## **FORWARD LOOKING STATEMENTS**

Statements made in this Form 10-Q that are not historical or current facts are forward-looking statements. These statements often can be identified by the use of terms such as "may," "will," "expect," "believe," "anticipate," "estimate," "approximate" or "continue," or the negative thereof. We wish to caution readers not to place undue reliance on any such forward-looking statements, which speak only as of the date made. Any forward-looking statements represent management's best judgment as to what may occur in the future. However, forward-looking statements are subject to risks, uncertainties and important factors beyond our control that could cause actual results and events to differ materially from historical results of operations and events and those presently anticipated or projected. Among the factors that could cause actual results to differ materially from the forward-looking statements are the following: the Company's ability to obtain necessary capital, the Company's ability to meet anticipated development timelines, the Company's ability to protect its proprietary technology and knowhow; the Company's ability to identify and develop a network of physicians, the Company's ability to establish a global market, clinical trial results, the Company's ability to successfully consummate future acquisitions and such other risk factors identified from time to time in the Company's reports filed with the Securities and Exchange Commission, including those filed with this Form 10-Q quarterly report. We disclaim any obligation subsequently to revise any forward-looking statements to reflect events or circumstances after the date of such statement or to reflect the occurrence of anticipated or unanticipated events.

**SILVERSTAR RESOURCES, INC**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**(Unaudited)**

**NOTE 1 – ORGANIZATION AND BASIS OF PRESENTATION**

Silverstar Resources, Inc (formally Silverstar Mining Corp) (the "Company") was incorporated under the laws of the State of Nevada on December 5, 2003. On March 4, 2008, the Company completed a merger with its wholly-owned subsidiary, Silverstar Resources Corp., which was incorporated by the Company solely to effect the name change of the Company to Silverstar Resources Corp. The Company was incorporated for the purpose to promote and carry on any lawful business for which a corporation may be incorporated under the laws of the State of Nevada.

On January 23, 2015 the board of directors with the consent of a majority of its shareholders approved amended articles of incorporation to include a change of name to Silverstar Resources, Inc. and a reverse split of its common stock resulting in shareholders receiving one share for every five shares (5 to 1) they hold as of record of that date. In addition the amendment set the authorized shares of common stock at 225,000,000 and preferred stock at 5,000,000 shares both at a par value of \$0.001. All share and per share numbers have been retroactively restated to reflect this stock split.

On March 10, 2015 the Company formed 1030029 Ltd, an Alberta numbered company as a wholly owned subsidiary to meet the requirements of holding working interest of Alberta producing oil and gas properties.

**NOTE 2 – BASIS OF PRESENTATION**

The accompanying unaudited interim financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission (SEC), and should be read in conjunction with the audited financial statements and notes thereto contained in the Company's September 30, 2015 Annual Report filed with the SEC on Form 10-K. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. Notes to the financial statements which would substantially duplicate the disclosure contained in the audited financial statements for the most recent fiscal year end September 30, 2015 as reported on Form 10-K, have been omitted.

**NOTE 3 - GOING CONCERN**

## Edgar Filing: Silverstar Resources, Inc. - Form 10-Q

As shown in the accompanying financial statements, Silverstar Resources has an accumulated deficit of \$4,325,589 as of March 31, 2016. Unless the Company is able to attain profitability and increases in stockholders' equity, these conditions raise substantial doubt as to the Company's ability to continue as a going concern. The consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

The Company continues to review its expense structure in an attempt to reduce operating costs. The Company's expenses are planned to decrease, which would result in an improvement to its results of operations.

**NOTE 4 - CONVERTIBLE DEBENTURES - RELATED PARTIES**

On January 15, 2015 the Company amended the convertible debenture with the principal of \$75,754 of a related party so that the debenture became anti-dilutive with a conversion price set at \$0.35 regardless of any forward or reverse splits in the Company's common stock.

On February 23, 2015 a shareholder holding a debenture with a principal balance of \$75,754 and other advances to the Company of \$149,212 of which \$24,398 was borrowed during September 30, 2015 and \$124,814 was the outstanding balance at September 30, 2014 made demand for payment of the total amounts owed including interest. The Company was not able to pay the outstanding balances. The Company and shareholder came to an agreement that the shareholder could convert his \$75,754 convertible note payable and interest at \$0.15 and the advances of \$149,212 plus further advances up to \$150,000 at a 15% discount to the closing price as of date of the agreement or \$0.15 per share. The shareholder agreed to advance an additional \$50,000 to the Company to acquire assets for the Company. The \$50,000 is not convertible and is accounted for as advances due to related party see Note 6.

