Indemnification of Directors and Officers

The Company has entered into indemnification agreements with each of its directors and executive officers that provide the maximum indemnity allowed

Edgar Filing: XIN NET CORP - Form PRE 14C

The indemnification provision in the Bylaws, and the indemnification agreements entered into between the Company and its directors and executive officers, may be sufficiently broad to permit indemnification of the officers and directors for liabilities arising under the Securities Act of 1933, as amended (the "Securities Act").

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Company pursuant to the foregoing provisions, or otherwise, the Company has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

Proposal #2

To authorize the sale of the Company's Domain Name Registration business "China DNS" to Sino-i.com pursuant to an agreement dated February 26, 2003.

In February 26, 2003, the Company signed an agreement to sell the Company's subsidiary Xin Net Telecom Corp. (Domain name registration) to a subsidiary of Sino-i.com Limited, a Stock Exchange of Hong Kong listed company

Edgar Filing: XIN NET CORP - Form PRE 14C

for a total consideration of Rmb 20 million (approx. US\$ 2.4 million). InforNet Investment Limited is the Company's wholly owned Hong Kong subsidiary that controls the Company's interest in Xin Net Telecom Corp. This transaction is now submitted for shareholder approval at the Annual Meeting. This transaction, will take the Company out of the China Internet business.

Since the Company started its Internet business in China, it has seen rapid growth in Internet use in China; but it has also seen an equal if not greater growth in companies entering this arena. As a result, the industry experienced severely reduced operating margins. The Company had managed to continue to compete by cutting discretionary cost such as advertising and improving overall operating efficiencies. Although the Company is considered a leader in the Domain Name Registration field, due to the lack of adequate funding, future growth potential is limited at best. The Company had struggled for the past several years to break even and was hoping for some meaningful funding to grow, but the plan was nullified when the funding failed to materialize. As China becomes more and more open according to the terms of the WTO, the world's large well-funded companies have been given access to the China market and have seriously compromised the Company's competitive position. Due to the continued loss on operations (\$254,035 in 2002). In 2003, the Company entered into an Agreement to sell the domain name registration business to a subsidiary of Sino-i.com Limited for approximately \$2.4 million. We are treating the DNS business as discontinued operations at this time, and Sino-i.com Limited is managing and funding the operations.

A pro forma financial statement of Xin Net Corp. after sale of Xin Net Telecom Corp. is shown as Exhibit D(1-4).

Summary of Agreement

The Company has executed a formal agreement on Feb. 26, 2003 to sell 100% of Xin Net Telecom Corp., the domain name registration business. The closing of the sale agreement is however conditional to shareholders approving the transaction. If shareholders do not approve of the transaction, the sale agreement, as executed, cannot be closed, and may have to be voided or modified. The agreement is included as Exhibit C. The pro forma financial statement of Xin Net Corp., if the sale of the domain name registration business is not completed but the ISP business is sold (Exhibit D(2)) is included as an Exhibit.

Terms of the Transaction

There is no tender offer involved in the proposed transaction. The proposed transaction is not dependent upon the approval of Proposal #3.

- I. The company proposes to sell its domain name registration business, if the transaction is approved by shareholders. The business which will be transferred by the company to the Buyer, is its domain name registration and business in China. The pro forma financial statements after sell domain name and the web design & hosting segment of business is contained on Exhibit D(3).
- II. Consideration is being offered to Xin Net Corp. in the form of a cash at closing. No distribution or dividend to shareholders will be made.

