General Information

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Lamar Advertising Company for use at the annual meeting of stockholders to be held at the offices of Lamar Advertising Company, 5551 Corporate Boulevard, Baton Rouge, Louisiana, at 10:00 a.m. on Thursday, May 27, 2004, and at any adjournments thereof.

We are mailing our annual report to stockholders for the fiscal year ended December 31, 2003 to stockholders with the mailing of this proxy statement on or about April 19, 2004. Our annual report to stockholders includes a copy of our annual report on Form 10-K for the fiscal year ended December 31, 2003 as filed with the SEC, except for certain exhibits.

Record Date, Voting Rights and Outstanding Shares

The Board of Directors has fixed April 5, 2004 as the record date for determining holders of our common stock who are entitled to vote at the Annual Meeting.

We have two classes of common stock and one class of preferred stock issued and outstanding: Class A common stock, \$.001 par value per share, Class B common stock, \$.001 par value per share and Series AA preferred stock, \$.001 par value per share. We refer to our Class A common stock and our Class B common stock collectively as our common stock.

With respect to the matters submitted for vote at the Annual Meeting, each share of Class A common stock and Series AA preferred stock is entitled to one vote, and each share of Class B common stock is entitled to ten votes.

Our Class A common stock, Class B common stock and Series AA preferred stock will vote as a single class in regards to the matters submitted at the Annual Meeting. On April 5, 2004, there were outstanding and entitled to vote 87,998,313 shares of Class A common stock, 15,797,527 shares of Class B common stock and 5,719.49 shares of Series AA preferred stock.

The presence at the Annual Meeting, in person or by proxy, of the holders of one-third of the votes represented by the Class A common stock, the Class B common stock and the Series AA preferred stock issued and outstanding on April 5, 2004 will constitute a quorum for the transaction of business. Proxies submitted by brokers that do not indicate a vote for one or more proposals because the brokers do not have discretionary voting authority and have not received instructions from the beneficial owners on how to vote on these proposals are called broker non-votes. Broker non-votes, votes withheld and abstentions will be considered present for purposes of determining the presence of a quorum for the transaction of business at the Annual Meeting.

Table of Contents

Stockholders who do not attend the Annual Meeting in person may submit proxies by mail. Proxies in the enclosed form, if received in time for voting and not revoked, will be voted at the Annual Meeting in accordance with the instructions contained therein. If no instructions are indicated, the shares represented by the proxy will be voted:

FOR the election of the Director nominees named herein;

FOR the amendment to the 1996 Equity Incentive Plan; and

In accordance with the judgment of the proxy holders as to any other matter that may be properly brought before the Annual Meeting or any adjournments thereof.

We will not count shares that abstain from voting on a particular matter and broker non-votes as votes in favor of such matter. We will also not count them as votes cast or shares voting on such matter. Accordingly, abstentions and broker non-votes will have no effect on the outcome of voting on the matters to be voted on at the Annual Meeting that require the affirmative vote of a certain percentage or a plurality of the votes cast on a matter.

Voting of Proxies

You may vote by either of the following means:

by mail; or

in person at the Annual Meeting.

To vote by mail, sign, date and complete the enclosed proxy card and return it in the enclosed self-addressed envelope. If you hold your shares through a bank, broker or other nominee, it will give you separate instructions for voting your shares.

You may revoke the proxy by filing an instrument of revocation or a duly executed proxy bearing a later date with our Secretary, at our principal executive offices, 5551 Corporate Boulevard, Baton Rouge, Louisiana 70808. You may also revoke a proxy by attending the Annual Meeting and voting in person. If not revoked, we will vote the proxy at the Annual Meeting in accordance with your instructions indicated on the proxy card.

Board and Committee Meetings

During the year ended December 31, 2003, our Board of Directors held four meetings. Each of the directors who was then in office attended at least 75% of the aggregate number of meetings of our Board and all of its committees on which that director served. The Board committees currently consist of an Audit Committee, a Compensation Committee and a Nominating and Governance Committee. During the year ended December 31, 2003, the Audit Committee held ten meetings, the Compensation Committee held two meetings and the Nominating and Governance Committee, which was formed in December 2003, held no meetings. We encourage, but do not require, our board members to attend the annual stockholders meeting. Last year, all of our directors attended the stockholders meeting.

