Corporate Governance

Edgar Filing: MIRANT CORP - Form DEF 14A

The implementation of our Plan of Reorganization, in conjunction with our emergence from bankruptcy on January 3, 2006, established a new Board of Directors. The lead independent director coordinates the activities of the other non-employee directors, serves as chairman of the Nominating and Governance Committee, presides over meetings of the non-employee directors and serves as the liaison between the non-employee directors and the Chairman of the Board. Each director serves a one-year term and is subject to annual election.

Corporate Governance Guidelines

Edgar Filing: MIRANT CORP - Form DEF 14A

The current Board of Directors approved new Corporate Governance Guidelines and new charters for the Audit, Compensation, and Nominating and Governance Committees that comply with applicable laws and regulations and the listing standards of the New York Stock Exchange. The Corporate Governance Guidelines and all three committee charters are posted on our website at www.mirant.com. Stockholders also may request a copy of the guidelines and charters by writing to the Corporate Secretary at Mirant Corporation, 1155 Perimeter Center West, Atlanta, GA 30338.

The Corporate Governance Guidelines describe the role of the Board and the responsibilities of the directors. They provide that the Board will conduct an annual evaluation to assess and enhance its effectiveness, and the Guidelines direct non-management directors to meet in executive session at least quarterly, with the Company's lead independent director presiding at these sessions. They also note that directors are expected to attend the Annual Meeting of Stockholders.

Director Independence

Edgar Filing: MIRANT CORP - Form DEF 14A

The Board has determined that each of the non-employee directors is independent under applicable New York Stock Exchange listing standards and our Corporate Governance Guidelines. This determination was based upon the recommendation of the Nominating and Governance Committee and all relevant facts and circumstances appropriate for consideration in the judgment of the Board. As described in the Corporate Governance Guidelines, the Board applies the following standards in assessing independence:

(1) No director can qualify as independent if he or she has a material relationship with the Company, either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company.

(2) A director is not independent if:

(i) The director is, or has been within the last three years, an employee of the Company, or an immediate family member of the director is, or has been within the last three years, an executive officer of the Company.

(ii) The director, or an immediate family member of the director, has received during any 12-month period during the last three years more than \$100,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service). Compensation received by an immediate family member for service as an employee (other than an executive officer) is not considered for purposes of this standard.

(iii) The director, or an immediate family member of the director, is, or within the last three years has been, employed as an executive officer of another company where any of the Company's present executive officers serves or served at the same time on that company's compensation committee.

(iv) The director is a current employee, or has an immediate family member who is a current executive officer, of another company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of the other company's consolidated gross annual revenues.

(v) The director is, or in the past three years has been, an executive officer of a charitable organization to which the Company made contributions in an amount which in any single fiscal year exceeds the greater of \$1 million or 2% of such charitable organization's consolidated gross annual revenues.

Certain Relationships and Related Party Transactions

John M. Quain became a director of Mirant on January 3, 2006. He is a stockholder of Klett Rooney Leiber & Schloring, P.C., a law firm that provided services to Mirant in 2005. The aggregate amount paid by Mirant to Klett Rooney Leiber & Schloring, P.C. in 2005 was \$24,751. Mirant does not intend to retain the services of Klett Rooney Leiber & Schloring, P.C. in 2006.

Audit Committee

Edgar Filing: MIRANT CORP - Form DEF 14A

The Audit Committee was appointed by the Board on January 3, 2006. Upon recommendation of the Nominating and Governance Committee, the Board of Directors determined that each of the members of the Audit Committee (i) meets the independence requirements of the New York Stock Exchange and our Corporate Governance Guidelines and (ii) is financially literate and qualifies as an audit committee financial expert as defined in the Securities and Exchange Commission (SEC) regulations. The Board has adopted a written charter for the Audit Committee, which is attached as Appendix A to this Proxy Statement. The Audit Committee in place during 2005 also met the independence requirements of the New York Stock Exchange. It met eight times during 2005 and fulfilled all of the duties and responsibilities set forth in its Audit Committee Charter. The new Audit Committee has met three times in 2006. The prior Audit Committee had separate private discussions with the independent auditors and the Vice President of Internal Audit at each regularly scheduled meeting, and the new Audit Committee has continued that practice. The key responsibilities of the Audit Committee are:

