NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Principles of Consolidation

The consolidated financial statements include our accounts and those of our wholly-owned and majority-owned subsidiaries and VIEs for which we are the primary beneficiary. Noncontrolling interests represents a minority owner's proportionate share of the equity in certain of our consolidated entities. All intercompany transactions and account balances have been eliminated in consolidation.

Discontinued Operations

In accordance with Financial Accounting Standards Board's (FASB) guidance on reporting assets held for sale, we reported the results of operations of our stations in Lansing, Michigan (WLAJ-TV) and Providence, Rhode Island (WLWC-TV), as discontinued operations in the consolidated statements of operations. Discontinued operations have not been segregated in the consolidated statements of cash flows and, therefore, amounts for certain captions will not agree with the accompanying consolidated statements of operations. The operating results of WLAJ-TV, which was sold effective March 1, 2013 for \$14.4 million, and WLWC-TV, which was sold effective April 1, 2013 for \$13.8 million, are not included in our consolidated results of operations from continuing operations for the three and nine months ending September 30, 2013. Total revenues for WLAJ-TV and WLWC-TV, which are included in discontinued operations for the nine months ending September 30, 2013, were \$0.6 million and \$1.6 million, respectively. Total income before taxes for WLAJ-TV and WLWC-TV, which are included in discontinued operations for the nine months ending September 30, 2013, are \$0.2 million and \$0.4 million, respectively. The resulting gain on the sale of these stations in 2013 was negligible. Basic and diluted earnings per share from discontinued operations was less than \$0.01 per share for the quarter ended September 30, 2013.

Assets Held for Sale

As discussed in *Note 3. Commitments and Contingencies - Pending Acquisitions*, we expect to sell the license and certain related assets of our stations in Tampa, FL - WTTA (MNT), and Colorado Springs, CO - KXRM (FOX) / KXTU (CW).

In accordance with Financial Accounting Standards Board's (FASB) guidance on reporting assets held for sale, we reported our assets and liabilities related to WTTA and KXRM/KXTU as held for sale in the accompanying consolidated balance sheet as of September 30, 2014. We expect the sale of the stations will occur in the fourth quarter of 2014. The results of operations of these stations are included within the results from continuing operations as the criteria for classification as discontinued operations was not met.

Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

As of September 30, 2014, the major classes of assets and liabilities of the group reported as held for sale on the accompanying condensed consolidated balance sheet are shown below:

Interim Financial Statements

The consolidated financial statements for the three and nine months ended September 30, 2014 and 2013 are unaudited. In the opinion of management, such financial statements have been presented on the same basis as the audited consolidated financial statements and include all adjustments, consisting only of normal recurring adjustments necessary for a fair statement of the consolidated balance sheets, consolidated statements of operations, consolidated statements of comprehensive income, consolidated statement of equity (deficit) and consolidated statements of cash flows for these periods as adjusted for the adoption of recent accounting pronouncements discussed below.

As permitted under the applicable rules and regulations of the Securities and Exchange Commission (SEC), the consolidated financial statements do not include all disclosures normally included with audited consolidated financial statements and, accordingly, should be read together with the audited consolidated financial statements and notes thereto in our Annual Report on Form 10-K for the year ended December 31, 2013 filed with the SEC. The consolidated statements of operations presented in the accompanying consolidated financial statements are not necessarily representative of operations for an entire year.

Variable Interest Entities

In determining whether we are the primary beneficiary of a VIE for financial reporting purposes, we consider whether we have the power to direct the activities of the VIE that most significantly impact the economic performance of the VIE and whether we have the obligation to absorb losses or the right to receive returns that would be significant to the VIE. We consolidate VIEs when we are the primary beneficiary. The assets of each of our consolidated VIEs can only be used to settle the obligations of the VIE. All the liabilities are non-recourse to us except for certain debt of VIEs which we guarantee.

As of September 30, 2014, certain of our stations provide programming, sales and managerial services pursuant to LMAs to six of the Cunningham stations: WNUV-TV, WRGT-TV, WVAH-TV, WMYA-TV, WTTE-TV, and WDBB-TV (collectively, the Cunningham LMA Stations). We pay LMA fees to Cunningham and also reimburse all operating expenses. We also have executed acquisition agreements to buy the license assets of these television stations which includes the FCC license and certain other assets used to operate the station (License Assets). Our applications to acquire these FCC license related assets are pending FCC approval. We also perform sales and other non-programming support services to two other stations owned by Cunningham (acquired in November 2013) pursuant to joint sales agreements (JSAs) and shared services agreements (SSAs). We have purchase options to acquire the license assets of these stations. We own the majority of the non-license assets of these Cunningham stations and we have guaranteed the debt related to the stations. We have determined that these stations are VIEs and that based on the terms of the agreements and the significance of our investment in the stations, we are the primary beneficiary of the variable interests because, subject to the ultimate control of the licensees, we have the power to direct the activities which significantly impact the economic performance of the VIEs through the services we provide and we absorb losses and returns that would be considered significant to the VIEs.

On July 31, 2014, we terminated the LMA with WTAT (FOX) in Charleston, SC and sold to Cunningham, the license owner of WTAT, the non-license assets related to this station. We no longer have any continuing involvement in the operations of this station. Up until third quarter of 2014, we had consolidated Cunningham Broadcasting Corporation (parent entity), in addition to their stations that we perform services for, as we had previously determined that it was a VIE because it had insufficient equity at risk. As of September 30, 2014, we concluded that Cunningham Broadcasting Corporation was no longer a VIE given its significant equity at risk in assets that we have no involvement with, and deconsolidated this entity, along with WTAT and WYZZ, a station that Cunningham acquired from us in November, with which we have no continuing involvement. As a result of the deconsolidation, we recorded the difference between the proceeds received from Cunningham for the

sale of WTAT and WYZZ to additional paid in capital in the consolidated balance sheet, as well as reflected the noncontrolling interest deficit of the remaining Cunningham VIEs which represents their significant cumulative distributions made to Cunningham that were previously eliminated in consolidation. See *Note 6. Related Person Transactions* for more information on our arrangements with Cunningham. The net revenues of the stations which we consolidated were \$26.0 million and \$25.9 million for the three months ended September 30, 2014 and 2013, respectively. The net revenues of the stations which we consolidate were \$82.5 million and \$80.3 million for the nine months ended September 30, 2014 and 2013, respectively. The fees paid between us and Cunningham pursuant to these arrangements are eliminated in consolidation. See *Changes in the Rules of Television Ownership and Joint Sale Agreements* in *Note 3. Commitment and Contingencies* for discussion of recent changes in FCC rules related to JSAs.

We have certain LMAs and outsourcing agreements, including certain JSAs and SSAs, with certain other license owners under which we provide certain non-programming related sales, operational and administrative services, and programming for these LMAs. The terms of the agreements vary, but generally have initial terms of over five years with several optional renewal terms. We own the majority of the non-license assets of these stations and in certain cases have guaranteed the debt of the licensee. We also have purchase options to buy the assets of the licensees. We have determined that these licensees (19 and 13 licenses as of September 30, 2014 and 2013, respectively) are VIEs, and, based on the terms of the agreements and the significance of our investment in the stations, we are the primary beneficiary of the variable interests because, subject to the ultimate control of the licensees, we have the power to direct the activities which significantly impact the economic performance of the VIE through the services we provide and because we absorb losses and returns that would be considered significant to the VIEs. The net revenues of these stations which we consolidate were \$42.9 million and \$31.9 million for the three months ended September 30, 2014 and 2013, respectively. The net revenues of these stations which we consolidate were \$124.7 million and \$90.1 million for the nine months ended September 30, 2014 and 2013, respectively. The fees paid between us and other license owners pursuant to these arrangements are eliminated in consolidation. See *Changes in the Rules of Television Ownership and Joint Sale Agreements* in *Note 3. Commitment and Contingencies* for discussion of recent changes in FCC rules related to JSAs.

The amounts above represent the consolidated assets and liabilities of the VIEs described above, for which we are the primary beneficiary, and have been aggregated as they all relate to our broadcast business. Excluded from the amounts above are payments made to the Cunningham VIEs under the LMAs, a portion of which is treated as a prepayment of the purchase price of the stations, and capital leases between us and Cunningham VIEs which are eliminated in consolidation. The total cumulative payments made under these LMAs as of September 30, 2014 and December 31, 2013, which are excluded from liabilities above, were \$33.5 million and \$32.4 million, respectively. The total capital lease liabilities excluded from above were \$8.7 and \$11.2 as of September 30, 2014 and as of December 31, 2013, respectively. Also excluded from the amounts above are liabilities associated with the certain LMAs and outsourcing agreements and purchase options with certain VIEs totaling \$67.2 million and \$59.9 million as of September 30, 2014 and December 31, 2013, respectively, as these amounts are eliminated in consolidation. The risk and reward characteristics of the VIEs are similar.

We have investments in other real estate ventures and investment companies which are considered VIEs. However, we do not participate in the management of these entities including the day-to-day operating decisions or other decisions which would allow us to control the entity, and therefore, we are not considered the primary beneficiary of these VIEs. We account for these entities using the equity or cost method of accounting.

Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

The carrying amounts of our investments in these VIEs for which we are not the primary beneficiary as of September 30, 2014 and December 31, 2013 was \$24.2 million and \$26.7 million, respectively, which are included in other assets in the consolidated balance sheets. Our maximum exposure is equal to the carrying value of our investments. The income and loss related to these investments are recorded in income from equity and cost method investments in the consolidated statement of operations. We recorded income of \$2.2 million and \$3.1 million in the three and nine months ended September 30, 2014 and \$0.7 million and \$1.4 million in the three and nine months ended September 30 2013, respectively.

Recent Accounting Pronouncements

In April 2014, the FASB issued new guidance that changes the criteria for determining which disposals can be presented as discontinued operations and modifies related disclosure requirements. Under the new guidance, a discontinued operation is defined as a disposal of a component or group of components that is disposed of and represents a strategic shift that has, or will have, a major effect on an entity's operations and financial results. Under the revised guidance, it is less likely for any future sales of assets, asset groups, or stations to be considered discontinued operations because such sales would need to represent a strategic shift and have a major effect on our future operations. Historically, under the previous guidance, sales of minor components of our business were required to be classified as discontinued operations. We early adopted this new guidance effective July 1, 2014. If this guidance were effective for the 2013 discontinued operations discussed in *Discontinued Operations*, then the sale of those stations would not have met the criteria under the new guidance.