Audit Committee. The Audit Committee currently consists of Stephen P. Mumblow (Chairman), John Maxwell Hamilton and Thomas V. Reifenheiser. Our Board of Directors has determined that each member of the Audit Committee satisfies the independence and financial literacy requirements as defined by applicable Nasdaq Stock Market standards governing the qualifications of Audit Committee members. The Audit Committee assists our Board of Directors in fulfilling its responsibility for general oversight of the integrity of our financial statements, including compliance with legal and regulatory requirements, the independent auditor's qualifications and independence, and the performance of our internal audit function. The Audit Committee is also responsible for the appointment and oversight of our independent auditors and our internal auditor. The Audit Committee operates under a written charter adopted by the Board of Directors. A copy of the Audit Committee's charter, as currently in effect, is included as Appendix A

Compensation Committee. The Compensation Committee currently consists of Thomas V. Reifenhiser (Chairman) and Stephen P. Mumbrow, each of whom meet the independence requirements as defined by applicable Nasdaq National Market standards governing the independence of directors. The Committee's responsibilities include evaluating the performance of the Chief Executive Officer and our other executive officers and reviewing and determining such officers' cash and equity-based compensation and benefits.

Nominating and Governance Committee. The Nominating and Governance Committee currently consists of Thomas V. Reifenhiser (Chairman) and Stephen P. Mumbrow, each of whom meet the independence requirements as defined by applicable Nasdaq National Market standards governing the independence of directors. The Committee's responsibilities include identifying individuals qualified to become Board members and recommending to the Board the director nominees for the next annual meeting of stockholders, as well as candidates to fill vacancies on the Board. Additionally, the Committee recommends to the Board the directors to be appointed to Board committees. The Committee also developed and recommended to the Board a set of corporate governance guidelines and oversees the effectiveness of our corporate governance in accordance with those guidelines.

Mr. Jelenic is the only nominee for director proposed to be elected for the first time at the Annual Meeting. Mr. Jelenic's name was first suggested by a non-management director. For information relating to the nominations process, including the nomination of directors by stockholders, see "Director Candidates" below. The Nominating and Governance Committee operates under a written charter adopted by the Board of Directors, which is attached as Appendix B to this proxy statement.

Director Candidates

The process followed by the Nominating and Governance Committee to identify and evaluate director candidates includes requests to the Board members and others for recommendations, meetings from time to time to evaluate biographical information and background materials relating to potential candidates and interviews of selected candidates by members of the Committee and the Board.

In considering whether to recommend any candidate for inclusion in the Board's slate of director nominees, the Nominating and Governance Committee will evaluate the candidate against the standards and qualifications set out in the Company's Corporate Governance Guidelines, including, among others:

whether the candidate meets the independence requirements under applicable Nasdaq National Market listing standards;

the extent to which the candidate's skills, experience and perspective adds to the range of talent appropriate for the Board and whether such attributes are relevant to our industry;

the candidate's ability to dedicate the time and resources sufficient for the diligent performance of Board duties; and

the extent to which the candidate holds any position that would conflict with responsibilities to the Company. The Committee believes that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

Table of Contents

Stockholders may recommend candidates for the Nominating and Governance Committee to consider as potential director nominees by submitting their names and background to the Nominating and Governance Committee, c/o General Counsel, Lamar Advertising Company, 5551 Corporate Boulevard, Baton Rouge, Louisiana 70808. The Nominating and Governance Committee will consider a recommendation only if appropriate biographical information and background material is provided on a timely basis as further described in the Committee's charter attached as Appendix B to this proxy statement. Assuming that appropriate biographical and background material is provided for candidates recommended by stockholders, the Nominating and Governance Committee will evaluate those candidates by following substantially the same process, and applying substantially the same criteria, as for candidates submitted by Board members. The Committee will also consider whether to nominate any person nominated by a stockholder in accordance with the provisions of the Company's bylaws relating to stockholder nominations as described in Deadline for Stockholder Proposals and Director Nominations below. To date, no stockholder has recommended a candidate for director nominee to the Nominating and Governance Committee or to the Board of Directors.

Communications From Stockholders

The Board will give appropriate attention to written communications on issues that are submitted by stockholders, and will respond if and as appropriate. Absent unusual circumstances or as contemplated by committee charters, the Chairman of the Audit Committee will, with the assistance of our internal legal counsel, (1) be primarily responsible for monitoring communications from stockholders and (2) provide copies or summaries of such communications to the other directors as he or she considers appropriate. Communications specifically addressed to a particular director will be forwarded to that director.

Communications will be forwarded to all directors if they relate to substantive matters and include suggestions or comments that the Chairman of the Audit Committee considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the Board should address such communications to the Chairman of the Audit Committee, c/o General Counsel, Lamar Advertising Company, 5551 Corporate Boulevard, Baton Rouge, Louisiana 70808.

