VOTING PROCEDURES

Your vote is very important. Your shares can be voted at the Annual Meeting only if you are present or represented by proxy. Whether or not you plan to attend the Annual Meeting, you are encouraged to vote by proxy to ensure that your shares will be represented. You may revoke this proxy at any time before it is voted by written notice to the Secretary of the Company, by submission of a proxy bearing a later date or by casting a ballot at the Annual Meeting. Properly executed proxies that are received before the Annual Meeting's adjournment will be voted in accordance with the directions provided. If no directions are given on a properly executed and delivered proxy, your shares will be voted by one of the individuals named on your proxy card in accordance with his judgment.

Who can vote? Stockholders as of the close of business on March 6, 2006 are entitled to vote. On that day, 12,503,512 shares of our Common Stock were outstanding and eligible to vote. Each share is entitled to one vote on each matter presented at the Annual Meeting. A list of stockholders eligible to vote will be available at the offices of Constar International Inc., One Crown Way, Philadelphia, Pennsylvania beginning April 24, 2006. Stockholders may examine this list during normal business hours for any purpose relating to the Annual Meeting.

What shares are included in the proxy card? The proxy card represents all the shares of Common Stock registered to you in a particular account. You may receive more than one proxy card if you hold shares which are either registered differently or in more than one account.

How are votes counted? The Annual Meeting will be held if a quorum, consisting of a majority of the outstanding shares of Common Stock entitled to vote, is represented in person or by proxy. Broker non-votes and abstentions will be counted for purposes of determining whether a quorum has been reached. When nominees, such as banks and brokers, holding shares on behalf of beneficial owners do not receive voting instructions from the beneficial owners by the tenth day before the Annual Meeting, the nominees may vote those shares only on matters deemed routine by Nasdaq, such as the election of directors. On non-routine matters, nominees cannot vote and there is a so-called broker non-vote on that matter. Directors are elected by a plurality of the votes present or represented by proxy at the meeting and entitled to vote on the election of directors. Because directors are elected by a plurality of the votes cast, abstentions and broker non-votes will not affect their election.

Who will count the vote? Our Transfer Agent and Registrar, Computershare Trust Company N.A., will tally and certify the vote as our Inspector of Elections.

Who is soliciting this proxy? This solicitation is made on behalf of us and our Board of Directors. We will pay the cost of preparing, assembling and mailing the notice of Annual Meeting, proxy statement and proxy card. Proxies may be solicited by our directors, officers and regular employees, without additional compensation, in person or by telephone or other electronic means. We will reimburse brokerage houses and other nominees for their expenses in forwarding proxy materials to beneficial owners of our Common Stock. In addition, we have retained Mackenzie Partners & Co. to assist us in the solicitation of proxies for a fee of \$3,500 plus certain expenses.

What if I can't attend the meeting? If you do not attend the meeting in person you must vote your shares by proxy if you intend to vote.

Table of Contents**ELECTION OF DIRECTORS****ITEM 1 ON PROXY CARD**

Our Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws provide that our business shall be managed by a Board of Directors, with the number of directors to be from six to thirteen as provided by the Board of Directors from time to time. The size of the Board of Directors is currently set at seven. The Amended and Restated Certificate of Incorporation divides our Board of Directors into three classes: Class I, Class II and Class III. The directors in each class serve terms of three years and until their respective successors have been elected and have qualified.

The term of office of one class of directors expires each year in rotation so that one class is elected at each annual meeting of stockholders for a three-year term. The term of our Class I directors, Michael J. Hoffman and A. Alexander Taylor, will expire at our 2006 Annual Meeting. The term of our Class II directors, James A. Lewis, John P. Neafsey and Angus F. Smith, will expire at our 2007 Annual Meeting. The term of our Class III directors, William G. Little and Frank J. Mechura, will expire at our 2008 Annual Meeting.

At the Annual Meeting, two Class I directors are to be elected. Each of the nominees is currently a director of the Company. Each of the nominees has consented to being named as a nominee for director of the Company and has agreed to serve if elected. If any nominee becomes unavailable to serve at the time of the Annual Meeting, the shares represented by proxy will be voted for any substitute nominee designated by the Board of Directors. Director elections are determined by a plurality of the votes cast at the Annual Meeting in person or by proxy.

