Director Independence

The Board has determined that four of our nominees, John Bello, Lewis Jaffe, Scott R. Grossman and James C. Bass do not have relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these nominees is an “independent director” as defined under Section 803 of the of the NYSE American Company Guide.

Vote Required

The affirmative vote of the majority of the shares represented at the meeting and entitled to vote is required for the election of directors. Unless a stockholder indicates otherwise, each signed proxy will be voted **FOR** the election of these nominees.

The Board unanimously recommends a vote “FOR” the election of Valentin Stalowir, John Bello, Lewis Jaffe, Daniel J. Doherty III, Christopher J. Reed, Scott R. Grossman and James C. Bass as directors.

CORPORATE GOVERNANCE

Board and Committee Meetings

During the 2017 fiscal year, members of the Board met 18 times in various meetings. A majority of the directors and a majority of the independent directors attended all meetings. Each member of a committee of our Board attended at least 75% of their respective committee meetings during the period of service.

The company does not have a policy for Board meeting or committee meeting attendance because, pursuant to our Bylaws, members constituting a majority of directors constitute a quorum for meetings of the Board and a majority of our directors, including a majority of the independent directors, regularly attend all meetings.

Attendance of Board Members at Annual Stockholders' Meeting

The company does not have a policy for attendance of Board members at annual stockholder's meetings.

Board Structure and Committees

As of the date of this Proxy Statement, our Board has seven directors and the following four standing committees: Audit Committee, Compensation Committee, Governance Committee and Operations Committee. The Audit Committee, Compensation Committee and Governance Committee were formed in January 2007. The Operations Committee was formed in May 2017.

Board Determination of Independence

Under applicable NYSE American rules, a director will only qualify as an “independent director” if, in the opinion of the Board, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Board determined that, of our current directors, John Bello, Lewis Jaffe, James C. Bass and Scott R. Grossman do not have relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an “independent director” as defined under the listing standards of the NYSE American and within the meaning of the Sarbanes Oxley Act of 2002, Section 301(3). We intend to maintain at least four independent directors on our Board at all times in the future. We intend to maintain independent directors constituting our Audit Committee, Compensation Committee and Governance Committee as well.

Committees

The Board established Audit, Compensation, Governance and Operations Committees. The Board has adopted a written charter for each of these four committees that address the make-up and functioning of the Board. The Board also adopted a Code of Business Conduct and Ethics that applies to all of the company’s directors, officers and employees. The committee charters and Code of Business Conduct and Ethics are posted on our website at www.reedsinc.com.

Audit Committee. Our Audit Committee oversees our accounting and financial reporting processes, internal systems of accounting and financial controls, relationships with independent auditors and audits of financial statements. Specific responsibilities include the following:

selecting, hiring and terminating our independent auditors;

evaluating the qualifications, independence and performance of our independent auditors;

approving the audit and non-audit services to be performed by our independent auditors;

reviewing the design, implementation, adequacy and effectiveness of our internal controls and critical accounting policies;

overseeing and monitoring the integrity of our financial statements and our compliance with legal and regulatory requirements as they relate to financial statements or accounting matters;

reviewing, with management and our independent auditors, any earnings announcements and other public announcements regarding our results of operations; and

preparing the audit committee report that the “SEC” requires in our annual proxy statement.

Our Audit Committee is comprised of Lewis Jaffe, Scott R. Grossman and James C. Bass. James C. Bass serves as Chairman of the Audit Committee. We believe James C. Bass meets SEC requirements of an “audit committee financial expert” within the meaning of the Sarbanes Oxley Act of 2002, Section 407(b).

Compensation Committee. Our Compensation Committee assists our Board in determining and developing plans for the compensation of our officers, directors and employees. Our Compensation Committee is comprised of John Bello, Lewis Jaffe and Scott R. Grossman. Scott R. Grossman serves as Chairman of our Compensation Committee. In affirmatively determining the independence of a director who will serve on the compensation committee, the company’s Board considered all factors specifically relevant to whether the director has a relationship to the company which is material to the director’s ability to be independent from management in connection with the duties of a committee member, including, without limitation: (1) the source of compensation of the director, including any consulting, advisory or other compensatory fee paid by the company; and (2) whether the director is affiliated with the company, or an affiliate of the company.

Specific responsibilities include the following:

- approving the compensation and benefits of our executive officers;
- reviewing the performance objectives and actual performance of our officers; and
- administering our stock option and other equity compensation plans.

Governance Committee. Our Governance Committee assists the Board by identifying and recommending individuals qualified to become members of our Board, reviewing correspondence from our stockholders, and establishing, evaluating and overseeing our corporate governance guidelines. Our Governance Committee is currently comprised of John Bello, Lewis Jaffe and Scott R. Grossman. Lewis Jaffe serves as Chairman of the Governance Committee.

Specific responsibilities include the following:

- evaluating the composition, size and governance of our Board and its committees and making recommendations regarding future planning and the appointment of directors to our committees;
- establishing a policy for considering stockholder nominees for election to our Board; and
- evaluating and recommending candidates for election to our Board.

Operations Committee. Our Operations Committee assists the Board in fulfilling its oversight responsibilities for matters relating to the company's operations, particularly those aspects, which are most likely to affect stockholder value. Our Operations Committee is currently comprised of John Bello, Lewis Jaffe and Christopher J. Reed. In furtherance of this purpose, the Operations Committee has the following general oversight responsibilities:

Specific responsibilities include the following:

- reviewing and providing strategic advice and counsel to the company regarding the business operations; and
- presenting to the Board an independent assessment of the company's business operations as it relates to strategic initiatives.

Leadership Structure

The business of our company is managed under the direction of the Board, whose members are elected by the company's stockholders. The basic responsibility of the Board is to lead the company by exercising its business judgment to act in what each director believes to be in the best interests of the company and its stockholders. Our Chairman and Chief Executive Officer positions are separate. Our Board believes that having separate positions and having an independent director serve as Chairman is the appropriate leadership structure for us at this time and demonstrates our commitment to good corporate governance. Our Board believes that separating Chairman and Chief Executive Officer positions and having an independent director serve as Chairman is the appropriate leadership structure for us at this time and demonstrates our commitment to good corporate governance. Our Board is led by an independent Chairman, John Bello. Our Chief Executive Officer, Valentin Stalowir, also serves as a member of the Board. We believe that this leadership structure enhances the accountability of the Chief Executive Officer to the Board, strengthens the Board's independence from management and benefits independent risk oversight of the company's day-to-day risk management activities. In addition, separating these roles allows Mr. Stalowir to focus his efforts on running our business and managing the company in the best interests of our stockholders, while we are able to benefit from Mr. Bello's prior experience as a chairman of other company boards.

Risk Oversight

The Board is responsible for overseeing management and the business affairs of the company, which includes the oversight of risk. In exercising its oversight, the Board allocated some areas of focus to its committees and has retained areas of focus for itself. Pursuant to its charter, the Audit Committee is responsible for assuring that the Board is provided the information and resources to assess management's handling of the company's approach to risk management. The Audit Committee also has oversight responsibility for the company's financial risk (such as accounting, finance, internal control and tax strategy), and the Audit Committee or the full Board receives and reviews, as appropriate, the reports of the company's internal auditors regarding the results of their annual company-wide risk assessment and internal audit plan. Reports of all internal audits are provided to the Audit Committee. The Compensation Committee oversees compliance with the company's executive compensation plans and related laws and policies. The Governance Committee oversees compliance with governance-related laws and policies. The Board as a whole has responsibility for overseeing management's handling of the company's strategic and operational risks. Throughout the year, senior management reports to the Board the risks that may be material to the company, including those disclosed in the company's quarterly and annual reports filed with the SEC. The goal of these processes is to achieve serious and thoughtful Board-level attention to the nature of the material risks faced by the company and the adequacy of the company's risk management process and system. While the Board recognizes that the risks which the company faces are not static, and that it is not possible to mitigate all risk and uncertainty all of the time, the Board believes that the company's approach to managing its risks provides the Board with the proper foundation and oversight perspective with respect to management of the material risks facing the company.