In May 2014, the FASB issued new guidance on revenue recognition for revenue from contracts with customers. This guidance requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers and will replace most existing revenue recognition guidance when it becomes effective. This new standard is effective for annual reporting periods beginning after December 15, 2016. Early application is not permitted and the standard permits the use of either the retrospective or cumulative effect transition method. We are currently evaluating the impact of this requirement on our financial statements.

In August 2014, the FASB issued guidance on disclosure of uncertainties about an entity's ability to continue as a going concern. The new standard is effective for the annual period ending after December 15, 2016, and for annual periods and interim periods thereafter. We are currently evaluating the impact of this requirement on our financial statements.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses in the consolidated financial statements and in the disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Restricted Cash

During 2014 and 2013, we entered into certain definitive agreements to purchase assets of certain stations discussed in *Pending Acquisitions* in Note 3. *Commitment and Contingencies*, which required certain deposits to be made into escrow accounts. As of September 30, 2014 and December 31, 2013, we held \$104.3 million and \$11.4 million, respectively, in restricted cash classified as noncurrent related to the amounts held in escrow for these acquisitions. Included in restricted cash as of September 30, 2014, are the proceeds from the sale of WHTM of \$83.2 million, which is held in escrow for the pending acquisitions.

Revenue Recognition

Total revenues include: (i) cash and barter advertising revenues, net of agency commissions; (ii) retransmission consent fees; (iii) network compensation; (iv) other broadcast revenues and (v) revenues from our other operating divisions.

Advertising revenues, net of agency commissions, are recognized in the period during which time spots are aired.

Our retransmission consent agreements contain both advertising and retransmission consent elements. We have determined that our retransmission consent agreements are revenue arrangements with multiple deliverables. Advertising and retransmission consent deliverables sold under our agreements are separated into different units of accounting at fair value. Revenue applicable to the advertising element of the arrangement is recognized similar to the advertising revenue policy noted above. Revenue applicable to the retransmission consent element of the arrangement is recognized over the life of the agreement.

Network compensation revenue is recognized over the term of the contract. All other revenues are recognized as services are provided.

Share Repurchase Program

On October 28, 1999, we announced a \$150.0 million share repurchase program, which was renewed on February 6, 2008. On March 20, 2014, the Board of Directors authorized an additional \$150.0 million share repurchase authorization. There is no expiration date, and currently management has no plans to terminate this program. For the nine months ended September 30, 2014, we have purchased approximately 3.9 million shares for \$108.5 million. For the three months ended September 30, 2014, we purchased 1.0 million shares for \$26.1 million. As of September 30, 2014, the total remaining authorization was \$159.0 million. In October 2014, we purchased an additional 0.9 million shares for \$24.2 million.

Income Taxes

Our income tax provision for all periods consists of federal and state income taxes. The tax provision for the three and nine months ended September 30, 2014 and 2013 is based on the estimated effective tax rate applicable for the full year after taking into account discrete tax items and the effects of the noncontrolling interests. We provide a valuation allowance for deferred tax assets if we determine that it is more likely than not that some or all of the deferred tax assets will not be realized. In evaluating our ability to realize net deferred tax assets, we consider all available evidence, both positive and negative, including our past operating results, tax planning strategies and forecasts of future taxable income. In considering these sources of taxable income, we must make certain judgments that are based on the plans and estimates used to manage our underlying businesses on a long-term basis. A valuation allowance has been provided for deferred tax assets related to a substantial portion of our available state net operating loss (NOL) carryforwards, based on past operating results, expected timing of the reversals of existing temporary book/tax basis differences, alternative tax strategies and projected future taxable income.

Our effective income tax rate for the three and nine months ended September 30, 2014 was less than the statutory rate primarily due to a reduction in liability for unrecognized tax benefits of \$11.0 million in the third quarter, as a result of statute of limitations expiration.

Our effective income tax rate for the three months and nine months ended September 30, 2013 was lower than the statutory rate primarily due to: 1) a release of a valuation allowance related to state NOL carryforwards, of \$5.3 million, net of taxes, due to a law change in a state tax jurisdiction, effective for years beginning after December 31, 2014, which we expect will significantly increase the forecasted future taxable income attributable to that state and result in utilization of the state NOL carryforwards and 2) a \$2.2 million adjustment to the income tax provision upon finalization of the 2012 federal income tax return, primarily related to higher than originally projected available income tax deductions.

We believe it is reasonably possible that our liability for unrecognized tax benefits related to continuing operations could be reduced by up to \$7.8 million, in the next twelve months, as a result of expected statute of limitations expirations, the application of limits under available state administrative practice exceptions, and the resolution of examination issues and settlements with federal and certain state tax authorities.

Reclassifications

Certain reclassifications have been made to prior years' consolidated financial statements to conform to the current year's presentation.

Table of Contents**2. ACQUISITIONS***Fisher Communications*

Effective August 8, 2013, we completed the acquisition of all of the outstanding common stock of Fisher Communications, Inc. (Fisher). We paid \$373.2 million to the shareholders of the Fisher common stock, representing \$41.0 per common share. We financed the total purchase price with cash on hand. Fisher owned certain broadcast assets related to the following twenty-two stations, and four radio stations in 8 markets along with the respective network affiliation or program service arrangements: KOMO (ABC) and KUNS (Univision) in Seattle-Tacoma, WA; KATU (ABC), KUNP(Univision), and KUNP-LP (Univision) in Portland, OR; KLEW (CBS) in Spokane, WA; KBOI (CBS) and KYUU-LD (CW) in Boise, ID; KVAL (CBS), KCBY (CBS), KPIC (CBS), KMTR (NBC), KMCB (NBC), and KTCW (NBC) in Eugene, OR; KIMA (CBS), KEPR (CBS), KUNW-CD (Univision), and KVVK-CD (Univision), in Yakima/Pasco/Richland/Kennewick, WA; KBAK (CBS) and KBFX-CD (FOX) in Bakersfield, CA; as well as KIDK (CBS/FOX) and KXPI (FOX) in Idaho Falls/Pocatello, ID. The four radio stations are: KOMO (AM/FM), KPLZ (FM) and KVI (AM) in the Seattle/Tacoma, WA market. This acquisition provides expansion into additional markets and increases value based on the synergies we can achieve.

The results of the acquired operations are included in the financial statements of the Company beginning on August 8, 2013. Under the acquisition method of accounting, the purchase price has been allocated to the acquired assets and assumed liabilities based on estimated fair values. The allocation reflects the consolidation of net assets of the third party which owns the license and related assets of KMTR in Eugene, OR, which we have consolidated, as the licensee is considered to be a VIE and we are the primary beneficiary of the variable interests. Additionally, another third party that performs certain services pursuant to an outsourcing agreement to our stations in Idaho Falls, ID (KIDK and KXPI), exercised an existing purchase option to purchase the broadcast assets of the two stations for \$6.3 million, which closed in November 2013. The assets of these stations were classified as assets held for sale in the purchase price allocation. The allocated fair value of acquired assets and assumed liabilities is summarized as follows (in thousands):

Cash	\$	13,531
Accounts receivable		29,485
Prepaid expenses and other current assets		19,133
Program contract costs		11,427
Property and equipment		73,968
Broadcast licenses		29,771
Definite-lived intangible assets		166,378
Other assets		7,683
Assets held for sale		6,339
Accounts payable and accrued liabilities		(20,127)
Program contracts payable		(10,977)
Deferred tax liability		(74,177)
Other long-term liabilities		(22,127)
Fair value of identifiable net assets acquired		230,307
Goodwill		143,942
Less: fair value of non-controlling interests		(1,053)
Total	\$	373,196

The final allocation presented above is based upon management's estimate of the fair values using valuation techniques including income, cost and market approaches. In estimating the fair value of the acquired assets and assumed liabilities, the fair value estimates are based on, but not limited to, expected future revenue and cash flows, expected future growth rates, and estimated discount rates. The amount allocated to

Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

definite-lived intangible assets represents the estimated fair values of network affiliations of \$117.5 million, the decaying advertiser base of \$18.1 million, and other intangible assets of \$30.8 million. These intangible assets will be amortized over the estimated remaining useful lives of 15 years for network affiliations, 10 years for the decaying advertiser base and a weighted average life of 14 years for the other intangible assets. Acquired property and equipment will be depreciated on a straight-line basis over the respective estimated remaining useful lives. Goodwill is calculated as the excess of the consideration transferred over the fair value of the identifiable net assets acquired and represents the future economic benefits expected to arise from other intangible assets acquired that do not qualify for separate recognition, including assembled workforce and noncontractual relationships, as well as expected future synergies. We expect that goodwill deductible for tax purposes will be approximately \$11.1 million. Certain measurement period adjustments have been made since the initial allocation in the third quarter of 2013, which were not material to our consolidated financial statements.

Net broadcast revenues and operating income of the Fisher stations included in our consolidated statements of operations, were \$45.3 million and \$6.1 million and \$25.9 million and \$8.2 million for the three months ended September 30, 2014 and 2013, respectively. Net broadcast revenues and operating income of the stations were and \$129.6 million and \$12.6 million and \$25.9 million and \$8.2 million for the nine months ended September 30, 2014 and 2013, respectively.

