ABOUT THE INFORMATION STATEMENT

What Is The Purpose Of The Information Statement?

This Information Statement is being provided pursuant to Section 14 of the Securities Exchange Act of 1934, as amended, to notify the Stockholders, as of the close of business on October 23, 2006 (the "Record Date"), of the corporate actions expected to be taken pursuant to the written consent of certain principal stockholders. Specifically, holders of our Series B Preferred are expected to act upon certain corporate matters outlined in this Information Statement, which action is expected to take place on October 30, 2006, consisting of: (i) the approval to change the Company's name to Turnaround Partners, Inc., (ii) the approval of the migration of the Company from a Delaware corporation to a Nevada corporation and (iii) the approval to increase the authorized Common Stock of the Company from Nine Hundred Million (900,000,000) to Five Billion (5,000,000,000) shares (collectively, the "Proposals" and, each, a "Proposal").

Who Is Entitled To Notice?

Specifically, the Series B Preferred stockholders have indicated they will vote, as a class, in favor of the Proposals on October 30, 2006. Under Delaware corporate law, all the activities requiring stockholder approval may be taken by obtaining the written consent and approval of more than fifty percent (50%) of the holders of voting stock in lieu of a meeting of the stockholders. Because the Series B Preferred stockholders are entitled to cast up to 210,575,576 shares (which such shares are equal to 89.15% of the total issued and outstanding voting capital stock of the Company), no action by the minority stockholders in connection with the Proposals set forth herein is required.

Who Are The Principal Stockholders And How Many Votes Are They Entitled to Cast?

Certain principal stockholders who are the holders of one hundred percent (100%) of the Series B Preferred are entitled to cast, as a class, a number of votes equal to ninety-five percent (95%) of the 22,710,816 issued and outstanding shares of voting capital stock multiplied by ten (10) as of the date of that certain Merger, by and among the Company, Strategies Acquisition Corp. and Corporate Strategies, Inc. Therefore, as of August 31, 2005 (the "Merger Date"), the principal stockholders are entitled to cast 210,575,576 shares on all matters submitted to the Stockholders for approval, including the Proposals set forth herein, which such number entitles the principal stockholders to cast 89.15% of the total issued and outstanding voting capital stock as of the Record Date.

What Corporate Matters Will The Principal Stockholders Vote For And How Will They Vote?

The principal stockholders that hold all of the shares of Series B Preferred, or 89.15% of the total issued and outstanding voting capital stock of the Company, hold a majority of the issued and outstanding voting capital stock required to vote on each matter. They have indicated that they will vote for the following matters:

- ***For*** the approval to change the name of the Company to Turnaround Partners, Inc. (see page 14 herein);

- *For* the approval of the migration of the Company from a Delaware corporation to a Nevada corporation (see page 15 herein); and
- *For* the approval to increase the authorized Common Stock of the Company from Nine Hundred Million (900,000,000) to Five Billion (5,000,000,000) shares (see page 17 herein).

What Are The Recommendations of the Board of Directors?

The recommendations of our Board of Directors (the “Board”) are set forth below together with the description of each item in this Information Statement. In summary, the Board recommends a vote:

- *For* the approval to change the name of the Company to Turnaround Partners, Inc. (see page 14 herein);
- *For* the approval of the migration of the Company from a Delaware corporation to a Nevada corporation (see page 15 herein); and

What Vote Is Required To Approve Each Proposal?

Corporate Name Change. For the Proposal to change the name of the Company to Turnaround Partners, Inc., a vote of a majority of the voting capital stock is required for approval of the Proposal. As a result, a vote to approve this Proposal by the Series B Preferred stockholders (which vote is equal to 89.15% of the total voting capital stock of the Company), is sufficient to approve the Proposal.

Migration To Nevada. For the Proposal to migrate the Company from a Delaware corporation to a Nevada corporation, a vote of a majority of the voting capital stock is required to approve the Proposal. As a result, a vote to approve this Proposal by the Series B Preferred stockholders (which vote is equal to 89.15% of the total voting capital stock of the Company), is sufficient to approve the Proposal.

Increase of Authorized Common Stock. For the Proposal to increase the authorized Common Stock of the Company from Nine Hundred Million (900,000,000) to Five Billion (5,000,000,000) shares, a vote of a majority of the voting capital stock is required to approve the Proposal. As a result, a vote to approve this Proposal by the Series B Preferred stockholders (which vote is equal to 89.15% of the total voting capital stock of the Company), is sufficient to approve the Proposal.

Anti-Takeover Effects Of Provisions Of The Certificate Of Incorporation (As Amended), Bylaws And Delaware Law

Authorized and Unissued Stock

The authorized but unissued shares of our Common Stock and preferred stock are available for future issuance without the approval of our stockholders. These additional shares may be utilized for a variety of corporate purposes including but not limited to future public or direct offerings to raise additional capital, corporate acquisitions and employee incentive plans. The issuance of such shares may also be used to deter a potential takeover of the Company that may otherwise be beneficial to our stockholders by diluting the shares held by a potential suitor or issuing shares to a stockholder that will vote in accordance with the desires of the Board. A takeover may be beneficial to stockholders because, among other reasons, a potential suitor may offer stockholders a premium for their shares of stock compared to the then-existing market price.

