The Nomination Committee proposes that Advokat Sven Unger be elected Chairman of the Annual General Meeting of shareholders 2016.

Annual General Meeting Telefonaktiebolaget LM Ericsson 2016

Item 8.3 Dividend and record date

The Board of Directors proposes a dividend of SEK 3.70 per share and Friday, April 15, 2016, as record date for dividend. Assuming this date will be the record date, Euroclear Sweden AB is expected to disburse dividends on Wednesday, April 20, 2016.

Item 9 Number of Board members and deputies to be elected by the Annual General Meeting

According to the articles of association, the Board shall consist of no less than five and no more than twelve Board members, with no more than six deputies. The Nomination Committee proposes that the number of Board members elected by the Annual General Meeting of shareholders shall be ten and that no deputies be elected.

Item 10 Fees payable to members of the Board of Directors elected by the Annual General Meeting and to members of the Committees of the Board elected by the Annual General Meeting

The Nomination Committee proposes that fees to non-employee Board members elected by the Annual General Meeting and non-employee members of the Committees of the Board elected by the Annual General Meeting be paid as follows:

SEK 4,075,000 to the Chairman of the Board of Directors (*previously SEK 4,000,000*);

SEK 990,000 each to the other Board members (*previously SEK 975,000*);

SEK 350,000 to the Chairman of the Audit Committee (*unchanged*);

SEK 250,000 each to the other members of the Audit Committee (*unchanged*);

SEK 200,000 each to the Chairmen of the Finance and the Remuneration Committee (*unchanged*); and

SEK 175,000 each to the other members of the Finance and the Remuneration Committee (*unchanged*).

It is important that Board fees are maintained at an appropriate level to make it possible to recruit the best possible international competence to the Board of Directors of Ericsson and to make it possible to keep such competence. When assessing the level of fees, a comparison must be done in relation to the Board fees in companies of equal size and complexity and it must be considered that the Ericsson Group has customers in more than 180 countries and that sales in 2015 amounted to more than SEK 240 billion. The Nomination Committee has compared the Board fees in Ericsson with Board fees in other international high-tech companies and has concluded that the proposed increase of the Board fee from SEK 975,000 to SEK 990,000 and of the fee to the Chairman of the Board from SEK 4,000,000 to SEK 4,075,000 is reasonable and well-justified.

The Nomination Committee considers that the fees for Committee work are reasonable, and proposes that these fees remain unchanged.

The proposal of the Nomination Committee implies all in all an increase of the fees of less than 1.5 percent compared with the total fees to the corresponding number of Board members for Board and Committee work resolved by the Annual General Meeting 2015.

Annual General Meeting Telefonaktiebolaget LM Ericsson 2016

Fees in the form of synthetic shares

Background

The Nomination Committee believes that it is appropriate that Board members elected by the shareholders hold shares in Ericsson, in order to strengthen the Board members' and the shareholders' mutual interests in the company. The Nomination Committee recommends Board members elected by the shareholders to, during a five year period, build a holding of shares or synthetic shares in Ericsson at least corresponding to the value of the annual Board fee (after tax) (excluding fees for Committee work), and that such holding be kept during the time the Board member remain Board member in Ericsson.

To make it possible for Board members to create an economic interest in the company and considering that it is in many cases difficult for Board members to trade in the company's share due to applicable insider rules, the Nomination Committee proposes that the Board members should, as previously, be offered the possibility of receiving part of the Board fees in the form of synthetic shares. A synthetic share constitutes a right to receive payment of an amount which corresponds to the market value of a share of series B in the Company on Nasdaq Stockholm at the time of payment.

Proposal

The Nomination Committee therefore proposes that the Annual General Meeting of shareholders 2016 resolve that part of the fees to the Directors, in respect of their Board assignment (however, not in respect of Committee work), may be paid in the form of synthetic shares, on the following terms and conditions.

A nominated Director shall be able to choose to receive the fee in respect of his or her Board assignment, according to the following four alternatives:

- (i) 25 percent in cash 75 percent in synthetic shares
- (ii) 50 percent in cash 50 percent in synthetic shares
- (iii) 75 percent in cash 25 percent in synthetic shares
- (iv) 100 percent in cash.

The number of synthetic shares to be allocated shall be valued to an average of the market price of shares of series B in the Company on Nasdaq Stockholm during a period of five trading days immediately following the publication of Ericsson's interim report for the first quarter of 2016. The synthetic shares are vested during the term of office, with 25 percent per quarter of the year.

The synthetic shares give a right to, following the publication of Ericsson's year-end financial statement in 2021, receive payment of a cash amount per synthetic share corresponding to the market price of shares of series B in the Company at the time of payment.