Oversight of Mirant's financial reporting process and oversight of the quality and integrity of Mirant's financial statements;

Oversight of Mirant's relationship with its independent auditors and sole authority and responsibility to select, evaluate and, where appropriate, replace the independent auditors, which report directly to the Audit Committee;

Pre-approval of all audit and permitted non-audit services to be provided by the independent auditors as well as the compensation, fees and terms for such services;

Review of the annual internal audit program, major findings and recommendations resulting from internal audits and oversight of the Vice President of Internal Audit, who reports to the Audit Committee;

Review with management and the General Counsel of legal, regulatory and compliance matters that may have a material impact on the financial statements or involve concerns regarding accounting or auditing matters and establishment of procedures related to such concerns; and

Review with management and the independent auditor of the policies for assessing and managing significant risks to the Company.

The Audit Committee Charter grants the Audit Committee the authority to engage independent counsel and other outside advisors. Following the consideration of the qualifications of the members of the engagement team and formal responses from the independent auditor as to its independence, staffing plans and quality controls, the Audit Committee selected KPMG LLP as independent auditor for 2006, subject to ratification by the stockholders at the annual meeting. In connection with the audit for 2006, Mirant entered into an engagement letter with KPMG which contains an exclusion of punitive damages.

Compensation Committee

Edgar Filing: MIRANT CORP - Form DEF 14A

The Compensation Committee was appointed by the Board of Directors on January 3, 2006. Upon recommendation of the Nominating and Governance Committee, the Board of Directors determined that each of the members of the Compensation Committee meets the independence requirements of the New York Stock Exchange and our Corporate Governance Guidelines. The Compensation Committee in place prior to emergence also met the independence requirements of the New York Stock Exchange and met three times during 2005. The new Compensation Committee has met three times in 2006, and its key responsibilities are:

Oversight of compensation philosophy, amounts, plans, and policies;

Evaluation of the performance of executive officers and approval of their compensation;

Administration of executive compensation plans;

Review of management succession plans; and

Recommendation of compensation for non-employee directors.

The Compensation Committee Charter grants the Compensation Committee the authority to engage independent counsel and other outside advisors.

Nominating and Governance Committee

Edgar Filing: MIRANT CORP - Form DEF 14A

The Nominating and Governance Committee was appointed by the Board of Directors on January 3, 2006. The Board of Directors determined that each of the members of the Nominating and Governance Committee meets the independence requirements of the New York Stock Exchange and our Corporate Governance Guidelines. The Nominating and Governance Committee in place prior to emergence also met the independence requirements of the New York Stock Exchange and met four times during 2005. The new Nominating and Governance Committee has met once in 2006, and its key responsibilities are:

Recommendation and implementation of the Corporate Governance Guidelines;

Recommendation to the Board of Directors regarding the composition of the Board and the composition of Board committees;

Oversight of Mirant's compliance with its Code of Ethics and Business Conduct and review and discussion with management and the General Counsel of legal and regulatory requirements, compliance matters and material litigation; and

Assistance of the Board in identifying qualified individuals to become Board members, recommendation to the Board regarding the selection of director nominees for election at the annual meeting of stockholders, assessment of director independence and Board effectiveness, and development and implementation of Mirant's Corporate Governance Guidelines.

The Nominating and Governance Committee Charter grants the Committee the authority to engage independent counsel and other outside advisors.