PROPOSAL 1 - CHANGE THE COMPANY'S NAME TO TURNAROUND PARTNERS, INC.

Our Company's Board proposes to change our Company's name from Emerge Capital Corp. to Turnaround Partners, Inc., simultaneously with the Company's migration from a Delaware corporation to a Nevada corporation.

Purpose of Changing the Name of the Company to Corporate Strategies, Inc.

The Board believes that it is in the Company's best interest to have the Company change its name in light of the fact that the name Turnaround Partners, Inc. more accurately reflects the business and operations of the Company.

Articles of Incorporation and Articles of Conversion

In connection with the migration of the Company from a Delaware corporation to a Nevada corporation as is more fully set forth in the Section entitled "Proposal 1 - Migration From a Delaware Corporation to a Nevada Corporation" herein, the Company shall file with the Secretary of State of the State of Nevada Articles of Incorporation and Articles of Conversion, each of which shall indicate the new name of the Company to be Turnaround Partners, Inc.

Recommendation Of The Board of Directors

Our Board unanimously recommended a vote "**FOR**" the approval to change the Company's name from Emerge Capital Corp. to Turnaround Partners, Inc. upon migrating from Delaware to Nevada and upon filing Articles of Incorporation and Articles of Conversion with the Secretary of State of the State of Nevada with the new name Turnaround Partners, Inc.

No Voting Of Stockholders Required

We are not soliciting any votes with regard to the proposal to change the company name from Emerge Capital Corp. to Turnaround Partners, Inc. in connection with the migration from Delaware to Nevada. The principal stockholders that have indicated an intention to vote in favor of this Proposal hold all of the shares of Series B Preferred, or 89.15% of the total issued and outstanding shares of voting capital stock and accordingly, these principal stockholders have sufficient shares to approve the Proposal.

PROPOSAL 2 - MIGRATION FROM A DELAWARE CORPORATION TO A NEVADA CORPORATION

Purpose of Migrating the Company to the State of Nevada

The Board believes that it is in the Company's best interest to migrate from a Delaware Corporation to a Nevada corporation because Nevada law provides greater advantages to small businesses, including greater tax savings, greater protection of corporate assets, lighter reporting and disclosure obligations and greater privacy for investors, officers and directors as is more fully set forth herein below.

First, Nevada affords a corporation greater tax savings than Delaware. Notably, there is no state income tax on corporations or corporate shares, no franchise tax, no personal income tax and no inheritance tax. Furthermore, Nevada corporations are not required to file state tax returns. In contrast, Delaware imposes a corporate income tax if the corporation transacts business in Delaware and corporations must pay an annual franchise tax and a share tax for shares of stock held by Delaware residents.

Second, Nevada law provides for the protection of corporate assets by preventing creditors from dismantling companies and liquidating assets to satisfy debts. The sole remedy of a creditor for collecting debts is a type of court order that allows creditors to receive payments on debts solely from disbursements made to stockholders. In other words, until a corporation decides to make a distribution, the creditor receives nothing.

Third, Nevada's reporting and disclosure obligations are lighter than in any other state. The Nevada Secretary of State only requires minimal annual reporting, which is limited to submitting the name(s) and address(es) of the person(s) holding the position of officer or director. Furthermore, share information and stockholder identity are protected in that Nevada does not require the name(s) and address (es) of the stockholder(s) to be publicly filed.

Other notable advantages include the following:

- Nevada allows corporations to use bearer stock certificates, which allow owners or investors utilizing such bearer shares to exercise control or ownership while remaining anonymous.
- Nevada's broad indemnification statute provides greater personal asset protection by eliminating personal liability of directors and officers, acting in their capacity as officers and directors, for acts done not in good faith (absent intentional misconduct, fraud or a knowing violation of the law) regardless of whether the corporation's Articles of Incorporation contain a limitation of such liability.
 - There is no requirement in Nevada of an information sharing agreement with the Internal Revenue Service.
- Nevada does not impose restrictions on the place, time, or frequency of stockholders or directors meetings. The stockholders of a standard corporation may consist of any number of individuals of any nationality and/or any number of corporations.

