The Company had revenues of \$5,941,924 for the quarter ended September 30, 2001 compared to revenues of \$3,922,359 for the quarter ended September 30, 2000. Net income for the quarter ended September 30, 2001 was \$2,623,463 compared to net income of \$1,258,524 for the quarter ended September 30, 2000. Total operating expenses for the quarter ended September 30, 2001 were \$3,318,461 resulting in operating income for the quarter of \$2,623,463. This compares to total operating expenses of \$2,663,835 for the quarter ended September 30, 2000, resulting in operating income of \$1,258,524. The Company has instituted a policy of not paying rebates as of January 1, 2001 and hence represented none of the total operating expenses. This compared to customer rebates of \$1,362,744 for the quarter ended September 30, 2000 that represented approximately 51% of total operating expenses. Because of the Companys limited operating history with its various web sites, management cannot predict, based upon past performance, whether the above listed cost and expense categories are relatively stable or subject to a substantial degree of volatility. Management continues to expect that advertising costs will be a significant part of its operating structure. Management expects that revenues from Business to Consumers divisions will continue to increase in the fourth quarter. Management expects that all other divisions will have increased revenues and profits.

Liquidity And Capital Resources

The Companys cash and cash equivalents as of September 30, 2001 were \$9,107,264. At September 30, 2001, the Company had current assets of \$9,213,431 and current liabilities of \$1,000,945 resulting in working capital at September 30, 2001 (current assets less current liabilities) of \$8,212,486.

In September 2001, the Company acquired substantially all of the assets, including the name, of cs-live.com inc. The purchase price was \$50,000 and 450,000 shares of common stock. The Company also assumed certain operating liabilities. cs-live inc. changed its name to Intelligent Web Technologies, Inc. The Company has made advances to Intelligent Web Technologies, Inc. of approximately \$300,000. The advances are secured by the shares of common stock paid as part of the purchase price.

During the period the Company acquired all the capital stock of Universal Payment Systems, Inc. (UPSI). The purchase price was \$1.00. UPSI was purchased from Management of the Company.

Also, during the period the Company raised a total of approximately \$6,700,000 from the sale of its common stock in two private placements. Subsequently, the Company rescinded \$5,500,000 to an investor.

The Company believes that its current capital resources and liquidity are adequate for at least the next twelve months. Other than costs in connection with the further development of its web sites, the Company does not have any plans for significant capital or operating expenditures above its current level unless it determines to develop additional web sites that could result in additional development costs. The Company may also make additional acquisitions which might be financed at least in part with Company funds.

Nine Months Ended September 30, 2001 Compared With September 30, 2000 Results of

Edgar Filing: 800AMERICA COM INC - Form 10QSB

Operations

The Company had revenues of \$15,244,673 for the nine months ended September 30, 2001 compared with revenues of \$9,501,802 for the nine months ended September 30, 2000. This represents a 60% increase. The increase was primarily the result of increased sales. Net income from operations was \$8,644,800 for the nine months ended September 30, 2001 compared with net income of \$2,016,962 for the nine months ended September 30, 2000. Total operating expenses were \$6,600,000 for the nine months ended September 30, 2001 compared with \$7,485,000 for the nine months ended September 30, 2000. This is a decrease of 12% and is primarily a result of the discontinuance of the rebate program.

Liquidity And Capital Resources

Net cash provided for operating activities was \$8,157,000 for the nine months ended September 30, 2001 compared with net cash of \$1,575,661 for the nine months ended September 30, 2000. The increase in net cash was primarily attributable to an increase in revenues, sale of operating assets, the proceeds from the sale of common stock in a private placement and a decrease in operating costs as a result of ending the rebate program. During the nine month period ended September 30, 2001, the Company sold assets for \$500,000 and purchased two companies for approximately \$1,550,000 in cash and common stock. During the nine months ended September 30, 2000, the Company obtained \$250,000 through the sale of equity securities in a private placement.
