculated as though the covenant described above under the caption Certain covenants Limitation on restricted payments had been in effect prior to, but not during, the Suspension Period; and (2) all Indebtedness incurred, or Disqualified Stock issued, during the Suspension Period will be classified to have been incurred or issued pursuant to clause (e) of the second paragraph of Limitation on incurrence of indebtedness and issuance of disqualified stock and preferred stock. In addition, for purposes of clause (3) of the first paragraph under the caption Limitation on restricted payments, all events set forth in such clause (3) occurring during a Suspension Period shall be disregarded for purposes of determining the amount of Restricted Payments the Company or any Restricted Subsidiary is permitted to make pursuant to such clause (3).

There can be no assurance that the Notes will ever achieve or maintain Investment Grade Ratings.

Limitation on restricted payments

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly:

(1) declare or pay any dividend or make any distribution on account of the Company's or any Restricted Subsidiary's Equity Interests, including any dividend or distribution payable in connection with any merger or consolidation, other than:

(A) dividends or distributions by the Company payable in Equity Interests (other than Disqualified Stock) of the Company; or

(B) dividends or distributions by a Restricted Subsidiary so long as, in the case of any dividend or distribution payable on or in respect of any class or series of securities issued by a Restricted Subsidiary other than a Wholly Owned Subsidiary, the Company or a Restricted Subsidiary receives at least its pro rata share of such dividend or distribution in accordance with its Equity Interests in such class or series of securities;

(2) purchase, redeem, defease or otherwise acquire or retire for value any Equity Interests of the Company or any direct or indirect parent of the Company, including in connection with any merger or consolidation;

(4) make any Restricted Investment;

(all such payments and other actions set forth in clauses (1) through (4) above (other than any exception thereto) being collectively referred to as ***Restricted Payments***), unless, at the time of such Restricted Payment:

(b) immediately after giving effect to such transaction on a *pro forma* basis, the Company could incur \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described under Limitation on incurrence of indebtedness and issuance of disqualified stock and preferred stock ; and

(c) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Company and the Restricted Subsidiaries after March 7, 2013 pursuant to the first paragraph of this covenant or clauses (1), (2) (with respect to the payment of dividends on Refunding Capital Stock pursuant to clause (b) thereof only), (6)(C), (8) and (12) of the next succeeding paragraph (and excluding, for the avoidance of doubt, all other Restricted Payments made pursuant to the next succeeding paragraph), is less than the sum, without duplication, of:

(1) 50% of the Consolidated Net Income of the Company for the period (taken as one accounting period) from December 31, 2010 to the end of the Company's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment, or, in the case such Consolidated Net Income for such period is a deficit, minus 100% of such deficit; *plus*

(2) 100% of the aggregate net cash proceeds and the fair market value, as determined in good faith by the Company, of marketable securities or other property received by the Company after March 7, 2013 (less the amount of such net cash proceeds to the extent such amount has been relied upon to permit the incurrence of Indebtedness, or issuance of Disqualified Stock or Preferred Stock pursuant to clause (v)(ii) of the second paragraph of the covenant described under Limitation on incurrence of indebtedness and issuance of disqualified stock and preferred stock) from the issue or sale, in each case after March 7, 2013, of:

(x) (I) Equity Interests of the Company, including Retired Capital Stock (as defined below), but excluding cash proceeds and the fair market value, as determined in good faith by the Company, of marketable securities or other property received from the sale of:

(A) Equity Interests to any future, current or former employees, directors, managers or consultants of the Company, any direct or indirect parent company of the

provided that this clause (2) shall not include the proceeds from (a) Refunding Capital Stock (as defined below), (b) Equity Interests of the Company or convertible debt securities of the Company sold to a Restricted Subsidiary or the Company, as the case may be, (c) Disqualified Stock or debt securities that have been converted into or exchanged for Disqualified Stock or (d) Excluded Contributions; *plus*

(3) 100% of the aggregate amount of cash and the fair market value, as determined in good faith by the Company, of marketable securities or other property contributed to the capital of the Company after March 7, 2013 other than the amount of such net cash proceeds to the extent such amount (i) has been relied upon to permit the incurrence of Indebtedness or issuance of Disqualified Stock or Preferred Stock pursuant to clause (v)(ii) of the second paragraph of the covenant described under Limitation on incurrence of indebtedness and issuance of disqualified stock and preferred stock (ii) are contributed by a Restricted Subsidiary and (iii) any Excluded Contributions; *plus*

