NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS

(Table dollars in thousands)

(Unaudited)

NOTE 1. General

Financial Statement Preparation

The significant accounting policies followed by First Merchants Corporation ("Corporation") and its wholly owned subsidiaries for interim financial reporting are consistent with the accounting policies followed for annual financial reporting, except as discussed below within the caption "Change in Accounting Principle". All adjustments, which are of a normal recurring nature and are in the opinion of management necessary for a fair statement of the results for the periods reported, have been included in the accompanying consolidated condensed financial statements.

The consolidated condensed balance sheet of the Corporation as of December 31, 2005 has been derived from the audited consolidated balance sheet of the Corporation as of that date. Certain information and note disclosures normally included in the Corporation's annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. These consolidated condensed financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Corporation's Form 10-K annual report filed with the Securities and Exchange Commission. The results of operations for the three and nine month periods ended September 30, 2006 are not necessarily indicative of the results to be expected for the year.

Change in Accounting Principle

Effective January 1, 2006, the Corporation adopted Statement of Financial Accounting Standards No. 123(R), Share-Based Payment ("SFAS 123(R)"). SFAS 123(R) addresses all forms of share-based payment awards, including shares under employee stock purchase plans, stock options, restricted stock and stock appreciation rights. SFAS 123(R) requires all share-based payments to be recognized as expense, based upon their fair values, in the financial statements over the vesting period of the awards. The Corporation has elected the modified prospective application and, as a result, has recorded approximately \$564,000 in compensation expense related to vested stock options, Employee Stock Purchase Plan options and restricted stock awards, less estimated forfeitures, for the nine month period ended September 30, 2006.

NOTE 2. Share-Based Compensation

Stock options and restricted stock awards ("RSAs") have been issued to directors, officers and other management employees under the Corporation's 1994 Stock Option Plan and The 1999 Long-term Equity Incentive Plan. The stock options, which have a ten year life, become 100 percent vested ranging from three months to two years and are fully exercisable when vested. Option exercise prices equal the Corporation's common stock closing price on NASDAQ on the date of grant. RSAs provide for the issuance of shares of the Corporation's common

Edgar Filing: FIRST MERCHANTS CORP - Form 10-Q

stock at no cost to the holder and generally vest after three years. The RSAs vest only if the employee is actively employed by the Corporation on the vesting date and, therefore, any unvested shares are forfeited.

The Corporation's 2004 Employee Stock Purchase Plan ("ESPP") provides eligible employees of the Corporation and its subsidiaries an opportunity to purchase shares of common stock of the Corporation through annual offerings financed by payroll deductions. The price of the stock to be paid by the employees may not be less than 85 percent of the lesser of the fair market value of the Corporation's common stock at the beginning or at the end of the offering period. Common stock purchases are made annually and are paid through advance payroll deductions of up to 20 percent of eligible compensation.

SFAS 123(R) requires the Corporation to begin recording compensation expense in 2006 related to unvested share-based awards outstanding as of December 31, 2005, by recognizing the unamortized grant date fair value of these awards over the remaining service periods of those awards, with no change in historical reported fair values and earnings. Awards granted after December 31, 2005 are valued at fair value in accordance with provisions of SFAS 123(R) and are recognized on a straight-line basis over the service periods of each award. To complete the exercise of vested stock options, RSA's and ESPP options, the Corporation generally issues new shares from its authorized but unissued share pool. At September 30, 2006, share-based compensation for the three and nine months ended September 30, 2006 totaled \$212,000 and \$564,000, respectively, and has been recognized as a component of salaries and benefits expense in the accompanying Consolidated Condensed Statements of Income.

(Unaudited)

NOTE 2. Share-Based Compensation continued

Prior to 2006, the Corporation accounted for share-based compensation in accordance with APB 25 using the intrinsic value method, which did not require that compensation expense be recognized for the Corporation's stock and ESPP options; however, under APB 25, the Corporation was required to record compensation expense over the vesting period for the value of RSAs granted, if any.

The Corporation provided pro forma disclosure amounts in accordance with SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure" (SFAS No. 148), as if the fair value method defined by SFAS No. 123 had been applied to its share-based compensation. The Corporation's net income and net income per share for the nine months ended September 30, 2005 would have been reduced if compensation expense related to stock and ESPP options had been recorded in the financial statements, based on fair value at the grant dates.

The estimated fair value of the stock options granted during 2006 and in prior years was calculated using a Black Scholes option pricing model. The following summarizes the assumptions used in the 2006 Black Scholes model:

Risk-free interest rate	4.59%
Expected price volatility	29.84%
Dividend yield	3.54%
Forfeiture rate	4.00%
Weighted-average expected life, until exercise	5.75 years

Edgar Filing: FIRST MERCHANTS CORP - Form 10-Q

The Black Scholes model incorporates assumptions to value share-based awards. The risk-free rate of interest, for periods equal to the expected life of the option, is based on a zero-coupon U.S. government instrument over a similar contractual term of the equity instrument. Expected price volatility is based on historical volatility of the Corporation's common stock. In addition, the Corporation generally uses historical information to determine the dividend yield and weighted-average expected life of the options, until exercise. Separate groups of employees that have similar historical exercise behavior with regard to option exercise timing and forfeiture rates are considered separately for valuation and attribution purposes.

Share-based compensation expense recognized in the Consolidated Condensed Statements of Income is based on awards ultimately expected to vest and is reduced for estimated forfeitures. SFAS 123(R) requires forfeitures to be estimated at the time of grant and revised, if necessary, in subsequent periods, if actual forfeitures differ from those estimates. Pre-vesting forfeitures were estimated to be approximately 4 percent for the nine months ended September 30, 2006, based on historical experience. In the Corporation's pro forma disclosures required under SFAS 123(R) for the periods prior to fiscal 2006, the Corporation accounted for forfeitures as they occurred.

As a result of adopting SFAS 123(R), net income of the Corporation for the nine months ended September 30, 2006 was \$451,000 lower (net of \$113,000 in tax benefits), than if it had continued to account for share-based compensation under APB 25. The impact on both basic and diluted earnings per share for the nine months ended September 30, 2006 was \$.01 per share.

NOTE 2. Share-Based Compensation continued

As of September 30, 2006, unrecognized compensation expense related to stock options, RSAs and ESPP options totaling \$279,000, \$1,002,000 and \$149,000, respectively, is expected to be recognized over weighted-average periods of 1.21, 2.33 and .75 years, respectively.

Stock option activity under the Corporation's stock option plans as of September 30, 2006 and changes during the nine months ended September 30, 2006 were as follows:

Edgar Filing: FIRST MERCHANTS CORP - Form 10-Q

	Number of Shares	Weighted- Average Exercise Price	Weighted- Average Remaining Contractual Term (in Years)
	-----	-----	-----
Outstanding at January 1, 2006	1,104,787	\$ 23.28

Exercisable at September 30, 2006	1,002,591	\$ 23.74	5.82

The weighted-average grant date fair value was \$6.22 for stock options granted during the nine months ended September 30, 2006.