Edgar Filing: XIN NET CORP - Form PRE 14C

- III. Xin Net Corp is engaging in the transaction for several reasons, mainly:
- A. The domain name registration business of the company has grown as the Internet business has grown in China has the chance to continue to grow only with expenditure of substantial amounts of capital.
 - B. The operations of the domain name registration, but in a very competitive environment, has the potential of operating at a profit only with large additional capital infusions.
- IV. The vote required to approve the transaction is the affirmative vote of the holders of a majority of the shares represented and voting at the Annual Meeting at which a quorum must be present.
- V. No material differences in rights of security holders will result from the proposed sale transaction.
- VI. The transaction will be treated as a sale of assets and extraordinary income.
- VII. The tax treatment of the sale would be as a capital gain from sale of assets held for more than one year.
- VIII. No securities are being purchased from any officer, director, or affiliate of the company.
- IX. No security holders are being treated differently in any way.
- X. Dissenting shareholders may be entitled to any appraisal rights for the transaction under Florida law. If a shareholder wishes to exercise appraisal rights, they must follow the procedures set forth in FSA 607.1304-1333 inclusive, including transmitting the Notice of Demand for appraisal on or before _____. FSA 607-1301 to 1333 inclusive are attached hereto as Exhibit E. The Appraisal Demand Form is Exhibit F.
- XI. There are no provisions for unaffiliated shareholders to grant them access to corporate files or obtain counsel or appraisal services at the expense of the company.
- XII. The transaction has no effect on the trading or listing eligibility of the company's securities at this time.

Required Approval

For action to be taken at the Annual Meeting on this issue, a quorum must be present. To be considered approved, the proposal to allow the sale of Xin Net Telecom Corp. to Sino-i.com Limited must receive the affirmative vote of the holders of a majority of the shares of common stock issued and outstanding. Unless marked to the contrary, proxies received will be voted "FOR" the approval of the proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" PROPOSAL #2 TO ALLOW SALE OF THE CHINA DNS BUSINESS TO SINO-I.COM LIMITED.

Edgar Filing: XIN NET CORP - Form PRE 14C

Proposal #3

On May 18, 2001 the Board of Directors decided that the Company's business in China will focus on domain name registration and web-hosting services, and will discontinue Internet access provision (ISP) services as soon as practicable. The ISP business in China faced stiff competition, mainly from government-owned telephone companies, and accounted for a very large share of Company operating losses in the fiscal year ended December 31, 2000 and in the fiscal quarters ended March 31, 2001 and June 30, 2001. The Company filed a Form 8-K "Current Report" with the Securities and Exchange Commission (SEC) regarding this decision on May 23, 2001. On June 22, 2001 the Board of Directors authorized the Company's joint venture partner, Xin Hai Technology Development Ltd., to sign an agreement to sell Company ISP assets to Beijing Sino Soft for USD 700,000 in cash. The agreement was signed on June 22, 2001. An English summary and an English translation of the agreement were filed with the SEC on July 12, 2001. The summary is reproduced here and the agreement is included as Exhibit B of the Proxy Statement. A pro forma financial statement to June 30, 2001 after disposal of ISP assets is also included as Exhibit D(2). The statutes of the State of Florida, the jurisdiction of incorporation of the Company, require that the agreement be approved by Company shareholders.

Summary of Asset Transfer Agreement dated June 22, 2001. The Company has entered into an Assets Transfer Agreement under which it has agreed to transfer all the assets of the ISP operations in China to Beijing Sino Soft Intel Information Technology, Ltd. of Beijing. The transfer includes all transferable permits, equipment, agency contracts, customers, accounts, employees and operations.

The price for the transfer of assets by the Company is \$700,000 (USD) payable to the Company in Renminbi at the official exchange rate. A sum of \$500,000 has been received to date and the balance of \$200,000 is to be received after Xin Net Corp. shareholders' approval of the Agreement.

The Company has agreed to assign Logo, lines, numbers, locations and all accounts and assets and has agreed not to compete in China in the ISP business. No fixed debt is assumed by purchaser, but ongoing contracts for Internet access provision, etc. will be assumed by buyer.

Terms of the Transaction

There is no tender offer involved in the proposed transactions. The proposed transaction is not interdependent upon any other transaction.

- I. Sale of Xin Net Corp's Internet Service Provider Assets in China to Sino Soft, a Chinese Internet Service Provider.

The assets consist of the ISP telephone numbers, subscribers, equipment, domains, personnel as may be rehired by Sino Soft, hosting agreements, licenses, software, and goodwill. The purchase price is \$700,000, \$500,000 of which has been paid, and \$200,000 of which shall be paid upon shareholder approval of the transaction.

- II. No consideration is being offered to security holders of Xin Net Corp.