An amount corresponding to dividend in respect of shares of series B in the Company, resolved by the Annual General Meeting during the holding period, shall be disbursed at the same time as the cash amount.

Should the Director's assignment to the Board of Directors come to an end no later than during the third calendar year after the year in which the Annual General Meeting resolved on allocation of the synthetic shares, payment may take place the year after the assignment came to an end.

The number of synthetic shares may be subject to recalculation in the event of bonus issues, split, rights issues and similar measures, under the terms and conditions for the synthetic shares.

Annual General Meeting Telefonaktiebolaget LM Ericsson 2016

The complete terms and conditions for the synthetic shares are described in Exhibit 1 to the Nomination Committee's proposal.

The financial difference for the Company, should all Directors receive part of their fees in the form of synthetic shares compared with the fees being paid in cash only, is assessed to be very limited.

In the composition of the Board of Directors, the Nomination Committee considers, among other things, experience and competence needed in the Board and its Committees, and also the value of diversity in age, gender and cultural/geographic background as well as the need for renewal. The Nomination Committee also assesses the appropriateness of the number of members of the Board and whether the Board members can devote the necessary time required to fulfill their tasks as Board members in Ericsson. The Nomination Committee primarily searches for potential Board member candidates for the upcoming mandate period but also considers future competence needs. Before the Annual General Meeting 2016, the Committee has made particular efforts to identify potential female candidates that would bring relevant expertise and competence to the Board while also improving the gender balance.

In its appraisal of qualifications and performance of the individual Board members, the Nomination Committee takes into account the competence and experience of each individual member along with the individual member's contribution to the Board work as a whole and to the Committee work. The Nomination Committee has further thoroughly familiarized itself with the results of the Board work evaluation and of the work of the Board and the individual Board members. Roxanne S. Austin, Alexander Izosimov and Anders Nyrén have advised that they wish to leave the Board. The Nomination Committee proposes that Kristin S. Rinne and Helena Stjernholm be elected new Board members. It is the Nomination Committee's assessment that each of the proposed Board members, with their respective experiences, will add valuable expertise and experience to the Board. Kristin S. Rinne has extensive industrial experience from work within telecom and from the US market. She also has deep technological competence and extensive technical experiences, for example from her previous positions with AT&T. Helena Stjernholm has long-term experience from private equity and investments. She has broad and extensive commercial and international experience of relevance to Ericsson as well as experience from working with new businesses from being a partner with the private equity firm IK Investment Partners.

Item 16 Guidelines for remuneration to Group management

The guidelines proposed do not comprise any changes compared to the guidelines resolved by the 2015 Annual General Meeting. Information on estimated costs for variable remuneration is appended to the proposal.

Guidelines for remuneration to Group management

For Group management consisting of the Executive Leadership Team, including the President and CEO, total remuneration consists of fixed salary, short- and long-term variable compensation, pension and other benefits.

The following guidelines apply to the remuneration of the Executive Leadership Team:

Variable compensation is in cash and stock-based programs awarded against specific business targets derived from the long-term business plan approved by the Board of Directors. Targets may include financial targets at either Group or unit level, operational targets, employee engagement targets or customer satisfaction targets.

All benefits, including pension benefits, follow the competitive practice in the home country taking total compensation into account.

By way of exception, additional arrangements can be made when deemed necessary. An additional arrangement can be renewed but each such arrangement shall be limited in time and shall not exceed a period of 36 months and twice the remuneration that the individual would have received had no additional arrangement been made.

The mutual notice period may be no more than six months. Upon termination of employment by the Company, severance pay amounting to a maximum of 18 months fixed salary is paid. Notice of termination given by the employee due to significant structural changes, or other events that in a determining manner affect the content of work or the condition for the position, is equated with notice of termination served by the Company.

Annual General Meeting Telefonaktiebolaget LM Ericsson 2016

Appendix to proposal on guidelines for remuneration to Group management.

Details of our Remuneration Policy and how we deliver on our policy and guidelines, including information on previously decided long term variable compensation that has not yet become due for payment, can be found in the **Remuneration Report** and in **Note C28**, Information regarding Members of the Board of Directors, the Group Management and Employees in the annual report 2015.

With the current composition of the Executive Leadership Team, the Company's cost during 2015 for variable remuneration to the Executive Leadership Team can, at a constant share price, be estimated to amount to between 0 and 220 percent of the aggregate fixed salary cost, all excluding social security costs.

Item 17 The Board of Directors proposal for amendments to the articles of association

The Board of Directors proposes that the articles of association be amended as follows.

The maximum number of shares of series C that may be issued by the Company is proposed to be increased from a maximum of 30,000,000 shares of series C to a maximum of 40,000,000 shares of series C, for purposes of meeting the needs under the Company's stock purchase plans from time to time (§ 6).