Table of Contents*Barrington*

Effective November 22, 2013, we completed the acquisition of the broadcast assets of Barrington Broadcasting Company, LLC for \$370.0 million, less working capital of \$2.4 million, and entered into agreements to operate or provide sales and administrative services to another five stations. The purchase price includes \$7.5 million paid by third parties for the license related assets of certain stations. The acquired assets relate to the following twenty four stations located in fifteen markets along with the respective network affiliation or program service arrangements: WEYI (NBC) and WBSF (CW) in Flint/Saginaw/Bay City/Midland, MI; WNWO (NBC) in Toledo, OH; WACH (FOX) in Columbia, SC; WSTM (NBC), WTVH (CBS) and WSTQ (CW) in Syracuse, NY; KGBT (CBS) in Harlingen/Weslaco/Brownsville/McAllen, TX; KXRM (FOX) and KXTU (CW) in Colorado Springs, CO; WPDE (ABC) and WWMB (CW) in Myrtle Beach/Florence, SC; WHOI (ABC) in Peoria/Bloomington, IL; WPBN/WTOM (NBC), and WGTU/WGTQ (ABC) in Traverse City/Cadillac, MI; KVII (ABC) and KVIH (ABC) in Amarillo, TX; KRCG (CBS) in Columbia/Jefferson City, MO; WFXL (FOX) in Albany, GA; KHQA (CBS) in Quincy, IL/Hannibal, MO/Keokuk, IA; WLUC (NBC) in Marquette, MI; and KTVO (ABC) in Ottumwa, IA/Kirksville, MO.

The results of the acquired operations are included in the financial statements of the Company beginning on November 22, 2013. Under the acquisition method of accounting, the initial purchase price has been allocated to the acquired assets and assumed liabilities based on estimated fair values. The allocation reflects the consolidation of net assets of the third party licensees which own the license and related assets of WEYI and WBSF in Flint, MI, WWMB in Myrtle Beach, SC and WGTU/WGTQ in Traverse City, MI, which we have consolidated, as the licensees are considered to be VIEs and we are the primary beneficiary of the variable interests. The purchase price allocation is preliminary pending a final determination of the fair values of the assets and liabilities. The allocated fair value of acquired assets and assumed liabilities is summarized as follows (in thousands):

Prepaid expenses and other current assets	\$	681
Program contract costs		3,960
Property and equipment		73,621
Broadcast licenses		2,948
Definite-lived intangible assets		217,818
Accounts payable and accrued liabilities		(2,725)
Program contracts payable		(3,813)
Other long-term liabilities		(65)
Fair value of identifiable net assets acquired		292,425
Goodwill		75,261
Total	\$	367,686

The preliminary allocation presented above is based upon management's estimate of the fair values using valuation techniques including income, cost and market approaches. In estimating the fair value of the acquired assets and assumed liabilities, the fair value estimates are based on, but not limited to, expected future revenue and cash flows, expected future growth rates, and estimated discount rates. The amount allocated to definite-lived intangible assets represents the estimated fair values of network affiliations of \$101.0 million, the decaying advertiser base of \$42.0 million, and other intangible assets of \$74.8 million. These intangible assets will be amortized over the estimated remaining useful lives of 15 years for network affiliations, 10 years for the decaying advertiser base and a weighted average life of 15 years for the other intangible assets. Acquired property and equipment will be depreciated on a straight-line basis over the respective estimated remaining useful lives. Goodwill is calculated as the excess of the consideration transferred over the fair value of the identifiable net assets acquired and represents the future economic benefits expected to arise from other intangible assets acquired that do not qualify for separate recognition, including assembled workforce and noncontractual relationships, as well as expected future synergies. We expect that goodwill will be deductible for tax purposes. The initial purchase price allocation is based upon all information available to us at the present time and is subject to change, and such changes could be material.

Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

Net broadcast revenues and operating income of the Barrington stations included in our consolidated statements of operations, were \$42.8 million and \$6.5 million for the three months ended September 30, 2014, and \$123.2 million and \$22.2 million for the nine months ended September 30, 2014, respectively.

Allbritton

Effective August 1, 2014, we completed the acquisition of all of the outstanding common stock of Perpetual Corporation and equity interest of Charleston Television, LLC (together the Allbritton Companies) for \$985.0 million plus working capital of \$52.1 million. We financed the total purchase price with proceeds from the issuance of 5.625% senior unsecured notes, a draw on our amended bank credit agreement, and cash on hand. See *Note 4. Notes Payable and Commercial Bank Financing*. Allbritton owned certain broadcast assets related to the following nine stations along with the respective network affiliation or program service arrangements: WHTM (ABC) in Harrisburg/Lancaster/York, PA; WJLA (ABC) in Washington, DC; WBMA(ABC), WCFT (ABC), and WJSU(ABC), in Birmingham, AL; KATV (ABC) in Little Rock/Pine Bluff, AR; KTUL (ABC) in Tulsa, OK; WSET (ABC) in Roanoke/Lynchburg, VA; and WCIV (ABC), Charleston, SC markets, and NewsChannel 8, a 24-hour cable/satellite news network covering the Washington, D.C. metropolitan area. In order to comply with regulatory requirements, we completed the sale of the license and related assets of WHTM to Media General Operations, Inc. (Media General) effective September 3, 2014 for \$83.4 million, less working capital of \$0.2 million. This acquisition provides expansion into additional markets and increases value based on the synergies we expect to achieve.

Table of Contents

The results of the acquired operations are included in the financial statements of the Company effective August 1, 2014. Under the acquisition method of accounting, the initial purchase price has been allocated to the acquired assets and assumed liabilities based on estimated fair values. The purchase price allocation is preliminary pending a final determination of the fair values of the assets and liabilities. The allocated fair value of acquired assets and assumed liabilities is summarized as follows (in thousands):

Accounts receivable	\$	38,542
Prepaid expenses and other current assets		21,482
Program contract costs		1,204
Property and equipment		46,600
Broadcast licenses		5,000
Definite-lived intangible assets		589,100
Other assets		20,352
Assets held for sale		83,200
Accounts payable and accrued liabilities		(7,901)

Deferred Tax liabilities		(266,313)
Other long-term liabilities		(17,025)
Fair value of identifiable net assets acquired		513,101
Goodwill		523,953
Total	\$	1,037,054

The preliminary allocation presented above is based upon management's estimate of the fair values using valuation techniques including income, cost and market approaches. In estimating the fair value of the acquired assets and assumed liabilities, the fair value estimates are based on, but not limited to, expected future revenue and cash flows, expected future growth rates, and estimated discount rates. The amount allocated to definite-lived intangible assets represents the estimated fair values of network affiliations of \$391.1 million, the decaying advertiser base of \$35.6 million, and other intangible assets of \$162.4 million. These intangible assets will be amortized over the estimated remaining useful lives of 15 years for network affiliations, 10 years for the decaying advertiser base and a weighted average life of 15 years for the other intangible assets. Acquired property and equipment will be depreciated on a straight-line basis over the respective estimated remaining useful lives. Goodwill is calculated as the excess of the consideration transferred over the fair value of the identifiable net assets acquired and represents the future economic benefits expected to arise from other intangible assets acquired that do not qualify for separate recognition, including assembled workforce and noncontractual relationships, as well as expected future synergies. We do not expect any goodwill will be deductible for tax purposes. The initial purchase price allocation is based upon all information available to us at the present time and is subject to change, and such changes could be material.

Net broadcast revenues and operating income of the Allbritton stations included in our consolidated statements of operations, were \$41.2 million and \$9.0 million for the three months and nine month ended September 30, 2014.

Pro Forma Information

The following table sets forth unaudited pro forma results of continuing operations for the three and nine months ended September 30, 2014 and 2013, assuming that the above acquisitions, along with transactions necessary to finance the acquisitions, occurred at the beginning of the preceding year of acquisition (in thousands, except per share data). The pro forma results exclude acquisitions presented under Other Acquisitions below, as they were deemed not material both individually and in aggregate.

Table of Contents

This pro forma financial information is based on historical results of operations, adjusted for the allocation of the purchase price and other acquisition accounting adjustments, and is not indicative of what our results would have been had we operated the businesses since the beginning of the annual period presented because the pro forma results do not reflect expected synergies. The pro forma adjustments reflect depreciation expense, amortization of intangibles and amortization of program contract costs related to the fair value adjustments of the assets acquired, additional interest expense related to the financing of the transactions, exclusion of nonrecurring financing and transaction related costs, alignment of accounting policies and the related tax effects of the adjustments. Depreciation and amortization expense are higher than amounts recorded in the historical financial statements of the acquirees due to the fair value adjustments recorded for long-lived tangibles and intangible assets in purchase accounting.

Other Acquisitions

In addition to the Fisher, Barrington and Allbritton acquisitions, we acquired nineteen television stations during the year ended December 31, 2013 in ten markets, of which five stations in four of the ten markets were acquired from Cox Media Group (Cox) in May 2013. Additionally, ten of the nineteen stations were acquired in four markets from TTBG LLC (TTBG) effective October 1, 2013. The initial purchase price allocated includes \$272.7 million paid for certain broadcast assets of these stations, working capital of \$9.5 million, and \$0.7 million paid by certain VIEs for the license assets of certain of these stations owned by VIEs that we consolidate. In September 2014, we acquired WGXA-TV in the Macon, GA market for \$33.0 million. The purchase price allocations, except for the stations acquired from Cox and Fisher, are preliminary pending a final determination of the fair values of the assets and liabilities. The allocated fair value of acquired assets and assumed liabilities is summarized as follows (in thousands):

	2014		2013
Accounts receivable	\$		\$ 8,226

The initial purchase price allocations are based upon all information available to us at the present time and are subject to change. Certain measurement period adjustments have been made since the initial allocation in 2013, which were not material to our consolidated financial statements. The definite-lived intangible assets in the table above will be amortized over the remaining useful lives of 15 years for network affiliations, 10 years for decaying advertiser base, and a weighted average of 14 years for the other intangible assets. Net broadcast revenues and operating income for the three months ended September 30, 2014 and 2013 related to stations acquired in 2013 and 2014 were \$35.2 million and \$5.0 million, and \$14.2 and \$3.4 million, respectively. Net broadcast revenues and operating income for the nine months ended September 30, 2014 and 2013 related to the acquisitions above, were \$98.7 million and \$14.8 million and \$22.7 million and \$5.8 million, respectively.

Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

During the nine months ended September 30, 2014, we made certain immaterial measurement period adjustments to the initial purchase accounting for the acquisitions in 2013, resulting in reclassifications between certain noncurrent assets and noncurrent liabilities, including an increase to property and equipment of approximately \$45 million, an increase to broadcast licenses of \$22 million, an increase to noncurrent deferred tax liabilities of \$29 million, and a decrease to goodwill of \$56 million, as well as a corresponding increase to depreciation expense and amortization expense of \$1.2 million and \$2.5 million for three and nine months ending September 30, 2014, respectively.