Director Nomination Process

Edgar Filing: MIRANT CORP - Form DEF 14A

The Nominating and Governance Committee is responsible for identifying qualified individuals to become Board members. The Nominating and Governance Committee will consider written nominations from stockholders for director candidates if submitted in accordance with the Company's Bylaws. Stockholders making a director nominee recommendation must submit a written notice to the Corporate Secretary, Mirant Corporation, 1155 Perimeter Center West, Atlanta, GA 30338. Recommendations submitted for consideration by the Nominating and Governance Committee in preparation for the 2007 Annual Meeting of Stockholders must be received by January 2, 2007, and must contain the following information: (a) the name and address of the recommending stockholder; (b) the name and address of the person to be nominated; (c) a representation that the stockholder is a holder of Mirant's stock entitled to vote at the meeting; (d) a statement in support of the stockholder's recommendation, including a description of the candidate's qualifications; (e) information regarding the candidate that would be required to be included in a proxy statement filed in accordance with the rules of the SEC; and (f) the candidate's written, signed consent to serve if elected. The Nominating and Governance Committee will evaluate candidates recommended by stockholders based on the same criteria it uses to evaluate candidates from other sources.

The Corporate Governance Guidelines, as approved by the Board of Directors and posted on our website, set forth qualifications and criteria for directors and require that the assessment of potential candidates include independence, business and professional experience (including current public company boards on which a nominee serves), ability to devote sufficient time to the affairs of Mirant, and characteristics of the current Board of Directors, including diversity, age and skills (such as financial expertise, international experience and experience in the energy industry). The Nominating and Governance Committee's process includes identification of director candidates and evaluation of the candidates based on the Corporate Governance Guidelines and the following minimum qualifications: the highest ethics, integrity and values; an outstanding personal and professional reputation; professional experience that adds to the mix of the Board as a whole; the ability to exercise independent business judgment; freedom from conflicts of interest; demonstrated leadership skills; and the willingness and ability to devote the time necessary to perform the duties and responsibilities of a director. The Committee's selection process also provides for engagement of third party search firms, interviews with various members of the Committee, the Board and management, and an evaluation of each individual in the context of the Board as a whole, applying the criteria that it deems appropriate. The final selection of nominees is made by the Board of Directors.

Alternatively, as discussed earlier in this Proxy Statement, stockholders intending to appear at an Annual Meeting of Stockholders in order to nominate a candidate for election at the meeting (in cases where the Board of Directors does not intend to nominate the candidate or where the Nominating and Governance Committee was not required to consider his or her candidacy) must comply with the requirements set forth in Article II, Section 11A of the Company's Bylaws.

However, materials that are unduly hostile, threatening, illegal or similarly unsuitable generally will not be forwarded.

Audit Committee Report

Edgar Filing: MIRANT CORP - Form DEF 14A

The Audit Committee is responsible for overseeing the Company's financial reporting process, including supervising Mirant's relationship with its independent auditor, KPMG LLP, which reports directly to the Committee. The Audit Committee (i) assists the Board in its oversight of the quality and integrity of Mirant's financial statements, including the financial reporting process and systems of internal control over financial reporting; (ii) is directly responsible for the appointment, compensation, retention and oversight of the independent auditor; and (iii) reviews the appointment, replacement and compensation of the Vice President of Internal Audit, who reports to the Committee.

In discharging its duties and responsibilities, the Audit Committee has:

reviewed and discussed Mirant's audited financial statements for the year ended December 31, 2005 with management and the independent auditors;

discussed with the independent auditors the matters required to be discussed by Statement of Auditing Standards No. 61, as amended;

reviewed and discussed with management and the independent auditor management's assessment of the effectiveness of the Company's internal control over financial reporting and the independent auditor's evaluation of the Company's internal control over financial reporting;

received from the independent auditors a formal written statement describing all relationships between the auditors and Mirant that might affect the auditors' independence as required by Independence Standards Board Standard No. 1 and discussed with the independent auditor its independence; and

approved a policy authorizing the Audit Committee Chair to pre-approve permitted non-audit services to be performed by the independent auditor and considered whether the provision of non-audit services is compatible with maintaining the independent auditor's independence.