The aggregate intrinsic value in the table above represents the total pre-tax intrinsic value (the difference between the Corporation's closing stock price on the last trading day of the first nine months of 2006 and the exercise price, multiplied by the number of in-the-money options) that would have been received by the option holders had all option holders exercised their stock options on September 30, 2006. The amount of aggregate intrinsic value will change based on the fair market value of the Corporation's common stock.

The aggregate intrinsic value of stock options exercised during the first nine months of 2006 was \$595,000. Exercise of options during this same period resulted in cash receipts of \$857,000. The Corporation recognized a tax benefit of approximately \$113,000 in the first nine months of 2006, related to the exercise of employee stock options and has been recorded as an increase to additional paid-in capital.

The following table summarizes information on unvested restricted stock awards outstanding as of September 30, 2006:

NOTE 2. Share-Based Compensation continued

The grant date fair value of ESPP options was estimated at the beginning of the July 1, 2006 offering period and approximates \$198,000. The ESPP options vested during the twelve month period ending June 30, 2007. At September 30, 2006, total unrecognized compensation expense related to unvested ESPP options was \$149,000, which is expected to be recognized over a period of nine months.

NOTE 5. Net Income Per Share

Basic net income per share is computed by dividing net income by the weighted-average shares outstanding during the reporting period. Diluted net income per share is computed by dividing net income by the combination of all dilutive common share equivalents, comprised of shares issuable under the Corporation's share-based compensation plans, and the weighted-average shares outstanding during the reporting period.

Dilutive common share equivalents include the dilutive effect of in-the-money share-based awards, which are calculated based on the average share price for each period using the treasury stock method. Under the treasury stock method, the exercise price of share-based awards, the amount of compensation expense, if any, for future service that the Corporation has not yet recognized, and the amount of estimated tax benefits that would be recorded in additional paid-in-capital when share-based awards are exercised, are assumed to be used to repurchase common stock in the current period.

Note 6. Defined Benefit Pension Costs

The Corporation has defined benefit pension plans covering substantially all employees. The plans provide benefits that are based on the employees' compensation and years of service. The Corporation uses an actuarial calculation to determine pension plan costs.

In January 2005, the Board of Directors of the Corporation approved the curtailment of the accumulation of defined benefits for future services provided by certain participants in the First Merchants Corporation Retirement Pension Plan (the "Plan"). Employees of the Corporation and certain of its subsidiaries who are participants in the Plan were notified that, on and after March 1, 2005, no additional pension benefits will be earned by employees who have not both attained the age of fifty-five (55) and accrued at least ten (10) years of

"Vesting Service". As a result of this action, the Corporation recorded a \$1,630,000 pension curtailment loss to record previously unrecognized prior service costs in accordance with SFAS No. 88, "Employers' Accounting for Settlements and Curtailments of Defined Benefit Plans and for Termination Benefits." This loss was recognized and recorded by the Corporation in the first quarter of 2005.

The following represents the pension cost for the three and nine months ended September 30, 2006.

Note 7. Impact of Accounting Changes

In March 2006, the Financial Accounting Standards Board issued Statement of Financial Accounting Standard No. 156 ("SFAS No. 156"). This Statement amends SFAS No. 140, Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities, with respect to the accounting for separately recognized servicing assets and servicing liabilities.

SFAS No. 156 requires an entity to initially recognize a servicing asset or servicing liability at fair value each time it undertakes an obligation to service a financial asset by entering into a servicing contract in other specific situations.

In addition, SFAS No. 156 permits an entity to choose either of the following subsequent measurement methods for each class of separately recognized servicing

Edgar Filing: FIRST MERCHANTS CORP - Form 10-Q

assets and servicing liabilities:

- o Amortization method- Amortize servicing assets or servicing liabilities in proportion to and over the period of estimated net servicing income or net servicing loss and assess servicing assets or servicing liabilities for impairment or increased obligation, based on fair value at each reporting date.
- o Fair value measurement method- Measure servicing assets or servicing liabilities at fair value at each reporting date and report changes in fair value in earnings in the period in which the changes occur.

SFAS No. 156 is effective for the Corporation at the beginning of its first fiscal year that begins after September 15, 2006, and should be applied prospectively for recognition and initial measurement of servicing assets and servicing liabilities. Earlier adoption is permitted as of the beginning of an entity's fiscal year, provided the entity has not yet issued financial statements, including interim financial statements, for any period of that fiscal year.

The Corporation did not early adopt SFAS No. 156 on January 1, 2006. The Corporation is currently evaluating the effect of adoption of this Statement on its financial condition and results of operations.

In September 2006, the Emerging Issues Task Force (EITF) reached a consensus regarding the accounting for entities with split-dollar life insurance arrangements that provide an employee with a specified benefit that is not limited to an employee's active service period. In reaching its consensus, the EITF determined that an employer should recognize as a liability the future benefits to be provided to employees beyond the employees active service period. In the case of split-dollar plan that provides a death benefit to the employee's designated beneficiary and the benefit is provided to the employee beyond their active service period, an entity should accrue a liability during the employee's active service period for the cost of maintaining the life insurance policy during the employee's retirement period. EITF 06-4 is effective for fiscal years beginning after December 15, 2007 with earlier application permitted. Entities should recognize the effects of applying EITF 06-4 either as a change in accounting principle through a cumulative-effect adjustment to retained earnings or other components of equity as of the beginning of the year of adoption or as a change in accounting principle through retrospective application to all prior periods. The Corporation is currently evaluating the effect of adoption of this Statement on its financial condition and results of operations.

In September 2006, the Financial Accounting Standards Board (FASB) issued SFAS No. 158, Accounting for Defined Benefit Pension and Other Postretirement Plan-an amendment of SFAS No. 87, 88, 106 and 132(R). This statement requires an entity that sponsors one or more single-employer defined benefit plans to recognize the funded status of a benefit plan (measured as the difference between the fair value of plan assets and the benefit obligation) in its statement of financial position. For a pension plan, the benefit obligation is the projected benefit obligation and for any other plan the benefit obligation is the accumulated postretirement benefit obligation. Additionally, all items previously deferred when applying SFAS No. 87 or SFAS No. 106 will now be recognized as a component of accumulated other comprehensive income, net of applicable taxes. SFAS No. 158 will not change the components of net periodic benefit cost. SFAS No. 158 will require plan asset and benefit obligations to be measured primarily as of the balance sheet date. The effective date for the recognition of the funded status on the balance sheet is for fiscal years ending after December 15, 2006 while the effective date for the requirement that the measurement date of plan assets and the benefit obligation be the same as the balance sheet date is for fiscal years ending after December 15, 2008. The Corporation is currently evaluating the effect of adoption of this Statement on its financial condition and results

of operations.

CRITICAL ACCOUNTING POLICIES

Generally accepted accounting principles are complex and require us to apply significant judgments to various accounting, reporting and disclosure matters. We must use assumptions and estimates to apply these principles where actual measurement is not possible or practical. For a complete discussion of our significant accounting policies, see "Notes to the Consolidated Financial Statements" in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2005. Certain policies are considered critical because they are highly dependent upon subjective or complex judgments, assumptions and estimates. Changes in such estimates may have a significant impact on the financial statements. We have reviewed the application of these policies with the Audit Committee of our Board of Directors.