(4) to the extent not already included in Consolidated Net Income, 100% of the aggregate amount received by the Company or a Restricted Subsidiary in cash and the fair market value, as determined in good faith by the Company, of marketable securities or other property received after March 7, 2013 by means of:

(A) the sale or other disposition (other than to the Company or a Restricted Subsidiary) of Restricted Investments made by the Company or any Restricted Subsidiary and repurchases and redemptions of such Restricted Investments from the Company or any Restricted Subsidiary and repayments of loans or advances that constitute Restricted Investments by the Company or any Restricted Subsidiary; or

(B) the sale (other than to the Company or a Restricted Subsidiary) of the Equity Interests of an Unrestricted Subsidiary or a distribution or dividend from an Unrestricted Subsidiary (other than in each case to the extent the Investment in such Unrestricted Subsidiary was made by the Company or a Restricted Subsidiary pursuant to clause (9) of the next succeeding paragraph or to the extent such Investment constituted a Permitted Investment); *plus*

(5) in the case of the redesignation of an Unrestricted Subsidiary as a Restricted Subsidiary after March 7, 2013, the fair market value of the Investment in such Unrestricted Subsidiary, as determined by the Company in good faith (or if such fair market value exceeds \$150.0 million, in writing by an Independent Financial Advisor), at the time of the redesignation of such Unrestricted Subsidiary as a Restricted Subsidiary, other than to the extent the Investment in such Unrestricted Subsidiary was made by the Company or a Restricted Subsidiary pursuant to clause (9) of the next succeeding paragraph or to the extent such Investment constituted a Permitted Investment.

As of September 30, 2016, we had an estimated capacity to make Restricted Payments in the amount of approximately \$1,298.8 million under this clause (c).

(A) the principal amount of such new Indebtedness does not exceed the principal amount (or accreted value, if applicable) of the Subordinated Indebtedness being so defeased, redeemed, repurchased, acquired or retired for value, plus the amount of any reasonable premium required to be paid under the terms of the instrument governing the Subordinated Indebtedness being so defeased, redeemed, repurchased, acquired or retired (including reasonable tender premiums), defeasance costs and any reasonable fees and expenses incurred in connection with the issuance of such new Indebtedness;

(5) the declaration and payment of dividends to holders of any class or series of Disqualified Stock of the Company or any Restricted Subsidiary issued in accordance with the covenant described under Limitation on incurrence of indebtedness and issuance of disqualified stock and preferred stock to the extent such dividends are included in the definition of Fixed Charges ;

(6) (A) the declaration and payment of dividends to holders of any class or series of Designated Preferred Stock (other than Disqualified Stock) issued by the Company after the Original Issue Date;

(C) the declaration and payment of dividends on Refunding Capital Stock that is Preferred Stock in excess of the dividends declarable and payable thereon pursuant to clause (2) of this paragraph; *provided, however*, in the case of each of (A), (B) and (C) of this clause (6), that for the most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date of issuance of such Designated Preferred Stock or the declaration of such dividends on Refunding Capital Stock that is Preferred Stock, after giving effect to such issuance or declaration on a pro forma basis, the Company and the Restricted Subsidiaries on a consolidated basis would have had a Fixed Charge Coverage Ratio of at least 2.00 to 1.00;

(y) Indebtedness of a Designated Business which Indebtedness is incurred substantially concurrently with the disposition of such Designated Business pursuant to clause (18) of the second paragraph of the covenant described under Limitation on restricted payments and which Indebtedness is non-recourse to the Company and its Restricted Subsidiaries other than any Restricted Subsidiary included in such Designated Business.

For purposes of determining compliance with this covenant, in the event that an item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) at any time meets the criteria of more than one of the categories of Permitted Debt described in clauses (a) through (x) above or is entitled to be incurred pursuant to the first paragraph of this covenant, the Company, in its sole discretion, will classify or reclassify, or later divide, classify or reclassify, such item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) and will only be required to include the amount and type of such Indebtedness, Disqualified Stock or Preferred Stock in one or more of the above clauses at such time; *provided* that all Indebtedness outstanding under the Senior Credit Facilities on the Original Issue Date will be deemed to have been incurred on such date in reliance on the exception in clause (a) of the definition of Permitted Debt.

