Table of Contents

As used in this Quarterly Report on Form 10-Q, the terms Zillow, the Company, we, us and our refer to Zillow, unless the context indicates otherwise.

NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q, including Part I, Item 2 (Management's Discussion and Analysis of Financial Condition and Results of Operations), contains forward-looking statements based on our management's beliefs and assumptions and on information currently available to our management. Forward-looking statements include all statements that are not historical facts and generally may be identified by terms such as believe, may, will, estimate, continue, anticipate, intend, could, would, project, plan, expect or the negative or plural of these words expressions.

These forward-looking statements are subject to a number of risks, uncertainties and assumptions, including but not limited to, our ability to successfully integrate and realize the benefits of our past or future strategic acquisitions or investments, including our proposed acquisition of Trulia, Inc.; our ability to maintain and effectively manage an adequate rate of growth; the impact of the real estate industry on our business; our ability to innovate and provide products and services that are attractive to our users and advertisers; our ability to increase awareness of the Zillow brand in a cost-effective manner; our ability to maintain or establish relationships with listings and data providers; our ability to attract consumers to our mobile applications and websites; our ability to compete successfully against existing or future competitors; the reliable performance of our network infrastructure and content delivery process; and our ability to protect our intellectual property. Further discussion of factors that may affect our business and results of operations is included in Part II, Item 1A (Risk Factors) in our Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2014. Moreover, we operate in a very competitive and rapidly changing environment. New risks emerge from time to time. It is not possible for our management to predict all risks, nor can we assess the effect of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements we may make. In light of these risks, uncertainties and assumptions, the forward-looking events and circumstances discussed in this report may not occur and actual results could differ materially and adversely from those anticipated or implied in the forward-looking statements.

You should not rely on forward-looking statements as predictions of future events. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee that the future results, levels of activity, performance or events and circumstances reflected in the forward-looking statements will be achieved or occur. Moreover, except as required by law, neither we nor any other person assumes responsibility for the accuracy and completeness of the forward-looking statements, and we undertake no obligation to update publicly any forward-looking statements for any reason after the date of this report to conform these statements to actual results or to changes in our expectations.

WHERE YOU CAN FIND MORE INFORMATION

Our filings with the Securities and Exchange Commission, or SEC, including our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and amendments to those reports, are available on our website at www.zillow.com, free of charge, as soon as reasonably practicable after the electronic filing of these reports with the SEC. The information contained on our website is not a part of this quarterly report on Form 10-Q.

Investors and others should note that we announce material financial information to our investors using our investor relations website, press releases, SEC filings, and public conference calls and webcasts. We also use the following social media channels as a means of disclosing information about the company, our services, and other matters, and

Edgar Filing: ZILLOW INC - Form 10-Q

for complying with our disclosure obligations under Regulation FD:

Zillow Twitter Account (<https://twitter.com/zillow>)

Zillow for Pros Twitter Account (<https://twitter.com/ZillowforPros>)

Zillow Facebook Page (<https://www.facebook.com/Zillow>)

Zillow Company Blog (<http://www.zillowblog.com/>)

The information we post through these social media channels may be deemed material. Accordingly, investors should monitor these accounts and the blog, in addition to following our investor relations website, press releases, SEC filings, and public conference calls and webcasts. This list may be updated from time to time. The information we post through these channels is not a part of this quarterly report on Form 10-Q.

Table of Contents**ZILLOW, INC.****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****(unaudited)****Note 1. Organization and Description of Business**

Zillow, Inc. was incorporated as a Washington corporation effective December 13, 2004, and we launched the initial version of our website, Zillow.com, in February 2006. Zillow operates the leading real estate and home-related information marketplaces on mobile and the Web, with a complementary portfolio of brands and products to help people find vital information about homes, and connect with local professionals. In addition to our living database of homes, accessible on Zillow.com, we also own and operate Zillow Mobile, our suite of home-related mobile applications, Zillow Mortgages, where borrowers connect with lenders to find loans and get competitive mortgage rates, Zillow Digs, our home improvement marketplace where consumers can find visual inspiration and local cost estimates, Zillow Rentals, a marketplace and suite of tools for rental professionals, Postlets, Diverse Solutions, Agentfolio, Mortech, HotPads, StreetEasy, and Retsly. Zillow provides products and services to help consumers through every stage of homeownership — buying, selling, renting, borrowing and remodeling.

Proposed Acquisition Transaction

On July 28, 2014, Zillow, Zebra Holdco, Inc., a Washington corporation (*HoldCo*), and Trulia, Inc., a Delaware corporation (*Trulia*), entered into an Agreement and Plan of Merger (the *Merger Agreement*), pursuant to which Zillow agreed to acquire Trulia. Trulia's mobile and web products provide buyers, sellers, renters and real estate professionals with tools and information for the home search process and provide agents with an end-to-end technology platform that enables them to find and serve clients.

The Merger Agreement provides that, upon the terms and subject to the conditions set forth therein, (i) a newly-organized Washington corporation, and wholly owned subsidiary of HoldCo (*Zillow Merger Sub*), will merge with and into Zillow (the *Zillow Merger*), with Zillow as the surviving entity, and (ii) a newly-organized Delaware corporation, and wholly-owned subsidiary of HoldCo (*Trulia Merger Sub*), will merge with and into Trulia (the *Trulia Merger*) and, together with the Zillow Merger, the *Mergers*), with Trulia as the surviving entity. As a result of the Mergers, both Zillow and Trulia will become wholly-owned subsidiaries of HoldCo. Pursuant to the terms of the Merger Agreement, at the effective time of the Zillow Merger (the *Zillow Merger Effective Time*), (i) each share of Zillow's Class A common stock will be converted into the right to receive one share of Class A common stock of HoldCo (*HoldCo Class A Common Stock*), and (ii) each share of Zillow's Class B common stock will be converted into the right to receive one share of Class B common stock of HoldCo. The Merger Agreement provides that, at the Zillow Merger Effective Time, all Zillow equity awards outstanding as of immediately prior to the Zillow Merger Effective Time will be assumed by HoldCo.

The consummation of each of the Zillow Merger and the Trulia Merger is subject to customary conditions, including: (a) approval of the Merger Agreement by Zillow's shareholders and Trulia's stockholders; (b) expiration or termination of the waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended; (c) absence of any applicable restraining order or injunction prohibiting the Mergers; (d) effectiveness of a registration statement on Form S-4; (e) absence of a material adverse effect with respect to each of Zillow and Trulia; (f) accuracy of the representations and warranties of each party, subject to specified materiality thresholds; (g) performance in all material respects by each party of its obligations under the Merger Agreement; (h) authorization for listing the HoldCo

Class A Common Stock on the NASDAQ Global Select Market; and (i) with respect to Zillow, the absence of certain legal proceedings that seek to restrain the Mergers or restrict the businesses of Zillow or Trulia.

The Merger Agreement contains termination rights for Trulia and Zillow applicable upon: (1) a final non-appealable order or other action prohibiting the Mergers; (2) the eighteen-month anniversary of the date of the Merger Agreement; (3) the failure of either Zillow's shareholders or Trulia's stockholders to approve the Mergers by the required vote; (4) a breach by the other party that cannot be cured within 30 days' notice of such breach, if such breach would result in the failure of the conditions to closing set forth in the Merger Agreement; (5) certain triggering events, including a change in recommendation relating to the Mergers by the other party's Board; and (6) in certain circumstances, Trulia's entry into a contract with respect to a superior proposal.

Pursuant to the terms of the Merger Agreement, at the effective time of the Trulia Merger (the Trulia Merger Effective Time), by virtue of the Trulia Merger and without any action on the part of any stockholder, each share of Trulia common stock will be converted into the right to receive 0.444 of a share of HoldCo Class A Common Stock. The Merger Agreement provides that, at the Trulia Merger Effective Time, all Trulia equity awards outstanding as of immediately prior to the Trulia Merger Effective Time will be assumed by HoldCo. The Trulia Merger Effective Time is expected to occur promptly after the Zillow Merger Effective Time.

If the Merger Agreement is terminated in certain circumstances, Zillow or Trulia, as applicable, would be required to pay the other a termination fee of \$69.8 million. In addition, the Merger Agreement provides that, in certain other circumstances, Zillow would be required to pay Trulia a termination fee of \$150 million.

On September 12, 2014, HoldCo filed a Registration Statement on Form S-4 with the SEC to register the shares of HoldCo's common stock that will be issued to shareholders of Zillow and stockholders of Trulia as consideration in the proposed acquisition in exchange for the Zillow and Trulia common stock. As of November 6, 2014, the Registration Statement on Form S-4 has not yet been declared effective by the SEC. During the three months ended September 30, 2014, Zillow incurred a total of \$13.2 million in acquisition-related expenses related to the transaction, which includes \$5.0 million of investment banking fees.

Table of Contents***Certain Significant Risks and Uncertainties***

We operate in a dynamic industry and, accordingly, can be affected by a variety of factors. For example, we believe that changes in any of the following areas could have a significant negative effect on us in terms of our future financial position, results of operations or cash flows: our ability to successfully integrate and realize the benefits of our past or future strategic acquisitions or investments, including our proposed acquisition of Trulia; rates of revenue growth; engagement and usage of our products; scaling and adaptation of existing technology and network infrastructure; competition in our market; management of our growth; qualified employees and key personnel; protection of our brand and intellectual property; changes in government regulation affecting our business; intellectual property infringement and other claims; protection of customers' information and privacy concerns; and security measures related to our mobile applications and websites, among other things.

Note 2. Summary of Significant Accounting Policies***Basis of Presentation***

The accompanying condensed consolidated financial statements include Zillow, Inc. and our wholly-owned subsidiary, Zillow (Canada), Inc. All significant intercompany balances and transactions have been eliminated in consolidation. These condensed consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States (GAAP) and applicable rules and regulations of the Securities and Exchange Commission (SEC) regarding interim financial reporting. Certain information and note disclosures normally included in the financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules and regulations. Accordingly, these interim condensed consolidated financial statements should be read in conjunction with the audited financial statements and accompanying notes as of and for the year ended December 31, 2013 included in the Company's Annual Report on Form 10-K, which was filed with the SEC on February 18, 2014. The condensed balance sheet as of December 31, 2013, included herein, was derived from the audited financial statements as of that date.

The unaudited condensed consolidated interim financial statements have been prepared on the same basis as the annual financial statements and, in the opinion of management, reflect all adjustments, consisting only of normal recurring adjustments, necessary to present fairly our financial position as of September 30, 2014, our results of operations for the three and nine month periods ended September 30, 2014 and 2013, and our cash flows for the nine month periods ended September 30, 2014 and 2013. The results of the three and nine month periods ended September 30, 2014 are not necessarily indicative of the results to be expected for the year ended December 31, 2014 or for any interim period or for any other future year.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make certain estimates, judgments and assumptions that affect the reported amounts of assets and liabilities and the related disclosures at the date of the financial statements, as well as the reported amounts of revenue and expenses during the periods presented. Estimates are used for revenue recognition, the allowance for doubtful accounts, website development costs, goodwill, recoverability of intangible assets with definite lives and other long-lived assets, and for share-based compensation. To the extent there are material differences between these estimates, judgments, or assumptions and actual results, our financial statements will be affected.

