**Section 5 Corporate Governance and Management**

**Item 5.02. Departure of Directors or Principal Officers; Election of Directors; Appointment of Principal Officers.**

Mr. Wilhelmus Groenhuisen, a member of the Board of Directors of NAVTEQ Corporation (the "Company") since September 2003, informed the Company on April 22, 2005 that, contingent upon whether Royal Philips Electronics sells all of its shares in the Company through the secondary offering of common stock, pursuant to which a registration statement has been filed with the Securities and Exchange Commission on Form S-3 (Registration No. 333-123628), he intends to resign from the Company's Board of Directors before the end of the Company's third quarter of its current fiscal year. Mr. Groenhuisen is employed by Philips Electronics North American Corporation, an indirect wholly-owned subsidiary of Royal Philips Electronics.

**Section 8 Other Events**

**Item 8.01. Other Events.**

On April 22, 2005, Tele Atlas N.V. and Tele Atlas North America ("Tele Atlas") filed a complaint against the Company in the United States District Court for the Northern District of California. The complaint alleges that the Company has violated Sections 1 and 2 of the Sherman Act, Section 3 of the Clayton Act, and Sections 16720, 16727 and 17200 of the California Business and Professions Code, and that the Company has intentionally interfered with Tele Atlas's contractual relations and prospective economic advantage with third parties, by allegedly excluding Tele Atlas from the market for digital map data for use in navigation system applications in the United States through exclusionary and predatory practices. More specifically, Tele Atlas's complaint alleges that the Company, through its license under U.S. Patent No. 5,161,886, controls a predominant share of the alleged relevant technology market consisting of methods for displaying portions of a topographic map from an apparent perspective view outside and above a vehicle in the United States, and allegedly has entered into patent licenses and/or other arrangements in a manner that violates the aforesaid laws. Tele Atlas seeks preliminary and permanent injunctive relief, unspecified monetary, exemplary and treble damages, and costs and attorneys' fees of suit. Based on a preliminary review of the complaint, the Company believes that the allegations are without merit. The Company, however, will further evaluate the matter with counsel. The Company intends to take all necessary steps to vigorously defend itself against this action; however, because this matter is in a very early stage, the Company cannot predict its outcome or potential effect, if any, on its business, financial position or results of operations. Even if the Company prevails in this matter, the Company may incur significant costs and experience a diversion of management time and attention in connection with its defense.