3. COMMITMENTS AND CONTINGENCIES:

Litigation

We are a party to lawsuits and claims from time to time in the ordinary course of business. Actions currently pending are in various stages and no material judgments or decisions have been rendered by hearing boards or courts in connection with such actions. After reviewing developments to date with legal counsel, our management is of the opinion that the outcome of our pending and threatened matters will not have a material adverse effect on our consolidated balance sheets, consolidated statements of operations or consolidated statements of cash flows.

Various parties have filed petitions to deny our applications or our LMA partners' applications for the following stations' license renewals: WXLV-TV, Winston-Salem, North Carolina; WMYV-TV, Greensboro, North Carolina; WLFL-TV, Raleigh / Durham, North Carolina; WRDC-TV, Raleigh / Durham, North Carolina; WLOS-TV, Asheville, North Carolina; WCIV-TV, Charleston, South Carolina (formerly WMMP-TV); WMYA-TV, Anderson, South Carolina; WICS-TV Springfield, Illinois; WBFF-TV, Baltimore, Maryland; WTTE-TV, Columbus, Ohio; WRGT-TV, Dayton, Ohio; WVAH-TV, Charleston / Huntington, West Virginia; WCGV-TV, Milwaukee, Wisconsin; KGAN-TV, Cedar Rapids, IA; and WTTO-TV in Birmingham, AL. The FCC is in the process of considering the renewal applications and we believe the petitions have no merit.

Changes in the Rules of Television Ownership, Joint Sale Agreements, and Local Marketing Agreements

On March 12, 2014, the FCC issued a public notice with respect to the processing of broadcast television applications proposing sharing arrangements and contingent interests. The public notice indicated that the FCC will closely scrutinize any application that proposes that two or more stations in the same market that will enter into an agreement to share facilities, employees and/or services or to jointly acquire programming or sell advertising including through a JSA, LMA or similar agreement and enter into an option, right of first refusal, put /call arrangement or other similar contingent interest, or a loan guarantee. We cannot now predict what actions the FCC may require in connection with the processing of applications for FCC consent to pending transactions. In addition, the FCC issued rules that would consider a company an owner of a station if the company has a JSA with a station for sale of more than 15% of the ad time on a particular station if it owns or controls another station in the same market. Parties to such agreements must come into compliance with these new rules by June 19, 2016. Among other things, the rule could limit our ability to create duopolies or other two-station operations in certain markets. We are currently evaluating whether to seek one or more waivers of the new rules, or to modify or terminate our current JSAs. We cannot predict whether we will be able to terminate or restructure such arrangements on terms that are as advantageous to us as the current arrangements. The rule has been appealed to the United States Court of Appeals for the District of Columbia Circuit and we cannot predict the outcome of that proceeding. The revenues of these JSA arrangements we earned during the three and nine months ended September 30, 2014 were \$11.7 million and \$33.8 million, and \$8.5 million and \$23.6 million for the three and nine months ended September 30, 2013, respectively.

In its Order approving the Allbritton transaction, the FCC expressed concerns regarding an LMA that had existed between Sinclair and Cunningham in the Charleston market, and that it believed Sinclair apparently violated the local TV ownership rule with respect to its continued operation of that LMA. The same agreement that governs the Charleston LMA also governs LMAs between Sinclair and Cunningham in three other markets. The existence of the Charleston LMA was repeatedly disclosed to the Commission over many years, during which Sinclair relied on a June 20, 2001, Stay Order issued by the United States Court of Appeals for the District of Columbia Circuit, which specifically stated that the time for Sinclair to come into compliance with the Commission's eight voices standard is hereby stayed pending further order of the court. No further order has been issued by the Court with respect to that stay. Sinclair has submitted a memorandum of counsel to the FCC with regard to the LMA and its reliance on the Court's Stay Order. We cannot predict what steps, if any, the FCC will take in the future with respect to the

now terminated Charleston LMA.

In connection with the Allbritton acquisition, we agreed to surrender for cancellation the FCC licenses of WCIV, Charleston, SC, WCFT, Tuscaloosa, AL, and WJSU, Anniston, AL, all ABC affiliates, by September 29, 2014. In August 2014, we entered into an agreement to sell the license and related assets of WCIV to Howard Stirk Holdings, LLC for \$0.05 million, subject to the approval of the FCC, and other customary closing conditions. In September 2014, we entered into two other agreements to sell the licenses and related assets of WCFT and WJSU to Howard Stirk Holdings II LLC for \$0.05 million per station, subject to the approval of the FCC, and other customary closing conditions. The FCC applications requested waiver or an extension of the September 29, 2014 deadline. We will retain the ABC network affiliation service agreements after consummation of the proposed WCIV, WCFT and WJSU transactions.

Pending Acquisitions

Effective November 1, 2014, we completed the acquisition of the non-license assets of eight television stations from New Age Media located in three markets and KSNV (NBC) in Las Vegas, NV from Intermountain West for an aggregate purchase price of \$207.5 million less working capital of \$0.1 million. We financed the total purchase price through cash on hand and a draw on our bank credit facility, and \$21.0 million held as restricted cash as of September 30, 2014.

In August 2014, we entered into three agreements with Media General to purchase the broadcast assets of one television station in Providence, RI owned by Media General, two television stations in Green Bay, WI owned by LIN Media, LLC (LIN) and one television station in Savannah, GA owned by WTGS Television, LLC and operated by LIN through a shared services arrangement. Simultaneously, we will sell Media General the broadcast assets of WTTA in Tampa, FL, and KXRM/KXTU in Colorado Springs, CO upon the completion of the LIN/Media General merger. In addition and as part of the transactions, Sinclair will pay a net cash price of \$31.0 million.

4. NOTES PAYABLE AND COMMERCIAL BANK FINANCING

5.625% Senior Unsecured Notes, due 2024

On July 23, 2014, we issued \$550.0 million in senior unsecured notes, which bear interest at a rate of 5.625% per annum and mature on August 1, 2024 (the 5.625% Notes), pursuant to an indenture dated July 23, 2014 (the 5.625% Indenture). The 5.625% Notes were priced at 100% of their par value and interest is payable semi-annually on February 1 and August 1, commencing on February 1, 2015. Prior to August 1, 2019, we may redeem the 5.625% Notes, in whole or in part, at any time or from time to time at a price equal to 100% of the principal amount of the 5.625% Notes plus accrued and unpaid interest, if any, to the date of redemption, plus a make-whole premium as set forth in the 5.625% Indenture. In addition, on or prior to August 1, 2019, we may redeem up to 35% of the 5.625% Notes, using proceeds of certain equity offerings. If we sell certain of our assets or have certain changes of control, the holders of the 5.625% Notes may require us to repurchase some or all of the notes. The proceeds from the offering of the 5.625% Notes, together with borrowings under our Bank Credit Agreement and cash on hand, were used to finance the acquisition of the Allbritton companies effective August 1, 2014. Concurrent with entering into the 5.625% Indenture in July 2013, we also entered into a registration rights agreement requiring us to file a registration statement covering an offer to exchange of the 5.625% Notes for registered securities with the Securities and Exchange Commission (the SEC) to be effective by April 19, 2015.

Bank Credit Agreement

On July 31, 2014, we entered into an amendment and restatement (the Amendment) of our bank credit agreement (as amended, the Bank Credit Agreement). Pursuant to the Amendment, we raised \$400.0 million of incremental term loan B commitments. The incremental term loan matures in July 2021. The term loan was issued at 99.75% of par and bears interest at LIBOR plus 2.75% with a 0.75% LIBOR floor. The proceeds, together with the 5.625% Notes and cash on hand were used to finance the acquisition of the Allbritton companies effective August 1, 2014. Additionally, in connection with the Amendment, \$327.7 million of term loan A, including \$72.5 million of the remaining \$108.2 million delayed draw term loan A commitments, were converted into revolving commitments. After conversion, the total revolving commitments were \$485.2 million. We also amended certain terms of the Bank Credit Agreement, including increased flexibility in dispositions related to

Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

requirements of regulatory authorities, an increase in the non-TV/Radio acquisition capacity, the elimination of certain maintenance financial covenants, an increase to the first lien indebtedness maintenance test, and increased flexibility under certain restrictive covenants. As of September 30, 2014, we have \$319.3 million of outstanding term loan A, plus an additional \$35.7 million under the delayed draw which was drawn on October 14, 2014. In addition, we have \$1,041.5 million in outstanding term loan B and the total revolver capacity of \$482.2 million was available as of September 30, 2014.

We incurred \$14.6 million in financing costs related to the issuance of the 5.625% Notes and the Amendment, which we capitalized as deferred financing costs.

8.375% Senior Unsecured Notes, due 2018

Effective October 15, 2014, we redeemed all of the outstanding 8.375% Senior Notes due 2018, representing \$237.5 million aggregate principal amount of Notes as of October 15, 2014. Upon the redemption, along with the principal, we paid the accrued and unpaid interest and a make whole premium of \$9.9 million, for a total of \$257.4 million paid to note holders. We expect to record a loss on extinguishment of \$14.6 million in the fourth quarter of 2014 related to this redemption.

Table of Contents**5. EARNINGS PER SHARE**

The following table reconciles income (numerator) and shares (denominator) used in our computations of diluted earnings per share for the periods presented (in thousands):

Weighted-average common and common equivalent shares outstanding	97,896	100,239	98,414	91,549

There are no potentially dilutive securities which would have an anti-dilutive effect for the three and nine months ended September 30, 2014 and 2013.

6. RELATED PERSON TRANSACTIONS

Transactions with our controlling shareholders. David, Frederick, J. Duncan and Robert Smith (collectively, the controlling shareholders) are brothers and hold substantially all of the Class B Common Stock and some of our Class A Common Stock. We engaged in the following transactions with them and/or entities in which they have substantial interests.

Leases. Certain assets used by us and our operating subsidiaries are leased from Cunningham Communications Inc., Keyser Investment Group, Gerstell Development Limited Partnership and Beaver Dam, LLC (entities owned by the controlling shareholders). Lease payments made to these entities were \$1.3 million for both the three months ended September 30, 2014 and 2013, respectively, and \$4.1 million and \$3.8 million for the nine months ended September 30, 2014 and 2013, respectively.

Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

Charter Aircraft. From time to time, we charter aircraft owned by certain controlling shareholders. We incurred \$0.5 million and \$0.3 million for the three months ended September 30, 2014 and 2013, respectively, and \$1.0 million and \$0.6 million for the nine months ended September 30, 2014 and 2013, respectively.

Cunningham Broadcasting Corporation. As of September 30, 2014, Cunningham was the owner-operator and FCC licensee of: WNUV-TV Baltimore, Maryland; WRGT-TV Dayton, Ohio; WVAH-TV Charleston, West Virginia; WMYA-TV Anderson, South Carolina; WTTE-TV Columbus, Ohio; WDBB-TV Birmingham, Alabama; WBSF-TV Flint, Michigan; and WGTU-TV/WGTQ-TV Traverse City/Cadillac, Michigan (collectively, the Cunningham Stations) and WTAT-TV Charleston, South Carolina, WYZZ Peoria/Bloomington, IL.

During the first quarter of 2013, the estate of Carolyn C. Smith, a parent of our controlling shareholders, distributed all of the non-voting stock owned by the estate to our controlling shareholders, and a portion was repurchased by Cunningham for \$1.7 million in the aggregate. During the second quarter of 2014, Cunningham purchased the remaining amount of non-voting stock from the controlling shareholders for an aggregate purchase price of \$2.0 million. The estate of Mrs. Smith currently owns all of the voting stock. The sale of the voting stock by the estate to an unrelated party is pending approval of the FCC. We also had options from the trusts, which granted us the right to acquire, subject to applicable FCC rules and regulations, 100% of the voting and nonvoting stock of Cunningham, up until September 30, 2014, when these options were terminated. As discussed under *Note 1: Summary of Significant Accounting Policies*, during the third quarter of 2014, we deconsolidated Cunningham Broadcasting Corporation as we determined it was no longer a variable interest entity. We continue to consolidate certain of its subsidiaries with which we continue to have variable interests through various arrangements related to the stations discussed further below.

Table of Contents

As of September 30, 2014, certain of our stations provide programming, sales and managerial services pursuant to LMAs to six of the Cunningham stations: WNUV-TV, WRGT-TV, WVAH-TV, WMYA-TV, WTTE-TV, and WDBB-TV (collectively, the Cunningham LMA Stations). Each of these LMAs has a current term that expires on July 1, 2016 and there are three additional 5- year renewal terms remaining with final expiration on July 1, 2031. We also executed purchase agreements to acquire the license related assets of these stations from Cunningham, which grant us the right to acquire, and grant Cunningham the right to require us to acquire, subject to applicable FCC rules and regulations, 100% of the capital stock or the assets of these individual subsidiaries of Cunningham. Effective November 5, 2009, we entered into amendments and/or restatements of the following agreements between Cunningham and us: (i) the LMAs, (ii) option agreements to acquire Cunningham stock and (iii) certain acquisition or merger agreements relating to the Cunningham LMA Stations. The LMA and purchase agreement with WTAT-TV was terminated concurrent with Cunningham's purchase of the non-license assets of this station from us for \$14.0 million, effective August 1, 2014.

Pursuant to the terms of the LMAs, options and other agreements, beginning on January 1, 2010 and ending on July 1, 2012, we were obligated to pay Cunningham the sum of approximately \$29.1 million in 10 quarterly installments of \$2.75 million and one quarterly payment of approximately \$1.6 million, which amounts were used to pay down Cunningham's bank credit facility and which amounts were credited toward the purchase price for each Cunningham station. An additional \$1.2 million was paid on July 1, 2012 and another installment of \$2.75 million was paid on October 1, 2012 as an additional LMA fee and was used to pay off the remaining balance of Cunningham's bank credit facility. The aggregate purchase price of the television stations, which was originally \$78.5 million pursuant to certain acquisition or merger agreements subject to 6% annual increases, was decreased by each payment made by us to Cunningham, through 2012, up to \$29.1 million in the aggregate; pursuant to the foregoing transactions with Cunningham as such payments were made. Beginning on January 1, 2013, we were obligated to pay Cunningham an annual LMA fee for the television stations equal to the greater of (i) 3% of each station's annual net broadcast revenue and (ii) \$5.0 million, of which a portion of this fee will be credited toward the purchase price to the extent of the annual 6% increase. Additionally, we reimburse these Cunningham stations for 100% of their operating costs. In July 2014, concurrent with the Allbritton companies acquisition, the LMA and purchase agreement related to WTAT-TV was terminated and the total LMA fee was reduced to \$4.7 million to remove the fee associated with WTAT-TV. The remaining aggregate purchase price of these stations, excluding WTAT-TV, as of September 30, 2014 was approximately \$53.6 million.

We made payments to Cunningham under our LMAs with these stations of \$1.2 million and \$2.3 million for the three months ended September 30, 2014 and 2013, respectively, and \$7.2 million and \$6.8 million for the nine months ended September 30, 2014 and 2013, respectively. For the three months ended September 30, 2014 and 2013, Cunningham LMA Stations provided us with approximately \$26.0 million, and \$24.5 million, respectively, and approximately \$82.4 million and \$75.7 million for the nine months ended September 30, 2014 and 2013, respectively, of total revenue.

In November 2013, concurrent with our acquisition of the Barrington stations, Cunningham acquired the license related assets of WBSF-TV and WGTU-TV/WGTQ-TV, which was funded by bank debt, for which we have provided a guarantee. We provide certain non-programming related sales, operational and administrative services to these stations pursuant to certain outsourcing agreements. The agreements for WBSF-TV and WGTU-TV/WGTQ-TV expire in November 2021 and August 2015, respectively, and each has renewal provisions for successive eight year periods. Under these arrangements, we earned \$0.9 million and \$2.8 million from the services we perform for these stations for the three and nine months ended September 30, 2014, respectively. As we consolidate the licensees as VIEs, the amounts we earn under the arrangements are eliminated in consolidation and the gross revenues of the stations are reported within our consolidated statement of operations. We made payments to Cunningham under these arrangements of \$0.4 million for the three months ended September 30, 2014, and \$1.4 million for the nine months ended September 30, 2014. For the three and nine months ended September 30, 2014, our consolidated revenues include \$2.1 million and \$5.5 million related to these stations, respectively.

Also, concurrent with the Barrington acquisition, we also sold our station, WYZZ (FOX) in Peoria, IL, which currently receives non-programming related sales, operational and administrative services from Nexstar Broadcasting pursuant to certain outsourcing agreements, to Cunningham for \$22 million. In July 2014, concurrent with the Allbritton acquisition we terminated the LMA with WTAT (FOX) in Charleston, SC and sold to Cunningham the non-license assets related to this station. Although we have no continuing involvement in the

Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

operations of these stations, because we had consolidated Cunningham Broadcast Corporation (the parent company) up until September 2014, the assets of WYZZ were not derecognized and the transactions was accounted for as transactions between consolidated entities, and the resulting gain on sale were not recognized. Upon deconsolidation of Cunningham Broadcasting Corporation, the difference between proceeds received for the sale of WYZZ and WTAT and the carrying values of the net assets, which was previously eliminated in consolidation, is reflected as an increase to additional paid in capital in the consolidated balance sheet.

During October 2013, we purchased the outstanding membership interests of KDBC-TV (CBS) in El Paso, TX from Cunningham for \$21.2 million, plus a working capital adjustment of \$0.2 million. See *Other Acquisitions* within *Note 2. Acquisitions*, for further information.

Atlantic Automotive. We sold advertising time to and purchased vehicles and related vehicle services from Atlantic Automotive Corporation (Atlantic Automotive), a holding company that owns automobile dealerships and an automobile leasing company. David D. Smith, our President and Chief Executive Officer, has a controlling interest in, and is a member of the Board of Directors of Atlantic Automotive. We received payments for advertising time totaling \$0.1 million and less than \$0.1 million for the three months ended September 30, 2014 and 2013, respectively. We received payments for advertising time totaling \$0.2 million and \$0.1 million for the nine months ended September 30, 2014 and 2013, respectively. We paid \$0.2 million and \$1.1 million for vehicles and related vehicle services from Atlantic Automotive for the three and nine months ended September 30, 2013, respectively. No payments were made for the three and nine months ended September 30, 2014. Additionally, in August 2011, Atlantic Automotive entered into an office lease agreement with Towson City Center, LLC (Towson City Center), a subsidiary of one of our real estate ventures, and began occupying the space in June 2012. Atlantic Automotive paid \$0.3 million in rent for both the three months ended September 30, 2014 and 2013, respectively, and \$0.8 million and \$0.7 million for the nine months ended September 30, 2014 and 2013, respectively.

Leased property by real estate ventures. Certain of our real estate ventures have entered into leases with entities owned by David Smith to lease restaurant space. There are leases for three restaurants in a building owned by one of our consolidated real estate ventures in Baltimore, MD. Total rent received under these leases was \$0.1 million and less than \$0.1 million for the three months ended September 30, 2014 and 2013, respectively, and \$0.4 million and \$0.2 million for the nine months ended September 30, 2014 and 2013, respectively. There is also one lease for a restaurant in a building owned by one of our real estate ventures, accounted for under the equity method, in Towson, MD. We received under this lease \$0.1 million and \$0.2 million for the three and nine months ending September 30, 2014, respectively. We received under this lease less than \$0.1 million for both the three and nine months ended September 30, 2013.

Thomas & Libowitz P.A. Steven A. Thomas, a partner and founder of Thomas & Libowitz, P.A. (Thomas & Libowitz), a law firm providing legal services to us on an ongoing basis, is the son of a former member of the Board of Directors, Basil A. Thomas. Mr. Thomas resigned from Board of Directors effective September 2013. We paid fees of \$0.3 million and \$1.3 million to Thomas & Libowitz for the three and nine months ended September 30, 2013, respectively.

7. SEGMENT DATA

We measure segment performance based on operating income (loss). Excluding discontinued operations, our broadcast segment includes stations in 76 markets located throughout the continental United States. The operating results of WLAJ-TV and WLWC-TV, which were sold effective March 1, 2013 and April 1, 2013, respectively, are classified as discontinued operations and are not included in our consolidated results of continuing operations for the three months ended September 30, 2013. Our other operating divisions primarily consist of sign design and fabrication; regional security alarm operating and bulk acquisitions; manufacturing and service of broadcast antennas and transmitters; and real estate ventures. All of our other operating divisions are located within the United States. Corporate costs primarily include our costs to operate as a public company and to operate our corporate headquarters location. Other Operating Divisions and Corporate are not reportable segments but are included for reconciliation purposes. We had approximately \$172.3 million and \$171.7 million of intercompany loans between the broadcast segment, other operating divisions and corporate as of September 30, 2014 and 2013, respectively. We had \$5.3 million and \$5.0 million in intercompany interest expense related to intercompany loans between the broadcast segment, other operating divisions and corporate for the three months ending September 30, 2014 and 2013, respectively. For the nine months ended September 30, 2014 and 2013, we had \$15.3 million and \$15.0 million, respectively, in intercompany interest expense. All other intercompany transactions are immaterial.

Table of Contents**8. FAIR VALUE MEASUREMENTS:**

Accounting guidance provides for valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow), and the cost approach (cost to replace the service capacity of an asset or replacement cost). A fair value hierarchy using three broad levels prioritizes the inputs to valuation techniques used to measure fair value. The following is a brief description of those three levels:

- *Level 1:* Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.
- *Level 2:* Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.
- *Level 3:* Unobservable inputs that reflect the reporting entity's own assumptions.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This report includes or incorporates forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act) and the U.S. Private Securities Litigation Reform Act of 1995. We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements are subject to risks, uncertainties and assumptions about us, including, among other things, the following risks:

General risks

- the impact of changes in national and regional economies and credit and capital markets;
- consumer confidence;
- the potential impact of changes in tax law;
- the activities of our competitors;
- terrorist acts of violence or war and other geopolitical events;
- natural disasters that impact our advertisers and our stations;

Industry risks

- the business conditions of our advertisers particularly in the automotive and service industries;
- competition with other broadcast television stations, radio stations, multi-channel video programming distributors (MVPDs), internet and broadband content providers and other print and media outlets serving in the same markets;
- availability and cost of programming and the continued volatility of networks and syndicators that provide us with programming content;
- the effects of governmental regulation of broadcasting or changes in those regulations and court actions interpreting those regulations, including ownership regulations, including recent changes to the FCC's regulations relating to Joints Sales Agreements (JSA) and potential future changes to its regulations regarding Shared Services Agreements (SSA), indecency regulations, retransmission fee regulations and political or other advertising restrictions;
- the effects of the FCC's recently issued order adopting a new rule prohibiting the joint negotiation of retransmission consent agreements by two stations in the same market that are not commonly owned, if both of the stations are ranked among the top four stations in the market;

Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

- labor disputes and legislation and other union activity associated with film, acting, writing and other guilds and professional sports leagues;
- the broadcasting community's ability to develop a viable mobile digital broadcast television (mobile DTV) strategy and platform and the consumer's appetite for mobile television;
- the operation of low power devices in the broadcast spectrum, which could interfere with our broadcast signals;
- the impact of reverse network compensation payments charged by networks pursuant to their affiliation agreements with broadcasters requiring compensation for network programming;
- the effects of new ratings system technologies including people meters and set-top boxes, and the ability of such technologies to be a reliable standard that can be used by advertisers;
- the impact of new FCC rules requiring broadcast stations to publish, among other information, political advertising rates online;
- changes in the makeup of the population in the areas where stations are located;

Risks specific to us

- the effectiveness of our management;
- our ability to attract and maintain local and national advertising;
- our ability to service our debt obligations and operate our business under restrictions contained in our financing agreements;
- our ability to successfully renegotiate retransmission consent agreements;
- our ability to renew our FCC licenses;
- our ability to obtain FCC approval for the purchase of any future acquisitions, as well as, in certain cases, customary antitrust clearance for any future acquisitions;
- our ability to successfully integrate any acquired businesses;
- our ability to maintain our affiliation and programming service agreements with our networks and program service providers and at renewal, to successfully negotiate these agreements with favorable terms;

Table of Contents

- our ability to effectively respond to technology affecting our industry and to increasing competition from other media providers;
- the popularity of syndicated programming we purchase and network programming that we air;
- the strength of ratings for our local news broadcasts including our news sharing arrangements;
- the successful execution of our multi-channel broadcasting initiatives including mobile DTW;
- the results of prior year tax audits by taxing authorities.

Other matters set forth in this report and other reports filed with the Securities and Exchange Commission, including the *Risk Factors* set forth in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2013 may also cause actual results in the future to differ materially from those described in the forward-looking statements. However, additional factors and risks not currently known to us or that we currently deem immaterial may also cause actual results in the future to differ materially from those described in the forward-looking statements. You are cautioned not to place undue reliance on any forward-looking statements, which speaks only as of the date on which it is made. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. In light of these risks, uncertainties and assumptions, the forward-looking statements discussed in this report might not occur.

Table of Contents

The following Management's Discussion and Analysis provides qualitative and quantitative information about our financial performance and condition and should be read in conjunction with our consolidated financial statements and the accompanying notes to those statements. This discussion consists of the following sections:

Executive Overview financial events since June 30, 2014.

Results of Operations an analysis of our revenues and expenses for the three and nine months ended September 30, 2014 and 2013, including comparisons between quarters and expectations for the three months ended December 31, 2014.

Liquidity and Capital Resources a discussion of our primary sources of liquidity, an analysis of our cash flows from or used in operating activities, investing activities and financing activities and an update of our debt refinancings during the three and nine months ended September 30, 2014.

EXECUTIVE OVERVIEW

Third Quarter 2014 Events

- In July 2014, STG issued \$550.0 million in senior unsecured notes, which bear interest at a rate of 5.625% per annum and mature on August 1, 2024. The proceeds from the offering of the 5.625% Notes, together with borrowings under our Bank Credit Agreement and cash on hand, were used to finance the acquisition of the Allbritton companies on July 31, 2014.
- In July 2014, we amended and restated our existing bank credit facility raising \$400.0 million of additional term loan B commitments, which matures in 2021 and bear interest at LIBOR plus 2.75%, with a 0.75% floor. Additionally, \$327.7 million of our term loan A commitments were converted to revolving commitments.
- In July 2014, we launched the American Sports Network (ASN), a collegiate sports initiative to be broadcast on a number of our television stations, which have entered into comprehensive sports rights agreements with a number of distinguished NCAA Division I conferences.
- Effective August 1, 2014, we completed the acquisition of all of the outstanding common stock of Perpetual Corporation and equity interest of Charleston Television, LLC for \$985.0 million plus working capital of \$52.1 million. We financed the total purchase price with proceeds from the issuance of 5.625% senior unsecured notes, a draw on our amended bank credit agreement, and cash on hand. In conjunction with the acquisition, we terminated our LMA in Charleston, SC with WTAT-TV (FOX) and sold the non-license assets of WTAT to Cunningham for \$14.0 million.
- In August 2014, our Board of Directors declared a quarterly dividend of \$0.165 per share, payable on September 15, 2014 to the holders of record at the close of business on August 29, 2014.

Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

- In August 2014, we entered into a definitive agreement to purchase the broadcast assets of one television station in Providence, RI owned by Media General, Inc., two television stations in Green Bay, WI owned by LIN Media, LLC and one television station in Savannah, GA owned by WTGS Television, LLC. Simultaneously, Sinclair will sell to Media General the broadcast assets of one station in Tampa, FL and two stations in Colorado Springs, CO upon the completion of the LIN/Media General merger.
- In August 2014, we launched an Original Programming Division that will focus on the creation and development of low-cost original entertainment and long-form content.
- On September 3, 2014, we completed the acquisition of the assets of WGXA in Macon, GA from Frontier Broadcast Holdings, LLC.
- Effective September 3, 2014, we closed on the sale of WHTM in Harrisburg, PA to Media General for \$83.4 million.
- In September we repurchased \$26.1 million or 1.0 million shares of our equity at an average price of \$26.17 per share. As of September 30, 2014, the total remaining authorization for repurchases was \$159 million.

Table of Contents

Other Events

- Effective October 15, 2014, we redeemed all of the outstanding 8.375% Senior Notes due 2018, representing \$237.5 million aggregate principal amount of Notes.
- During October 2014, we repurchased \$24.2 million or 0.9 million shares of our Class A common stock at an average price of \$25.59 per share and have \$135 million of remaining authorization.
- Effective November 1, 2014, we completed the acquisition of the non-license assets of eight television stations from New Age Media located in three markets and KSNV (NBC) in Las Vegas, NV from Intermountain West for an aggregate purchase price of \$207.5 million less working capital of \$0.1 million. We financed the total purchase price through cash on hand and a draw on our bank credit facility. The selling parties will continue to own the license assets and we will operate the stations under a master service agreement. In order to comply with regulatory requirements, we intend to sell the stock of a subsidiary, the FCC license and related assets, but not the programming, of one of the three stations in Las Vegas.
- In November 2014, our Board of Directors declared a quarterly dividend of \$0.165 per share, payable on December 15, 2014 to the holders of record at the close of business on December 1, 2014.

RESULTS OF OPERATIONS

In general, this discussion is related to the results of our continuing operations, except for discussions regarding our cash flows, which also include the results of our discontinued operations. The results of the acquired stations from Allbritton companies as of August 1, 2014, WGXA-TV as of September 3, 2014, Fisher as of August 8, 2013, Barrington as of November 22, 2013, and nineteen other television stations during the year ended 2013 are included in our results of our continuing operations for the three and nine months ended September 30, 2014. We determined that the operating results of WLAJ-TV, sold March 1, 2013, and WLWC-TV, sold April 1, 2013, are classified as discontinued operations and therefore the results are not included in our consolidated results of continuing operations for the three and nine months ended September 30, 2013. Unless otherwise indicated, references in this discussion and analysis to the third quarter of 2014 and 2013 refer to the three and nine months ended September 30, 2014 and 2013, respectively. Additionally, any references to the first, second or fourth quarter are to the three months ended March 31, June 30, and December 31, respectively, for the year being discussed. We have one reportable segment, broadcast that is disclosed separately from our other operating divisions and corporate activities.