The accrual of interest or dividends, the accretion of accreted value, the accretion or amortization of original issue discount and the payment of interest or dividends in the form of additional Indebtedness, Disqualified Stock or Preferred Stock will not be deemed to be an incurrence of Indebtedness, Disqualified Stock or Preferred Stock for purposes of this covenant. Any Refinancing Indebtedness and any Indebtedness incurred to refinance Indebtedness incurred pursuant to clauses (a) and (v) above shall be deemed to include additional Indebtedness, Disqualified Stock or preferred stock incurred to pay premiums (including reasonable tender premiums), defeasance costs, fees and expenses in connection with such refinancing.

For purposes of determining compliance with any U.S. dollar-denominated restriction on the incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency will be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was incurred, in the case of term debt, or first committed, in the case of revolving credit debt; *provided* that if such Indebtedness is incurred to extend, replace, refund, refinance, renew or defease other Indebtedness denominated in a foreign currency, and such extension, replacement, refunding, refinancing, renewal or defeasance would cause the applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such extension, replacement, refunding, refinancing, renewal or defeasance, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being extended, replaced, refunded, refinanced, renewed or defeased.

The principal amount of any Indebtedness incurred to extend, replace, refund, refinance, renew or defease other Indebtedness, if incurred in a different currency from the Indebtedness being extended, replaced, refunded, refinanced, renewed or defeased, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Indebtedness is denominated that is in effect on the date of such extension, replacement, refunding, refinancing, renewal or defeasance.

The Indenture provides that the Company will not, and will not permit any Guarantor to, directly or indirectly, incur any Indebtedness (including Acquired Indebtedness) that is subordinated or junior in right of payment to any Indebtedness of the Company or such Guarantor, as the case may be, unless such Indebtedness is expressly subordinated in right of payment to the Notes or such Guarantor's Guarantee to the extent and in the same manner as such Indebtedness is subordinated to other Indebtedness of the Company or such Guarantor, as the case may be.

The Indenture does not treat (1) unsecured Indebtedness as subordinated or junior to Secured Indebtedness merely because it is unsecured or (2) Senior Indebtedness as subordinated or junior to any other Senior Indebtedness merely because it has a junior priority with respect to the same collateral.

Liens

The Company will not, and will not permit any of the Guarantors to, directly or indirectly, create, incur, assume or suffer to exist any Lien (except Permitted Liens) that secures obligations under any Indebtedness on any asset or property of the Company or any Guarantor now owned or hereafter acquired, or any income or profits therefrom, or assign or convey any right to receive income therefrom, unless:

(1) in the case of Liens securing Subordinated Indebtedness, the Notes or the applicable Guarantee of a Guarantor, as the case may be, are secured by a Lien on such property or assets that is senior in priority to such Liens; and

(2) in all other cases, the Notes or the applicable Guarantee of a Guarantor, as the case may be, are equally and ratably secured or are secured by a Lien on such assets or property that is senior in priority to such Lien; *provided* that any Lien which is granted to secure the Notes under this covenant shall be discharged at the same time as the discharge of the Lien (other than through the exercise of remedies with respect thereto) that gave rise to the obligation to so secure the Notes.

Limitation on sale and lease-back transactions

The Company will not, and will not permit any Restricted Subsidiary to, enter into any Sale and Lease-Back Transaction with respect to any property unless:

(1) the Company or such Restricted Subsidiary would be entitled to (A) incur Indebtedness in an amount equal to the Attributable Debt with respect to such Sale and Lease-Back Transaction pursuant to the covenant described under *Limitation on incurrence of indebtedness and issuance of disqualified stock and preferred stock* and (B) create a Lien on such property securing such Attributable Debt without equally and ratably securing the Notes pursuant to the covenant described under *Liens* ;

(2) the consideration received by the Company or any Restricted Subsidiary in connection with such Sale and Lease-Back Transaction is at least equal to the fair market value (as determined in good faith by the Company) of such property; and

(3) the Company applies the proceeds of such transaction in compliance with the terms described under *Repurchase at the option of holders* *Asset sales*.