- III. Xin Net Corp. is engaging in the transactions for several reasons:

Edgar Filing: XIN NET CORP - Form PRE 14C

- A. The ISP operations have lost money on operations since inception.
 - B. The domain name registration service is in a very competitive environment, and substantial additional capital will be required for advertising and marketing. The sale will provide capital for the Company to continue in its remaining business.
 - C. Substantial additional capital which is unavailable to the company would be necessary to continue operations, with no assurance of reaching profitability.
 - D. The sale allows the company to recoup \$700,000 of its investment.
 - E. The paying subscriber base for profitability for ISPs has proven extremely costly to obtain and retain in China.
 - F. Without substantial additional capital expenditure, the Domain name registration business will in all likelihood decline in value.
- IV. The vote required by Xin Net corp. shareholders to approve the transaction is the affirmative vote of the holders of a majority of the shares represented and voting at the Annual Meeting at which a quorum must be present.
- V. No material differences in rights of security holders will result from the proposed sale transaction.
- VI. The transaction will be treated as a disposal of assets of discontinued operations and may result in an extraordinary gain.
- VII. There will be no Federal income tax consequences of the transaction due to the overall operational net loss of the company.
- VIII. No securities are being purchased from any officer, director, or affiliate of the company.
- IX. No security holders are being treated differently in any way.
- X. Dissenting shareholders may be entitled to any appraisal rights for the transaction under Florida law. If a shareholder wishes to exercise appraisal rights, they must follow the procedures set forth in FSA 607.1304-1333 inclusive, including transmitting the Notice of Demand for appraisal on or before _____. FSA 607-1301 to 1333 inclusive are attached hereto as Exhibit E. The Appraisal Demand Form is Exhibit F.
- XI. There are no provisions for unaffiliated shareholders to grant them access to corporate files or obtain counsel or appraisal services at the expense of the company.
- XII. The transaction has no effect on the trading or listing eligibility of the company's securities at this time.

Required Approval

Edgar Filing: XIN NET CORP - Form PRE 14C

For action to be taken at the Annual Meeting on this issue, a quorum must be present. To be considered approved, the agreement to sell Company ISP assets to Beijing Sino Soft and to sell the domain name registration business must receive the affirmative vote of the holders of a majority of the shares of common stock issued and outstanding. Unless marked to the contrary, proxies received will be voted "FOR" approval of the agreement to sell the Company's ISP assets to Beijing Sino Soft.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" APPROVAL OF THE AGREEMENT SIGNED ON JUNE 22, 2001 TO SELL THE COMPANY'S ISP ASSETS TO BEIJING SINO SOFT.

Proposal #4

AMENDMENT TO ARTICLES FOR AN INCREASE IN AUTHORIZED CAPITAL

The Company, through its Board, is asking shareholders to approve the Amendment of the Articles of Incorporation to increase the authorized capital to 300 million common shares at \$.001 par value and 300 million at \$.001 par value preferred shares at \$.001 par value, in such classes or series and with such rights and privileges as the Board may hereafter determine. The Company currently has 50 million common shares authorized at \$.001 par value.

Management believes these changes to the Articles of Incorporation to provide additional capital shares are in the best interest of the corporation, because the current structure of our shares is not appropriate in current market conditions for a small public corporation, to make an acquisition, or otherwise raise significant capital. Further, the Company has issued and outstanding 41,360,010 shares out of 50,000,000 authorized, and such amount is not sufficient in management's judgment to provide unallocated shares for acquisitions or capital raising at current market prices and condition.

Shareholders should be advised that the Board of Directors may make decisions about private placement and asset acquisitions for new shares of common stock, upon which shareholders generally will not have the right to vote, or the same proportionate rights to vote as previously before these proposed changes. In the event of a "forced Merger," under the Florida General Corporations Laws, or a share exchange with shareholders of another corporation, if the Directors and principal shareholders have no interest in the transaction before the transaction, and the transaction is voluntary and approved by the Board of Directors, shareholders have no rights to vote. Other transactions, not meeting those requirements may involve normal requirements for shareholder approval, but, if adopted, the approval of a majority of shareholders will be sufficient, to approve transactions.