Management, under the oversight of the Audit Committee, is responsible for establishing a system of internal control over financial reporting and for preparing the Company's financial statements and reports in accordance with generally accepted accounting principles. The independent auditor is responsible for auditing the financial statements in accordance with the standards of the Public Company Accounting Oversight Board and issuing a report based on that audit. The Audit Committee relies on the work and assurances of management, including the internal audit department and the independent auditor, who express an opinion on the conformity of Mirant's annual financial statements to generally accepted accounting principles.

Section 16(a) Beneficial Ownership Reporting Compliance

Edgar Filing: MIRANT CORP - Form DEF 14A

Section 16(a) of the Securities Exchange Act of 1934 requires Mirant directors and executive officers to file reports with the SEC showing their holdings of and transactions in Mirant securities. It is generally the practice of the Company to file the forms on behalf of these directors and executive officers. Based on a review of such reports, Mirant believes that all such forms have been timely filed for 2005.

Compensation Committee Report

Edgar Filing: MIRANT CORP - Form DEF 14A

The Compensation Committee is responsible for establishing and administering the compensation and benefits programs for Mirant's top executives. The Compensation Committee reviews and approves compensation for Mirant's Chief Executive Officer (subject to ratification by the Board's independent directors) and reviews and approves compensation for any corporate Senior Vice President or above, including salary, short-term and long-term incentives, stock compensation and any other executive benefits. The Committee also reviews and approves performance measures in the short-term and long-term incentive plans and provides oversight and guidance in the development of compensation and benefit programs for all employees of the Company.

The Committee has retained Hewitt Associates to provide advice on compensation levels and expertise on compensation strategy and program design.

Compensation Philosophy

Edgar Filing: MIRANT CORP - Form DEF 14A

In determining the compensation for Mirant's executive officers in 2005, the Compensation Committee's main focus was creating a pay for performance culture and ensuring that the Company's programs achieve the following objectives through a combination of fixed and variable compensation:

Providing a total compensation opportunity that is consistent with market practices and that provides competitive compensation, enabling Mirant to attract and retain qualified executives;

Motivating employee performance by creating a direct link between the compensation payable to each executive officer and the financial performance of Mirant; and

Creating a further link between the interests of the stockholders and the interests of executives.

While Mirant was in bankruptcy from July 2003 through December 2005, Mirant suspended its long-term incentive program and did not grant any such incentives to its executives during that time.

Since Mirant's emergence from bankruptcy in 2006, the Compensation Committee has reintroduced this common interest between Mirant's executive officers and its stockholders through the use of stock options and other stock awards that link a significant portion of each executive officer's compensation opportunity directly to the value of Mirant's common stock.

Components of Compensation

Mirant utilizes base salary, short-term incentives, long-term incentives and benefits as components of the total compensation package. The availability and level of offering are defined primarily by the market prevalence of the offering and the overall market value of the programs, to ensure Mirant's competitiveness in order to attract and retain our executives.

The Compensation Committee annually reviews Mirant's compensation policies and programs in light of this philosophy and competitive practices.

Base Salary

The Committee establishes the base salary of each executive officer by comparison to competitive market levels for the executive's job function. A compensation comparison was conducted utilizing a broad group of companies (60-70) of comparable size to Mirant, including specific competitors. Mirant believes it competes with this group of companies for the services of talented employees.

As a whole, Mirant's base salaries generally approximate the median level of such competitive rates and may be adjusted based on individual performance. Salaries are reviewed at regular intervals, approximately annually, in order to maintain competitive market levels of compensation.

Edgar Filing: MIRANT CORP - Form DEF 14A

In September 2005, prior to its emergence from bankruptcy, Mirant hired Edward R. Muller as its Chief Executive Officer. Shortly thereafter, the Company replaced most of its existing senior management. In doing so, the Company paid from the 50th to the 75th percentile in base salaries with substantial long-term incentive grants in order to attract the caliber of talent needed to execute a demanding business plan.

Short-Term Incentive

Edgar Filing: MIRANT CORP - Form DEF 14A

The short-term incentive program is a performance-based, goal-driven plan that gives participants the opportunity to earn annual cash bonuses relative to their specific target bonus, as a percentage of base salary.

For 2005 the Committee established annual bonus targets based on two corporate performance measures in line with the Company's business plan. The two corporate goals applicable to all bonus-eligible U.S. employees were: (1) Mirant's earnings before interest, taxes, depreciation and amortization (EBITDA), and (2) Mirant's year-end cash from operations less capital expenditures. These measures were the primary determinants of each employee's total bonus opportunity. Performance targets associated with a range of bonus payouts were established for each goal. Additionally, environmental, safety and health performance was to be considered. These goals and targets were established to focus management on the business metrics considered critical to Mirant's success in another very challenging year. Individual performance was the secondary factor in determining the amount of each individual's bonus opportunity.

The target annual incentives are set at the median level of competitive rates. When combined with base salary, executives are positioned to earn approximately the median total cash compensation when compared to the competitive market. The maximum payout of the short-term incentive plan is two times the individual target award and is intended to reward what is considered exceptional performance. In a year when performance warrants a short-term incentive payout greater than target, the executive's cash compensation will be above market median and may be closer to the 60th to 75th percentile. In 2005 the percentage of an employee's target bonus that was based on the corporate performance increased with his or her level in the corporation. At the senior executive level, more than 80% of an individual's bonus is based on corporate performance. In addition to the corporate goals, each employee's target bonus has a portion based on his or her individual goals.

Based on the above goals, the Compensation Committee evaluated Mirant's performance for 2005. The Chief Executive Officer and the Compensation Committee evaluated Mirant's performance against the previously stated corporate goals, and management recommended, and the Committee approved, a corporate bonus payout for employees of 68% of target under the predefined plan.

A breakdown of the percentage of total bonus dollars paid to various employee groups for 2005 is shown below:

Executive Officers	4.0%
Other Mirant Officers	9.0%
Other employees	87.0%

Long-Term Incentives

Edgar Filing: MIRANT CORP - Form DEF 14A

No long-term incentives had been granted to employees since March 2003. In January 2006 Mirant reintroduced this competitive component of pay. Long-term incentives are a very powerful compensation tool in directly linking the interests of executives with those of our stockholders.

Mirant utilized stock options and restricted stock in its 2006 long-term incentive grant. In determining to use such vehicles, the Company weighed the performance-related attributes and the perceived value of such grants relative to the compensation expense. In determining the eligibility for and size of grants, the Company determined to use the 50th percentile market equivalent economic value for employees where long-term incentives are a prevalent component of pay. In addition, in conjunction with the Company's emergence from bankruptcy, a small group of executives and other employees received a long-term incentive grant that was in excess of the market-equivalent. This increased grant was intended to further align the compensation of these individuals with stockholders, in addition to motivating and rewarding long-term performance.

Stock options and restricted stock were granted to eligible employees and delivered on two separate dates, one 10 days after emergence from bankruptcy and the other 45 days after emergence from bankruptcy. The grant, in total, comprises the 2006 long-term incentive grant, and the timing was intended to help mitigate the impact of any potential volatility of the newly traded stock.

Options were granted at fair market value. Both options and restricted stock vest 33-1/3% ratably over three years unless otherwise stipulated in an employment agreement. The majority of the 2006 long-term incentive grants for newly hired executives vest 25% at 6, 12, 24 and 36 months. However, for these recently hired executives, all restricted stock units are deferred until termination.

As a result of these long-term incentive grants, approximately 3,150,000 shares (less than 1% of our common shares outstanding) were issued to approximately 265 employees.

Benefits

Edgar Filing: MIRANT CORP - Form DEF 14A

In addition to Mirant's Savings Plan (a 401(k) and profit sharing plan that covers eligible U.S. employees), the senior executives also participate in a non-qualified supplemental benefit plan. The plan is considered market-competitive and is intended to compensate for the Internal Revenue Service limitations of salary in the qualified 401(k) plan. A non-qualified deferred compensation plan will be available to senior executives in April 2006 for deferrals of base and short-term incentive compensation.

Perquisites

Edgar Filing: MIRANT CORP - Form DEF 14A

Mirant provides a perquisite allowance to the Chief Executive Officer and certain other officers. The allowance is intended to be used by these officers to pay for tax or financial/estate planning. At the highest level, it might also include an amount for membership in a business club. The amounts range from \$9,000 to \$21,000 per annum and are fully taxable to the officers.

Retention Compensation

Edgar Filing: MIRANT CORP - Form DEF 14A

During the bankruptcy process and in order to stabilize business operations during the Company's restructuring, the Company implemented a Key Employee Retention Program (KERP), which was approved by the bankruptcy court in January 2004. The KERP provided for retention incentive payments equal to a certain percentage of an eligible employee's base salary, which ranged from 40-100%. This program included individual contributors and key

management. For officer-level participants, the payments were made on three dates timed with key milestones in the bankruptcy case and included a performance mechanism. The last payment to executives was made in January 2006 when the Company emerged from bankruptcy. No subsequent payments will be made under the KERP.

Executive Severance

Edgar Filing: MIRANT CORP - Form DEF 14A

Mr. Muller replaced Ms. Fuller as Chief Executive Officer in September 2005, and Ms. Fuller received severance pay at that time. As the Company prepared to emerge from bankruptcy, there was a further restructuring of many of its management positions in late 2005 and early 2006. As part of this process, Ms. Burns, Mr. Morgan, and Mr. Miller left the Company and received severance pay.

Compensation of the Chief Executive Officer

Edgar Filing: MIRANT CORP - Form DEF 14A

Base Salary

Mr. Muller joined Mirant on September 30, 2005 and serves as Mirant's Chairman, President and Chief Executive Officer. During 2005 Mr. Muller's base salary was \$1,000,000 per annum. This amount remains unchanged for 2006.

Short-term Incentive

Mr. Muller's target bonus is 100% of base salary, or \$1,000,000, as agreed upon in his employment agreement. For 2005 this amount was pro-rated and paid at target.

Long-term Incentives

Pursuant to the terms of his employment agreement, Mr. Muller received a long-term incentive grant in 2006 with an economic value of \$12,000,000. This award consisted of 2/3 stock options and 1/3 restricted stock units. The restricted stock will not be paid until termination of employment.

Policy Pursuant to Section 162(m) of the Internal Revenue Code

Edgar Filing: MIRANT CORP - Form DEF 14A

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally denies a publicly traded company a federal income tax deduction for compensation in excess of \$1 million paid to certain of its executive officers unless the amount of such excess is payable based solely upon the attainment of objective performance criteria. Mirant has undertaken to qualify substantial components of the incentive compensation it makes available to its executive officers for the performance exception to non-deductibility. However, in appropriate circumstances, it may be necessary or appropriate to pay compensation or make special incentive or retention awards that do not meet the performance based exception and therefore may not be deductible by reason of Section 162(m). In 2005, no compensation over \$1M was deductible under the provisions of Section 162(m).

Executive Compensation

Employment Contracts

Mirant has entered into employment agreements with certain of the executive officers named in the Summary Compensation Table. The compensation provided for in each employment agreement is discussed below. Amounts are paid immediately if the employee dies, becomes disabled, or is terminated without cause. The Board has sole responsibility for administering these agreements.

Edward R. Muller Employment Agreement

Effective September 30, 2005, Mirant entered into an employment agreement with Mr. Muller. This agreement provides for compensation and benefits during the three-year term of the agreement, with automatic successive one-year renewals. Under the terms of the agreement, Mr. Muller's base salary is \$1 million per year, and the Board evaluates Mr. Muller's compensation annually. In addition, Mr. Muller's target bonus level during the term of his employment will be no less than 100% of base salary with a maximum of two times the target. Upon emergence from Chapter 11, Mr. Muller received a long-term incentive grant with an aggregate economic value of \$12 million which was granted as a combination of stock options and restricted stock. Beginning with fiscal year 2007 and for each year thereafter, Mr. Muller is eligible to receive additional equity-based compensation under Mirant's long-term incentive plan in effect at the time of such award.