We believe there have been no significant changes during the quarter ended September 30, 2006 to the items that we disclosed as our critical accounting policies and estimates in Management's Discussion and Analysis of Financial Condition and Results of Operations in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2005.

Edgar Filing: FIRST MERCHANTS CORP - Form 10-Q

We believe that our mission, guiding principles and strategic initiatives produce profitable growth for stockholders. Our vision is to satisfy all the financial needs of our customers, help them succeed financially and be recognized as the premier financial services company in our markets. Our primary strategy to achieve this vision is to increase product usage and focus on providing each customer with all of the financial products that fulfill their needs. We believe it is important to maintain a well controlled environment as we continue to grow our businesses. Sound credit policies are maintained and interest rate and market risks inherent in our asset and liability balances are managed within prudent ranges, while ensuring adequate liquidity and funding. Our stockholder value has continued to increase due to customer satisfaction and the balanced way we manage our business risk.

RESULTS OF OPERATIONS

Net income for the three months ended September 30, 2006, equaled \$7,739,000, compared to \$8,220,000 in the same period of 2005. Diluted earnings per share were \$.42, a decrease of 4.5 percent from the \$.44 reported for the third quarter 2006. The decrease in earnings per share is primarily a result of the decrease in the net interest margin of 34 basis points from the same period of 2005.

Net income for the nine months ended September 30, 2006, equaled \$22,539,000, compared to \$22,708,000 during the same period in 2005. Diluted earnings per share were \$1.22 for the nine month period in 2006 and 2005.

Annualized returns on average assets and average stockholders' equity for the three months ended September 30, 2006, were .90 percent and 9.72 percent, respectively, compared with 1.03 percent and 10.38 percent for the same period of 2005.

RESULTS OF OPERATIONS (continued)

Annualized returns on average assets and average stockholders' equity for the nine months ended September 30, 2006 were .90 percent and 9.47 percent, respectively, compared with .95 percent and 9.62 percent for the same period of 2005. For further analysis, see the respective sections of Management's Discussion and Analysis of Financial Condition and Results of Operations.

CAPITAL

Our regulatory capital continues to exceed regulatory "well capitalized" standards. Tier I regulatory capital consists primarily of total stockholders' equity and subordinated debentures issued to business trusts categorized as qualifying borrowings, less non-qualifying intangible assets and unrealized net securities gains. Our Tier I capital to average assets ratio was 7.5 percent at September 30, 2006 and 7.7 percent at year end 2005. In addition, at September 30, 2006, we had a Tier I risk-based capital ratio of 9.4 percent and total risk-based capital ratio of 11.4 percent. Regulatory capital guidelines require

Edgar Filing: FIRST MERCHANTS CORP - Form 10-Q

a Tier I risk-based capital ratio of 4.0 percent and a total risk-based capital ratio of 8.0 percent.

Our GAAP capital ratio, defined as total stockholders' equity to total assets, equaled 9.3 percent at September 30, 2006 and 9.7 percent at December 31, 2005. When we acquire other companies for stock, GAAP capital increases by the entire amount of the purchase price.

Our tangible capital ratio, defined as total stockholders' equity less intangibles net of tax to total assets less intangibles net of tax, equaled 5.7 percent as of September 30, 2006, and 5.8 percent at December 31, 2005.

We believe that all of the above capital ratios are meaningful measurements for evaluating our safety and soundness. Additionally, we believe the following table is also meaningful when considering our performance measures. The table details and reconciles tangible earnings per share, return on tangible capital and tangible assets to traditional GAAP measures.

ASSET QUALITY/PROVISION FOR LOAN LOSSES

Our primary business focus is middle market commercial and residential real estate, auto and small consumer lending, which results in portfolio diversification. We ensure that appropriate methods to understand and underwrite risk are utilized. Commercial loans are individually underwritten and judgmentally risk rated. They are periodically monitored and prompt corrective actions are taken on deteriorating loans. Retail loans are typically underwritten with statistical decision-making tools and are managed throughout their life cycle on a portfolio basis.

The allowance for loan losses is maintained through the provision for loan losses, which is a charge against earnings. The amount provided for loan losses and the determination of the adequacy of the allowance are based on a continuous review of the loan portfolio, including an internally administered loan "watch" list and an ongoing loan review. The evaluation takes into consideration identified credit problems, as well as the possibility of losses inherent in the loan portfolio that are not specifically identified.

At September 30, 2006, non-performing loans totaled \$20,870,000, an increase of \$6,565,000 from December 31, 2005, as noted in Note 4. Loans and Allowance, included within the Notes to Consolidated Condensed Financial Statements of this Form 10-Q. Our top ten largest non-performers total \$8.5 million. Of those top ten, only two have balances in excess of \$1 million.

At September 30, 2006, impaired loans totaled \$64,809,000, an increase of \$12,429,000 from December 31, 2005. At September 30, 2006, an allowance for losses was not deemed necessary for impaired loans totaling \$47,539,000, but an allowance of \$3,905,000 was recorded for the remaining balance of impaired loans of \$17,270,000 and is included in our allowance for loan losses.

At September 30, 2006, the allowance for loan losses was \$26,975,000, an increase of \$1,787,000 from year end 2005. As a percent of loans, the allowance was 1.02 percent at September 30, 2006 and December 31, 2005.

The provision for loan losses for the first nine months of 2006 was \$5,013,000, a decrease of \$1,396,000 from \$6,409,000 for the same period in 2005.

LIQUIDITY

Liquidity management is the process by which we ensure that adequate liquid funds are available for us and our subsidiaries. These funds are necessary in order for us and our subsidiaries to meet financial commitments on a timely basis. These commitments include withdrawals by depositors, funding credit obligations to borrowers, paying dividends to shareholders, paying operating expenses, funding capital expenditures, and maintaining deposit reserve requirements. Liquidity is monitored and closely managed by the asset/liability committees at each subsidiary and by our asset/liability committee.

Our liquidity is dependent upon our receipt of dividends from our bank subsidiaries, which are subject to certain regulatory limitations and access to other funding sources. Liquidity of our bank subsidiaries is derived primarily from core deposit growth, principal payments received on loans, the sale and maturity of investment securities, net cash provided by operating activities, and access to other funding sources.

Edgar Filing: FIRST MERCHANTS CORP - Form 10-Q

The most stable source of liability-funded liquidity for both the long-term and short-term is deposit growth and retention in the core deposit base. In addition, we utilize advances from the Federal Home Loan Bank. ("FHLB") and a revolving line of credit with LaSalle Bank, N.A. as funding sources. At September 30, 2006, total borrowings from the FHLB were \$229,729,000. Our bank subsidiaries have pledged certain mortgage loans and certain investments to the FHLB. The total available remaining borrowing capacity from the FHLB at September 30, 2006, was \$124,035,000. At September 30, 2006, our revolving line of credit had a balance of \$10,500,000 and a remaining borrowing capacity of \$9,500,000.

