(the Company) for use at the Annual General Meeting of Shareholders (Shareholders Meeting) to be held at the Company offices, Weizmann Science Park, Building 22, Einstein St., Ness Ziona, Israel, on August 31, 2006 at 17:00 local time in Israel and at any adjournments thereof.

Record Date

Only shareholders of record as of August 1, 2006, the record date fixed by the Company, are entitled to attend the meeting and vote either in person or by proxy. As of June 30, 2006, there was an aggregate of approximately 15,482,343 ordinary shares of the Company, par value NIS 0.01 per share (Ordinary Shares), outstanding and entitled to vote.

Voting Procedures, Revocation of Proxy

Subject to the alternative procedures set forth in the next paragraph, all shareholders who are unable to attend the Shareholders Meeting in person are requested to complete, date and sign the enclosed form of proxy and return it promptly in the pre-addressed envelope provided. If your shares are held in street name (meaning in the name of a bank, broker or other record holder), you must either direct the record holder of

your shares on how to vote your shares or obtain a legal proxy from the record holder to vote the shares at the Shareholders Meeting on behalf of the record holder as well as a statement from such record holder that it did not vote such shares. In order for these shares to be counted, a duly executed proxy must be received by the Company's Transfer Agent or by the Company, at its Registered Offices, no later than 48 hours prior to the meeting, that is on or before August 29, 4:59 p.m., local time. Shares represented by proxy received after such time will not be counted. Any such proxy may be revoked by such holders at any time before it is exercised by: (i) delivering written revocation or a later dated proxy to Mr. Dror David, Chief Financial Officer of the Company; or (ii) attending the Shareholders Meeting and voting in person.

3

The Company has named Dr. Giora Dishon and Mr. Dror David or each of them acting independently, as proxy.

Alternatively, all shareholders who are unable to attend the Meeting in person can complete, date and sign the second part of the form of Hebrew Written Ballot available on the following websites www.magna.isa.gov.il, <http://mava.tase.co.il> or at the Company's offices (at the address in the beginning of this Notice) with respect to Proposals No. 3 through No. 15 (in accordance with the Israeli Companies Regulations (Proxy Forms and Opinion Notices) of 2005), at their earliest convenience. At your request, the Company will provide you with a form of Hebrew Written Ballot without consideration. In order for shares voted using the Hebrew Written Ballot to be counted, a duly executed Hebrew Written Ballot must be received at the Company's address listed above no later than 72 hours prior to the meeting, that is on or before August 28, 4:59 p.m., local time. Shares represented by any Hebrew Written Ballot received after such time shall not be counted. You may withdraw or cancel your Hebrew Written Ballot no later than 24 hours before the Meeting by your written application to the Company's offices, at Nova Measuring Instruments Ltd., P.O.B. 266, Rehovoth 76100, Israel, for such withdrawal or cancellation, and providing proof of your identity to the satisfaction of the Company's secretary or another employee appointed for that purpose. In this event you may only vote your shares during the Meeting. (Hereafter, the Hebrew Written Ballot and proxy shall be referred to, collectively, as the proxy).

Record holders of the Company's shares who vote their shares by proxy must also provide the Company with a proof of the identity of the record holder (copy of their certificate of incorporation or organization or formation, or good standing or similar certificate from the jurisdiction in which the record holder is organized, copy of their identity card, copy of their passport or other proof), as the case may be. Holders of the Company's ordinary shares who hold their shares through a member of the Tel-Aviv Stock Exchange (the Nominee Company of Hapoalim Bank Ltd.) and intend to vote their shares either in person or by proxy must deliver to the Company an ownership certificate confirming their ownership of the Company's ordinary shares on the record date, which certificate must be approved by a recognized financial institution, as required by the Israeli Companies Regulations (Proof of Ownership of Shares for Voting at General Meeting) of 2000, as amended. Such certification of ownership may be received at a branch of a member of the Tel-Aviv Stock Exchange, or by mail, as requested. A request to this effect shall be sent in advance to a specific securities account.

Subject to the Israeli Companies Regulations (Proxy Forms and Opinion Notices) of 2005, holders of the Company's ordinary shares traded on the Tel Aviv Stock Exchange through a member of the Stock Exchange are entitled to notification by email, free of charge, of the link to the site with the text of the proxy statement and opinion notices, from the member of the Stock Exchange through whom he or she holds his/her shares, unless he/she notified the member of the Stock Exchange that he/she is not interested in receiving the web link, or wishes instead to receive the proxy statement by regular mail, for consideration. The aforementioned notice with respect to proxy statements shall apply also with respect to opinion notices (described below under Shareholders' Proposals, Opinion Notices).

4

Quorum and Required Majority

At least two shareholders, present in person or by proxy, and holding or representing, in the aggregate, at least one-third (33.33%) of the issued and outstanding voting shares, will constitute a quorum at the Shareholders Meeting. If no quorum is present within a half hour after the time appointed for the holding of the Shareholders Meeting, the Shareholders Meeting will stand adjourned to the same day in the following week at the same time and place. If a quorum is not present within a half hour after the appointed time at the adjourned meeting, the presence of any number of shareholders attending in person or by proxy will constitute a quorum.

With respect to Proposal No. 3, Proposal No. 5 and Proposals No. 7 through 15, the affirmative vote of at least a majority of the votes of shareholders participating in the voting at the Meeting in person or by proxy is required to constitute approval.

The affirmative vote of at least a majority of the votes of shareholders participating in the voting at the Meeting in person or by proxy is required to constitute approval of Proposal No. 4, the Election of One External Director, provided, that (i) the majority vote must include at least one third (1/3) of the total votes of shareholders which are not controlling shareholders and that voted in person or by proxy in connection with the proposal; or (ii) the total number of shares of the shareholders mentioned in clause (i) above that are voted against the proposal does not

exceed one percent (1%) of the total voting rights in the Company.