Approving additional authorized capital will not make the Company better able to meet exchange listing criteria. At the current date, with the proposed change the Company would not meet exchange listing criteria. Exchange listing requirements change constantly. There is no assurance the proposed changes will meet exchange listing requirements when, and if, the Company is otherwise qualified. There is no assurance the Company will qualify for exchange listing.

There is no assurance of any effect of the price of the Company's stock will result, or that the market price for the Company's common stock, immediately or shortly after the proposed changes, if approved, will rise, or that any rise which may occur will be sustained. Market conditions, investor attitudes, and external conditions may affect the stock price. The Company is

Edgar Filing: XIN NET CORP - Form PRE 14C

proposing these steps that will best calculate to meet the market attractively. The Company cannot control the market's reaction.

Dissenting shareholders have no appraisal rights under Florida law or pursuant to the constituent documents of incorporation or bylaws in connection with the proposed additional capitalization.

Required Approval

For action to be taken at the Annual Meeting on this issue, a quorum must be present. To be considered approved, the agreement to sell Company ISP assets to Beijing Sino Soft and to sell the domain name registration business must receive the affirmative vote of the holders of a majority of the shares of common stock issued and outstanding. Unless marked to the contrary, proxies received will be voted "FOR" approval of the agreement to sell the Company's ISP assets to Beijing Sino Soft.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE AMENDMENT TO THE ARTICLES TO INCREASE THE AUTHORIZED SHARES, AND UNLESS MARKED TO THE CONTRARY, PROXIES RECEIVED WILL BE VOTED FOR THE PROPOSED INCREASE IN AUTHORIZED CAPITAL.

Proposal #5

INDEPENDENT PUBLIC ACCOUNTANTS

Clancy and Co., PLLC, Independent Public Accountants, of Phoenix, Arizona, have been engaged as the Certifying accountants for the period through fiscal year 2002 and shareholders are asked to ratify such engagement. Ratification of the appointment of Clancy and Co, PLLC, as the Company's independent public accountants for the fiscal year ending December 31, 2003 will require the affirmative vote of a majority of the shares of Common Stock represented in person or by proxy and entitled to vote at the Annual Meeting. In the event the stockholders do not ratify the appointment of Clancy and Co., PLLC, for the fiscal year 2003, such appointment will be reconsidered by the Board.

Required Approval

For action to be taken at the Annual Meeting on this issue, a quorum must be present. To be considered approved, the agreement to sell Company ISP assets to Beijing Sino Soft and to sell the domain name registration business must receive the affirmative vote of the holders of a majority of the shares of common stock issued and outstanding. Unless marked to the contrary, proxies received will be voted "FOR" approval of the agreement to sell the Company's ISP assets to Beijing Sino Soft.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF AUDITORS, CLANCY & CO., PLLC.

SHAREHOLDER PROPOSALS

Shareholders are entitled to submit proposals on matter appropriate for shareholder action consistent with regulations of the Securities and Exchange Commission. Should a shareholder intend to present a proposal at next year's annual meeting, it must be received by the secretary of the Company at #950-789 W. Pender St., Vancouver, BC Canada V6C 1H2, not later than 60 days after fiscal year end, in order to be included in the Company's proxy statement and form of proxy relating to that meeting. Pro Forma Financial Information

Introductory paragraph:

The following pro forma financial results shows the historical balance sheet as of March 31, 2003, and the related statements of operations and cash flows for the three months ended March 31, 2003 and 2002, adjusted to reflect the shareholder approval of the sale of the ISP operations in China, but not the sale of the internet-related services in China. On June 22, 2001, Xin Hai Technology Development Ltd., the company's joint venture partner, signed an agreement to sell its ISP operation and related assets to a private company in Beijing for sales proceeds of \$700,000, of which \$500,000 has been received and classified as a security deposit in the liabilities section of the balance sheet. Management has determined the remaining \$200,000 balance is uncollectible. There is no income tax effect due to the company's loss position.

Proposal No. 2 - Sale of the ISP operations is approved, but sale of internet-related operations is not approved.