The change in terms of the \$75,754 convertible note created derivative liability and required the Company to record fair value at the inception of the derivative and for each subsequent reporting period. The fair value of the embedded derivatives at inception was determined using the Black Scholes based on the following assumptions: (1) dividend yield of 0%; (2) expected volatility of 298%, (3) weighted average risk-free interest rate of 0.26%, (4) expected life of 1.31 years, and (5) estimated fair value of the Company's common stock is \$2.00. The fair value calculated as of March 31, 2016 was \$1,444,835. During the six months March 31, 2016 the change in fair value of \$2,707,329 resulted in a gain reflected in the statement of operations.

The addition of a conversion feature for the advances of \$149,212 created a beneficial conversion feature as of September 30, 2015 of \$149,212. Due to the advances having no terms and being due on demand, this amount was expensed as interest expense for the year ended September 30, 2015.

As of March 31, 2016 and September 30, 2015, the amount due under the convertible debentures to related party was \$224,896 and \$224,896 respectively.

**NOTE 5 - NOTES PAYABLE**

On June 2, 2014 the Company issued a long term note payable for \$81,989 to an entity for advances on work completed on the Company's Ahbau Lake mining property in British Columbia, Canada. The note is unsecured, and bears interest at 10% per year and matures in one year at which time all principal and interest is due and payable. As of March 31, 2016 and September 30, 2015 the outstanding balance of was \$81,989 and \$81,989, respectively.

On April 2, 2015 the Company issued a \$60,000 one year note bearing interest of 9% as part of the acquisition of the working interest in the Alberta oil and gas property. As of March 31, 2016 and September 30, 2015 the outstanding balance of was \$60,000 and \$60,000, respectively.

On December 29, 2015 the Company issued a \$17,500 note payable bearing interest of 6% to an unrelated party in exchange for \$17,500 of cash for the purpose of working capital.

**NOTE 6 - ADVANCES - RELATED PARTIES**

During the year ended September 30, 2015 an officer and director and a related party shareholder of the Company advanced \$68,630 in cash, paid \$5,748 for interest on behalf of the Company and came to an agreement that \$24,398 would be convertible and borrowed \$123,853 during the year ended September 30, 2014 to the Company by paying certain Company expenses or to pay its expenses. During the year ended September 30, 2015, \$149,212 of the total advances was converted into a convertible debenture. As of March 31, 2016 and September 30, 2015 the total amount due to the related parties under these advances were \$55,746 and \$55,746, respectively.

The advances are unsecured, do not have a term and carry no interest rate.

**NOTE 7 – DERIVATIVE INSTRUMENTS**

During the year ended September 30, 2015 the Company changed the conversion features on a convertible instrument that require liability classification under ASC 815. These instruments are measured at fair value at the end of each reporting period. (See Note 4).

As defined in FASB ASC 820, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The Company utilized the market data of similar entities in its industry or assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable. The Company classifies fair value balances based on the observability of those inputs. FASB ASC 820 establishes a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement).

The three levels of the fair value hierarchy are as follows:

- Level 1 - Quoted prices are available in active markets for identical assets or liabilities as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis. Level 1 primarily consists of financial instruments such as exchange-traded derivatives, marketable securities and listed equities
- Level 2 - Pricing inputs are other than quoted prices in active markets included in level 1, which are either directly or indirectly observable as of the reported date and includes those financial instruments that are valued using models or other valuation methodologies. These models are primarily industry-standard models that consider various assumptions, including quoted forward prices for commodities, time value, volatility factors, and current market and contractual prices for the underlying instruments, as well as other relevant economic measures. Substantially all of these assumptions are observable in the marketplace throughout the full term of the instrument, can be derived from observable data or are supported by observable levels at which transactions are executed in the marketplace. Instruments in this category generally include non-exchange-traded derivatives such as commodity swaps, interest rate swaps, options and collars.
- Level 3 - Pricing inputs include significant inputs that are generally less observable from objective sources. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value.

