Edgar Filing: ECLIPSE SURGICAL TECHNOLOGIES INC - Form DEF 14A

Our Annual Report to Shareholders for the year ended December 31, 2000, including financial statements, and these proxy materials were first mailed on or about May 16, 2001 to all shareholders entitled to vote at the meeting.

Record Date and Voting Securities

Only shareholders of record at the close of business on April 19, 2001 are entitled to notice of and to vote at the 2001 Annual Meeting. We have one series of Common Shares outstanding, no par value (the "Common Stock"). On April 19, 2001, 33,696,061 shares of our Common Stock were issued and outstanding and held of record by 193 registered shareholders.

Voting

Each shareholder is entitled to one vote for each share of Common Stock held on the record date of April 19, 2001. Every shareholder voting for the election of directors (Proposal One) may cumulate votes and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of shares that the shareholder is entitled to vote, or distribute votes on the same principle among as many candidates as the shareholder may select. However, votes cannot be cast for more than five (5) candidates. No shareholder is entitled to cumulate votes for a particular candidate unless that candidate's name has been placed in nomination prior to the voting and the shareholder, or any other shareholder, has given notice at the meeting, before the voting, of his intention to cumulate votes. On all other matters, each share of Common Stock has one vote. A quorum, representing the holders of a majority of the outstanding shares of Common Stock on the record date, must be present or represented for the transaction of business at the 2001 Annual Meeting. Abstentions and broker nonvotes will be counted in establishing the quorum.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by (a) delivering to the Secretary of Eclipse a written notice of revocation or a duly executed proxy bearing a later date or (b) attending the meeting and voting in person.

Solicitation Expenses

This solicitation of proxies is made by us and all related costs will be borne by us. We may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to those beneficial owners. Proxies may also be solicited by certain of our

1

directors, officers and regular employees, without additional compensation, personally, by telephone or by telegram. Except as described above, we do not presently intend to solicit proxies other than by mail.

Deadline for Shareholder Proposals

We currently intend to hold our 2002 Annual Meeting of Shareholders in late-May 2002 and to mail proxy statements relating to such meeting in late-April 2002. Shareholders interested in presenting a proposal for consideration at Eclipse's 2002 Annual Meeting of Shareholders may do so by following the procedures prescribed by Rule 14a-8 under the Securities Act of

Edgar Filing: ECLIPSE SURGICAL TECHNOLOGIES INC - Form DEF 14A

1934 and Eclipse's Bylaws. To be eligible for inclusion in the proxy statement and proxy card mailed to shareholders by Eclipse, shareholder proposals must be submitted no later than December 21, 2001 to Eclipse Surgical Technologies, Inc. at 1049 Kiel Court, Sunnyvale, California 94089, Attention: Secretary. Shareholders who intend to present a proposal at the 2002 Annual Meeting of Shareholders, without including such proposal in Eclipse's proxy statement, must provide Eclipse's Secretary with written notice of such proposal no later than February 28, 2002.

Mr. Strauss received his B.S. degree in Engineering Physics from the University of Illinois and his M.S. in Physics from the University of Idaho.

Attendance at Meetings

Our Board of Directors held a total of five meetings during 2000. Of the total number of meetings of the Board of Directors held in 2000, all directors attended at least 75% of the meetings held except for Mr. Jack Gill.

Edgar Filing: ECLIPSE SURGICAL TECHNOLOGIES INC - Form DEF 14A

Audit Committee and the Compensation Committee, all directors which were members of those committees during 2000 attended at least 75% of the meetings held.

Audit Committee

The Audit Committee of Eclipse's Board of Directors is composed of two "independent directors" as that term is defined by the listing standards of the National Association of Securities Dealers, Inc. Eclipse intends to appoint a third independent member to its Audit Committee before the June 14, 2001

3

deadline therefore imposed by such listing standards. The Audit Committee operates under a written charter adopted by the Board of Directors which is attached hereto as Appendix C.

In 2000, the Audit Committee consisted of Robert L. Mortensen and Robert C. Strauss and met one (1) time. This committee is primarily responsible for approving the services performed by our independent auditors and for reviewing and evaluating our accounting principles and Eclipse's system of internal accounting controls. For additional information on the Audit Committee, see "REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS."