Certain Relationships and Related Transactions

Interstate Highway Signs Corp. (IHS) is a wholly owned subsidiary of Sign Acquisition Corp. Kevin P. Reilly, Jr., our President, Chief Executive Officer and one of our directors, had voting control over a majority of the outstanding shares of Sign Acquisition Corp. through a voting trust until he sold this interest on December 16, 2003. We purchased approximately \$1.2 million of highway signs and transit bus shelters from IHS, which represented approximately 13% of total capitalized expenditures for our logo sign and transit advertising businesses, during the year ended December 31, 2003. We do not use IHS exclusively for our highway sign and transit bus shelter purchases.

Compensation Committee Report on Executive Compensation

Our executive compensation policy is designed to attract, retain and reward executive officers who contribute to our long-term success by maintaining a competitive salary structure and aligning individual compensation with the achievement of corporate and individual performance objectives. The Compensation Committee makes decisions each year regarding executive compensation, including annual base salaries, bonus awards and stock option grants. This report is submitted by the Compensation Committee and addresses the compensation policies for fiscal year 2003 as they affected each of our executive officers.

Executive Officer Compensation

Overall, the Committee has determined that executive officer base salaries and cash bonuses should be based on industry averages for comparable positions as well as on individual and corporate performance.

For 2003, the Chief Executive Officer made recommendations to the Committee as to base salary amounts for each executive officer (including himself) based on his assessment of each officer's individual performance and current level of compensation. The Committee evaluated the Chief Executive Officer's recommendations, taking into account the officer's tenure in his position, the Committee's subjective assessment of individual performance and our overall performance during the prior year. The Committee did not apply a strict formula but instead considered these factors together without giving any specific weight to any individual factor. The Committee gauged our overall performance based on several key indicators. These indicators included the number of acquisitions completed and the aggregate purchase price thereof, the market performance of our Class A common stock and the growth in net revenues and cash flows. The Committee also considered the current financial and economic environment in making its assessment. The Chief Executive Officer recommended that his base compensation and the base compensation of the Chief Operating Officer remain the same in 2003 as it was in 2002. The Chief Executive Officer recommended the salary of the Chief Financial Officer be increased in 2003 from 2002 by \$14,000. The Committee approved these recommendations.

At the end of each fiscal year, the Chief Executive Officer proposes to the Committee the size of annual bonuses, taking into account our growth for that year and each officer's individual performance. With respect to the 2003 bonus year, the Chief Executive Officer also provided the Committee with a peer group survey of compensation across the media industry. In light of the Committee's findings that our total executive compensation was significantly below our peer group, the Committee decided to include a one-time adjustment in the bonuses for 2003 to achieve total compensation levels for the year that were commensurate with industry averages. In 2003, cash bonuses paid to the Chief Executive Officer and other executive officers totaled \$1,075,000. The Chief Executive Officer's bonus was also based on our overall financial performance during 2003.

Stock Options

No option grants were made to the executive officers during 2003.

Deduction Limit for Executive Compensation

Section 162(m) of the Internal Revenue Code limits a publicly held company's tax deduction for compensation paid to the chief executive officer and the other four most highly paid officers. Generally, amounts paid in excess of \$1,000,000 to a covered executive in any year cannot be deducted. Certain performance-based compensation that has been approved by stockholders is not subject to the limit. We

Table of Contents

do not currently expect to pay cash compensation exceeding the \$1,000,000 limitation. Stock options granted under the 1996 Equity Incentive Plan are not subject to the limitation under applicable regulations. In addition, the Committee will consider as appropriate other ways to maximize the deductibility of executive compensation, while retaining the discretion to compensate certain executive officers in a manner commensurate with performance and the competitive environment for executive talent without regard to deductibility.

**PROPOSAL 2: PROPOSAL TO APPROVE AN AMENDMENT TO
1996 EQUITY INCENTIVE PLAN**

The Board of Directors submits for stockholder approval an amendment to increase by 2,000,000 shares the number of shares of the Company's Class A common stock reserved for issuance pursuant to awards under the Company's 1996 Equity Incentive Plan.

