DEAR FELLOW SHAREHOLDER:

You are invited to attend our 2017 Annual Meeting of Shareholders, to be held Friday, May 26 at The Ritz-Carlton Hotel in Philadelphia, Pennsylvania. Our Board of Directors and management team look forward to greeting you.

This document describes the matters to be voted on at the Annual Meeting, so please review it carefully.

Many shareholders received a notice of internet availability instead of paper copies of our proxy statement and our 2016 Annual Report to Shareholders. The notice of internet availability provides instructions on how to access these documents over the internet and how to receive a paper or email copy of our proxy materials, including our proxy statement, our 2016 Annual Report to Shareholders and a proxy card. Electronic delivery enables us to more cost-effectively provide you with the information you need while reducing the environmental impact of printing and mailing paper copies.

Please vote your shares of our stock as promptly as possible. You may vote by mailing in a proxy card, by telephone or internet, or by attending the Annual Meeting and voting in person.

On behalf of the entire Board of Directors, thank you for your continued support.

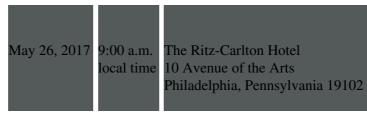

Sincerely,

William H. Cunningham

Chairman of the Board

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

Mailing date: April 14, 2017

The purpose of the meeting is to:

- 1. elect ten Directors for a one-year term expiring at the 2018 Annual Meeting of Shareholders;
- 2. ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2017;
- 3. approve an advisory resolution on the compensation of our named executive officers;
- 4. respond to an advisory proposal regarding the frequency (every one, two or three years) of future advisory resolutions on the

compensation of our named executive officers;

5. approve amendments to our restated articles of incorporation to remove supermajority voting standards applicable to the

following provisions;

Item 5(a) – voting rights of preferred stock, prohibitions regarding shares of stock in our subsidiary and future amendments

to the bylaws

Item 5(b) – removal of directors;

Item 5(c) – certain business combinations; and

6. consider and vote upon any other matters that might come up at the meeting.

You may vote at the Annual Meeting if you were a shareholder of record at the close of business on March 20, 2017. Please cast your votes by one of the following methods:

GOVERNANCE HIGHLIGHTS

Sound governance is important to our Board, which regularly evaluates and implements policies that reflect corporate governance best practices. Some of these practices are:

Our Chairman of the Board is an independent director;

All of our directors, except for the chief executive officer, are independent and each of the Audit, Compensation,

Corporate Governance and Finance Committees are entirely composed of independent directors;

All of our directors stand for election annually;

We require majority voting and maintain a director resignation policy for directors in uncontested elections;

We provide for proxy access in our bylaws;

We have established robust stock ownership guidelines for directors and executive officers;

We maintain a policy prohibiting pledging and hedging ownership of our stock;

Independent directors meet regularly in executive session; and

Our Board and committees conduct annual self-evaluations.

EXECUTIVE COMPENSATION HIGHLIGHTS

The key objectives of our executive compensation program are to:

MOTIVATE OUR EXECUTIVES	PAY COMPENSATION	RETAIN KEY EXECUTIVE
TO INCREASE PROFITABILITY	THAT VARIES BASED ON	TALENT, AS THIS IS CRITICAL
AND SHAREHOLDER RETURN	PERFORMANCE	TO OUR SUCCESS

LINCOLN NATIONAL CORPORATION 2017 PROXY STATEMENT

We are asking you to cast an advisory, nonbinding vote to approve compensation awarded to our named executive officers ("NEOs") — our chief executive officer ("CEO"), chief financial officer ("CFO") and three additional most highly paid executive officers, as listed on page 30. At our last Annual Meeting, shareholders expressed strong support for our executive compensation programs, with 93% of votes cast in favor of the advisory resolution on executive compensation.

PAY FOR PERFORMANCE

We seek to align pay and performance by making a significant portion of our NEOs' compensation dependent on:

achieving specific annual and long-term strategic and financial goals; and increasing shareholder value.

2016 Pay Mix. NEO compensation is weighted toward variable compensation (annual and long-term incentives), which is at risk because the actual amounts earned could differ from targeted amounts based on corporate and individual performance. As the following charts show, the vast majority of our CEO's and other NEOs' target direct compensation for 2016 could vary significantly based on company performance, including stock-price performance.

Note, the amounts in these graphs are shown at target and therefore will not match the values reflected in the Summary Compensation Table on page 55. For additional details about our executive compensation programs and our NEOs' fiscal year 2016 compensation, please see "Compensation Discussion & Analysis" beginning on page 30 and "Executive Compensation Tables" beginning on page 55.

Proxy Statement

ANNUAL MEETING OF SHAREHOLDERS | MAY 26, 2017

The Board of Directors of Lincoln National Corporation (the "Company," "we," "us" or "Lincoln") is soliciting proxies in connection with the proposals to be voted on at the 2017 Annual Meeting of Shareholders, which will be held beginning at 9:00 a.m. local time on Friday, May 26 at The Ritz-Carlton Hotel, 10 Avenue of the Arts, Philadelphia, Pennsylvania 19102. This proxy statement and a proxy card or a notice of internet availability were sent to our shareholders on or about April 14. When we refer to the Meeting or the Annual Meeting, we are also referring to any meeting that results from an adjournment of the Annual Meeting.

GOVERNANCE OF THE COMPANY

Integrity, respect and responsibility are not just guiding principles for us. They unify and inspire us to help people to take charge of their lives. Our Board of Directors is responsible for directing and overseeing the management of the Company's business in the best interests of the shareholders and consistent with good corporate citizenship. In carrying out its responsibilities, the Board provides oversight for the process of selecting and monitoring the performance of senior management, provides oversight for financial reporting and legal and regulatory compliance, determines the Company's governance guidelines and implements its governance policies. The Board, together with management, is responsible for establishing our values and code of conduct and for setting strategic direction and priorities.

BOARD STRUCTURE AND LEADERSHIP

Our Board of Directors has ten members, nine of whom are non-employees, or outside directors. The Board has determined that all nine outside directors are independent, as discussed below. The Board may fill a director vacancy or reduce the size of the Board without shareholder approval.

The Board has no set policy requiring separation of the offices of CEO and Chairman of the Board ("Chairman"). It believes that the decision on whether or not to separate these roles should be part of the regular succession planning process and made based on the best interests of the Company.

Currently, we separate the roles of CEO and Chairman in recognition of the differences between these roles. The CEO is responsible for setting the Company's performance and strategic direction and for day-to-day leadership, while the Chairman provides guidance to the CEO and management, consults on the agenda for Board meetings, acts as the key liaison between the Board and management, and presides over meetings of the full Board and of the independent directors. He also has the authority to call special meetings of the Board.

The Board elects the Chairman annually. William H. Cunningham, an independent director, has served as our Chairman since 2009.

BOARD'S ROLE IN RISK OVERSIGHT

Enterprise risk management is an integral part of our business processes. Senior management is primarily responsible for establishing policies and procedures designed to assess and manage the Company's significant risks. We also have a Corporate Enterprise Risk and Capital Committee, made up of members of senior management and the Chief Risk Officer, which provides oversight of our enterprise-wide risk structure and of our processes to identify, measure, monitor and manage significant risks, including credit, market and operating risk. The Board's role is regular oversight of the overall risk management process, including reviews of operational, financial, legal/regulatory, compensation, strategic and competitive risks. The Board reviews the most significant risks the Company faces and the manner in which our executives manage these risks. The Board has also delegated certain of its risk oversight efforts to its Committees, as shown below. This structure enables the Board and its Committees to coordinate the risk oversight role, particularly with respect to risk interrelationships. We believe that the separation of the Chairman and

CEO roles supports the Board's oversight role.

LINCOLN NATIONAL CORPORATION 2017 PROXY STATEMENT

OUR CORPORATE GOVERNANCE GUIDELINES

The Board's Corporate Governance Guidelines provide a framework for effective corporate governance and set expectations for how the Board should perform its functions. The Guidelines include the following key principles:

A majority of our Board must at all times be "independent" as defined by Securities and Exchange Commission ("SEC") rules and New York Stock Exchange ("NYSE") listing standards.

Our independent directors must meet in executive session at least once a year, with no members of management present. Our outside directors, all of whom are independent, meet in connection with each regularly scheduled Board meeting and at any other times they may choose.

Only independent directors may serve on the Audit, Compensation and Corporate Governance committees. Our Board conducts an annual review of the performance of the Board and the Audit, Compensation, Corporate Governance and Finance Committees each year.

The written charters of the Audit, Compensation, and Corporate Governance committees comply with the NYSE's listing standards and are reviewed at least once each year.

We have a Code of Conduct, available on our website at www.lfg.com, which includes our "code of ethics" for purposes of SEC rules and our "code of business conduct and ethics" for purposes of the NYSE listing standards. We will disclose amendments to or waivers from a required provision of the code by including such information on our website.

The full texts of our Corporate Governance Guidelines and committee charters are available on our website at www.lfg.com.

DIRECTOR INDEPENDENCE

Under the Corporate Governance Guidelines, a majority of our directors must at all times be "independent" and meet the NYSE listing standards regarding independence as incorporated in our Corporate Governance Guidelines. Among other things, these standards require the Board to determine that our independent directors have no material relationship with Lincoln other than as directors.

Applying these standards, the Corporate Governance Committee and the Board have reviewed the independence of each director and director nominee, and the Board has determined that:

Directors Connelly, Cunningham, Henderson, Johnson, Kelly, Lachman, Mee, Pittard and Tidwell are independent. All members of the Audit, Compensation, Corporate Governance and Finance committees are independent of our management and of the Company.

In conducting its independence review, the Board will consider, among other things, transactions and relationships between each outside director (or any member of his or her immediate family) and us or our subsidiaries and affiliates. The Board takes into account that in the ordinary course of business, we conduct transactions with companies at which some of our directors are or have been directors, employees or officers. Transactions that are in the ordinary course of business on terms substantially equivalent to those prevailing at the time for comparable transactions, and that fall below the threshold levels set forth in our independence standards do not impact a director's independence under our standards.

LINCOLN NATIONAL CORPORATION 2017 PROXY STATEMENT

DIRECTOR NOMINATION PROCESS

Under our Corporate Governance Guidelines, the Board is responsible for selecting its own members. The Corporate Governance Committee is charged with:

Identifying the competencies appropriate for the Board.

Identifying which, if any, of those competencies may be missing or under-represented on the current Board. Identifying individuals with appropriate qualifications and attributes.

Recommending to the Board the director nominees for the next annual meeting of shareholders.

Although there are no specific minimum qualifications for director nominees, the Corporate Governance Committee's charter allows the Committee to consider any factors it deems appropriate. The Committee reviews with the Board the appropriate skills and characteristics required of directors in the context of the Board's current make-up. In addition to considering a candidate's background, experience and professional accomplishments, the Board looks for individuals with, among other attributes, integrity, business acumen, specific skills (such as an understanding of marketing, finance, accounting, regulation and public policy) and a commitment to our shared values.

Our Board reflects a diverse, highly engaged group of directors with appropriate skills and varying backgrounds. We have a rigorous board evaluation process that includes an annual self-assessment and peer review to foster the right mix of subject matter expertise, capabilities and perspectives. Our Board also takes a thoughtful approach to board refreshment with the intent to align directors' skills with our company strategy. The Board regularly reviews the composition and qualifications of our directors. After a deliberate and inclusive process, Deirdre Connelly was elected as a new director during 2016, to fill the vacancy left by a retiring director.