Each shareholder that delivers a signed proxy to the Company must indicate on the appropriate place on the proxy whether or not that shareholder is a controlling shareholder in connection with the approval of Proposal No. 4. The shares of Shareholders who do not so indicate will not be counted among the votes with regard to such resolution.

Under the Companies Law of 1999 (the Companies Law), control means: the ability to direct the activity of a corporation, excluding an ability deriving merely from holding an office of director or another office in the corporation, and a person shall be presumed to control a corporation if he holds half or more of the means of control of the corporation. Means of control of a corporation means: any of the following: (i) the right to vote at a general meeting of a company or a corresponding body of another corporation; or (ii) the right to appoint directors of the corporation or its general manager .

5

The affirmative vote of at least seventy-five percent (75%) of the shares represented and voted at the Shareholders Meeting in person or by proxy is required to constitute approval of Proposal No. 6, Proposal to Approve the Amendments to the Articles of Association of the Company.

If a shareholder fails to vote by proxy or in person with regard to a specific proposal or if a shareholder does not indicate whether or not he or she has a controlling interest in the approval of Proposal No. 4, the shares represented by such proxy or owned by such shareholder will be deemed not to have been cast for the purpose of the approval of such proposal and, accordingly, the practical effect will be to reduce the number of affirmative votes required to constitute approval of the proposal. Further, if a written proxy is signed by a shareholder and returned without instructions, the ordinary shares represented by the proxy will be deemed to have voted ABSTAIN with respect to all of the proposals set forth herein. Broker non-votes will be considered abstentions. Abstentions will be deemed as neither a vote FOR nor AGAINST the proposal considered at the Shareholders Meeting, although they will be counted in determining whether a quorum is present.

The Board of Directors knows of no matter other than those set forth below and in the accompanying Notice of Annual General Meeting of Shareholders to be presented at the Shareholders Meeting. If any other matter upon which a vote may properly be taken should be presented at the Shareholders Meeting, Ordinary Shares represented by all proxies received by the Board of Directors will be voted with respect thereto in accordance with the judgment of the persons named as proxy.

All of the shareholders of the Company have the same voting rights.

Shareholders Proposals, Opinion Notices

The Companies Law provides that with regard to those matters which may be voted upon via a proxy card, the Board of Directors or any shareholder has the right to address the Company's shareholders in writing, through the Company, in an attempt to influence the manner in which the shareholders will vote with regard to any proposal (an Opinion Notice). Regulations promulgated under the Companies Law provide that any shareholder who desires to send an Opinion Notice must do so no later than ten (10) days after the record date. Accordingly, any Opinion Notice must be submitted to the Company no later than August 11, 2006. The Company may respond to such opinion notice no later than August 17, 2006.

The Company will make all Opinion Notices which have been submitted in a timely manner available to the public through one of the following websites www.magna.isa.gov.il, <http://maya.tase.co.il> or www.sec.gov. Copies of such Opinion Notices may also be obtained for no charge at the Company's offices (at the address at the beginning of this Proxy Statement). The Company will also send to each record holder a copy of each Opinion Notice timely submitted to it no later than five (5) days after receiving such Opinion Notice. The Company will be entitled to reimbursement from the shareholder who provided such Opinion Notice for reasonable costs incurred in sending the Opinion Notice to the shareholders provided that such fees shall not exceed NIS 200 (approximately \$40), if the requesting shareholder holds shares of the Company having a value of NIS 10,000 or more (determined according to the closing price of each ordinary share on the day immediately preceding the record date).

The Board of Directors, in applying the above-reference standards, has affirmatively determined that all directors other than Giora Dishon, Moshe Finarov and Avi Kerbs are an independent director of the Company. Accordingly, a majority of the members of the Company's Board of Directors have been determined to meet the applicable standards for independence.

ITEM NO. 6

**PROPOSAL TO APPROVE THE AMENDMENTS TO THE
ARTICLES OF ASSOCIATION OF THE COMPANY, WITH RESPECT
TO EXEMPTION FROM LIABILITY, INSURANCE AND INDEMNITY,
IN ORDER TO ENSURE THAT THE ARTICLES COMPLY WITH
AMENDMENT NO. 3 TO THE COMPANIES LAW 1999**

In March 2005, an amendment to the Companies Law entered into force, amended, among other things, the provisions of the Companies Law regarding the grant of insurance, indemnity and exemption to directors and officers. Such provision, among other things, alter the scope of permissible indemnifications, and the events for which the Company may undertake, in advance, to indemnify its directors and officers.

The Companies Law provides for specific language to be included a company's articles of association and letter of indemnification as a condition for such documents to comply with its provisions. Without such language, the company cannot offer insurance, indemnification and exemption for liability of directors and officers.

Chapter F of the Company's Articles of Association deals with directors' and officers' exemption, indemnification and liability insurance. The proposed amendments to Chapter F are being introduced for the purpose of compliance with the provision of the Companies Law as amended, and common corporate practice in Israel with respect to indemnification and exemption of liability of directors and officers.

Below are the proposed amendments to Chapter F of the Company's Articles of Association:

1. Article 8.2 Instead of:

To indemnify an officer of the Company for a debt or expense specified in this Article 8.2 below, which was imposed on him as a result of an act which he performed in his capacity as an officer:"

23

shall be as follows:

Indemnify an officer of the Company for an obligation or expense specified in this Article 8.2.1 below, which was imposed on him or which he spent as a result of an act which he performed in his capacity as an officer:"

A monetary debt imposed on him for the benefit of another person under a judgment, including a compromise settlement judgment or an arbitrator's decision which was approved by a court.

shall become Article 8.2.1(a).

3. Add new Article 8.2.1(b) as follows:

Reasonable litigation expenses, including attorney's fees, which the officer incurred due to an investigation or procedure conducted against him by an authority authorized to conduct such an investigation or procedure, provided that such an investigation or procedure concluded without the filing of an indictment against the officer and without imposition of a monetary liability in lieu of criminal proceedings, or that such an investigation or procedure concluded without the filing of an indictment against the officer but the officer is imposed with a monetary liability in lieu of criminal proceedings that the offense in question does not require proof of *mens rea*. In this Section- the conclusion of a procedure without the filing of indictment in an issue in which a criminal investigation began and monetary liability in lieu of criminal proceedings - as their meaning in Section 260(A)(1a) to the Companies Law.

4. Replace Article 8.2.2, that states

Reasonable litigation expenses, including attorneys' fees, which the officer incurred or for which he was obligated by a court, in a proceeding instituted against him by the Company or in its name or by another person, or in a criminal indictment of which he is acquitted, or in a criminal charge of which he is convicted provided that the offense or offenses in which he is convicted require mens rea of negligence or strict liability.

with Article 8.2.1(c) as follows:

Reasonable litigation expenses, including attorney's fees, which the officer incurred or for which he was obligated by a court, in a proceeding filed by the Company or in its name or by another person against him, or in criminal proceedings of which he was acquitted, or in criminal proceedings in which he was convicted, provided that the offense in which he was convicted does not require proof of mens rea.

24

5. Replace Article 8.2.3, that states:

To obligate in advance to indemnify an officer, provided that the obligation shall be limited to the types of events which, in the view of the Board of Directors, may be foreseen at the time the obligation to indemnify is undertaken, and in an amount determined by the Board of Directors which shall be reasonable in the circumstances.

with the following new Article 8.2.2:

The Company may obligate in advance to indemnify an officer, as follows:

(a) as specified in Article 8.2.1(a), provided however, that the obligation shall be limited to the events which, according to the Board of Directors' opinion, are foreseen in light of the Company's actual activities at the time of granting the obligation to indemnify, and to an amount or criteria that the Board of Directors deems reasonable under the circumstances, and that in the obligation to indemnify the events which, according to the Board of Directors' opinion are foreseen in light of the Company's actual activities at the time of granting the obligation to indemnify, and the amount or criteria that the Board of Directors deems reasonable under the circumstances shall be specified.

(b) as specified in Article 8.2.1(b) and in Article 8.2.1(c).

6. Replace Article 8.2.4, that states

Without derogating from the provisions of Article 8.2.3 above, to indemnify an officer after the occurrence of an event which is to be indemnified.

with the following Article 8.2.3:

The Company may indemnify an officer, as specified in Articles 8.2.1(a), 8.2.1(b) and 8.2.1(c) after the occurrence of such event which is to be indemnified.

7. Existing Article 8.3, that states

The Company may exempt an officer in advance from his liability, in part or in whole, for damages resulting from breach of the officer's duty of care with respect to the Company.

shall become Article 8.3(a).

8. New 8.3(b) shall be added as follows:

Notwithstanding Article 8.3(a) above, the Company may not exempt a Director in advance from his liability toward the Company due to the breach of duty of care in the event of a distribution, as defined in the Companies Law.

NOVA MEASURING INSTRUMENTS LTD.

We have audited the accompanying consolidated balance sheets of Nova Measuring Instruments Ltd. (the "Company") and its subsidiaries as of December 31, 2004 and 2003, and the related consolidated statements of operations, shareholders' equity and comprehensive loss and cash flows for each of the three years in the period ended December 31, 2004. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control of financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 15, the Company has restated its consolidated financial statements as of December 31, 2004.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Company and its subsidiaries as of December 31, 2004 and 2003, and their consolidated results of operations and cash flows for each of the three years in the period ended December 31, 2004, in conformity with accounting principles generally accepted in the United States of America.

NOTE 1 GENERAL

A. Business Description

Nova Measuring Instruments (the Company) was incorporated in May 1993 and commenced operations in October 1993 in the design, development and production of integrated process control systems, used in the manufacturing of semiconductors. In October 1995, the Company began manufacturing and marketing its systems. In addition, the Company is continuing research and development for the next generation of its products and additional applications for such products. The Company operates in one operating segment.

The Company has wholly owned subsidiaries in the United States of America (the U.S.), Japan, The Netherlands and Taiwan. All companies (the subsidiaries) are engaged in pre-sale activities and providing technical support to customers.

The industry in which the Company operates is characterized by rapid technological development in a competitive environment. Substantially most of the Company's current sales are derived from a single product line for use exclusively by the semiconductor industry, whose business is highly cyclical. The Company depends on a limited number of suppliers, and at times a sole supplier. Any disruption or termination of the suppliers' operations may adversely affect the Company's production capabilities. In addition, certain of the Company's development projects are in the early stages and there can be no assurance that these projects will be successful.

The ordinary shares of the Company are traded on the NASDAQ National Market System since April, 2000. The ordinary shares are also traded on the Tel-Aviv Stock Exchange, since June, 2002.

B. Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared in accordance with generally accepted accounting principles (GAAP) in the United States of America.

The following is a summary of the significant accounting policies, which were applied in the preparation of these financial statements, on a consistent basis:

NOVA MEASURING INSTRUMENTS LTD.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
(in thousands, except share and per share data)

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (Cont.)

A. Financial Statements in U.S. Dollars

The currency of the primary economic environment in which the operations of the Company and its subsidiaries are conducted is the U.S. dollar (the "dollar"). Accordingly, the Company uses the dollar as its functional and reporting currency. Certain of the dollar amounts in the financial statements may represent the dollar equivalent of other currencies, including the New Israeli Shekel ("NIS"), and may not be exchangeable for dollars.

Transactions and balances denominated in dollars are presented at their dollar amounts. Non-dollar transactions and balances are remeasured into dollars in accordance with the principles set forth in Statement of Financial Accounting Standards ("SFAS") No. 52, "Foreign Currency Translation," of the Financial Accounting Standards Board ("FASB"). Net financing income includes translation gains (losses), which were immaterial for all years presented.

B. Principles of Consolidation

The Company's financial statements include the financial statements of the Company and its subsidiaries (the "Group") after elimination of material intercompany transactions and balances.

