Item 1.01 Entry into a Material Definitive Agreement

On August 23, 2012, the registrant issued a press release announcing that its subsidiary, Black Hills Exploration and Production, Inc. (“Black Hills”), had entered into a definitive agreement to sell certain of its oil and gas leases and wells producing from the Bakken and Three Forks Shale in McKenzie County, North Dakota that are operated by Helis Oil & Gas Company, LLC to QEP Energy Company (“Purchase and Sale Agreement”) for approximately \$243 million. The sale involves Black Hills non-operated interest in approximately 28,000 net lease acres and 73 gross wells. The properties represent approximately 15 percent of Black Hills' June year-to-date 2012 oil and gas production and 13 percent of year-end 2011 proved reserves. The Company expects net cash proceeds from the transaction, after purchase price adjustments, investment banking fees and other expenses to total approximately \$230 to \$240 million. The effective date of the transaction is July 1, 2012, and closing is anticipated to occur in the third quarter. The transaction is subject to the closing of a similar transaction between Helis Oil & Gas Company, the operator of the wells, and QEP Energy Company, and other customary closing conditions. There is no assurance that all of the conditions to the consummation of the transaction will be satisfied.

The press release is attached as Exhibit 99 to this Form 8-K and is incorporated herein by reference.