Ms. Connelly's experience and expertise is well-suited to our board and complements that of our other directors. The Board will continue to review its composition and structure, balancing the need for continuity and experience with fresh ideas and perspectives.

Although the Board does not have a formal diversity policy, our Corporate Governance Guidelines specify that the Corporate Governance Committee should consider diversity in the director identification and nomination process. As a result, the Committee seeks nominees with a broad diversity of backgrounds, experiences, professions, education and differences in viewpoints and skills. Its goal is to ensure that the directors, as a group, provide a substantive blend of experience, knowledge and ability that enables the Board to fulfill its responsibilities in a constructive and collegial environment. In the annual evaluation of the Board and committees, the Board considers whether the members of the Board reflect such diversity and whether such diversity contributes to a constructive and collegial environment.

The Corporate Governance Committee begins the nomination process each year by deciding whether to renominate current directors. This includes an individual assessment of each director who will be up for reelection the following year. The Committee then reviews the results of the individual director assessments. It considers for renomination those Board members whose skills and experience continue to be relevant to our business and whose performance for the most recent term has also been favorably assessed.

When identifying potential director candidates — whether to replace a director who has retired or resigned or to expand the Board to gain additional capabilities — the Committee determines the skills, experience and other characteristics that a potential nominee should possess (in light of the composition and needs of the Board and its committees, and including whether or not the nominee would be considered independent under the NYSE listing standards) and seeks candidates with those qualifications.

Although not required to do so, the Committee may consider candidates proposed by our directors or our management and may also retain an outside firm to help identify and evaluate potential nominees. The Committee will also consider nominations from shareholders. Such nominations must be submitted in writing to our Corporation Secretary at our principal executive office, and must include the same information that would be required for a candidate to be nominated by a shareholder at a meeting of shareholders as described under "General Information – Shareholder Proposals for the 2018 Annual Meeting" on page 82. Any such recommendation must be received by the Corporate Secretary no earlier than January 26, 2018, and not later than February 25, 2018.

If the Corporate Governance Committee determines that it should conduct a full evaluation of a prospective candidate, including an interview, one or more members of the Committee will do so, and other directors may be asked to interview the candidate as well. Upon completing the evaluation and the interview, the Committee recommends to the Board whether to nominate the individual.

The nominee evaluation process is the same whether the nomination comes from a Board member, management or a shareholder. If the Corporate Governance Committee recommends a shareholder nominee to the Board, the Board may—as with any nominee—either accept or reject the recommendation.

ANNUAL BOARD EVALUATION

Annually, the Board conducts a self-evaluation to determine whether it and its committees are functioning effectively. The Corporate Governance Committee oversees the Board evaluation process, which is designed to elicit feedback and recommendations from the directors that will improve the effectiveness of the Board. Each year the Committee reviews the overall process for the assessment as well as the substantive matters to be addressed during the evaluation. In general, the evaluation covers a variety of topics including the Company's strategy, financial performance, risk management and succession planning. The results of the assessment are discussed with each Committee and the full Board following the compilation of the results.

COMMUNICATIONS WITH DIRECTORS

Shareholders and others who wish to communicate with the full Board or its outside (non-executive) directors may do so by sending a letter to either "The Board of Directors" or "The Outside Directors," as appropriate, at our principal executive offices:

Lincoln National Corporation

150 N. Radnor Chester Road

Radnor, PA 19087

Attention: Office of the Corporate Secretary

Our Corporate Secretary receives and processes all communications and will refer relevant and appropriate communications to the Chairman. If a communication relates to possible violations of our Code of Conduct or contains concerns or complaints regarding our accounting, internal auditing controls, or auditing matters or other related concerns, it will be referred to the Audit Committee, which has a policy for reporting such information. The policy can be found on our website at www.lfg.com.

You may communicate with the Board anonymously and/or confidentially. However, if you submit your communication anonymously, we will not be able to contact you in the event we require further information. Also, while we will attempt to preserve your confidentiality whenever possible, we cannot guarantee absolute confidentiality.

BOARD AND COMMITTEE MEETINGS

The Board met four times during 2016, and each director attended 75% or more of the aggregate of: (1) the total number of Board meetings; and (2) the total number of meetings held by committees on which he or she served.

Although the Board does not have a formal policy that requires directors to attend our Annual Meeting of Shareholders, directors are encouraged to attend. All of the Company's directors attended the 2016 Annual Meeting.					
LINCOLN NATIONAL CORPORATION 2017 PROXY STATEMENT 8					

BOARD COMMITTEES

The Board has six standing committees: the Audit Committee, the Compensation Committee, the Corporate Governance Committee, the Executive Committee, the Finance Committee and the Committee on Corporate Action. The table below lists the directors who currently serve on these committees and the number of meetings each committee held during 2016. The Audit, Compensation, Corporate Governance and Finance committees conduct self-evaluations of their committee's performance each year.

Shaded cells denote committee chair.

The functions and responsibilities of our Board's standing committees are described below. Charters for the Audit, Compensation, Corporate Governance, Executive and Finance committees are available on the Governance section of our website at www.lfg.com.

^{1.} The Committee on Corporate Action takes all action by the unanimous written consent of the sole member of that Committee, and there were twelve (12) such consents in 2016.

AUDIT COMMITTEE

The primary function of the Audit Committee is oversight, including risk oversight. This includes:

assisting the Board in oversight of: (1) the integrity of our financial statements; (2) our compliance with legal and regulatory requirements; (3) the independent auditor's qualifications and independence; (4) the performance of our general auditor and independent auditor; and (5) our risk assessment and risk management policies and processes

reviewing and discussing the risk policies and procedures adopted by management and the implementation of these policies

reviewing the qualifications and backgrounds of senior risk officers

hiring, firing, and evaluating the performance of the independent auditors and approving their compensation and all regarding accounting, internal auditing controls or of their engagements

preparing the report required for inclusion in our annual proxy statement

establishing procedures for handling complaints auditing matters and for the confidential, anonymous submission of employee concerns regarding questionable accounting or auditing matters

discussing the timing and process for implementing the rotation of the lead audit partner

consulting with management before the appointment or replacement of the internal auditor

discussing our annual and quarterly consolidated financial statements and "Management's Discussion and Analysis of Financial Condition and Results of Operations" included in our recommendations to the Board that the Committee SEC filings and annual report to shareholders

reporting the Committee's activities to the Board on a regular basis and making any deems appropriate.

inquiring about significant risks and exposures, if any, and reviewing and assessing the steps taken to monitor and manage them

The Board has determined that two of its members meet the definition of "audit committee financial expert" under SEC rules. The Board has named Gary C. Kelly as our "audit committee financial expert" for this proxy statement. The Audit Committee may obtain advice and assistance from internal or external legal, accounting or other advisers.

More information regarding the Audit Committee, including the Audit Committee Report, can be found under "Ratification of Appointment of Independent Registered Public Accounting Firm" beginning on page 24.

COMPENSATION COMMITTEE

The principal functions of the Compensation Committee include:

establishing our general compensation philosophy in consultation with the compensation consultant and senior management

approving the strategies, policies and programs related to the compensation of our executive officers and other key personnel

making

reviewing and

ensuring that succession plans are in place for the CEO and other executive officers

recommendations to the Board regarding incentive compensation and equity-based

plans, and approving all grants and awards to executive officers under such plans

reviewing and approving corporate goals and objectives for the CEO and executive officer's compensation

approving employment and severance agreements for executive officers

evaluating the CEO's performance and setting the CEO's compensation level based on this evaluation

approving certain

employee benefit and executive compensation plans and programs, and changes to such plans and programs

evaluating annually whether the Company's compensation programs create unnecessary risks that could harm the Company

reporting the
Committee's
activities to the
Board on a
regular basis
and making
any
recommendations
the Committee
deems
appropriate.

reviewing with management the Compensation Discussion & Analysis to be included in the proxy statement

The Compensation Committee may retain or obtain advice on executive compensation-related matters from a compensation consultant, outside legal counsel or other adviser. The Committee is directly responsible for appointing, compensating and overseeing the work of any such advisers and must consider certain independence factors before hiring them. More information concerning the Compensation Committee, including the role of its compensation consultant and our executive officers in determining or recommending the amount or form of executive compensation, can be found in the "Compensation Discussion & Analysis" section beginning on page 30.

LINCOLN NATIONAL CORPORATION 2017 PROXY STATEMENT

CORPORATE GOVERNANCE COMMITTEE

The principal functions of the Corporate Governance Committee include:

identifying individuals qualified to become Board members

recommending to the Board nominees for director (including those recommended by shareholders in accordance with our Bylaws)

taking a leadership role in shaping our corporate governance and recommending to the Board the corporate governance principles applicable to us

developing and recommending to the Board standards

for determining the independence of directors

making recommendations to the Board regarding the compensation program for directors

making recommendations to the Board regarding the size of the Board and the membership, size, structure and function of its committees

reporting the Committee's activities to the Board on a regular basis and making any recommendations the Committee deems appropriate

helping evaluate the Board and individual directors.

The Corporate Governance Committee may hire and terminate search firms; approve any search firm's fees and terms of retention; and seek advice and assistance from internal or external legal, accounting or other advisers.

EXECUTIVE COMMITTEE

The principal function of the Executive Committee is to act for the Board, when necessary, between Board meetings. In such instances, the Executive Committee may act for the Board in managing and directing the Company's business and affairs, except for matters expressly delegated to another committee or the full Board. The Executive Committee reports any actions it takes to the Board as soon as practicable.

LINCOLN NATIONAL CORPORATION 2017 PROXY STATEMENT

FINANCE COMMITTEE

The principal functions of the Finance Committee include:

reviewing and providing guidance to senior management with respect to:

-our annual three-year financial plan;

-our capital structure, including issuance of securities by us or any of our affiliates, significant "off balance sheet" transactions, and our dividend and share repurchase strategies;

-our reinsurance strategies; and

-proposed mergers, acquisitions, divestitures, joint ventures and other strategic investments.

•reviewing our overall credit quality and credit ratings strategy

reviewing the general account and our investment policies, strategies and guidelines

reviewing our hedging program and the policies and procedures governing the use of financial instruments, including derivatives

reviewing the funding adequacy of our qualified pension plans, including significant actuarial assumptions, investment policies and performance

reporting the Committee's activities to the Board on a regular basis and making any recommendations the Committee deems appropriate.

The Finance Committee may seek advice and assistance from internal or external legal, accounting or other advisers.

COMMITTEE ON CORPORATE ACTION

The Committee on Corporate Action was formed to delegate to the sole member, the CEO, the authority to take certain actions on behalf of the Board in accordance with limits set by the Board. The principal functions that have been delegated to the Committee on Corporate Action include:

determining the pricing of the securities offered from our shelf registration statement, including all rates, payments, approving, as necessary, the underwriting agreement, form of security and other transaction documents

ratios, discounts and other financial measures related to the pricing of such securities relating to the offering and sale of securities under our shelf registration statement

appointing and removing certain classes of our officers as the Board may determine by resolution.

ITEM 1
ELECTION OF DIRECTORS Nominees for Director

ITEM 1 | ELECTION OF DIRECTORS

NOMINEES FOR DIRECTOR

Ten directors will be up for election at the 2017 Annual Meeting to hold office until the next annual meeting and until their respective successors are elected and qualified. Mr. Payne is not standing for reelection. Of the directors standing for election, Mr. Glass is an officer of the Company. In addition to annual elections, our bylaws require our directors to be elected by a majority of votes cast in an uncontested election.