C. Cash and Cash Equivalents

Cash and cash equivalents are comprised of cash and demand deposits in banks and other short-term, highly liquid investments (primarily interest-bearing time deposits and commercial papers) with maturity dates not exceeding three months from the date of deposit.

D. Allowance for Doubtful Accounts

The allowance for doubtful accounts is recorded on the specific identification basis. No allowance was deemed necessary by management.

E. Held-to-Maturity Securities

Securities held to maturity include investments in debt securities that the Company has positive intent and ability to hold to maturity. Securities held to maturity are measured at amortized cost.

F. Inventories

Inventories are presented at the lower of cost or market. Cost is determined as follows:

Raw materials on the average cost basis.

Finished products and work in process at actual cost (materials, labor and indirect manufacturing costs).

NOVA MEASURING INSTRUMENTS LTD.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
(in thousands, except share and per share data)

NOTE 2 -SIGNIFICANT ACCOUNTING POLICIES (Cont.)**G. Fixed assets**

Fixed assets are presented at cost, net of accumulated depreciation.

Annual depreciation is calculated based on the straight-line method over the shorter of the estimated useful lives of the related assets or terms of the related leases. Annual depreciation rates are as follows:

	%
Electronic equipment	20-33
Office furniture and equipment	6-15
Leasehold improvements	20

In accordance with SFAS No. 144, *Accounting for Impairment or Disposal of Long-Lived Assets* of the FASB, which supercedes SFAS No. 121, management reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable based on estimated future undiscounted cash flows. If so indicated an impairment loss would be recognized for the difference between the carrying amount of the asset and its fair value.

H. Accrued Warranty Costs

Accrued warranty costs are calculated in respect of the warranty period on the Company's products (generally one year) and are based on the Company's prior experience and in accordance with management's estimate. See Note 5B for disclosure with regard to accrued warranty costs.

I. Revenue Recognition

The Company recognizes revenues upon the shipment of its products to the customer provided that persuasive evidence of an arrangement exists, title has transferred, the price is fixed, collection of resulting receivables is probable and there are no remaining significant obligations.

In cases of arrangements with multiple deliverables, revenue is typically recognized upon shipment, if collection of the resulting receivable is probable, the fee is fixed or determinable, and vendor-specific objective evidence exists to allocate a portion of the total fee to any undelivered elements of the arrangement. Such undelivered elements in these arrangements typically consist of services and/or upgrades. If vendor-specific objective evidence does not exist for the undelivered elements of the arrangement, all revenue is deferred until such evidence does exist, or until all elements are delivered, whichever is earlier.

Service revenues consist mainly of revenue from maintenance contracts and are recognized ratably over the contract period.

J. Research and Development

Research and development costs are charged to operations as incurred. Amounts received or receivable from the Government of Israel through the Office of the Chief Scientist (OCS) as its participation in certain research and development projects are offset against the Company's research and development costs. The accrual for grants receivable is determined based on the terms of the programs, provided that the criteria for entitlement have been met.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (Cont.)**K. Income Taxes**

The Group accounts for income taxes utilizing the asset and liability method in accordance with SFAS No. 109, *Accounting for Income Taxes* of the FASB. Current tax liabilities are recognized for the estimated taxes payable on tax returns for the current year. Deferred tax liabilities or assets are recognized for the estimated future tax effects attributable to temporary differences between the income tax bases of assets and liabilities and their reported amounts in the financial statements, and for tax loss carryforwards. Measurement of current and deferred tax liabilities and assets is based on provisions of enacted tax laws, and deferred tax assets are reduced, if necessary, by the amount of tax benefits, the realization of which is not considered likely based on available evidence.

L. Stock-Based Compensation

The Group accounts for employee stock-based compensation in accordance with Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees* and in accordance with FASB Interpretation No. 44. Pursuant to these accounting pronouncements, the Group records compensation for stock options granted to employees over the vesting period of the options based on the difference, if any, between the exercise price of the options and the market price of the underlying shares at the grant date. With respect to variable awards, changes in the market price of the underlying shares at each balance sheet date affect the aggregate amount of compensation recorded. Deferred compensation is amortized to compensation expense over the vesting period of the options. See below for pro forma disclosures required in accordance with SFAS No. 123, *Accounting for Stock-Based Compensation*, as amended by SFAS 148.

Pro forma Loss Per Share According to SFAS 123 and SFAS 148:

For purposes of estimating fair value in accordance with SFAS 123, the Company utilized the Black-Scholes option-pricing model. The following assumptions were utilized in such calculations for the years 2004, 2003 and 2002 (all in weighted averages):

	2004	2003	2002
Risk-free interest rate	4%	1.4%	1.5%
Expected life of options	7 years	7 years	7 years
Expected weekly volatility	56%	82%	90%
Expected dividend yield	none	none	none

Had compensation cost for the Company's stock option plans been determined based on fair value at the grant dates for all awards made in 2004, 2003 and 2002 in accordance with SFAS 123, as amended by SFAS 148, the Company's pro forma loss per share would have been as follows:

M. Loss per Share

Loss per share is presented in accordance with SFAS 128 of the FASB, Earnings per Share. Pursuant to this standard, basic earnings (loss) per share exclude the dilutive effects of convertible securities and are computed by dividing income (loss) available to common shareholders by the weighted-average number of common shares outstanding for the period. Diluted earnings (loss) per share reflect the potential dilutive effect of all convertible securities. Due to the anti-dilutive effect, basic loss per share was equal to diluted loss per share for years 2004, 2003 and 2002. The number of potentially dilutive securities excluded from diluted earnings per share due to the anti-dilutive effect amounted to 754,109, 2,608,475 and 2,093,767 in 2004, 2003 and 2002, respectively.

N. Derivative Financial Instruments

SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities as amended by SFAS No. 138 and SFAS No. 149, requires, principally, the presentation of all derivatives as either assets or liabilities on the balance sheet and the measurement of those instruments at fair value. Gains and losses resulting from changes in the fair values of derivative instruments would be accounted for depending on the use of the derivative and whether it qualifies for hedge accounting.