Merger, consolidation or sale of all or substantially all assets

The Company may not consolidate or merge with or into or wind up into (whether or not the Company is the surviving entity), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of the properties or assets of the Company and its Subsidiaries on a consolidated basis, in one or more related transactions, to any Person unless:

(1) the Company is the surviving corporation or the Person formed by or surviving any such consolidation or merger (if other than the Company) or to which such sale, assignment, transfer, lease, conveyance or other disposition shall have been made is a corporation organized or existing under the laws of the United States of America, any state thereof, the District of Columbia, or any territory thereof (the Company or such Person, as the case may be, being herein called the *Successor Company*);

(2) the Successor Company, if other than the Company, expressly assumes all the obligations of the Company under the Indenture and the Notes pursuant to supplemental indentures or other documents or instruments in form reasonably satisfactory to the Trustee;

(3) immediately after such transaction, no Default exists;

(4) immediately after giving pro forma effect to such transaction and any related financing transactions, as if such transactions had occurred at the beginning of the applicable four quarter period,

(A) the Successor Company would be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first sentence of the covenant described under Limitation on incurrence of indebtedness and issuance of disqualified stock and preferred stock, or

(B) the Fixed Charge Coverage Ratio for the Successor Company, the Company and the Restricted Subsidiaries on a consolidated basis would be greater than such ratio for the Company and the Restricted Subsidiaries immediately prior to such transaction;

(5) each Guarantor, unless it is the other party to the transactions described above, in which case clause (A)(2) of the second succeeding paragraph shall apply, shall have by supplemental indenture confirmed that its Guarantee shall apply to such Person's obligations under the Indenture and the Notes; and

(6) the Company shall have delivered to the Trustee an Officers' Certificate and an opinion of counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the Indenture.

Notwithstanding anything to the contrary herein, the disposition of a Designated Business pursuant to clause (18) of the covenant described under Limitation on restricted payments or the covenant described under Repurchase at the option of holders Asset sales, shall not be deemed to be a sale, assignment, transfer, lease, conveyance or other disposition of all or substantially all of the properties or assets of the Company and its Subsidiaries on a consolidated basis.

Subject to certain limitations described in the Indenture, the Successor Company will succeed to, and be substituted for, the Company under the Indenture and the Notes. Notwithstanding the foregoing clauses (3) and (4),

(a) any Restricted Subsidiary may consolidate with, merge into or transfer all or part of its properties and assets to, the Company, and

(b) the Company may merge with an Affiliate of the Company incorporated solely for the purpose of reincorporating the Company in another state of the United States of America or the District of Columbia or any territory thereof so long as the amount of Indebtedness of the Company and the Restricted Subsidiaries is not increased thereby.

Subject to certain limitations described in the Indenture governing release of a Guarantee upon the sale, disposition or transfer of a Guarantor, each Guarantor will not, and the Company will not permit any Guarantor to, consolidate or merge with or into or wind up into (whether or not such Guarantor is the surviving corporation), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets in one or more related transactions to, any Person unless:

(a) (1) such Guarantor is the surviving entity or the Person formed by or surviving any such consolidation or merger (if other than such Guarantor) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation, partnership, limited partnership, limited liability company or trust organized or existing under the laws of the United States of America, any state thereof, the District of Columbia, or any territory thereof (such Guarantor or such Person, as the case may be, being herein called the *Successor Person*);

Subject to certain limitations described in the Indenture, the Successor Person will succeed to, and be substituted for, such Guarantor under the Indenture and such Guarantor's Guarantee. Notwithstanding the foregoing, any Guarantor may merge into or transfer all or part of its properties and assets to another Guarantor or the Company.

For purposes of this covenant, the sale, lease, conveyance, assignment, transfer or other disposition of all or substantially all of the properties and assets of one or more Subsidiaries of the Company which properties and assets, if held by the Company instead of such Subsidiaries, would constitute all or substantially all of the properties and assets of the Company and its Subsidiaries on a consolidated basis shall be deemed to be the transfer of all or substantially all of the properties and assets of the Company.