Each director brings a strong background and set of skills to the Board, giving the Board as a whole expertise, diversity and experience in a wide variety of areas. The Board believes that all of our directors have integrity and honesty and adhere to high ethical standards. They have also demonstrated business acumen and an ability to exercise sound judgment, as well as a commitment to serve the Company.

Unless you direct otherwise or specifically indicate that you wish to abstain from voting for one or more of the nominees on the proxy, your proxy will be voted for each of the nominees below. Each nominee is a current director of the Company and has agreed to continue serving on the Board if elected. If any nominee is unable to serve as a director, proxies may be voted for another person designated by the Board.

The Board of Directors recommends a vote FOR each of the nominees.

	DEIRDRE P. CONNELLY	AGE: 55 DIRECTOR SINCE: 2016
	RETIRED PRESIDENT NORTH AMERICAN PHARMACUETICALS	Member, Audit and Corporate Governance Committees
	OF GLAXOSMITHKLINE

COMPENSATION OF OUTSIDE DIRECTORS

The Board adheres to the following guidelines in establishing outside director compensation:

We provide competitive compensation to attract and retain high-quality outside directors; and A significant portion of each outside director's compensation is paid in equity to help align our directors' interests with those of our shareholders.

In accordance with our Corporate Governance Guidelines, the Board's compensation program is reviewed and assessed annually by the Corporate Governance Committee. As part of this review, the Committee may solicit the input of outside compensation consultants. During 2016, the Committee asked Pay Governance LLC, an independent compensation consultant, to provide a competitive analysis of the compensation we provide to our outside directors. As a result of that review and the Committee's discussion, the Committee recommended to the Board an increase of \$15,000 in the Deferred LNC Stock Units retainer for the non-executive Chairman of the Board. The Committee also recommended an increase in the cash portion of the Annual Retainer to \$120,000 for the non-executive Chairman of the Board and an increase to \$100,000 for the other directors.

The following table compares our director fees for 2016 to the revised fees that took effect on January 1, 2017:

FEES	2016	2017			
BOARD					
Annual Retainer (Cash)	\$86,000	\$100,000			
Deferred LNC Stock Units	\$161,000	\$161,000			
Total Board Fees	\$247,000	\$261,000			
NON-EXECUTIVE CHAIRMAN OF THE BOARD					
Annual Retainer (Cash)	\$86,000	\$120,000			
Deferred LNC Stock Units	\$361,000	\$376,000			
Total Non-Executive Chairman of the Board Fees	\$447,000	\$496,000			
COMMITTEES (CASH)					
Audit Committee Chair	\$30,000	\$30,000			
Audit Committee Member	\$10,000	\$10,000			
Other Committee Chair	\$20,000	\$20,000			

SHARE OWNERSHIP REQUIREMENTS

Lincoln's share ownership guidelines require outside directors to hold, within five years of joining the Board, interests in the Company's common stock equal to five (5) times the annual Board cash retainer. Interests in our stock that count toward the share ownership guidelines include Deferred LNC Stock Units, LNC stock owned outright, and 33% of vested stock options. As of December 31, 2016, all of our directors are in compliance with this requirement. Ms. Connelly, who joined the Board in May of 2016, has until May 2021 to meet the full share ownership requirement.

Optional Deferral of Annual Retainer COMPENSATION OF DIRECTORS

OPTIONAL DEFERRAL OF ANNUAL RETAINER

In addition to receiving Board fees in the form of Deferred LNC Stock Units, directors may defer the cash component of their annual and committee retainers into various investment options under the Lincoln National Corporation Deferred Compensation Plan for Non-Employee Directors (the "Directors' DCP").

The investment options track those offered to employees under the LNC Employees' 401(k) Savings Plan (the "Employees' 401(k) Plan") and include a Lincoln National Corporation Stock Fund investment option (the "LNC Stock Fund"). However, the Directors' DCP uses "phantom" versions of the Employees' 401(k) Plan investment options, meaning that accounts are credited with earnings or losses as if the amounts had been invested in the chosen investment options.

All deferred amounts, including the annual retainer paid in Deferred LNC Stock Units, are payable only when the director retires or resigns from the Board. In addition, amounts invested in the LNC Stock Fund upon cessation of a director's service on the Board are only payable in shares of Lincoln common stock.

MEETING FEES

No additional fees are paid for attending regularly scheduled Board or committee meetings, although the Corporate Governance Committee has discretion to recommend additional compensation (\$1,100 per meeting) for additional meetings. Outside directors who are also directors of Lincoln Life & Annuity Company of New York ("LNY"), our indirect, wholly owned subsidiary, receive an annual cash retainer of \$15,000 and a fee of \$1,100 for each LNY Board and committee meeting they attend. During 2016, three outside directors — Mr. Henderson, Ms. Lachman and Mr. Pittard — also served as directors of LNY.

OTHER BENEFITS

We offer outside directors several benefits in addition to the compensation listed above. These include:

Financial planning services—up to \$20,000 for an initial financial plan and \$10,000 for annual updates. The services must be provided by a Lincoln Financial Network financial planner for the director to be reimbursed. Participation—at their own expense—in certain health and welfare benefits, including our self-insured medical and dental plans as well as life insurance and accidental death and dismemberment coverages.

Participation in a matching charitable gift program through which the Lincoln Financial Foundation, Inc. matches donations from a director to one or more eligible organizations, up to an annual total of \$15,000 for all gifts.

Patrick S. Pittard	125,400	161,000	10,000	5 296,400
Isaiah Tidwell	116,000	161,000	8,000	6 285,000

^{*}As an employee of the Company, Mr. Glass receives no director compensation.

- 1. As described above, \$86,000 of the annual retainer was paid in cash. The fees shown in this column also include any fees that an outside director was paid as the chair of a committee, as a member of the Audit Committee or for service on the Board of LNY.
- 2. The fair value of the stock awards was determined in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 718, Stock Compensation. The assumptions made in calculating the grant date fair value of stock and option awards are set forth in Note 18 of the Notes to the Consolidated Financial Statements, included in Item 8 of our Form 10-K for fiscal year ended December 31, 2016. Mr. Cunningham received an additional \$200,000 in Deferred LNC Stock Units for serving as non-executive Chairman during 2016.
- Ms. Connelly was elected to our Board of Directors on May 26, 3. 2016.
- 4. Mr. Payne has notified the Board that he will not stand for election as a director at the Annual Meeting.
- 5. Includes the provision of financial planning services with an aggregate incremental cost to us of \$10,000 for each of Ms. Lachman and Mr. Pittard.
- 6. Reflects contributions made on the director's behalf under the matching charitable gift program.

Deferred LNC Stock Units and Stock Options | COMPENSATION OF OUTSIDE DIRECTORS

The following table shows the number of deferred stock units and vested unexercised stock options held by each director as of December 31, 2016:

	DEFERRED LNC	STOCK
NAME	STOCK UNITS	OPTIONS
Deirdre P. Connelly	1,884	_
William H. Cunningham	93,476	19,906
George W. Henderson, III	58,725	3,007
Eric G. Johnson	51,302	33,180
Gary C. Kelly	21,669	17,040
M. Leanne Lachman	61,746	3,007
Michael F. Mee	65,064	33,180
William Porter Payne	39,066	14,119
Patrick S. Pittard	18,483	3,007
Isaiah Tidwell	33,453	22,452

Deferred LNC Stock Units include amounts reported in the Stock Awards column above and phantom units awarded under the LNC Outside Directors' Value Sharing Plan, which was terminated on July 1, 2004, plus any accrued dividend equivalents, which are automatically reinvested in additional phantom units of our common stock.

ITEM 2

RATIFICATION OF APPOINTMENT

ITEM 2 | RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee evaluates the performance of the Company's independent auditors each year and determines whether to reengage them or consider other firms. In doing so, the Committee considers the auditor's service quality and efficiency, capability, technical expertise, and knowledge of our operations and industry. On February 22, 2017, the Committee appointed Ernst & Young LLP ("Ernst & Young") as our independent registered public accounting firm for fiscal year 2017. We have engaged this firm and its predecessors in this capacity continuously since 1968. In addition, the Committee is involved in the selection of Ernst & Young's lead engagement partner and ensures that the mandated rotation of the lead partner occurs routinely.

As a matter of good corporate governance, we request that our shareholders ratify (approve) this appointment, even though this is not required. If shareholders do not ratify this appointment, the Audit Committee will take note of that and may reconsider its decision. If shareholders do ratify this appointment, the Committee will still have discretion to terminate Ernst & Young and retain another accounting firm at any time during the year.

Representatives of Ernst & Young will be present at the Annual Meeting, where they will be given the opportunity to make a statement, if they wish to. They will also be available to respond to questions about their audit of our consolidated financial statements and internal controls over financial reporting for fiscal year 2016.

The Board of Directors recommends a vote FOR the ratification of Ernst & Young as our independent registered public accounting firm for 2017.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FEES AND SERVICES

The table below shows the total fees that Ernst & Young received for professional services rendered for fiscal years 2016 and 2015, with a breakdown of fees paid for different categories of work.

	FISCAL YEAR		FISCAL YEAR	
	ENDED -	% OF	ENDED -	% OF
	DECEMBER 31, 2016	TOTAL FEES	DECEMBER 31, 2015	TOTAL FEES
Audit Fees ¹	\$10,556,687	91.3	\$10,015,790	90.9
Audit-Related Fees ²	1,010,749	8.7	937,100	8.5
Tax Fees ³	_	_	63,842	0.6
All Other Fees	_	_	_	_
TOTAL FEES	\$11,567,436	100	\$11,016,732	100

- 1. Audit Fees. Fees for audit services include fees and expenses associated with the annual audit, the reviews of our interim financial statements included in quarterly reports on Form 10-Q, accounting consultations directly associated with the audit, and services normally provided in connection with statutory and regulatory filings.
- 2. Audit-Related Fees. Audit-related services principally include employee benefit plan audits, service auditor reports on internal controls, due diligence procedures in connection with acquisitions and dispositions, reviews of registration statements and prospectuses, and accounting consultations not directly associated with the audit or quarterly reviews.
- 3. Tax Fees. Fees for tax services include tax-filing and advisory services.

AUDIT COMMITTEE PRE-APPROVAL POLICY

The Audit Committee has policies and procedures to pre-approve all audit and permissible non-audit services that our accounting firm provides. Management submits to the Committee for approval a schedule of all audit, tax and other related services it expects the firm to provide during the year. The schedule includes examples of typical or known services expected to be performed, listed by category, to illustrate the types of services to be provided under each category. The Committee pre-approves the services by category, with specific dollar limits for each category. If management wants to engage the accounting firm for additional services, management must receive approval from the Committee for those services. The Committee chair also has the authority to pre-approve services between meetings, subject to certain dollar limitations, and must notify the full Committee of any such pre-approvals at its next scheduled meeting.

OTHER INFORMATION

Ernst & Young has advised us that neither it nor any member of the firm has any financial interest, direct or indirect, in any capacity in us or our subsidiaries. The Company has made similar inquiries of our directors and executive officers, and we have identified no such direct or indirect financial interest in Ernst & Young.