See Note 14 for disclosure of the derivative financial instruments in accordance with such pronouncements.

O. Reclassification

Certain previously reported amounts have been reclassified in these financial statements in order to conform to the 2004 financial statements presentation.

P. New Accounting Pronouncements

- (1) **SFAS No. 151 Inventory Costs, an Amendment of ARB No. 43, Chapter 4** In November 2004 the FASB issued SFAS No. 151, Inventory Costs, an Amendment of ARB No. 43, Chapter 4". SFAS No. 151 amends the guidance in ARB 43, Chapter 4, Inventory Pricing , which provides guidance on the allocation of certain costs to inventory. SFAS 151 clarifies that abnormal amounts of idle facility expense, freight, handling costs, and wasted material (spoilage) should be recognized as current-period charges. In addition, SFAS 151 requires that allocation of fixed production overheads to the costs of conversion be based on the normal capacity of the production facilities. The provisions of this statement are effective for inventory costs incurred during fiscal years beginning after June 2005. The provisions of this statement shall be applied prospectively. The Company is assessing the impact of the adoption of this Standard, and currently estimates that its adoption is not expected to have a material effect on the Company's financial position and results of operations.

- (2) **SFAS No. 123 (revised 2004) Share Based Payments** In December 2004, the FASB issued SFAS No. 123 (revised 2004) Share Based Payments (SFAS 123(R)). This Statement is a revision of FASB Statement No. 123, Accounting for Stock-Based Compensation , which supersedes APB Opinion No. 25, Accounting for Stock Issued to Employees and its authoritative interpretations.

SFAS 123(R) establishes standards for the accounting for transactions in which an entity exchanges its equity instruments for goods or services; focuses primarily on accounting for transactions in which an entity obtains employee and directors services in share-based payment transactions; and does not change the accounting guidance for share-based payment transactions with parties other than employees.

SFAS 123(R) eliminates the alternative to use APB 25's intrinsic value method of accounting that was provided in SFAS 123 as originally issued and requires to measure the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award. The fair-value-based method in this Statement is similar to the fair-value-based method in SFAS 123 in most respects. The costs associated with the awards will be recognized over the period during which an employee is required to provide service in exchange for the award the requisite service period (usually the vesting period).

The grant-date fair value of employee share options and similar instruments will be estimated using option-pricing models adjusted for the unique characteristics of those instruments (unless observable market prices for the same or similar instruments are available). If an equity award is modified after the grant date, incremental compensation cost will be recognized in an amount equal to the excess of the fair value of the modified award over the fair value of the original award immediately before the modification.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
(in thousands, except share and per share data)

NOTE 2 -SIGNIFICANT ACCOUNTING POLICIES (Cont.)**P. New Accounting Pronouncements (Cont.)****(2) (Cont.)**

The provisions of SFAS 123(R) apply to all awards to be granted by the Company after June 30, 2005 and to awards modified, repurchased, or cancelled after that date. When initially applying the provisions of SFAS 123(R), in the third quarter of 2005, the Company will be required to elect between using either the modified prospective method or the modified retrospective method. Under the modified prospective method, the Company is required to recognize compensation cost for all awards granted after the adoption of SFAS 123(R) and for the unvested portion of previously granted awards that are outstanding on that date. Under the modified retrospective method, the Company is required to restate its previously issued financial statements to recognize the amounts previously calculated and reported on a pro forma basis, as if the original provisions of SFAS 123 had been adopted. Under both methods, it is permitted to use either a straight line or an accelerated method to amortize the cost as an expense for awards with graded vesting.

Management has recently commenced identifying the potential future impact of applying the provisions of SFAS 123(R), including each of its proposed transition methods, yet is currently unable to fully quantify the effect of this Standard on the Company's future financial position and results of operations. Nonetheless, it is expected that the adoption of SFAS 123(R) will increase the stock-based-award expenses the Company is to record in the future in comparison to the expenses recorded under the guidance currently applied by the Company.

- (3) SFAS No. 153, Exchange of Non-Monetary Assets** In December 2004, the FASB issued SFAS No. 153, "Exchanges of Nonmonetary Assets an amendment of APB No. 29". This Statement amends Opinion 29 to eliminate the exception for nonmonetary exchanges of similar productive assets and replaces it with a general exception for exchanges of nonmonetary assets that do not have commercial substance. The Statement specifies that a nonmonetary exchange has commercial substance if the future cash flows of the entity are expected to change significantly as a result of the exchange. This Statement is effective for nonmonetary asset exchanges occurring in fiscal periods beginning after June 15, 2005. Earlier application is permitted for nonmonetary asset exchanges occurring in fiscal periods beginning after the date this Statement is issued. Retroactive application is not permitted. The Company is assessing the impact of the adoption of this Standard, and currently estimates that its adoption is not expected to have a material effect on the Company's financial position and results of operations.

Israeli law and labor agreements determine the obligations of the Company to make severance payments to dismissed employees and to employees leaving employment under certain other circumstances. The obligation for severance pay benefits, as determined by Israeli law, is based upon length of service and the employee's most recent salary. The liability is partially covered through insurance policies purchased by the Company and deposits in a severance fund.

Severance-pay expense amounted to \$691, \$614 and \$381 for 2004, 2003 and 2002, respectively.

NOTE 7 - COMMITMENTS AND CONTINGENCIES

- A. The Company has received grants in the aggregate amount of \$7,485 from the OCS, as its participation of up to 50% of certain development costs. In consideration for such grants, the Company has undertaken to pay royalties amounting to 3%-3.5% of the net sales of products developed, directly or indirectly, from the projects financed, not to exceed 100% of the grants received. Refund of the grants thereon is contingent on future sales and the Company has no obligation to refund grants if sufficient sales are not generated. During the fourth quarter of 2003, the OCS has approved the Company's request to allocate \$2,203 from the grants provided by it to a specific lithography project, to be repaid as royalties only from sales of lithography products. As a result, the Company has canceled a provision in the total amount of \$2,203, made by it mainly in prior years. Such cancellation is included as Other Operating Income in the Statement of Operations for the year ended December 31, 2003. Royalty expense amounted to \$0, \$656, and \$722 for the years 2004, 2003 and 2002, respectively. The balance of the contingent liability to the OCS as of December 31, 2004 was approximately \$4,035 (including \$2,203 with respect to the lithography project, as mentioned above).