Transactions with affiliates

The Company will not, and will not permit any Restricted Subsidiary to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate of the Company (each of the foregoing, an ***Affiliate Transaction***) involving aggregate payments or consideration in excess of \$20.0 million, unless:

(a) such Affiliate Transaction is on terms that are not materially less favorable to the Company or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by the Company or such Restricted Subsidiary with an unrelated Person; and

(8) any agreement, instrument or arrangement as in effect as of the Original Issue Date, or any amendment thereto (so long as any such amendment is not disadvantageous to the Holders when taken as a whole in any material respect as compared to the applicable agreement as in effect on the Original Issue Date as reasonably determined in good faith by the Company);

(9) the existence of, or the performance by, the Company or any of the Restricted Subsidiaries of its obligations under the terms of, any stockholders agreement or its equivalent (including any registration rights agreement or purchase agreement related thereto) to which it is a party as of the Original Issue Date and any similar agreements which it may enter into thereafter; provided, however, that the existence of, or the performance by the Company or any Restricted Subsidiary of obligations under any future amendment to any such existing agreement or under any similar agreement entered into after the Original Issue Date shall only be permitted by this clause (9) to the extent that the terms of any such existing agreement together with all amendments thereto, taken as a whole, or new agreement do not require payments by the Company or any Subsidiary that are materially in excess of those required pursuant to the terms of the original agreement in effect on the Original Issue Date as reasonably determined in good faith by the Company;

Unrestricted Subsidiaries) would be required to pay in respect of foreign, federal, state and/or local consolidated, combined or similar taxes for such fiscal year were the Company and its Restricted Subsidiaries (and its Unrestricted Subsidiaries, to the extent described above) to pay such taxes separately from any such parent entity.

Limitation on guarantees of indebtedness by restricted subsidiaries

The Company will not permit any of its Wholly Owned Subsidiaries that are Restricted Subsidiaries (and non-Wholly Owned Subsidiaries if such non-Wholly Owned Subsidiaries guarantee other capital markets debt securities), other than a Guarantor or a Foreign Subsidiary, to guarantee the payment of any Indebtedness of the Company or any other Guarantor unless:

(1) such Restricted Subsidiary within 30 days executes and delivers a supplemental indenture to the Indenture providing for a Guarantee by such Restricted Subsidiary, except that with respect to a guarantee of Indebtedness of the Company or any Guarantor, that is by its express terms subordinated in right of payment to the Notes or such Guarantor's Guarantee, any such guarantee by such Restricted Subsidiary with respect to such Indebtedness shall be subordinated in right of payment to such Guarantee substantially to the same extent as such Indebtedness is subordinated to the Notes;

(2) such Restricted Subsidiary waives and will not in any manner whatsoever claim or take the benefit or advantage of, any rights of reimbursement, indemnity or subrogation or any other rights against the Company or any other Restricted Subsidiary as a result of any payment by such Restricted Subsidiary under its Guarantee; and

(3) such Restricted Subsidiary shall deliver to the Trustee an opinion of counsel to the effect that:

(a) such Guarantee has been duly executed and authorized; and

Table of Contents

(b) such Guarantee constitutes a valid, binding and enforceable obligation of such Restricted Subsidiary, except insofar as enforcement thereof may be limited by bankruptcy, insolvency or similar laws (including all laws relating to fraudulent transfers) and except insofar as enforcement thereof is subject to general principles of equity; *provided* that this covenant shall not be applicable to any guarantee of any Restricted Subsidiary that existed at the time such Person became a Restricted Subsidiary and was not incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary.

Limitation on line of business

The Indenture provides that the Company and its Restricted Subsidiaries, taken as a whole, will not fundamentally and substantially alter the character of their business, taken as a whole, from the business conducted by the Company and its Restricted Subsidiaries, taken as a whole, on the Original Issue Date. Notwithstanding the generality of the foregoing, none of (i) the expansion of the professional services provided by the Company and its Restricted Subsidiaries after the Original Issue Date or (ii) the disposition of a Designated Business pursuant to clause (18) of the covenant described under *Limitation on restricted payments* or the covenant described under *Repurchase at the option of holders* *Asset sales* will be deemed a fundamental and substantial alteration for purposes of the immediately preceding sentence.