Compensation Committee

In 2000, the Compensation Committee consisted of Robert L. Mortensen and Robert C. Strauss and met five (5) times. This committee reviews and approves our executive compensation policy and plan. For additional information on the Compensation Committee, see "REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS."

No member of the Compensation Committee has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity.

Director Compensation

For serving on the Board of Directors, directors who are not compensated as our employees or as consultants to us receive fees of \$1,500 per board meeting and \$500 per committee meeting, provided such committee meeting does not occur on the same day as a board meeting. We also have a Director Stock Option Plan for non-employee directors. In fiscal year 2000, directors Jack M. Gill, Robert C. Strauss, Alan L. Kaganov and Robert L. Mortensen were each granted an option to purchase an aggregate of 7,500 shares of Common Stock each upon re-election to our Board of Directors.

Recommendation

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE FIVE (5) NOMINEES FOR THE BOARD OF DIRECTORS LISTED ABOVE.

PROPOSAL TWO

AMEND THE RESTATED ARTICLES OF INCORPORATION

Edgar Filing: ECLIPSE SURGICAL TECHNOLOGIES INC - Form DEF 14A

TO CHANGE THE CORPORATE NAME

Proposed Amendment

Eclipse's Board of Directors has adopted, and is recommending to the shareholders for their approval at the 2001 Annual Meeting, a resolution to amend Article First of Eclipse's Restated Articles of Incorporation to change the corporate name. The applicable text of the Board's resolution is as follows:

"RESOLVED, that Article First of Eclipse's Restated Articles of Incorporation be amended to read in its entirety as follows:

FIRST

The name of this corporation (the "Corporation") is:

CardioGenesis Corporation."

The Board of Directors believes that the new name CardioGenesis will help Eclipse's customers, shareholders and the investment community to fully grasp the nature of the company's products. Eclipse's products are used in procedures for the treatment of severe chest pain known as angina. More specifically, the products are used in transmyocardial revascularization ("TMR") and percutaneous transluminal

4

myocardial revascularization ("PTMR") treatments in which channels are made in the heart muscle. It is believed these procedures encourage new vessel formation, or angiogenesis, and result in reduced angina pain.

Eclipse's Board of Directors believes that the new name CardioGenesis communicates two key features of the company's products: (i) our products are used in cardiological treatments; and (ii) we believe angiogenesis, the formation of new vessels in the heart, to be one of the major benefits of TMR and PTMR.

If the amendment is adopted, shareholders will not be required to exchange outstanding stock certificates for new certificates.

Approval by Shareholders

Approval of this proposal requires the affirmative vote of the holders of a majority of the outstanding shares of Common Stock of Eclipse. If approved by the shareholders, the amendment to Article First will become effective upon filing with the Secretary of State of California of a Certificate of Amendment to Eclipse's Restated Articles of Incorporation, which filing is expected to take place shortly after the Annual Meeting. However, the Board of Directors will be authorized, without a further vote of the shareholders, to abandon the name change and determine not to file the Certificate of Amendment if the Board concludes that such action would be in the best interests of Eclipse and its shareholders. If this proposal is not approved by the shareholders, then the Certificate of Amendment will not be filed.

Recommendation

THE BOARD OF DIRECTORS BELIEVES THAT THE PROPOSAL TO AMEND ECLIPSE'S RESTATED ARTICLES OF INCORPORATION TO CHANGE THE CORPORATE NAME IS IN THE BEST INTERESTS OF ECLIPSE AND ITS SHAREHOLDERS AND RECOMMENDS A VOTE FOR THE APPROVAL

Edgar Filing: ECLIPSE SURGICAL TECHNOLOGIES INC - Form DEF 14A

OF THE PROPOSAL.

PROPOSAL THREE

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

Our Board of Directors has selected PricewaterhouseCoopers LLP, independent auditors, to audit our consolidated financial statements for the fiscal year ending December 31, 2001, and recommends that the shareholders vote for ratification of that appointment. Notwithstanding this selection, the Board of Directors, in its discretion, may direct the appointment of new independent auditors at any time during the year, if the Board of Directors feels that such a change would be in the best interest of Eclipse and our shareholders. If there is a negative vote on ratification, our Board of Directors will reconsider its selection.