Recently Issued Accounting Standards

In July 2013, the Financial Accounting Standards Board (FASB) issued guidance on the presentation of certain unrecognized tax benefits in the financial statements. This guidance provides that a liability related to an unrecognized tax benefit must be offset against a deferred tax asset for a net operating loss carryforward, a similar tax loss or a tax credit carryforward if such settlement is required or expected in the event the uncertain tax position is disallowed. This guidance is effective for interim and annual reporting periods beginning after December 15, 2013, with earlier adoption permitted, and may be applied prospectively or retrospectively. We adopted this guidance on January 1, 2014. The adoption of this guidance did not have a significant impact on our financial position, results of operations or cash flows, as we have provided a full valuation allowance against our net deferred tax assets.

In May 2014, the FASB issued guidance on revenue recognition. This guidance provides that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. This guidance also requires more detailed disclosures to enable users of financial statements to understand the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. This guidance is effective for interim and annual reporting periods beginning after December 15, 2016, early adoption is not permitted, and must be applied retrospectively or modified retrospectively. We expect to adopt this guidance on January 1, 2017. We have not yet determined the impact the adoption of this guidance will have on our financial position, results of operations or cash flows, if any.

Table of Contents

In August 2014, the FASB issued guidance on the disclosure of uncertainties about an entity's ability to continue as a going concern. This standard provides guidance about management's responsibility to evaluate whether there is substantial doubt about an entity's ability to continue as a going concern and to provide related footnote disclosures. The guidance is effective for annual reporting periods ending after December 15, 2016, and early adoption is permitted. We expect to adopt this guidance on January 1, 2017. We do not expect the adoption of this guidance to have any impact on our financial position, results of operations or cash flows.

Note 3. Fair Value Measurements

Accounting standards define fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market in an orderly transaction between market participants on the measurement date. The standards also establish a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. There are three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Assets and liabilities valued based on observable market data for similar instruments, such as quoted prices for similar assets or liabilities.

Level 3 Unobservable inputs that are supported by little or no market activity; instruments valued based on the best available data, some of which is internally developed, and considers risk premiums that a market participant would require.

We applied the following methods and assumptions in estimating our fair value measurements:

Cash equivalents Cash equivalents are comprised of highly liquid investments, including money market funds and U.S. government agency securities, with original maturities of less than three months. The fair value measurement of our cash equivalents is based on quoted prices in active markets for identical assets.

Short-term and long-term investments Our investments consist of fixed income securities, which include U.S. government agency securities, corporate notes and bonds, municipal securities, certificates of deposit and commercial paper. Investments with maturities greater than three months but less than one year are classified as short-term investments. Investments with maturities greater than one year are classified as long-term investments. The fair value measurement of these assets is based on observable market-based inputs or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Our short-term and long-term investments are classified as held-to-maturity and are recorded at amortized cost, as we do not intend to sell the investments, and it is not more likely than not that we will be required to sell these investments prior to maturity. The amortized cost of our short-term and long-term investments approximates their fair value.

Of the short-term investments and long-term investments on hand as of September 30, 2014, 72.6% mature on or prior to September 30, 2015, and the remaining 27.4% mature on or prior to September 30, 2016.

The following tables present the balances of cash equivalents and investments as of the dates presented (in thousands):

	September 30, 2014		
	Total	Level 1	Level 2

Corporate notes and bonds	29,812		29,812
Total	\$ 424,213	\$ 379,318	\$ 44,895

We did not have any Level 3 assets or liabilities measured at fair value on a recurring basis as of September 30, 2014 or December 31, 2013.

Note 4. Property and Equipment, net

The following table presents the detail of property and equipment as of the dates presented (in thousands):

	September 30, 2014	December 31, 2013
Website development costs	\$ 61,456	\$ 50,408
Computer equipment	12,058	8,238
Leasehold improvements	11,141	7,320
Software	3,294	1,807
Construction-in-progress	6,002	3,289
Office equipment, furniture and fixtures	6,055	3,661
Property and equipment	100,006	74,723
Less: accumulated amortization and depreciation	(61,671)	(47,315)
Property and equipment, net	\$ 38,335	\$ 27,408

We recorded depreciation expense related to property and equipment (other than website development costs) of \$1.6 million and \$0.8 million, respectively, during the three months ended September 30, 2014 and 2013, and \$4.6 million and \$2.0 million, respectively, during the nine months ended September 30, 2014 and 2013.

We capitalized \$6.0 million and \$5.1 million, respectively, in website development costs during the three months ended September 30, 2014 and 2013, and \$17.1 million and \$13.2 million, respectively, during the nine months ended September 30, 2014 and 2013. Amortization expense for website development costs included in technology and development expenses was \$4.8 million and \$3.2 million, respectively, during the three months ended September 30, 2014 and 2013, and \$13.3 million and \$8.6 million, respectively, during the nine months ended September 30, 2014

and 2013.

Construction-in-progress primarily consists of website development costs that are capitalizable, but for which the associated applications had not been placed in service.

Note 5. Goodwill

The following table presents the change in goodwill from December 31, 2013 through September 30, 2014 (in thousands):

Balance as of December 31, 2013	\$ 93,213
Goodwill recorded in connection with June 2014 acquisition	3,139
Balance as of September 30, 2014	\$ 96,352

The goodwill recorded in connection with the June 2014 acquisition is deductible for tax purposes.

Table of Contents**Note 6. Intangible Assets, net**

The following tables present the detail of intangible assets subject to amortization as of the dates presented (in thousands):

	September 30, 2014		
	Cost	Accumulated Amortization	Net
Purchased content	\$ 16,137	\$ (11,968)	\$ 4,169
Developed technology	19,195	(7,050)	12,145
Customer relationships	9,775	(3,334)	6,441
Trademarks	3,261	(1,152)	2,109
Total	\$ 48,368	\$ (23,504)	\$ 24,864

	December 31, 2013		
	Cost	Accumulated Amortization	Net
Purchased content	\$ 12,968	\$ (8,846)	\$ 4,122
Developed technology	18,835	(4,417)	14,418
Customer relationships	9,775	(1,799)	7,976
Trademarks	3,261	(628)	2,633
Total	\$ 44,839	\$ (15,690)	\$ 29,149

Amortization expense recorded for intangible assets for the three months ended September 30, 2014 and 2013 was \$2.6 million and \$1.9 million, respectively. Amortization expense recorded for intangible assets for the nine months ended September 30, 2014 and 2013 was \$7.8 million and \$5.2 million, respectively. These amounts are included in technology and development expenses.

Note 7. Income Taxes

We are subject to federal and state income taxes in the United States and in Canada. During the three and nine month periods ended September 30, 2014 and 2013, we did not have reportable taxable income, and we are not projecting reportable taxable income for the year ending December 31, 2014. Therefore, no tax liability or expense has been recorded in the consolidated financial statements. We have provided a full valuation allowance against our net deferred tax assets as of September 30, 2014 and December 31, 2013 because, based on the weight of available evidence, it is more likely than not (a likelihood of more than 50%) that some or all of the deferred tax assets will not be realized. We have accumulated federal tax losses of approximately \$236.5 million as of December 31, 2013, which are available to reduce future taxable income. We have accumulated state tax losses of approximately \$6.1 million (tax effected) as of December 31, 2013.

We recorded an income tax benefit of \$4.3 million for the three and nine month periods ended September 30, 2013 due to the use of the deferred tax liability generated in connection with Zillow's August 26, 2013 acquisition of

StreetEasy, Inc. that can be used to realize certain deferred tax assets for which we had previously provided a full allowance.

Note 8. Shareholders Equity

Our board of directors has the authority to fix and determine and to amend the number of shares of any series of preferred stock that is wholly unissued or to be established and to fix and determine and to amend the designation, preferences, voting powers and limitations, and the relative, participating, optional or other rights, of any series of shares of preferred stock that is wholly unissued or to be established, subject in each case to certain approval rights of holders of our outstanding Class B common stock. There was no preferred stock issued and outstanding as of September 30, 2014 or December 31, 2013.

Our Class A common stock has no preferences or privileges and is not redeemable. Holders of Class A common stock are entitled to one vote for each share.

Our Class B common stock has no preferences or privileges and is not redeemable. At any time after the date of issuance, each share of Class B common stock, at the option of the holder, may be converted into one share of Class A common stock, or automatically converted upon the affirmative vote by or written consent of holders of a majority of the shares of the Class B common stock. During the three and nine month periods ended September 30, 2014, zero shares and 251,445 shares of Class B common stock, respectively, were converted into Class A common stock at the option of the holders. During the year ended December 31, 2013, 993,634 shares of Class B common stock were converted into Class A common stock at the option of the holders. Holders of Class B common stock are entitled to 10 votes for each share.

Table of Contents

In August 2013, we sold 3,253,522 shares of our Class A common stock, including 753,522 shares of our Class A common stock pursuant to the underwriters' option to purchase additional shares, and certain shareholders sold 2,523,486 shares of our Class A common stock, at a price of \$82.00 per share. We received net proceeds of \$253.9 million after deducting underwriting discounts and commissions and offering expenses payable by us. We received no proceeds from the sale of our Class A common stock by the selling shareholders.

Note 9. Share-Based Awards

On July 19, 2011, our 2011 Incentive Plan (as amended and/or restated from time to time, the "2011 Plan") became effective and replaced our 2005 Equity Incentive Plan. The 2011 Plan contains an "evergreen" provision, pursuant to which the number of shares of Class A common stock available for issuance under the 2011 Plan can be increased on the first day of each of our fiscal years beginning in 2013 by a number of shares equal to the least of (a) 3.5% of our outstanding Class A common stock and Class B common stock on a fully diluted basis as of the end of our immediately preceding fiscal year, (b) 3,500,000 shares, and (c) a lesser amount determined by our board of directors; provided, however, that any shares from any increases in previous years that are not actually issued will continue to be available for issuance under the 2011 Plan. The 2011 Plan is administered by the compensation committee of the board of directors. Under the terms of the 2011 Plan, the compensation committee may grant equity awards, including incentive stock options, nonqualified stock options, restricted stock, restricted stock units or restricted units to employees, officers, directors, consultants, agents, advisors and independent contractors. The compensation committee has also authorized certain senior executive officers to grant equity awards under the 2011 Plan, within limits prescribed by the compensation committee.

Stock Options

All stock options granted from inception through September 30, 2014 are nonqualified stock options, with the exception of substituted incentive stock options for 15,143 shares of Zillow's Class A common stock that were granted in connection with the December 14, 2012 acquisition of HotPads, Inc. Options under the 2011 Plan are granted with an exercise price per share not less than 100% of the fair market value of our Class A common stock on the date of grant, with the exception of substituted stock options granted in connection with acquisitions, and are exercisable at such times and under such conditions as determined by the compensation committee. Under the 2011 Plan, the maximum term of an option is ten years from the date of grant. Any portion of an option that is not vested and exercisable on the date of a participant's termination of service expires on such date. Employees generally forfeit their rights to exercise vested options after 3 months following their termination of employment or 12 months in the event of termination by reason of death, disability or retirement. Options granted under the 2011 Plan are typically granted with seven-year terms and typically vest 25% after 12 months and ratably thereafter over the next 36 months, except for options granted under the Stock Option Grant Program for Nonemployee Directors ("Nonemployee Director Awards"), which are fully vested and exercisable on the date of grant, and except for certain options that were granted to our chief executive officer in December 2012 and January 2013.

