NOTE A-ORGANIZATION AND BUSINESS OPERATIONS

Star Maritime Acquisition Corp. (the "Company") was incorporated in Delaware on May 13, 2005. The Company was formed to serve as a vehicle for the acquisition through a merger, capital stock exchange, asset acquisition, or other similar business combination ("Business Combination") with one or more businesses in the shipping industry. The company has not acquired an entity as of March 31, 2007. The Company has selected December 31 as its fiscal year end. The Company is considered to be in the development stage and is subject to the risks associated with activities of development stage companies.

On December 13, 2006, the Company created a wholly-owned subsidiary, Star Bulk Carriers Corp. ("Star Bulk") registered in the Marshall Islands. Star Bulk has not yet been funded; therefore, there is no related effect on the financial statements.

On January 12, 2007, the Company, through its newly-formed, wholly-owned subsidiary Star Bulk Carriers Corp., a Marshall Islands company ("Star Bulk"), agreed to purchase eight drybulk carriers (the "Vessels") from certain wholly-owned subsidiaries of TMT Co., Ltd., a Taiwan corporation (TMT Co., Ltd. and such wholly-owned subsidiaries, collectively, "TMT"), pursuant to separate definitive Memoranda of Agreement by and between the Star Bulk and TMT (collectively, the "MOAs"), as supplemented by a Supplemental Agreement by and among the Company, Star Bulk and TMT (the "Supplemental Agreement") and a Master Agreement by and among the Company, Star Bulk and TMT (the "Master Agreement" and collectively with the MOAs and the Supplemental Agreement, the "Acquisition Agreements") which transaction is also referred to as the "Asset Acquisition". As required under its Certificate of Incorporation, the Company will hold a special meeting of its stockholders to vote on the Asset Acquisition and a proposed merger of the Company into Star Bulk in which Star Bulk will be the surviving entity (the "Redomiciliation Merger" and together with the Asset Acquisition, the "Business Combination"). The Redomiciliation Merger shall occur at the time of approval by the Company's stockholders of the Business Combination. The aggregate purchase price for the Vessels is \$345.2 million (the "Purchase Price"), consisting of \$120.7 million payable in 12,537,645 shares of common stock, par value \$0.01, of Star Bulk (the "Stock Consideration") and \$224.5 million in cash (the "Cash Consideration").

On February 7, 2007, Star Bulk formed the following wholly-owned subsidiaries registered in the Marshall Islands. The share capital of each of the subsidiaries consists of 500 authorized and issued shares without par value. The names of these subsidiaries are Star Alpha Inc, Star Beta Inc, Star Gamma Inc, Star Epsilon Inc, Star Iota Inc, Star Theta Inc and Star Bulk Management Inc.

Star Gamma Inc., a wholly-owned subsidiary of Star Bulk, entered into a time charter agreement dated, February 23, 2007, with TMT for the C Duckling (to be renamed the Star Gamma). The charter rate for the Star Gamma will be \$28,500 per day for a term of one year. Star Iota Inc., a wholly-owned subsidiary of Star-Bulk, entered into a time charter agreement, dated February 26, 2007, with TMT for the Mommy Duckling (to be renamed the Star Iota). The charter for the Star Iota will be \$18,000 per day for a term of one year. Each charter will commence as of the date the vessel is delivered to the purchaser. Pursuant to the Supplemental Agreement, these time charters will be null and void if the Redomiciliation Merger is not consummated.

On March 14, 2007, the Company entered into an Agreement and Plan of Merger (the "Merger Agreement") with Star Bulk regarding the Redomiciliation Merger, whereby the Company will merge with and into Star Bulk, with Star Bulk as the surviving corporation.

Edgar Filing: Star Maritime Acquisition Corp. - Form 10-Q

Subject to the terms and conditions of the Merger Agreement, which has been unanimously approved by the board of directors of the Company, following the Redomiciliation Merger: (i) the separate corporate existence of the Company will cease; (ii) each share of Star Maritime common stock, par value \$0.0001 per share, will be converted into the right to receive one share of Star Bulk common stock, par value \$0.01 per share; and (iii) each outstanding warrant of the Company will be assumed by Star Bulk with the same terms and restrictions, except that each will be exercisable for common stock of Star Bulk. As provided in the Company's Certificate of Incorporation, holders of Star Maritime common stock have the right to redeem their shares for cash if such stockholder votes against the Redomiciliation Merger, elects to exercise redemption rights and the Redomiciliation Merger is approved and completed.

The Company cannot complete the Redomiciliation Merger unless (1) the holders of at least a majority of the issued and outstanding shares of Star Maritime entitled to vote at the special meeting vote in favor of the Redomiciliation Merger; (2) holders of at least a majority of the shares issued in the initial public offering and private placement vote in favor of the Redomiciliation Merger; and (3) holders of less than 6,600,000 shares of common stock, such number representing 33.0% of the 20,000,000 shares of Star Maritime common stock issued in the initial public offering and private placement, vote against the Redomiciliation Merger and exercise their redemption rights to have their shares redeemed for cash.

Messrs. Tsirigakis and Syllantavos, the Company's senior executive officers, and Messrs. Pappas and Erhardt, two of the Company's directors, have agreed to vote an aggregate of 1,132,500 shares, or 3.9% of Star Maritime's outstanding common stock, acquired by them in the private placement and any shares of Star Maritime common stock they may acquire in the future in favor of the Redomiciliation Merger and thereby waive redemption rights with respect to such shares. All of the Company's officers and directors have agreed to vote an aggregate of 9,026,924 shares, or 31.1% of Star Maritime's outstanding common stock, issued to them prior to the initial public offering and private placement in accordance with the vote of the holders of a majority of the shares issued in the initial public offering and private placement.

On March 14, 2007, the Company filed with the Securities and Exchange Commission a preliminary joint proxy statement/prospectus under cover of Schedule 14A relating to the Company's special meeting of stockholders. The Company expects to consummate the Redomiciliation Merger during the third quarter of 2007, assuming the requisite stockholder approval is obtained.

The financial statements at March 31, 2007 and for the period from inception to March 31, 2007 and for the three months ended March 31, 2007 and March 31, 2006 are unaudited. In the opinion of management, all adjustments (consisting of normal adjustments) have been made that are necessary to present fairly the financial position of the Company as of March 31, 2007, the results of its operations and cash flows for the three months ended March 31, 2007 and March 31, 2006 and for the period May 13, 2005 (inception) through March 31, 2007. Operating results for the interim period presented are not necessarily indicative of the results to be expected for a full year. The condensed balance sheet at December 31, 2006 has been derived from the audited financial statements.

The accompanying unaudited condensed financial statements should be read in conjunction with the audited financial statements for the year ended December 31, 2006. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC").

The registration statement for the Company's initial public offering (the "Public Offering") was declared effective on December 15, 2005. The Company completed a private placement (the "Private Placement") on such date and received net proceeds of \$10,532,250. The Company consummated the Public Offering on December 21, 2005 and received net proceeds of \$174,567,370. The Company's management has broad discretion with respect to the specific application of the net proceeds of the Private Placement and the Public Offering (collectively the "Offerings"), although substantially all of the net proceeds of the Offerings are intended to be generally applied toward consummating a business

combination. As used herein, a “business combination” shall mean the acquisition by the Company of a target business.

Of the proceeds of the Offerings, \$188,675,000 is being held in a trust account ("Trust Account") and invested until the earlier of (i) the consummation of the first business combination or (ii) the distribution of the Trust Account as described below. The amount in the Trust Account includes \$3,773,500 of contingent underwriting compensation and \$226,500 of contingent private placement fees (collectively, the "Discount") which will be paid to the underwriters if a business combination is consummated, but which will be forfeited in part if public stockholders elect to have their shares redeemed for cash if a business combination is consummated. The remaining proceeds may be used to pay for business, legal and accounting due diligence on prospective acquisitions and continuing general and administrative expenses.

The Company, after signing a definitive agreement for the acquisition of a target business, will submit such transaction for stockholder approval. In the event that public stockholders owning 33% or more of the outstanding stock sold in the Public Offering and Private Placement vote against the business combination and elect to have the Company redeem their shares for cash, the business combination will not be consummated. All of the Company's stockholders prior to the Public Offering, including all of the officers and directors of the Company ("Initial Stockholders"), have agreed to vote their 9,026,924 founding shares of common stock in accordance with the vote of the majority in interest of all other stockholders of the Company with respect to any business combination and to vote the shares they acquired in the Private Placement or in the aftermarket in favor of the business combination. After consummation of the Company's first business combination, all of these voting safeguards will no longer be applicable.

With respect to the first business combination which is approved and consummated, any holder of shares sold in the Public Offering, other than the Initial Stockholders and their nominees (the "Public Stockholders") who voted against the business combination may demand that the Company redeem his or her shares. The per share redemption price will equal \$10.00 per share, which amount represents \$9.80 per share plus their pro rata share of any accrued interest earned on the trust account (net of taxes payable) not previously distributed to us and \$0.20 per share plus interest thereon (net of taxes payable) of contingent underwriting compensation which the underwriters have agreed to forfeit to pay redeeming stockholders. Accordingly, Public Stockholders holding 32.99% of the aggregate number of shares sold in the Proposed Offerings may seek redemption of their shares in the event of a business combination.

The accompanying financial statements have been prepared assuming that Star Maritime Acquisition Corp. will continue as a going concern. The Company's Certificate of Incorporation provides for mandatory liquidation of the Company by December 21, 2007, without stockholder approval, in the event that the Company does not consummate a business combination within 18 months from the date of consummation of the Public Offering, or 24 months from the consummation of the Public Offering if certain extension criteria have been satisfied. The Initial Stockholders have agreed to waive their rights to participate in any liquidation distribution occurring upon its failure to consummate a business combination with respect to those shares of common stock acquired by them prior to the Public Offering and with respect to the shares included in the 1,132,500 units purchased in the private placement. In addition, the underwriters have agreed to waive their rights to the \$3,773,500 of contingent compensation and \$226,500 of placement fees deposited in the trust account for their benefit. Accordingly, in the event of liquidation, the public stockholders will receive \$10.00 per share plus interest (net of taxes payable and that portion of the earned interest previously released to the Company). The Company will pay the costs of liquidation and dissolution from remaining assets outside of the trust account. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTE B-RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

In June 2006, the FASB issued Interpretation No. 48, "Accounting for Uncertainty in Income Taxes-an Interpretation of SFAS No. 109" ("FIN 48"). FIN 48 clarifies the accounting for uncertainty in tax positions recognized in a company's financial statements in accordance with SFAS No. 109, "Accounting for Income Taxes." FIN 48 prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of the tax position taken or expected to be taken in a tax return. The Company adopted FIN 48 effective January 1, 2007. The adoption of FIN 48 did not have any impact on the accompanying financial statements since we have not identified any uncertain tax positions as defined by FIN 48.

We recognize interest and penalties related to uncertain tax positions in income tax expense. The tax years 2005 and 2006 remain open to examination by the major taxing jurisdictions to which we are subject.

Management does not believe that any other recently issued, but not yet effective, accounting standards if currently adopted would have a material effect on the accompanying financial statements.

NOTE C-COMMITMENTS

On October 4, 2006, the Company entered into an agreement with Bongard Shipbrokers S.A., or Bongard, for purposes of engaging Bongard in connection with sourcing, developing contacts and making referrals for potential target businesses and providing evaluations of such potential target businesses. In exchange for such services, the Company is obligated to pay a fee of \$800,000 within thirty days of the closing of a business combination transaction. In the event that the Company does not consummate a business combination transaction, no fees are payable to Bongard pursuant to the agreement.

On December 19, 2006, the Company entered into a Sublease and Administrative Services Agreement with Blue Diamond Realty, LLC, a Delaware limited liability company ("Blue Diamond"). Effective as of December 1, 2006, Blue Diamond agreed to sublet offices to the Company located at 103 Foulk Road, Wilmington, Delaware. and provide the Company with such office space and equipment, including a conference room, as well as administrative support necessary for the Company's business. The Agreement is effective December 1, 2006 through December 31, 2007, with an automatic renewal each year for an additional one year period, unless either party gives the other party at least 90 days written notice of its intent to terminate the Agreement. The Company shall pay Blue Diamond annual base rent and administrative services fees in the aggregate of \$4,000 payable on January 1 each year.

On December 20, 2006, the Company entered into an agreement with Cantor Fitzgerald & Co., or CF&Co., for purposes of engaging CF&Co. as financial advisor in connection with a possible business combination transaction. Pursuant to the agreement, CF & Co. was engaged to provide such services as creating financial models, advising on the structure of a possible transaction with a target business, negotiating agreements on behalf of and in conjunction with management and assisting management with the preparation of marketing and roadshow materials. In exchange for such services, the Company is obligated to pay a fee of \$1,250,000, plus expenses of up to \$60,000, within thirty days of the closing of a business combination transaction if such transaction is consummated by December 31, 2007.

On December 22, 2006, the Company entered into an agreement with Maxim Group LLC, or Maxim, for purposes of engaging Maxim as co-lead financial advisor in connection with a possible business combination transaction. Pursuant to the agreement, Maxim was engaged to provide such services as creating financial models, advising on the structure of a possible transaction with a target business and assisting in the preparation of term sheets or letters of intent. In exchange for such services, the Company is obligated to pay a fee of \$800,000 for any business combination transaction consummated during the term of the agreement (or within six months of the termination date). The agreement terminates on October 31, 2007, unless terminated earlier by either the Company or Maxim upon thirty days' written notice, or extended by mutual agreement.

The Initial Stockholders have agreed to surrender up to an aggregate of 200,000 of their shares of common stock to the Company for cancellation upon consummation of a business combination in the event public stockholders exercise their right to have the Company redeem their shares for cash. The number of shares that the Initial Stockholders will surrender will be determined by calculating the dollar amount of the Trust Account (exclusive of interest) paid to redeeming stockholders above the amount attributable to such stockholders (\$9.23 per share) and the Discount (\$.20 per share) and dividing it by \$10.00 (the value attributed to the shares for purposes of this calculation). Accordingly, for each 1,000 shares redeemed up to 3,508,772 shares, the Initial Stockholders will surrender 57 shares for cancellation.

The Company has engaged the representative of the underwriters, on a non-exclusive basis, as its agent for the solicitation of the exercise of the warrants. To the extent not inconsistent with the guidelines of the NASD and the rules and regulations of the Securities and Exchange Commission, the Company has agreed to pay the representative for bona fide services rendered a commission equal to 5% of the exercise price for each warrant exercised more than one year after the date of the prospectus if the exercise was solicited by the underwriters. In addition to soliciting, either orally or in writing, the exercise of the warrants, the representative's services may also include disseminating information, either orally or in writing, to warrant holders about the Company or the market for the Company's securities, and assisting in the processing of the exercise of the warrants. No compensation will be paid to the representative upon the exercise of the warrants if:

- the market price of the underlying shares of common stock is lower than the exercise price;
- the holder of the warrants has not confirmed in writing that the representative solicited the exercise;
 - the warrants are held in a discretionary account;
 - the warrants are exercised in an unsolicited transaction; or
- the arrangements to pay the commission are not disclosed in the prospectus provided to warrant holders at the time of exercise.

NOTE D-RELATED PARTY TRANSACTIONS

Oceanbulk Maritime, S.A., a related party, has paid for certain expenses of behalf of the Company. The Company's Director Mr. Petros Pappas is Honorary Chairman of Oceanbulk Maritime S.A. The Company's Chairman, President and Chief Executive Officer, Mr Prokopios (Akis) Tsirigakis as well as its officer Mr. Christo Anagnostou are employees of Oceanbulk Maritime S.A.. As of March 31, 2007 the Company owed approximately \$161,000 to Oceanbulk Maritime S.A., for reimbursements of vessel inspection expenses incurred by Oceanbulk Maritime S.A. on behalf of the Company as well as for certain support services including legal and office support provided by Oceanbulk Maritime S.A. to the Company. This amount is included in the Company's accrued expenses and accounts payable section in the accompanying balance sheet.

The Company has used the services of Combine Marine S.A. to conduct certain vessel inspection services of the fleet of eight dry bulk carriers that Star Bulk Carriers has agreed to acquire. ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Forward Looking Statements

This Annual Report on Form 10-K includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements are subject to known and unknown risks, uncertainties and assumptions about us that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as "may," "should," "could," "would," "expect," "plan," "anticipate," "believe," "estimate," "continue," or the negative of such terms or other similar expressions. Factors that might cause or contribute to such a discrepancy include, but are not limited to, those described above under Item 1A "Risk Factors" and in our other Securities and Exchange Commission filings. The following discussion should be read in conjunction with our Financial Statements and related Notes thereto included elsewhere in this report.

Overview

We were formed on May 13, 2005 to acquire, through a merger, capital stock exchange, asset acquisition or other similar business combination, one or more businesses in the shipping industry. Our initial business combination must be with a target business or businesses whose fair market value is at least equal to 80% of our net assets at the time of such acquisition. We intend to utilize cash derived from the proceeds of our Initial Public Offering, our capital stock, debt or a combination of cash, capital stock and debt, in effecting a business combination.

If Star Maritime does not consummate the Redomiciliation Merger or another business combination by December 21, 2007, then, pursuant to Article SIXTH of its Certificate of Incorporation, Star Maritime's officers must take all actions necessary in accordance with the Delaware General Corporation Law to dissolve and liquidate Star Maritime within 60 days of that date. There is substantial doubt that Star Maritime will continue as a going concern if the Redomiciliation Merger is not approved.

Critical Accounting Policies

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of expenses during the reporting period. Actual results could differ from those estimates.

In June 2006, the FASB issued Interpretation No. 48, "Accounting for Uncertainty in Income Taxes-an Interpretation of SFAS No. 109" ("FIN 48"). FIN 48 clarifies the accounting for uncertainty in tax positions recognized in a company's financial statements in accordance with SFAS No. 109, "Accounting for Income Taxes." FIN 48 prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of the tax position taken or expected to be taken in a tax return. The Company adopted FIN 48 effective January 1, 2007. The adoption of FIN 48 did not have any impact on the accompanying financial statements since we have not identified any uncertain tax positions as defined by FIN 48.

Management does not believe that any other recently issued, but not yet effective, accounting standards if currently adopted would have a material effect on the accompanying financial statements.

Results of Operations for the period January 1, 2007 to March 31, 2007

For the quarter ending March 31, 2007, we earned net income after taxes of \$275,098 (\$821,494 before the deduction of \$546,396 of net interest attributable to common stock subject to redemption). Since we did not have any operations, all of our income was derived from interest income, most of which was earned on funds held in the Trust Account. Our operating expenses during the period were \$847,682 and consisted primarily of expenses related to pursuing a business combination, due diligence, insurance costs and legal and accounting professional fees.

Results of Operations for the period January 1, 2006 to March 31, 2006

For the quarter ending March 31, 2006, we earned net income after taxes of \$797,617 (\$1,287,300) before the deduction of \$489,683 of net interest attributable to common stock subject to redemption). Since we did not have any operations, all of our income was derived from interest income, most of which was earned on funds held in the Trust Account. Our operating expenses during the period were \$75,831 and consisted primarily of expenses related to pursuing a business combination, professional fees and the monthly administrative fee of \$7,500 paid to Schwartz & Weiss, P.C.

Liquidity and Capital Resources

On December 15, 2005, we sold 1,132,500 units in the Private Placement to certain of our officers and directors. On December 21, 2005, we consummated our Initial Public Offering of 18,867,500 units. Each unit in the Private Placement and the Initial Public Offering consists of one share of common stock and one redeemable common stock purchase warrant. Each warrant entitles the holder to purchase from us one share of our common stock at an exercise price of \$8.00. Our common stock and warrants started trading separately as of February 27, 2006.

The net proceeds from the sale of our units, after deducting certain offering expenses of \$10,217,665 including underwriting discounts and commissions and placement fees, were \$189,807,335. Of this amount, \$188,675,000 was placed in the trust account, \$599,163 was used to repay debt and interest to Mr. Tsirigakis for a loan used to cover expenses related to the Initial Public Offering and the remaining proceeds of \$533,172, which after payment of approximately \$170,000 of additional financing fees, provided us with approximately \$363,172 which was deposited and held outside of the trust account to be used to provide for business, legal and accounting due diligence on prospective acquisitions and continuing general and administrative expenses. The net proceeds deposited into the trust account remain on deposit in the trust account earning interest. As of March 31, 2007, there was approximately \$194,571,504 held in the trust account, of which up to \$4,000,000 will be paid to the underwriters if a business combination is consummated, but which will be forfeited in part if public stockholders elect to have their shares redeemed for cash if a business combination is not consummated. We will use substantially all of the net proceeds of the Initial Public Offering to acquire a target business, and will use the proceeds held outside of the trust account and disbursements of interest income to identify and evaluate prospective acquisition candidates, select the target business, and structure, negotiate and consummate the business combination. To the extent that our capital stock is used in whole or in part as consideration to effect a business combination, the proceeds held in the trust account as well as any other net proceeds not expended will be used to finance the operations of the target business.

At the time we seek stockholder approval of our initial business combination, we will offer each public stockholder the right to have such stockholder's shares of common stock redeemed for cash if the stockholder votes against the business combination and the business combination is approved and completed. The actual per-share redemption price will be equal to the amount in the trust account (calculated as of two business days prior to the consummation of the proposed business combination), inclusive of any interest, net of taxes payable, divided by the number of shares sold in the Initial Public Offering . We may effect a business combination so long as public stockholders owning no more than 32.99% of the shares sold in the Initial Public Offering vote against the business combination and exercise their redemption rights. In accordance with the terms of the Initial Public Offering , 6,599,999 shares of common stock are subject to possible redemption. Accordingly, at March 31, 2007, \$64,679,990 of the net proceeds from the Initial Public Offering , has been classified as common stock subject to possible redemption in the Company's balance sheet.

We believe we will have sufficient available funds outside of the trust account to operate through December 21, 2007, assuming that a business combination is not consummated during that time. We do not believe we will need to raise additional funds in order to meet the expenditures required for operating our business. However, we may need to raise additional funds through a private offering of debt or equity securities, or enter into a financing arrangement if such funds are required to consummate a business combination that is presented to us. We would only consummate such a financing simultaneously with the consummation of a business combination.

Off-Balance Sheet Arrangements

Options and warrants issued in conjunction with our Initial Public Offering are equity linked derivatives and accordingly represent off balance sheet arrangements. The options and warrants meet the scope exception in paragraph 11(a) of FAS 133 and are accordingly not accounted for as derivatives for purposes of FAS 133, but instead are accounted for as equity. See Footnote 2 to the financial statements for more information.

Contractual Obligations

We do not have any long term debt, capital lease obligations, operating lease obligations, purchase obligations or other long term liabilities.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk is the sensitivity of income to changes in interest rates, foreign exchanges, commodity prices, equity prices, and other market-driven rates or prices. We are not presently engaged in and, if a suitable business target is not identified by us prior to the prescribed liquidation date of the Trust Account, we may not engage in, any substantive commercial business. Accordingly, we are not and, until such time as we consummate a business combination, we will not be, exposed to risks associated with foreign exchange rates, commodity prices, equity prices or other market-driven rates or prices. The net proceeds of our initial public offering held in the Trust Account have been invested only in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act of 1940. Given our limited risk in our exposure to money market funds, we do not view the interest rate risk to be significant.

ITEM 4. CONTROLS AND PROCEDURES

An evaluation of the effectiveness of our disclosure controls and procedures as of March 31, 2007 was made under the supervision and with the participation of our management, including our chief executive officer and chief financial officer. Based on that evaluation, they concluded that our disclosure controls and procedures are effective as of the end of the period covered by this report to ensure that information required to be disclosed by us in reports that we file or submit under the Securities Exchange Act of 1934 is accumulated and communicated to our management (including such officers) as appropriate to allow timely decisions regarding required disclosure and recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms.

During the period covered by this Quarterly Report on Form 10-Q, there has been no significant change in our internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

None.

ITEM 1A. RISK FACTORS

There have been no material changes to the risk factors discussed in Part I, "Item 1A. Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2006. The risks described in our Annual Report on Form 10-K, are not the only risks facing our Company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

On December 21, 2005, we consummated our initial public offering of 18,867,500 units. Each unit consists of one share of common stock and one warrant. Each warrant entitles the holder to purchase from us one share of our common stock at an exercise price of \$8.00. The units were sold at an offering price of \$10.00 per unit, generating

total gross proceeds of \$188,675,000. The securities sold in the offering were registered under the Securities Act of 1933 on a registration statement on Form S-1 (No. 333-125662). The Securities and Exchange Commission declared the registration statement effective on December 15, 2005. The net proceeds from the sale of our common stock will be used to acquire, through a merger, capital stock exchange, asset acquisition or similar business combination, one or more “target businesses” in the shipping industry. A “target business” includes one or more entities with agreements to acquire vessels or an operating business in the shipping industry.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS
