(1) The hypothetical Starting Level of 100.00 has been chosen for illustrative purposes only and does not represent the actual Starting Level. The actual Starting Level is set forth under Summary of terms above.

The above figures are for purposes of illustration only and may have been rounded for ease of analysis. The actual amount you receive on the Stated Maturity Date and the resulting pre-tax rates of return will depend on the actual Starting Level and Ending Level.

How the Redemption Amount is calculated

The Redemption Amount will be determined as follows:

- If the Ending Level is greater than the Starting Level, the Redemption Amount will be equal to the lesser of:
 - (i) \$1,000 *plus*

- If the Ending Level is less than or equal to the Starting Level, but greater than or equal to the Threshold Level, the Redemption Amount will be equal to \$1,000

- If the Ending Level is less than the Threshold Level, the Redemption Amount will be equal to \$1,000 *minus*

In such a case, you will lose up to 90% of your Principal Amount.