General

The 1996 Equity Incentive Plan was adopted by Lamar Advertising Company in July 1996. There were originally 2,000,000 shares of Class A common stock reserved for issuance under the 1996 Equity Incentive Plan, which became 3,000,000 shares as a result of a 3-for-2 stock split effected in February 1998. At the 1999, 2000 and 2002 Annual Meeting of Stockholders, the stockholders approved amendments to the plan and it was amended to increase the aggregate number of shares of Class A common stock reserved for issuance under the plan to 4,000,000 shares, 5,000,000 shares and 8,000,000 shares, respectively. The number of shares reserved for issuance under the 1996 Equity Incentive Plan includes shares subject to options already granted and shares issued pursuant to options already exercised. The 1996 Equity Incentive Plan is designed to provide us flexibility in awarding equity incentives by providing for different types of incentives that may be awarded. The purpose of the 1996 Equity Incentive Plan is to attract and retain directors and key employees of and consultants for us and our eligible affiliated companies and to enable them to participate in our long-term growth.

As the amount of any awards under the 1996 Equity Incentive Plan is within the Compensation Committee's discretion, total awards that may be granted for the current fiscal year are not determinable until completion of the year. The following table sets forth shares underlying awards granted under the 1996 Equity Incentive Plan through March 15, 2004:

Amendment

In February 2004, our Board of Directors voted, subject to stockholder approval, to amend the 1996 Equity Incentive Plan to increase the aggregate number of shares of Class A common stock available for awards under such plan by an additional 2,000,000 shares to an aggregate of 10,000,000 shares, subject to adjustment for stock-splits and similar capital changes. If any award expires or is terminated unexercised or is forfeited or settled in a manner that results in fewer shares outstanding than were awarded, the shares subject to such award, to the extent of such expiration, termination, forfeiture or decrease, shall again be available for award under the 1996 Equity Incentive Plan. Approval of this amendment is required by the rules of the Nasdaq National Market and in order for options granted under the 1996 Equity Incentive Plan to qualify as Incentive Stock Options. The Board of Directors believes that it is important for employee participants in the 1996 Equity Incentive Plan to have the opportunity to benefit from the favorable tax treatment described below. The Company believes that this increase is necessary and appropriate to enable the Company to attract and retain the quality of employees whose services are considered important to the Company's future progress, including employees of companies acquired by

Table of Contents

the Company. The Company believes that participation in the 1996 Equity Incentive Plan provides such employees with an incentive to remain employees of the Company.

The following summary of the 1996 Equity Incentive Plan's principal features is qualified in its entirety by reference to the full text of the 1996 Equity Incentive Plan, which has been filed with the SEC and will be made available upon written request to our Secretary.

Administration and Eligibility

The 1996 Equity Incentive Plan provides for the grant of stock options (incentive and nonstatutory), stock appreciation rights, restricted stock and unrestricted stock for the purchase of shares of Class A common stock. Awards under the 1996 Equity Incentive Plan can be granted to employees, consultants and directors of the Company as well as employees and consultants of its eligible subsidiaries who are capable of contributing significantly to the successful performance of the Company. The Compensation Committee administers the 1996 Equity Incentive Plan and selects the participants and establishes the terms and conditions of each option or other equity right granted under the 1996 Equity Incentive Plan, including the exercise price, the number of shares subject to options or other equity rights and the time(s) at which such options become exercisable. Subject to certain limitations the Compensation Committee may delegate to one or more executive officers of the Company the power to make awards to participants who are not subject to Section 16 of the Securities Exchange Act of 1934 or covered employees for purposes of Section 162(m) of the Internal Revenue Code. The Compensation Committee has authorized the Chief Financial Officer to grant options to purchase shares of Class A common stock to each such participant.

The exercise price of all incentive stock options, or ISOs, within the meaning of Section 422 of the Internal Revenue Code granted under the 1996 Equity Incentive Plan must be at least equal to 100% of the fair market value of the option shares on the date of grant. The term of any ISO granted under the 1996 Equity Incentive Plan may not exceed ten years.

As of March 15, 2004, the approximately 3,000 employees of the Company and its affiliates were eligible to participate in the 1996 Equity Incentive Plan and there were approximately 250 participants that had outstanding awards under the plan. The closing price of the Company's Class A common stock as reported on the Nasdaq National Market on March 15, 2004 was \$38.74.

1996 Equity Incentive Plan Activity

As of March 15, 2004, options to purchase an aggregate of 8,517,500 shares of Class A common stock had been granted under the 1996 Equity Incentive Plan, of which options to purchase 516,759 shares had been cancelled and options to purchase 3,136,338 shares had been exercised. As of such date, 1,999,259 shares remained available for the granting of awards under the 1996 Equity Incentive Plan, if the 2,000,000 shares added by the amendment for which stockholder approval is being requested in this proposal are included. No stock appreciation rights or awards other than option grants have been granted under the 1996 Equity Incentive Plan to date.