In the last few months the Israeli Tax Authorities are approaching Israeli public companies and other entities with a request to provide certain information relating to the stamping of commercial documents in Israel. In accordance with the principles set forth in SFAS 2 these costs have been charged to the statement of operations in the year ended December 31, 2002, at the present value of the minimum payments to be made under the agreement.

NOTE 10 - OTHER OPERATING INCOME

The amount for the year ended December 31, 2003 represents cancellation of a provision with respect to royalties to the OCS (see Note 7A.).

NOTE 11 -INCOME TAXES

A. Law for the Encouragement of Capital Investments 1959

In October 1995, the Company was granted approved enterprise status under the tax-exempt benefit track, as provided by the Israeli Law for the Encouragement of Capital Investments 1959, for an investment program in the aggregate amount of \$732 (the first program). The Company had completed the investments under the program, which received the approval of the Investments Center. The tax-exempt benefit track provides for a tax exemption on undistributed earnings derived from assets included in the approved enterprise investment program for the first four years of the seven-year benefit period and a 25% tax rate for the remaining three years of the benefit period. Pursuant to the tax-exempt benefit track, the Company is liable for tax at a 25% rate on distributions to shareholders of earnings subject to the exemption.

In December 1999, the Company was granted another approved enterprise status for an investment expansion program in the aggregate amount of \$3,229 (the second program) under the tax-exempt benefit track. The Company had completed the investments under the expansion program and filled the final report with respect to this plan. The tax-exempt benefit track provides for a tax exemption on undistributed earnings derived from assets included in the approved enterprise investment program for the first two years of the seven-year benefit period and a 25% tax rate for the remaining five years of the benefit period. Pursuant to the tax-exempt benefit track, the Company is liable for tax at a 25% rate on distributions to shareholders of earnings subject to the exemption.

In January 2005, the Company was granted another approved enterprise status for an investment expansion program in the aggregate amount of \$1,000 (the third program) under the tax-exempt benefit track. The tax-exempt benefit track, once approved, provides for a tax exemption on undistributed earnings derived from assets included in the approved enterprise investment program for the first two years of the seven-year benefit period and a 25% tax rate for the remaining five years of the benefit period. Pursuant to the tax-exempt benefit track, the Company is liable for tax at a 25% rate on distributions to shareholders of earnings subject to the exemption.

The period in which the Company is entitled to the abovementioned tax benefits is limited to seven years from the first year that taxable revenues are generated, and such benefits must be utilized within 12 years from the year that operation (as defined) of the approved enterprise commences, or 14 years from the year the approval is granted, whichever is earlier. Accordingly, under the existing conditions, the tax benefits period under the above-mentioned first, second and third programs ends in 2006, 2012 and 2018, respectively.

NOTE 11 -INCOME TAXES (Cont.)

A. Law for the Encouragement of Capital Investments 1959 (Cont.)

Dividends paid from earnings that benefited from the approved enterprise tax status are subject to a 15% tax to the recipient (for a period of 12 years from the end of the seven-year benefit period), whereas dividends paid out of other earnings are subject to tax to the recipient at the rate of 25% (or lower if paid to a treaty country), except when paid to another Israeli company, in which case such dividends are exempt from tax.

The income of the Company that is not derived from assets, which are eligible for reduced taxation benefits, as described above, is taxed at the statutory rate for Israeli companies (see H below).

The above tax benefits are conditioned upon fulfillment of the requirements stipulated by the aforementioned law and the regulations promulgated there under, as well as the criteria set forth in the certificates of approval. In the event of failure by the Company to comply with these conditions, the tax benefits could be canceled, in whole or in part, and the Company would be required to refund the amount of the canceled benefits, plus interest and certain inflation adjustments.

If the investments of non-Israeli investors (as such investments are defined by the Law) will exceed 25% then the seven-year benefit period mentioned above may be extended to ten years. If the investments of non-Israeli investors is 49% or more, then the rate of tax on earnings derived from assets included in the approved enterprise investment program will decrease to 10% 20%, depending on the level of ownership by non-Israeli investors, examined on a yearly basis.

B. Law for the Encouragement of Industry (Taxation), 1969

The Company is an industrial company under the Law for the encouragement of Industry (Taxation), 1969 and, therefore, is entitled to certain tax benefits, mainly accelerated rates of depreciation.

C. Taxation Under Inflationary Conditions

The Company reports for tax purposes in accordance with the provisions of the Income Tax Law (Adjustments Due to Inflation) 1985, under which taxable income is measured in terms of NIS adjusted for changes in the Israeli Consumer Price Index.

D. Deferred Taxes

The Company has accumulated losses for Israeli tax purposes as of December 31, 2004 in the amount of approximately \$43,000. At such date, other temporary differences were approximately \$ 7,000.

The Israeli tax loss carryforwards have no expiration date. The Company expects that during the period these losses are utilized, its undistributed earnings will be tax exempt. Since the Company has no intention to distribute such earnings, there will be no tax benefit available from such tax losses and no deferred taxes have been included in these financial statements for these losses.

As of December 31, 2004, the subsidiaries had a net operating loss carryforward of approximately \$1,290. A valuation allowance in the amount of approximately \$515, representing the entire benefit, was recorded regarding such loss.

NOTE 11 -INCOME TAXES (Cont.)**E. Effective Tax Rates**

The Company's effective tax rates differ from the statutory rates applicable to the Company for all years presented due primarily to its approved enterprise status (see A above) and the tax loss carry-forward.

F. Tax Assessments

The Company received final tax assessments until and including tax year 2001.