ITEM 2

RATIFICATION OF APPOINTMENT Audit Committee Report

AUDIT COMMITTEE REPORT

Management has primary responsibility for:

preparing our financial statements; establishing financial reporting systems and internal controls; and reporting on the effectiveness of our internal control over financial reporting. The Company's independent registered public accounting firm is responsible for:

performing an independent audit of our consolidated financial statements; issuing a report on those financial statements; and issuing an attestation report on our internal control over financial reporting. In this context, the Audit Committee has:

reviewed and discussed with management the audited financial statements for fiscal year 2016; discussed with our accounting firm the matters that the Public Company Accounting Oversight Board ("PCAOB") requires them to discuss as per Auditing Standard No. 1301, Communications with Audit Committee; received the written disclosures and letter from our accounting firm that the PCAOB requires regarding the firm's communications with the Audit Committee concerning independence; and discussed with our accounting firm that firm's independence.

Based upon the review and discussions referred to in this report, the Audit Committee recommended to the Board that the audited consolidated financial statements for fiscal year 2016 be included in the Company's Annual Report on Form 10-K for fiscal year ending December 31, 2016, for filing with the SEC.

ITEM 3 | ADVISORY PROPOSAL ON EXECUTIVE COMPENSATION

The Board recognizes that providing shareholders with an advisory vote on executive compensation can produce useful information on investor sentiment with regard to the Company's executive compensation programs. As a result, this proposal provides shareholders with the opportunity to cast an advisory vote on the compensation of our executive management team, as described in the section of this proxy statement entitled "Compensation Discussion & Analysis," ("CD&A") and endorse or not endorse our fiscal 2016 executive compensation philosophy, programs and policies and the compensation paid to the Named Executive Officers. As discussed in detail in the CD&A that begins on page 30, our executive compensation principles and underlying programs are designed to:

align the interests of our executive officers with those of our shareholders

link executive pay directly to the attainment of short- and long-term financial/business goals, which we refer to as "pay for performance"

attract, motivate and retain key executives who are crucial to our long-term success.

Key features of our compensation programs include:

Pay for Performance. We link our executives' targeted direct compensation to the performance of the Company as a whole, with the largest portion delivered as variable pay in the form of long-term equity awards and an annual incentive award. For instance in 2016, 90% of our CEO's compensation was at risk and variable.

Compensation Tied to Enterprise Performance and Shareholder Return. Our annual and long-term incentive compensation programs have multiple balanced performance measures and goals that tie executive compensation to key enterprise performance metrics and shareholder return.

Governance/Compensation Best Practices. Among the best practices we follow: we have an independent Compensation Committee and compensation consultant; we do not provide tax gross-up benefits upon our change of control; and we have a double-trigger equity vesting requirement upon a change of control of the Company.

Share Ownership Requirements. Our executives are subject to rigorous stock ownership guidelines to further align their interests with the long-term interests of our shareholders. For instance, our CEO is required to hold an amount of our shares equal to seven times his base salary, and our other executive officers must hold shares equal to four times their base salary.

In addition, we recognize that strong governance/compensation principles are essential to an effective executive compensation program. These governance/compensation principles and our executive compensation philosophy are established by the Compensation Committee, which is independent of management and advised by an independent consultant. The Committee regularly reviews the compensation programs applicable to our executive officers to ensure that the programs support our objectives of aligning our executive compensation structure with our shareholders' interests and current market practices.

Our compensation policies and procedures are described in detail on pages 30 to 71.

Although the advisory vote on this proposal is non-binding — meaning that our Board is not required to adjust our executives' compensation or our compensation programs or policies as a result of the vote — the Board and the Compensation Committee will consider the voting results when determining compensation policies and decisions, including future executive compensation decisions. Notwithstanding the advisory nature of the vote, the resolution will be approved if more votes are cast for the proposal than against it. Abstentions and broker non-votes will not count as votes cast either for or against the proposal. We intend to hold a non-binding advisory vote on executive compensation each year, with the next such vote at our 2018 Annual Meeting.

We urge you to read the CD&A and other information in the Executive Compensation Tables, beginning on page 30, which we believe demonstrates that our executive compensation programs align our executives' compensation with our short- and long-term performance; provide the incentives needed to attract, motivate and retain key executives crucial to our long-term success; and align the interests of our executive officers with those of our shareholders.

ITEM 3
ADVISORY PROPOSAL ON
EXECUTIVE COMPENSATION

The Board of Directors unanimously recommends a vote FOR this proposal and FOR the following resolution:

"Resolved, that the shareholders approve, on an advisory basis, the compensation of the named executive officers of the Company, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion & Analysis, the 2016 compensation tables regarding named executive officer compensation, and the accompanying narrative disclosure in this proxy statement."

ITEM 4
FREQUENCY OF ADVISORY PROPOSALS
ONEXECUTIVE COMPENSATION

ITEM 4 | ADVISORY PROPOSAL ON THE FREQUENCY OF FUTURE ADVISORY PROPOSALS ON EXECUTIVE COMPENSATION

Section 14A of the Securities Exchange Act provides for our shareholders to indicate how frequently we should seek an advisory vote on the compensation of our named executive officers. You may vote on whether you prefer an advisory vote every one, two or three years. You may also choose to abstain from voting on the matter.

The Board believes that an advisory vote on executive compensation that occurs every year is the most appropriate alternative for our shareholders, and therefore the Board recommends that you vote for a one-year interval for the advisory vote on executive compensation.

Note that you are not voting to approve or disapprove the recommendation of the Board with respect to this proposal. Instead, each proxy card provides four choices with respect to this proposal: a one, two or three year frequency or shareholders may abstain from voting on the proposal. Because this vote is advisory and not binding, the Board may decide that it is in the best interests of the shareholders and the Company to hold an advisory vote on executive compensation at a frequency other than the option selected by the shareholders.

The Board of Directors recommends a vote for a ONE-YEAR frequency for the future advisory votes on executive compensation.

COMPENSATION DISCUSSION & ANALYSIS

This Compensation Discussion & Analysis ("CD&A") contains information about:				
our fundamental pay for performance compensation philosophy				
the structure of our compensation programs and the reasoning behind this structure				
how compensation decisions are made and how our compensation programs are administered				
the compensation we paid under our performance-based incentive programs for performance periods ending in 2016, and how it related to our short- and long-term performance results				
The CD&A also details the compensation of our NEOs (also referred to as "executives" or "executive officers") included in the compensation tables beginning on page 55. These NEOs are:				
DENNIS R. GLASS – President and CEO				
RANDAL J. FREITAG – Executive Vice President and CFO				

WILFORD H. FULLER - President, Annuity Solutions, LFD and LFN

KIRKLAND L. HICKS - Executive Vice President and General Counsel

MARK E. KONEN – President, Insurance and Retirement Solutions (retired in 2017)

We encourage you to read the CD&A in conjunction with the compensation tables on pages 55 to 71.

To ensure the continued effectiveness of our pay-for-performance culture, the Compensation Committee each year reviews and approves the elements, measures, targets and payouts of our executive compensation programs. In setting the programs' performance measures and goals, the Committee chooses metrics that focus on our overall corporate strategy and are linked to our long-term financial plan. Our executives' compensation is tied closely to the achievement of short- and long-term goals that (a) support our long-term business strategy and (b) measure the creation of sustainable long-term shareholder value.

At our 2016 Annual Meeting, shareholders expressed strong support for our executive compensation programs, with 93% of votes cast in favor of the advisory resolution on executive compensation.

EXECUTIVE SUMMARY

OUR PAY FOR PERFORMANCE PHILOSOPHY

We believe that those executives with significant responsibility and a greater ability to influence the Company's results should have more of their total compensation tied directly to business results. Therefore, the vast majority of our NEO compensation is tied to Company or individual performance (and, for business-unit executives, to the performance of individual business units). This also means that the vast majority of our NEO compensation is "at risk"—executives will not reach their targeted pay amounts if the Company's performance does not meet expectations.

In keeping with this philosophy, annual and long-term incentive awards are the largest components of total NE	3C
compensation, and the fixed pay element — base salary — is the smallest. The variable components are:	

The Annual Incentive Program ("AIP"), which ties compensation to key Company performance metrics that, while measured annually, also support our long-term strategic goals

The Long-Term Incentive Program ("LTI"), which consists of a mix of long-term equity grants —including performance shares tied to metrics that reward increased shareholder value over a three-year period

As the following charts show, the vast majority of our CEO's and NEOs' target direct compensation is variable (i.e., based on performance, including that of our stock price.)

Note, the amounts in these graphs are shown at target and therefore will not match the values reflected in the Summary Compensation Table at page 55 of this proxy statement.

EXECUTIVE COMPENSATION BEST PRACTICES

When evaluating our compensation practices and policies, the Compensation Committee takes into account competitive market trends and best practices, as well as the views of our shareholders. Examples of our governance and compensation practices include:

Robust stock ownership guidelines and stock holding requirements;

Moderate change-of-control benefits;

The use of an independent compensation consultant for significant compensation decisions regarding our executives;

"Double trigger" vesting provisions for our equity awards following our change of control;

Clawback provisions on our equity awards;

No tax-gross-up benefits upon our change of control;

No repricing or exchange of underwater stock options without shareholder approval;

Restrictions regarding pledging, hedging and speculation in our securities; and

Limited perquisites for executive officers.

For more information, see "Change of Control Severance Arrangements" on page 54, "Alignment with Shareholders" on page 36, and "Role of the Compensation Consultant" on page 51.

2016 PERFORMANCE OVERVIEW

We had solid financial results in 2016 as Lincoln's franchise was resilient in what proved be a very volatile year for capital markets. We continued to focus on growth, profitability, and capital management initiatives that we believe position us well for long-term, sustainable financial results.

Our full year results included the following highlights:

Over the longer term, our performance was strong. For the three year period from December 31, 2013 to December 31, 2016:

These charts illustrate some of the measures of our full-year results over the past three years. These are also among the key metrics used for our short- and long-term incentive compensation programs.

More information on our business performance during 2016 is available in our Form 10-K for fiscal year ended December 31, 2016 (the "2016 Form 10-K"), which is included in the 2016 Annual Report to Shareholders that accompanies this proxy statement. A reconciliation of the measures not shown in accordance with U.S. generally accepted accounting principles ("GAAP") used in this proxy statement to their corresponding GAAP measures can be found in Exhibit 1 on page E-1.

ELEMENTS OF OUR COMPENSATION PROGRAM

The following table outlines the elements of targeted direct compensation and how each element aligns with our objectives and guiding principles.

COMPENSATION ELEMENT		HOW IT ALIGNS WITH OUR OBJECTIVES	PERFORMANCE MEASURED	AT	CASH OR EQUITY
BASE SALARY	Sustained high level of performance Demonstrated success in meeting or exceeding key objectives Highly developed skill and abilities critical to success of the business Experience and time in position	align with our pay-for- performance philosophy ls	leINDIVIDUAL	FIXED	CASH

	COMPENSATION
Our Executive Compensation Program Philosophy	DISCUSSION & ANALYSIS

OUR EXECUTIVE COMPENSATION PROGRAM PHILOSOPHY

Our executive compensation program has three key objectives:

PAY FOR PERFORMANCE

ALIGNMENT WITH SHAREHOLDERS

To link executive pay directly to the attainment of short-term and to provide compensation arrangements that long-term financial/business goals, using short-term metrics that correlate link the interests of our executive officers to with our strategic goals and long-term metrics that correlate to long-term those of our shareholders shareholder value

COMPETITIVE COMPENSATION

To attract and retain key executive talent

These objectives, discussed below, guide us in setting and paying compensation to our NEOs.