The principal source of asset-funded liquidity is investment securities classified as available-for-sale, the market values of which totaled \$458,784,000 at September 30, 2006, an increase of \$36,157,000 or 9.0 percent over December 31, 2005. Securities classified as held-to-maturity that are maturing within a short period of time can also be a source of liquidity. Securities classified as held-to-maturity and that are maturing in one year or less totaled \$125,000 at September 30, 2006. In addition, other types of assets such as cash and due from banks, federal funds sold and securities purchased under agreements to resell, and loans and interest-bearing deposits with other banks maturing within one year are sources of liquidity.

In the normal course of business, we are a party to a number of other off-balance sheet activities that contain credit, market and operational risk that are not reflected in whole or in part in our consolidated financial statements. Such activities include: traditional off-balance sheet credit-related financial instruments, commitments under operating leases and long-term debt.

We provide customers with off-balance sheet credit support through loan commitments and standby letters of credit. Summarized credit-related financial instruments at September 30, 2006 are as follows:

(Dollars in thousands)	At September 30, 2006
=====	
Amounts of commitments:	
Loan commitments to extend credit	\$ 622,352
Standby letters of credit	30,586

	\$ 652,938
	=====

Since many of the commitments are expected to expire unused or be only partially used, the total amount of unused commitments in the preceding table does not necessarily represent future cash requirements.

In addition to owned banking facilities, we have entered into a number of long-term leasing arrangements to support our ongoing activities. The required payments under such commitments and long-term debt at September 30, 2006 are as follows:

INTEREST SENSITIVITY AND DISCLOSURES ABOUT MARKET RISK

Asset/Liability Management has been an important factor in our ability to record consistent earnings growth through periods of interest rate volatility and product deregulation. Management and the Board of Directors monitor our liquidity and interest sensitivity positions at regular meetings to review how changes in interest rates may affect earnings. Decisions regarding investments and the pricing of loan and deposit products are made after analysis of reports designed to measure liquidity, rate sensitivity, our exposure to changes in net interest income given various rate scenarios and the economic and competitive environments.

It is our objective to monitor and manage risk exposure to net interest income caused by changes in interest rates. It is the goal of our Asset Liability function to provide optimum and stable net interest income. To accomplish this, we use two asset liability tools. GAP/Interest Rate Sensitivity Reports and Net Interest Income Simulation Modeling are both constructed, presented, and monitored quarterly.

We believe that our liquidity and interest sensitivity position at September 30, 2006, remained adequate to meet our primary goal of achieving optimum interest margins while avoiding undue interest rate risk.

We place our greatest credence in net interest income simulation modeling. The GAP/Interest Rate Sensitivity Report is believed by our management to have two major shortfalls. The GAP/Interest Rate Sensitivity Report fails to precisely gauge how often an interest rate sensitive product reprices, nor is it able to measure the magnitude of potential future rate movements.

Net interest income simulation modeling, or earnings-at-risk, measures the sensitivity of net interest income to various interest rate movements. Our asset liability process monitors simulated net interest income under three separate interest rate scenarios; base, rising and falling. Estimated net interest income for each scenario is calculated over a 12-month horizon. The immediate and parallel changes to the base case scenario used in the model are presented below. The interest rate scenarios are used for analytical purposes and do not necessarily represent our view of future market movements. Rather, these are intended to provide a measure of the degree of volatility interest rate movements may introduce into our earnings.

The base scenario is highly dependent on numerous assumptions embedded in the model, including assumptions related to future interest rates. While the base sensitivity analysis incorporates our best estimate of interest rate and balance sheet dynamics under various market rate movements, the actual behavior and resulting earnings impact will likely differ from that projected. For mortgage-related assets, the base simulation model captures the expected prepayment behavior under changing interest rate environments. Assumptions and methodologies regarding the interest rate or balance behavior of indeterminate maturity products, e.g., savings, money market, NOW and demand deposits, reflect our best estimate of expected future behavior.

Edgar Filing: FIRST MERCHANTS CORP - Form 10-Q

FORM 10-Q

The comparative rising and falling scenarios for the period ended August 31, 2007 assume further interest rate changes in addition to the base simulation discussed above. These changes are immediate and parallel changes to the base case scenario. In addition, total rate movements (beginning point minus ending point) to each of the various driver rates utilized by us in the base simulation for the period ended August 31, 2007 are as follows:

Driver Rates	RISING	FALLING

Federal Funds	200	(200)
One-Year CMT	200	(200)
Three-Year CMT	200	(200)

NET INTEREST INCOME

Net Interest Income is the primary source of our earnings. It is a function of net interest margin and the level of average earning assets. The table below presents our asset yields, interest expense, and net interest income as a percent of average earning assets for the three and nine months ended September 30, 2006 and 2005.

During the nine months ended September 30, 2006, asset yields increased 72 basis points (FTE) and interest costs increased 90 basis points, resulting in an 18 basis point (FTE) decrease in net interest income as compared to the same period in 2005. The increases in interest income and interest expense were primarily a result of eight 25 basis point overnight federal funds rate increases by the Federal Open Market Committee during this period.

Average earning assets include the average balance of securities classified as available for sale, computed based on the average of the historical amortized cost balances without the effects of the fair value adjustment. In addition, annualized amounts are computed utilizing a 30/360 day basis.

HEDGING ACTIVITIES

On August 1, 2006, the Corporation purchased three prime-based interest rate floor agreements with an aggregate notional amount of \$250 million and strike rates ranging from 6% to 7%. The combined purchase price of approximately \$550,000 will be amortized on an allocated fair value basis over the three-year term of the agreements. During the quarter, the fair value of the floors increased by \$172,934 to \$672,934. No ineffectiveness was required to be recognized. The Corporation's objective in using interest rate floors is to add stability to interest income by reducing its exposure to decreases in cash flows on its prime-based loans. An interest rate floor agreement involves the receipt of cash payments when the underlying interest rate falls below the floor strike rate over the life of the agreement without exchange of the underlying principal (notional) amount. The interest rate floors are designated as cash flow hedges and will be accounted for in accordance with SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities, as amended.

OTHER INCOME

Total other income in the third quarter of 2006 was \$55,000 or .6 percent higher than the same quarter of 2005.

Two items account for most of the change:

1. Service charged increased by \$219,000 in the third quarter of 2006 compared with the third quarter in 2005 due to mid-year fee increases.
2. Gains on loan sales decreased by \$277,000 or 36.0% from the same third quarter in 2005 due to a reduction in mortgage originations.

Total other income in the first nine months of 2006 was \$745,000 or 2.8 percent lower than the same period of 2005.

Two items primarily account for the change:

1. Gains on loan sales decreased by \$668,000 or 30.0 percent from the same period in 2005 due to a reduction in mortgage loan originations.
2. A cash payment was received in the first quarter of 2005 of approximately \$200,000, related to the Corporation's membership in a credit card network that was merged with another card network. No such payment was received during the same period in 2006.