SEASONALITY/CYCLICALITY

Our operating results are usually subject to seasonal fluctuations. Usually, the second and fourth quarter operating results are higher than first and third quarters because advertising expenditures are increased in anticipation of certain seasonal and holiday spending by consumers.

Our operating results are usually subject to fluctuations from political advertising. In even numbered years, political spending is usually significantly higher than in odd numbered years due to advertising expenditures preceding local and national elections. Additionally, every four years, political spending is usually elevated further due to advertising expenditures preceding the presidential election.

Table of Contents

Net broadcast revenues. Net broadcast revenues increased \$145.1 million when comparing the third quarter 2014 to the same period in 2013, of which \$117.4 million was related to acquired stations not included in same period of 2013. The remaining increase is primarily the result of higher retransmission revenues from multichannel video programming distributors (MVPD) and increases in advertising revenues in the political, medical, telecommunications, furniture, and drugs/cosmetics sectors. These increases were partially offset by a decrease in advertising revenues in the direct response, automotive, restaurants and fast food sectors. Excluding the stations acquired after the second quarter of 2013, automotive, which typically is our largest category, represented 23.6% of net time sales for the three months ended September 30, 2014. Net broadcast revenues increased \$390.9 million when comparing the nine months ended September 30, 2014 to the same period in 2013, of which \$336.7 million was related to acquired stations not included in the same period in 2013. The remaining increase for the nine month period is primarily the result of higher retransmission revenues from MVPDs and increases in advertising revenues in the political, services, and medical sectors. These increases were partially offset by a decrease in advertising revenues in the direct response, retail/department stores and restaurant sectors. Excluding the stations acquired after the second quarter of 2013, automotive, which typically is our largest category, represented 23.9% of net time sales for the nine months ended September 30, 2014.

From a network affiliation or program service arrangement perspective, the following table sets forth our affiliate percentages of television net time sales for the periods presented:

	# of Stations (a)	Percent of Net Time Sales for the Three months ended September 30,		Net Time Sales Percent Change	Percent of Net Time Sales for the Nine months ended September 30,		Net Time Sales Percent Change

(a) During the nine months ended September 30, 2014 we acquired ten stations with the following network affiliation or program service arrangements: ABC (nine stations in the third quarter) and FOX (one station in the third quarter). During 2013, we acquired or began providing services pursuant to outsourcing agreements or LMAs to 63 stations with the following network affiliation or program service arrangements: CBS (ten stations in the third quarter and four in the fourth quarter), FOX (two stations in the second quarter, three in the third quarter and eight in the fourth quarter), NBC (two stations in the second quarter, three in the third quarter and eight in the fourth quarter), ABC (two stations in the third quarter and six in the fourth quarter), CW (one station in the third quarter and seven the fourth quarter), Univision (five stations in the third quarter), and MyNetworkTV (two stations in the second quarter).

(b) We broadcast programming from network affiliations or program service arrangements with FOX, ABC, CBS, NBC, The CW, MyNetworkTV, This TV, ME TV, Retro TV, Get TV, Heartland, Grit, Accuweather WX, Weather Radar, Weather Nation, Live Well Network, Antenna TV, Bounce Network, Zuus Country, Azteca, Tele-Romantica, Inmigrante TV, MundoFox, Telemundo and Estrella TV on additional channels through our stations' second and third multicast signals.

Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

Political Revenues. Political revenues increased by \$31.1 million to \$33.8 million for the third quarter 2014 when compared to the same period in 2013. For the nine months ended September 30, 2014, political revenues increased by \$46.4 million to \$51.5 million when compared to the same period in 2013. Political revenues are typically higher in election years such as 2014.

Local Revenues. Excluding political revenues, our local broadcast revenues, which include local times sales, retransmission revenues and other local revenues, were up \$99.8 million for the third quarter 2014 when compared to the same period in 2013, of which \$88.0 million related to the acquired stations not included in the same period of 2013. The remaining increase is primarily due to an increase in advertising revenues from the religion, food grocery/other, and furniture as well as an increase in retransmission revenues from MVPDs. These increases were partially offset by a decrease in advertising revenues from the schools, entertainment/other, and services. Excluding political revenues, our local broadcast revenues were up \$300.0 million for the nine months ended September 30, 2014 compared to the same period in 2013, of which \$264.1 million related to the acquired stations not included in the same period in 2013. The remaining increase is primarily due to an increase in advertising revenues from the religion, automotive and medical sectors as well as an increase in retransmission revenues from MVPDs. These increases were partially offset by a decrease in advertising revenues from the direct response, media and fast food sectors.

Table of Contents

National Revenues. Excluding political revenues, our national broadcast revenues, which include national time sales and other national revenues, were up \$14.2 million for the third quarter 2014 when compared to the same period in 2013, of which \$19.0 million related to the acquired stations not included in the same period of 2013. The remaining decrease is primarily due to a decline in advertising revenues in the direct response, food grocery/other, and automotive sectors. Excluding political revenues, our national broadcast revenues were up \$44.5 million for the nine months ended September 30, 2014 compared to the same period in 2013, of which \$58.2 million related to the acquired stations not included in the same period in 2013. The remaining decrease is primarily due to a decline in advertising revenues in the restaurant/other, automotive and direct response sectors.

Broadcast Expenses

The following table presents our significant expense categories in our broadcast segment for the periods presented (in millions):

	For the Three Months Ended September 30,			For the Nine Months Ended September 30,		
	2014	2013	Percent Change Increase	2014	2013	Percent Change Increase
Station production expenses	\$ 150.3	\$ 98.9	52.0%	\$ 411.6	\$ 265.1	55.3%
Station selling, general and administrative expenses	\$ 97.3	\$ 66.1	47.2%	\$ 261.8	\$ 171.4	52.7%
Amortization of program contract costs and net realizable value adjustments	\$ 28.6	\$ 19.2	49.0%	\$ 76.1	\$ 56.7	34.2%
Corporate general and administrative expenses	\$ 13.2	\$ 14.6	(9.6)%	\$ 40.6	\$ 35.0	16.0%
Depreciation and amortization expenses	\$ 57.2	\$ 32.4	76.5%	\$ 151.7	\$ 89.8	68.9%

Station production expenses. Station production expenses increased \$51.4 million during the third quarter of 2014 as compared to the same period in 2013, of which \$41.3 million related to acquired stations not included in the same period of 2013. Station production expenses increased \$146.5 million during the nine months ended September 30, 2014 as compared to the same period in 2013, of which \$124.0 million related to stations not included in the same period in 2013. The remaining increase for both the three and nine month period is primarily due to an increase in fees pursuant to network affiliation agreements and compensation expense.

Station selling, general and administrative expense. Station selling, general and administrative expenses increased \$31.2 million during the third quarter of 2014 compared to the same period in 2013, of which \$28.9 million related to acquired stations not included in the same period of 2013. Station selling, general and administrative expenses increased \$90.5 million for the nine months ended September 30, 2014 compared to the same period in 2013, of which \$86.3 million related to the acquired stations not included in the same period in 2013. The remaining increase for both the three and nine month period is primarily due to an increase in information technology infrastructure costs and compensation expense, partially offset by a decrease in health care costs and digital interactive expenses.

Amortization of program contract costs and net realizable value adjustments. The amortization of program contract costs increased \$9.4 million during the third quarter of 2014 compared to the same period in 2013, of which \$4.5 million related to acquired stations not included in the same

Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

period of 2013. The amortization of program contract costs increased \$19.4 million during the nine months ended September 30, 2014 compared to the same period in 2013, of which \$13.5 million related to acquired stations not included in the same period of 2013. The remaining increase for both the three and nine month period is primarily due to higher programming costs.

Corporate general and administrative expenses. See explanation under *Corporate and Unallocated Expenses*.

Depreciation and Amortization expenses. Depreciation of property and equipment and amortization of definite-lived intangibles and other assets increased \$24.8 million during the third quarter of 2014 compared to the same period in 2013, of which \$25.0 million related to acquired stations not included in the same period of 2013. Depreciation of property and equipment and amortization of definite-lived intangibles and other assets increased \$61.9 million for the nine months ended September 30, 2014 compared to the same period in 2013, of which \$65.6 million related to acquired stations not included in the same period in 2013. The remaining decrease for both the three and nine month period is primarily due to assets becoming fully depreciated or amortized.

Table of Contents**OTHER OPERATING DIVISIONS**

Triangle Sign & Service, LLC (Triangle), a sign designer / fabricator, Alarm Funding Associates, LLC (Alarm Funding), a regional security alarm operating and bulk acquisition company, Dielectric, LLC, a manufacturer of broadcast equipment, real estate ventures and other nominal businesses make up our other operating divisions. Revenues for our other operating divisions increased \$3.4 million to \$18.4 million during the third quarter 2014 compared to \$15.0 million during the same period in 2013. For the nine months ended September 30, 2014, revenues for our other operating divisions increased \$11.5 million to \$50.8 million compared to \$39.3 million during the same period in 2013. Expenses of our other operating divisions including operating expenses, depreciation and amortization and applicable other income (expense) items such as interest expense, increased \$5.6 million to \$18.3 million during the third quarter 2014 compared to \$12.7 million during the same period in 2013. For the nine months ended September 30, 2014, expenses including other operating divisions expense, depreciation and amortization and applicable other income (expense) items, such as interest expense, increased \$18.0 million to \$51.4 million compared to \$33.4 million during the same period in 2013. The increases in both revenue and expenses relate primarily to the Alarm Funding, Triangle, and acquisition of Dielectric, which was acquired in June 2013.

Income from Equity and Cost Method Investments. Results of our equity and cost method investments in private investment funds and real estate ventures are included in income from equity and cost method investments in our consolidated statements of operations, within other operating divisions. During the three months ended September 30, 2014, we recorded a loss of \$0.2 million related to our real estate ventures and income of \$2.1 million related to certain private investment funds. For the nine months ended September 30, 2014, we recorded a loss of \$0.5 million related to our real estate ventures and income of \$3.1 million related to certain private investment funds. During the three months ended September 30, 2013, we recorded income of \$1.0 million related to our real estate ventures and income of \$0.6 million related to certain private investment funds. During the nine months ended September 30, 2013, we recorded a loss of \$1.3 million related to our real estate ventures and income of \$1.4 million related to certain private investment funds, partially offset by a \$0.4 million impairment charge related to one of the investments within one of the funds.