PAY FOR PERFORMANCE

Our executive compensation program is based on a "pay for performance" philosophy: The vast majority of our executives' target compensation is made up of variable ("at risk") compensation—in the form of annual cash incentive awards and long-term equity awards—that is linked to consolidated short- and long-term business performance and each individual's contribution to that performance. In measuring an executive's contribution, we put a strong emphasis on the individual's role in implementing strategies and driving performance specific to their function or the operating units they direct.

The key objectives of our pay for performance philosophy are to:

reward the achievement of superior financial results — in both the short-term and long-term — through balanced incentive programs;

offer the opportunity to earn above-market compensation when overall and individual performance exceed expectations; and

emphasize compensation that is at risk based on performance rather than compensation that is fixed—for instance, only 10% of our CEO's target annual pay is fixed.

Balanced Performance Measure and Goals

It is important to us and to our executives that performance be measurable and that compensation be paid based on criteria that drive shareholder value and that executives and shareholders alike can easily identify and understand.

To implement our pay for performance philosophy, the Compensation Committee chooses performance measures for our NEO incentive programs that focus on our overall corporate business strategies and that, if achieved, create sustained growth for our shareholders:

Our AIP is based on the same key financial measures indicative of Lincoln's current and future profitability; and Our LTI uses measures that correlate directly to the creation of long-term value for Lincoln shareholders.

COMPENSATION

DISCUSSION & ANALYSIS Our Executive Compensation Program Philosophy

The goals for each performance measure are linked directly to the Company's financial plan. In setting the goals, management and the Compensation Committee intend for the maximum performance levels to present a substantial challenge for our NEOs, thereby creating a strong incentive to produce superior results. For 2016, the Compensation Committee chose the following performance measures, which it has used since 2011:

2016 ANNUAL INC	CENTIVE PROGRAM
PERFORMANCE MEASURE	WHY CHOSEN
Income from Operations per Diluted Share	This is a key measure of profitability that management uses to evaluate our business and that investors commonly use to value companies in the financial services industry.
Business Unit Sales	In our business, sales create value because, over time and at a compounded growth rate, they are an indicator of future profitability. In addition, we believe that distribution strength (depth and breadth) is an important driver of our valuation and that sales are an effective way to measure the value of the distribution franchise and overall product competitiveness.
Controllable Costs	Management establishes annual budgets for the Company and for each business unit that are key to the success of our financial plan. The Compensation Committee sets a budget-related performance goal to reinforce the importance of containing costs and expenses across the entire organization.

PERFORMANCE MEASURE

WHY CHOSEN

Operating Return on Equity

This is an important measure that stock analysts use to value companies — especially those in the financial services industry — because it is a critical indicator of capital efficiency and is closely aligned with long-term shareholder value.

Relative Total Shareholder Return This measure reflects the Company's delivery of shareholder value over time relative to that of our peers. Many investors look at a company's total shareholder return when making an investment decision.

ALIGNMENT WITH SHAREHOLDERS

Through our annual and long-term incentive compensation programs, our share ownership requirements and share retention policy, and the design and governance features of our long-term equity programs, we tie the financial interests of our NEOs to those of our shareholders. For both the annual and long-term programs, the Compensation Committee chooses performance goals that align with our strategies for sustained growth and profitability.

Long-Term Incentives

The equity-based awards that are the basis of our long-term incentive compensation make up the largest part of our NEOs' targeted direct compensation. To provide a balanced incentive program and to lessen the risk inherent in the greater focus on long-term incentives, executives receive a mix of equity-based compensation awards, which include:

Performance share awards ("PSAs") – The number of shares actually received depends on our performance over a three-year period relative to key metrics of shareholder value;

Restricted stock units ("RSUs") – These awards cliff-vest three years from the date of grant (cliff-vesting acts as a retention tool for our executives) and the value ultimately realized depends on how our stock performs over that three-year period; and

Nonqualified stock options to purchase our common stock ("Options") – These awards vest over time and only have value if the stock price rises after the option grants are made.

LINCOLN NATIONAL CORPORATION 2017 PROXY STATEMENT

COMPENSATION

Our Executive Compensation Program Philosophy

DISCUSSION & ANALYSIS

Share Ownership Guidelines and Holding Requirements

Our share ownership requirements formalize the Compensation Committee's belief that our officers should maintain a material personal financial stake in the Company. The requirements also promote a long-term perspective in managing our business by linking the long-term interests of our executives with those of our shareholders and reducing the incentive for short-term risk-taking.

Our share ownership requirements are based on multiples of base salary and vary by job level. Equity interests counted in determining whether share ownership guidelines have been met include:

shares owned outright;

amounts invested in shares of our common stock through our employee benefits plans; restricted stock and RSUs subject to service-based restrictions; and in-the-money Options.

SHARE OWNERSH	IP AND RETENTION REQU	IREMENTS
OFFICER POSITION	VALUE OF SHARES THAT NOFFICER MUST HOLD	Γ ADDITIONAL RETENTION REQUIREMENTS
CEO	7 times base salary	25% of net profit shares* for 5 years
Executive Officers (other than our CEO)	4 times base salary	25% of net profit shares* for 5 years

^{*}Net profit shares reflect the value of an amount of shares remaining after payment of the option exercise price and taxes owed at the time of exercise plus the after-tax value of any vested RSUs or earned performance shares. In addition to the minimum share ownership levels, each NEO must also retain an amount equal to 25% of the net profit shares resulting from equity-based LTI grants, such as vested RSUs or earned PSAs. This additional amount of shares must be held for five years from the date of exercise for Options or the date of vesting for other awards. If at

any point an NEO does not meet the share ownership requirements, the executive must hold 50% of the net profit shares resulting from equity-based LTI awards that are exercised or vest, as applicable, until the required ownership level is met.

Prohibition on Pledging and Hedging

Our Insider Trading and Confidentiality Policy includes provisions that prohibit: (i) the pledging of our securities; and (ii) the use of derivative instruments to hedge the value of any of our securities.

Multi-Year Performance and Vesting Periods

The multi-year performance criteria and vesting elements of our long-term incentive programs promote the retention of our executives by putting their focus on our long-term performance, thereby aligning our executives' interests with those of shareholders.

Prohibition on Repricing

Our equity incentive compensation plans prohibit us from reducing the exercise price of outstanding Options without shareholder approval.

Clawback Features

The equity awards for our NEOs are subject to "clawback" and forfeiture provisions, which allow us to rescind an executive's award(s) under certain conditions, such as if:

the executive's employment is terminated for cause; or

the executive violates any non-compete, non-disclosure, non-solicitation, non-disparagement or other restrictive covenants.

For example, if an executive violates any such agreement prior to or within six months after the vesting of any portion of an equity award, such as Options or PSAs, we may rescind the exercise or award and require the executive to return any gain realized or value received.

COMPETITIVE COMPENSATION

In general, we target our executives' total direct compensation — i.e., base salary, targeted annual incentive compensation and targeted long-term incentive compensation — at the median of the compensation paid to executives in similar positions at the insurance-based financial services and investment management companies with which we compete for talent.

Because the roles and responsibilities of our executives are unlikely to be exactly the same as those of executives with similar titles/roles in our peer companies, we often consider multiple sources of market data for this purpose. However, market data is only one of many factors considered when setting executive compensation targets. For more information on how we set target compensation and our benchmarking processes, please see "Setting Target Compensation" on page 39.

CONSIDERATION OF OUR 2016 SHAREHOLDER VOTE ON EXECUTIVE COMPENSATION

The Compensation Committee and the Board appreciate and value the views of our shareholders. At our 2016 Annual Meeting of Shareholders, approximately 93% of shareholder votes were cast in favor of the "say on pay" advisory resolution on executive compensation. While we do review the program design on an annual basis, there have not been any significant changes to our compensation program in the last several years. In light of the continued strong shareholder support for our overall pay practices and NEO compensation, the Compensation Committee decided to maintain our general principles and philosophy in structuring executive compensation for 2017.

LINCOLN NATIONAL CORPORATION 2017 PROXY STATEMENT

38

SETTING TARGET COMPENSATION

The Compensation Committee made compensation decisions for the 2016 calendar year for the NEOs based on a detailed analysis of Company-specific and external data.

BENCHMARKING

To help the Compensation Committee set 2016 target direct compensation levels for our NEOs, Pay Governance LLC performed a comprehensive competitive compensation analysis in November of 2015. They analyzed base pay, annual incentive opportunities, long-term incentive values and total direct compensation (the sum of the elements listed here) to establish market rates for each executive officer position. They then compared our current executive compensation levels to the market median of our peers.

The Compensation Committee believes that these companies are appropriate for compensation benchmarking because, even though none has our exact business mix, each is a major competitor in one or more of our businesses and competes directly with us for talent. Because some of these companies have either higher or lower market capitalization, assets or revenue than we do, the data are size-adjusted, where possible, to ensure comparability with our scope. We have used the same market survey for a number of years, and if the companies included in the study change, we reflect those changes in our benchmarking peer group. Neither the Committee nor management has any input into the companies included in this general industry survey.

For each of our NEOs, Pay Governance used market data drawn from the stock companies included in the Towers Watson 2015 Diversified Insurance Study of Executive Compensation (the "2015 Towers DI Study"), which are:

AFLAC METLIFE AIG PHOENIX COMPANIES PRINCIPAL FINANCIAL ALLSTATE **AXA GROUP** PRUDENTIAL FINANCIAL **CIGNA** SUN LIFE FINANCIAL **CNO FINANCIAL TRANSAMERICA GENWORTH FINANCIAL UNUM GROUP** HARTFORD FINANCIAL SERVICES VOYA FINANCIAL INC. JOHN HANCOCK

The survey data were used as a primary reference for most roles. The Compensation Committee seeks to target total direct compensation within a competitive range of plus or minus 15% of the 50th percentile of market data being used. In some cases, the Committee may target compensation above or below this range. Reasons for doing this include:

organizational considerations; for example, because an executive's role is considered especially critical to our overall business strategy and to our succession planning;

internal pay equity considerations;

to gain the specific expertise needed to build a new business or improve an existing one; or to retain highly qualified executives whom we have recruited from outside the insurance industry or whom we believe has skills or experience that will further our corporate strategy.

LINCOLN NATIONAL CORPORATION 2017 PROXY STATEMENT

39

TALLY SHEETS

When making compensation decisions, the Compensation Committee considers:

the recommendations of our Chief Human Resources Officer ("CHRO"), the recommendations of our CEO, and the opinion of the Committee's independent compensation consultant (although our CEO does not make recommendations with respect to his own compensation);

the available market data; and

reports called "tally sheets" illustrating all elements of targeted total direct compensation, including:

- -base salary;
- -annual and long-term incentive awards;
- -deferred compensation and change in pension;
- -perquisites; and
- -potential payments for various termination scenarios.

The tally sheets enable the Compensation Committee to analyze the value of total target compensation, as well as the value of compensation actually delivered compared with the value of compensation opportunities the Committee originally established.

The Compensation Committee also uses the tally sheets to assess whether our executive compensation program is consistent with our compensation philosophy and desired positioning relative to the market data. However, tally sheets are just one point of information the Committee uses to determine NEO compensation. The Committee performed a similar analysis to establish the total targeted direct compensation for our CEO.