Table of Contents

The following table summarizes stock option activity for the year ended December 31, 2013 and the nine months ended September 30, 2014:

	Shares Available for Grant	Number of Shares Subject to Existing Options	Weighted-Average Exercise Price Per Share	Weighted-Average Remaining Contractual Life (Years)	Aggregate Intrinsic Value
Outstanding at January 1, 2013	321,678	5,462,672	\$ 14.48	4.48	\$ 78,912,364
Authorized increase in plan shares	2,887,064				
Granted	(1,984,157)	2,009,542	43.87		
Exercised		(2,026,829)	9.03		
Forfeited or cancelled	288,679	(288,679)	31.93		
Outstanding at December 31, 2013	1,513,264	5,156,706	27.09	5.43	283,008,505
Authorized increase in plan shares	1,563,827				
Granted	(1,939,540)	1,939,540	95.24		
Exercised		(1,173,210)	17.85		
Forfeited or cancelled	221,071	(221,071)	60.89		
Outstanding at September 30, 2014	1,358,622	5,701,965	50.87	5.45	378,217,629
Vested and exercisable at September 30, 2014		1,509,226	19.74	3.84	145,258,818

The shares available for grant identified in the above table exclude options for an aggregate of 25,385 shares that were granted in 2013 in substitution of options previously granted by StreetEasy, Inc. (StreetEasy). Pursuant to the terms of the 2011 Plan, such substituted stock option awards do not reduce the number of shares available for future issuance under the 2011 Plan. As of September 30, 2014, the numbers above do not include 68,232 shares of restricted stock and 137,806 restricted stock units outstanding under our 2011 Plan.

The fair value of options granted, excluding Nonemployee Director Awards and certain options granted to the Company's chief executive officer in December 2012 and January 2013, is estimated at the date of grant using the Black-Scholes-Merton option-pricing model, assuming no dividends and with the following assumptions for the periods presented:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2014	2013	2014	2013
Expected volatility	55%	54%	53%-55%	50%-54%
Expected dividend yields				
Risk-free interest rate	1.46%-1.60%	1.19%-1.41%	1.29%-1.60%	0.59%-1.41%
Weighted-average expected life	4.58 years	4.58 years	4.58 years	4.58 years
Weighted-average fair value of options granted	\$62.63	\$38.14	\$43.19	\$20.23

In March 2014, stock options for an aggregate of 23,010 shares of our Class A common stock were granted as Nonemployee Director Awards. The fair value of options granted for the Nonemployee Director Awards, \$32.60 per share, is estimated at the date of grant using the Black-Scholes-Merton option-pricing model, assuming no dividends, expected volatility of 54%, a risk-free interest rate of 0.69%, and a weighted-average expected life of 3.5 years. During the nine months ended September 30, 2014 and 2013, share-based compensation expense recognized in our statements of operations related to Nonemployee Director Awards was \$0.8 million and \$0.5 million, respectively, and is included in general and administrative expenses. There was no share-based compensation expense recognized in our statements of operations related to Nonemployee Director Awards for the three months ended September 30, 2014 and 2013.

As of September 30, 2014, there was a total of \$86.4 million in unrecognized compensation cost related to unvested stock options.

Table of Contents***Restricted Stock Awards***

The following table summarizes restricted stock award activity for the year ended December 31, 2013 and the nine months ended September 30, 2014:

	Shares of Restricted Stock	Weighted- Average Grant- Date Fair Value
Unvested outstanding at January 1, 2013	340,103	\$ 30.37
Granted	3,673	44.66
Vested	(108,379)	30.94
Forfeited or cancelled	(5,270)	25.92
Unvested outstanding at December 31, 2013	230,127	30.43
Granted	3,255	80.91
Vested	(106,816)	31.03
Forfeited or cancelled		
Unvested outstanding at September 30, 2014	126,566	31.22

The fair value of the outstanding shares of restricted stock awards will be recorded as share-based compensation expense over the vesting period. As of September 30, 2014, there was \$3.3 million of total unrecognized compensation cost related to restricted stock awards.

Restricted Stock Units

The following table summarizes activity for restricted stock units for the year ended December 31, 2013 and the nine months ended September 30, 2014:

	Restricted Stock Units	Weighted- Average Grant- Date Fair Value
Unvested outstanding at January 1, 2013	295,737	\$ 38.76
Granted	97,804	81.12
Vested	(253,384)	42.53
Forfeited or cancelled	(19,034)	59.26
Unvested outstanding at December 31, 2013	121,123	64.07
Granted	96,964	102.12
Vested	(47,638)	69.94
Forfeited or cancelled	(32,643)	72.46

Unvested outstanding at September 30, 2014	137,806	85.35
--	---------	-------

In April 2014, pursuant to the terms of an Amended and Restated Executive Employment Agreement and a Restricted Stock Unit Award Notice and Restricted Stock Unit Award Agreement entered into between Zillow and an employee, Zillow granted to the employee restricted stock units for 59,320 shares of our Class A common stock, which vest quarterly over four years beginning on the vesting commencement date of March 26, 2014, subject to the recipient's continued full-time employment or service to Zillow. In the event of termination of service or employment by Zillow without cause or upon the resignation by such employee for good reason, the employee will receive 24 months accelerated vesting of the restricted stock units, except that in the event of such a termination in connection with a change in control, the restricted stock units will become fully vested. The employee will be entitled to receive one share of Zillow's Class A common stock for each then outstanding unit that becomes vested. The grant date fair value of the restricted stock units is approximately \$5.4 million.

In June 2014, pursuant to the terms of Restricted Stock Unit Award Notices and Restricted Stock Unit Award Agreements entered into between Zillow and certain employees, Zillow granted to the employees restricted stock units for a total of 24,880 shares of our Class A common stock, which vest ratably after each six-month period over two years beginning on the vesting commencement date of June 3, 2014, subject to the recipients' continued full-time employment or service to Zillow. In the event of termination of service or employment by Zillow without cause, 50% of the then unvested restricted stock units will become vested units, and the recipient will be entitled to receive one share of Zillow's Class A common stock for each then outstanding unit. The grant date fair value of the restricted stock units is approximately \$3.2 million.

The fair value of restricted stock units will be recorded as share-based compensation expense over the vesting period. As of September 30, 2014, there was \$13.5 million of total unrecognized compensation cost related to restricted stock units.

Table of Contents**Share-Based Compensation Expense**

The following table presents the effects of share-based compensation in our statements of operations during the periods presented (in thousands):

	Three Months Ended		Nine	
	September 30,		Months Ended	
	2014	2013	September 30,	2013
Cost of revenue	\$ 489	\$ 185	\$ 1,280	\$ 524
Sales and marketing	1,885	871	4,886	9,875
Technology and development	2,748	985	7,829	3,053
General and administrative	3,512	1,727	10,181	4,929
Total	\$ 8,634	\$ 3,768	\$ 24,176	\$ 18,381

Note 10. Net Loss Per Share

Basic net loss per share is computed by dividing net loss by the weighted-average number of common shares (including Class A common stock and Class B common stock) outstanding during the period. In the calculation of basic net loss per share, undistributed earnings are allocated assuming all earnings during the period were distributed.

Diluted net loss per share is computed by dividing net loss by the weighted-average number of common shares (including Class A common stock and Class B common stock) outstanding during the period and potentially dilutive Class A common stock equivalents, except in cases where the effect of the Class A common stock equivalent would be antidilutive. Potential Class A common stock equivalents consist of Class A common stock issuable upon exercise of stock options and Class A common stock underlying unvested restricted stock awards and unvested restricted stock units using the treasury stock method.

For the periods presented, the following Class A common stock equivalents were excluded from the calculations of diluted net loss per share because their effect would have been antidilutive (in thousands):

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2014	2013	2014	2013
Class A common stock issuable upon the exercise of stock options	3,120	3,402	3,035	3,190
Class A common stock underlying unvested restricted stock awards and restricted stock units	123	141	123	181
Total Class A common stock equivalents	3,243	3,543	3,158	3,371

In the event of liquidation, dissolution, distribution of assets or winding-up of the Company, the holders of all classes of common stock have equal rights to receive all the assets of the Company after the rights of the holders of outstanding preferred stock have been satisfied. We have not presented net loss per share under the two-class method for our Class A common stock and Class B common stock because it would be the same for each class due to equal dividend and liquidation rights for each class.

Note 11. Commitments and Contingencies

Lease Commitments

We have various operating leases for office space and equipment. In March 2011, we entered into a lease agreement for office space that houses our corporate headquarters in Seattle, Washington (as amended from time to time, the Seattle Lease). Pursuant to the terms of the Seattle Lease, we lease a total of approximately 155,000 square feet, and we are obligated to make escalating monthly lease payments that began in December 2012 and continue through November 2022. In April 2012, we entered into a lease agreement for office space in Irvine, California (as amended from time to time, the Irvine Lease). Pursuant to the terms of the Irvine Lease, we lease a total of approximately 60,000 square feet under which we are obligated to make escalating monthly lease payments which began in August 2012 and continue through July 2022. In November 2012, we entered into an operating lease in San Francisco, California for 18,353 square feet under which we are obligated to make escalating monthly lease payments which began in December 2012 and continue through November 2018. In February 2014, we entered into an operating lease in New York, New York (as amended from time to time, the New York Lease). Pursuant to the terms of the New York Lease, we lease a total of approximately 39,900 square feet, and we are obligated to make escalating monthly lease payments that began in August 2014 and continue through November 2024. We lease additional office space in Chicago, Illinois, Lincoln, Nebraska, and Vancouver, British Columbia.

Table of Contents

Future minimum payments for all operating leases as of September 30, 2014 are as follows (in thousands):

Remainder of 2014	\$ 1,883
2015	9,577
2016	10,570
2017	11,713
2018	11,748
All future years	48,385
Total future minimum lease payments	\$ 93,876

Rent expense for the three months ended September 30, 2014 and 2013 was \$2.0 million and \$1.1 million, respectively. Rent expense for the nine months ended September 30, 2014 and 2013 was \$5.1 million and \$3.3 million, respectively.

Purchase Commitments

As of September 30, 2014, we had non-cancelable purchase commitments for content related to our mobile applications and websites totaling \$10.3 million. The amounts due for this content as of September 30, 2014 are as follows (in thousands):

Remainder of 2014	\$ 1,233
2015	4,650
2016	3,599
2017	818
Total future purchase commitments	\$ 10,300

Letters of Credit

We have executed a standby letter of credit of \$2.0 million in connection with our Seattle Lease and a standby letter of credit of \$1.1 million in connection with the operating lease of our New York office. The letters of credit are secured by our investments and are effective until 60 days after the expiration date of the lease.