Federal Income Tax Consequences Relating to Stock Options

Incentive Stock Options. An optionee does not realize taxable income upon the grant or exercise of an ISO under the 1996 Equity Incentive Plan. If no disposition of shares issued to an optionee pursuant to the exercise of an ISO is made by the optionee within two years from the date of grant or within one year from the date of exercise, then (a) upon sale of such shares, any amount realized in excess of the option price (the amount paid for the shares) is taxed to the optionee as a capital gain and any loss sustained will

Table of Contents

be a capital loss and (b) no deduction is allowed to the Company for Federal income tax purposes. The exercise of ISOs gives rise to an adjustment in computing alternative minimum taxable income that may result in alternative minimum tax liability for the optionee.

If shares of common stock acquired upon the exercise of an ISO are disposed of prior to the expiration of the two-year and one-year holding periods described above, a disqualifying disposition, then (a) the optionee realizes ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the shares at exercise (or, if less, the amount realized on a sale of such shares) over the option price thereof and (b) the Company is entitled to deduct such amount. Any further gain realized is taxed as a capital gain and does not result in any deduction to the Company. A disqualifying disposition in the year of exercise will generally avoid the alternative minimum tax consequences of the exercise of an ISO.

Nonstatutory Stock Options. No income is realized by the optionee at the time a nonstatutory option is granted. Upon exercise, (a) ordinary income is realized by the optionee in an amount equal to the difference between the option price and the fair market value of the shares on the date of exercise and (b) the Company receives a tax deduction for the same amount. Upon disposition of the shares, appreciation or depreciation after the date of exercise is treated as a capital gain or loss and will not result in any deduction by the Company.

Equity Compensation Plan Information

The following table provides information as of December 31, 2003 with respect to shares of our Class A common stock that may be issued under our existing compensation plans.

(1) Consists of the 1996 Equity Incentive Plan and 2000 Employee Stock Purchase Plan.

(2) Does not include purchase rights accruing under the 2000 Employee Stock Purchase Plan because the purchase price (and therefore the number of shares to be purchased) will not be determined until the end of the purchase period.

- (3) Includes shares available for future issuance under the 2000 Employee Stock Purchase Plan. Under the evergreen formula of this plan, on the first day of each fiscal year beginning with 2001, the aggregate number of shares that may be purchased through the exercise of rights granted under the plan is increased by the lesser of (a) 500,000 shares, (b) one-tenth of one percent of the total number of shares of Class A common stock outstanding on the last day of the preceding fiscal year, and (c) a lesser amount determined by the board of directors. Pursuant to the evergreen formula, as of December 31, 2003, 335,290 shares have been added to the 2000 Employee Stock Purchase Plan.
- (4) In addition to stock option awards, the 1996 Equity Incentive Plan provides for the issuance of restricted stock, unrestricted stock and stock appreciation rights.

The Committee's role is one of oversight, and it is recognized that the Company's management is responsible for preparing the Company's financial statements and that the outside auditor is responsible for auditing those financial statements.

The following functions shall be the common recurring activities of the Committee in carrying out its oversight function. The functions are set forth as a guide and may be varied from time to time as appropriate under the circumstances.

The Committee shall review with management and the outside auditor the audited financial statements to be included in the Company's Annual Report on Form 10-K and the Annual Report to Stockholders, and shall review and consider with the outside auditor the matters required to be discussed by Statement on Auditing Standards No. 61.

As a whole, or through the Committee chair, the Committee shall review with the outside auditor, prior to filing with the SEC, the Company's interim financial information to be included in the Company's Quarterly Reports on Form 10-Q and the matters required to be discussed by SAS No. 61.

The Committee shall periodically discuss with management, the internal auditor and the outside auditor the quality and adequacy of the Company's internal controls and internal auditing procedures, if any, including any significant deficiencies in the design or operation of those controls which could adversely affect the Company's ability to record, process, summarize and report financial data and any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal controls, and discuss with the outside auditor how the Company's financial systems and controls compare with industry practices.

The Committee shall periodically review with management and the outside auditor the quality, as well as acceptability, of the Company's accounting policies, and discuss with the outside auditor how the Company's accounting policies compare with those in the industry and all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, the ramifications of use of such alternative disclosures and treatments and the treatment preferred by the outside auditor.

Table of Contents

The Committee shall periodically discuss with the outside auditor whether all material correcting adjustments identified by the outside auditor in accordance with generally accepted accounting principles and the rules of the SEC are reflected in the Company's financial statements.