PricewaterhouseCoopers LLP has audited our financial statements annually since 1989. Representatives of PricewaterhouseCoopers LLP are expected to be present at the 2001 Annual Meeting with the opportunity to make a statement if they desire to do so. They are also expected to be available to respond to appropriate questions.

Audit Fees

For the year ended December 31, 2000, PricewaterhouseCoopers LLP, Eclipse's independent public accountants, will charge Eclipse approximately an aggregate of \$111,335 for professional services rendered for the audit of Eclipse's financial statements for such period and the review of the financial statements included in Eclipse's Quarterly Reports on Form 10-Q during such period.

Financial Information Systems Design and Implementation Fees

PricewaterhouseCoopers LLP did not render professional services relating to financial information systems design and implementation for the fiscal year ended December 31, 2000.

5

All Other Fees

For the year ended December 31, 2000, PricewaterhouseCoopers LLP billed Eclipse an aggregate of \$36,500 for all other services not described above under the caption "Audit Fees" during such period.

Vote Required

The affirmative vote of a majority of the votes cast is required to ratify the Board of Director's selection. In addition, the affirmative votes must represent at least a majority of the required quorum. If the shareholders reject the nomination, our Board of Directors will reconsider its selection.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS INDEPENDENT AUDITORS.

Edgar Filing: ECLIPSE SURGICAL TECHNOLOGIES INC - Form DEF 14A

PROPOSAL FOUR

AMENDMENT TO THE STOCK OPTION PLAN TO INCREASE THE NUMBER OF
SHARES OF COMMON STOCK RESERVED FOR ISSUANCE BY
500,000 SHARES

Increase of 500,000 Shares of Common Stock

The Stock Option Plan of Eclipse, as amended and restated in April 1996 (the "Option Plan"), was approved by the Board of Directors and the shareholders in April 1996. A total of 5,100,000 shares of Common Stock are currently reserved for issuance under the Option Plan. In March 2001, the Board of Directors approved a further increase of 500,000 shares of Common Stock issuable under the Option Plan, which, if approved, by the shareholders would increase the total shares of Common Stock reserved for issuance under the Option Plan since its inception to 5,600,000 shares. The Option Plan terminates on March 31, 2006. A summary of the principal terms of the Option Plan is located in Appendix A to this Proxy Statement.

The Board of Directors believes the requested increase in the shares of Common Stock reserved for issuance under the Option Plan is in the best interests of Eclipse. The Board of Directors believes that the increase will provide an adequate reserve of shares of Common Stock available for issuance under the Option Plan, which is necessary to enable Eclipse to compete successfully with other companies in attracting and retaining valuable employees and to expand its operations.

As of March 31, 2001, options to purchase 3,469,104 shares of Common Stock were unexercised and outstanding under the Option Plan. As of March 31, 2001, 1,221,808 shares of Common Stock remained available for future option grants under the Option Plan, excluding the proposed increase of 500,000 shares. The aggregate market value of the unexercised and outstanding options to purchase 3,469,104 shares of Common Stock under the Option Plan at March 31, 2001 was \$3,795,200 based on a closing price of \$1.094 on the Nasdaq National Market on that date. See the section entitled "Amended and New Plan Benefits" below for certain information with respect to options granted under the Option Plan in 2000.

Vote Required

The affirmative vote of a majority of the shares of the Common Stock present or represented and entitled to vote at the 2001 Annual Meeting is required for approval of this Proposal.

Recommendation

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE AMENDMENT TO THE OPTION PLAN TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK RESERVED FOR ISSUANCE THEREUNDER BY 500,000 SHARES.

6

PROPOSAL FIVE

AMENDMENT TO THE 1996 EMPLOYEE STOCK PURCHASE PLAN TO INCREASE
THE NUMBER OF SHARES OF COMMON STOCK RESERVED FOR ISSUANCE BY
300,000 SHARES

Increase of 300,000 Shares of Common Stock

Edgar Filing: ECLIPSE SURGICAL TECHNOLOGIES INC - Form DEF 14A

The 1996 Employee Stock Purchase Plan of Eclipse (the "Purchase Plan") was approved by the Board of Directors and by the shareholders in April 1996. A total of 400,000 shares of Common Stock are currently reserved for issuance under the Purchase Plan. In March 2001, the Board of Directors approved a further increase of 300,000 shares of Common Stock issuable under the Purchase Plan, which, if approved by the shareholders, would increase the total shares reserved for issuance under the Purchase Plan since its inception to 700,000 shares. The Purchase Plan terminates in April 2006. A summary of the principal terms of the Purchase Plan is located in Appendix B to this Proxy Statement.

The Purchase Plan, which is intended to qualify under Section 423 of the Code, permits eligible employees to purchase Common Stock through payroll deductions at a price equal to 85% of the fair market value of the Common Stock at the beginning or at the end of each offering period, whichever is lower. Qualified employees are eligible to participate at the beginning of the first day of an offering period after their first full calendar month of full time employment. As of March 31, 2001, a total of 328,133 shares of Common Stock had been purchased under the Purchase Plan and 71,867 shares remained available for future purchase under the Purchase Plan.. See "Amended and New Plan Benefits" below for certain information with respect to participation in the Purchase Plan in 2000.

The Purchase Plan is voluntary and encourages and motivates employees to participate in Eclipse's future through direct stock ownership. The Board of Directors believes that the availability of sufficient number of shares available for issuance under the Purchase Plan is integral to attract, retain and motivate qualified employees fundamental to the success of Eclipse. Subject to shareholder approval, the Board of Directors has amended the Purchase Plan to increase the number of shares of Common Stock reserved for issuance under the Purchase Plan from 400,000 shares to 700,000 shares.

Vote Required

The affirmative vote of a majority of the shares of the Common Stock present or represented and entitled to vote at the 2001 Annual Meeting is required for approval of this Proposal.

Recommendation

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE AMENDMENT TO THE 1996 EMPLOYEE STOCK PURCHASE PLAN TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK RESERVED FOR ISSUANCE UNDER THE PURCHASE PLAN BY 300,000 SHARES.

7

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers and directors, and persons who own more than ten percent of a registered class of our equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission and the National Association of Securities Dealers, Inc. Executive officers, directors and greater-than-ten-percent shareholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms received by us or written representations from certain reporting persons, we believe that, with respect to 2000, all of our executive officers, directors and ten percent shareholders complied with all applicable filing requirements, except for the following: Michael J. Quinn, Chief Executive Officer, filed a Form 3 twelve days late.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee reviews Eclipse's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process. Eclipse's independent auditors are responsible for expressing an opinion on the conformity of our audited financial statements to generally accepted accounting principles.

In this context, the Audit Committee has reviewed and discussed with management and the independent auditors the audited financial statements. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Audit Committee, also, received from the independent auditors the written disclosures required by Independence Standards Board No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from Eclipse and its management. Additionally, the Audit Committee did consider the independent auditors provision of non-audit related tax work and found it not to be incompatible with the independent accountants independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board approved, that the audited financial statements for the fiscal year ended December 31, 2000 be included in Eclipse's Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

Edgar Filing: ECLIPSE SURGICAL TECHNOLOGIES INC - Form DEF 14A

The following is the Report of the Eclipse Compensation Committee, describing the compensation policies and rationale applicable to our executive officers with respect to the compensation paid to such executive officers for the year ended December 31, 2000. The information contained in the report shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended or the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate it by reference into such filing.

TO: Board of Directors

The Compensation Committee (the "Committee") of the Board of Directors reviews and approves Eclipse's executive compensation policies. The Committee administers Eclipse's various incentive plans, including the Stock Option Plan and the Employee Stock Purchase Plan, sets compensation policies applicable to Eclipse's executive officers and evaluates the performance of Eclipse's executive officers. The following is a report of the Committee describing compensation policies and rationale applicable with respect to the compensation paid to Eclipse's executive officers for the fiscal year ended December 31, 2000.

Two non-employee members of Eclipse's Board of Directors, Robert L. Mortensen and Robert C. Strauss, served as the Compensation Committee of the Board of Directors during 2000.

Compensation Philosophy

Eclipse's executive compensation programs are designed to attract, motivate and retain executives who will contribute significantly to the long-term success of Eclipse and the enhancement of stockholder value. In addition to base salary, certain elements of total compensation are payable in the form of variable incentive plans tied to the performance of Eclipse and the individual, and in the equity-based plans designed to closely align executive and stockholder interests.

Base Salary

Base salary for executives, including that of the chief executive officer, is set according to the responsibilities of the position, the specific skills and experience of the individual and the competitive market for executive talent. In order to evaluate the competitive position of Eclipse's salary structure, the Committee makes reference to publicly available compensation information and informal compensation surveys obtained by management with respect to cash compensation and stock option grants to officers of comparable companies in the high-technology sector, Eclipse's industry and its geographic location. Executive salary levels are set to approximate average rates, with the intent that superior performance under incentive bonus plans will enable the executive to elevate his total cash compensation levels that are above average of comparable companies. The Committee reviews salaries annually and adjusts them as appropriate to reflect changes in market conditions and individual performance and responsibilities.

Compensation to Chief Executive Officer in 2000

Pursuant to an employment agreement effective October 16, 2000, Mr. Michael Quinn, Eclipse's Chief Executive Officer, received base compensation of \$330,000 during 2000.

Mr. Quinn's base salary was initially established by the Board of Directors. It was based on the Board's assessment that Mr. Quinn was uniquely

Edgar Filing: ECLIPSE SURGICAL TECHNOLOGIES INC - Form DEF 14A

qualified to lead Eclipse with his strong operational experience and history of accomplishments in the marketing and sales of products. The Board determined that his vision for Eclipse and his proven record of successful team building, would be pivotal to realizing the full potential of Eclipse.

Stock Option Plan

The Committee believes that Eclipse's Stock Option Plan is an essential tool to link the long-term interests of stockholders and employees, especially executive management, and serves to motivate executives to make decisions that will, in the long run, give the best returns to stockholders. Stock options

16

are generally granted when an executive joins Eclipse, with subsequent grants also taking into account the individual's performance and the vesting status of previously granted options. These options typically vest over a three year period and are granted at an exercise price equal to the fair market value of Eclipse's Common Stock at the date of grant. The size of initial option grants is based upon the position, responsibilities and expected contribution of the individual. This approach is designed to maximize stockholder value over a long term, as no benefit is realized from the option grant unless the price of Eclipse's Common Stock has increased over a number of years.

In addition to the Stock Option Plan, executive officers are eligible to participate in Eclipse's Employee Stock Purchase Plan. This plan allows employees to purchase Eclipse's Common Stock at a price equal to 85% of the lower of the fair market value at the beginning of the offering period or the fair market value at the end of the purchase period.

Other elements of executive compensation include life and long-term disability insurance, medical benefits and a 401(k) deferred compensation plan with no employer matching contribution for the fiscal year ended December 31, 2000. All such benefits are available to all regular, full-time employees of Eclipse.

The foregoing report has been furnished by the Compensation Committee of the Board of Directors of Eclipse.

APPENDIX A

Description of the Stock Option Plan

Generally: Eclipse's Stock Option Plan, as amended and restated (the "Option Plan") was approved by the Board of Directors and the shareholders in April 1996. The total number of shares currently reserved for issuance under the Option Plan is 5,100,000 shares. In March 2001, the Board of Directors approved a further increase of 500,000 shares issuable under the Option Plan, which, if approved by the shareholders, would increase the total shares reserved for issuance under the Option Plan since its inception to 5,600,000 shares. The Option Plan terminates in March 2006.

Options granted under the Option Plan may be either "incentive stock options" (ISOs), as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code") or nonstatutory options (NSOs).

The Option Plan is not qualified under Section 401(a) of the Code and is not subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

Purpose of the Option Plan: The purposes of the Option Plan are to attract and retain the best available personnel for positions of substantial responsibility, to provide additional incentive to employees and consultants of Eclipse and to promote the success of Eclipse's business.

Administration of the Option Plan: The Option Plan may be administered by the Board of Directors of Eclipse or by one or more Committees appointed by the Board of Directors (the "Administrator"). The Administrator has full power to select the individuals to whom Options will be granted from among the officers, directors, consultants or other employees eligible for grants, to make any combination of grants to any participant and to determine the specific terms of each grant, subject to the provisions of the Option Plan. The interpretation of any provision of the Option Plan by the Administrator shall be final and conclusive. Members of the Board of Directors or its Committee receive no additional compensation for their services as Administrator of the Option Plan.

Eligibility: The Option Plan provides that Options may be granted to employees and consultants (including employees, consultants and directors of Eclipse and its majority-owned subsidiaries). Outside directors are excluded from participation in the Option Plan.

Stock Options: The Option Plan permits the granting of stock options that are intended to qualify as either ISOs or NSOs. In the case of ISOs, the option exercise price for each share shall not be less than 100% of fair market value of a share of Common Stock on the date of grant of such option. In the case of NSOs, the option exercise price for each share covered shall be determined by the Administrator. The fair market value of the Common Stock shall be the closing price as of the date prior to the date of grant as reported by the NASDAQ National Market System or other stock exchange. The term of each option will be fixed by the Administrator but may not exceed ten years from the date of grant for ISOs. The Administrator will determine the time or times that each option may be exercised. No employee may be granted an Option for more than 300,000 Shares in any fiscal year; provided however that in connection with initial employment an employee may be granted up to 600,000 additional shares.

The exercise price of Options granted under the Option Plan must be paid in full by cash, check, shares of Eclipse (which, in the case of shares acquired upon exercise of an Option either have been owned by the Optionee for more than six months on the date of surrender or were not acquired, directly or indirectly, from Eclipse and which have a fair market value on the exercise date

equal to the aggregate exercise price of the shares as to which said Option shall be exercised) or promissory note. The Administrator may authorize as payment the retention of shares having a fair market value on the date of exercise equal to the exercise price for the total number of shares as to which the Option is exercised or it may authorize delivery of a properly executed exercise notice together with irrevocable instructions to a broker to promptly deliver to Eclipse the amount of sale or loan proceeds required to pay the exercise price. The Administrator may also authorize payment by any combination of the foregoing methods, as well as tax withholding with stock. For any ISO, the form of payment permitted will be stated on the notice of grant of the Option.

20

In the event of termination of employment or of an Optionee's consultancy for any reason, including retirement, an Option may thereafter be exercised (to the extent it was exercisable), for a period of ninety days, subject to the stated term of the Option. If an Optionee's employment or consultancy is terminated by reason of the Optionee's death or disability, the Option will in general be exercisable for twelve (12) months following death, subject to the stated term of the Option.

To qualify as ISOs, Options must meet additional federal income tax requirements. Under current law these requirements include limits on the value of ISOs that may become first exercisable annually with respect to any Optionee, and a shorter exercise period and a higher minimum exercise price in the case of certain large shareholders.

Stock Purchase Rights: The Option Plan permits Eclipse to grant stock purchase rights to purchase Common Stock of Eclipse ("Stock Purchase Rights") either alone, in addition to, or in tandem with other awards under the Option Plan and/or cash awards made outside the Option Plan. Upon the granting of a Stock Purchase Right under the Option Plan, the offeree shall be advised in writing of the terms, conditions, and restrictions related to the offer, including the number of shares of Common Stock that the offeree shall be entitled to purchase, the price to be paid (which in no case shall be less than 85% of fair market value) and the time within which the offeree must accept such offer (which shall in no event exceed six (6) months from the date upon which the Administrators made the determination to grant the Stock Purchase Right), the offer shall be acceptable by execution of a restricted stock purchase agreement between Eclipse and the offeree.

Unless the Administrator of the Option Plan determines otherwise, the restricted stock purchase agreement shall grant Eclipse a repurchase option exercisable upon the voluntary or involuntary termination of the purchaser's employment or consulting relationship with Eclipse for any reason (including death or disability). The purchase price for shares repurchased pursuant to the restricted restricted stock purchase agreement shall be the original price paid by the purchaser and may be paid by cancellation of any indebtedness of the purchase to Eclipse. The repurchase option shall lapse at such rate as the Administrator may determine. The restricted stock purchase agreement shall contain such other terms, provisions and conditions not inconsistent with the Option Plan as may be determined by the Administrator, and such provisions need not be the same with respect to each purchaser. Upon exercise of a Stock Purchase Right, the purchaser shall have rights equivalent to those of a shareholder of Eclipse. As of the date of this proxy statement, no Stock Purchase Rights have been granted under the Option Plan.

Adjustments for Stock Dividends, Mergers etc.: The Administrator is

Edgar Filing: ECLIPSE SURGICAL TECHNOLOGIES INC - Form DEF 14A

authorized to make appropriate adjustments in connection with outstanding Options or Stock Purchase Rights to reflect stock dividends, stock splits and similar events. In the event of a merger, liquidation or similar event, the Administrator in its discretion may provide for substitution or adjustments in, or may accelerate or adjust such Options or Stock Purchase Rights.

Amendment and Termination: The Board of Directors may amend, alter, suspend or discontinue the Option Plan at any time, but such amendment, alteration, suspension or discontinuation shall not impair any Options or Stock Purchase Rights then outstanding under the Option Plan without the participant's consent.

APPENDIX B

Description of the 1996 Employee Stock Purchase Plan

Generally: In April 1996 the Board of Directors of Eclipse adopted, and the shareholders subsequently approved, the 1996 Employee Stock Purchase Plan (the "Purchase Plan") and the reservation of 400,000 shares for issuance under the Purchase Plan. The Board of Directors has approved and the shareholders are being requested to approve an amendment to the Purchase Plan to increase the number of shares reserved for issuance under the Purchase Plan by 300,000 for a total of 700,000 shares.

The Purchase Plan is intended to qualify under Sections 421 and 423 of the Internal Revenue Code of 1986, as amended (the "Code"). The Purchase Plan is not qualified under Section 401(a) of the Code and is not subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

Purpose: The purpose of the Purchase Plan is to provide employees of Eclipse and its majority-owned subsidiaries with an opportunity to purchase Common Stock of Eclipse through payroll deductions. At this time, all of Eclipse's subsidiaries are Designated Subsidiaries for purposes of participation in the Purchase Plan.

Administration: The Purchase Plan is administered by the Board of Directors or a committee of the Board of Directors. The interpretation of any provision of the Purchase Plan by the Administrator shall be final and conclusive. Members of the Board of Directors or its Committee receive no additional compensation for their services in administering the Stock Purchase Plan.

Eligibility: Employees who are employed by Eclipse or a Designated Subsidiary for at least 20 hours per week and five months per calendar year are eligible to participate in the Purchase Plan, provided that such employees are employed by Eclipse on both the enrollment date and the exercise date of an Offering Period. Eligibility is subject to certain limitations imposed by Section 423(b) of the Code and limitations on stock ownership as defined in the Purchase Plan.

Offering Dates: The Purchase Plan generally will be implemented by consecutive six month Offering Periods that begin every six months on May 16 and November 16 of each year. The Board of Directors has the power to change the duration of Offering Periods with respect to future offerings without shareholder approval if such change is announced at least five days prior to the scheduled beginning of the first Offering Period to be affected.

Edgar Filing: ECLIPSE SURGICAL TECHNOLOGIES INC - Form DEF 14A

Participation in the Plan: Eligible employees become participants in the Purchase Plan by filing with the employer's payroll office a subscription agreement authorizing payroll deductions. An eligible employee who wishes to become a participant in an offering must file a subscription agreement with the payroll office prior to the commencement of such Offering Period. An employee who becomes eligible to participate in the Purchase Plan after the commencement of an offering may participate in the first Offering Period that starts after the filing by such employee of a subscription agreement.

Purchase Price: Subject to certain amendments in response to accounting changes as described below, the purchase price per share at which shares are sold to participating employees under the Purchase Plan is the lower of (i) 85% of the fair market value per share of the Common Stock on the first day of the Offering Period (the "Offering Date") or (ii) 85% of the fair market value per share of the Common Stock on the last day of an Offering Period (the "Exercise Date"). The fair market value of the Common Stock shall be the closing price as of such date as reported by the NASDAQ National Market System or other stock exchange.

Payment of Purchase Price; Payroll Deductions: The purchase price of the shares to be acquired under the Purchase Plan is accumulated by payroll deductions over each six-month Offering Period. The deductions may not exceed 15% of a participant's compensation. A participant may discontinue or decrease his participation in the Purchase Plan, but may not increase the rate of payroll deductions at any time during the Offering Period. Payroll deductions for a participant shall commence on the first pay day following the Offering Date and shall continue at the same rate until the end of the Offering Period unless sooner terminated as provided in the Purchase Plan.

22

All payroll deductions made for a participant are credited to his account under the Purchase Plan and are deposited with the general funds of Eclipse. All payroll deductions received or held by Eclipse under the Purchase Plan may be used by Eclipse for any corporate purpose, and Eclipse shall not be obligated to segregate such payroll deductions. No charges for administrative or other costs may be made by Eclipse against the payroll deductions of a participant in the Purchase Plan.

Purchase of Stock; Exercise of Option: By executing a subscription agreement to participate in the Purchase Plan, the employee is entitled to have shares placed under option to him. The maximum number of shares placed under option to a participant in an Offering Period is the number determined by dividing the total amount of his compensation which is to be withheld for the Offering Period by 85% of the fair market value of the Common Stock on the Offering Date. Unless the employee's participation is discontinued, his option for the purchase of shares will be exercised automatically on the Exercise Date at the applicable price.

Notwithstanding the preceding paragraph, no employee shall be permitted to subscribe for shares under the Purchase plan if, immediately after the grant of the option, the employee would own 5% or more of the voting stock or value of all classes of stock of Eclipse or its majority-owned subsidiaries, nor shall any employee be granted an option which would permit him to purchase more than \$25,000 worth of stock (determined at the time the option is granted) under all employee stock purchase plans of Eclipse in any calendar year.

Withdrawal from the Purchase Plan: A participant's interest in a given Offering Period may be terminated in whole, but not in part, by signing and

Edgar Filing: ECLIPSE SURGICAL TECHNOLOGIES INC - Form DEF 14A

delivering to Eclipse a notice of withdrawal from the Purchase Plan. Such withdrawal may be elected by a participant at any time prior to an Exercise Date. A participant's withdrawal from an Offering Period does not have any effect upon his eligibility to participate in subsequent Offering Periods under the Purchase Plan.

Termination of Employment: Termination of a participant's employment for any reason, including retirement or death, or the failure of the participant to satisfy the requirements for eligibility, cancels his participation in the Purchase Plan immediately. In such event, payroll deductions credited to the participant's account will be returned to him, or in the case of death, to the person or person entitled thereto as provided in the Purchase Plan.

Adjustments for Stock Dividends, Mergers etc.: The Board of Directors is authorized to make appropriate adjustments in connection with outstanding options to reflect stock dividends, stock splits and similar events. In the event of a merger, liquidation or similar event, the Board of Directors in its discretion may provide for substitution or adjustments of the options, or may shorten the current Offering Period(s) to provide for an earlier Exercise Date.

Amendment and Termination of the Plan: The Board of Directors may at any time amend or terminate the Purchase Plan, except that (subject to special amendments in response to accounting changes) such termination cannot adversely affect the rights of any participant.

APPENDIX C

The following functions shall be the common recurring activities of the Committee in carrying out its oversight function. These functions are set forth as a guide with the understanding that the Committee may diverge from this guide as appropriate given the circumstances.

- o Review and discuss with management and the independent auditors the audited financial statements to be included in the Company's Annual Report on Form 10-K (or the Annual Report to Shareholders if distributed prior to the filing of Form 10-K), and review and consider with the outside auditors the matters required to be discussed by Statement of Auditing Standards ("SAS") No. 61, as amended.

- o Discuss with management and the outside auditors the quality and adequacy of the Company's internal controls.
- o The audit committee shall review the independence and performance of the auditors. With respect to the independence of the independent auditors, the Committee shall:

relationships and their impact on the outside auditor's independence; and

- Recommend that the Board take appropriate action to oversee the independence of the outside auditor.
- o The Committee, subject to any action that may be taken by the full Board, shall have the ultimate authority and responsibility to select (or nominate for shareholder approval), evaluate and, where appropriate, replace the outside auditor.

Other Matters

The Committee shall prepare such reports as are required by the Securities and Exchange Commission for inclusion in the Company's annual proxy statement and maintain minutes of its meetings.