Since it is possible to have classes of shares that do not entitle the holders to dividend, it is proposed that shares of series C shall not entitle to dividend (§ 6 and § 15). Further, it is proposed that the limitation in time when the Board can resolve to reduce the share capital through redemption of all shares of series C is taken out in order to increase the flexibility of the Board (§ 15).

The matters to be addressed at Annual General Meetings are slightly amended so that when appropriate is deleted in relation to election of auditors. The articles of association of Ericsson do not prescribe any other mandate period than one year which means that auditor election takes place annually (§ 12, item 11).

The time of day when notice of attendance to General Meetings must be given is proposed to be deleted (§ 14).

Annual General Meeting Telefonaktiebolaget LM Ericsson 2016

Item 18.1-18.9 Long-Term Variable Compensation Program 2016 (LTV 2016) including the Board of Directors proposal for resolutions on implementation of an all employee Stock Purchase Plan, a Key Contributor Retention Plan and an Executive Performance Stock Plan and, under each plan respectively, transfer of treasury stock, directed share issue and authorization for the Board of Directors to decide on an acquisition offer

The LTV program is an integral part of the Company's remuneration strategy, in particular the Board of Directors wishes to encourage all employees to become and remain shareholders and the leadership to build significant equity holdings. Following the Board of Directors' annual evaluation of total remuneration and ongoing programs, it proposes to make no changes to the structure of Ericsson's Long-Term Variable Compensation Program.

It is anticipated that the LTV 2016 will require up to 26.1 million shares, corresponding to a dilution of up to 0.8 percent of the total number of outstanding shares, at a cost between SEK 1,525 million and SEK 2,262 million unevenly distributed over the years 2016–2020. The number of shares that may be required for ongoing programs as per December 31, 2015, is estimated to approximately 60.7 million shares, corresponding to approximately 1.87 percent of the number of outstanding shares.

Three plans

The LTV 2016 builds on a common platform, but consists of three separate plans.

The Stock Purchase Plan is an all employee plan and is designed to create an incentive for all employees to become shareholders. The aim is to secure commitment to long-term value creation throughout Ericsson.

The Key Contributor Retention Plan is part of Ericsson's talent strategy and is designed to ensure long-term retention of top-talent with critical skills vital to Ericsson's future performance. Up to ten percent of the Company's employees are defined as key contributors, based on a rigorous selection process incorporating elements such as individual performance, possession of critical skills and future potential. The Remuneration Committee of the Board of Directors monitors the selection process and nominations for bias of factors such as seniority, gender, age and frequency of award.

The Executive Performance Stock Plan is designed to encourage long-term value creation in alignment with shareholders' interests. The plan is offered to a defined group of senior managers, up to 0.5 percent of the total employee population. The aim is to attract, retain and motivate executives in a competitive market through performance-based share related incentives and to encourage the build-up of significant equity stakes.

Since 2011 the performance measures have been Net Sales Growth, Operating Income Growth and Cash Conversion in order to reflect the business strategy and long term value creation of the Company. It is proposed that the Executive Performance Stock Plan 2016 shall have the same performance criteria for the period 2016–2018.

The three performance criteria for the Executive Performance Stock Plan 2016 are:

Net Sales Growth: Up to one third of the award will vest if the compound annual growth rate of consolidated net sales is between 2 and 6 percent comparing 2018 financial results to 2015, which corresponds to

Operating Income Growth: Up to one third of the award will vest if the compound annual growth rate of consolidated operating income is between 5 and 15 percent comparing 2018 financial results to 2015, which corresponds to operating income of SEK 25 billion and SEK 33 billion for the financial year 2018. Extraordinary restructuring charges from the cost and efficiency program announced in November 2014 shall be excluded.

Cash Conversion: Up to one third of the award will vest if cash conversion is at or above 70 percent during each of the years 2016-2018 and vesting one ninth of the total award for each year the target is achieved. Extraordinary restructuring charges from the cost and efficiency program announced in November 2014 shall be excluded.

Financing

The Board of Directors has considered different financing methods for transfer of shares to employees under the LTV 2016, such as transfer of treasury stock and an equity swap agreement with a third party.

The Board of Directors considers that a directed issue of C shares, followed by buy-back and transfer of treasury stock is the most cost efficient and flexible method to transfer shares under the LTV 2016.

The Company's current holding of treasury stock is not sufficient for the carrying out of the LTV 2016. Therefore, the Board of Directors proposes a directed share issue and buy back of shares as further set out below under heading Proposals . Under the proposed transactions, shares are issued at the share's ratio value and bought back as soon as the shares have been subscribed for and registered. The purchase price paid by the Company to the subscribers equals the subscription price. As compensation to the subscribers for their assistance in the issuance and buy-back of shares, the Company will pay to each of the subscribers an amount totaling SEK 100,000 each, corresponding to less than 0.8 öre (SEK 0.008) per new issued and re-purchased share.

The procedure of issuance and buy-back of shares for the Company's long-term variable compensation programs has previously been decided by the Annual General Meetings of shareholders in 2001, 2003, 2008, 2009 and 2012.

Since the costs for the Company in connection with an equity swap agreement will be significantly higher than the costs in connection with transfer of treasury stock, the main alternative is that the financial exposure is secured by transfer of treasury stock.

Costs

The total effect on the income statement of the LTV 2016, including financing costs, is estimated to range between SEK 1,525 million and SEK 2,262 million unevenly distributed over the years 2016-2020. The costs constitute approximately 3 percent of Ericsson's total remuneration costs 2015, including social security fees, amounting to approximately SEK 80 billion.

The calculations are conservative and based on assumptions of present participation rate in the Stock Purchase Plan and full participation in the Key Contributor Retention Plan and the Executive Performance Stock Plan, at maximum contribution levels and with maximum vesting levels for the latter plan.

Costs affecting the income statement, but not the cash flow

Compensation costs, corresponding to the value of matching shares transferred to employees, are estimated to range between SEK 1,331 million and SEK 1,597 million, depending on the fulfilment of the performance targets of the Executive Performance Stock Plan.¹ The compensation costs are distributed over the LTV 2016 period, i.e. 2016-2020.

Social security charges as a result of transfer of shares to employees depend on the performance against the Executive Performance Stock Plan targets and based on an assumed average share price at matching between SEK 54 and SEK 148, the costs are estimated to range between SEK 194 million and SEK 665 million. The social security costs are expected to occur mainly during 2019-2020.

Costs affecting the income statement and the cash flow

Plan administration costs have been estimated to SEK 10 million, distributed over the LTV 2016 period, i.e. 2016-2020.

The administration cost for transfer of shares by way of an equity swap agreement is estimated to approximately SEK 55 million, compared to approximately SEK 200,000 for using new issued and acquired shares in treasury.

Dilution

The Company has approximately 3.3 billion shares in issue. As per December 31, 2015, the Company held approximately 49.5 million shares in treasury. The number of shares that may be required for ongoing programs as per December 31, 2015 is estimated to approximately 60.7 million shares, corresponding to approximately 1.87 percent of the number of outstanding shares. However, it is not likely that all shares allocated for ongoing programs will be required. In order to implement the LTV 2016, a total of up to 26.1 million shares are required, which corresponds to approximately 0.8 percent of the total number of outstanding shares. The effect on important key figures is only marginal.

Proposals

The Long-Term Variable Compensation Program 2016 (LTV 2016)

The Board of Directors proposes that the Annual General Meeting resolve on the implementation of (1) a Stock Purchase Plan, (2) a Key Contributor Retention Plan, and (3) an Executive Performance Stock Plan.

In order to implement the LTV 2016, the Board of Directors proposes that no more than in total 21,600,000 shares of series B in Telefonaktiebolaget LM Ericsson (hereinafter referred to as the Company or Ericsson) may be transferred to employees in the Ericsson Group and, moreover, that 4,500,000 shares may be sold on Nasdaq Stockholm in order to cover, inter alia, social security payments.

¹ The compensation costs for an alternative Key Contributor Retention Cash Program may vary depending on the development of the stock price during the qualifying period. This has been disregarded in the calculations since

these costs represent a minor part of the overall compensation costs.

Annual General Meeting Telefonaktiebolaget LM Ericsson 2016

The Company's current holding of shares in treasury is not sufficient for the carrying out of the LTV 2016. Therefore, the Board of Directors proposes a directed share issue of in total 26,100,000 shares of series C to AB Industrivärden and/or Investor AB or subsidiaries of these companies, with a subscription price equivalent to the ratio value of the share (SEK 5). Furthermore, it is proposed that the Board be authorized to decide on a directed offer to acquire all shares of series C at a price corresponding to the ratio value of the share (SEK 5). As compensation to the subscribers for their assistance with the issuance and buy-back, the company will pay to each of AB Industrivärden and Investor AB an amount totaling SEK 100,000 each, corresponding to less than 0.8 öre (SEK 0.008) per new issued and re-purchased share.

Following the acquisition of all shares of series C, these shares will be converted into shares of series B, in accordance with the Articles of Association, thereafter to be transferred according to the proposals.

The Board of Directors proposes that the Annual General Meeting resolve in accordance with the proposals set out below.