The following table sets forth by level within the fair value hierarchy the Company's financial assets and liabilities that were accounted for at fair value as of March 31, 2016 and September 30, 2015:

<b>Recurring Fair Value Measures</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Derivative liabilities at March 31, 2016	\$ -	\$ -	\$ 1,444,835	\$ 1,444,835

Edgar Filing: Silverstar Resources, Inc. - Form 10-Q

Derivative liabilities at September 30,  
2015 \$ - \$ - \$ 4,152,164 \$ 4,152,164

The below table represents the change in the fair value of the derivative liabilities during the six months March 31, 2016:

Fair value of derivatives, September 30, 2015	\$ 4,152,164
Change in fair value of derivative liability - gain	(2,707,329)
Fair value of derivatives, March 31, 2016	\$ 1,444,835

**NOTE 8 – EARNINGS (LOSS) PER SHARE**

Earnings (loss) per share is calculated using the weighted average number of shares of common stock outstanding during the applicable period. Basic weighted average common shares outstanding is computed using the weighted average shares outstanding during the period. Diluted earnings (loss) per share is computed using the weighted average number of common shares outstanding and if dilutive, potential common shares outstanding during the period. Potential common shares consist of the additional common shares issuable upon the conversion of convertible debentures. The potential dilutive effect of convertible debentures is shown below.

The following table presents the computation of basic and diluted earnings (loss) per share:

	<b>Three Months Ended March 31,</b>		<b>Six Months Ended March 31,</b>	
	<b>2016</b>	<b>2015</b>	<b>2016</b>	<b>2015</b>
<i>Basic</i>				
Net income (loss)	\$ 2,799,707	\$ (247,850)	\$ 2,667,142	\$ (265,641)
Weighted average common shares outstanding	3,436,840	3,256,070	3,436,840	2,903,657
Basic earnings (loss) per share	\$ 0.81	\$ (0.08)	\$ 0.78	\$ (0.09)
<i>Diluted</i>				
Net income (loss)	\$ 2,799,707	\$ (247,850)	\$ 2,667,142	\$ (265,641)
Subtract: Interest expense for convertible debentures	(3,228)	-	(6,456)	-
Subtract: Change in derivative liability	(2,822,259)	-	(2,707,329)	-
Net income (loss) applicable for diluted earnings (loss) per share	\$ (25,780)	\$ (247,850)	\$ (46,643)	\$ (265,641)
Weighted average common shares outstanding	3,436,840	3,256,070	3,436,840	2,903,657
Add: Shares issued upon conversion of convertible debentures	824,725	-	824,725	-
Assumed weighted average common shares outstanding	4,261,565	3,256,070	4,261,565	2,903,657
Diluted earnings (loss) per share	\$ (0.01)	\$ (0.08)	\$ (0.01)	\$ (0.09)

**NOTE 9 – SUBSEQUENT EVENT**

On April 7, 2016, the Company entered into a membership purchase agreement with Creative Waste Solutions, LLC, a Florida limited liability corporation ("Creative") whereby the Company purchased 100% of the membership interest for \$25,000. To finance the purchase of Creative Waste Solutions, the Company issued an additional Note of \$29,000.

## ITEM 2. MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL CONDITIONS AND RESULTS OF OPERATIONS

*The following discussion of our financial condition and results of operations should be read in conjunction with our financial statements and the related notes, and other financial information included in this Form 10-Q.*

*Our Management's Discussion and Analysis contains not only statements that are historical facts, but also statements that are forward-looking. Forward-looking statements are, by their very nature, uncertain and risky. These risks and uncertainties include international, national, and local general economic and market conditions; our ability to sustain, manage, or forecast growth; our ability to successfully make and integrate acquisitions; new product development and introduction; existing government regulations and changes in, or the failure to comply with, government regulations; adverse publicity; competition; the loss of significant customers or suppliers; fluctuations and difficulty in forecasting operating results; change in business strategy or development plans; business disruptions; the ability to attract and retain qualified personnel; the ability to protect technology; the risk of foreign currency exchange rate; and other risks that might be detailed from time to time in our filings with the Securities and Exchange Commission.*

*Although the forward-looking statements in this Report reflect the good faith judgment of our management, such statements can only be based on facts and factors currently known by them. Consequently, and because forward-looking statements are inherently subject to risks and uncertainties, the actual results and outcomes may differ materially from the results and outcomes discussed in the forward-looking statements. You are urged to carefully review and consider the various disclosures made by us in this report as we attempt to advise interested parties of the risks and factors that may affect our business, financial condition, and results of operations and prospects.*

### Overview

The address of our principal executive office is located at 1440 NW 1st Court, Boca Raton FL 33432. Our telephone number is (561) 939-2493. Our company was incorporated in the State of Nevada on December 5, 2003 under the name Computer Maid, Inc. Our company was inactive until February 2006, when we changed our name to Rose Explorations Inc. and became engaged in the exploration of mining properties.