In the event Mr. Muller is terminated by Mirant without cause (as defined in the Agreement), he will receive two times his base salary plus two times his target bonus. If he is terminated in conjunction with a change of control, Mr. Muller will receive three times his base salary plus three times his target bonus or his actual annual bonus for the year preceding a change in control, if higher than target.

S. Marce Fuller Separation Agreement and Release of Claims

Effective December 30, 2004, Mirant entered into a Separation Agreement and Release of Certain Claims with Ms. Fuller. In general, the agreement provided for the payment by Mirant of a lump sum separation payment to Ms. Fuller of \$3.4 million upon the termination of Ms. Fuller's active employment with Mirant. In addition, the agreement provided that Ms. Fuller would be paid her 2004 short-term incentive at her target incentive amount of \$850,000. In exchange, Ms. Fuller released all rights and claims under her change in control agreement with Mirant, which would have provided severance protection of three times her base salary and bonus.

The terms of the agreement were approved by the bankruptcy court and were agreed to by all of Mirant's bankruptcy committees. Ms. Fuller was not covered under the KERF.

In October 2005 Mirant entered into an agreement pursuant to which Ms. Fuller was paid a pro-rated short-term incentive payment of \$637,500 related to her employment with the Company through September 30, 2005.

Ms. Fuller did not have an employment agreement.

M. Michele Burns Employment Agreement

Effective April 14, 2004, Mirant entered into an employment agreement with M. Michele Burns. This agreement provided for compensation and benefits during the three-year term of the agreement, commencing on May 1, 2004. Under the terms of the agreement, Ms. Burns' base salary was \$600,000 a year and Mirant was to evaluate her compensation on a yearly basis. In addition, Ms. Burns' target bonus level during the term of her employment was no less than 75% of her base salary with a maximum of two times her target. Upon joining Mirant in May 2004, Ms. Burns received a make-whole payment of \$1.5 million. Ms. Burns received a make-whole payment of \$1,000,000 on April 1, 2005 and, contingent on her continued employment, was to receive an additional make-whole payment of \$500,000 on April 1, 2006. Upon emergence from Chapter 11, Ms. Burns received a bonus of \$1,200,000. Retention bonuses in the amount of \$500,000 each were to have been awarded on April 1, 2006 and April 1, 2007. Additionally, Ms. Burns was eligible to receive the equivalent of her base salary under the same terms as those in place for the

KERP.

On November 2, 2005, Ms. Burns entered into a memorandum of understanding to clarify the interpretation of certain provisions of her existing employment agreement. Ms. Burns resigned as Chief Financial Officer of the Company on November 15, 2005. Under this memorandum, Mirant agreed that Ms. Burns' resignation as Chief Financial Officer triggered a Good Reason clause in her contract and thus she was paid severance of two times her base salary and target bonus. All outstanding retention and make-whole payments also were paid in addition to her pro-rated 2005 short-term incentive, at target. Ms. Burns' employment with Mirant terminated effective January 6, 2006.

Curtis A. Morgan Employment Agreement

Effective September 1, 2003, Mirant entered into an employment agreement with Curtis A. Morgan. This agreement provided for compensation and benefits during the two-year term of the agreement. Under the terms of the agreement, Mr. Morgan's base salary was at least \$360,000 a year and Mirant was to evaluate Mr. Morgan's compensation on a yearly basis. In addition, Mr. Morgan's target bonus was 65% of base salary with a maximum of two times the target. Mr. Morgan received lump sum retention bonuses of \$50,000 each on January 1, 2004 and May 1, 2004. Mr. Morgan also was eligible to receive lump sum retention bonuses of \$50,000 on September 1, 2004 and \$100,000 on January 1, 2005, which he waived as part of his inclusion in the KERP. Mr. Morgan's employment with Mirant terminated effective January 3, 2006.