OTHER EXPENSES

Total other expenses represent non-interest expenses of the Corporation. Total other expenses during the third quarter of 2006 increased from the third quarter

Edgar Filing: FIRST MERCHANTS CORP - Form 10-Q

of 2005 by \$654,000 or 2.8 percent. Salary expenses were \$408,000 higher than the same period in 2005, primarily due to staff additions and normal annual increases. In addition, salary expenses of \$212,000 were recorded in the quarter due to share-based compensation expense recorded.

Total other expenses in the first nine months of 2006 were \$906,000 or 1.3 percent higher than the same period of 2005.

Three areas account for most of the change:

1. A pension accounting loss, totaling approximately \$1,630,000, was recorded during the first quarter of 2005. The loss resulted from the curtailment of the accumulation of defined benefits in our defined benefit pension plan.
2. Salary expenses were \$2,126,000 higher than the same period in 2005, primarily due to staff additions and normal annual increases. In addition, salary expenses of \$564,000 were recorded in the first nine months of 2006, due to share-based compensation expense recorded.
3. A fixed asset write off \$300,000 was recognized in the second quarter of 2006 as a result of closed branches.

Section 1. Number of Shares and Classes of Capital Stock. The total number of shares of capital stock which the Corporation shall have authority to issue shall be as stated in the Articles of Incorporation.

Section 2. Consideration for No Par Value Shares. The shares of stock of the Corporation without par value shall be issued or sold in such manner and for such amount of consideration as may be fixed from time to time by the Board of Directors. Upon payment of the consideration fixed by the Board of Directors, such shares of stock shall be fully paid and nonassessable.

Section 3. Consideration for Treasury Shares. Treasury shares may be disposed of by the Corporation for such consideration as may be determined from time to time by the Board of Directors.

Edgar Filing: FIRST MERCHANTS CORP - Form 10-Q

or services actually rendered to the Corporation; provided, however, that the part of the surplus of the Corporation which is transferred to stated capital upon the issuance of shares as a share dividend shall be deemed to be the consideration for the issuance of such shares. When payment of the consideration for which a share was authorized to be issued shall have been received by the Corporation, or when surplus shall have been transferred to stated capital upon the issuance of a share dividend, such share shall be declared and taken to be fully paid and not liable to any further call or assessment, and the holder thereof shall not be liable for any further payments thereon. In the absence of actual fraud in the transaction, the judgment of the Board of Directors as to the value of such property, labor or services received as consideration, or the value placed by the Board of Directors upon the corporate assets in the event of a share dividend, shall be conclusive. Promissory notes, uncertified checks, or future services shall not be accepted in payment or part payment of the capital stock of the Corporation, except as permitted by the Act.

Section 5. Share Certificates. Shares of the Corporation's stock may but need not be represented by a certificate. The rights and obligations of shareholders of the same class or series of shares are identical whether or not their shares are represented by certificates.

A book entry stock account shall be established in the name of each shareholder who is the beneficial owner of any shares of the Corporation's stock that are not represented by a certificate, which stock account shall set forth the number of such shares credited to the shareholder. A shareholder may request that a stock certificate, representing all or part of the shares credited to his or her stock account, be issued and delivered to the shareholder at any time.

Page 32

Any holder of capital stock of the Corporation shall be entitled to a stock certificate, signed by the President or a Vice President and the Secretary or any Assistant Secretary of the Corporation, stating the name of the registered holder, the number of shares represented by such certificate, the par value of each share of stock or that such shares of stock are without par value, and that such shares are fully paid and nonassessable. If such shares are not fully paid, the certificate shall be legibly stamped to indicate the per cent which has been paid, and as further payments are made, the certificate shall be stamped accordingly. The certificate may bear the seal of the Corporation or its facsimile.

If the Corporation is authorized to issue shares of more than one class, every certificate shall state the kind and class of shares represented thereby, and the relative rights, interests, preferences and restrictions of such class, or a summary thereof; provided, that such statement may be omitted from the certificate if it shall be set forth upon the face or back of the certificate that such statement, in full, will be furnished by the Corporation to any shareholder upon written request and without charge.

Section 6. Facsimile Signatures. If a certificate is countersigned by the written signature of a transfer agent other than the Corporation or its employee, the signatures of the officers of the Corporation may be facsimiles. If a certificate is countersigned by the written signature of a registrar other than the Corporation or its employee, the signatures of the transfer agent and the officers of the Corporation may be facsimiles. In case any officer, transfer agent, or registrar who has signed or whose facsimile signature has been placed upon a certificate shall have ceased to be such officer, transfer agent, or registrar before such certificate is issued, it may be issued by the Corporation with the same effect as if he were such officer, transfer agent, or registrar at the date of its issue.

Section 7. Transfer of Shares. The shares of capital stock of the

Edgar Filing: FIRST MERCHANTS CORP - Form 10-Q

Corporation shall be transferable on the books of the Corporation upon surrender of the certificate or certificates representing the same, properly endorsed by the registered holder or by the holder's duly authorized attorney or accompanied by proper evidence of succession, assignment or authority to transfer. Shares that are not represented by a certificate shall be transferable on the books of the Corporation upon receipt of written direction to do so from the registered holder or the holder's duly authorized attorney or accompanied by proper evidence of succession, assignment or authority to transfer, in a form satisfactory to the Corporation, its transfer agent or registrar.

Section 8. Cancellation. Every certificate surrendered to the Corporation for exchange or transfer shall be canceled, and no new certificate or certificates shall be issued in exchange for any existing certificate until such existing certificate shall have been so canceled, except in cases provided for in Section 10 of this Article III.

Section 9. Transfer Agent and Registrar. The Board of Directors may appoint a transfer agent and a registrar for each class of capital stock of the Corporation and may require all certificates representing such shares to bear the signature of such transfer agent and registrar. Shareholders shall be responsible for notifying the Corporation or transfer agent and registrar for the class of stock held by such shareholder in writing of any changes in their addresses from time to time, and failure so to do shall relieve the Corporation, its shareholders, Directors, officers, transfer agent and registrar of liability for failure to direct notices, dividends, or other documents or property to an address other than the one appearing upon the records of the transfer agent and registrar of the Corporation.

Section 10. Lost, Stolen or Destroyed Certificates. The Corporation may cause a new certificate or certificates to be issued in place of any certificate or certificates theretofore issued by the Corporation alleged to have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the person claiming the certificate of stock to be lost, stolen or destroyed. When authorizing such issue of a new certificate or certificates, the Corporation may, in its discretion and as a condition precedent to the issuance thereof, require the owner of such lost, stolen or destroyed certificate or certificates, or the owner's legal representative, to give the Corporation a bond in such sum and in such form as it may direct to indemnify against any claim that may be made against the Corporation with respect to the certificates alleged to have been lost, stolen or destroyed or the issuance of such new certificate. The Corporation, in its discretion, may authorize the issuance of such new certificates without any bond when in its judgment it is proper to do so.

Section 11. Registered Shareholders. The Corporation shall be entitled to recognize the exclusive right of a person registered on its books as the owner of such shares to receive dividends, to vote as such owner, to hold liable for calls and assessments, and to treat as owner in all other respects, and shall not be bound to recognize any equitable or other claims to or interest in such share or shares on the part of any other person, whether or not it shall have express or other notice thereof, except as otherwise provided by the laws of Indiana.

