Item 1.01 - Entry into a Material Definitive Agreement

On July 17, 2009, North American Galvanizing & Coatings, Inc. (the "Company") entered into a new Credit Agreement (the "New Credit Agreement"), between the Company as borrower, Wells Fargo, N.A. as administrative agent, swing line lender and letter of credit issuer ("Wells Fargo"), the other lenders party thereto and North American Galvanizing Company, as borrower, NAGalv-Ohio, Inc., NAGalv-WV, Inc., Rogers Galvanizing Company - Kansas City, Premier Coatings, Inc. and Reinforcing Services, Inc., as guarantors.

The New Credit Agreement has a maturity date of July 17, 2012 and provides for a revolving credit facility in the aggregate principal amount of \$25 million with future increases (subject to certain conditions and requirements) up to an aggregate principal amount of \$15 million. The purpose of the new facility is to refinance the Former Credit Agreement (as defined below), issue standby letters of credit, finance acquisitions, and for other general corporate purposes. As of July 20, 2009, the Company had no borrowings under the New Credit Agreement.

The interest rate for borrowings under the revolving credit facility, LIBOR, plus a designated percentage, is set from time to time at the Company's option. The Company must also pay a commitment fee on the unused portion of the revolving credit facility at .25%.

The New Credit Agreement contains customary affirmative and negative covenants, as well as financial covenants. In addition, the New Credit Agreement requires that the Company maintain a leverage ratio of at least 3.25 to 1, an asset coverage ratio of at least 1.50 to 1 and a basic fixed charge coverage ratio of at least 1.10 to 1.

Substantially all of the Company's accounts receivable, inventories, fixed assets and the common stock of the guarantors are pledged as collateral under the New Credit Agreement. In addition, the New Credit Agreement is secured by a full and unconditional guaranty from North American Galvanizing Company, a wholly owned subsidiary of the Company.

The New Credit Agreement can be terminated, and borrowings under the revolving credit facility can be accelerated:

- for non-payment;
- for breach of certain covenants set forth in the New Credit Agreement, including the financial ratios covenant;
 - upon the occurrence of a change of control (as defined in the New Credit Agreement); or
- if the Company cannot make any payment on any indebtedness (as defined in the New Credit Agreement) in an amount greater than \$500,000.

The Company may voluntarily pre-pay the New Credit Agreement, in whole or in part, without premium or penalty.

There are no material relationships between the Company and the other parties to the New Credit Agreement, other than in respect of the New Credit Agreement.

Item 2.03 - Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

The information set forth in Item 1.01 relating to the New Credit Agreement is incorporated herein by reference.