G. In light of losses for both financial reporting and tax purposes in 2002 and 2003, a reconciliation of the effective income tax rate has not been presented. In 2004, theoretical income taxes on the Company's pre-tax income were primarily reduced by the utilization of tax loss carryforward from prior years for which a deferred tax asset had not been recorded and reduced tax rates related to approved enterprise.

H. Tax Rates

In 2004 the Israeli Knesset approved a law for the amendment of the Income Tax Ordinance, according to which the regular corporate tax rate is to be reduced gradually and annually from 36% to 35% for 2005 tax year ending in 30% for 2007 tax year.

NOTE 14 FINANCIAL INSTRUMENTS

A. Fair value of financial instruments

Examples of financial instruments include cash and cash equivalents, short-term interest-bearing bank deposits, held to maturity securities, trade accounts receivable, investments, trade accounts payable, accrued expenses, options and forward contracts.

At December 31, 2004 and 2003 the fair market value of the Company's financial instruments did not materially differ from their respective book value.

B. Hedging activities

In 2001, the Company entered into several currency-forward transactions (NIS/dollar) of \$8,750 with settlement dates ranging from January to June 2002, designed to reduce cash-flow exposure to the impact of exchange-rate fluctuations on firm commitments of \$12,000. In 2003, the company entered into currency-forward transaction (NIS/dollar) of \$400 with a settlement date of January 2004, designed to reduce cash-flow exposure to the impact of exchange-rate fluctuations on firm commitments of \$400. NOTE 15 - RESTATEMENT OF FINANCIAL STATEMENTS

Subsequent to the issuance of the financial statements the Company decided to restate its financial statements for the fiscal year ended December 31, 2004, to correctly apply revenue recognition principles relating to certain sales transactions, as described below.

During 2004, the Company sold certain systems to several customers. These transactions included an option to a one-time upgrade of the sold system free of charge for an unlimited period or during a two years period. The Company recognized all revenues from the sales of these systems in 2004. EITF 00-21 *Revenue Arrangements with Multiple Deliverables* (EITF), requires evaluation of each deliverable to determine whether it should be a separate unit of accounting. These transactions are considered multiple deliverables arrangement under the EITF, for which the upgrade right was not delivered. The Company was unable to establish a vendor specific objective evidence (VSOE) for the fair value of the upgrade right, therefore all revenues from the sale of these systems have been deferred until such an upgrade will either be exercised or expires. The restated financial statements include the effect of such deferral of revenues and costs related to these transactions.

In another instance in 2004 the Company granted to one of its customers trade in rights with decreasing rates of discounts over a period of 5 years. The trade-in right provided the customer with a discount toward the purchase price of a new system that is calculated based on the price of the originally sold systems as follows: if the trade-in is performed during the 1st and 2nd year after the sale 72% of the price of the originally bought systems; 3rd year 47%; 4th year 31%; 5th year 14%.

The Company recognized all revenues from the sales of these systems in 2004. The Company reached a conclusion that only the portion that is not subject to the discounts schedule above is fixed and determinable. The Company recognized only that portion and will recognize the remaining balance in future periods based on the amounts released from the above discount schedule. The restated financial statements include the effect of such deferral and the directly related costs.

The Board of Directors has determined that such amounts and criteria set by the Board of Directors are reasonable under the circumstances.
 - 1.5. The aggregate indemnification amount that the Company will pay to all of its Officers, whether in advance or post factum, under all the indemnification letters that shall be issued by the Company pursuant to this Letter of Indemnification, shall not exceed **30% (thirty percent)** of the Company's shareholders equity, according to the most recent Company consolidated financial statements prior to the date of the indemnification payment or \$10,000,000 (ten million dollars), the higher of the two (hereinafter the **Maximum Indemnification Amount**).
 - 1.6. In the event the indemnification amount the Company is required to pay its Officers, as set forth above, exceeds the Maximum Indemnification Amount or its remaining balance (as existing at that time), the Maximum Indemnification Amount or its remaining balance will be divided among the Officers entitled to indemnification, so that the amount of indemnification each of them will actually receive will be calculated in accordance with the ratio between the amount for which each individual may be indemnified and the aggregate amount for which all the relevant Officers may be indemnified.
 - 1.7. **For the avoidance of doubt, it is hereby clarified that nothing contained in this Letter of Indemnification or in the above resolutions derogate from the Company's right, subject to Board of Directors approval, to indemnify you post factum for any amounts which you may be obligated to pay as set forth in paragraph 1 above without the limitations set forth in paragraph 1.5. above. The aforesaid shall however not be construed as an obligation of the Company to indemnify you after the fact.**

2. The Company shall act according to this Letter of Indemnification as detailed above in regards to any other company controlled, directly or indirectly, by the Company (a **Subsidiary**) or in your capacity as a director, or observer at board of director meetings, of a company not controlled by the Company but where your appointment as a director or observer results from the Company's holdings in such company (**Affiliate**).

-

- 3.4. a fine or penalty imposed upon you for an offense;
- 3.5. a counterclaim made by the Company or in its name in connection with a claim against the Company filed by you.
4. The Company will make available all amounts needed in accordance with section 1 above on the date on which such amounts are first payable by you (Time of Indebtedness).
5. Advances given to cover legal expenses in criminal proceedings according to Article 1.1 1.4 above, will be repaid by you to the Company if you are found not to fulfill the terms detailed in Sections 1.1 1.4 above. Other advances will be repaid by you to the Company if it is determined that you are not lawfully entitled to such indemnification.
6. As part of the aforementioned undertaking and subject to Articles 1.1 1.4, the Company will make available to you any security or guarantee that you may be required to post in accordance with an interim decision given by a court or an arbitrator, including for the purpose of substituting liens imposed on your assets.
7. The Company will indemnify you, in accordance with this Letter of Indemnification, even if at the relevant time of indebtedness you are no longer an Officer of the Company or of a Subsidiary or a director or board observer of an Affiliate, provided that the obligations are in respect of actions taken by you while you were an Officer and/or board observer, as aforesaid, and in such capacity, including if taken prior to the above resolutions.
8. It is clarified that said indemnification payments will not be deemed to derogate from any right you may have to receive insurance proceeds as a result of the events set forth in this Letter that may be insured by an insurance carrier, if they are received (by you or by the Company on your behalf) within the framework of any directors and officers liability insurance of the Company. In order to avoid any doubt, it is hereby clarified that the indemnification amount according to this Letter will be independent of (and in addition to) any amount paid pursuant to such insurance and/or indemnification. Similarly, it is emphasized that this Letter is not to be construed as an agreement for the benefit of any third party, including any insured party, and it is not transferable, and no insurer will have the right to request that the Company participate in any payment for which the insurer is obligated under any insurance agreement to which it is a party, other than a deductible that is specified in such agreement.