The Committee shall review with management and the outside auditor any material financial or other arrangements of the Company which do not appear on the Company's financial statements and any transactions or courses of dealing with third parties that are significant in size or involve terms or other aspects that differ from those that would likely be negotiated with independent parties, and which arrangements or transactions are relevant to an understanding of the Company's financial statements.

The Committee shall review with the Company's internal counsel or outside counsel, on at least an annual basis, any material legal compliance issues, including any legal matters that could have a significant impact on the Company's financial statements, the Company's compliance with applicable laws and regulations, and inquiries received from regulators or governmental agencies.

The Committee shall review with management and the outside auditor the Company's critical accounting policies and practices.

The Committee shall review with the outside auditor all material communications between the outside auditor and management,

such as any management letter or schedule of unadjusted differences.

The Committee shall request from the outside auditor annually a formal written statement delineating all relationships between the auditor and the Company consistent with Independence Standards Board Standard No. 1 and such other requirements as may be established by the Public Company Accounting Oversight Board, discuss with the outside auditor any such disclosed relationships and their impact on the outside auditor's independence, and take appropriate action regarding the independence of the outside auditor.

The Committee shall approve the engagement of the outside auditor and shall approve, in advance, all audit services and all permitted non-audit services to be provided to the Company by the outside auditor.

The Committee shall recommend to the Board whether, based on the reviews and discussions referred to above, the financial statements should be included in the Company's Annual Report on Form 10-K.

The Committee shall review and agree with the appointment, replacement, or dismissal of the internal auditor.

The Committee shall oversee the Company's disclosure controls and procedures.

The Committee shall review and approve all related-party transactions on an ongoing basis.

Appendix C

LAMAR ADVERTISING COMPANY

1996 EQUITY INCENTIVE PLAN

(as amended through February 2004)

1. Purpose

The purpose of the Lamar Advertising Company 1996 Equity Incentive Plan (the Plan) is to attract and retain directors, key employees and consultants of the Company and its Affiliates, to provide an incentive for them to achieve long-range performance goals, and to enable them to participate in the long-term growth of the Company by granting Awards with respect to the Company's Class A Common Stock (the Common Stock). Certain capitalized terms used herein are defined in Section 9 below.

2. Administration

The Plan shall be administered by the Committee. The Committee shall select the Participants to receive Awards and shall determine the terms and conditions of the Awards. The Committee shall have authority to adopt, alter and repeal such administrative rules, guidelines and practices governing the operation of the Plan as it shall from time to time consider advisable, and to interpret the provisions of the Plan. The Committee's decisions shall be final and binding. To the extent permitted by applicable law, the Committee may delegate to one or more executive officers of the Company the power to make Awards to Participants who are not Reporting Persons or Covered Employees and all determinations under the Plan with respect thereto, provided that the Committee shall fix the maximum amount of such Awards for all such Participants and a maximum for any one Participant.

3. Eligibility

All directors, employees and consultants of the Company or any Affiliate capable of contributing significantly to the successful performance of the Company, other than a person who has irrevocably elected not to be eligible, are eligible to be Participants in the Plan. Incentive Stock Options may be granted only to persons eligible to receive such Options under the Code.

4. Stock Available for Awards

(a) **Amount.** Subject to adjustment under subsection (b), Awards may be made under the Plan for up to 10,000,000 shares of Common Stock. If any Award expires or is terminated unexercised or is forfeited or settled in a manner that results in fewer shares outstanding than were awarded, the shares subject to such Award, to the extent of such expiration, termination, forfeiture or decrease, shall again be available for award under the Plan. Common Stock issued through the assumption or substitution of outstanding grants from an acquired company shall not reduce the shares available for Awards under the Plan. Shares issued under the Plan may consist in whole or in part of authorized but unissued shares or treasury shares.

(b) **Adjustment.** In the event that the Committee determines that any stock dividend, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, exchange of shares or other transaction affects the Common Stock such that an adjustment is required in order to preserve the benefits intended to be provided by the Plan, then the Committee

Table of Contents

(subject in the case of Incentive Stock Options to any limitation required under the Code) shall equitably adjust any or all of (i) the number and kind of shares in respect of which Awards may be made under the Plan, (ii) the number and kind of shares subject to outstanding Awards and (iii) the exercise price with respect to any of the foregoing, and if considered appropriate, the Committee may make provision for a cash payment with respect to an outstanding Award, provided that the number of shares subject to any Award shall always be a whole number.