Page 33

Section 12. Options to Officers and Employees. The issuance, including the consideration, of rights or options to Directors, officers or employees of the Corporation, and not to the shareholders generally, to purchase from the Corporation shares of its capital stock shall be approved by the affirmative vote of the holders of a majority of the shares entitled to vote thereon or shall be authorized by and consistent with a plan approved by such a vote of the shareholders.

ARTICLE IV

Edgar Filing: FIRST MERCHANTS CORP - Form 10-Q

Meetings of Shareholders

Section 1. Place of Meeting. Meetings of shareholders of the Corporation shall be held at such place, within or without the State of Indiana, as may from time to time be designated by the Board of Directors, or as may be specified in the notices or waivers of notice of such meetings.

Section 2. Annual Meeting. The annual meeting of shareholders for the election of Directors, and for the transaction of such other business as may properly come before the meeting, shall be held at such time as the Board of Directors may set by resolution, following the close of the fiscal year of the Corporation. A failure to hold the annual meeting at the designated time shall not affect the validity of any corporate action.

Section 3. Special Meetings. Special meetings of the shareholders, for any purpose or purposes, unless otherwise prescribed by statute or by the Articles of Incorporation, may be called by the Board of Directors or the President and shall be called by the President or Secretary at the request in writing of a majority of the Board of Directors, or at the request in writing of shareholders holding of record not less than one-fourth (1/4) of all the shares outstanding and entitled by the Articles of Incorporation to vote on the business for which the meeting is being called.

Section 4. Notice of Meetings. A written or printed notice, stating the place, day and hour of the meeting, and in case of a special meeting, or when required by any other provision of the Act, or of the Articles of Incorporation, as now or hereafter amended, or these Bylaws, the purpose or purposes for which the meeting is called, shall be delivered or mailed by the Secretary, or by the officers or persons calling the meeting, to each shareholder of record entitled by the Articles of Incorporation, as now or hereafter amended, and by the Act to vote at such meeting, at such address as appears upon the records of the Corporation, at least ten (10) days before the date of the meeting. Notice of any such meeting may be waived in writing by any shareholder, if the waiver sets forth in reasonable detail the purpose or purposes for which the meeting is called, and the time and place thereof. Attendance at any meeting in person, or by proxy, shall constitute a waiver of notice of such meeting. Each shareholder, who has in the manner above provided waived notice of a shareholders' meeting, or who personally attends a shareholders' meeting, or is represented thereat by a proxy authorized to appear by an instrument of proxy, shall be conclusively presumed to have been given due notice of such meeting. Notice of any adjourned meeting of shareholders shall not be required to be given if the time and place thereof are announced at the meeting at which the adjournment is taken except as may be expressly required by law.

Section 5. Addresses of Shareholders. The address of any shareholder appearing upon the records of the Corporation shall be deemed to be the latest address of such shareholder appearing on the records maintained by the Corporation or its transfer agent for the class of stock held by such shareholder.

Section 6. Voting at Meetings.

(a) Quorum. The holders of record of a majority of the issued and outstanding stock of the Corporation entitled to vote at such meeting, present in person or by proxy, shall constitute a quorum at all meetings of shareholders for the transaction of business, except where otherwise provided by law, the Articles of Incorporation or these Bylaws. In the absence of a quorum, any officer entitled to preside at, or act as secretary of, such meeting shall have the power to adjourn the meeting from time to time until a quorum shall be constituted. At any such adjourned meeting at which a quorum shall be present, any business may be transacted which might have been transacted at the original

Edgar Filing: FIRST MERCHANTS CORP - Form 10-Q

meeting, but only those shareholders entitled to vote at the original meeting shall be entitled to vote at any adjournment or adjournments thereof unless a new record date is fixed by the Board of Directors for the adjourned meeting.

(b) Voting Rights. Except as otherwise provided by law or by the provisions of the Articles of Incorporation, every shareholder shall have the right at every shareholders' meeting to one vote for each share of stock having voting power, registered in the shareholder's name on the books of the Corporation on the date for the determination of shareholders entitled to vote, on all matters coming before the meeting including the election of directors. At any meeting of shareholders, every shareholder having the right to vote shall be entitled to vote in person, or by proxy executed by the shareholder or a duly authorized attorney in fact, in writing, transmitted by electronic means, or by any other method allowed by law, and bearing a date not more than eleven (11) months prior to its execution, unless a longer time is expressly provided therein.

Page 34

(c) Required Vote. When a quorum is present at any meeting, the vote of the holders of a majority of the stock having voting power present in person or represented by proxy shall decide any question brought before such meeting, unless the question is one upon which, by express provision of the Act or of the Articles of Incorporation or by these Bylaws, a greater vote is required, in which case such express provision shall govern and control the decision of such question.

Section 7. Voting List. The Corporation or its transfer agent shall make, at least five (5) business days before each meeting of the shareholders, a complete list of the shareholders entitled by the Articles of Incorporation, as now or hereafter amended, to notice of the meeting, arranged in alphabetical order, with the address of and number of shares held by each, which list shall be on file at the principal office of the Corporation and subject to inspection during regular business hours by any shareholder entitled to vote at the meeting, or by the shareholder's agent or attorney authorized in writing. Such list shall be available continuing through the meeting, at the Corporation's principal office or at a place identified in the meeting notice in the city where the meeting will be held.

Section 8. Fixing of Record Date to Determine Shareholders Entitled to Vote. The Board of Directors may fix a record date, not exceeding seventy (70) days prior to the date of any meeting of the shareholders, for the purpose of determining the shareholders entitled to notice of and to vote at the meeting. In the absence of action by the Board of Directors fixing a record date as herein provided, the record date shall be the sixtieth (60th) day prior to the date of the meeting. A new record date must be fixed if a meeting of the shareholders is adjourned to a date more than one hundred twenty (120) days after the date fixed for the original meeting.

Section 9. Nominations for Director. The Nominating and Governance Committee of the Board of Directors shall have the responsibility for nominating individuals to serve as members of the Board of Directors, including the slate of Directors to be elected each year at the annual meeting of shareholders. In so doing, the Committee shall maintain up-to-date criteria for selecting Directors and a process for identifying and evaluating prospective nominees. Shareholders may suggest a candidate for consideration by the Committee as a Director nominee by submitting the suggestion in writing and delivering or mailing it to the Secretary of the Corporation at the Corporation's principal office. Suggestions for nominees from shareholders must include: (a) the name, address and number of the Corporation's shares owned by the shareholder; (b) the name, address, age and principal occupation of the suggested nominee; (c) such other information concerning the suggested nominee as the shareholder may wish

Edgar Filing: FIRST MERCHANTS CORP - Form 10-Q

to submit or the Committee may reasonably request. The Committee shall evaluate suggestions for nominees from shareholders in the same manner as other candidates.

Any nominations for election as Directors at any annual or special meeting of shareholders not made in accordance with this Section may be disregarded by the Chairman of the meeting, in the Chairman's discretion; and, upon the Chairman's instructions, the vote tellers or inspectors of shareholder votes may disregard all votes cast for each such nominee.