Legal Proceedings

In March 2010, Smarter Agent, LLC (Smarter Agent) filed a complaint against us and multiple other defendants, including HotPads, Inc. (HotPads), for patent infringement in the U.S. District Court for the District of Delaware. The complaint alleges, among other things, that our mobile technology infringes three patents held by Smarter Agent purporting to cover: a Global positioning-based real estate database access device and method, a Position-based information access device and method and a Position-based information access device and method of searching, and seeks an injunction against the alleged infringing activities and an unspecified award for damages. In November 2010, the U.S. Patent and Trademark Office granted our petition for re-examination of the three patents-in-suit, and, to date, all claims of all three patents remain rejected in the re-examination proceedings, including through appeals to the

Patent Trial and Appeal Board. In March 2011, the court granted a stay of the litigation pending the completion of the re-examination proceedings. In addition, in October 2011, Smarter Agent filed a substantially similar complaint against Diverse Solutions, Inc. (Diverse Solutions), StreetEasy, and other defendants, for patent infringement in the U.S. District Court for the District of Delaware. On October 31, 2011, we acquired substantially all of the operating assets and certain liabilities of Diverse Solutions, including the Smarter Agent complaint against Diverse Solutions. On December 14, 2012, we acquired HotPads, and took responsibility for the Smarter Agent complaint against HotPads. On August 26, 2013, we acquired StreetEasy, and took responsibility for the Smarter Agent complaint against StreetEasy. We have not recorded an accrual related to these complaints as of September 30, 2014 or December 31, 2013, as we do not believe a material loss is probable.

In September 2010, LendingTree, LLC (LendingTree) filed a complaint against us for patent infringement in the U.S. District Court for the Western District of North Carolina. The complaint alleged, among other things, that our website technology infringes two patents purporting to cover a Method and computer network for coordinating a loan over the internet. The complaint sought, among other things, a judgment that we infringed certain patents held by LendingTree, an injunction against the alleged infringing activities and an award for damages. We denied the allegations and asserted defenses and counterclaims seeking declarations that we are not infringing the patents and that the patents are invalid. In March 2014, a federal jury found that Zillow does not infringe the patents and that the patents asserted by LendingTree are invalid. In April, 2014, LendingTree filed two motions for judgment as a matter of law and for a new trial, all of which we opposed. In October 2014, the Court issued an order upholding the jury verdict and denying LendingTree s motions. We have not recorded an accrual related to this complaint as of September 30, 2014 or December 31, 2013, as we do not believe a material loss is probable.

Table of Contents

In November 2012, a securities class action lawsuit was filed in the U.S. District Court for the Western District of Washington at Seattle against us and certain of our executive officers seeking unspecified damages. A consolidated amended complaint was filed in June 2013. The complaint purports to state claims for violations of federal securities laws on behalf of a class of those who purchased our common stock between February 15, 2012 and November 6, 2012. The complaint generally alleges, among other things, that during the period between February 15, 2012 and November 6, 2012, we issued materially false and misleading statements regarding our business practices and financial results. In August 2013, we moved to dismiss the lawsuit. On October 20, 2014, the Court issued an order granting our motion to dismiss the consolidated amended complaint with prejudice. Also on October 20, 2014, the Court entered a judgment dismissing the complaint with prejudice. Plaintiffs have 30 days from the date of entry of the judgment to appeal the Court's judgment dismissing the consolidated amended complaint with prejudice. We have not recorded an accrual related to this lawsuit as of September 30, 2014 or December 31, 2013, as we do not believe a material loss is probable.

In March 2014, Move, Inc., the National Association of Realtors and three related entities, filed a complaint against us and Errol Samuelson, our Chief Industry Development Officer, in the Superior Court of the State of Washington in King County, alleging, among other things, that Zillow and Mr. Samuelson misappropriated plaintiffs' trade secrets in connection with Mr. Samuelson joining Zillow in March 2014. The complaint seeks, among other things, an injunction against the alleged misappropriations and Mr. Samuelson working for us, as well as unspecified damages. In April 2014, the court denied the plaintiffs' motion for a preliminary injunction prohibiting Mr. Samuelson from working for us. Plaintiffs renewed their motion for a preliminary injunction and on September 30, 2014, the court granted that request and entered a preliminary injunction. Zillow filed a motion requesting that the court reconsider that decision, which the court denied. On September 22, 2014, Zillow filed a notice for discretionary review by the Washington Court of Appeals, followed by a motion for discretionary review on October 7, 2014. We deny the allegations of any wrongdoing and intend to vigorously defend the claims in the lawsuit. We have not recorded an accrual related to these complaints as of September 30, 2014, as we do not believe a material loss is probable.

In August 2014, four purported class action lawsuits were filed by plaintiffs against Trulia and its directors, Zillow, and Zebra Holdco, Inc. in connection with Zillow's proposed acquisition of Trulia. One of those purported class actions, captioned Collier et al. v. Trulia, Inc., et al., was brought in the Superior Court of the State of California for the County of San Francisco, however on October 7, 2014, plaintiff in the Collier action filed a new complaint in the Delaware Court of Chancery alleging substantially the same claims and seeking substantially the same relief as the original complaint filed in California. On October 8, 2014, plaintiff in the Collier action filed a request for dismissal of the California case without prejudice. The other three of the purported class action lawsuits, captioned Shue et al. v. Trulia, Inc., et al., Sciabacucci et al. v. Trulia, Inc., et al., and Steinberg et al. v. Trulia, Inc. et al., were brought in the Delaware Court of Chancery. All four lawsuits allege that Trulia's directors breached their fiduciary duties to Trulia stockholders, and that the other defendants aided and abetted such breaches, by seeking to sell Trulia through an allegedly unfair process and for an unfair price and on unfair terms. All lawsuits seek, among other things, equitable relief that would enjoin the consummation of Zillow's proposed acquisition of Trulia and attorneys' fees and costs. The Delaware actions also seek rescission of the Merger Agreement (to the extent it has already been implemented) or rescissory damages and orders directing the defendants to account for alleged damages suffered by the plaintiffs and the purported class as a result of the defendants' alleged wrongdoing. On September 24, 2014, plaintiff in the Sciabacucci action filed (1) a motion for expedited proceedings, (2) a motion for a preliminary injunction, (3) a request for production of documents from defendants, and (4) notice of depositions. On October 13, 2014, the Delaware Court of Chancery issued an order consolidating all of the Delaware actions into one matter captioned In re Trulia, Inc. Stockholder Litigation and appointed Rigrodsky & Long as lead counsel. On October 13 and 14, 2014, the above-referenced motions were refiled under the consolidated case number. The hearing on the preliminary injunction motion is set for December 3, 2014. We have not recorded an accrual related to these lawsuits as of September 30,

2014, as we do not believe a material loss is probable.

In addition to the matters discussed above, from time to time, we are involved in litigation and claims that arise in the ordinary course of business. Although we cannot be certain of the outcome of any litigation and claims, nor the amount of damages and exposure that we could incur, we currently believe that the final disposition of such matters will not have a material effect on our financial position, results of operations or cash flow. Regardless of the outcome, litigation can have an adverse impact on us because of defense and settlement costs, diversion of management resources and other factors.

Note 12. Segment Information and Revenue

We have one reportable segment. Our reportable segment has been identified based on how our chief operating decision-maker manages our business, makes operating decisions and evaluates operating performance. The chief executive officer acts as the chief operating decision-maker and reviews financial and operational information on an entity-wide basis. We have one business activity and there are no segment managers who are held accountable for operations, operating results or plans for levels or components. Accordingly, we have determined that we have a single reporting segment and operating unit structure.

Table of Contents

The chief executive officer reviews information about revenue categories, including marketplace revenue and display revenue. The following table presents our revenue categories during the periods presented (in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2014	2013	2014	2013
Marketplace revenue:				
Real estate	\$ 65,586	\$ 35,254	\$ 168,232	\$ 92,000
Mortgages	7,106	5,742	20,800	16,465
Total Marketplace revenue	72,692	40,996	189,032	108,465
Display revenue	15,954	12,315	44,532	30,732
Total revenue	\$ 88,646	\$ 53,311	\$ 233,564	\$ 139,197

Note 13. Subsequent Events

In October 2014, we entered into an agreement containing a non-cancelable purchase commitment for content related to our mobile applications and websites that expires in October 2021. The amount due for this content is as follows (in thousands):

Remainder of 2014	\$ 5,718
2015	9,838
2016	3,803
2017	5,000
2018	5,000
All future years	18,000
Total future purchase commitments	\$ 47,359

On October 20, 2014, the U.S. District Court for the Western District of Washington issued an order granting our motion to dismiss the consolidated amended complaint in the securities class action lawsuit with prejudice. Also on October 20, 2014, the Court entered a judgment dismissing the complaint with prejudice. Plaintiffs have 30 days from the date of entry of the judgment to appeal the Court's judgment dismissing the consolidated amended complaint with prejudice. For additional information, see Note 11 above.

Table of Contents**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our condensed consolidated financial statements and related notes appearing elsewhere in this Quarterly Report on Form 10-Q. In addition to historical financial information, the following discussion contains forward-looking statements that reflect our plans, estimates and beliefs. Statements containing words such as may, believe, anticipate, expect, intend, plan, project, projections, business outlook, estimate, or similar expressions constitute forward-looking statements. Our actual results may differ materially from those contained in or implied by any forward-looking statements. Factors that could cause or contribute to these differences include those discussed below and elsewhere in this Quarterly Report on Form 10-Q, including in the section titled Note Regarding Forward-Looking Statements, and also those factors discussed in Part II, Item 1A (Risk Factors) in our Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2014.

Overview

Zillow operates the leading real estate and home-related information marketplaces on mobile and the Web, with a complementary portfolio of brands and products that help people find vital information about homes, and connect with local professionals. In addition to our living database of homes, accessible on Zillow.com, we also own and operate Zillow Mobile, our suite of home-related mobile applications, Zillow Mortgages, where borrowers connect with lenders to find loans and get competitive mortgage rates, Zillow Digs, our home improvement marketplace where consumers can find visual inspiration and local cost estimates, Zillow Rentals, a marketplace and suite of tools for rental professionals, Postlets, Diverse Solutions, Agentfolio, Mortech, HotPads, StreetEasy and Retsly.

Zillow provides products and services to help consumers through every stage of homeownership—buying, selling, renting, borrowing and remodeling. We are transforming the way people make home-related decisions, and enabling homeowners, buyers, sellers and renters to find and connect with local professionals best suited to meet their needs.

Our living database of more than 110 million U.S. homes—homes for sale, homes for rent and homes not currently on the market—attracts an active and vibrant community of users. Individuals and businesses that use Zillow have updated information on more than 50 million homes and added more than 275 million home photos, creating exclusive home profiles not available anywhere else. These profiles include detailed information about homes, including property facts, listing information and purchase and sale data. We provide this information to our users where, when and how they want it, through our industry-leading mobile applications that enable consumers to access our information when they are curbside, viewing homes, and through our websites. Using complex, proprietary automated valuation models, we provide current home value estimates, or Zestimates, and current rental price estimates, or Rent Zestimates, on more than 100 million U.S. homes.

We generate revenue from local real estate professionals, mortgage professionals, rental professionals, and brand advertisers. Our revenue includes marketplace revenue, consisting primarily of sales to real estate agents based on the number of impressions delivered in zip codes purchased, and advertising primarily sold on a cost per click, or CPC, basis to mortgage lenders, as well as display revenue, which consists of advertising placements sold primarily on a cost per thousand impressions, or CPM, basis.