Corporate general and administrative expenses. We allocate most of our corporate general and administrative expenses to the broadcast segment. The explanation that follows combines the corporate general and administrative expenses found in the *Broadcast Segment* section with the corporate general and administrative expenses found in this section, *Corporate and Unallocated Expenses*. These results exclude general and administrative costs from our other operating divisions which are included in our discussion of expenses in the *Other Operating Divisions* section.

Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

Corporate general and administrative expenses combined increased by \$0.9 million and \$11.4 million for the three and nine months ended September 30, 2014, respectively, when compared to the same period in 2013. The increase is primarily due to an increase in overhead costs related to our recent acquisitions and includes \$2.4 million and \$4.0 million for the three and nine months ended September 30, 2014, respectively, of development costs associated with ONE Media, LLC.

We expect corporate general and administrative expenses to decrease slightly in the fourth quarter of 2014 compared to third quarter of 2014.

Interest expense. Interest expense increased for the three and nine months ended September 30, 2014 due to the issuance of \$350.0 million of 6.375% Notes in the fourth quarter of 2013, the issuance of \$550.0 million of 5.625% Notes and incremental borrowings on our Term Loan A and Term Loan B under our Bank Credit Agreement in the third quarter of 2014. Additionally, interest expense increased for the nine months ended September 30, 2014 due to the issuance of \$600.0 million of 5.375% Notes in the second quarter of 2013. The increase in interest expense for both the three and nine months ended September 30, 2014, was partially offset by a decrease in interest expense due to the redemption of our 9.25% Notes, 4.875% Notes and 3.0% Notes in the fourth quarter of 2013. See *Liquidity and Capital Resources* for more information.

Income tax (provision) benefit. The effective tax rate for the three and nine months ended September 30, 2014 including the effects of the noncontrolling interest was a provision of 13.4% and 28.0%, respectively, as compared to a provision of 12.9% and 27.8% during the same periods in 2013, respectively. The effective tax rate for the three and nine months ended September 30, 2014 is reduced by an \$11 million reduction in liability for unrecognized tax benefits as a result of statute of limitations expiration, while the effective tax rate in the same periods in 2013 is reduced by a \$5.3 million, net of taxes, release of a valuation allowance related to state NOL carryforwards due to a law change in a state tax jurisdiction.

LIQUIDITY AND CAPITAL RESOURCES

As of September 30, 2014, we had \$99.4 million in cash and cash equivalent balances and net working capital of approximately \$110.2 million. Cash generated by our operations and borrowing capacity under the Bank Credit Agreement are used as our primary sources of liquidity. As of September 30, 2014, we had \$482.2 million of borrowing capacity available on our Revolving Credit Facility.

During February and March 2014, we repurchased 2.9 million shares of Class A Common Stock for \$82.4 million. The repurchase was completed using cash on hand. During September 2014, we repurchased an additional 1.0 million shares for \$26.1 million. As of September 30, 2014, we had \$159.0 million remaining under our existing \$300.0 million repurchase authorization.

During October 2014, we repurchased \$24.2 million or 0.9 million shares of our Class A common stock at an average price of \$25.59 per share and have \$135 million of remaining authorization.

In July 2014, we amended and restated our existing bank credit facility raising \$400.0 million of incremental term loan B. The incremental credit facility matures in July 2021. Additionally, \$327.7 million of term loan A, including \$72.5 million of the remaining \$108.2 million delayed draw, were converted into revolving commitments. After conversion, the total revolving commitments were \$485.2 million. As of September 30, 2014, we have \$319.3 million of outstanding term loan A, plus an additional \$35.7 million under the delayed draw which was drawn on October 14, 2014. In addition, we have \$1,041.5 million in outstanding term loan B and the total revolver capacity of \$482.2 million was available as of September 30, 2014.

In July 2014, we issued \$550.0 million of senior unsecured notes, which bear interest at a rate of 5.625% per annum and mature on August 1, 2024. The proceeds from the offering of the 5.625% Notes, together with borrowings under our Bank Credit Agreement and cash on hand, were used to finance the acquisition of the Allbritton companies on July 31, 2014.

Effective October 15, 2014, we redeemed all of the outstanding 8.375% Senior Notes due 2018, representing \$237.5 million aggregate principal amount of Notes. Upon the redemption, along with the principal, we paid the accrued and unpaid interest and a make whole premium of \$9.9 million, for a total of \$257.4 million paid to note holders. We expect to record a loss on extinguishment of \$14.6 million in the fourth quarter of 2014 related to this redemption. The redemption was funded with a \$35.7 million delayed draw on our term loan A, a draw on our amended bank credit agreement, and cash on hand.

We anticipate that existing cash and cash equivalents, cash flow from our operations and borrowing capacity under the Revolving Credit Facility and general committed incremental term loan capacity under our amended and restated bank credit agreement will be sufficient to satisfy our debt service obligations, capital expenditure requirements, and working capital needs for the next twelve months. For our long-term liquidity needs, in addition to the sources described above, we may rely upon the issuance of long-term debt, the issuance of equity or other instruments convertible into or exchangeable for equity, or the sale of non-core assets. However, there can be no assurance that additional financing or capital or buyers of our non-core assets will be available, or that the terms of any transactions will be acceptable or advantageous to us.

Operating Activities

Net cash flows from operating activities increased during the three and nine months ended September 30, 2014 compared to the same period in 2013. This is primarily due to receipt of more cash from customers, which is primarily related to the acquired stations not included in the same period in 2013, timing of interest payments and payments to vendors, partially offset by higher overhead expenses primarily due to our acquisitions since the same period in 2013 and higher program payments.

Investing Activities

Net cash flows used in investing activities increased during the three months ended September 30, 2014 compared to the same period in 2013. The increase is primarily due to more cash used for station acquisitions and capital expenditures, partially offset by an increase sales of broadcast assets.

Net cash flows used in investing activities increased during the nine months ended September 30, 2014 compared to the same period in 2013. The increase is primarily due to more cash used for station acquisitions and capital expenditures, partially offset by an increase sales of broadcast assets and proceeds from insurance settlements.

In the fourth quarter of 2014, we anticipate incurring lower capital expenditures than incurred in the third quarter of 2014.

Financing Activities

Net cash flows from financing activities increased for the three months ended September 30, 2014, compared to the same period in 2013. The increase mostly relates to the issuance of the 5.625% Notes and amendment of the bank credit agreement during the third quarter 2014, partially offset by the repurchase of Class A Common Stock during the third quarter of 2014.

Net cash flows from financing activities decreased for the nine months ended September 30, 2014, compared to the same period in 2013. The change mostly relates to the proceeds from the sale of Class A Common Stock in 2013 and repurchase of Class A Common Stock during the 2014, partially offset by the issuance of the 5.625% Notes and amendment of the bank credit agreement during the third quarter 2014.

Table of Contents

In November 2014, our Board of Directors declared a quarterly dividend of \$0.165 per share. Future dividends on our common shares, if any, will be at the discretion of our Board of Directors and will depend on several factors including our results of operations, cash requirements and surplus, financial condition, covenant restrictions and other factors that the Board of Directors may deem relevant.

CONTRACTUAL CASH OBLIGATIONS

As of September 30, 2014, there were no material changes to our contractual cash obligations.

See *Liquidity and Capital Resources* for discussion on issuance of 5.625% Notes, amendment and restatement of the Bank Credit Facility during the nine months ended September 30, 2014, and redemption of the 8.375% Notes in October 2014.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Other than the foregoing, there have been no material changes from the quantitative and qualitative discussion about market risk previously disclosed in our Annual Report on Form 10-K for the year ended December 31, 2013.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures and Internal Control over Financial Reporting

Our management, under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the design and effectiveness of our disclosure controls and procedures and our internal control over financial reporting as of September 30, 2014.

The term disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act, means controls and other procedures of a company that are designed to provide reasonable assurance that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to provide reasonable assurance that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the company's management, including its principal executive and principal financial officers, as appropriate, to allow timely decisions regarding required disclosure. Management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving their objectives and management necessarily applies its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

The term internal control over financial reporting, as defined in Rules 13a-15d-15(f) under the Exchange Act, means a process designed by, or under the supervision of our Chief Executive and Chief Financial Officers and effected by our Board of Directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles (GAAP) and includes those policies and procedures that:

- pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and disposition of our assets;
- provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with GAAP and that our receipts and expenditures are being made in accordance with authorizations of management or our Board of Directors; and
- provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material adverse effect on our financial statements.

Assessment of Effectiveness of Disclosure Controls and Procedures

Based on the evaluation of our disclosure controls and procedures as of September 30, 2014, our Chief Executive Officer and Chief Financial Officer concluded that, as of such date, our disclosure controls and procedures were effective at the reasonable assurance level.

Changes in Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the quarter ended September 30, 2014, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Table of Contents

On August 1, 2014, the Company acquired Allbritton Communications (see *Note 2 Acquisitions* to the accompanying consolidated financial statements). We are currently integrating policies, processes, people, technology and operations for the acquired company. Management will continue to evaluate our internal control over financial reporting as we execute integration activities.

Limitations on the Effectiveness of Controls

Management, including our Chief Executive Officer and Chief Financial Officer, do not expect that our disclosure controls and procedures or our internal control over financial reporting will prevent all errors and all fraud. A control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within our company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management's override of the control. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, controls may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

We are party to lawsuits and claims from time to time in the ordinary course of business. Actions currently pending are in various preliminary stages and no judgments or decisions have been rendered by hearing boards or courts in connection with such actions. After reviewing developments to date with legal counsel, our management is of the opinion that the outcome of our pending and threatened matters will not have a material adverse effect on our consolidated balance sheets, consolidated statements of operations or consolidated statements of cash flows.

ITEM 1A. RISK FACTORS

There have been no material changes to the Risk Factors contained in our Annual Report on Form 10-K for the year ended December 31, 2013.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS
