MEDINA INTERNATIONAL HOLDINGS, INC. AND SUBSIDIARIES NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE MONTHS ENDED JULY 31, 2012 (Unaudited)

NOTE 1 - BUSINESS, BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

Medina International Holdings, Inc. ("Company," "Medina," "we," "us," "our") was incorporated in 1998 as Colorado Community Broadcasting, Inc. The Company intended to purchase low power television licenses or stations and planned to broadcast local programming mixed with appropriate national programming. The Company changed the name of the business in 2005 to Medina International Holdings, Inc.

The Company, under its two wholly owned subsidiaries, Harbor Guard Boats, Inc. and Medina Marine, Inc., plans to manufacture and sell recreational and commercial boats. The Company formed Medina Marine, Inc., as a wholly owned subsidiary of the Company, on May 22, 2006 to manufacture and sell fire rescue, rescue and recreational boats.

The Company signed an agreement to acquire Modena Sports Design, LLC, as a wholly owned subsidiary of the Company on June 18, 2008. Modena Sports Design, LLC was formed in the State of California in 2003 to produce fire rescue, rescue and recreational boats. Modena Sports Design, LLC reorganized as a California corporation on January 7, 2010 changed its name to Harbor Guard Boats, Inc.

Presentation of Interim Information

In the opinion of the management of the Company, the accompanying unaudited financial statements include all normal adjustments considered necessary to present fairly the financial position and operating results of the Company for the periods presented. The financial statements and notes are presented as permitted by Form 10-Q, and do not contain certain information included in the Company's Annual Report on Form 10-K for the fiscal year ended April 30, 2012. It is management's opinion that when the interim financial statements are read in conjunction with the April 30, 2012 Annual Report on Form 10-K, the disclosures are adequate to make the information presented not misleading. Interim results are not necessarily indicative of results for a full year or any future period. The accompanying consolidated financial statements of Medina International Holdings, Inc. and its subsidiaries were prepared in accordance

with generally accepted accounting principles in the United States of America ("GAAP") and include the assets, liabilities, revenues, and expenses of subsidiaries, Medina Marine, Inc., Harbor Guard Boats, Inc. All intercompany balances and transactions have been eliminated in consolidation.

F-5

Going Concern

Recoverability of a major portion of the recorded asset amounts shown in the accompanying balance sheet is dependent upon continued operations of the Company, which in turn is dependent upon the Company's ability to raise additional capital, obtain financing and to succeed in its future operations. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles in the United States, which contemplates continuation of the Company as a going concern. On July 31, 2012, the Company's current liabilities exceeded its current assets by \$2,282,159. Also, the Company's operations generated \$642,755 revenue during the current period ended and the Company's accumulated deficit is \$7,239,085.

Management has taken various steps to revise its operating and financial requirements, which we believe are sufficient to provide the Company with the ability to continue on in the subsequent year. Management devoted considerable effort during the period ended July 31, 2012 towards management of liabilities and improving our operations. Management believes that the above actions will allow the Company to continue its operations through the next fiscal year.

The future success of the Company is likely dependent on its ability to attain additional capital to develop its proposed products and ultimately, upon its ability to attain future profitable operations. There can be no assurance that the Company will be successful in obtaining such financing, or that it will obtain positive cash flow.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation and Consolidation

The accompanying consolidated financial statements of Medina International Holdings, Inc. and its subsidiaries were prepared in accordance with generally accepted accounting principles in the United States of America ("GAAP") and include the assets, liabilities, revenues, and expenses of our three wholly owned subsidiaries, Harbor Guard Boats, Inc. and Medina Marine, Inc. All intercompany balances and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of our consolidated financial statements in conformity with GAAP requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting periods. Significant estimates and assumptions are used for, but are not limited to;

- Revenue recognition;
- Allowance for doubtful accounts;
- Inventory costs;
- Asset impairments;
- 5) Depreciable lives of assets;
- Income tax reserves and valuation allowances;
- 7) Fair value of stock options;
- Allocation of direct and indirect cost of sales;
- Contingent liabilities; and
- 10) Warranty liabilities.

F-6

Future events and their effects cannot be predicted with certainty; accordingly, our accounting estimates require exercise of judgment. We base our estimates on historical experience, available market information, appropriate valuation methodologies, and on various other assumptions that we believe to be reasonable. We evaluate and update our assumptions and estimates on an ongoing basis and may employ outside experts to assist in our evaluation, when necessary. Actual results could differ materially from these estimates.

Revenue Recognition

Revenue Recognition is recognized when earned. The Company's revenue recognition policies are in compliance with ASC 650 "Revenue Recognition." Sales revenue is recognized at the date of shipment to customers when a formal arrangement exists, the price is fixed or determinable, the delivery is completed, no other significant obligations of the Company exist and collectability is reasonably assured. Payments received before all of the relevant criteria for revenue recognition are satisfied, are recorded as unearned revenue.

Cash and Cash Equivalents

The Company considers all liquid investments with a maturity of three months or less from the date of purchase that are readily convertible into cash to be cash equivalents. The Company maintains its cash in bank deposit accounts that may exceed federally insured limits. The Company has not experienced any losses in such accounts.

Accounts receivable

The Company reviews accounts receivable periodically for collectability and establishes an allowance for doubtful accounts and records bad debt expense when deemed necessary. At July 31, 2012 and April 30, 2012, the Company had \$237,718 in its allowance for doubtful accounts.

Inventory

We carry our inventories at the lower of their cost or market value. Cost is determined using first-in, first-out ("FIFO") method. Market is determined based on net realizable value. We also provide due consideration to obsolescence, excess quantities, and other factors in evaluating net realizable value.

Fixed Assets

Capital assets are stated at cost. Equipment consisting of molds is stated at cost. Depreciation of fixed assets is provided using the straight-line method

over the estimated useful lives (3-7 years) of the assets. Expenditures for maintenance and repairs are charged to expense as incurred.

Long Lived Assets

The Company adopted codification ASC 350 "Accounting for the Impairment or Disposal of Long-Lived Assets", The Company periodically evaluates the carrying value of long-lived assets to be held and used in accordance with ASC 350. ASC 350 requires impairment losses to be recorded on long-lived assets used in operations when indicators of impairment are present and the undiscounted cash flows estimated to be generated by those assets are less than the assets' carrying amounts. In that event, a loss is recognized based on the amount by which the carrying amount exceeds the fair market value of the long-lived assets. Loss on long-lived assets to be disposed of is determined in a similar manner, except that fair market values are reduced.

F-7

Comprehensive Loss

Accounting principles generally require that recognized revenue, expenses, gains and losses be included in net income. Certain statements, however, require entities to report specific changes in assets and liabilities, such as unrealized gains and losses on available-for-sale securities, as a separate component of the equity section of the balance sheet. Such items, along with net income, are components of comprehensive income.

Issuance of Shares for Service

The Company accounts for employee and non-employee stock awards, whereby equity instruments issued to employees for services are recorded based on the fair value of the instrument issued and those issued to non-employees are recorded based on the fair value of the consideration received or the fair value of the equity instrument, whichever is more reliably measurable.

Fair Value Of Financial Instruments

Disclosures about fair value of financial instruments, requires that the Company disclose estimated fair values of financial instruments. The carrying amounts reported in the statements of financial position for current assets and current liabilities qualifying, as financial instruments are a reasonable estimate of fair value.

Foreign Currency Translation And Hedging

The Company is exposed to foreign currency fluctuations due to international trade. The management does not intend to enter into forward exchange contracts or any derivative financial investments for trading purposes. The management does not currently hedge foreign currency exposure.

Basic And Diluted Net Loss Per Share

Basic net loss per share is based upon the weighted average number of common shares outstanding. Diluted net loss per share is based on the assumption that all dilutive convertible shares and stock options were converted or exercised. Dilution is computed by applying the treasury stock method. Under this method, options and warrants are assumed to be exercised at the beginning of the period

(or at the time of issuance, if later), and as if funds obtained thereby were used to purchase common stock at the average market price during the period.

Products and services, geographic areas and major customers

The Company earns revenue from the sale of recreational and commercial boats. The Company's products were sold domestically and internationally. The Company does not separate sales activities into different operating segments.

Recently issued accounting pronouncements

There were accounting standards and interpretations issued during the three months ended July 31, 2012, none of which are expected to have a material impact on the Company's financial position, operations or cash flows.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with our unaudited financial statements and notes thereto included herein. In connection with, and because we desire to take advantage of, the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995, we caution readers regarding certain forward looking statements in the following discussion and elsewhere in this report and in any other statement made by, or on our behalf, whether or not in future filings with the Securities and Exchange Commission. Forward-looking statements are statements not based on historical information and which relate to future operations, strategies, financial results or other developments. Forward looking statements are necessarily based upon estimates and assumptions that are inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are beyond our control and many of which, with respect to future business decisions, are subject to change. These uncertainties and contingencies can affect actual results and could cause actual results to differ materially from those expressed in any forward looking statements made by, or on our behalf. We disclaim any obligation to update forward-looking statements.

The independent registered public accounting firm's report on the Company's financial statements as of April 30, 2012, and for each of the years in the two-year period then ended, includes a "going concern" explanatory paragraph, that describes substantial doubt about the Company's ability to continue as a going concern.

The Company, under its two wholly owned subsidiaries, Harbor Guard Boats, Inc. and Medina Marine, Inc., plans to manufacture and sell recreational and commercial boats.

The Company engages approximately six full time employees. Our President and Chief Financial Officer have been engaged on full time to work with Harbor Guard Boats, Inc.

On August 31, 2012, the Board of Directors of the Company authorized the creation of a new series of its Preferred Stock. On August 28, 2012, the Company amended its Articles of Incorporation to designate the Series C Convertible

Preferred Stock. The Series C Convertible Preferred Stock ("Series C Preferred Stock") has 500 authorized shares. At the time of this filing no shares of the Series C Preferred Stock have been issued.

The holders of the Series C Preferred Stock have a voting right equal to that of the common stock holders in any matter that the common stock holders of the Company are able to vote upon. The Series C Preferred Stock is equal to such number of votes as shall be equal to the aggregate number of shares of common stock into which such holder's shares of Series C Stock are convertible immediately after the close of business on the record date determined for any vote.

The Series C Preferred Stock is convertible into shares of the Company's restricted common stock. The Series C Preferred Stock will convert at a rate of 1 share of Series C Preferred Stock for 62,500 shares of the Company's common stock.

1

Our securities are currently not liquid. There are limited market makers in our securities and it is not anticipated that any market will develop for our securities until such time as we successfully implement our business plan of producing and marketing our Fire and Rescue boats. We presently have no liquid financial resources to offer such a candidate and must rely upon an exchange of our stock to complete such a merger or acquisition.

RESULTS OF OPERATION

Results Of Operations For The Three-Month Period Ended July 31, 2012 Compared To The Same Period Ended July 31, 2011

The Company recognized \$642,755 in revenues during the three months ended July 31, 2012 compared to \$300,662 during the three months ended July 31, 2011. This resulted in an increase of sales over the prior period of \$342,092. We sold two boats during the quarter ended July 31, 2012, one of which was aluminum, with a higher sale price compared to two during the quarter ended July 31, 2011.

During the three months ended July 31, 2012 general and administrative expenses decreased by \$371,790 or 77.89% to \$105,500 compared to \$477,290 for the quarter ended July 31, 2011. Selling and marketing expenses increased by \$15,039 to \$41,237 for the quarter ended July 31, 2012 compared to \$26,198 for the quarter ended July 31, 2011. The increase is mainly due to increase in sales commission for the quarter ended July 31, 2012 caused by the increase in sales.

During the three months ended July 31, 2012 interest expense decreased by \$36,442 or 70.06% to \$15,570 compared to \$52,012 for the period ended July 31, 2011. This decrease is due to interest expense amount of \$35,000 on account of the loss on the conversion feature of the loan agreement for the quarter ended July 31, 2011.

During the three months ended July 31, 2012, the Company recognized a net income of \$17,022 compared to a net loss of \$432,130 for the quarter ended July 31, 2011. The increase of \$449,152 was due to the write off of the cost of the 3,000,000 shares valued at \$219,600 originally issued towards the acquisition of 51% of Wintec Protective Systems, Inc., cost of administration expenses of Wintec Protective Systems, Inc., and legal expenses. In March 2012, the Company entered into a Settlement Agreement and Mutual Release, which terminated the original purchase agreements and as a result Wintec Protective Systems, Inc. is

no longer a subsidiary of the Company.

LIQUIDITY AND CAPITAL RESOURCES

At July 31, 2011, we had total current assets of \$131,209, consisting of cash of \$31,569 and \$99,640 in inventory. At July 31, 2012, the Company had current liabilities of \$2,413,305. At July 31, 2012, the Company has a working capital deficit of \$2,282,096. The Company will need to raise capital through loans or private placements in order to carry out any operational plans.

During the three months ended July 31, 2012, the Company provided \$39,016 from its operating activities. The Company used \$11,857 for purchase of equipment. The Company used \$4,410 through financing activities during the three months ended July 31, 2011.

Going Concern

The independent registered public accounting firm's report on the Company's financial statements as of April 30, 2012, and for each of the years in the two-year period then ended, includes a "going concern" explanatory paragraph, that describes substantial doubt about the Company's ability to continue as a going concern.

Short Term.

On a short-term basis, we do not generate any revenue or revenues sufficient to cover operations. Based on prior history, we will continue to have insufficient revenue to satisfy current and recurring liabilities as we continue to develop our operations. For short term needs we will be dependent on receipt, if any, of offering proceeds.

Need for Additional Financing

We do not have capital sufficient to meet our cash needs. We will have to seek loans or equity placements to cover such cash needs. No commitments to provide additional funds have been made by our management or other stockholders. Accordingly, there can be no assurance that any additional funds will be available to us to allow it to cover our expenses as they may be incurred.

ITEM 4. CONTROLS AND PROCEDURES

Disclosures Controls and Procedures

We have adopted and maintain disclosure controls and procedures (as such term is defined in Rules 13a 15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) that are designed to ensure that information required to be disclosed in our reports under the Exchange Act, is recorded, processed, summarized and reported within the time periods required under the SEC's rules and forms and that the information is gathered and communicated to our management, including our Chief Executive Officer (Principal Executive Officer) and Chief Financial Officer (Principal Financial Officer), as appropriate, to allow for timely decisions regarding required disclosure.

3

As required by SEC Rule 15d-15(b), our Chief Executive Officer carried out an evaluation under the supervision and with the participation of our management, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Exchange Act Rule 15d-14 as of the end of the period covered by this report. Based on the foregoing evaluation, our Chief Executive Officer has concluded that our disclosure controls and procedures are not effective in timely alerting them to material information required to be included in our periodic SEC filings and to ensure that information required to be disclosed in our periodic SEC filings is accumulated and communicated to our management, including our Chief Executive Officer, to allow timely decisions regarding required disclosure as a result of the deficiency in our internal control over financial reporting discussed below.

Management's assessment of the effectiveness of the small business issuer's internal control over financial reporting is as of the quarter ended July 31, 2012. We believe that internal control over financial reporting is not effective because of the small size of the business. We have not identified any, current material weaknesses considering the nature and extent of our current operations and any risks or errors in financial reporting under current operations. There was no change in our internal control over financial reporting that occurred during the fiscal quarter ended July 31, 2012, that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