-
9. Subject to this Letter of Indemnification, the indemnification will, in each case, cover all sums of money (100%) that you will be obligated to pay, in those circumstances for which indemnification is permitted under law and under this Letter of Indemnification.
 10. The Company will be entitled to any amount collected from a third party in connection with liabilities indemnified hereunder.
 11. Indemnification by the Company as detailed in this Letter of Indemnification will also be subject to fulfilling the following procedures:
 - 11.1. You will inform the Company of every legal proceeding that may be brought against you in connection with any event that may entitle you to indemnification, and of every warning made to you in writing, regarding legal proceedings that may be commenced against you, and this will be done in a timely manner, immediately after you first become aware of such, and you will provide to the Company or to whom the Company will instruct you, all documents in connection with such proceedings.

Similarly, you must advise the Company on an ongoing and current basis concerning all events which you suspect may give rise to the initiation of legal proceedings against you.
 - 11.2. The Company will, within a reasonable period of time (or within a shorter period of time if the matter requires filing a statement of defense or a response to a proceeding), take upon itself the handling of your defense in the legal proceeding and/or entrust such handling to any prominent attorney the Company may select at its discretion for this purpose, subject to the fulfillment of all the following conditions: (a) You have informed the Company as provided in Section 11.1 above ; and (b) the legal proceedings against you solely involves a claim for monetary damages. The Company and/or the above-mentioned attorney will be entitled to act within their exclusive discretion to bring the proceeding to a close; the appointed attorney will owe his/her duty of loyalty to the Company and to you. In the event that a conflict of interests arises between you and the Company, the attorney will so inform the Company of any such conflict and you, subject to the Company's approval, which approval not to be unreasonably withheld, will have the right to appoint an attorney on your behalf, and the provisions of this Letter will apply to expenses you may incur as a result of such appointment. If the Company decides to settle or arbitrate a monetary obligation, the Company will be entitled to do so, as long as the lawsuit or the threat of a lawsuit against you will be fully withdrawn. At the request of the Company you will

sign any document that will empower the Company and/or attorney as mentioned above, to act on your behalf with regard to your defense in the above-mentioned proceedings and to represent you in all matters relating to these proceedings, as set forth above. Without derogating from the above provision with respect to a conflict of interests, in any event where, on reasonable grounds, the attorney chosen by the Company is unacceptable to you, you shall be entitled to appoint your own attorney and the provisions of this Letter will apply to expenses you may incur as a result, provided, however, that the proposed appointment of such attorney including the identity and terms of engagement of such attorney be brought immediately to the attention of the Company for its *prior* written approval, which approval not to be unreasonably withheld.

-
-
- 11.3. You will cooperate with the Company and/or with any attorneys as set forth above in every reasonable manner required of you by any of them in connection with the handling of such legal proceedings, all subject to this Letter of Indemnification.
 - 11.4. Whether or not the Company acts as specified in section 11.2 above, the Company will cover all other expenditures and payments that are mentioned in this Letter of Indemnification, so that you will not be required to pay or to finance them yourself.
 - 11.5. Your indemnification in connection with any legal proceeding against you, as set forth in this Letter, will not be enforceable in connection with amounts you may be required to pay as a result of a settlement or arbitration unless the Company agrees in writing to the settlement or to the entering into the arbitration proceeding, as the case may be.
 - 11.6. If required by law, the Company's authorized organs will consider the request for indemnification and the amount thereof and will determine if you are entitled to indemnification and the amount thereof.
 - 11.7. If, for any reason, the Company has decided not to appoint an attorney, as detailed in paragraph 11.2 above, you will have the right to appoint an attorney of your choice, provided that the proposed appointment of such attorney including the identity and terms of engagement of such attorney be brought immediately to the attention of the Company for its *prior* written approval, which approval not to be unreasonably withheld. If you do not inform the Company regarding your choice of attorney in compliance with the above, the Company will have the right in its discretion to appoint an attorney on your behalf.
-
-
12. This letter is issued after receipt by the Company of all required approvals under law and the Articles of Association of the Company. Should any additional approval be required, the Company will exert its best effort to obtain such approval.
 13. If the Company pays to you, or on your behalf, any amount in connection with a legal proceeding as provided in this Letter, and thereafter it is determined that you are not entitled to such indemnification from the Company as detailed in this Letter of Indemnification, the sums paid by the Company will be considered a loan that was extended to you by the Company, which will be linked to the Consumer Price Index plus interest at the rate established in the Income Tax Regulations (Establishment of Interest Rates) 1985, as may be in effect from time to time, and you will be required to repay these sums to the Company when requested to do so in writing by the Company and in accordance with a payment schedule that the Company determines.
 14. In order to remove any doubt, in the event of death, this Letter will apply to your heirs.
 15. No waiver, omission or grant of extension by the Company or by you will be interpreted in any manner as a waiver of rights pursuant to this Letter or under applicable law, and will not prevent either party from taking all legal and other measures in order to enforce such rights.
 16. If any undertaking included in this Letter of Undertaking is held invalid or unenforceable, such invalidity or unenforceability will not affect any of the other undertakings which will remain in full force and effect.