ARTICLE V

Board of Directors

Section 1. Election, Number and Term of Office. The business and affairs of the Corporation shall be managed in accordance with the Act under the direction of a Board consisting of twelve (12) Directors, to be elected by the holders of the shares of stock entitled by the Articles of Incorporation to elect Directors. The number of Directors may be changed by amendment of this Section by a two-thirds (2/3) vote of the Board of Directors.

The Directors shall be divided into three (3) classes as nearly equal in number as possible, all Directors to serve three (3) year terms except as provided in the third paragraph of this Section. One class shall be elected at each annual meeting of the shareholders, by the holders of the shares of stock entitled by the Articles of Incorporation to elect Directors. Unless the number of Directors is changed by amendment of this Section, each class shall have four (4) Directors. No decrease in the number of Directors shall have the effect of shortening the term of any incumbent Director.

No person shall serve as a Director subsequent to the annual meeting of shareholders following the end of the calendar year in which such person attains the age of seventy (70) years. The term of a Director shall expire as of the annual meeting following which the Director is no longer eligible to serve under the provisions of this paragraph, even if fewer than three (3) years have elapsed since the commencement of the Director's term.

Except in the case of earlier resignation, removal or death, all Directors shall hold office until their respective successors are chosen and qualified.

The provisions of this Section of the Bylaws may not be changed or amended except by a two-thirds (2/3) vote of the Board of Directors.

Page 35

Section 2. Vacancies. Any vacancy occurring in the Board of Directors caused by resignation, death or other incapacity, or an increase in the number of Directors, shall be filled by a majority vote of the remaining members of the Board of Directors, until the next annual meeting of the shareholders, or at the discretion of the Board of Directors, such vacancy may be filled by a vote of the shareholders at a special meeting called for that purpose.

Section 3. Annual Meeting of Directors. The Board of Directors shall meet each year immediately after the annual meeting of the shareholders, at the place where such meeting of the shareholders has been held either within or without the State of Indiana, for the purpose of organization, election of officers, and consideration of any other business that may properly come before the meeting. No notice of any kind to either old or new members of the Board of Directors for such annual meeting shall be necessary.

Section 4. Regular Meetings. Regular meetings of the Board of Directors shall be held at such times and places, either within or without the State of

Edgar Filing: FIRST MERCHANTS CORP - Form 10-Q

Indiana, as may be fixed by the Directors. Such regular meetings of the Board of Directors may be held without notice or upon such notice as may be fixed by the Directors.

Section 5. Special Meetings. Special meetings of the Board of Directors may be called by the Chairman of the Board, the President, or by not less than a majority of the members of the Board of Directors. Notice of the time and place, either within or without the State of Indiana, of a special meeting shall be delivered personally, telephoned, faxed or sent by other electronic means to each Director at least twenty-four (24) hours, or mailed or delivered by express private delivery service, to each Director at the Director's usual place of business or residence at least forty-eight (48) hours, prior to the time of the meeting. Directors, in lieu of such notice, may sign a written waiver of notice either before the time of the meeting, at the meeting or after the meeting. Attendance by a Director in person at any special meeting shall constitute a waiver of notice.

Section 6. Quorum. A majority of the actual number of Directors elected and qualified, from time to time, shall be necessary to constitute a quorum for the transaction of any business except the filling of vacancies, and the act of a majority of the Directors present at the meeting, at which a quorum is present, shall be the act of the Board of Directors, unless the act of a greater number is required by the Act, by the Articles of Incorporation, or by these Bylaws. A Director, who is present at a meeting of the Board of Directors, at which action on any corporate matter is taken, shall be conclusively presumed to have assented to the action taken, unless (a) the Director shall have affirmatively stated the Director's dissent at and before the adjournment of such meeting (in which event the fact of such dissent shall be entered by the secretary of the meeting in the minutes of the meeting), or (b) the Director shall forward such dissent by registered mail to the Secretary of the Corporation immediately after the adjournment of the meeting. The right of dissent provided for by either clause (a) or clause (b) of the immediately preceding sentence shall not be available, in respect of any matter acted upon at any meeting, to a Director who voted at the meeting in favor of such matter and did not change this vote prior to the time that the result of the vote on such matter was announced by the chairman of such meeting.

A member of the Board of Directors may participate in a meeting of the Board by means of a conference telephone or similar communications equipment by which all Directors participating in the meeting can communicate with each other, and participation by these means constitutes presence in person at the meeting.

Section 7. Consent Action by Directors. Any action required or permitted to be taken at any meeting of the Board of Directors or of any committee thereof may be taken without a meeting, if prior to such action a written consent to such action is signed by all members of the Board of Directors or such committee, as the case may be, and such written consent is filed with the minutes of proceedings of the Board of Directors or committee.

Section 8. Removal. Any or all members of the Board of Directors may be removed, with or without cause, at a meeting of the shareholders called expressly for that purpose by the affirmative vote of the holders of not less than two-thirds (2/3) of the outstanding shares of capital stock then entitled to vote on the election of Directors, except that if the Board of Directors, by an affirmative vote of at least two-thirds (2/3) of the entire Board of Directors, recommends removal of a Director to the shareholders, such removal may be effected by the affirmative vote of the holders of not less than a majority of the outstanding shares of capital stock then entitled to vote on the election of Directors at a meeting of shareholders called expressly for that purpose.

The provisions in this Section of the Bylaws may not be changed or amended except by a two-thirds (2/3) vote of the Board of Directors.

Section 9. Dividends. The Board of Directors shall have power, subject to any restrictions contained in the Act or in the Articles of Incorporation and out of funds legally available therefor, to declare and pay dividends upon the outstanding capital stock of the Corporation as and when they deem expedient. Before declaring any dividend, there may be set aside out of any funds of the Corporation available for dividends such sum or sums as the Board of Directors from time to time in their absolute discretion deem proper for working capital, or as a reserve or reserves to meet contingencies or for such other purposes as the Board of Directors may determine, and the Board of Directors may in their absolute discretion modify or abolish any such reserve in the manner in which it was created.

Section 10. Fixing of Record Date to Determine Shareholders Entitled to Receive Corporate Benefits. The Board of Directors may fix a record date with respect to any dividend, including a share dividend, or other distribution to the shareholders of the Corporation, or for a determination of shareholders for any other purpose, as a time for the determination of the shareholders entitled to receive any such dividend, distribution or rights; and in such case only shareholders of record at the time so fixed shall be entitled to receive such dividend, rights or distribution. If no record date is fixed for the determination of shareholders entitled to receive payment of a dividend, the end of the day on which the resolution of the Board of Directors declaring such dividend is adopted shall be the record date for such determination.

Section 11. Interest of Directors in Contracts. Any contract or other transaction between the Corporation and any corporation in which this Corporation owns a majority of the capital stock shall be valid and binding, notwithstanding that the Directors or officers of this Corporation and the other corporation are identical or that some or all of the Directors or officers, or both, are also directors or officers of such other corporation.