On March 4, 2008, our company completed a merger with our wholly-owned subsidiary, SilverStar Resources, Inc., which was incorporated solely to effect the name change of our company to SilverStar Resources, Inc.

On March 4, 2008, we effected a 3 for 1 forward stock split of our authorized, issued and outstanding common stock. As a result, our authorized capital increased from 75,000,000 shares of common stock with a par value of \$0.001 to 225,000,000 shares of common stock with a par value of \$0.001.

On April 13, 2011, we incorporated a wholly owned subsidiary, Silverstar Mining (Canada) Inc., under the federal laws of Canada. The subsidiary's main purpose is to hold title to mineral property rights situated in Canada as the laws of that country require that only local entities can hold title to mineral property rights situated within its borders.

## Edgar Filing: Silverstar Resources, Inc. - Form 10-Q

Effective September 26, 2011, we effected a reverse split our common stock on a 1,000 for 1 basis. As a result of the foregoing, we reduced the number of authorized shares of our common stock from 225,000,000 to 225,000.

On February 29, 2012, we filed a Certificate of Amendment to our company's Articles of Incorporation with the Nevada Secretary of State increasing the number of authorized shares from 225,000 to 225,000,000 shares of common stock \$0.001 par value.

On July 22, 2013 we entered into settlement agreements with four debt holders of our company pursuant to which we restructured outstanding demand loans payable in the aggregate amount of \$175,028 (inclusive of accrued interest) as convertible debentures.

## Edgar Filing: Silverstar Resources, Inc. - Form 10-Q

On February 15, 2013, we closed a Share Exchange Agreement pursuant to which we intended to acquire a wholly owned subsidiary, Arriba Resources Inc. However, effective November 13, 2013 our Board of Directors approved the cancellation and reversal of the Share Exchange Agreement due to a failure of consideration on the part of the seller. As a result of the cancellation and reversal of the Share Exchange Agreement, 2,139,926 shares of our common stock and warrants to acquire 2,078,477 shares of our common stock which were previously authorized (but not issued from treasury) have been cancelled with immediate effect. Consequently, the change of control announced in our current report on Form 8-K filed on May 21, 2013 has been reversed.

As a result of the cancellation and reversal of the Share Exchange Agreement with Arriba, the consolidated financial statements of our Company for the quarterly periods ended March 31, 2013 (filed with the SEC on August 14, 2013) and June 30, 2013 (filed with the SEC on May 20, 2013) may no longer be relied upon owing to their inclusion of the financial information of Arriba. We informed our independent accountants of the cancellation and reversal of the Share Exchange Agreement and intend to file amendments to our Quarterly Reports on Form 10-Q for the periods ended March 31 and June 30, 2013 to reflect our financial condition without consolidation of the financial information of Arriba. The financial statements contained in this current report accurately reflect the deconsolidation of the financial information of Arriba.

On January 23, 2015 the board of directors with the consent of a majority of its shareholders approved amended articles of incorporation to include a change of name to Silverstar Resources, Inc. and a reverse split of its common stock resulting in shareholders receiving one share for every five shares (5 to 1) they hold as of record of that date. In addition, the amendment set the authorized shares of common stock at 225,000,000 and preferred stock at 5,000,000 shares both at a par value of \$0.001.

On March 10, 2015 the Company formed 1030029 Ltd, an Alberta numbered company as a wholly owned subsidiary to meet the requirements of holding working interest of Alberta producing oil and gas properties

### **Results of Operations**

The following summary of our results of operations should be read in conjunction with our consolidated financial statements for the six months ended March 31, 2016, which are included herein.

#### *Expenses*

Operating expenses for the three and six months ended March 31, 2016 were \$15,406 and 26,076, respectively, as compared to operating expenses for the three and six months ended March 31, 2015 of \$102,876 and \$123,691, respectively. This represents a decrease of \$84,470 for the three months ended March 31, 2016 and \$97,615 for the six months ended March 31, 2016 and \$97,615 for the first six months which was primarily a result of an overall decrease in our business operations and corresponding decreases in filing fees, insurance, legal and accounting, and office expense.

#### *Revenue, Net Income (Loss)*

We have had no revenues for the three and six months ended March 31, 2016 and 2015.