Reports and other information

Notwithstanding that the Company may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act or otherwise report on an annual and quarterly basis on forms provided for such annual and quarterly reporting pursuant to rules and regulations promulgated by the SEC, the Indenture requires the Company to file with the SEC (and make available to the Trustee and Holders of the Notes (without exhibits), without cost to any Holder, within 15 days after it files (or is otherwise required to file) them with the SEC) from and after the Original Issue Date,

(1) within 90 days (or any other time period then in effect under the rules and regulations of the Exchange Act with respect to the filing of a Form 10-K by a non-accelerated filer) after the end of each fiscal year, annual reports on Form 10-K, or any successor or comparable form, containing the information required to be contained therein, or required in such successor or comparable form;

(2) within 45 days after the end of each of the first three fiscal quarters of each fiscal year, reports on Form 10-Q containing all quarterly information that would be required to be contained in Form 10-Q, or any successor or comparable form; and

(3) promptly from time to time after the occurrence of an event required to be therein reported, such other reports on Form 8-K, or any successor or comparable form,

in each case, in a manner that complies in all material respects with the requirements specified in such form; *provided* that the Company shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event the Company will make available such information to prospective purchasers of Notes, in addition to providing such information to the Trustee and the Holders of the Notes, in each case within 15 days after the time the Company would be required to file such information with the SEC if it were subject to Section 15(d) of the Exchange Act. In addition, to the extent not satisfied by the foregoing, the Company agrees that, for so long as any Notes are outstanding, it will furnish to Holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Notwithstanding the foregoing, the Indenture permits the Company to satisfy its obligations in this covenant with respect to financial information relating to the Company by furnishing financial information relating to Aramark (or another direct or indirect parent that guarantees the Notes); *provided* that the same is accompanied

Table of Contents

by consolidating information that explains in reasonable detail the differences between the information relating to such parent, on the one hand, and the information relating to the Company and its Restricted Subsidiaries on a standalone basis, on the other hand.

Aramark as parent guarantor guarantees the Notes for purposes of financial reporting. The Company will be deemed to have furnished the reports required under this covenant if Aramark (or another direct or indirect parent that guarantees the Notes) has filed such reports with the SEC via the EDGAR (or successor) filing system and such reports are publicly available.

Notwithstanding anything herein to the contrary, the Company will not be deemed to have failed to comply with any of its agreements hereunder for purposes of clause (3) under **Events of default and remedies** until 120 days after the date any report hereunder is required to be filed with the SEC pursuant to this covenant.

To the extent any information is not provided within the time periods specified in this section and such information is subsequently provided, the Company will be deemed to have satisfied its delivery obligations with respect to its delay in delivery at such time and any Default with respect thereto shall be deemed to have been cured.

Events of default and remedies

The following events constitute Events of Default under the Indenture:

(1) default in payment when due and payable, upon redemption, acceleration or otherwise, of payments of principal of, or premium, if any, on the Notes issued under the Indenture;

(2) default for 30 days or more in the payment when due of interest on or with respect to the Notes issued under the Indenture;

(3) failure by the Company or any Guarantor for 60 days after receipt of written notice given by the Trustee or the Holders of at least 30% in principal amount of the then outstanding Notes issued under the Indenture to comply with any of its agreements (other than a default referred to in clauses (1) and (2) above) in the Indenture or the Notes;

(4) default under any mortgage, indenture or instrument under which there is issued or by which there is secured or evidenced any Indebtedness for money borrowed by the Company or any Restricted Subsidiary or the payment of which is guaranteed by the Company or any Restricted Subsidiary, other than Indebtedness owed to the Company or a Restricted Subsidiary, whether such Indebtedness or guarantee now exists or is created after the issuance of the Notes, if both:

(A) such default either:

(i) results from the failure to pay any principal of such Indebtedness at its stated final maturity (after giving effect to any applicable grace periods), or

(ii) relates to an obligation other than the obligation to pay principal of any such Indebtedness at its stated final maturity and results in the holder or holders of such Indebtedness causing such Indebtedness to become due prior to its stated maturity; and

(B) the principal amount of such Indebtedness, together with the principal amount of any other such Indebtedness in default for failure to pay principal at stated final maturity (after giving effect to any applicable grace periods), or the

maturity of which has been so accelerated, aggregate \$100.0 million or more at any one time outstanding;

(5) failure by the Company or any Significant Subsidiary (or any group of Subsidiaries that together would constitute a Significant Subsidiary) to pay final judgments or orders for the payment of money in an aggregate amount exceeding \$100.0 million (to the extent not covered by independent third-party insurance

Table of Contents

as to which the insurer has been notified of such judgment or order and has not denied coverage, it being understood for purposes of the Indenture that the issuance of reservation of rights letter will not be considered a denial of coverage) and such judgment or order shall not have been satisfied, vacated, discharged or stayed or bonded pending an appeal for a period of sixty (60) consecutive days;

(6) certain events of bankruptcy or insolvency with respect to the Company or any Significant Subsidiary (or any group of Subsidiaries that together would constitute a Significant Subsidiary); or

(7) the Guarantee of any Significant Subsidiary (or any group of Subsidiaries that together would constitute a Significant Subsidiary) shall for any reason cease to be in full force and effect or be declared null and void or any responsible officer of any Guarantor that is a Significant Subsidiary (or the responsible officers of any group of Subsidiaries that together would constitute a Significant Subsidiary), as the case may be, denies that it has any further liability under its Guarantee or gives notice to such effect, other than by reason of the termination of the Indenture or the release of any such Guarantee in accordance with the Indenture.

If any Event of Default (other than of a type specified in clause (6) above) occurs and is continuing under the Indenture, the Trustee or the Holders of at least 30% in principal amount of the then outstanding Notes issued under the Indenture may declare the principal, premium, if any, interest and any other monetary obligations on all the then outstanding Notes issued under the Indenture to be due and payable immediately.

Upon the effectiveness of such declaration, such principal of and premium, if any, and interest on the Notes will be due and payable immediately. Notwithstanding the foregoing, in the case of an Event of Default arising under clause (6) of the first paragraph of this section, all outstanding Notes will become due and payable without further action or notice. The Indenture provides that the Trustee may withhold from Holders notice of any continuing Default, except a Default relating to the payment of principal of and premium, if any, and interest on the Notes if it determines that withholding notice is in their interest. In addition, the Trustee will have no obligation to accelerate the Notes if in the best judgment of the Trustee acceleration is not in the best interests of the Holders of such Notes.

The Indenture provides that the Holders of a majority in aggregate principal amount of the then outstanding Notes issued thereunder by notice to the Trustee may, on behalf of the Holders of all of such Notes, waive any existing Default and its consequences under the Indenture, except a continuing Default in the payment of principal of and premium, if any, or interest on any such Notes held by a non-consenting Holder. In the event of any Event of Default specified in clause (4) above, such Event of Default and all consequences thereof (excluding any resulting payment default, other than as a result of acceleration of the Notes) shall be annulled, waived and rescinded automatically and without any action by the Trustee or the Holders if, within 20 days after such Event of Default arose,

(x) the Indebtedness or guarantee that is the basis for such Event of Default has been discharged,

(y) the holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default, or

(z) the default that is the basis for such Event of Default has been cured.

Except to enforce the right to receive payments of principal of and premium, if any, and interest on the Notes when due, no Holder may pursue any remedy with respect to the Indenture or the Notes unless:

(1) such Holder has previously given the Trustee notice that an Event of Default is continuing;

(2) Holders of at least 30% in principal amount of the then outstanding Notes have requested the Trustee to pursue the remedy;

(3) such Holders have offered the Trustee security or indemnity reasonably satisfactory to the Trustee against any loss, liability or expense;

Table of Contents

(4) the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and

(5) Holders of a majority in principal amount of the outstanding Notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

The Indenture provides that the Company will be required to deliver to the Trustee annually a statement regarding compliance with the Indenture, and the Company will be required, within five Business Days, upon becoming aware of any Default, to deliver to the Trustee a statement specifying such Default.

No personal liability of directors, officers, employees and stockholders

No director, officer, employee, incorporator or stockholder of the Company or any Guarantor (other than in the case of stockholders of any Guarantor, the Company or another Guarantor) or any of their parent companies shall have any liability for any obligations of the Company or the Guarantors under the Notes, the Guarantees and the Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each Holder by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes.

Legal defeasance and covenant defeasance

The Company may, at its option and at any time, elect to have all of its obligations discharged with respect to the Notes issued under the Indenture and have each Guarantor's obligation discharged with respect to its Guarantee (*Legal Defeasance*) and cure all then existing Events of Default except for:

(1) the rights of Holders of Notes issued under the Indenture to receive payments in respect of the principal of, premium, if any, and interest on such Notes when such payments are due solely out of the trust created pursuant to the Indenture;

(2) the Company's obligations with respect to Notes issued under the Indenture concerning issuing temporary notes, registration of such Notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment and money for security payments held in trust;

(3) the rights, powers, trusts, duties and immunities of the Trustee, and the Company's obligations in connection therewith; and

(4) the Legal Defeasance provisions of the Indenture.