Douglas L. Miller Employment Agreement

Effective October 1, 1999, Mirant entered into an employment agreement with Douglas L. Miller which expired on October 1, 2004. This agreement provided for compensation and benefits during its five-year term. Under the terms of the agreement, because Mr. Miller was still employed by the Company on September 30, 2004, his retirement payments will be calculated with five years of additional service included in the pension and supplemental executive retirement plan calculations.

Key Employee Retention Program

In September 2004, the Company entered into a Key Employee Retention Program and Change in Control Release Agreements with Mr. Booker, Mr. Miller and Mr. Morgan.

In general, these Agreements provided for the waiver and termination of any change in control rights and agreements that the employee may have had against the Company in exchange for the employee's participation in the KERP and the KERP Enhanced Severance Program. The Agreements also provided for the waiver of any previously awarded retention or severance benefits and of any administrative claims that the employee may have had on account of any retention agreement, employment agreement, severance agreement or other employee benefit plan.

As part of the Agreements, each of the above named executive officers became eligible for the KERP Enhanced Severance Program for one year after emergence from Chapter 11. In the event of a termination without cause, including a constructive termination, each was eligible for a severance payment equal to 24 months' base salary plus target short-term incentive and 24 months of medical benefits.

Change In Control Arrangements

Mr. Muller has a change in control arrangement as part of his employment contract, the terms of which are described above under Edward R. Muller Employment Agreement .

Compensation Committee Interlocks and Insider Participation

There are no Compensation Committee interlocks or insider participation in compensation decisions.

Pension Plan Table

Edgar Filing: MIRANT CORP - Form DEF 14A

The following table shows the estimated annual pension benefit payable (rounded to \$000) at normal retirement age (65) under Mirant's qualified pension plan, non-qualified pension plans and pension-related contracts, based on the stated compensation (rounded to \$000) and years of Accredited Service with Mirant's subsidiaries.

Average Annual Compensation	Annual Years for Years of Service Indicated				
	10	15	20	25	30
\$ 250,000	\$ 40,700	\$ 60,550	\$ 80,400	\$ 100,750	\$ 120,400
500,000	83,200	124,300	165,400	207,000	247,900
750,000	125,700	188,050	250,400	313,250	375,400
1,000,000	168,200	251,800	335,400	419,500	502,900
1,250,000	210,700	315,550	420,400	525,700	630,400
1,500,000	253,200	379,300	505,400	632,000	757,900
1,750,000	295,700	443,050	590,400	738,250	885,400

Pension benefits are calculated using a final average pay formula and are based on a single life annuity without reduction for joint and survivor annuities. Compensation for pension purposes is limited to the average of the highest three (five for Mr. Miller) of the final 10 years compensation. For Ms. Fuller, compensation is base salary plus the excess of short-term incentive compensation over 10 percent of base salary. For the other executive officers listed in the Summary Compensation Table, it is base salary plus the excess of short-term incentive compensation over 15 percent of base salary. Accredited service at December 31, 2005, is as follows: Mr. Miller 5.6 years; and Mr. Booker 29.3 years. A reduced benefit formula applies to Mr. Miller and his service for benefit calculation purposes was frozen on April 2, 2001. Accredited service for Ms. Fuller at October 1, 2005 is 20.3 years. Mr. Muller, Ms. Burns and Mr. Morgan are excluded from the table because they are not eligible to receive a defined benefit pension; they are covered under a defined contribution program.

In 2002 and 2003 the Company purchased individual annuity contracts for certain employees who were eligible for non-tax qualified pension plans and met certain age, years of service and benefit requirements. These annuities provide the same after-tax benefit at retirement and offset amounts otherwise payable by the Company under existing non-tax qualified pension plans. They are not intended to increase a participant's pension benefit.