Our net income for the three and six months ended March 31, 2016 was \$2,799,707 and \$2,667,142, respectively, compared to a net loss of \$247,850 and \$265,641, respectively, for the three and six months ended March 31, 2015. The change from a net loss in 2015 compared to net income in 2016 is solely due to the change in the derivative liability in 2016. The drop in our stock price as of March 31, 2016 resulted in a significant reduction in the derivative liability as we recorded a corresponding gain in the statement of operations as a result of this reduction in this liability.

## Edgar Filing: Silverstar Resources, Inc. - Form 10-Q

We do not anticipate generating revenues in the foreseeable future, and any revenues that we generate may not be sufficient to cover our operating expenses. If we do not succeed in raising additional capital, we may have to cease operations and you may lose your entire investment.

### *Liquidity and Capital Resources*

At March 31, 2016 we had cash of \$133 as compared to \$209 in cash at September 30, 2015. Our accounts payable and accrued expenses at March 31, 2016 were \$137,132 and \$114,521 as of September 30, 2015. On March 31, 2016 we had convertible debentures of \$18,912 outstanding, convertible debentures outstanding due to related parties of \$224,896 outstanding, notes payables of \$159,489, advances to related parties of \$55,746 and a derivative liability of \$1,444,835. Compared to our outstanding convertible debentures of \$18,912, convertible debentures due to related party of \$224,896, note payable of \$141,989, advances of \$55,746 and a derivative liability of \$4,152,164 as of September 30, 2015. Our total liabilities were \$2,041,010 on March 31, 2016 as compared to \$4,708,228 on September 30, 2015. We have a working capital deficit of \$2,040,877 as of March 31, 2016 as compared to our working capital deficit of \$4,708,019 as of September 30, 2015.

We have no revenues to satisfy our ongoing liabilities. Our auditors have issued a going concern opinion on our financial statements for the year ended September 30, 2015. Unless we secure equity or debt financing, of which there can be no assurance, or identify an acquisition candidate, we will not be able to continue any operations.

### Working Capital

Our total current assets as of March 31, 2016 was cash of \$133 as compared to total current assets of \$209 as of September 30, 2015. The decrease in current assets was due to the payment of operating expenses.

Our total current liabilities as of March 31, 2016 were \$2,041,010 as compared to total current liabilities of \$4,708,228 as of September 30, 2015. The decrease in current liabilities was primarily attributed to a decrease in our derivative liability.

### Cash Flows

#### *Operating Activities*

Cash used in operating activities was \$17,576 for the six months ended March 31, 2016 compared to \$22,255 for the six months ended March 31, 2015. The decrease in cash used in operating activities was primarily due to less cash being paid for operating expenses.

*Financing Activities*

Net Cash provided by financing activities for the six months ended March 31, 2016 was \$17,500 compared to \$22,450 for the six months ended March 31, 2015. The decrease was primarily due to \$0 in proceeds in advances from related parties, compared to \$22,450 for the six months ended March 31, 2015, proceeds of \$17,500 from the issuance of a note payable received during the six months ended March 31, 2016 and compared to \$0 during the six months ended March 31, 2015.

Income & Operation Taxes

We are subject to income taxes in the U.S.

We paid no income taxes in USA for the six months ended March 31, 2016 and 2015 due to the net operation loss in the USA.

**Cash Requirements**

We will require additional funds to fund our budgeted expenses over the next 12 months. These funds may be raised through equity financing, debt financing, or other sources, which may result in further dilution in the equity ownership of our shares. There is still no assurance that we will be able to maintain operations at a level sufficient for investors to obtain returns on their investments in our common stock. Further, we may continue to be unprofitable. We need to raise additional funds in the immediate future in order to proceed with our budgeted expenses.

Specifically, we estimate our operating expenses and working capital requirements for the next 12 months to be as follows:

We intend to meet our cash requirements for the next 12 months through a combination of debt financing and equity financing by way of private placements. We currently do not have any arrangements in place to complete any private placement financings and there is no assurance that we will be successful in completing any such financings on terms that will be acceptable to us.

**Going Concern**

The financial statements accompanying this report have been prepared on a going concern basis, which implies that our company will continue to realize its assets and discharge its liabilities and commitments in the normal course of business. Our company has not generated revenues since inception and has never paid any dividends and is unlikely to pay dividends or generate earnings in the immediate or foreseeable future. The continuation of our company as a going concern is dependent upon the continued financial support from our shareholders, the ability of our company to obtain necessary equity financing to achieve our operating objectives, and the attainment of profitable operations. As at March 31, 2016, our company has accumulated losses of \$4,325,589. We do not have sufficient working capital to enable us to carry out our stated plan of operation for the next twelve months.