Mark E. Konen	\$683,130	\$1,024,829	\$1,741,951	\$3,449,910					

ANNUAL COMPENSATION FOR 2016

During 2016, annual compensation was made up of base salary and a short-term incentive award under the AIP.

BASE SALARY

Base salaries are reviewed annually. In setting base salary levels for 2016, the Compensation Committee started with the 2015 base salaries and then made adjustments based on the compensation analysis discussed above and the individual performance of each NEO. In general, the increases for our NEOs were around 3%, with the exception of Mr. Fuller. The Compensation Committee made a larger adjustment to his base salary to bring it more in line with the current competitive levels within our marketplace for talent. Mr. Fuller's salary was increased 13% to \$650,000.

The Committee approved the following base salaries for our NEOs effective for 2016:

NAME	2016
Dennis R. Glass	\$1,200,000
Randal J. Freitag	\$669,708
Wilford H. Fuller	\$650,000
Kirkland L. Hicks	\$575,000
Mark E. Konen	\$683,130

ANNUAL INCENTIVE PROGRAM

2016 Payout Opportunities

The table below shows the dollar amount of the estimated threshold, target and maximum payout opportunities for the 2016 AIP that the Compensation Committee established on the grant date; the threshold, target and maximum opportunities are calculated as a percentage of each NEO's base salary. The threshold opportunity would be payable only in the case where the threshold goal is met for the performance measure with the lowest percentage payout amount.

ESTIMATED PA 2016 AIP	YOUT OPPOR'	TUNITIES U	JNDER THE
NAME	THRESHOLD	TARGET	MAXIMUM
Dennis R. Glass	\$36,000	\$2,400,000	\$4,800,000

Wilford H. Fuller	\$23,400	\$1,040,000	\$2,080,000
Kirkland L. Hicks	\$8,625	\$575,000	\$1,150,000
Mark E. Konen	\$25,621	\$1,024,829	\$2,049,659

2016 Performance Measures and Goals

In February 2016, the Compensation Committee established the goals and measures for the 2016 AIP.

Performance measures. The Committee selected three performance measures for 2016, the same ones it has used since 2011.

Income from operations per share Business unit sales Management of controllable costs

LINCOLN NATIONAL CORPORATION 2017 PROXY STATEMENT

41

The Committee chose these measures because they focus on our overall corporate strategy of balancing top-line revenue growth with profitability and prudent cost management. To learn more about why these measures were selected, see "Pay for Performance" on page 35.

For purposes of the 2016 AIP, Income from Operations is defined as net income in accordance with GAAP, but excluding the after-tax effects of the items detailed in Exhibit 1 on page E-1. This is one of the financial measures that management uses to assess our results. (To calculate Income from Operations per Share, the value of Income from Operations (as defined in Exhibit 1) was divided by the average diluted shares). Management believes that excluding these items from net income better reflects the underlying trends in our businesses because the excluded items are unpredictable and not necessarily indicative of current operating fundamentals or future performance of the business segments. In addition, in most instances, decisions regarding these items do not necessarily relate to the operations of the individual segments.

For our CEO, performance is measured entirely at the corporate level, while our other NEOs are assessed on both corporate and business unit performance. To reflect the different roles and responsibilities of our NEOs, the Committee also weights the performance measures differently for each NEO, as shown in the tables on pages 43 to 45.

Performance goals. In setting the goals for each of the performance measures, management and the Compensation Committee intended the maximum levels to present a significant challenge, therefore requiring exceptionally strong performance to achieve these goals. The target goal for corporate Income from Operations per Share was set after consideration of a number of factors, including a review of our internal financial plan. The target goal for business unit sales, at both the corporate and business-unit level, was based on our internal financial plan, emphasizing our corporate strategy to grow and protect the profitability of the business. The target goal for controllable costs was based upon controllable costs as budgeted in our annual financial plan. We believe that our methodology for determining financial performance targets for the AIP supports the following key objectives:

aligning incentives with our annual financial plan; establishing challenging yet achievable incentive targets for our executives; and setting targets that are consistent with our assessment of opportunities and risks for the upcoming year. 2016 Performance Results and Actual Payouts

In February 2017, the Compensation Committee certified the performance results for the 2016 AIP. These formulaic results triggered a payout that was above target for all of our NEOs.

The following tables show the goals, weights, performance results and payout percentages for the 2016 AIP measures for each of our NEOs. Based on actual results, a payout percentage—expressed as a percentage of the NEO's target payout opportunity—is first determined for each goal. These payouts are then weighted to determine the weighted payout for each goal. The sum of these weighted payouts equals the NEO's payout percentage.

The tables also show the resulting performance-based payouts approved by the Compensation Committee under the 2016 AIP for each of our NEOs and how these payouts compared with each NEO's target payout opportunity under this program.

PAYOUT
PERCENTAGE
TARGET (sum of weighted PAYOUT

OPPORTUNITY payouts) AMOUNT ACTUAL PAYOUT UNDER THE 2016 AIP \$1,024,829 137.9% \$1,413,239

The Compensation Committee can, at its discretion, reduce award payouts by including, rather than excluding, certain factors — listed in Items A through H of Exhibit 2 on page E-4 — if it determines that these factors were relevant to

individual performance. The Committee may also make other discretionary adjustments to the calculation of the performance results if the net effect would be to reduce award amounts. In certifying the results for the 2016 AIP awards, the Compensation Committee did reduce the award payout levels from the formulaic results.

LONG-TERM COMPENSATION AWARDED OR VESTED IN 2016

Long-term compensation for our NEOs generally includes three equity elements:

Options, which have a 10-year term and vest ratably over three years;

RSUs, which cliff-vest in three years; and

PSAs, which vest, if at all, depending on the outcome of pre-established performance measures over a three-year performance period. Consistent with our fundamental pay for performance philosophy, these awards are linked to metrics that measure the creation of long-term shareholder value, with above-target compensation paid out only when performance has exceeded the target level. PSA payouts are capped at two times target.

2016 LTI AWARD MIX

The charts below show our targeted long-term incentive mix — i.e., the percentage of the total 2016 LTI award delivered through each equity element for our CEO and the other NEOs. Starting in 2014, in recognition of our CEO's career stage, the Compensation Committee reduced the percentage of his LTI award delivered as Options and increased the percentage delivered as RSUs. They made no revisions to the mix for the CEO in 2016. For the other NEOs, in 2014, the Committee increased the percentage of their LTI award delivered as PSAs and decreased the amount delivered as RSUs, and this mix remained the same for 2016.

The RSUs and PSAs will be paid in shares of our common stock if the applicable vesting requirements and, in the case of PSAs, performance targets are met. Long-term equity-based awards such as these encourage our NEOs to act as owners, thus aligning their interests with those of shareholders. The Options, which vest ratably over a three-year period, and the RSUs, which cliff vest in three years, are not tied to formulas that could focus our executives on specific short-term outcomes. Instead, the value of these awards to our NEOs depends on the positive financial performance of our Company over time, as expressed through the multi-year increase in share value. These equity awards are subject to the clawback provisions detailed on page 38.

2016-2018 PERFORMANCE SHARE AWARDS

The 2016-2018 performance cycle began on January 1, 2016, and ends on December 31, 2018. In February 2016, the Committee established:

the threshold, target, and maximum PSA amounts payable to the NEOs;

the relevant performance measures (ROE and Relative TSR);

the peer group used to assess Relative TSR performance;

the relative weighting of each performance measure; and

the goals for threshold, target and maximum payouts for each performance measure.

The maximum goals were intended to present a challenge for management and create appropriate incentives for our executives to create financial growth and long-term shareholder value. For each performance measure, the maximum payout, 200% of target, occurs when performance is superior and the minimum payout, 25% of target, results when the performance threshold is met but not exceeded.

COMPENSATION

Long-Term Compensation Awarded or Vested in 2016 DISCUSSION & ANALYSIS

For example, the minimum award for a performance measure is calculated as follows: 25% multiplied by the relative weighting of the performance measure multiplied by the target payout opportunity.

The two performance measures for the 2016-2018 (ROE and Relative TSR) are weighted equally. For any portion of the PSAs to ultimately vest, the minimum achievement level for at least one of the performance measures must be attained. In other words, if performance on both measures falls below the threshold, there is no payout.

PERFORMANCE AWARD MEASURES, WEIGHTINGS, AND GOALS FOR THE 2016-2018 PERFORMANCE AWARD CYCLE

10.35%	11.0%	11.65%	RANKING OF	MEDIAN OF	RANKING OF
			8 TH	PEER GROUP	P1ST TO 3RD

Among the factors the Committee considered in setting the TSR and ROE performance measures were peer group performance, market data and our financial plan. In establishing the weightings of the performance share plan measures, the Compensation Committee took into account its belief, and that of management, that, over the long-term, ROE is a key input to shareholder value and TSR represents the actual value delivered to shareholders. The specific goals for each measure were set for compensation purposes only and do not constitute, and should not be viewed as, management's projection of future results.

ROE for the 2016-2018 performance period is an absolute measure that is to be calculated as of the end of the performance period. ROE is defined as Income from Operations (as defined above with respect to the 2016 AIP) divided by average shareholders' equity for the year. Shareholders' equity excludes accumulated other comprehensive income or other similar items and any increase in equity due to goodwill associated with an acquisition during the performance period.

TSR for the 2016-2018 performance period is a relative measure based on Lincoln's TSR for the performance period ranked against the TSR results for the peer group shown below. The Committee believes that the performance peer group should be limited to companies that publish financial results against which our results are compared and that offer competing insurance and financial products. The TSR Performance Peer group was updated for the 2016-2018 performance period to remove Genworth Financial and Symetra Financial and add Aegon and Ameriprise Financial, which better reflect the size and scope of our business. With regard to MetLife, in the event that they finalize the announced spinoff of their U.S. retail unit (Brighthouse Financial) during the performance period, the Committee will include data for MetLife through the date of completion of the transaction and thereafter include data for the U.S. retail unit.

If earned, the 2016-2018 performance share awards will be paid out in shares of our common stock. The table shows the number of shares that our executives have the potential to earn at different performance levels:

	ARE PAYOUT OP. DRMANCE AWAR		
NAME	THRESHOLD (#)	TARGET (#)	MAXIMUM (#)
Dennis R. Glass	8,564	68,508	137,016
Randal J. Freitag	2,667	21,332	42,664
Wilford H. Fuller	2,479	19,831	39,662
Kirkland L. Hicks	1,197	9,578	19,156
Mark E. Konen	2,454	19,628	39,256

^{*} Amounts do not include dividend equivalents

The grant date fair value of the Options, RSUs and PSAs awarded in 2016 are included in the Summary Compensation Table on page 55. Additional details regarding the 2016-2018 PSAs granted to the NEOs can be found in the Grants of Plan-Based Awards table on page 58.

2014-2016 LTI PROGRAM

The Compensation Committee established the performance-based 2014 LTI Program at its February 2014 meeting, with performance metrics that measure the creation of long-term shareholder value. The Committee approved the equity awards under the 2014 LTI Program, including grants of Options, RSUs and PSAs.

Options and RSUs

The Options vested over a three-year period, with one-third vesting on the anniversary of the grant date. The RSUs cliff vested three years from the date of grant. The final tranche of Options and the RSUs vested on February 24, 2017. Additional details regarding the Options and RSUs granted in 2014 can be found in the Outstanding Equity Awards table on page 60.