Articles Of Incorporation and Articles of Conversion

The Company shall file Articles of Incorporation and Articles of Conversion (together, the "Articles") with the Secretary of State of the State of Nevada in order to effect the migration of Emerge Capital Corp., the Delaware corporation to Turnaround Partners, Inc., the Nevada corporation. After the Company files the Articles with the State of Nevada and upon confirmation from the State of Nevada on the effectiveness of the Articles, the Company shall cease being a Delaware corporation under the name Emerge Capital Corp. Turnaround Partners, Inc.'s capital structure shall be the same as the current capital structure of the Company except that, in accordance with Proposal No. 1 set forth herein, the Company will operate under the name "Turnaround Partners, Inc." and in accordance with Proposal No. 3 set forth

herein, the Company will have Five Billion (5,000,000,000) authorized shares of Common Stock. Furthermore, the principal place of business of the Company will remain at 109 North Post Oak Lane, Suite 4221, Houston, Texas 77024.

Recommendation Of The Board of Directors

Our Board unanimously recommended a vote “**FOR**” the approval to migrate the Company from a Delaware corporation to a Nevada corporation.

No Voting Of Stockholders Required

We are not soliciting any votes with regard to the proposal to migrate the Company. The principal stockholders that have indicated an intention to vote in favor of this Proposal hold all of the shares of Series B Preferred, or 89.15% of the total issued and outstanding shares of voting capital stock and accordingly, these principal stockholders have sufficient shares to approve the Proposal.

PROPOSAL 3 - INCREASING THE COMPANY'S AUTHORIZED COMMON STOCK

The Company's Board proposes to increase the number of authorized shares of Common Stock of the Company, from Nine Hundred Million (900,000,000) to Five Billion (5,000,000,000) shares simultaneously with the Company filing Articles of Incorporation and Articles of Conversion with the Secretary of State of the State of Nevada in connection with the migration of the Company from a Delaware to a Nevada corporation.

Purpose Of Increasing Number Of Authorized Shares Of Common Stock

The Company's Board believes that it is desirable to have additional authorized shares of Common Stock available for possible future financings, possible future acquisition transactions and other general corporate purposes. The Board believes that having such additional authorized shares of Common Stock available for issuance in the future should give the Company greater flexibility and may allow such shares to be issued without the expense and delay of a special stockholders' meeting. Although such issuance of additional shares with respect to future financings and acquisitions would dilute existing stockholders, management believes that such transactions would increase the value of the Company to its stockholders.

Filing Articles of Incorporation and Authorized Conversion. This Proposal provides for the authorization of Four Billion One Hundred Million (4,100,000,000) additional shares of Common Stock. As of October 23, 2006, 25,635,816 shares of Common Stock were issued and outstanding.

The Company shall file, among other things, Articles of Incorporation with the Secretary of State of the State of Nevada in order to effect its migration from a Delaware to a Nevada corporation. Article 5 of the Articles of Incorporation shall read as follows:

"Capital Stock. This Corporation is authorized to issue two (2) classes of shares designated respectively "Common Stock" and "Preferred Stock" and referred to herein as Common Stock or Common Shares and Preferred Stock or Preferred Shares, respectively. The total number of shares of Common Stock this Corporation is authorized to issue is Five Billion (5,000,000,000) and each such share shall have a par value of \$0.001, and the total number of shares of Preferred Stock this Corporation is authorized to issue is Two Million (2,000,000) and each such share shall have a par value of \$0.01. The Preferred Shares may be issued from time to time in one (1) or more series. The board of directors is authorized to fix the number of shares of any series of Preferred Shares and to determine the designation of any such series. The board of directors is also authorized to determine or alter the rights, preferences, privileges and restrictions granted to or imposed upon any wholly unissued series of Preferred Shares and, within the limits and restrictions stated in any resolution or resolutions of the board of directors originally fixing the number of shares constituting any series, to increase or decrease (but not below the number of shares of any such series then outstanding) the number of shares of any series subsequent to the issue of shares of that series."

Advantages And Disadvantages Of Increasing Authorized Shares

There are certain advantages and disadvantages of voting for an increase in the Company's authorized Common Stock. The advantages include:

- The ability to raise capital by issuing capital stock in financing transactions.
- To have shares of Common Stock available to pursue business expansion opportunities, if any.

The disadvantages include:

·Dilution to the existing stockholders, including a decrease in our net income per share in future periods. This could cause the market price of our stock to decline.

·The issuance of authorized but un-issued stock could be used to deter a potential takeover of the Company that may otherwise be beneficial to stockholders by diluting the shares held by a potential suitor or issuing shares to a stockholder that will vote in accordance with the desires of the Company's Board, at that time.

Recommendation Of The Board Of Directors

Our Board unanimously recommended a vote **"FOR"** the approval to increase the number of authorized shares of Common Stock from Nine Hundred Million (900,000,000) to Five Billion (5,000,000,000) shares.

No Voting Of Stockholders Required

We are not soliciting any votes with regard to the proposal to increase the number of authorized shares of Common Stock from Nine Hundred Million (200,000,000) to Five Billion (5,000,000,000) shares. Certain principal stockholders that have indicated an intention to vote in favor of this Proposal holds 89.15% of the total issued and outstanding shares of voting stock and accordingly, these principal stockholders have sufficient shares to approve the Proposal.