Executive Sessions of Non-Management and Independent Directors

During 2017, the company's non-management directors, all of whom are considered to be "independent" as defined under the listing standards of the NYSE American and within the meaning of the Sarbanes Oxley Act of 2002, Section 301(3), were provided with the opportunity to meet in executive sessions of the Board in which management directors and other members of management did not participate. At each audit committee meeting, the independent Board members are afforded time to ask questions of the auditors and/or hold private discussions without the company management present.

Stockholder Communications with Our Board of Directors

Our Board established a process for stockholders to communicate with the Board or with individual directors. Stockholders who wish to communicate with our Board or with individual directors should direct written correspondence to our principal executive offices located at 201 Merritt 7 Corporate Park, Norwalk, Connecticut 06851, attention: Iris Snyder, Chief Financial Officer and Secretary. Any such communication must contain:

a representation that the stockholder is a holder of record of our capital stock;
the name and address, as they appear on our books, of the stockholder sending such communication; and
the class and number of shares of our capital stock that are beneficially owned by such stockholder.

Our Secretary will forward such communications to our Board or the specified individual director to whom the communication is directed unless such communication is unduly hostile, threatening, illegal or similarly inappropriate, in which case the Secretary has the authority to discard the communication or to take appropriate legal action regarding such communication.

Nomination of Directors

Our Governance Committee determines the required selection criteria and qualifications of director nominees based upon our needs at the time nominees are considered. In general, directors should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of our stockholders. Moreover, our Governance Committee will strive to ensure that at least one director meets the criteria for an “audit committee financial expert” as defined by SEC rules and that at least 50% of the directors comprising the Board meet the definition of “independent director” under NYSE American rules.

In addition to the above considerations, the Governance Committee will consider criteria such as strength of character and leadership skills; general business acumen and experience; broad knowledge of the industry; age; number of other board seats; and willingness to commit the necessary time to ensure an active board whose members work well together and possess the collective knowledge and expertise required by the Board. The Governance Committee will consider these same criteria for candidates regardless of whether the candidate was identified by the Governance Committee, by stockholders, or any other source.

The Governance Committee will consider qualified candidates for possible nomination that are submitted by our stockholders. Stockholders wishing to make such a submission may do so by sending the requisite information to the Governance Committee at the address indicated herein under the heading “Stockholder Communications with Our Board of Directors.” Any recommendations submitted to the Chairman should be in writing and should include whatever supporting material the stockholder considers appropriate in support of that recommendation and must include the information that would be required under the rules of the SEC in a proxy statement soliciting proxies for the election of such candidate and a signed consent of the candidate to serve as a director of Reed’s, if elected.

The Governance Committee conducts a process of making a preliminary assessment of each proposed nominee based upon the resume and biographical information provided, an indication of the candidate’s willingness to serve and other background information, business experience, and leadership skills, all to the extent available and deemed relevant by the Governance Committee. This information is evaluated against the criteria set forth above and our specific needs at that time. Based upon a preliminary assessment of the candidate(s), those who appear best suited to meet our needs may be invited to participate in a series of interviews, which are used as a further means of evaluating potential candidates. On the basis of information learned during this process, the Governance Committee determines which candidate(s) to recommend to the Board to submit for election at the next stockholder meeting. The Governance Committee uses the same process for evaluating all candidates, regardless of the original source of the nomination.

Our goal is to seek to achieve a balance of knowledge and experience on our Board. To this end, we seek nominees with the highest professional and personal ethics and values, an understanding of our business and industry, diversity of business experience and expertise, a high level of education, broad-based business acumen, and the ability to think strategically. Although we use the criteria listed above as well as other criteria to evaluate potential nominees, we do

not have a stated minimum criterion for nominees. The Board does not use different standards to evaluate nominees depending on whether they are proposed by our directors and management or by our stockholders. To date, we have not paid any third parties to assist us in finding director nominees.

To our knowledge, based solely upon a review of Forms 3 and 4 and amendments thereto furnished to Reed’s under 17 CFR 240.16a-3(e) during our most recent fiscal year furnished to Reed’s with respect to our most recent fiscal year or written representations from the reporting persons, we believe that during the year ended December 31, 2017 our directors, executive officers and persons who own more than 10% of our common stock complied with all Section 16(a) filing requirements, with the exception of the following: Scott R. PROPOSAL 2: Approval of the Amended and Restated Reed’s Inc. 2017 Incentive Compensation Plan

Overview

The Board approved the Amended and Restated Reed’s Inc. 2017 Incentive Compensation Plan (“Plan”), subject to stockholder approval of both the amended Plan and Proposal No. 4 to increase the authorized shares of common stock of the company. The amendment increases the number of shares authorized under the Plan by 3,500,000 shares and eliminates provisions no longer applicable in recognition of changes to Rule 162(m) enacted by the Tax Cuts and Jobs Act that was signed into law in December 2017.

Outstanding Grants Issuable Under the Plan

The Compensation Committee granted 412,735 restricted stock awards and stock options to purchase an additional 412,736 to Valentin Stalowir, Chief Executive Officer and Director, on March 28, 2018, subject to stockholder

approval of both the amended Plan and Proposal No. 4 to increase the authorized shares of common stock of the company. The restricted stock awards will vest $\frac{1}{2}$ on each of June 28, 2019 and June 28, 2020. The options have an exercise price of \$1.60 and a term of four-years. One-half of the options are performance based and will vest based on criteria determined by the Board. The other half of the options will vest in equal increments annually. If requisite stockholder approval is obtained, the new grants will not be issued to Valentin Stalowir until January 2019.

The Compensation Committee also granted stock options to purchase 446,000 shares of common stock Iris Snyder, Chief Financial Officer, on July 9, 2018, subject to stockholder approval of both the amended Plan and Proposal No. 4 to increase the authorized shares of common stock of the company. The options have an exercise price of \$2.70 and a term of four-years. One-half of the options are performance based and will vest based on criteria determined by the Board. The other half of the options will vest in equal increments annually.

No other awards have been granted under the Plan subject to requisite approvals

Other Awards Anticipated in Near Future

The company does expect to grant awards for approximately 575,000 shares under the Plan to the company's new employees and service providers in the near future.

The Board believes it is in the best interests of the company and its stockholders to continue offering equity-based awards to its employees, directors and service providers. To have an appropriate supply of shares available for equity awards under the Plan to recruit, hire and retain the talent necessary to achieve strong performance in the future, our Board believes the company will need to reserve under the Plan the additional 3,500,000 shares for which shareholder approval is being requested.

Increase in Shares Available Under Plan

With only 27,500 shares available under other the company's 2015 Incentive Compensation Plan, the Plan will be the company's only active employee equity plan, and as of October 28, 2018, we had approximately 30,229 shares remaining for issuance under the Plan. If the shareholders approve the amended 2017 Plan, then we would have had approximately 1,846,470 shares available for the grant of new awards (after deductions of awards granted to Valentin Stalowir and Iris Snyder and awards expected to be granted to new employees).

In determining the number of additional shares of common stock to allocate to the amended Plan, the Board considered various factors, including potential dilution, industry plan cost standards, historical grant practices and anticipated equity compensation needs, as well as information and guidelines from proxy advisory firms.

Based on our historical grant practices and our expectations for the equity programs going forward, the new shares requested for use under the amended Plan are expected to meet the company's equity grant needs for approximately one year. The shares reserved may, however, last for more or less than one year depending on currently unknown factors, such as the number of grant recipients, future grant practices, and the company's share price.

Tax Cuts and Jobs Act

The Tax Cuts and Jobs Act of 2017, signed into law on December 22, 2017, repealed exceptions from tax limitations for performance based and commission based pay and placed an effective cap on the amount a company can deduct for executive compensation at \$1 million-dollars for a company's Chief Executive Officer, Chief Financial Officer and other three most highly paid executives. These changes to Section 162(m) effectively eliminate our ability to deduct compensation in excess of \$1 million for an increased number of "covered employees" in a year and preclude the ability to preserve deductions by deferring compensation to a point when the individual is no longer a covered employee. All post-termination payments including severance, deferred compensation from nonqualified plans, and death payments received by a covered employee (or beneficiary) will be subject to the limitation.

Summary of the Amended and Restated 2017 Incentive Compensation Plan

The following summary of the Plan is qualified in its entirety by reference to the Amended and Restated Reed’s Inc. 2017 Incentive Compensation Plan, a copy of which is attached as Appendix A to this Proxy Statement.