Due to the uncertainty of our ability to meet our current operating expenses and the capital expenses noted above in their report on the financial statements for the year ended September 30, 2015, MaloneBailey, LLP., our independent auditors included an explanatory paragraph regarding concerns about our ability to continue as a going concern. Our financial statements contain additional note disclosures describing the circumstances that lead to this disclosure by our independent auditors.

The continuation of our business is dependent upon us raising additional financial support. The issuance of additional equity securities by us could result in a significant dilution in the equity interests of our current stockholders. Obtaining commercial loans, assuming those loans would be available, will increase our liabilities and future cash commitments.

#### **Future Financings**

We will require additional financing of \$250,000 in order to enable us to proceed with our plan of operations, including approximately \$200,000 over the next 12 months to pay for our ongoing expenses. These expenses include legal, accounting and audit fees as well as general and administrative expenses. These cash requirements are in excess of our current cash and working capital resources. Accordingly, we will require additional financing in order to continue operations and to repay our liabilities. There is no assurance that any party will advance additional funds to us in order to enable us to sustain our plan of operations or to repay our liabilities.

We anticipate continuing to rely on equity sales of our common stock in order to continue to fund our business operations. Issuances of additional shares will result in dilution to our existing stockholders. There is no assurance that we will achieve any additional sales of our equity securities or arrange for debt or other financing to fund our planned business activities.

We presently do not have any arrangements for additional financing for the expansion of our exploration operations, and no potential lines of credit or sources of financing are currently available for the purpose of proceeding with our plan of operations.

If we are unable to raise the funds that we require to execute our plan of operation, we intend to scale back our operations commensurately with the funds available to us.

#### **Off-Balance Sheet Arrangements**

We currently have no off-balance sheet arrangements.

#### **ITEM 3. Quantitative and Qualitative Disclosure About Market Risk**

As a smaller reporting company, we are not required to provide the information required by this Item.

#### **ITEM 4. CONTROLS AND PROCEDURES**

This report includes the certifications of our Chief Executive Officer and Chief Financial Officer required by Rule 13a-14 under the Securities Exchange Act of 1934 (the "Exchange Act"). See Exhibits 31.1 and 31.2. This Item 4 includes information concerning the controls and control evaluations referred to in those certifications.

##### **Evaluation of Disclosure Controls and Procedures**

Disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) are designed to ensure that information required to be disclosed in reports filed or submitted under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in SEC rules and forms and that such information is accumulated and communicated to management, including the Principal Executive Officer and the Principal Financial Officer, to allow timely decisions regarding required disclosures.

In connection with the preparation of this report, our management, under the supervision and with participation of our Principal Executive Officer and Principal Financial Officer (the "Certifying Officers") conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures as of March 31, 2016. Based on that evaluation, our management concluded that there is a material weakness in our disclosure controls and procedures over financial reporting. The material weakness results from a lack of written procedures which effectively documents the proper procedures and descriptions of the duties of all persons involved in the disclosure controls of the

## Edgar Filing: Silverstar Resources, Inc. - Form 10-Q

Company. The Company hopes to implement plans to document the procedures and internal controls of the Company. A material weakness is a deficiency, or a combination of control deficiencies, in disclosure control over financial reporting such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis. This does not include an evaluation by the Company's registered public accounting firm regarding the Company's internal control over financial reporting.

### **Changes in Internal Control over Financial Reporting**

There have been no changes in our internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Exchange Act Rules 13a-15 or 15d-15 that occurred during our most recent quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Our management believes that the Unaudited Financial Statements included herein present, in all material respects, the Company's financial condition, results of operations and cash flows for the periods presented.

**PART II - OTHER INFORMATION**

**ITEM 1: LEGAL PROCEEDINGS.**

None

**ITEM 1A: RISK FACTORS.**

There have been no material changes to our risk factors as previously disclosed in our most recent 10-K filing for the year ending September 30, 2015.

**ITEM 2: SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.**

None.

**ITEM 3: DEFAULTS UPON SENIOR SECURITIES.**

None

**ITEM 4: MINE SAFETY INFORMATION.**

Not Applicable

**ITEM 5: OTHER INFORMATION.**

None

**ITEM 6: EXHIBITS**

The following exhibits are included as part of this report:
