**Item 3.03 Material Modification to Rights of Security Holders**

On December 20, 2013, Five Oaks Investment Corp. (the “Company”) filed Articles Supplementary (the “Articles Supplementary”) with the Maryland State Department of Assessments and Taxation to designate 920,000 shares of the Company’s authorized but unissued preferred stock, \$0.01 par value per share, as shares of 8.75% Series A Cumulative Redeemable Preferred Stock, liquidation preference \$25.00 per share (“Series A Preferred Stock”), with the powers, designations, preferences and other rights as set forth therein. The Articles Supplementary became effective upon filing on December 20, 2013.

The Articles Supplementary provide that the Company will pay, when and if authorized by the Board of Directors of the Company, cumulative cash dividends accruing: (1) from, and including, the date of original issuance, but not including, December 27, 2018, at an initial rate of 8.75% per annum, based on the \$25.00 liquidation preference (equivalent to \$2.1875 per annum per share during that period); and (2) from, and including, December 27, 2018 and thereafter, at an annual rate equal to the sum of (a) Three-Month LIBOR (as defined in the Articles Supplementary) as calculated on each applicable date of determination and (b) 7.151%, based on the \$25.00 per share liquidation preference per annum; provided that such rate shall not be less than the initial rate in clause (1) at any determination date. Dividends will accrue and be cumulative from and including December 23, 2013, the date of the original issuance.

Dividends will be declared quarterly and payable monthly on the 27<sup>th</sup> day of each month to the holders of record at the close of business on the 15<sup>th</sup> day of each month. If any dividend payment date is not a business day, then the dividend payment date will be the next succeeding business day. Dividends will accrue and be cumulative from and including, the date of original issuance. Holders of Series A Preferred Stock will only be entitled to dividend payments for each monthly dividend period during which they are the holder of record as of the applicable dividend record date. The Company will pay the first dividend on January 15, 2014 in the amount of \$0.2066 per share to the persons who are the holders of record of the Series A Preferred Stock at the close of business on the corresponding record date.

If the Company does not pay dividends in full on the Series A Preferred Stock on any six dividend payment dates (whether consecutive or not), then the per annum dividend rate will increase by an additional 2.00% per \$25.00 stated liquidation preference, or \$0.50 per annum, per share of Series A Preferred Stock on and after the day following such sixth monthly dividend payment date. The dividend rate will reset to the original dividend rate set at issuance before any such increases had occurred once the Company has paid all accrued and unpaid dividends on the shares (including the additional rate) and the Company has paid all dividends due on the shares for the six most recently ended monthly dividend payment dates (including the additional rate).

Edgar Filing: Five Oaks Investment Corp. - Form 8-K

The Series A Preferred Stock is not redeemable by the Company prior to December 23, 2018, except under circumstances intended to preserve the Company's qualification as a real estate investment trust ("REIT") and except upon the occurrence of a Change of Control (as defined in the Articles Supplementary). On and after December 23, 2018, the Company may, at its option, redeem the Series A Preferred Stock in whole or in part at any time or from time to time, for cash at a redemption price equal to \$25.00 per share, plus any accumulated and unpaid dividends to, but not including the date fixed for redemption.

In addition, upon the occurrence of a Change of Control, the Company may, at its option, redeem the Series A Preferred Stock, in whole or in part, within 120 days after the first date on which such Change of Control occurred, for cash at a redemption price of \$25.00 per share, plus any accumulated and unpaid dividends to, but not including, the date fixed for redemption.

The Series A Preferred Stock has no stated maturity and is not subject to any sinking fund or mandatory redemption. Shares of the Series A Preferred Stock will remain outstanding indefinitely unless the Company decides, at its option, to exercise its redemption right or, under circumstances where the holders of the Series A Preferred Stock have a conversion right, such holders decide to convert the Series A Preferred Stock.

Upon the occurrence of a Change of Control, each holder of Series A Preferred Stock will have the right (unless the Company has exercised its right to redeem the Series A Preferred Stock in whole or in part, as described above, prior to the Change of Control Conversion Date (as defined in the Articles Supplementary)) to convert some or all of the Series A Preferred Stock held by such holder on the Change of Control Conversion Date into a number of shares of the Company's common stock per share of Series A Preferred Stock determined by a formula, in each case, on the terms and subject to the conditions described in the Articles Supplementary, including provisions for the receipt, under specified circumstances, of alternative consideration.

There are restrictions on ownership of the Series A Preferred Stock intended to preserve the Company's qualification as a REIT. Except under limited circumstances, holders of the Series A Preferred Stock generally have no voting rights.

The Company may not issue any shares of authorized preferred stock, including additional shares of Series A Preferred Stock, which would rank pari passu with or senior to the Series A Preferred Stock with respect to rights to the payment of dividends or the distribution of assets upon the Company's liquidation, if on a pro forma basis at the time of issuance the aggregate liquidation preference of the outstanding shares of Series A Preferred Stock (including any accrued but unpaid dividends) when added to the aggregate liquidation preference of the outstanding shares of all such preferred stock that ranks pari passu with or senior to the Series A Preferred Stock with respect to rights to the payment of dividends or the distribution of assets upon liquidation and the aggregate liquidation preference of the shares of preferred stock to be issued would exceed 25.0% of the Company's total stockholders' equity as determined in accordance with GAAP, and after giving pro forma effect to the proposed issuance of preferred stock, as of the end of the most recent fiscal quarter for which financial statements are available.