Purpose

The Plan is intended to promote the interests of the company and its stockholders by providing employees, non-employee directors, consultants, and other selected service providers of the company, who are largely responsible for the management, growth, and protection of the business of the company, with incentives and rewards to encourage them to continue in the service of the company.

Eligibility

The Persons who shall be eligible to receive awards pursuant to the Plan shall be those employees, non-employee directors, consultants, and other selected service providers of the company whom the committee shall select from time to time, including officers of the company, whether or not they are directors. Each award granted under the Plan shall be evidenced by an award agreement.

Administration

The Plan will be administered by a committee consisting of two or more persons, each of whom qualifies as a “non-employee director” (within the meaning of Rule 16b-3 promulgated under section 16 of the Exchange Act), an “outside director” within the meaning of Treasury Regulation section 1.162-27(e)(3) and as “independent” as required by NYSE or any security exchange on which the company’s common stock is listed, in each case if and to the extent required by applicable law or necessary to meet the requirements of such rule, section or listing requirement at the time of determination. The committee shall, consistent with the terms of the Plan, from time to time designate those individuals who shall be granted awards under the Plan and the amount, type, and other terms and conditions of such awards. All of the powers and responsibilities of the committee under the Plan may be delegated by the committee, in writing, to any subcommittee thereof, in which case the acts of such subcommittee shall be deemed to be acts of the committee hereunder. The committee may also from time to time authorize a subcommittee consisting of one or more members of the Board (including members who are employees of the company) or employees of the company to grant awards to persons who are not “executive officers” of the company (within the meaning of Rule 16a-1 under the Exchange Act), subject to such restrictions and limitations as the committee may specify and to the requirements of section 157 of the Delaware General Corporation Law.

The committee shall have full discretionary authority to administer the Plan, including discretionary authority to interpret and construe any and all provisions of the Plan and any award agreement thereunder, and to adopt, amend, and rescind from time to time such rules and regulations for the administration of the Plan, including rules and regulations related to sub-plans established for the purpose of satisfying applicable foreign laws and/or qualifying for preferred tax treatment under applicable foreign tax laws, as the committee may deem necessary or appropriate. Decisions of the Committee shall be final, binding, and conclusive on all parties. For the avoidance of doubt, the committee may exercise all discretion granted to it under the Plan in a non-uniform manner among participants.

Types of Awards;

Incentive and Nonstatutory Stock Options

The Plan allows for the issuance of incentive stock options intended to qualify under Section 422 of the Code, nonstatutory stock options.

Optionees receive the right to purchase a specified number of shares of common stock at a specified option price and subject to such other terms and conditions as are specified in connection with the option grant. Only our employees may receive “incentive stock options” as defined in Section 422 of the Code. An option that is not intended to be an “incentive stock option” is a “nonstatutory stock option.” Options may not be granted at an exercise price that is less than 100% of the fair market value of the common stock on the effective date of grant. Under present law, incentive stock options may not be granted at an exercise price less than 110% of the fair market value in the case of stock options granted to optionees holding more than 10% of the total combined voting power of all classes of our stock or any of our subsidiaries. Subject to the provisions of the Plan, stock options may not be granted for a term in excess of 10 years (and, under present law, five years in the case of incentive stock options granted to optionees holding greater than 10% of the total combined voting power of all classes of our stock or any of our subsidiaries).

Other Stock-Based Awards

The Committee may from time to time grant equity-based or equity-related awards not otherwise described herein in such amounts and on such terms as it shall determine, subject to the terms and conditions set forth in the Plan. Without limiting the generality of the preceding sentence, each such “Other Stock-Based Award” may (i) involve the transfer of actual shares of common stock to Participants, either at the time of grant or thereafter, or payment in cash or otherwise of amounts based on the value of shares of common stock, (ii) be subject to performance-based and/or service-based conditions, (iii) be in the form of stock appreciation rights, phantom stock, restricted stock, restricted stock units, performance shares, deferred share units, or share-denominated performance units, (iv) be designed to comply with applicable laws of jurisdictions other than the United States, and (v) be designed to qualify as performance based

compensation.

Effective Date and Term of Plan

The original Plan was approved by our stockholders and became effective on September 29, 2017. The Amended Plan will become effective December 13, 2018, subject to approval by our stockholders. No Awards shall be granted under the Plan after the expiration of 10 years from the effective date.

Federal Income Tax Consequences

The following generally summarizes the United States federal income tax consequences that generally will arise with respect to Awards granted under the Plan. This summary is based on the federal tax laws in effect as of the date of this Proxy Statement. In addition, this summary assumes that all Awards are exempt from, or comply with, the rules under Section 409A of the Code regarding nonqualified deferred compensation. Changes to these laws or assumptions could alter the tax consequences described below.

Incentive Stock Options. A participant will not have income upon the grant of an incentive stock option. Also, except as described below, a participant will not have income upon exercise of an incentive stock option if the participant has been employed by us or our corporate parent or 50% or more-owned corporate subsidiary at all times beginning with the option grant date and ending three months before the date the participant exercises the option. If the participant has not been so employed during that time, then the participant will be taxed as described below under “Nonstatutory Stock Options.” The exercise of an incentive stock option may subject the participant to the alternative minimum tax.

A participant will have income upon the sale of the stock acquired under an incentive stock option, which we refer to as ISO stock, at a profit (if sales proceeds exceed the exercise price). The type of income will depend on when the participant sells the ISO stock. If a participant sells the ISO stock more than two years after the option was granted and more than one year after the option was exercised, then all of the profit will be long-term capital gain. If a participant sells the ISO stock prior to satisfying these waiting periods, then the participant will have engaged in a disqualifying disposition and a portion of the profit will be ordinary income and a portion may be capital gain. This capital gain will be long-term if the participant has held the ISO stock for more than one year and otherwise will be short-term. If a participant sells the ISO stock at a loss (sales proceeds are less than the exercise price), then the loss will be a capital loss. This capital loss will be long-term if the participant held the ISO stock for more than one year and otherwise will be short-term. The Tax Cuts and Jobs Act of 2017, signed into law on December 22, 2017, repealed exceptions from tax limitations for performance based and commission based pay and placed an effective cap on the amount a company can deduct for executive compensation at \$1 million-dollars for a company’s Chief Executive Officer, Chief Financial Officer and other three most highly paid executives. These changes to Section 162(m) effectively eliminate our ability to deduct compensation in excess of \$1 million for an increased number of “covered employees” in a year and preclude the ability to preserve deductions by deferring compensation to a point when the individual is no longer a covered employee. All post-termination payments including severance, deferred

compensation from nonqualified plans, and death payments received by a covered employee (or beneficiary) will be subject to the limitation.

Nonstatutory Stock Options. A participant will not have income upon the grant of a nonstatutory stock option. A participant will have compensation income upon the exercise of a nonstatutory stock option equal to the fair market value of the stock on the day the participant exercised the option less the exercise price. Upon sale of the stock, which we refer to as NSO stock, the participant will have capital gain or loss equal to the difference between the sales proceeds and the fair market value of the NSO stock on the day the option was exercised. This capital gain or loss will be long-term if the participant has held the NSO stock for more than one year and otherwise will be short-term.

Other Stock-Based Awards. The tax consequences associated with any Other Stock-Based Award granted under the Plan will vary depending on the specific terms of the Award. Among the relevant factors are whether or not the Award has a readily ascertainable fair market value, whether or not the Award is subject to forfeiture provisions or restrictions on transfer, the nature of the property to be received by the participant under the Award and the participant's holding period and tax basis for the Award or underlying common stock.

Tax Consequences to Reed's. The Tax Cuts and Jobs Act of 2017, signed into law on December 22, 2017, repealed exceptions from tax limitations for performance based and commission based pay and placed an effective cap on the amount a company can deduct for executive compensation at \$1 million-dollars for a company's Chief Executive Officer, Chief Financial Officer and other three most highly paid executives. These changes to Section 162(m) effectively eliminate Reed's ability to deduct compensation in excess of \$1 million for an increased number of "covered employees" in a year and preclude the ability to preserve deductions by deferring compensation to a point when the individual is no longer a covered employee. All post-termination payments including severance, deferred compensation from nonqualified plans, and death payments received by a covered employee (or beneficiary) will be subject to the limitation.

Vote Required

The affirmative vote of the majority of the shares represented at the meeting and entitled to vote is required for approval of the Amended and Restated Reed's Inc. 2017 Incentive Compensation Plan.

The Board unanimously recommends a vote "FOR" approval of this Proposal No. 2.

**PROPOSAL Amendment of Reed's Inc. certificate of Incorporation to increase the number of authorized
3 – shares of common stock from 40,000,000 to 70,000,000 shares**

Increase of Authorized Common Stock in General

As of the record date, we had a total of 40,000,000 authorized shares of common stock, 25,660,211 issued and outstanding shares of common stock, 38,987,603 outstanding shares of common stock, on a fully diluted basis, taking into account shares issuable upon exercise of outstanding options and warrants and conversion of outstanding notes, and 57,729 shares available under the company's available incentive compensation plans.

The ability to issue equity is fundamental to our growth strategy:

In order to implement our growth strategy, we may raise additional financing through the issuance of equity securities.

The availability of equity incentive compensation is necessary for the company to attract and retain attract, retain and motivate the most high-performing executives and key employees who ultimately drive company performance. We currently do not an adequate number of shares available for reservation or issuance for equity compensation grants.

Our Board adopted a resolution seeking authorization of our stockholders to amend our certificate of incorporation (the "Charter") to increase our number of authorized shares of Common Stock from 40,000,000 to 70,000,000 shares (the "Increase"). It is proposed that Article IV of the company's Charter be amended to read in its entirety as follows:

"Section 1. The total number of shares of capital stock which the Corporation is authorized to issue is Seventy Two Million Five Hundred Thousand (72,000,500), of which Seventy Million (70,000,000) shall be shares of Common Stock having a par value of \$.0001 per share, Five Hundred Thousand (500,000) shall be shares of Preferred Stock having a par value of \$10.00 per share, and Two Million (2,000,000) shall be shares of Preferred Stock having a par value of \$0.01 per share. The Preferred Stock may be issued from time to time in one or more series. The Board of Directors is hereby authorized, subject to limitations prescribed by law, to fix by resolution or resolutions the designations, powers, preferences, and rights and the qualifications, limitations, or restrictions thereof, of each such series of Preferred Stock, including without limitation, authority to fix by resolution or resolutions the dividend rights, dividend rate, conversion rights, voting rights, rights and terms of redemption (including sinking fund provisions), redemption price or prices, and liquidation preferences of any wholly unissued series of Preferred Stock, and the number of shares constituting such series and the designation thereof, or any of the foregoing. The Board of Directors is further authorized to increase (but not above the total number of authorized shares of the class) or decrease (but not below the number of shares of any such series then outstanding) the number of shares of any series, the number of

which was fixed by it, subsequent to the issue of shares of such series then outstanding, subject to the powers, preferences, and rights and the qualifications, limitations, and restrictions thereof stated in the resolution of the Board of Directors originally fixing the number of shares of such series. If the number of shares of any series is so decreased, then the shares constituting such decrease shall resume the status which they had prior to the adoption of the resolution originally fixing the number of shares of such series.”

To effect the Increase as proposed, we will file an amendment to our Charter, with the Secretary of State of Delaware, substantially in the form as set forth above, providing that our authorized common stock will be 70,000,000 shares.

3,500,000 of the additional authorized shares will be reserved for issuance under the company’s Amended and Restated 2017 Reed’s Inc. Incentive Compensation Plan, as further described Proposal No. 2, assuming Proposal 2 is approved by the stockholders. The remainder will be available for issuance from time to time to enable us to respond to future business opportunities requiring the issuance of shares, including common stock-based financings, acquisition or strategic joint venture transactions involving the issuance of common stock, and for other general purposes that the Board may deem advisable. We are seeking approval for the amendment at this time because we are currently seeking opportunities that may require prompt action, and the Board believes the delay and expense in seeking approval for additional authorized common stock at a special meeting of stockholders could deprive us of the ability to take advantage of potential opportunities. Without an increase in the number of authorized shares of common stock, the company may be constrained in its ability to raise capital and may lose important business opportunities, which could adversely affect our financial performance and growth.

The Board does not intend to issue any common stock except on terms that the Board deems to be in the best interests of the company and its then existing stockholders.

If the stockholders do not approve this Proposal, then the company will not have needed additional shares available.

Certain Disadvantages of the Increase

If the authorized number of shares of common stock increases from 40,000,000 to 70,000,000 shares as proposed by this Proposal No. 3, the company will be able to issue more shares of common stock which could result in additional dilution to current stockholders and which could have a negative effect on the market price of our common stock.

Principal Effects of the Increase

The Increase will affect all of our holders of common stock uniformly and will not affect any stockholder's percentage ownership interests in our company. We will continue to be subject to the periodic reporting requirements of the Securities Exchange Act of 1934, as amended.

Anti-Takeover Effects

Release No. 34-15230 of the staff of the Securities Exchange Commission requires disclosure and discussion of the effects of any proposal that may be used as an anti-takeover device. Although not a factor in the decision by our Board to effect the Increase, one of the effects of having increased additional shares of our authorized common stock available for issuance may be to enable the Board to render more difficult or to discourage an attempt to obtain control of the company by means of a merger, tender offer, proxy contest, or otherwise, and thereby protect the continuity of then present management. Unless prohibited by the regulations of applicable law or other agreements or restrictions, a sale of shares of common stock by us or other transactions in which the number of our outstanding shares of common stock would be increased could dilute the interest of a party attempting to obtain control of us. The increase in available authorized common stock may make it more difficult for, prevent or deter a third-party from acquiring control of the company or changing our Board and management, as well as inhibit fluctuations in the market price of our shares that could result from actual or rumored takeover attempts.

The Increase is not being proposed in response to any effort of which we are aware to accumulate shares of common stock or obtain control of the company. While it is possible that our management could use the Increase to resist or frustrate a third-party transaction providing an above-market premium that is favored by a majority of stockholders, we do not intend to construct or enable any anti-takeover defense or mechanism on its behalf. We have no intent or plans to employ the Increase as an anti-takeover device and do not have any plans or proposals to adopt any other provisions or enter into other arrangements that may have material anti-takeover consequences.

In addition to the Increase, provisions of our governing documents and applicable provisions of Delaware law may also have anti-takeover effects, making it more difficult for or preventing a third-party from acquiring control of the company or changing our Board and management. These provisions may also have the effect of deterring hostile takeovers or delaying changes in the company's control or in our management.

The Charter and bylaws do not provide for cumulative voting in the election of directors. The combination of the present ownership by a relative few stockholders of a significant portion of the company's voting capital stock and lack of cumulative voting makes it more difficult for other stockholders to replace the members of the Board or for another party to obtain control of the company by replacing our Board.

Potential Consequences if Stockholder Approval is Obtained

The potential future issuances and sales of shares of our common stock would likely have a dilutive effect on a stockholder's percentage voting power and, consequently, could lead to a decrease in the market price of our common stock.

Vote Required

The affirmative vote of the majority of the outstanding shares of our common stock is required to amend our Charter to effect an increase in its authorized common stock from 40,000,000 to 70,000,000 shares.

The Board unanimously recommends a vote "FOR" approval of this Proposal No. 3.

PROPOSAL 4: Ratification of the appointment of Weinberg & Company, P.A. as independent registered public accounting firm

The audit committee has reappointed Weinberg & Company, P.A. to audit our consolidated financial statements for fiscal 2019. Weinberg & Company, P.A., an independent registered public accounting firm, has served as our independent auditor continuously since 2009. A representative from Weinberg & Company, P.A. LP is not expected to be present at the annual meeting.

Although stockholder ratification of the appointment is not required by law, we desire to solicit such ratification as a matter of good corporate governance. If the appointment of Weinberg & Company, P.A. is not approved by a majority of the shares cast at the annual meeting, the audit committee will consider the appointment of another independent registered public accounting firm for fiscal 2019.

Vote Required

The affirmative vote of the majority of the shares represented at the meeting and entitled to vote is required for the election of directors. is required to ratify the appointment of Weinberg & Company, P.A. as independent registered public accounting firm.

The Board recommends a vote “for” ratification of the

appointment of Weinberg & Company, P.A. as our independent registered public accounting firm for the fiscal year ending December 31, 2019.

Independent Registered Public Accounting Firm Fee Information

Weinberg & Company, P.A. (“Weinberg”) was our independent registered public accounting firm for the years ended December 31, 2017 and 2016.

The following table shows the fees paid or accrued by us for the audit and other services provided by Weinberg for the years ended December 31, 2017 and 2016.

| | 2017 | 2016 |
|--------------------|------------|------------|
| Audit Fees | \$ 170,392 | \$ 105,382 |
| Audit-Related Fees | | |
| Tax Fees | 24,800 | 30,902 |
| All Other Fees | 85,089 | - |
| Total | \$ 280,281 | \$ 136,284 |

As defined by the SEC, (i) “audit fees” are fees for professional services rendered by our principal accountant for the audit of our annual financial statements and review of financial statements included in our Form 10-K, or for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for those fiscal years; (ii) “audit-related fees” are fees for assurance and related services by our principal accountant that are reasonably related to the performance of the audit or review of our financial statements and are not reported under “audit fees;” (iii) “tax fees” are fees for professional services rendered by our principal accountant for tax compliance, tax advice, and tax planning; and (iv) “all other fees” are fees for products and services provided by our principal accountant, other than the services reported under “audit fees,” “audit-related fees,” and “tax fees.”

Audit Fees

Weinberg provided services for the audits of our financial statements and limited reviews of the financial statements included in Quarterly Reports on Form 10-Q.

Audit Related Fees

Weinberg did not provide any professional services which would be considered “audit related fees.”

Tax Fees

Weinberg prepared our 2017 and 2016 Federal and state income taxes.

All Other Fees

Services provided by Weinberg with respect to the filing of various registration statements made throughout the year including the 2017 stockholder rights offering are considered “all other fees.”

Audit Committee Pre-Approval Policies and Procedures

Under the SEC’s rules, the Audit Committee is required to pre-approve the audit and non-audit services performed by the independent registered public accounting firm in order to ensure that they do not impair the auditors’ independence. The Commission’s rules specify the types of non-audit services that an independent auditor may not provide to its audit client and establish the Audit Committee’s responsibility for administration of the engagement of the independent registered public accounting firm.

Consistent with the SEC’s rules, the Audit Committee Charter requires that the Audit Committee review and pre-approve all audit services and permitted non-audit services provided by the independent registered public accounting firm to us or any of our subsidiaries. The Audit Committee may delegate pre-approval authority to a member of the Audit Committee and if it does, the decisions of that member must be presented to the full Audit Committee at its next scheduled meeting. Accordingly, 100% of audit services and non-audit services described in this Item 14 were pre-approved by the Audit Committee.

There were no hours expended on the principal accountant's engagement to audit the registrant's financial statements for the most recent fiscal year that were attributed to work performed by persons other than the principal accountant's full-time, permanent employees.

HOUSEHOLDING

The SEC has adopted rules that permit companies and intermediaries (such as banks and brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement or Notice of Internet Availability of Proxy Materials addressed to those stockholders. This practice, known as "householding", is designed to reduce the volume of duplicate information and reduce printing and postage costs.

If you and others who share your mailing address own our common stock in street name, meaning through bank or brokerage accounts, you may have received a notice that your household will receive only one annual report and proxy statement or Notice of Internet Availability of Proxy Materials from each company whose stock is held in such accounts. Unless you responded that you did not want to participate in householding, you were deemed to have consented to it and a single copy of our proxy statement and annual report or Notice of Internet Availability of Proxy Materials has been sent to your address.

We will promptly deliver separate copies of our proxy statement and annual report at the request of any stockholder who is in a household that participates in the householding of our proxy materials. You may send your request by mail to Reed's Inc., 201 Merritt 7 Corporate Park, Norwalk, Connecticut 06851, attention: Iris Snyder, Chief Executive Officer and Secretary, or by telephone at (203) 890-0557.

Proposals we receive after that date will not be included in the proxy statement for the 2019 Annual Meeting of Stockholders.

Other stockholder proposals: A stockholder proposal not included in our proxy statement for the 2019 Annual Meeting of Stockholders will not be eligible for presentation at the meeting unless the stockholder gives timely notice of the proposal in writing to our Secretary at our principal executive offices and otherwise complies with the provisions of our bylaws. The bylaws provide that we must have received the stockholder's notice no more than 120 days in advance of the one-year anniversary of the date of the previous year's Annual Meeting of Stockholders. To be timely, a stockholder proposal not included in our proxy statement for the 2019 Annual Meeting of Stockholders must be received by our Secretary no later than August 15, 2018, provided, however, that if the date of the annual meeting is more than thirty (30) days before or sixty (60) days after such anniversary date, such notice will be timely only if so delivered or mailed and received no later than the later of one hundred twenty (120) days prior to the date of the meeting or ten (10) days after the first public announcement of the date of the annual meeting. Except to the extent otherwise required by law, the adjournment of a meeting of stockholders shall not commence a new time period for the giving of a stockholder's notice as describe above. The presiding officer of the meeting may refuse to acknowledge any matter not made in compliance with the foregoing procedure and provisions of our bylaws.

We urge stockholders to submit all proposals by Certified Mail - Return Receipt Requested. Stockholder proposals should be sent to Reed's Inc., 201 Merritt 7 Corporate Park, Norwalk, Connecticut 06851, attention: Iris Snyder, Chief Financial Officer and Secretary.

In the event that the price of a share of Common Stock shall not be so reported, the Fair Market Value of a share of Common Stock shall be determined by the Committee in its sole discretion. 3. Stock Subject to the Plan

(a) Stock Subject to the Plan

The maximum number of shares of Common Stock that may be covered by Stock Incentive Awards granted under the Plan shall not exceed 6,500,000 shares of Common Stock in the aggregate. Out of such aggregate, the maximum number of shares of Common Stock that may be covered by Options that are designated as "incentive stock options" within the meaning of section 422 of the Code shall not exceed 6,500,000 shares of Common Stock. The maximum number of shares referred to in the preceding sentences of this Section 3(a) shall in each case be subject to adjustment as provided in Section 9 and the following provisions of this Section 3. Of the shares described, one hundred percent may be delivered in connection with "full-value Awards," meaning Stock Incentive Awards other than Options or stock appreciation rights; provided, however, that any shares granted under Options or stock appreciation rights shall be counted against the share limit on a one-for-one basis and any shares granted as full-value Stock Incentive Awards shall be counted against the share limit as one share for every one share subject to such Stock Incentive Award. Shares of Common Stock issued under the Plan may be authorized and unissued shares, treasury shares, shares purchased by the Company in the open market, or any combination of the preceding categories as the Committee determines in its sole discretion.

For purposes of the preceding paragraph, shares of Common Stock covered by Stock Incentive Awards shall only be counted as used to the extent they are actually issued and delivered to a Participant (or such Participant's permitted transferees as described in the Plan) pursuant to the Plan; provided, however, that if a Stock Incentive Award is settled for cash or if shares of Common Stock are withheld to pay the exercise price of an Option or to satisfy any tax withholding requirement in connection with a Stock Incentive Award, the shares issued (if any) in connection with such settlement, the shares in respect of which the Stock Incentive Award was cash-settled, and the shares withheld, will be deemed delivered for purposes of determining the number of shares of Common Stock that are available for delivery under the Plan. In addition, if shares of Common Stock are issued subject to conditions which may result in the forfeiture, cancellation, or return of such shares to the Company, any portion of the shares forfeited, cancelled or returned shall be treated as not issued pursuant to the Plan. In addition, if shares of Common Stock owned by a Participant (or such Participant's permitted transferees as described in the Plan) are tendered (either actually or through attestation) to the Company in payment of any obligation in connection with a Stock Incentive Award, the number of shares tendered shall be added to the number of shares of Common Stock that are available for delivery under the Plan.

Shares of Common Stock covered by Stock Incentive Awards granted pursuant to the Plan in connection with the assumption, replacement, conversion, or adjustment of outstanding equity-based awards in the context of a corporate acquisition or merger (within the meaning of section 303A.08 of the NYSE Listed Company Manual) shall not count as used under the Plan for purposes of this Section 3.

(b) Individual Award Limits

Subject to adjustment as provided in Section 9, the maximum number of shares of Common Stock that may be covered by Stock Incentive Awards granted under the Plan to any Covered Employee in any calendar year shall not exceed Fair Market Value of \$1,000,000.

4. Administration of the Plan

The Plan shall be administered by a Committee consisting of two or more persons, each of whom qualifies as a “non-employee director” (within the meaning of Rule 16b-3 promulgated under section 16 of the Exchange Act), an “outside director” within the meaning of Treasury Regulation section 1.162-27(e)(3) and as “independent” as required by NYSE or any security exchange on which the Common Stock is listed, in each case if and to the extent required by applicable law or necessary to meet the requirements of such rule, section or listing requirement at the time of determination. The Committee shall, consistent with the terms of the Plan, from time to time designate those individuals who shall be granted Stock Incentive Awards under the Plan and the amount, type, and other terms and conditions of such Stock Incentive Awards. All of the powers and responsibilities of the Committee under the Plan may be delegated by the Committee, in writing, to any subcommittee thereof, in which case the acts of such subcommittee shall be deemed to be acts of the Committee hereunder. The Committee may also from time to time authorize a subcommittee consisting of one or more members of the Board of Directors (including members who are employees of the Company) or employees of the Company to grant Stock Incentive Awards to persons who are not “executive officers” of the Company (within the meaning of Rule 16a-1 under the Exchange Act), subject to such restrictions and limitations as the Committee may specify and to the requirements of section 157 of the Delaware General Corporation Law.

The Committee shall have full discretionary authority to administer the Plan, including discretionary authority to interpret and construe any and all provisions of the Plan and any Award Agreement thereunder, and to adopt, amend, and rescind from time to time such rules and regulations for the administration of the Plan, including rules and regulations related to sub-plans established for the purpose of satisfying applicable foreign laws and/or qualifying for preferred tax treatment under applicable foreign tax laws, as the Committee may deem necessary or appropriate. Decisions of the Committee shall be final, binding, and conclusive on all parties. For the avoidance of doubt, the Committee may exercise all discretion granted to it under the Plan in a non-uniform manner among Participants.

The Committee may delegate the administration of the Plan to one or more officers or employees of the Company, and such administrator(s) may have the authority to execute and distribute Award Agreements, to maintain records relating to Stock Incentive Awards, to process or oversee the issuance of Common Stock under Stock Incentive Awards, to interpret and administer the terms of Stock Incentive Awards, and to take such other actions as may be necessary or appropriate for the administration of the Plan and of Stock Incentive Awards under the Plan, provided that in no case shall any such administrator be authorized (i) to grant Stock Incentive Awards under the Plan (except in connection with any delegation made by the Committee pursuant to the first paragraph of this Section 4), (ii) to take any action inconsistent with section 409A of the Code, or (iii) to take any action inconsistent with applicable provisions of the Delaware General Corporation Law. Any action by any such administrator within the scope of its delegation shall be deemed for all purposes to have been taken by the Committee and, except as otherwise specifically provided, references in this Plan to the Committee shall include any such administrator. The Committee and, to the extent it so provides, any subcommittee, shall have sole authority to determine whether to review any actions and/or interpretations of any such administrator, and if the Committee shall decide to conduct such a review, any such actions and/or interpretations of any such administrator shall be subject to approval, disapproval, or modification by the Committee.

On or after the date of grant of a Stock Incentive Award under the Plan, the Committee may (i) accelerate the date on which any such Stock Incentive Award becomes vested, exercisable, or transferable, as the case may be, (ii) extend the term of any such Stock Incentive Award, including, without limitation, extending the period following a termination of a Participant's Employment during which any such Stock Incentive Award may remain outstanding, (iii) waive any conditions to the vesting, exercisability, or transferability, as the case may be, of any such Stock Incentive Award or (iv) provide for the payment of dividends or dividend equivalents with respect to any such Stock Incentive Award; provided, that the Committee shall not have any such authority to the extent that the grant of such authority would cause any tax to become due under section 409A of the Code. Notwithstanding anything herein to the contrary, the Company shall not reprice any stock option (within the meaning of Section 711 of the NYSE American Company Guide and any other formal or informal guidance issued by the NYSE) without the approval of the shareholders of the Company.

No member of the Committee shall be liable for any action, omission, or determination relating to the Plan, and the Company shall indemnify and hold harmless each member of the Committee and each other director or employee of the Company to whom any duty or power relating to the administration or interpretation of the Plan has been delegated, against any cost or expense (including counsel fees) or liability (including any sum paid in settlement of a claim with the approval of the Committee) arising out of any action, omission, or determination relating to the Plan, unless, in either case, such action, omission, or determination was taken or made by such member, director, or employee in bad faith and without reasonable belief that it was in the best interests of the Company.

5. Eligibility

The Persons who shall be eligible to receive Stock Incentive Awards pursuant to the Plan shall be those employees, non-employee directors, consultants, and other selected service providers of the Company whom the Committee shall select from time to time, including officers of the Company, whether or not they are directors. Each Stock Incentive Award granted under the Plan shall be evidenced by an Award Agreement.

6. Options

The Committee may from time to time grant Options on such terms as it shall determine, subject to the terms and conditions set forth in the Plan. The Award Agreement shall clearly identify such Option as either an "incentive stock option" within the meaning of section 422 of the Code or as a non-qualified stock option.

(a) Exercise Price

The exercise price per share of Common Stock covered by any Option shall be not less than one hundred percent of the Fair Market Value of a share of Common Stock on the date on which such Option is granted, other than assumptions in accordance with a corporate acquisition or merger as described in Section 3.

(b) Term and Exercise of Options

(1) Each Option shall become vested and exercisable on such date or dates, during such period and for such number of shares of Common Stock as shall be determined by the Committee on or after the date such Option is granted; provided, however that no Option shall be exercisable after the expiration of ten years from the date such Option is granted; and, provided, further, that each Option shall be subject to earlier termination, expiration, or cancellation as provided in the Plan or the Award Agreement.

(2) Each Option shall be exercisable in whole or in part; provided, however that no partial exercise of an Option shall be for an aggregate exercise price of less than \$1,000 (unless waived by the Committee). The partial exercise of an Option shall not cause the expiration, termination, or cancellation of the remaining portion thereof.

(3) An Option shall be exercised by such methods and procedures as the Committee determines from time to time, including without limitation through net physical settlement or other method of cashless exercise.

(c) Special Rules for Incentive Stock Options

(1) The aggregate Fair Market Value of shares of Common Stock with respect to which “incentive stock options” (within the meaning of section 422 of the Code) are exercisable for the first time by a Participant during any calendar year under the Plan and any other stock option plan of the Company or any of its “subsidiaries” (within the meaning of section 424 of the Code) shall not exceed \$100,000. Such Fair Market Value shall be determined as of the date on which each such stock option is granted. In the event that the aggregate Fair Market Value of shares of Common Stock with respect to such incentive stock options exceeds \$100,000, then incentive stock options granted hereunder to such Participant shall, to the extent and in the order required by regulations promulgated under the Code (or any other authority having the force of regulations), automatically be deemed to be non-qualified stock options, but all other terms and provisions of such stock options shall remain unchanged. In the absence of such regulations (and authority), or in the event such regulations (or authority) require or permit a designation of the Options which shall cease to constitute incentive stock options, incentive stock options granted hereunder shall, to the extent of such excess and in the order in which they were granted, automatically be deemed to be non-qualified stock options, but all other terms and provisions of such stock options shall remain unchanged.

(2) Incentive stock options may only be granted to individuals who are employees of the Company. No incentive stock option may be granted to an individual if, at the time of the proposed grant, such individual owns stock possessing more than ten percent of the total combined Voting Power of all classes of stock of the Company or any of its “subsidiaries” (within the meaning of section 424 of the Code), unless (i) the exercise price of such incentive stock option is at least 110 percent of the Fair Market Value of a share of Common Stock at the time such incentive stock option is granted and (ii) such incentive stock option is not exercisable after the expiration of five years from the date such incentive stock option is granted.

7. Other Stock-Based Awards

The Committee may from time to time grant equity-based or equity-related awards not otherwise described herein in such amounts and on such terms as it shall determine, subject to the terms and conditions set forth in the Plan. Without limiting the generality of the preceding sentence, each such Other Stock-Based Award may (i) involve the transfer of

actual shares of Common Stock to Participants, either at the time of grant or thereafter, or payment in cash or otherwise of amounts based on the value of shares of Common Stock, (ii) be subject to performance-based and/or service-based conditions, (iii) be in the form of stock appreciation rights, phantom stock, restricted stock, restricted stock units, performance shares, deferred share units, or share-denominated performance units, and (iv) be designed to comply with applicable laws of jurisdictions other than the United States; provided, that each Other Stock-Based Award shall be denominated in, or shall have a value determined by reference to, a number of shares of Common Stock that is specified at the time of the grant of such Stock Incentive Award.

8. Performance-Based Compensation

The Company shall preserve the grandfathered status of any Performance-Based Compensation pursuant to section 13601(e)(2) of the Tax Cuts and Jobs Act. No provision of this Plan (including Sections 9 and 23) shall be given effect to the extent that such provision would cause any Performance-Based Compensation to be “materially modified” within the meaning of Notice 2018-68, IRB 18-36 (or other applicable guidance), unless the Committee expressly acknowledges and affirms such consequences.

9. Adjustment upon Certain Changes

Subject to any action by the shareholders of the Company required by law, applicable tax rules or the rules of any exchange on which shares of common stock of the Company are listed for trading:

(a) Shares Available for Grants

In the event of any change in the number of shares of Common Stock outstanding by reason of any stock dividend or split, recapitalization, merger, consolidation, combination, or exchange of shares or similar corporate change, the maximum aggregate number or type of shares of Common Stock with respect to which the Committee may grant Stock Incentive Awards, the maximum number of shares of Common Stock that may be covered by Options that are designated as “incentive stock options” within the meaning of section 422 of the Code and the maximum aggregate number of shares of Common Stock with respect to which the Committee may grant Stock Incentive Awards to any individual Participant in any year and to any non-employee director shall be appropriately adjusted or substituted by the Committee. In the event of any change in the type or number of shares of Common Stock of the Company outstanding by reason of any other event or transaction, the Committee shall, to the extent deemed appropriate by the Committee, make such adjustments to the type or number of shares of Common Stock with respect to which Stock Incentive Awards may be granted.

(b) Increase or Decrease in Issued Shares Without Consideration

In the event of any increase or decrease in the number of issued shares of Common Stock resulting from a subdivision or consolidation of shares of Common Stock or the payment of a stock dividend (but only on the shares of Common Stock), or any other increase or decrease in the number of such shares effected without receipt or payment of consideration by the Company, the Committee shall, to the extent deemed appropriate by the Committee, adjust the type or number of shares of Common Stock subject to each outstanding Stock Incentive Award and the exercise price

per share of Common Stock of each such Stock Incentive Award.

(c) Certain Mergers and Other Transactions

In the event of any merger, consolidation, or similar transaction as a result of which the holders of shares of Common Stock receive consideration consisting exclusively of securities of the surviving corporation in such transaction, the Committee shall, to the extent deemed appropriate by the Committee, adjust each Stock Incentive Award outstanding on the date of such merger or consolidation so that it pertains and applies to the securities which a holder of the number of shares of Common Stock subject to such Stock Incentive Award would have received in such merger or consolidation.

In the event of (i) a dissolution or liquidation of the Company, (ii) a sale of all or substantially all of the Company's assets (on a consolidated basis), (iii) a merger, consolidation, or similar transaction involving the Company in which the holders of shares of Common Stock receive securities and/or other property, including cash, other than shares of the surviving corporation in such transaction, the Committee shall, to the extent deemed appropriate by the Committee, have the power to:

(i) cancel, effective immediately prior to the occurrence of such event, each Stock Incentive Award (whether or not then exercisable or vested), and, in full consideration of such cancellation, pay to the Participant to whom such Stock Incentive Award was granted an amount in cash, for each share of Common Stock subject to such Stock Incentive Award, equal to the value, as determined by the Committee, of such Stock Incentive Award, provided that with respect to any outstanding Option such value shall be equal to the excess of (A) the value, as determined by the Committee, of the property (including cash) received by the holder of a share of Common Stock as a result of such event over (B) the exercise price of such Option; or

(ii) provide for the exchange of each Stock Incentive Award (whether or not then exercisable or vested) for a Stock Incentive Award with respect to (A) some or all of the property which a holder of the number of shares of Common Stock subject to such Stock Incentive Award would have received in such transaction or (B) securities of the acquiror or surviving entity and, incident thereto, make an equitable adjustment as determined by the Committee in the exercise price of the Stock Incentive Award, or the number of shares or amount of property subject to the Stock Incentive Award or provide for a payment (in cash or other property) to the Participant to whom such Stock Incentive Award was granted in partial consideration for the exchange of the Stock Incentive Award.

(d) Other Changes

In the event of any change in the capitalization of the Company, corporate change, corporate transaction or other event other than those specifically referred to in Sections 9(a), (b) or (c), the Committee shall, to the extent deemed appropriate by the Committee, make such adjustments in the number and class of shares subject to Stock Incentive Awards outstanding on the date on which such change occurs and in such other terms of such Stock Incentive Awards as the Committee deems appropriate.

(e) No Other Rights

Except as expressly provided in the Plan or any Award Agreement, no Participant shall have any rights by reason of any subdivision or consolidation of shares of stock of any class, the payment of any dividends or dividend equivalents, any increase or decrease in the number of shares of stock of any class or any dissolution, liquidation, merger, or consolidation of the Company or any other corporation. Except as expressly provided in the Plan, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number of shares or amount of other property subject to, or the terms related to, any Stock Incentive Award.

(f) Savings Clause

No provision of this Section 9 shall be given effect to the extent that such provision would cause any tax to become due under section 409A of the Code.

10. Change-in-Control; Termination of Employment

(a) Change-in-Control

The consequences of a Change-in-Control, if any, will be set forth in the Award Agreement in addition to what is provided in Section 10 hereof.

(b) Termination of Employment

(1) Except as to any awards constituting stock rights subject to section 409A of the Code, termination of Employment shall mean a separation from service within the meaning of section 409A of the Code, unless the Participant is retained as a consultant pursuant to a written agreement and such agreement provides otherwise. Without limiting the generality of the foregoing, the Committee shall determine whether an authorized leave of absence, or absence in military or government service, shall constitute termination of Employment, provided that a Participant who is an employee will not be deemed to cease employment in the case of any leave of absence approved by the Company. Furthermore, no payment shall be made with respect to any Stock Incentive Awards under the Plan that are subject to section 409A of the Code as a result of any such authorized leave of absence or absence in military or government service unless such authorized leave or absence constitutes a separation from service for purposes of section 409A of the Code and the regulations promulgated thereunder.

(2) Unless otherwise specified in the Award Agreement, no Stock Incentive Award will continue to vest after termination of Employment and the consequences with respect to any Option of the termination of Employment of the Participant holding the Option shall be as follows:

(i) If the Participant's termination of Employment occurs prior to the Option's expiration date, for any reason whatsoever other than death or authorized retirement (as defined in subparagraph (ii) below), any unexercised portion of the Award shall terminate automatically.

(ii) If a Participant retires upon reaching the Company's normal retirement age or earlier, with the written consent of the Company, because of physical or mental disability (collectively, "authorized retirement"), any unexercised or unvested portion of the Option shall expire three months after the effective date of such authorized retirement. The Participant may exercise all or any vested portion of an Option from the date of his or her authorized retirement to three months thereafter.

(iii) If prior to the expiration date of the Option, the Participant dies while employed by the Company or its subsidiary or within three months of his or her authorized retirement, the Participant's estate, heirs or legatees shall have the privilege of exercising all or part of the unexercised Option within six months after the Participant's death.

Nothing contained in this Section shall extend the time for exercising all or any part of the then unexercised portion of an Option.

11. Rights Under the Plan

No Person shall have any rights as a shareholder with respect to any shares of Common Stock covered by or relating to any Stock Incentive Award until the date of the issuance of such shares on the books and records of the Company. Except as otherwise expressly provided in Section 9 hereof, no adjustment of any Stock Incentive Award shall be made for dividends or other rights for which the record date occurs prior to the date of such issuance. Nothing in this Section 11 is intended, or should be construed, to limit authority of the Committee to cause the Company to make payments based on the dividends that would be payable with respect to any share of Common Stock if it were issued or outstanding, or from granting rights related to such dividends.

The Company shall not have any obligation to establish any separate fund or trust or other segregation of assets to provide for payments under the Plan. To the extent any person acquires any rights to receive payments hereunder from the Company, such rights shall be no greater than those of an unsecured creditor.

12. No Special Employment Rights; No Right to Stock Incentive Awards

(a) Nothing contained in the Plan or any Award Agreement shall confer upon any Participant any right with respect to the continuation of his or her Employment by the Company or interfere in any way with the right of the Company at any time to terminate such Employment or to increase or decrease the compensation of the Participant from the rate in existence at the time of the grant of a Stock Incentive Award.

(b) No person shall have any claim or right to receive a Stock Incentive Award hereunder. The Committee's granting of a Stock Incentive Award to a Participant at any time shall neither require the Committee to grant a Stock Incentive Award to such Participant or any other Participant or other person at any time nor preclude the Committee from making subsequent grants to such Participant or any other Participant or other person.

13. Securities Matters

(a) The Company shall be under no obligation to affect the registration pursuant to the Securities Act of any shares of Common Stock to be issued hereunder or to effect similar compliance under any state or local laws. Notwithstanding anything herein to the contrary, the Company shall not be obligated to cause to be issued shares of Common Stock pursuant to the Plan unless and until the Company is advised by its counsel that the issuance is in compliance with all applicable laws, regulations of governmental authority, and the requirements of any securities exchange on which shares of Common Stock are traded. The Committee may require, as a condition to the issuance of shares of Common Stock pursuant to the terms hereof, that the recipient of such shares make such covenants, agreements, and representations, and that any related certificates representing such shares bear such legends, as the Committee, in its sole discretion, deems necessary or desirable.

(b) The exercise or settlement of any Stock Incentive Award (including, without limitation, any Option) granted hereunder shall only be effective at such time as counsel to the Company shall have determined that the issuance and delivery of shares of Common Stock pursuant to such exercise is in compliance with all applicable laws, regulations of governmental authority, and the requirements of any securities exchange on which shares of Common Stock are traded. The Company may, in its sole discretion, defer the effectiveness of any exercise or settlement of a Stock Incentive Award granted hereunder in order to allow the issuance of shares pursuant thereto to be made pursuant to registration or an exemption from registration or other methods for compliance available under federal or state or local securities laws. The Company shall inform the Participant in writing of its decision to defer the effectiveness of the exercise or settlement of a Stock Incentive Award granted hereunder. During the period that the effectiveness of the exercise of a Stock Incentive Award has been deferred, the Participant may, by written notice, withdraw such exercise and obtain the refund of any amount paid with respect thereto.

14. Withholding Taxes

(a) Cash Remittance

Whenever withholding tax obligations are incurred in connection with any Stock Incentive Award, the Company shall have the right to require the Participant to remit to the Company in cash an amount sufficient to satisfy federal, state, and local withholding tax requirements, if any, attributable to such event. In addition, upon the exercise or settlement of any Stock Incentive Award in cash, or the making of any other payment with respect to any Stock Incentive Award (other than in shares of Common Stock), the Company shall have the right to withhold from any payment required to be made pursuant thereto an amount sufficient to satisfy the federal, state, and local withholding tax requirements, if any, attributable to such exercise, settlement, or payment.

(b) Stock Remittance

At the election of the Participant, subject to the approval of the Committee, whenever withholding tax obligations are incurred in connection with any Stock Incentive Award, the Participant may tender to the Company (including by attestation) a number of shares of Common Stock having a Fair Market Value at the tender date determined by the Committee to be sufficient to satisfy the minimum federal, state, and local withholding tax requirements, if any, attributable to such event. Such election shall satisfy the Participant's obligations under Section 14(a) hereof, if any.

(c) Stock Withholding

At the election of the Participant, subject to the approval of the Committee, whenever withholding tax obligations are incurred in connection with any Stock Incentive Award, the Company shall withhold a number of such shares having a Fair Market Value determined by the Committee to be sufficient to satisfy the minimum federal, state, and local withholding tax requirements, if any, attributable to such event. Such election shall satisfy the Participant's obligations under Section 14(a) hereof, if any.

15. No Obligation to Exercise

The grant to a Participant of a Stock Incentive Award shall impose no obligation upon such Participant to exercise such Stock Incentive Award.

16. Transfers

Stock Incentive Awards may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of a Participant, only by the Participant; provided, however that the Committee may permit Options or other Stock Incentive Awards that are not incentive stock options to be sold, pledged, assigned, hypothecated, transferred, or disposed of, on a general or specific basis, subject to such conditions and limitations as the Committee may determine. Upon the death of a Participant, outstanding Stock Incentive Awards granted to such Participant may be exercised only by the executors or administrators of the Participant's estate or by any person or persons who shall have acquired such right to exercise by will or by the laws of descent and distribution. No transfer by will or the laws of descent and distribution of any Stock Incentive Award, or the right to exercise any Stock Incentive Award, shall be effective to bind the Company unless the Committee shall have been furnished with (a) written notice thereof and with a copy of the will and/or such evidence as the Committee may deem necessary to establish the validity of the transfer and (b) an agreement by the transferee to comply with all the terms and conditions of the Stock Incentive Award that are or would have been applicable to the Participant and to be bound by the acknowledgements made by the Participant in connection with the grant of the Stock Incentive Award.

17. Expenses and Receipts

The expenses of the Plan shall be paid by the Company. Any proceeds received by the Company in connection with any Stock Incentive Award will be used for general corporate purposes.

18. Failure to Comply

In addition to the remedies of the Company elsewhere provided for herein, failure by a Participant to comply with any of the terms and conditions of the Plan or any Award Agreement, unless such failure is remedied by such Participant within ten days after having been notified of such failure by the Committee, shall be grounds for the cancellation and forfeiture of such Stock Incentive Award, in whole or in part, as the Committee, in its absolute discretion, may determine.

19. Relationship to Other Benefits

No payment with respect to any Stock Incentive Awards under the Plan shall be taken into account in determining any benefits under any pension, retirement, profit sharing, group insurance, or other benefit plan of the Company except as otherwise specifically provided in such other plan.

20. Governing Law

The Plan and the rights of all persons under the Plan shall be construed and administered in accordance with the laws of the State of Delaware without regard to its conflict of law principles.

21. Severability

If all or any part of this Plan is declared by any court or governmental authority to be unlawful or invalid, such unlawfulness or invalidity shall not serve to invalidate any portion of this Plan not declared to be unlawful or invalid. Any Section or part of a Section so declared to be unlawful or invalid shall, if possible, be construed in a manner that will give effect to the terms of such Section or part of a Section to the fullest extent possible while remaining lawful and valid.

22. Effective Date and Term of Plan

The Effective Date of the Plan is September 30, 2017, subject to the approval of the Plan by the shareholders of the Company. No grants of Stock Incentive Awards may be made under the Plan after September 30, 2027.

23. Amendment or Termination of the Plan

The Board of Directors may at any time suspend or discontinue the Plan or revise or amend it or any Stock Incentive Award in any respect whatsoever; provided, however, that to the extent that any applicable law, tax requirement, or rule of a stock exchange requires shareholder approval in order for any such revision or amendment to be effective, such revision or amendment shall not be effective without such approval. The preceding sentence shall not restrict the Committee's ability to exercise its discretionary authority hereunder pursuant to Section 4 hereof, which discretion may be exercised without amendment to the Plan. No provision of this Section 23 shall be given effect to the extent that such provision would cause any tax to become due under section 409A of the Code. Except as expressly provided in the Plan, no action hereunder may, without the consent of a Participant, adversely affect the Participant's rights under any previously granted and outstanding Stock Incentive Award. Nothing in the Plan shall limit the right of the Company to pay compensation of any kind outside the terms of the Plan.