2014-2016 Performance Share Awards

At the February 2014 meeting, the Committee established the 2014-2016 performance cycle for PSAs for the period that began January 1, 2014 and ended on December 31, 2016. The Compensation Committee set:

the threshold, target and maximum PSA amounts payable to the NEOs; the relevant performance measures (ROE and Relative TSR); the relative weighting of each performance measure; and

the goals for threshold, target and maximum payouts for each performance measure (25%, 100% and 200% of target, respectively).

The payouts for the 2014-2016 LTI PSAs could have ranged from 0% to 200% of each NEO's target, with a threshold payout for each performance measure equal to 25% of target. For the PSA to be payable, the threshold or minimum achievement level for at least one of the performance measures must have been attained. Therefore, a minimum award would be calculated as follows: 25% multiplied by the relative weighting of the performance measure multiplied by the target amount.

	COMPENSATION
Long-Term Compensation Awarded or Vested in 2016	DISCUSSION & ANALYSIS

The following table shows the number of shares that each NEO had the potential to earn under the 2014-2016 LTI performance period at the threshold, target and maximum levels:

	ARE PAYOUT OF ORMANCE AWA		
NAME	THRESHOLD (#)	TARGET (#)	MAXIMUM (#)
Dennis R. Glass	5,817	46,534	93,068
Randal J. Freitag	1,383	11,063	22,126
Wilford H. Fuller	1,161	9,291	18,582
Mark E. Konen	1,500	12,001	24,002

^{*}Amounts do not include dividend equivalents.

Mr. Hicks was not with the Company in 2014 at the start of this performance cycle.

In February 2017, the Compensation Committee reviewed the reports and analysis that management provided regarding our performance during the 2014-2016 performance cycle and determined the results for each performance measure, as shown in the graphic below. As of December 31, 2016, the Company's ROE, was 12.02% which was above the goal at target shown in the table below. The Company's TSR for the performance period was 33.85%, which was ranked second among the peers listed below. As a result of the strong performance by the Company in each of these key metrics over the performance period (which exceeded the target performance level for the ROE measure and met the/maximum performance level for TSR measure), the Compensation Committee approved a payout of the 2014-2016 performance share awards at 178.46% of target.

ROE for the 2014-2016 LTI performance period was an absolute measure that was calculated as of the end of the three year performance period. ROE was calculated using the definition of Income from Operations that the Committee set for the 2014 AIP and divided by average Shareholders' Equity for the year. The definition of ROE used in this calculation can be found in Exhibit 2 on page E-4.

COMPENSATION

DISCUSSION & ANALYSIS Long-Term Compensation Awarded or Vested in 2016

TSR for the 2014-2016 LTI was based on our TSR results for the performance period ranked against the TSR results for the peer group shown below:

2014-2016 RELATIVE TSR	PEER GROUP
GENWORTH FINANCIAL	PRUDENTIAL FINANCIAL
MANULIFE	SUN LIFE FINANCIAL
METLIFE	SYMETRA FINANCIAL ¹
PRINCIPAL FINANCIAL	TORCHMARK
PROTECTIVE LIFE ¹	UNUM GROUP

1. Due to the acquisition of Protective Life and Symetra Financial during the 2014-2016 performance period, they were removed from the Peer Group in accordance with the provisions of the 2014 LTI program.

TSR for the 2014-2016 LTI is defined as the change in the price of a share of our common stock plus dividends paid, over the relevant performance period, divided by the price of a share of our common stock at the beginning of the performance period. We used an average of the prices of the common stock as reported on the NYSE consolidated transactions tape for the 30 trading days preceding the beginning and end dates to determine the beginning and ending share prices for the performance period to eliminate the effects of any short-term volatility on the stock price.

The table below shows the resulting payouts:

ACTUAL PAYOUTS UNDER 2014-2016 PERFORMANCE SHARE AWARDS					
NIAME	TADCET (# OF CITADEC)	PAYOUT PERCENTAGE PAYOU'			
NAME	TARGET (# OF SHARES)	OF TARGET	(# OF SHARES) ¹		
Dennis R. Glass	46,534	178.46%	83,045		
Randal J. Freitag	11,063	178.46%	19,743		
Wilford H. Fuller	9,291	178.46%	16,581		
Mark E. Konen	12,001	178.46%	21,417		

1. Share amounts do not include dividends accrued through the vesting date. For the actual payout amounts including dividends, see the Outstanding Equity Awards Table on page 60.

Mr. Hicks was not with the Company in 2014 and as a result he is not eligible for a payout for the 2014-2016 LTI performance cycle.

PARTICIPATION IN EXECUTIVE COMPENSATION DECISIONS

ROLE OF THE COMPENSATION COMMITTEE

The Compensation Committee has primary authority for determining the compensation of our executive officers, including our NEOs. Specifically, it:

approves the individual pay components and aggregate compensation amounts for our executives; determines the form(s) in which compensation will be paid — i.e., cash or equity — and the equity vehicles to be used, including Options, PSAs or RSUs, among others; and

establishes the target award levels and performance measures for the various short- and long-term compensation programs.

For a description of the Compensation Committee's principal functions, see "The Board of Directors and Committees – Compensation Committee" on page 11.

The Compensation Committee normally determines the portion of performance-based incentive awards earned for completed performance cycles at its first regularly scheduled meeting of the calendar year (usually in February) following the end of the applicable performance cycle. During this meeting, the Committee reviews financial results for the various performance measures for the just-completed annual and long-term performance cycles; certifies the achievement (or non-achievement) of the performance goals; and approves the earned portion of the awards, as appropriate.

ROLE OF MANAGEMENT

In determining executive compensation, the Compensation Committee considers input from a number of sources, including executive management. However, our CEO does not play any role in, and is not present for, any discussions regarding his own compensation. Specifically, our CEO and CHRO provide the Compensation Committee with their views and insight on NEO compensation (with respect to the CEO, other than for himself), including:

their assessment of individual performance, the business environment, succession planning and retention; and recommendations for base salary, target annual incentive awards and target long-term incentive awards for each NEO. The Committee views this input as an essential component of the process.

ROLE OF THE COMPENSATION CONSULTANT

The Compensation Committee regularly consults with Pay Governance LLC, an independent compensation consultant, for advice regarding compensation practices for our executives. The Committee has the sole authority to hire or fire any compensation consultant, as well as to establish the scope of the consultant's work.

During 2016, Pay Governance provided the Committee with:

an evaluation of our executive officers' base salaries and short- and long-term target incentive compensation relative to that of identified peers and the broader market;

an evaluation of the alignment of the Company's executive compensation with Company performance;

information on trends in executive compensation, such as the use of various forms of equity compensation and the prevalence of different types of compensation vehicles;

an advance review of all management-prepared materials for each Committee meeting;

assistance in the review and discussion of all material agenda items;

an independent review of our analytical work related to executive compensation;

LINCOLN NATIONAL CORPORATION 2017 PROXY STATEMENT

51

insight and advice in connection with the design of, and changes to, our equity grants and short- and long-term incentive plans; and

feedback regarding our CEO's total targeted direct compensation package.

Pay Governance does not provide us with any services other than advising the Compensation Committee on executive compensation and the Corporate Governance Committee on director compensation. The Compensation Committee has assessed the independence of Pay Governance pursuant to SEC rules and concluded that no conflict of interest exists.

RISK CONSIDERATIONS RELATING TO COMPENSATION

The structure and administration of our compensation programs are designed to, among other objectives, appropriately balance risk and reward. As part of the annual risk assessment of our compensation plans, we identify, analyze and evaluate all of our employee compensation programs to assess any risks these programs might pose. The process includes, but is not limited to:

identifying all of the compensation programs that cover our employees;

reviewing these programs from a design and governance perspective, including evaluating the behavior each program was designed to encourage and detailing the flow of compensation for each program;

identifying any risks inherent in the programs, including analyzing whether any of the programs encourage our executives or any other employees to take risks that could harm the Company; and

identifying and discussing any additional risk mitigation factors in the program design and any additional risk controls outside of the compensation process specific to each business model.

Once the annual assessment is completed, our CFO and the Head of Total Rewards formally review the analysis of our programs and discuss the findings with the Compensation Committee.

Some of the features of our compensation programs that limit risk include the following:

our incentive plan awards are based on a variety of performance indicators, thus minimizing the potential for any single indicator of performance to have an undue influence on payout;

the Compensation Committee approves the final incentive plan awards and has the authority to decrease the awards even if the performance goals are met;

the "clawback" features of our equity awards, which allow us to rescind an executive's award(s) under certain conditions;

the multi-year performance criteria for our LTI programs and the multi-year vesting elements of our other equity awards, which link the interests of our executives with the long-term health of the Company;

the balanced pay mix, which minimizes the significance of any single element of pay and decreases the likelihood that an executive would take inappropriate risks to inflate such pay;

both annual incentives and the PSAs have payouts that are capped;

our share ownership guidelines and holding requirements, which encourage our executives to focus on sustaining long-term performance rather than maximizing performance in any single year; and

fixed compensation is set at a level that allows executives to meet their essential financial needs. For 2016, the Compensation Committee discussed the evaluation and risk assessment review of our compensation programs and confirmed that our compensation programs do not create risks that are reasonably likely to have a material adverse effect on the Company. The risk assessment for this year also identified other aspects of the administration and oversight of our plans that build considerable risk mitigation into the plans' organizational structure.

OTHER COMPENSATION CONSIDERATIONS

Equity Award Procedures. The Compensation Committee formally approves our equity grant procedures, including procedures for granting Options. All Options are granted with a "strike," or exercise, price set at the closing price of our common stock as reported on the composite transactions table of the NYSE on the grant date. Although the Compensation Committee Chair may approve changes to executive compensation, subject to the Committee's review and ratification, only the full Committee or the Board has the authority to grant equity awards to executive officers.

Although the Compensation Committee typically makes equity award grants during its first regularly scheduled meeting of the calendar year, the Committee or the Board may also grant equity awards to executives at other regularly scheduled or special meetings or by taking action through unanimous written consent in order to accommodate special circumstances such as new hires or promotions.

For equity awards granted to executives at a regularly scheduled meeting of the Board or Committee, the grant date is the date of the meeting.

For equity awards granted at a "special" meeting of the Board or Committee that does not occur during the period in which trading of our securities is permitted under our Insider Trading and Confidentiality Policy (a "window period"), the grant becomes effective on the first business day of the next window period. (Window periods generally begin on the later of the second business day after our quarterly earnings release or the first business day after our public call with investors.)

For equity awards granted by unanimous consent, the grant becomes effective on the first business day of the week following the effective date of the written consent; however, if that business day is not during a window period, the grant becomes effective on the first business day of the next window period.

Tax Considerations. The Internal Revenue Code of 1986, as amended ("IRC") generally limits a public company's corporate income tax deduction for compensation to \$1 million per year for each "covered employee," which includes each NEO (other than our CFO). However, this limit does not apply to compensation that qualifies as "performance-based" under the IRC rules. In general, we intend to design our incentive award grants to qualify as performance-based compensation under the IRC rules, and our grants are subject to limits established under the LNC 2014 Incentive Compensation Plan (referred to hereinafter as the "2014 ICP" or, collectively with the LNC 2009 Amended and Restated Incentive Compensation Plan, as the "ICP") in accordance with the relevant IRC rules.

In certain circumstances, the Compensation Committee may limit compensation awards or pay compensation that does not qualify as performance-based under the IRC rules.

For PSAs, the Committee may reduce the target award or payout for any "covered employee" or increase or decrease any other executive's individual payout, based on certain circumstances that may occur during the cycle.

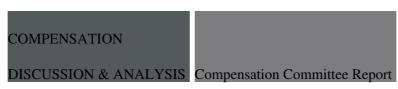

The Committee may also award non-performance-based compensation to "covered employees" based on circumstances that could affect performance results, such as changing economic and market conditions, mergers or acquisitions, sale of a business, restructuring charges, reserve strengthening or release, and/or

extraordinary natural occurrences or man-made events (e.g., acts of war). In doing so, the Committee would consider various factors, including investor reaction, stock price performance, performance of peers, retention considerations, and our CEO's recommendation.

Despite the Compensation Committee's efforts to structure the AIP and PSAs for our executives in a manner intended to be exempt from IRC Section 162(m), and as a result not subject to its deduction limits, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, no assurance can be given that compensation we intend to satisfy the requirements for exemption from Section 162(m) in fact will. Further, the Compensation Committee reserves the right to modify compensation that was initially intended to be performance-based compensation under Section 162(m) if it determines that such modifications are consistent with our business needs.

EMPLOYEE BENEFIT PLANS

We offer our executives some additional benefits not offered to our non-executive employees, in some cases to replace benefits the executives lose as a result of regulatory limits in the broad-based tax-qualified plans. We use these benefits to attract and retain key employees, since our competitors typically offer the same types of benefits.

Our Deferred Compensation Plan. We provide certain benefits to our executive officers, including NEOs, through our nonqualified defined contribution plan — the Lincoln National Corporation Deferred Compensation & Supplemental/ Excess Retirement Plan (the "DC SERP"). For more information on the DC SERP, see page 64.

Change-of-Control Severance Arrangements. We offer our executives a severance plan that provides potential benefits in connection with a change of control of the Company. Payment of benefits under this plan, the Lincoln National Corporation Executives' Severance Benefit Plan (the "LNC COC Plan"), is triggered when an executive's employment is terminated (under specific circumstances) in anticipation of or within two years after our change of control. The objectives of the change-of-control benefits are to:

retain qualified executives in the face of an actual or threatened change of control of the Company; enable executives to help our Board assess any proposed change of control of the Company and advise whether such a proposal is in the best interests of the Company, our shareholders, our policyholders and customers without being unduly influenced by the possibility of employment termination; and demonstrate to those executives our desire to treat them fairly and competitively in such circumstances.

Each year the Compensation Committee reviews a tally sheet prepared by Pay Governance that estimates for each NEO the benefits associated with a potential change of control of the Company and the cost of those benefits to us. For 2016, the Committee found that the estimated costs for these benefits would be reasonable. For more information on the LNC COC Plan, see page 66.

Severance Plans. We also offer our NEOs and our other executive officers a severance plan in the event their jobs are eliminated, other than in connection with our change of control. The plan pays 78 weeks of severance benefits. To qualify for benefits under this plan (the Severance Plan for Officers of Lincoln National Corporation (the "Officers' Severance Plan")), the officer must sign our standard form of agreement, waiver and release of claims, which includes forfeiture provisions for competition and solicitation. Any payments made under the Officers' Severance Plan reduce, on a dollar-for-dollar basis, any payments the officer receives under the LNC COC Plan. For more information on the Officers' Severance Plan, see page 67.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed this Compensation Discussion & Analysis with management and has recommended to the Board that the Compensation Discussion & Analysis be included in this proxy statement and incorporated by reference into the Company's 2016 Form 10-K.

The table below shows the grant date fair value of the RSUs and PSAs, as well as the value of the PSAs assuming the maximum level of performance (200% of target) is achieved under both the ROE and TSR performance measures described on page 47. The grant date fair value for the PSAs was calculated in accordance with Topic 718 using a performance factor of 1.09, the probable outcome on the date of grant. The stock awards granted in 2016 are described in more detail in the Grants of Plan-Based Awards table on page 58.

Named Executive Officer Grant Date Fair Value Grant Date Fair Value Value of 2016 PSA

^{1.} Represents the grant date fair value of stock awards granted in 2016, 2015 and 2014 under the ICP. Values were determined in accordance with FASB ASC Topic 718 (Topic 718), and the assumptions made in calculating them can be found in Note 18 of the Notes to the Consolidated Financial Statements in Item 8 of our 2016 Form 10-K. Stock awards granted in 2016 include grants of RSUs and PSAs, the latter of which are subject to performance conditions.

Edgar Filing: LINCOLN NATIONAL CORP - Form PRE 14A

	of 2016 RSU	of 2016 PSA	at Maximum

Kirkland L. Hicks	1,195,037	369,550	680,038
Mark E. Konen	522,596	757,311	1,393,588

^{*} See Footnote 8

- 2. Represents the grant-date fair value of Option awards granted in 2016, 2015 and 2014 under the ICP. Values were determined in accordance with Topic 718, and the assumptions made in calculating them can be found in Note 18 of the Notes to the Consolidated Financial Statements in Item 8 of our 2016 Form 10-K. The Option awards granted in 2016 are described in more detail in the Grants of Plan-Based Awards table on page 58.
- 3. Represents the AIP awards earned for the 2016 performance period under the ICP. More information on the AIP awards is provided in the Grants of Plan-Based Awards table on page 58 and in the CD&A on pages 41 to 45.
- 4. These amounts reflect the total of all increases in the actuarial present value of each NEO's accumulated benefits under our qualified and nonqualified defined benefit pension plans shown in the Pension Benefits table on page 63. We froze these pension plans at the end of 2007. The year-end present values were computed using the same assumptions as those used for financial reporting purposes. For year-end 2016 those are a 4.50% interest rate to discount the normal retirement age (age 65 or current age if higher) lump sum value of annuity payments which were converted using an interest discount rate of 4.75% and the IRS-prescribed IRC 417(e)(3) mortality table for 2017. The NEOs did not have any preferential nonqualified deferred compensation earnings.
- 5. The table below gives details on all Other Compensation:

				Additional Company	
				Contributions into Deferred	
				Compensation Plan (Special	
			401 (k) Match,	Executive Credit and Excess	
			Core and Transition	Match, Core and Transition	
	Perquisitesa	Tax Gross-ups ^b	Contributions ^c	Contributions) ^d	Total
Name	(\$)	(\$)	(\$)	(\$)	(\$)
Dennis R. Glass Randal J. Freitag Wilford H. Fuller Kirkland L. Hicks Mark E. Konen			35,000 34,335 26,500 26,500 35,000	452,384 170,628 247,358 32,327 174,527	556,529 204,963 273,858 122,993 226,727

(a) For Mr. Glass, \$55,811 of the amount reflects the aggregate incremental cost of personal use of the corporate aircraft. Mr. Glass generally uses the corporate aircraft for personal use only when necessary to accommodate his business schedule. The amount also reflects \$13,334 in matching charitable gifts made by Lincoln Financial Foundation, Inc. on his behalf, and the reimbursement of financial planning and tax-preparation expenses.

For Mr. Hicks, the amount reflects matching charitable gifts made by Lincoln Financial Foundation, Inc. on his behalf, the reimbursement of financial planning expenses and the reimbursement of relocation expenses incurred in connection with his relocation to our principal offices.

For Mr. Konen, the amount reflects \$10,000 in matching charitable gifts made by Lincoln Financial Foundation, Inc. on his behalf, the reimbursement of costs of a medical exam and the reimbursement of tax-preparation expenses.

More information regarding perquisites and personal benefits, including a discussion of how we value personal use of the corporate aircraft, can be found under "Narrative to the Summary Compensation Table" on page 57.

- (b) Represents the amount of the tax gross-up for Mr. Hicks in connection with amounts paid for his relocation expenses.
- (c) Represents Company matching, core and transition contributions under our Employees' 401(k) Plan.
- (d) Represents excess Company matching, core and transition contributions to the DC SERP, which are amounts above IRC limits. Also, for all NEOs except Mr. Glass, this amount includes an additional contribution a "special executive credit" to the DC SERP which is described in more detail on page 64.
- 6. Some total might not reconcile due to rounding.
- 7. Only compensation for 2016 is provided for Mr. Hicks as he only joined the Company in December 2015.
- 8. Mr. Konen retired from the Company as of February 28, 2017. He will be eligible to receive a pro rata portion of his 2016 RSU and PSA awards, and not the full amount shown in Footnote 1 above.

NARRATIVE TO SUMMARY COMPENSATION TABLE

2016 Annual Incentive Program

For the 2016 AIP, the dollar amounts included in the Summary Compensation Table for each of our NEOs reflect the performance results for this program as certified by the Compensation Committee in February 2017. These results triggered a payout above target for each NEO. For more details on the 2016 AIP, including the performance measures, targets and final results, see the CD&A, pages 41 to 45.

Perquisites and Personal Benefits

Below are the primary perquisites and personal benefits we offered our NEOs in 2016, not all of which were actually received by each NEO:

Financial Planning and Tax Preparation Services. We offer to reimburse our NEOs, along with other officers, up to \$6,000 annually for financial-planning services and up to \$2,700 annually for tax-preparation services provided by a certified public accountant other than Ernst & Young, our accounting firm. For the financial-planning services, we reimburse the first \$1,800 of such services, plus 50% of costs above that amount up to the \$6,000 maximum. Any unused portion of the \$2,700 tax-preparation reimbursement may be applied to the financial-planning reimbursement, but not vice versa.

Personal Use of the Corporate Aircraft. Since 2005, the Board has advised our CEO to use the corporate aircraft for both business and personal travel, when practical, because of security concerns and to maximize his time devoted to our business. If an executive (and any guests of the executive) uses the corporate aircraft for personal purposes, we treat this usage as a perquisite for proxy-statement reporting purposes and calculate the value of such services based on the total incremental cost to us. For personal flights, that cost is based on a cost-per-flight-hour charge that reflects the operating costs of the aircraft, including regularly required maintenance, inspections and related fees/taxes. We also include as an incremental cost any flights required to reposition the corporate aircraft (i.e., dead-head flights) because of a personal flight. When executives, their families and invited guests fly on the corporate aircraft as additional passengers on business flights, there is no incremental cost. Finally, if more than one executive is on a personal flight, we allocate the incremental cost on a proportional basis depending on the number of guests of each executive.

Matching Charitable Gift Program. Under this program, the Lincoln Financial Foundation, Inc. matches gifts from an NEO to one or more eligible recipient organizations, up to an annual total maximum of \$10,000, except for Mr. Glass who is also a Director and has a matching gift limit of up to \$15,000.

Retirement Benefits

Under the DC SERP, our participating NEOs are eligible for an additional contribution — a "special executive credit" — as a percentage of "Total Pay." For the purpose of determining the special executive credit, "Total Pay" under the DC SERP means base salary and AIP paid during the fiscal year.

For each NEO, the special executive credit is calculated annually as follows: 15% of Total Pay expressed as a percentage, offset by the total of: (a) the NEO's maximum basic matching contribution opportunity (6%); plus (b) core contributions (4%); plus (c) transition contributions, if any (up to 8%), as determined under the Employees' 401(k) Plan, each expressed as a percentage. For more details on the DC SERP, the contributions and the calculations of these amounts, see page 64.