In addition, the Company may, at its option and at any time, elect to have its obligations and those of each Guarantor released with respect to certain covenants that are described in the Indenture (*Covenant Defeasance*) and thereafter any omission to comply with such obligations shall not constitute a Default with respect to the Notes. In the event Covenant Defeasance occurs, certain events (not including bankruptcy, receivership, rehabilitation and insolvency events pertaining to the Company) described under Events of default and remedies will no longer constitute an Event of Default with respect to the Notes.

In order to exercise either Legal Defeasance or Covenant Defeasance with respect to the Notes issued under the Indenture:

(1) the Company must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders, cash in U.S. dollars, Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest due on the Notes issued under the Indenture on the stated maturity date or on the redemption date, as the case may be, of such principal, premium, if any, or interest on the Notes, and the Company must specify whether such Notes are being defeased to maturity or to a particular redemption date;

Table of Contents

(2) in the case of Legal Defeasance, the Company shall have delivered to the Trustee an opinion of counsel in the United States of America reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions,

(A) the Company has received from, or there has been published by, the United States Internal Revenue Service a ruling, or

(B) since the original issuance of the Notes, there has been a change in the applicable U.S. Federal income tax law,

in either case to the effect that, and based thereon such opinion of counsel in the United States of America shall confirm that, subject to customary assumptions and exclusions, the Holders will not recognize income, gain or loss for U.S. Federal income tax purposes as a result of such Legal Defeasance and will be subject to U.S. Federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, the Company shall have delivered to the Trustee an opinion of counsel in the United States of America reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions, the Holders will not recognize income, gain or loss for U.S. Federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. Federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith) shall have occurred and be continuing on the date of such deposit;

(5) such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under any of the Senior Credit Facilities or any other material agreement or instrument (other than the Indenture) to which, the Company or any Guarantor is a party or by which the Company or any Guarantor is bound;

(6) the Company shall have delivered to the Trustee an opinion of counsel in the United States of America and reasonably acceptable to the Trustee to the effect that, as of the date of such opinion and subject to customary assumptions and exclusions, following the deposit, the trust funds will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally under any applicable U.S. Federal or state law, and that the Trustee has a perfected security interest in such trust funds for the ratable benefit of the Holders;

(7) the Company shall have delivered to the Trustee an Officers' Certificate stating that the deposit was not made by the Company with the intent of defeating, hindering, delaying or defrauding any creditors of the Company, or any Guarantor or others; and

(8) the Company shall have delivered to the Trustee an Officers' Certificate and an opinion of counsel in the United States of America and reasonably acceptable to the Trustee (which opinion of counsel may be subject to customary assumptions and exclusions) each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance, as the case may be, have been complied with.

Satisfaction and discharge

The Indenture will be discharged and will cease to be of further effect as to all Notes issued thereunder, when either:

(a) all such Notes theretofore authenticated and delivered, except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust, have been delivered to the Trustee for cancellation; or

Table of Contents

(b) (1) all such Notes not theretofore delivered to such Trustee for cancellation have become due and payable by reason of the making of a notice of redemption or otherwise, will become due and payable within one year or are to be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Company and the Company or any Guarantor has irrevocably deposited or caused to be deposited with such Trustee as trust funds in trust solely for the benefit of the Holders, cash in U.S. dollars, Government Securities, or a combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest to pay and discharge the entire indebtedness on such Notes not theretofore delivered to the Trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption, as the case may be;

(2) no Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith) with respect to the Indenture or the Notes issued thereunder shall have occurred and be continuing on the date of such deposit or shall occur as a result of such deposit and such deposit will not result in a breach or violation of, or constitute a default under, the Senior Credit Facilities or any other agreement or instrument to which the Company or any Guarantor is a party or by which the Company or any Guarantor is bound;

(3) the Company has paid or caused to be paid all sums payable by it under the Indenture; and

(4) the Company has delivered irrevocable instructions to the Trustee under the Indenture to apply the deposited money toward the payment of such Notes at maturity or the redemption date, as the case may be.

In addition, the Company must deliver an Officers Certificate and an opinion of counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.