Any contract or other transaction between the Corporation and one or more of its Directors or members or employees, or between the Corporation and any firm of which one or more of its Directors are members or employees or in which they are interested, or between the Corporation and any corporation or association of which one or more of its Directors are stockholders, members, directors, officers, or employees or in which they are interested, shall be valid for all purposes, notwithstanding the presence of such Director or Directors at the meeting of the Board of Directors of the Corporation which acts upon, or in reference to, such contract or transaction and notwithstanding his or their participation in such action, if the fact of such interest shall be disclosed or known to the Board of Directors and the Board of Directors shall authorize, approve and ratify such contract or transaction by a vote of a majority of the Directors present, such interested Director or Directors to be counted in determining whether a quorum is present, but not to be counted in calculating the majority of such quorum necessary to carry such vote. This Section shall not be construed to invalidate any contract or other transaction which would otherwise be valid under the common and statutory law applicable thereto.

Section 12. Committees. The Board of Directors may, by resolution adopted by a majority of the actual number of Directors elected and qualified, from time to time, designate from among its members an Executive Committee and one or more other committees.

During the intervals between meetings of the Board of Directors, any Executive Committee so appointed, unless expressly provided otherwise by law or

Edgar Filing: FIRST MERCHANTS CORP - Form 10-Q

these Bylaws, shall have and may exercise all the authority of the Board of Directors, including, but not limited to, the authority to issue and sell or approve any contract to issue or sell, securities or shares of the Corporation or designate the terms of a series or class of securities or shares of the Corporation. The terms which may be affixed by the Executive Committee include, but are not limited to, the price, dividend rate, and provisions of redemption, a sinking fund, conversion, voting, or preferential rights or other features of securities or class or series of a class of shares. Such Committee may have full power to adopt a final resolution which sets forth these terms and to authorize a statement of such terms to be filed with the Secretary of State. However, such Executive Committee shall not have the authority to declare dividends or distributions, amend the Articles of Incorporation or the Bylaws, approve a plan of merger or consolidation, even if such plan does not require shareholder approval, reduce earned or capital surplus, authorize or approve the reacquisition of shares unless pursuant to a general formula or method specified by the Board of Directors, or recommend to the shareholders a voluntary dissolution of the Corporation or a revocation thereof.

Page 37

The Board of Directors may, in its discretion, constitute and appoint other committees, in addition to an Executive Committee, to assist in the management and control of the affairs of the Corporation, with responsibilities and powers appropriate to the nature of the several committees and as provided by the Board of Directors in the resolution of appointment or in subsequent resolutions and directives. Such committees may include, but are not limited to, a Nominating and Governance Committee, an Audit Committee, and a Compensation and Human Resources Committee.

No member of any committee appointed by the Board of Directors shall continue to be a member thereof after he ceases to be a Director of the Corporation. The calling and holding of meetings of any committee and its method of procedure shall be determined by the Board of Directors or by the committee itself, except as otherwise provided in these Bylaws. To the extent permitted by law, a member of the Board of Directors serving on any such committee shall not be liable for any action taken by such committee if the Director has acted in good faith and in a manner the Director reasonably believed to be in the best interests of the Corporation. A member of a committee may participate in a meeting of the committee by means of a conference telephone or similar communications equipment by which all members participating in the meeting can communicate with each other, and participation by these means constitutes presence in person at the meeting.

The Board of Directors by resolution from time to time may confer like powers upon any other person or persons.

ARTICLE VII

Edgar Filing: FIRST MERCHANTS CORP - Form 10-Q

Indemnification

Section 1. Indemnification of Directors, Officers, Employees and Agents. Every person who is or was a Director, officer, employee or agent of this Corporation or of any other corporation for which such person is or was serving in any capacity at the request of this Corporation shall be indemnified by this Corporation against any and all liability and expense that such person may incur in connection with or resulting from or arising out of any claim, action, suit or proceeding, provided that such person is wholly successful with respect thereto or acted in good faith in what such person reasonably believed to be in or not opposed to the best interest of this Corporation or such other corporation, as the case may be, and, in addition, in any criminal action or proceeding in which such person had no reasonable cause to believe that his or her conduct was unlawful. As used herein, "claim, action, suit or proceeding" shall include any claim, action, suit or proceeding (whether brought by or in the right of this Corporation or such other corporation or otherwise), civil, criminal, administrative or investigative, whether actual or threatened or in connection with an appeal relating thereto, in which a Director, officer, employee or agent of this Corporation may become involved, as a party or otherwise,

- (i) by reason of such person's being or having been a Director, officer, employee, or agent of this Corporation or such other corporation or arising out of his or her status as such or
- (ii) by reason of any past or future action taken or not taken by such person in any such capacity, whether or not such person continues to be such at the time such liability or expense is incurred.

The terms "liability" and "expense" shall include, but shall not be limited to, attorneys' fees and disbursements, amounts of judgments, fines or penalties, and amounts paid in settlement by or on behalf of a Director, officer, employee, or agent, but shall not in any event include any liability or expenses on account of profits realized by such person in the purchase or sale of securities of the Corporation in violation of the law. The termination of any claim, action, suit or proceeding, by judgment, settlement (whether with or without court approval) or conviction or upon a plea of guilty or of nolo contendere, or its equivalent, shall not create a presumption that a Director, officer, employee, or agent did not meet the standards of conduct set forth in this paragraph.

Any such Director, officer, employee, or agent who has been wholly successful with respect to any such claim, action, suit or proceeding shall be entitled to indemnification as a matter of right. Except as provided in the preceding sentence, any indemnification hereunder shall be made only if

- (i) the Board of Directors acting by a quorum consisting of Directors who are not parties to or who have been wholly successful with respect to such claim, action, suit or proceeding shall find that the Director, officer, employee, or agent has met the standards of conduct set forth in the preceding paragraph; or
- (ii) independent legal counsel shall deliver to the Corporation their written opinion that such Director, officer, employee, or agent has met such standards of conduct.

If several claims, issues or matters of action are involved, any such person may be entitled to indemnification as to some matters even though he is not entitled as to other matters.

The Corporation may advance expenses to or, where appropriate, may at its expense undertake the defense of any such Director, officer, employee, or agent upon receipt of an undertaking by or on behalf of such person to repay such expenses if it should ultimately be determined that such person is not entitled to indemnification hereunder.

The provisions of this Section shall be applicable to claims, actions, suits or proceedings made or commenced after the adoption hereof, whether arising from acts or omissions to act during, before or after the adoption hereof.

The rights of indemnification provided hereunder shall be in addition to any rights to which any person concerned may otherwise be entitled by contract or as a matter of law and shall inure to the benefit of the heirs, executors and administrators of any such person.

The Corporation may purchase and maintain insurance on behalf of any person who is or was a Director, officer, employee or agent of the Corporation or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation against any liability asserted against such person and incurred by such person in any capacity or arising out of his or her status as such, whether or not the Corporation would have the power to indemnify such person against such liability under the provisions of this Section or otherwise.

ARTICLE VIII

Amendments

Except as expressly provided herein or in the Articles of Incorporation, the Board of Directors may make, alter, amend or repeal these Bylaws by an affirmative vote of a majority of the actual number of Directors elected and qualified.