During the three months ended September 30, 2014, we generated revenue of \$88.6 million, as compared to \$53.3 million in the three months ended September 30, 2013, an increase of 66%. This increase was primarily the result of a 36% increase in our Premier Agent advertisers to 60,877 as of September 30, 2014 from 44,749 as of September 30, 2013, as well as significant growth in traffic to our mobile applications and websites. There were approximately 86.0 million average monthly unique users of our mobile applications and websites for the three months ended September 30, 2014 compared to 61.1 million average monthly unique users for the three months ended

September 30, 2013, representing year-over-year growth of 41%.

In addition, mortgages revenue increased \$1.4 million for the three months ended September 30, 2014 compared to the three months ended September 30, 2013, or 24%. The increase was primarily a result of an increase in the number of loan requests submitted by consumers in Zillow Mortgages. There were approximately 7.0 million mortgage loan requests submitted by consumers for the three months ended September 30, 2014 compared to 5.9 million mortgage loan requests submitted by consumers for the three months ended September 30, 2013, an increase of 18%.

During the three months ended September 30, 2014, sales and marketing expenses increased by \$15.7 million compared to the three months ended September 30, 2013, primarily due to a \$8.7 million increase in marketing and advertising expenses related to advertising spend to acquire shoppers across online and offline channels. We believe we have considerable opportunity to increase brand awareness and grow traffic through targeted advertising programs like our Find Your Way Home TV advertising campaign. As such, we have invested in selective advertisements to consumers and professionals in various online and offline channels that have tested well for us.

As of September 30, 2014, we had 1,099 full-time employees, compared to 817 full-time employees as of December 31, 2013.

Table of Contents**Proposed Acquisition Transaction**

On July 28, 2014, Zillow entered into a Merger Agreement with Trulia, Inc. and Zebra Holdco, Inc., a newly formed holding company (HoldCo), pursuant to which Zillow agreed, upon the terms and subject to the conditions set forth therein, to acquire Trulia. During the three months ended September 30, 2014, Zillow incurred a total of \$13.2 million in acquisition-related costs related to the transaction, which includes \$5.0 million of investment banking fees. If completed, the acquisition of Trulia will have a significant impact on our liquidity, financial position and results of operations. For additional information regarding the proposed transaction with Trulia, see Note 1 to our condensed consolidated financial statements. Unless otherwise noted, the following discussion and analysis of our results of operations and liquidity and capital resources focuses on our existing operations exclusive of the impact of the proposed acquisition of Trulia, and any forward-looking statements contained herein do not take into account the impact of such proposed acquisition.

Key Growth Drivers

To analyze our business performance, determine financial forecasts and help develop long-term strategic plans, we frequently review the following key growth drivers:

Unique Users

Measuring unique users is important to us because our marketplace revenue depends in part on our ability to enable real estate, rental and mortgage professionals to connect with our users, and our display revenue depends in part on the number of impressions delivered. Furthermore, our community of users improves the quality of our living database of homes with their contributions. We count a unique user the first time an individual accesses our mobile applications using a mobile device during a calendar month and the first time an individual accesses one of our websites using a web browser during a calendar month. If an individual accesses our mobile applications using different mobile devices within a given month, the first instance of access by each such mobile device is counted as a separate unique user. If an individual accesses our websites using different web browsers within a given month, the first access by each such web browser is counted as a separate unique user. If an individual accesses more than one of our websites in a single month, the first access to each website is counted as a separate unique user since unique users are tracked separately for each domain. We measure unique users with Google Analytics. Beginning in September 2013, the reported monthly unique users reflect the effect of Zillow's August 26, 2013 acquisition of StreetEasy, Inc.

	Average Monthly Unique Users for the Three Months Ended September 30,		2013 to 2014
	2014	2013	% Change
	(in thousands)		
Unique Users	85,979	61,118	41%

Premier Agent Advertisers

The number of Premier Agent advertisers is an important driver of revenue growth because each agent pays us a fee to participate in the program. We define a Premier Agent advertiser as an agent with an active advertising contract at the end of a period.

	At September 30,		2013 to 2014
	2014	2013	% Change
Premier Agent Advertisers	60,877	44,749	36%

Basis of Presentation**Revenue**

We generate revenue from local real estate professionals, mortgage professionals, rental professionals, and brand advertisers. Our revenue includes marketplace revenue and display revenue.

Marketplace Revenue. Marketplace revenue consists of real estate revenue and mortgages revenue. Real estate revenue primarily includes revenue from impressions delivered under our Premier Agent program, as well as revenue generated by Zillow Rentals. Mortgages revenue primarily includes CPC advertising sold to mortgage lenders related to Zillow Mortgages, as well as revenue generated by Mortech, which provides subscription-based mortgage software solutions, including a product and pricing engine and lead management platform.

Zillow's Premier Agent program offers a suite of marketing and business technology solutions to help real estate agents grow their businesses and personal brands. The Premier Agent program allows agents to select products and services that they can tailor to meet their business and advertising needs. The program has three tiers of participation including Premier Platinum, our flagship product, as well as Premier Gold and Premier Silver, to meet different marketing and business needs of a broad range of agents. All tiers of Premier Agents receive access to a dashboard portal on our website that provides individualized program performance analytics, as well as our personalized website service, and our customer relationship management, or CRM, tool that captures detailed

Table of Contents

information about each contact made with a Premier Agent through our mobile and web platforms. Our Premier Gold product also includes featured listings whereby the agent's listings will appear at the top of search results on our mobile and web platforms. Our Premier Platinum product includes the dashboard portal on our website, our personalized website service, our CRM tool, featured listings, and inclusion on our buyer's agent list, whereby the agent appears as the agent to contact for listings in the purchased zip code.

We charge for our Platinum Premier Agent product based on the number of impressions delivered on our buyer's agent list in zip codes purchased and a contracted maximum cost per impression. Our Platinum Premier Agent product includes multiple deliverables which are accounted for as a single unit of accounting, as the delivery or performance of the undelivered elements is based on traffic to our mobile applications and websites. We recognize revenue related to our impression-based Platinum Premier Agent product based on the lesser of (i) the actual number of impressions delivered on our buyer's agent list during the period multiplied by the contracted maximum cost per impression, or (ii) the contractual maximum spend on a straight-line basis during the contractual period over which the services are delivered, typically over a period of six months or twelve months and then month-to-month thereafter.

We charge a fixed subscription fee for our Premier Gold and Premier Silver subscription products. Subscription advertising revenue for our Premier Gold and Premier Silver subscription products is recognized on a straight-line basis during the contractual period over which the services are delivered, typically over a period of six months and then month-to-month thereafter.

In Zillow Mortgages, participating qualified mortgage lenders make a prepayment to gain access to consumers interested in connecting with mortgage professionals. Consumers who request rates for mortgage loans in Zillow Mortgages are presented with personalized lender quotes from participating lenders. We only charge mortgage lenders a fee when users click for more information regarding a mortgage loan quote. Mortgage lenders who exhaust their initial prepayment can then prepay additional funds to continue to participate in the marketplace. We recognize revenue when a user clicks on a mortgage advertisement or to obtain additional information about a mortgage loan quote.

Display Revenue. Display revenue primarily consists of graphical mobile and web advertising sold on a CPM basis to advertisers primarily in the real estate industry, including real estate brokerages, home builders, mortgage lenders and home services providers. Our advertising customers also include telecommunications, automotive, insurance and consumer products companies. We recognize display revenue as impressions are delivered to users interacting with our mobile applications or websites. Growth in display revenue depends on continuing growth in traffic to our mobile applications and websites and migration of advertising spend online from traditional broadcast and print media.

Costs and Expenses

Cost of Revenue. Our cost of revenue consists of expenses related to operating our mobile applications and websites, including associated headcount expenses, such as salaries and benefits and share-based compensation expense and bonuses. Cost of revenue also includes credit card fees, ad serving costs paid to third parties, revenue-sharing costs related to our commercial business relationships, and data center operations costs.

Sales and Marketing. Sales and marketing expenses consist of advertising costs and other sales expenses related to promotional and marketing activities, as well as headcount expenses, including salaries, commissions, benefits, share-based compensation expense and bonuses for sales, sales support, customer support, marketing and public relations employees.

Technology and Development. Technology and development expenses consist of headcount expenses, including salaries and benefits, share-based compensation expense and bonuses for salaried employees and contractors engaged in the design, development and testing of our mobile applications and websites, equipment and maintenance costs, and facilities costs allocated on a headcount basis. Technology and development expenses also include amortization costs related to capitalized website and development activities, amortization of certain intangibles and other data agreement costs related to the purchase of data used to populate our mobile applications and websites, and amortization of intangible assets recorded in connection with acquisitions.

General and Administrative. General and administrative expenses consist of headcount expenses, including salaries, benefits, share-based compensation expense and bonuses for executive, finance, accounting, legal, human resources, recruiting and administrative support. General and administrative expenses also include legal, accounting and other third-party professional service fees and bad debt expense.

Other Income

Other income consists primarily of interest income earned on our cash, cash equivalents and investments.

Table of Contents**Income Taxes**

We are subject to federal and state income taxes in the United States and in Canada. During the three and nine month periods ended September 30, 2014 and 2013, we did not have reportable taxable income, and we are not projecting reportable taxable income for the year ending December 31, 2014. Therefore, no tax liability or expense has been recorded in the consolidated financial statements. We have provided a full valuation allowance against our net deferred tax assets as of September 30, 2014 and December 31, 2013 because, based on the weight of available evidence, it is more likely than not (a likelihood of more than 50%) that some or all of the deferred tax asset will not be realized. We have accumulated federal tax losses of approximately \$236.5 million as of December 31, 2013, which are available to reduce future taxable income. We have accumulated state tax losses of approximately \$6.1 million (tax effected) as of December 31, 2013.

We recorded an income tax benefit of \$4.3 million for the three and nine month periods ended September 30, 2013 due to the use of the deferred tax liability generated in connection with Zillow's August 26, 2013 acquisition of StreetEasy, Inc. that can be used to realize certain deferred tax assets for which we had previously provided a full allowance.

Results of Operations

The following tables present our results of operations for the periods indicated and as a percentage of total revenue:

	Three Months Ended September 30, 2014		Nine Months Ended September 30, 2014	
	2014	2013	2014	2013
(in thousands, except per share data, unaudited)				
Statements of Operations Data:

Adjusted EBITDA

To provide investors with additional information regarding our financial results, we have disclosed Adjusted EBITDA within this Quarterly Report on Form 10-Q, a non-GAAP financial measure. We have provided a reconciliation below

of Adjusted EBITDA to net loss, the most directly comparable GAAP financial measure.

We have included Adjusted EBITDA in this Quarterly Report on Form 10-Q because it is a key metric used by our management and board of directors to measure operating performance and trends and to prepare and approve our annual budget. In particular, the exclusion of certain expenses in calculating Adjusted EBITDA facilitates operating performance comparisons on a period-to-period basis.