(c) ***Limit on Individual Grants.*** The maximum number of shares of Common Stock subject to Options and Stock Appreciation Rights that may be granted to any Participant in the aggregate in any calendar year shall not exceed 300,000 shares and the maximum number of shares of Common Stock that may be granted as Restricted Stock or Unrestricted Stock Awards, with respect to which performance goals apply under Section 7 below, to any Participant in the aggregate in any calendar year shall not exceed 300,000, subject to adjustment under subsection (b).

5. Stock Options

(a) ***Grant of Options.*** Subject to the provisions of the Plan, the Committee may grant options (Options) to purchase shares of Common Stock (i) complying with the requirements of Section 422 of the Code or any successor provision and any regulations thereunder (Incentive Stock Options) and (ii) not intended to comply with such requirements (Nonstatutory Stock Options). The Committee shall determine the number of shares subject to each Option and the exercise price therefor, which shall not be less than 100% of the Fair Market Value of the Common Stock on the date of grant with respect to Incentive Stock Options. Nonstatutory Stock Options may be granted at such prices as the Committee may determine. No Incentive Stock Options may be granted hereunder more than ten years after the effective date of the Plan.

(b) ***Terms and Conditions.*** Each Option shall be exercisable at such times and subject to such terms and conditions as the Committee may specify in the applicable grant or thereafter. The Committee may impose such conditions with respect to the exercise of Options, including conditions relating to applicable federal or state securities laws, as it considers necessary or advisable.

(c) ***Payment.*** No shares shall be delivered pursuant to any exercise of an Option until payment in full of the exercise price therefor is received by the Company. Such payment may be made in whole or in part in cash or, to the extent permitted by the Committee at or after the grant of the Option, by delivery of a note or other commitment satisfactory to the Committee or shares of Common Stock owned by the optionee, including Restricted Stock, or by retaining shares otherwise issuable pursuant to the Option, in each case valued at their Fair Market Value on the date of delivery or retention, or such other lawful consideration as the Committee may determine.

6. Stock Appreciation Rights

(a) ***Grant of SARs.*** Subject to the provisions of the Plan, the Committee may grant rights to receive any excess in value of shares of Common Stock over the exercise price (Stock Appreciation Rights or SARs) in tandem with an Option (at or after the award of the Option), or alone and unrelated to an Option. SARs in tandem with an Option shall terminate to the extent that the related Option is exercised, and the related Option shall terminate to the extent that the tandem SARs are exercised. The Committee shall determine at the time of grant or thereafter whether SARs are settled in cash, Common Stock or other securities of the Company, Awards or other property, and may define the manner of determining the excess in value of the shares of Common Stock.

Table of Contents

(b) ***Exercise Price.*** The Committee shall fix the exercise price of each SAR or specify the manner in which the price shall be determined. An SAR granted in tandem with an Option shall have an exercise price not less than the exercise price of the related Option. SARs granted alone and unrelated to an Option may be granted at such exercise prices as the Committee may determine.

7. *Stock Awards*

(a) ***Grant of Restricted or Unrestricted Stock.*** Subject to the provisions of the Plan, the Committee may grant shares of Common Stock subject to forfeiture (Restricted Stock) and determine the duration of the period (the Restricted Period) during which, and the conditions under which, the shares may be forfeited to the Company and the other terms and conditions of such Awards. Shares of Restricted Stock may be issued for no cash consideration, such minimum consideration as may be required by applicable law or such other consideration as the Committee may determine. Shares of Restricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered, except as permitted by the Committee, during the Restricted Period. Shares of Restricted Stock shall be evidenced in such manner as the Committee may determine. Any certificates issued in respect of shares of Restricted Stock shall be registered in the name of the Participant and unless otherwise determined by the Committee, deposited by the Participant, together with a stock power endorsed in blank, with the Company. At the expiration of the Restricted Period, the Company shall deliver such certificates to the Participant or if the Participant has died, to the Participant's Designated Beneficiary. The Committee also may make Awards of shares of Common Stock that are not subject to restrictions or forfeiture, on such terms and conditions as the Committee may determine from time to time (Unrestricted Stock).

(b) ***Performance Goals.*** The Committee may establish performance goals for the granting of Restricted Stock or Unrestricted Stock Awards or the lapse of risk of forfeiture of Restricted Stock. Such performance goals may be based on earnings per share, revenues, sales or expense targets of the Company or any subsidiary or division thereof, stock price, or such other business criteria as the Committee may determine. The achievement of the performance goals shall be determined by the Committee. Shares of Restricted Stock or Unrestricted Stock may be issued for no cash consideration, such minimum consideration as may be required by applicable law or such other consideration as the Committee may determine.

8. *General Provisions Applicable to Awards*

(a) ***Documentation.*** Each Award under the Plan shall be evidenced by a writing delivered to the Participant or agreement executed by the Participant specifying the terms and conditions thereof and containing such other terms and conditions not inconsistent with the provisions of the Plan as the Committee considers necessary or advisable to achieve the purposes of the Plan or to comply with applicable tax and regulatory laws and accounting principles.

(b) ***Committee Discretion.*** Each type of Award may be made alone, in addition to or in relation to any other Award. The terms of each type of Award need not be identical, and the Committee need not treat Participants uniformly. Except as otherwise provided by the Plan or a particular Award, any determination with respect to an Award may be made by the Committee at the time of grant or at any time thereafter.

(c) ***Dividends and Cash Awards.*** In the discretion of the Committee, any Award under the Plan may provide the Participant with (i) dividends or dividend equivalents payable (in cash or in the form of Awards under the Plan) currently or deferred with or without interest and (ii) cash payments in lieu of or in addition to an Award.

Table of Contents

(d) ***Termination of Employment.*** The Committee shall determine the effect on an Award of the disability, death, retirement or other termination of employment of a Participant and the extent to which, and the period during which, the Participant's legal representative, guardian or Designated Beneficiary may receive payment of an Award or exercise rights thereunder.

(e) ***Change in Control.*** In order to preserve a Participant's rights under an Award in the event of a change in control of the Company (as defined by the Committee), the Committee in its discretion may, at the time an Award is made or at any time thereafter, take one or more of the following actions: (i) provide for the acceleration of any time period relating to the exercise or payment of the Award, (ii) provide for payment to the Participant of cash or other property with a Fair Market Value equal to the amount that would have been received upon the exercise or payment of the Award had the Award been exercised or paid upon the change in control, (iii) adjust the terms of the Award in a manner determined by the Committee to reflect the change in control, (iv) cause the Award to be assumed, or new rights substituted therefor, by another entity, or (v) make such other provision as the Committee may consider equitable to Participants and in the best interests of the Company.

(f) ***Transferability.*** In the discretion of the Committee, any Award may be made transferable upon such terms and conditions and to such extent as the Committee determines, provided that Incentive Stock Options may be transferable only to the extent permitted by the Code. The Committee may in its discretion waive any restriction on transferability.

(g) ***Loans.*** The Committee may authorize the making of loans or cash payments to Participants in connection with the grant or exercise any Award under the Plan, which loans may be secured by any security, including Common Stock, underlying or related to such Award (provided that the loan shall not exceed the Fair Market Value of the security subject to such Award), and which may be forgiven upon such terms and conditions as the Committee may establish at the time of such loan or at any time thereafter.

(h) ***Withholding Taxes.*** The Participant shall pay to the Company, or make provision satisfactory to the Committee for payment of, any taxes required by law to be withheld in respect of Awards under the Plan no later than the date of the event creating the tax liability. The Company and its Affiliates may, to the extent permitted by law, deduct any such tax obligations from any payment of any kind otherwise due to the Participant hereunder or otherwise. In the Committee's discretion, the minimum tax obligations required by law to be withheld in respect of Awards may be paid in whole or in part in shares of Common Stock, including shares retained from the Award creating the tax obligation, valued at their Fair Market Value on the date of delivery.

(i) ***Foreign Nationals.*** Awards may be made to Participants who are foreign nationals or employed outside the United States on such terms and conditions different from those specified in the Plan as the Committee considers necessary or advisable to achieve the purposes of the Plan or to comply with applicable laws.

(j) ***Amendment of Award.*** The Committee may amend, modify or terminate any outstanding Award, including substituting therefor another Award of the same or a different type, changing the date of exercise or realization and converting an Incentive Stock Option to a Nonstatutory Stock Option. Any such action shall require the Participant's consent unless:

(i) In the case of a termination of, or a reduction in the number of shares issuable under, an Option, any time period relating to the exercise of such Option or the eliminated portion, as the case may be, is waived or accelerated before such termination or reduction (and in such case the Committee may provide for the Participant to receive cash or

Table of Contents

other property equal to the net value that would have been received upon exercise of the terminated Option or the eliminated portion, as the case may be); or

(ii) In any other case, the Committee determines that the action, taking into account any related action, would not materially and adversely affect the Participant.