Our use of Adjusted EBITDA has limitations as an analytical tool, and you should not consider it in isolation or as a substitute for analysis of our results as reported under GAAP. Some of these limitations are:

Adjusted EBITDA does not reflect our cash expenditures or future requirements for capital expenditures or contractual commitments;

Adjusted EBITDA does not reflect changes in, or cash requirements for, our working capital needs;

Adjusted EBITDA does not consider the potentially dilutive impact of share-based compensation;

Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized may have to be replaced in the future, and Adjusted EBITDA does not reflect cash capital expenditure requirements for such replacements or for new capital expenditure requirements;

Table of Contents

Adjusted EBITDA does not reflect acquisition-related costs; and

Other companies, including companies in our own industry, may calculate Adjusted EBITDA differently than we do, limiting its usefulness as a comparative measure.

Because of these limitations, you should consider Adjusted EBITDA alongside other financial performance measures, including various cash flow metrics, net loss and our other GAAP results.

The following table presents a reconciliation of Adjusted EBITDA to net loss for each of the periods presented:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2014	2013	2014	2013
	(in thousands, unaudited)			
Reconciliation of Adjusted EBITDA to Net Loss:				
Net loss	\$ (15,977)	\$ (1,189)	\$ (32,713)	\$ (15,168)
Other income	(265)	(70)	(768)	(240)

Income tax benefit		(4,265)		(4,265)
Adjusted EBITDA	\$ 14,631	\$ 4,322	\$ 29,788	\$ 14,720

Three Months Ended September 30, 2014 Compared to Three Months Ended September 30, 2013**Revenue**

	Three Months Ended September 30,		2013 to 2014
	2014	2013	% Change
	(in thousands, unaudited)		
Revenue:			
Marketplace revenue:			
Real estate	\$ 65,586	\$ 35,254	86%
Mortgages	7,106	5,742	24%
Total Marketplace revenue	72,692	40,996	77%
Display revenue	15,954	12,315	30%
Total revenue	\$ 88,646	\$ 53,311	66%

	Three Months Ended September 30,	
	2014	2013
Percentage of Total Revenue:		
Marketplace revenue:		
Real estate	74%	66%
Mortgages	8%	11%
Total Marketplace revenue	82%	77%
Display revenue	18%	23%
Total revenue	100%	100%

Overall revenue increased by \$35.3 million, or 66%, for the three months ended September 30, 2014 compared to the three months ended September 30, 2013. Marketplace revenue increased by 77%, and display revenue increased by 30%.

Marketplace revenue grew to \$72.7 million for the three months ended September 30, 2014 from \$41.0 million for the three months ended September 30, 2013, an increase of \$31.7 million. Marketplace revenue represented 82% of total revenue for the three months ended September 30, 2014 compared to 77% of total revenue for the three months ended September 30, 2013. The increase in marketplace revenue was primarily attributable to the \$30.3 million increase in real estate revenue, which was primarily a result of growth in the number of advertisers in our Premier Agent program to 60,877 as of September 30, 2014 from 44,749 as of September

Table of Contents

30, 2013, representing growth of 36%. Average monthly revenue per agent increased by 32% to \$349 for the three months ended September 30, 2014 from \$264 for the three months ended September 30, 2013. We calculate our average monthly revenue per agent by dividing the revenue generated by our Premier Agent products in the period by the average number of Premier Agent advertisers in the period, divided again by the number of months in the period. The average number of Premier Agent advertisers is derived by calculating the average of the beginning and ending number of Premier Agent advertisers for the period. The increase in average monthly revenue per agent was primarily driven by an increase in inventory which led to an increase in sales to existing Premier Agent advertisers looking to expand their presence on our platform.

The increase in marketplace revenue was also attributable to growth in mortgages revenue, which increased \$1.4 million for the three months ended September 30, 2014 compared to the three months ended September 30, 2013, or 24%. The increase was primarily a result of an increase in the number of loan requests submitted by consumers in Zillow Mortgages. There were approximately 7.0 million mortgage loan requests submitted by consumers for the three months ended September 30, 2014 compared to 5.9 million mortgage loan requests submitted by consumers for the three months ended September 30, 2013, an increase of 18%.

Display revenue was \$16.0 million for the three months ended September 30, 2014 compared to \$12.3 million for the three months ended September 30, 2013, an increase of \$3.6 million. Display revenue represented 18% of total revenue for the three months ended September 30, 2014 compared to 23% of total revenue for the three months ended September 30, 2013. The increase in display revenue was primarily the result of an increase in the number of unique users to our mobile applications and websites, which increased to 86.0 million average monthly unique users for the three months ended September 30, 2014 from 61.1 million average monthly unique users for the three months ended September 30, 2013, representing growth of 41%. The growth in unique users increased the number of graphical display impressions available for sale and advertiser demand for graphical display inventory. Although there is a relationship between the number of average monthly unique users and display revenue, there is not a direct correlation, as the Company does not sell its entire display inventory each period and some of the inventory is sold through networks and not directly through our sales team which impacts the cost per impression we charge to customers.

	2014	2013	Change
	(in thousands, unaudited)		
Cost of revenue	\$ 7,679	\$ 5,116	50%

Cost of revenue was \$7.7 million for the three months ended September 30, 2014 compared to \$5.1 million for the three months ended September 30, 2013, an increase of \$2.6 million, or 50%. The increase in cost of revenue was attributable to increased headcount-related expenses of \$0.9 million, including share-based compensation expense, driven by growth in headcount, increased credit card and ad serving fees of \$0.7 million, a \$0.5 million increase in revenue share costs, and a \$0.5 million increase in various miscellaneous expenses, including data center costs and royalties. We expect our cost of revenue to increase in absolute dollars in future years as we continue to incur more expenses that are associated with growth in revenue.

Sales and Marketing

	Three Months Ended September 30,		2013 to 2014
	2014	2013	% Change
	(in thousands, unaudited)		
Sales and marketing	\$ 46,934	\$ 31,195	50%

Sales and marketing expenses were \$47.0 million for the three months ended September 30, 2014 compared to \$31.2 million for the three months ended September 30, 2013, an increase of \$15.7 million, or 50%. The increase in sales and marketing expenses was primarily due to an \$8.7 million increase in marketing and advertising expenses, primarily related to advertising spend to attract users across online and offline channels, which supports our growth initiatives, and a \$0.7 million increase in consulting costs to support our marketing and advertising spend. We believe we have considerable opportunity to increase brand awareness and grow traffic through targeted advertising programs. As such, we plan to continue to selectively advertise to consumers and professionals in various online and offline channels that have tested well for us to drive traffic and brand awareness for Zillow.

In addition to the increases in marketing and advertising expense, we incurred a \$5.9 million increase in headcount-related expenses, including share-based compensation expense, driven by growth in headcount, and a \$0.4 million increase in various miscellaneous sales and marketing expenses.

We expect our sales and marketing expenses to increase in absolute dollars in future years as we continue to expand our sales team and invest more resources in extending our audience through marketing and advertising initiatives.

Table of Contents**Technology and Development**

	Three Months Ended September 30,		2013 to 2014
	2014	2013	% Change
	(in thousands, unaudited)		
Technology and development	\$ 21,318	\$ 12,167	75%

Technology and development expenses, which include research and development costs, were \$21.3 million for the three months ended September 30, 2014 compared to \$12.2 million for the three months ended September 30, 2013, an increase of \$9.2 million, or 75%. Approximately \$4.7 million of the increase related to growth in headcount-related expenses, including share-based compensation expense, as we continue to grow our engineering headcount to support current and future product initiatives. Approximately \$2.4 million of the increase was the result of increased amortization of intangible assets, including website development costs, purchased content, and acquired intangible assets. The increase in technology and development expenses was also attributable to a \$0.6 million increase in software costs, a \$0.5 million increase in depreciation expense, a \$0.4 million increase in consulting costs, and a \$0.6 million increase in various miscellaneous expenses, including connectivity costs and travel.

Amortization expense included in technology and development for capitalized website development costs was \$4.8 million and \$3.2 million, respectively, for the three months ended September 30, 2014 and 2013. Amortization expense included in technology and development related to intangible assets recorded in connection with acquisitions was \$1.6 million and \$1.2 million, respectively, for the three months ended September 30, 2014 and 2013. Amortization expense included in technology and development for intangible assets related to purchased data content was \$1.0 million and \$0.7 million, respectively, for the three months ended September 30, 2014 and 2013. Other data content expense was \$0.2 million and \$0.1 million, respectively, for the three months ended September 30, 2014 and 2013. We expect our technology and development expenses to increase in absolute dollars over time as we continue to build new mobile and website functionality.

General and Administrative

	Three Months Ended September 30,		2013 to 2014
	2014	2013	% Change
	(in thousands, unaudited)		
General and administrative	\$ 15,757	\$ 10,156	55%

General and administrative expenses were \$15.8 million for the three months ended September 30, 2014 compared to \$10.2 million for the three months ended September 30, 2013, an increase of \$5.6 million, or 55%. The increase in general and administrative expenses was a result of a \$2.8 million increase in headcount-related expenses, including share-based compensation expense, driven primarily by growth in headcount and increases in compensation, a \$1.3 million increase in building lease-related expenses including rent, utilities and insurance, a \$0.5 million increase in travel and meals expense, a \$0.4 million increase in consulting costs, and a \$0.6 million increase in various other miscellaneous expenses. We expect general and administrative expenses to increase over time in absolute dollars as we continue to expand our business.

Acquisition-Related Costs

	Three Months Ended September 30, 2014		2013 to 2014 % Change
	(in thousands, unaudited)		
Acquisition-related costs	\$ 13,200	\$ 201	6,467%

Acquisition-related costs were \$13.2 million for the three months ended September 30, 2014 compared to \$0.2 million for the three months ended September 30, 2013, an increase of \$13.0 million. Acquisition-related costs for the three months ended September 30, 2014 were a result of the proposed acquisition of Trulia, including investment banker, legal, accounting, tax, and regulatory filing fees. Acquisition-related costs for the three months ended September 30, 2013 were a result of the acquisition of StreetEasy, Inc. We expect our acquisition-related costs to increase in future periods in connection with our proposed acquisition of Trulia.

Table of Contents**Nine Months Ended September 30, 2014 Compared to Nine Months Ended September 30, 2013****Revenue**

	Nine Months Ended September 30, 2014 2013		2013 to 2014 % Change
	(in thousands, unaudited)		
Revenue:			
Marketplace revenue:			
Real estate	\$ 168,232	\$ 92,000	83%
Mortgages	20,800	16,465	26%
Total Marketplace revenue	189,032	108,465	74%
Display revenue	44,532	30,732	45%
Total revenue	\$ 233,564	\$ 139,197	68%

	Nine Months Ended September 30, 2014 2013	
Percentage of Total Revenue:		
Marketplace revenue:		
Real estate	72%	66%
Mortgages	9%	12%
Total Marketplace revenue	81%	78%
Display revenue	19%	22%
Total revenue	100%	100%

Overall revenue increased by \$94.4 million, or 68%, for the nine months ended September 30, 2014 compared to the nine months ended September 30, 2013. Marketplace revenue increased by 74%, and display revenue increased by 45%.

Marketplace revenue grew to \$189.0 million for the nine months ended September 30, 2014 from \$108.5 million for the nine months ended September 30, 2013, an increase of \$80.6 million. Marketplace revenue represented 81% of total revenue for the nine months ended September 30, 2014 compared to 78% of total revenue for the nine months ended September 30, 2013. The increase in marketplace revenue was primarily attributable to the \$76.2 million increase in real estate revenue, which was primarily a result of growth in the number of advertisers in our Premier Agent program to 60,877 as of September 30, 2014 from 44,749 as of September 30, 2013, representing growth of 36%. Average monthly revenue per agent increased by 24% to \$321 for the nine months ended September 30, 2014 from \$260 for the nine months ended September 30, 2013. The increase in average monthly revenue per agent was primarily driven by an increase in inventory which led to an increase in sales to existing Premier Agent advertisers

looking to expand their presence on our platform.

The increase in marketplace revenue was also attributable to growth in mortgages revenue, which increased by \$4.3 million, or 26%, for the nine months ended September 30, 2014 compared to the nine months ended September 30, 2013. The increase in mortgages revenue was primarily a result of an increase in the number of loan requests submitted by consumers in Zillow Mortgages. There were approximately 18.3 million mortgage loan requests submitted by consumers for the nine months ended September 30, 2014 compared to 15.8 million mortgage loan requests submitted by consumers for the nine months ended September 30, 2013, an increase of 16%.

Display revenue was \$44.5 million for the nine months ended September 30, 2014 compared to \$30.7 million for the nine months ended September 30, 2013, an increase of \$13.8 million. Display revenue represented 19% of total revenue for the nine months ended September 30, 2014 compared to 22% of total revenue for the nine months ended September 30, 2013. The increase in display revenue was primarily the result of an increase in the number of unique users to our mobile applications and websites, which increased to 86.0 million average monthly unique users for the three months ended September 30, 2014 from 61.1 million average monthly unique users for the three months ended September 30, 2013, representing growth of 41%.

Table of Contents**Cost of Revenue**

	Nine Months Ended September 30, 2014 2013		2013 to 2014 % Change
	(in thousands, unaudited)		
Cost of revenue	\$ 20,636	\$ 13,540	52%

Cost of revenue was \$20.6 million for the nine months ended September 30, 2014 compared to \$13.5 million for the nine months ended September 30, 2013, an increase of \$7.1 million, or 52%. The increase in cost of revenue was attributable to increased headcount-related expenses of \$2.2 million, including share-based compensation expense, driven by growth in headcount, increased credit card and ad serving fees of \$2.0 million, a \$1.5 million increase in data center operations and connectivity costs, a \$1.0 million increase in revenue share expense, and a \$0.4 million increase in various miscellaneous expenses.

Sales and Marketing

	Nine Months Ended September 30, 2014 2013		2013 to 2014 % Change
	(in thousands, unaudited)		
Sales and marketing	\$ 129,907	\$ 83,913	55%

Sales and marketing expenses were \$129.9 million for the nine months ended September 30, 2014 compared to \$83.9 million for the nine months ended September 30, 2013, an increase of \$46.0 million, or 55%. The increase in sales and marketing expenses was primarily due to a \$30.9 million increase in marketing and advertising expenses, primarily related to advertising spend to attract users across online and offline channels, which supports our growth initiatives, and a \$2.1 million increase in consulting costs to support our marketing and advertising spend. We believe we have considerable opportunity to increase brand awareness and grow traffic through targeted advertising programs. As such, we plan to continue to selectively advertise to consumers and professionals in various online and offline channels that have tested well for us to drive traffic and brand awareness for Zillow.

In addition to the increases in marketing and advertising expense, headcount-related expenses, including share-based compensation expense, increased by \$10.6 million, driven primarily by growth in the size of our sales team. We also incurred a \$0.9 million increase in depreciation expense, a \$0.8 million increase in tradeshow and conference expenses, including related travel costs, and a \$0.7 million increase in various miscellaneous sales and marketing expenses.

Technology and Development

	Nine Months Ended September 30, 2014 2013		2013 to 2014 % Change
	(in thousands, unaudited)		

Technology and development	\$ 58,150	\$ 33,849	72%
----------------------------	-----------	-----------	-----

Technology and development expenses, which include research and development costs, were \$58.2 million for the nine months ended September 30, 2014 compared to \$33.8 million for the nine months ended September 30, 2013, an increase of \$24.3 million, or 72%. Approximately \$12.0 million of the increase related to growth in headcount-related expenses, including share-based compensation expense, as we continue to grow our engineering headcount to support current and future product initiatives. Approximately \$7.3 million of the increase was the result of increased amortization of intangible assets, including website development costs, purchased content, and acquired intangible assets. The increase in technology and development expenses was also attributable to a \$1.5 million increase in software costs, a \$1.4 million increase in depreciation expense, a \$0.7 million increase in consulting costs, a \$0.4 million increase in loss on disposal of property and equipment, and a \$0.8 million increase in various miscellaneous expenses, including data acquisition costs, connectivity costs, and travel.

Amortization expense included in technology and development for capitalized website development costs was \$13.3 million and \$8.6 million, respectively, for the nine months ended September 30, 2014 and 2013. Amortization expense included in technology and development related to intangible assets recorded in connection with acquisitions was \$4.7 million and \$3.2 million, respectively, for the nine months ended September 30, 2014 and 2013. Amortization expense included in technology and development for intangible assets related to purchased data content was \$3.1 million and \$2.0 million, respectively, for the nine months ended September 30, 2014 and 2013. Other data content expense was \$0.5 million and \$0.3 million, respectively, for the nine months ended September 30, 2014 and 2013.

Table of Contents**General and Administrative**

	Nine Months Ended September 30,		2013 to 2014
	2014	2013	% Change
	(in thousands, unaudited)		
General and administrative	\$ 44,968	\$ 27,367	64%

General and administrative expenses were \$45.0 million for the nine months ended September 30, 2014 compared to \$27.4 million for the nine months ended September 30, 2013, an increase of \$17.6 million, or 64%. The increase in general and administrative expenses was a result of an \$8.9 million increase in headcount-related expenses, including share-based compensation expense, driven primarily by growth in headcount and increases in compensation, a \$2.9 million increase in building lease-related expenses including rent, utilities, and insurance, a \$1.5 million increase in professional services fees, including legal and accounting, a \$1.2 million increase in travel and meals expense, a \$0.9 million increase in city and state taxes, a \$0.6 million increase in consulting costs, a \$0.5 million increase in bad debt expense, a \$0.4 million increase in software costs, and a \$0.7 million increase in various other miscellaneous expenses.

Acquisition-Related Costs

	Nine Months Ended September 30,		2013 to 2014
	2014	2013	% Change
	(in thousands, unaudited)		
Acquisition-related costs	\$ 13,384	\$ 201	6,559%

Acquisition-related costs were \$13.4 million for the nine months ended September 30, 2014 compared to \$0.2 million for the nine months ended September 30, 2013, an increase of \$13.2 million. Acquisition-related costs for the nine months ended September 30, 2014 were primarily a result of the proposed acquisition of Trulia, including investment banker, legal, accounting, tax, and regulatory filing fees. Acquisition-related costs for the nine months ended September 30, 2013 were a result of the acquisition of StreetEasy, Inc.

Liquidity and Capital Resources

As of September 30, 2014 and December 31, 2013, we had cash, cash equivalents and investments of \$458.5 million and \$437.7 million, respectively. Cash and cash equivalents balances consist of operating cash on deposit with financial institutions, money market funds and U.S. government agency securities. Investments as of September 30, 2014 and December 31, 2013 consisted of fixed income securities, which include U.S. government agency securities, certificates of deposit, commercial paper, corporate notes and bonds, and municipal securities. Amounts on deposit with third-party financial institutions exceed the applicable Federal Deposit Insurance Corporation and the Securities Investor Protection Corporation insurance limits, as applicable. We believe that cash from operations and cash, cash equivalents and investment balances will be sufficient to meet our ongoing operating activities, working capital, capital expenditures and other capital requirements for at least the next 12 months.

We have executed a standby letter of credit of \$2.0 million in connection with the lease of our Seattle, Washington office space and a standby letter of credit of \$1.1 million in connection with the operating lease of our New York

office space. The letters of credit are secured by our investments and are effective until 60 days after the expiration date of the lease.

On July 28, 2014, Zillow, HoldCo, and Trulia entered into the Merger Agreement, pursuant to which Zillow agreed, upon the terms and subject to the conditions set forth therein, to acquire Trulia. If the Merger Agreement is terminated in certain circumstances, Zillow or Trulia, as applicable, would be required to pay the other a termination fee of \$69.8 million. In addition, the Merger Agreement provides that, in certain other circumstances, Zillow would be required to pay Trulia a termination fee of \$150 million.

If completed, the acquisition of Trulia will have a significant impact on our liquidity, financial position and results of operations and, as a result of the acquisition, HoldCo (as the resulting parent entity in the acquisition) will enter into a supplemental indenture in respect of Trulia's Convertible Senior Notes due in 2020 in the aggregate principal amount of \$230.0 million, which will provide, among other things, that, at the Trulia Merger Effective Time, (i) each outstanding Convertible Senior Note will no longer be convertible into shares of Trulia common stock and will be convertible solely into shares of HoldCo Class A Common Stock, pursuant to, and in accordance with, the terms of the indenture governing the Convertible Senior Notes, and (ii) HoldCo will guarantee all of the obligations of Trulia under the Convertible Senior Notes and related indenture. The aggregate principal amount of the 2020 Notes is due on December 15, 2020 if not earlier converted or redeemed. Interest is payable on the 2020 Notes at the rate of 2.75% semi-annually. The 2020 Notes cannot be redeemed prior to December 20, 2018. For additional information regarding the proposed acquisition of Trulia, see Note 1 to our condensed consolidated financial statements.

Table of Contents

The following table presents selected cash flow data for the nine months ended September 30, 2014 and 2013:

	Nine Months Ended September 30,	
	2014	2013
	(in thousands, unaudited)	
Cash Flow Data:		
Cash flows provided by operating activities	\$ 33,357	\$ 12,536
Cash flows used in investing activities	(133,296)	(114,167)
Cash flows provided by financing activities	20,944	270,479

Cash Flows Provided By Operating Activities

For the nine months ended September 30, 2014, net cash provided by operating activities was \$33.4 million. This was driven by a net loss of \$32.7 million, adjusted by depreciation and amortization expense of \$25.7 million, share-based compensation expense of \$24.2 million, an increase in the balance of deferred rent of \$3.2 million, amortization of bond premium of \$2.6 million, bad debt expense of \$1.7 million, and a loss on disposal of property and equipment of \$0.5 million. Primarily due to the increase in accounts payable and accrued expenses since December 31, 2013, which, in turn, were primarily a result of increased advertising spend and related consulting costs, changes in operating assets and liabilities increased cash provided by operating activities by \$8.2 million.

For the nine months ended September 30, 2013, net cash provided by operating activities was \$12.5 million. This was primarily driven by a net loss of \$15.2 million, adjusted by share-based compensation expense of \$18.4 million, depreciation and amortization expense of \$15.8 million, a \$4.3 million non-cash change in the valuation allowance related to a deferred tax liability generated in connection with our acquisition of StreetEasy, Inc., bad debt expense of \$1.2 million, and loss on disposal of property and equipment of \$0.9 million. Changes in operating assets and liabilities decreased cash provided by operating activities by \$4.4 million.

Cash Flows Used In Investing Activities

Our primary investing activities include the purchase and maturity of short-term and long-term investments, including U.S. government agency securities, certificates of deposit, commercial paper, corporate notes and bonds, and municipal securities, as well as the purchase of property and equipment and intangible assets, and cash paid in connection with acquisitions.

For the nine months ended September 30, 2014, net cash used in investing activities was \$133.3 million. This was the result of \$102.3 million of net purchases of investments, \$27.4 million of purchases for property and equipment and intangible assets, and \$3.5 million paid in connection with an acquisition.

For the nine months ended September 30, 2013, net cash used in investing activities was \$114.2 million. This was the result of \$52.5 million of net purchases of investments, \$42.6 million paid in connection with the acquisition of StreetEasy, Inc., and \$19.1 million of purchases for property and equipment and intangible assets.

Cash Flows Provided By Financing Activities

For the nine months ended September 30, 2014, our financing activities resulted entirely from the exercise of employee stock options. The proceeds from the issuance of Class A common stock from the exercise of stock options

for the nine months ended September 30, 2014 was \$20.9 million.

For the nine months ended September 30, 2013, net cash provided by financing activities was approximately \$270.5 million, which was primarily the result of \$253.9 million in net proceeds to us from the public offering of our Class A common stock that closed in August 2013. In addition, we received approximately \$16.6 million in proceeds from the issuance of Class A common stock from the exercise of stock options for the nine months ended September 30, 2013.

Off-Balance Sheet Arrangements

We did not have any off-balance sheet arrangements as of September 30, 2014.

Table of Contents**Contractual Obligations**

The following table provides a summary of our contractual obligations as of September 30, 2014:

	Total	Payment Due By Period			More Than 5 Years
		Less Than 1 Year	1-3 Years	3-5 Years	
			(in thousands)		
Operating lease obligations	\$ 93,876	\$ 8,869	\$ 22,001	\$ 22,181	\$ 40,825
Purchase obligations	10,300	4,632	5,668		
Total	\$ 104,176	\$ 13,501	\$ 27,669	\$ 22,181	\$ 40,825

Our operating lease obligations consist of various operating leases for office space and equipment. We also have purchase obligations for content related to our mobile applications and websites. For further discussion of our operating lease and purchase obligations, see Note 11 and Note 13 in Part I, Item 1 (Notes to Condensed Consolidated Financial Statements).

Critical Accounting Policies and Estimates

Our financial statements are prepared in accordance with U.S. generally accepted accounting principles, or GAAP. The preparation of these financial statements requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, expenses and related disclosures. We evaluate our estimates and assumptions on an ongoing basis. Our estimates are based on historical experience and various other assumptions that we believe to be reasonable under the circumstances. Our actual results could differ from these estimates. For information on our critical accounting policies and estimates, see Part II, Item 7 (Management's Discussion and Analysis of Financial Condition and Results of Operations) of our Annual Report on Form 10-K for the year ended December 31, 2013. There have been no material changes to our critical accounting policies and estimates as previously disclosed in our Annual Report on Form 10-K for the year ended December 31, 2013.

Table of Contents

Item 3. Quantitative and Qualitative Disclosures About Market Risk

For quantitative and qualitative disclosures about market risk, see Part 2, Item 7A (Quantitative and Qualitative Disclosures About Market Risk) in our Annual Report on Form 10-K for the year ended December 31, 2013. Our exposures to market risk have not changed materially since December 31, 2013.

Table of Contents

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The Company maintains disclosure controls and procedures (as defined under Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as amended). Management, under the supervision and with the participation of our Chief Executive Officer and our Chief Financial Officer, evaluated the effectiveness of the Company's disclosure controls and procedures pursuant to Exchange Act Rule 13a-15(b) as of September 30, 2014. Based on that evaluation, the Chief Executive Officer and the Chief Financial Officer concluded that these disclosure controls and procedures were effective as of September 30, 2014.

Changes in Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting identified in connection with the evaluation required by Rule 13a-15(d) and 15d-15(d) of the Exchange Act that occurred during the three months ended September 30, 2014 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Table of Contents**PART II OTHER INFORMATION****Item 1. Legal Proceedings**

In March 2010, Smarter Agent, LLC (Smarter Agent) filed a complaint against us and multiple other defendants, including HotPads, Inc. (HotPads), for patent infringement in the U.S. District Court for the District of Delaware. The complaint alleges, among other things, that our mobile technology infringes three patents held by Smarter Agent purporting to cover: a Global positioning-based real estate database access device and method, a Position-based information access device and method and a Position-based information access device and method of searching, and seeks an injunction against the alleged infringing activities and an unspecified award for damages. In November 2010, the U.S. Patent and Trademark Office granted our petition for re-examination of the three patents-in-suit, and, to date, all claims of all three patents remain rejected in the re-examination proceedings, including through appeals to the Patent Trial and Appeal Board. In March 2011, the court granted a stay of the litigation pending the completion of the re-examination proceedings. In addition, in October 2011, Smarter Agent filed a substantially similar complaint against Diverse Solutions, Inc. (Diverse Solutions), StreetEasy, Inc. (StreetEasy) and other defendants, for patent infringement in the U.S. District Court for the District of Delaware. On October 31, 2011, we acquired substantially all of the operating assets and certain liabilities of Diverse Solutions, and took responsibility for the Smarter Agent complaint against Diverse Solutions. On December 14, 2012, we acquired HotPads, and took responsibility for the Smarter Agent complaint against HotPads. On August 26, 2013, we acquired StreetEasy, and took responsibility for the Smarter Agent complaint against StreetEasy.

In September 2010, LendingTree, LLC (LendingTree) filed a complaint against us for patent infringement in the U.S. District Court for the Western District of North Carolina. The complaint alleged, among other things, that our website technology infringes two patents purporting to cover a Method and computer network for coordinating a loan over the internet. The complaint sought, among other things, a judgment that we infringed certain patents held by LendingTree, an injunction against the alleged infringing activities and an award for damages. We denied the allegations and asserted defenses and counterclaims seeking declarations that we are not infringing the patents and that the patents are invalid. In March 2014, a federal jury found that Zillow does not infringe the patents and that the patents asserted by LendingTree are invalid. In April, 2014, LendingTree filed two motions for judgment as a matter of law and for a new trial, all of which we opposed. In October 2014, the Court issued an order upholding the jury verdict and denying LendingTree s motions.

In November 2012, a securities class action lawsuit was filed in the U.S. District Court for the Western District of Washington at Seattle against us and certain of our executive officers seeking unspecified damages. A consolidated amended complaint was filed in June 2013. The complaint purports to state claims for violations of federal securities laws on behalf of a class of those who purchased our common stock between February 15, 2012 and November 6, 2012. The complaint generally alleges, among other things, that during the period between February 15, 2012 and November 6, 2012, we issued materially false and misleading statements regarding our business practices and financial results. In August 2013, we moved to dismiss the lawsuit. On October 20, 2014, the Court issued an order granting our motion to dismiss the consolidated amended complaint with prejudice. Also on October 20, 2014, the Court entered a judgment dismissing the complaint with prejudice. Plaintiffs have 30 days from the date of entry of the judgment to appeal the Court s judgment dismissing the consolidated amended complaint with prejudice.

In March 2014, Move, Inc., the National Association of Realtors and three related entities, filed a complaint against us and Errol Samuelson, our Chief Industry Development Officer, in the Superior Court of the State of Washington in King County, alleging, among other things, that Zillow and Mr. Samuelson misappropriated plaintiffs trade secrets in connection with Mr. Samuelson joining Zillow in March 2014. The complaint seeks, among other things, an

injunction against the alleged misappropriations and Mr. Samuelson working for us, as well as unspecified damages. In April 2014, the court denied the plaintiffs' motion for a preliminary injunction prohibiting Mr. Samuelson from working for us. Plaintiffs renewed their motion for a preliminary injunction and on June 30, 2014, the court granted that request and entered a preliminary injunction. Zillow filed a motion requesting that the court reconsider that decision, which the court denied. On September 22, 2014, Zillow filed a notice for discretionary review by the Washington Court of Appeals, followed by a motion for discretionary review on October 7, 2014. We deny the allegations of any wrongdoing and intend to vigorously defend the claims in the lawsuit.

In August 2014, four purported class action lawsuits were filed by plaintiffs against Trulia and its directors, Zillow, and Zebra Holdco, Inc. in connection with Zillow's proposed acquisition of Trulia. One of those purported class actions, captioned Collier et al. v. Trulia, Inc., et al., was brought in the Superior Court of the State of California for the County of San Francisco, however on October 7, 2014, plaintiff in the Collier action filed a new complaint in the Delaware Court of Chancery alleging substantially the same claims and seeking substantially the same relief as the original complaint filed in California. On October 8, 2014, plaintiff in the Collier action filed a request for dismissal of the California case without prejudice. The other three of the purported class action lawsuits, captioned Shue et al. v. Trulia, Inc., et al., Sciabacucci et al. v. Trulia, Inc., et al., and Steinberg et al. v. Trulia, Inc. et al., were brought in the Delaware Court of Chancery. All four lawsuits allege that Trulia's directors breached their fiduciary duties to Trulia stockholders, and that the other defendants aided and abetted such breaches, by seeking to sell Trulia through an allegedly unfair process and for an unfair price and on unfair terms. All lawsuits seek, among other things, equitable relief that would enjoin the consummation of Zillow's proposed acquisition of Trulia and attorneys' fees and costs. The Delaware actions also seek rescission of the Merger Agreement (to the extent it has already been implemented) or rescissory damages and orders directing the defendants to account for alleged damages suffered by the plaintiffs and the purported class as a result of the defendants' alleged wrongdoing. On

Table of Contents

September 24, 2014, plaintiff in the Sciabacucci action filed (1) a motion for expedited proceedings, (2) a motion for a preliminary injunction, (3) a request for production of documents from defendants, and (4) notice of depositions. On October 13, 2014, the Delaware Court of Chancery issued an order consolidating all of the Delaware actions into one matter captioned In re Trulia, Inc. Stockholder Litigation and appointed Rigrinsky & Long as lead counsel. On October 13 and 14, 2014, the above-referenced motions were refiled under the consolidated case number. The hearing on the preliminary injunction motion is set for December 3, 2014.

Although the results of litigation cannot be predicted with certainty, we currently believe we have substantial and meritorious defenses to the outstanding claims and that the final outcome of the outstanding litigation matters will not have a material effect on our business, financial position, results of operations or cash flow.

From time to time, we are involved in litigation and claims that arise in the ordinary course of business and although we cannot be certain of the outcome of any such litigation or claims, nor the amount of damages and exposure that we could incur, we currently believe that the final disposition of such matters will not have a material effect on our business, financial position, results of operations or cash flow. Regardless of the outcome, litigation can have an adverse impact on us because of defense and settlement costs, diversion of management resources and other factors.

Table of Contents

Item 1A. Risk Factors

There have not been any material changes to the risk factors affecting our business, financial condition or future results from those set forth in Part II, Item 1A (Risk Factors) in our Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2014. However, you should carefully consider the factors discussed in our Quarterly Report on Form 10-Q, which could materially affect our business, financial condition or future results. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results.