Set forth below is information regarding each nominee for Class I director and each of our continuing Class II and Class III directors. **The Board of Directors recommends a vote FOR each of the listed nominees.**

Audit Committee maintains the sole responsibility to appoint, determine funding for, and oversee the independence and performance of our internal and external auditors and has the authority to engage independent counsel and other advisors to assist in such responsibility. In addition, the Audit Committee assists the Board of Directors in monitoring the integrity of our financial statements and compliance with laws and regulations related to our financial statements and has the responsibility to establish procedures for the receipt and treatment of complaints regarding our financial statements, internal accounting controls or other related auditing matters. Each grant vests in equal installments over three years, subject to the director's continued service on our Board of Directors. Upon an earlier change in control, all then unvested shares become immediately fully vested.

Mr. Neafsey purchases \$7,500 of stock each quarter, and our other directors purchase \$4,725 of stock each quarter. The current 10b5-1 trading plans expire at the end of 2006.

We do not pay fees or make stock grants to employee directors for their service as directors; however, all directors are reimbursed for travel expenses incurred in connection with Board of Directors and committee meetings.

Submission of Director Nominations. The Nominating and Corporate Governance Committee will consider stockholders' suggestions for nominees for election to our Board of Directors in 2007. Any such suggestion must be made in writing, must include biographical data and a description of such nominee's qualifications, and must be accompanied by the written consent of such nominee. Any such suggestion for

Edgar Filing: CONSTAR INTERNATIONAL INC - Form DEF 14A

nominees must be mailed to the Nominating and Corporate Governance Committee, c/o The Secretary, Constar International Inc., One Crown Way, Philadelphia, Pennsylvania 19154-4599. For such suggested nominee to be eligible to be considered for inclusion in the proxy statement for the 2007 Annual Meeting of Stockholders in compliance with the Company's Amended and Restated Bylaws, the suggestion must be received between October 30, 2006 and November 29, 2006. Nominees for election to the Board of Directors should at a minimum satisfy the following criteria:

Possess the integrity and judgment essential to effective decision making.

Have the ability and willingness to commit necessary time and energy to prepare for, attend and participate in meetings of the Board and one or more of its standing committees and not have other directorships, trusteeships or outside involvements that

Table of Contents

would materially interfere with responsibilities as a director of Constar.

Have the willingness and availability to serve at least one three-year term.

Have the willingness and ability to represent the interests of all stockholders of the Company rather than any special interest or constituency while keeping in perspective the interests of the Company's employees, customers, local communities and the public in general.

Have background and experience that complement or supplement the background and experience of other Board members.

Be free from interests that are or would present the appearance of being adverse to, or in conflict with, the interests of the Company.

Have a proven record of competence and accomplishment through demonstrated leadership in business, education, government service or finance, including director, chief executive or senior management experience; academic experience; manufacturing experience; financial and accounting experience; or other relevant experiences that will provide the Board with perspectives that will enhance Board effectiveness, including perspectives that may result from diversity in ethnicity, race, gender, national origin or nationality.

These criteria have been established by the Nominating and Corporate Governance Committee as criteria that any director nominee, whether suggested by a stockholder or otherwise, should satisfy. A nominee for election to the Board of Directors that is suggested by a stockholder will be evaluated by the Nominating and Corporate Governance Committee in the same manner that any other nominee for election to the Board (other than directors standing for re-election) is evaluated. The evaluation process will include a comprehensive background and reference check, a series of personal interviews by, at a minimum, the Chairman of the Board and the Chairman of the Nominating and Corporate Governance Committee, and a thorough review by the full committee of the nominee's qualifications and other relevant characteristics, taking into consideration the criteria set forth above. Finally, if the committee determines that a candidate should be nominated for election to the Board of Directors, the committee will present its findings and recommendation to the full Board of Directors for approval.

Corporate Governance Practices. We regularly monitor developments in the area of corporate governance and review our processes and procedures in light of such developments. In those efforts, we review any new federal laws affecting corporate governance, as well as rules adopted by the SEC and Nasdaq. We have implemented corporate governance practices that we believe are in the best interest of our company and our stockholders.

Codes of Conduct. We have adopted Corporate Governance Guidelines for our company. These guidelines address such matters as director qualifications, directors' access to management and advisors, conflicts of interest and performance evaluations. We have also adopted a Code of Ethics that applies to all our employees and includes special provisions applicable to our principal executive officer, principal financial officer, and controller. Our Corporate Governance Guidelines and Code of Ethics are available on the Investors' section of our web site at www.constar.net.

Disclosure Committee. We have established a Disclosure Committee, comprised of senior executives who are actively involved in the disclosure process, to specify, coordinate and oversee the review procedures that we use to prepare our periodic SEC reports.

Edgar Filing: CONSTAR INTERNATIONAL INC - Form DEF 14A

Ethics Hotline. We have established a confidential hotline by which employees can communicate concerns regarding unethical or illegal conduct at our company. The Audit Committee has established procedures to receive, retain and treat these concerns.

Insider Trading. In addition to the insider trading prohibitions of our Code of Ethics, we maintain an additional insider trading policy that applies to our directors, executive officers and certain

Table of Contents

other personnel. Our insider trading policy prohibits these individuals from trading in our securities at certain times when we would normally expect the Company to have material non-public information regarding its quarterly and annual earnings results. In addition, these individuals are prohibited from trading without obtaining the prior approval of a compliance officer.

Executive Sessions of the Independent Directors. Our independent directors meet periodically in executive session without members of management.

Director Independence. The Board has considered transactions and relationships between each director, on one hand, and the Company or its affiliates, on the other. The purpose of this review was to determine whether any such transactions or relationships were inconsistent with a determination that the director is independent under the listing standards of the National Association of Securities Dealers and applicable SEC regulations. As a result of this review, the Board determined that Messrs. Lewis, Little, Neafsey, Smith and Taylor are independent. Mr. Mechura is considered to be not independent because he is an executive officer of Crown Holdings, Inc., one of the Company's significant stockholders. Mr. Hoffman is considered to be not independent because he is an executive officer of the Company.

AUDIT COMMITTEE

REPORT OF THE AUDIT COMMITTEE

OF THE BOARD OF DIRECTORS

The Audit Committee appoints the independent registered public accounting firm to be retained to audit the Company's financial statements, and once retained, the independent registered public accounting firm reports directly to the Audit Committee. The Audit Committee consults with and reviews recommendations made by the independent registered public accounting firm with respect to financial statements, financial records and internal controls of the Company and makes recommendations to the Board of Directors as it deems appropriate from time to time. The Audit Committee is responsible for approving both audit and non-audit services to be provided by the independent registered public accounting firm. The Board of Directors has adopted a written charter setting forth the functions of the Audit Committee.

The Audit Committee assists the Board of Directors in monitoring the integrity of the Company's financial statements. Management is responsible for the Company's financial reporting process, including the Company's system of internal controls, and the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. The Company's independent registered public accounting firm is responsible for auditing those financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States of America. The Audit Committee's responsibility includes monitoring and reviewing these processes. It is not the Audit Committee's duty or responsibility to conduct auditing or accounting reviews.

The Audit Committee met with management to consider the adequacy of the Company's internal controls, and discussed these matters and the overall scope and plans for the audit of the Company with the Company's independent registered public accounting firm, PricewaterhouseCoopers LLP. The Audit Committee also discussed with senior management and PricewaterhouseCoopers LLP the Company's disclosure controls and procedures and the certifications by the Company's Chief Executive Officer and Chief Financial Officer, which are required by the Securities and Exchange Commission under the Sarbanes-Oxley Act of 2002 for certain of the Company's filings with the Securities and Exchange Commission.

The Audit Committee reviewed and discussed the audited financial statements for 2005 with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee met with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, significant matters regarding the Company's internal controls over financial reporting, and the overall quality of the Company's financial reporting. In addition, the Audit Committee reviewed with the independent registered public accounting firm their judgments as to the quality, not just the acceptability, of the Company's accounting principles. The Audit Committee discussed with the Company's independent registered public accounting firm the matters required to be discussed by audit standards established by the PCAOB (United States).

The Audit Committee received the written disclosures and the letter from the Company's independent registered public accounting firm required by Independence Standards Board Standard No. 1. In addition, the Audit Committee discussed with the independent registered public accounting firm the issue of auditor independence, including the compatibility of non-audit services with the auditors' independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the SEC.

PricewaterhouseCoopers LLP billed the Company \$1,610,000, in the aggregate, for professional fees for the audit of the Company's financial statements and internal controls for the year ended December 31, 2005

Table of Contents

(including the delivery of reports required by Section 404 of the Sarbanes-Oxley Act) and the review of our quarterly financial statements filed on Form 10-Q in 2005. In addition, in 2005 PricewaterhouseCoopers LLP billed the Company \$14,975 for professional fees relating to tax compliance, tax advice and tax planning services. PricewaterhouseCoopers LLP did not bill the Company for any professional services related to financial information systems design and implementation as described in Paragraph (c)(4)(ii) of Rule 2-01 of Regulation S-X. - (1) Base salaries for the named executive officers in 2006 are currently \$438,500 for Mr. Hoffman, \$233,400 for Mr. Bolton, £113,423 for Mr. Gregory, \$181,500 for Mr. Hatfield and \$250,370 for Mr. Waksman.
- (2) Bonuses are shown for the year in which earned. Bonuses were awarded in 2005 in respect of 2004 performance under the Annual Incentive and Management Stock Purchase Plan. Mr. Gregory's 2004 bonus was awarded in British pounds but was converted to U.S. dollars for purposes of this presentation using the closing exchange rate on February 17, 2005, the date on which the bonus was approved by the Compensation Committee. As described below, bonuses under the Annual Incentive and Management Stock Purchase Plan are paid 50% upon award, with the remaining 50% deferred for one year at 5% interest, compounded daily. The deferred portion is matched with a number of restricted stock units (the Restricted Stock Units) equal to the amount of the deferred portion divided by the fair market value of Constar Common Stock on the date such bonus is allocated to the executive's account. Bonuses in respect of 2004 performance were determined on February 17, 2005, on which date the closing price of Constar Common Stock was \$6.80. Accordingly, the named executive officers were awarded Restricted Stock Units as follows: Mr. Hoffman, 16,324; Mr. Rymer, 6,454; Mr. Bolton, 6,029; Mr. Gregory, 5,187; Mr. Hatfield, 3,529; and Mr. Waksman, 5,790. Provided the named executive officer remains employed by us, these Restricted Stock Units will vest in full on February 17, 2008 and will be payable in Common Stock or cash in the discretion of the Compensation Committee. Mr. Rymer's units were forfeited upon the cessation of his employment with the Company in December 2005. In addition to these bonuses under the Annual Incentive and Management Stock Purchase Plan, in 2004 Mr. Hoffman and Mr. Waksman were awarded

Table of Contents

- separate bonuses in respect of 2004 performance in the amounts of \$20,000 and \$10,000, respectively. These separate bonuses had no deferred component and were not matched with Restricted Stock Units. Except for these separate bonuses, all amounts shown as bonuses in 2004 were awarded under the Annual Incentive and Management Stock Purchase Plan.
- (3) The amount of perquisite and other personal benefits for the named executive officers did not exceed the lesser of \$50,000 or 10% of the total of annual salary plus bonus, except in the case of Mr. Gregory for 2003. The amount shown for Mr. Gregory in 2003 reflects automobile related benefits.
- (4) The values listed for grants made in 2003 and 2004 are based on the closing price of our Common Stock on the applicable grant date. Grants made in 2003 (120,000 shares to Mr. Hoffman, 5,000 shares to Mr. Rymer, 50,000 shares to Mr. Bolton, 30,000 shares to Mr. Gregory, 15,000 shares to Mr. Hatfield and 10,000 shares to Mr. Waksman) vest 20% on each anniversary of the grant date (December 16, 2003 for Mr. Rymer and August 5, 2003 with respect to the other named executive officers), provided that no more than 25% of the shares will vest until Constar stock achieves a \$7.00 price target and no more than 55% of the shares will vest until Constar stock achieves a \$12.00 price target. In addition, each grant may vest more rapidly than at the rate of 20% per year if the Company's stock reaches certain price targets. If Constar stock achieves price targets of \$7.00, \$12.00, and \$15.00, then 25%, 55%, and 100% of the shares, respectively, would immediately vest. The \$7.00 price target was achieved in 2004. Seven years after the grant date or upon an earlier change of control of the Company, any unvested shares will vest. The 2004 information shown includes the restricted stock units described in footnote (2) above, as well as separate grants of restricted stock. These separate grants (33,000 shares to Mr. Hoffman, 55,000 shares to Mr. Rymer, 18,000 shares to Mr. Bolton, 15,000 shares to Mr. Gregory, 15,000 shares to Mr. Hatfield and 7,500 shares to Mr. Waksman) vest 20% on each anniversary of the grant date (August 5, 2004, except that the grant date for Mr. Hatfield was April 28, 2004, and except for a grant of 50,000 shares to Mr. Rymer made on August 20, 2004), provided that no more than 25% of the shares will vest until Constar stock achieves a \$6.00 price target and no more than 55% of the shares will vest until Constar stock achieves a \$9.00 price target. In addition, each grant may vest more rapidly than at the rate of 20% per year if the Company's stock reaches certain price targets. If Constar stock achieves price targets of \$6.00, \$9.00, and \$12.00, then 25%, 55%, and 100% of the shares, respectively, would immediately vest. The \$6.00 price target was achieved in 2004. Seven years after the grant date or upon an earlier change of control of the Company, any unvested shares will vest. As of December 31, 2005, Messrs. Hoffman, Rymer, Bolton, Gregory, Hatfield and Waksman respectively held 157,600 shares of restricted stock (including for these purposes 60,850 shares that have vested), 10,187 shares of restricted stock (all vested, Mr. Rymer having forfeited his unvested shares upon the cessation of his employment with the Company), 65,925 shares of restricted stock (including for these purposes 22,425 shares that have vested), 40,027 shares of restricted stock (including for these purposes 10,777 shares that have vested), 27,374 shares of restricted stock (including for these purposes 7,124 shares that have vested) and 16,144 shares of restricted stock (including for these purposes 4,519 shares that have vested). Based on the closing price of our Common Stock on December 30, 2005, these holdings and the restricted stock units described in footnote (2) above were respectively worth \$608,734, \$35,655, \$251,840, \$158,250, \$108,161 and \$76,769 on such date. Any dividends declared on shares of Common Stock will also be declared on the shares of restricted stock.

Employment Agreements and Change in Control Agreements

We have entered into employment agreements with Messrs. Hoffman, Sobon, Bolton and Waksman. Mr. Sobon's agreement expires on December 12, 2008, and each other agreement has a rolling three-year term. The respective agreements currently provide for a minimum annual base salary of \$438,500 for Mr. Hoffman, \$300,000 for Mr. Sobon, \$233,400 for Mr. Bolton and \$250,370 for Mr. Waksman, subject in each case to annual increases at the discretion of the board of directors, and for annual performance bonuses. Each agreement also provides for the executive to receive our standard retirement and welfare benefits.

Under each agreement, either we or the executive may terminate the agreement with or without cause. If we terminate without cause or the executive terminates for good reason, each agreement requires us to pay the executive monthly severance (equal to base salary and a prorated portion of annual target bonus) for a period of 24 months together with the continuation of medical benefits during the period that severance is provided. If the termination follows a change in control, the severance is paid in a lump sum and increases to three times base salary plus target bonus. All outstanding equity based or performance based awards would also become immediately vested or exercisable. Additionally, if the executive becomes subject to the golden parachute excise tax imposed under Section 4999 of the Internal Revenue Code, such executive will receive a payment in an amount sufficient to offset the effects of such excise tax. Each executive is subject to a non-competition covenant following termination of his employment for the greater of one year after his termination, or for the period during which severance is paid (if the executive terminates after a change in control, the severance period is deemed to be three years), unless the termination occurs due to our refusal to renew the executive's contract without cause.

For purposes of the agreements, cause is defined as gross misconduct or negligence, theft of company assets, material failure to follow lawful instructions, breach of restrictive covenants or conviction of a felony. Good reason is defined as a change in the executive's authority, duties, responsibilities, reporting obligations or principal employment location by more than 30 miles, a reduction in base salary, a reduction in the aggregate benefits payable to the executive, a failure by us to pay compensation or benefits to the executive when due or a failure or refusal by our successor to assume the executive's employment agreement.

We have also entered into change in control arrangements with Mr. Gregory and Mr. Hatfield. These arrangements provide that in the event the executive is terminated without cause or terminates for good reason within two years following a change in control, or prior to a change in control with the executive reasonably demonstrating that the termination without cause or for good reason was in connection with the change in control, the executive is entitled to a lump sum payment equal to one times the executive's then current base salary and target annual bonus (two times in the case of Mr. Gregory). The executive is also entitled to a continuation of medical benefits for a 12-month period, immediate payment of all of the executive's deferred compensation, and immediate cash-out, vesting or exercisability of all outstanding equity based or performance based awards. Additionally, under the change in control arrangements, if the executive becomes subject to the golden parachute excise tax imposed under Section 4999 of the Internal Revenue Code, payments provided to such executive under the change in control arrangement will be reduced so that such executive would not be subject to an excise tax. Each executive is subject to a six-month non-competition covenant following termination of his employment. For purposes of these change in control arrangements, the terms cause and good reason have meanings similar to those provided in the preceding paragraph with good reason also including our failure to obtain assumption of the executive's change in control arrangement.

Pension Plans

The Constar Pension Plan is a defined benefit pension plan covering the majority of U.S. salaried and hourly employees who are at least 21 years of age and who have completed at least one year of service. Vesting will occur after an employee has completed five years of service or upon attainment of age 65 while actively employed. For purposes of eligibility, including eligibility for early retirement, vesting and benefit accrual, the Constar Pension Plan recognizes all service recognized on behalf of our employees for pension purposes by Crown prior to our initial public offering in November 2002.

With respect to our executive officers, the Constar Pension Plan provides normal retirement benefits at age 65 determined generally as 1.25% of the participant's final five year average base rate of pay multiplied by the participant's years of service. However, other participants in the Constar Pension Plan receive benefits under different formulas. An executive officer who has reached age 55 and completed at least 15 years of service may elect to retire early with reduced benefits. The normal form of benefit under the Constar Pension Plan for an unmarried participant is a single life annuity and for a married participant is a joint and 50% survivor annuity. Other optional forms of benefit, which provide for actuarially reduced pensions, are also available. Under federal law for 2005, benefits from the Constar Pension Plan are limited to \$170,000 per year and may be based only on the first \$210,000 of a participant's annual compensation.

We also maintain the Constar Supplemental Executive Retirement Plan (the "SERP"), a non-qualified supplemental pension plan. Employees who have been designated in writing by us and whose benefit under the Constar Pension Plan is restricted by federal limits on annual benefits or compensation receive a benefit under the SERP. Messrs. Hoffman, Bolton and Waksman qualified for a benefit under the SERP in 2005. The SERP provides benefits on the same basis as the Constar Pension Plan; however, the executives accrue benefits without regard to the federal limits on annual benefits and compensation imposed on tax qualified retirement plans. SERP participants vest in their benefits upon completing five years of service, attainment of age 65 while actively employed, or upon a change in control of us. A SERP participant who is terminated for cause will forfeit his or her SERP benefits, regardless of years of service. Cause generally means gross misconduct or negligence resulting in material harm to us; embezzlement of our assets; a felony conviction; a breach of an employment agreement; or a willful and material failure to follow the lawful directions of our Board of Directors.

Benefits under the SERP are paid in the same form as the participant's benefit from the Constar Pension Plan. However, upon a change in control, SERP benefits will become payable immediately in a lump sum. Currently, benefits under the SERP are unfunded.

Pursuant to an agreement with Crown entered into in connection with our November 2002 initial public offering, benefits earned under the Constar Pension Plan and SERP will be offset by any benefits the employee earned under the defined benefit pension plans sponsored by Crown (the "Crown Pension Plans"). Crown is responsible for the portion of the pension benefits that accrued while our employees were participants in the Crown Pension Plans prior to our initial public offering.

For illustration purposes, the following table shows the combined estimated maximum annual retirement benefits payable under the Constar Pension Plan, the SERP and the Crown Pension Plans to our executive officers who retire at age 65, assuming the executive officers receive their benefit as a single life annuity, without survivor benefits. The benefits listed in the table below are not subject to any deduction for Social Security or other offset amounts (other than as described above). The estimated credited years of service under the Constar Pension Plan and the SERP (including service credited under the Crown Pension Plans) for the above-named executive officers are as follows: Mr. Hoffman, 19 years; Mr. Sobon, zero years; Mr. Bolton, 27 years; Mr. Hatfield, 14.5 years; and Mr. Waksman, 1.5 years.

As of December 31, 2005, the Constar Pension Plan and the SERP were underfunded on a GAAP basis by approximately \$20.8 million and \$0.4 million, respectively. In the event the Constar Pension Plan were terminated as of December 31, 2005, which we do not expect, it would be underfunded on a termination basis by approximately \$29.0 million.

We maintain separate stand-alone pension plans for the benefit of our employees in the United Kingdom and Holland. As of December 31, 2005, we had an underfunded pension liability for these pension plans of approximately \$5.1 million. Mr. Gregory has opted not to participate in the U.K. pension plan, but instead receives payments to a private pension plan. Such payments are reflected in the Summary Compensation Table above.

401(k) Retirement Savings Plan

In connection with our initial public offering in November 2002, we adopted the Constar 401(k) Retirement Savings Plan (the 401(k) Plan). The 401(k) Plan permits eligible full-time and part-time employees, including our executive officers, to defer a portion of their pre-tax compensation and to contribute a percentage of their after-tax compensation to the 401(k) Plan. We provide a matching contribution of 50% of the first 3% or 6% (depending on the participant's work location) of each participant's pre-tax deferred compensation. Our Common Stock is available as an investment option under the 401(k) Plan.

Participants in the 401(k) plan are fully vested in their employee contributions (pre-tax and after-tax) as well as any eligible rollover contributions from other qualified plans. Participants vest in their matching contributions at a rate of 25% per year of service over four years and become 100% vested in their matching contributions upon reaching age 65, death, or sustaining a total and permanent disability.

In general, the 401(k) Plan does not permit distribution of a participant's account until the date of the participant's (1) severance from employment with us, (2) total and permanent disability or (3) attainment of age 59 1/2. However, the 401(k) Plan permits in-service withdrawals of participants' rollover contributions and after-tax contributions regardless of age. In addition, participants may take hardship withdrawals of elective pre-tax deferral contributions prior to attaining age 59 1/2 upon demonstrating that the participant has incurred a qualified emergency. Participants may also borrow from their 401(k) Plan accounts.

Administration and Implementation

The 401(k) Plan is administered by a committee of at least three persons appointed by our Board of Directors. The committee has the duty and authority to interpret and construe the provisions of the 401(k) Plan and decide all questions arising thereunder.

Amendment and Termination

The 401(k) Plan may be amended by the Board of Directors or the committee, provided that no amendment shall reduce or eliminate any vested plan benefit and no amendment will be effective unless the 401(k) Plan continues to be for the exclusive benefit of the participants and their beneficiaries.

Table of Contents

We and any of our subsidiaries who are participating employers may terminate the 401(k) Plan at any time as to our respective employees. In such event, all nonvested amounts then standing to the credit of the accounts of the participants affected by such termination who are then employed or who have been credited with a year of service during the year of termination shall immediately vest and be distributed.

Annual Incentive and Management Stock Purchase Plan

In 2003, we adopted the Constar Annual Incentive and Management Stock Purchase Plan (the "MSPP"). The MSPP provides an opportunity for selected participants, including the named executive officers, to receive a bonus based on specific performance criteria. Any bonus awarded under the MSPP is paid 50% in cash as soon as practicable following the end of the fiscal year to which the bonus relates. The remaining bonus (the "Deferred Bonus") will be credited to a deferral account and will receive interest of 5%, compounded on a daily basis. The participant will be fully vested at all times in the Deferred Bonus (including the interest credited to such amount). The Deferred Bonus (including the interest credited to such amount) will be distributed to the participant in cash after a one year period, unless the administrator of the MSPP determines that further deferral is necessary to avoid the application of Section 162(m) of the Internal Revenue Code.

Additionally, we will provide participants with an annual match (the "Employer Match") equal to the Deferred Bonus. Such Employer Match will be made in a number of restricted stock units equal to the amount of the Employer Match divided by the fair market value of our Common Stock on the date such bonus is allocated to the participant's account (the "Restricted Stock Units"). Provided the participant remains employed by us, the Restricted Stock Units for any given year will vest in full three years after the date of the bonus payment to which it relates. Upon vesting, Restricted Stock Units will be distributed to the participant in cash or in shares of Common Stock in the administrator's sole discretion, unless the administrator of the MSPP determines that further deferral is necessary to avoid application of Section 162(m) of the Internal Revenue Code or the participant elects to further defer his Restricted Stock Units.

If a participant voluntarily terminates employment with us or we terminate the participant for cause, the participant shall forfeit all unvested Restricted Stock Units. If the participant voluntarily terminates due to retirement or the participant is involuntarily terminated by us without cause, the participant will become vested in a prorated amount of the Restricted Stock Units on the basis of the number of fully completed years of service during the vesting period over three. If the participant terminates due to death or disability, the participant will become fully vested in all Restricted Stock Units granted under the MSPP. Additionally, provided the participant remains employed by the Company on the date of a change in control, all Restricted Stock Units will become immediately and fully vested. Upon a change in control, or upon the participant's termination of service with us, all of the participant's vested Restricted Stock Units and Deferred Bonus shall be distributed. Until distribution, all amounts credited under the MSPP shall be subject to our general creditors.

Administration and Implementation

The MSPP is administered by the Compensation Committee. The Compensation Committee has full authority to select employees to whom bonuses will be awarded under the MSPP, set the performance goals and compensation formulae used to determine the amount of a participant's eligible bonus, interpret the MSPP and resolve disputes arising thereunder and make such other determinations as necessary and proper for the administration of the MSPP.

Amendment and Termination

Edgar Filing: CONSTAR INTERNATIONAL INC - Form DEF 14A

Our Board of Directors and the Compensation Committee have the right to modify or amend the MSPP and our Board of Directors has the right to terminate the MSPP. The MSPP provides that no amendment or termination may, without the participant's consent, adversely affect the rights of such participant to amounts credited to the participant's account or to which the participant is entitled.

2002 Stock-Based Incentive Compensation Plan

Prior to the completion of our initial public offering in November 2002, our Board of Directors and sole stockholder adopted the Constar 2002 Stock-Based Incentive Compensation Plan (the "Incentive Plan"). The purpose of the Incentive Plan is to assist us in attracting and retaining valued employees by offering them a greater stake in our success and to encourage ownership of our stock by our employees. The Incentive Plan accomplishes these goals by allowing eligible employees to receive awards of restricted stock, options, deferred stock or stock appreciation rights. The total number of shares of our Common Stock available for these awards under the Incentive Plan is 850,000. No individual employee may receive more than 120,000 shares under the Incentive Plan during any calendar year.

Eligibility

Our officers and other key employees (including a director who is such an employee) are eligible to participate in the Incentive Plan.

Administration and Implementation

The Incentive Plan is administered by the Compensation Committee. The Compensation Committee also has full authority to select the employees to whom awards will be granted and to determine the type and amount of awards to be granted to each eligible employee, the terms and conditions of awards granted under the Incentive Plan and the terms of agreements that will be entered into with holders of such awards.

The Compensation Committee may condition the grant of any award upon the holder's achievement of a performance goal that is established by the committee before the grant of the award. A performance goal is a goal that must be met by the end of a period specified by the Compensation Committee (but that is substantially uncertain to be met before the grant of the award) based upon:

the price of our Common Stock;

our market share;

our sales;

earnings per share of our Common Stock;

our return on stockholders' equity;

our costs;

our cash flow;

our return on total assets;

our return on invested capital;

our return on net assets;

our operating income; or

our net income.

The Compensation Committee interprets the provisions of the Incentive Plan and makes all determinations necessary for the administration of the Incentive Plan.

No award may be repriced, replaced, regranted through cancellation, or modified without stockholder approval if the effect would be to reduce the exercise price for the shares underlying the award, except that the committee may determine the effect of a reorganization, recapitalization, spin-off, stock split, combination, merger or any other change of corporate structure on outstanding awards. If a change in control occurs (as such term is defined in the Incentive Plan), the committee may allow all outstanding awards to become fully vested and exercisable upon the change in control.

Table of Contents

Restricted Stock

An award of restricted stock is a grant to the recipient of a specified number of shares of Common Stock that are subject to forfeiture upon specified events and which are held by us during the restriction period. Such award will be evidenced by a restricted stock agreement that will specify the duration of the restriction period and the performance, employment or other conditions under which the restricted stock may be forfeited to us. During the restriction period, the holder has the right to receive dividends on, and to vote, the shares of restricted stock.

Options

An award of options is a grant by us to the recipient of the right to purchase a specified number of shares of Common Stock from us for a specified time period at a fixed price. Options may be either incentive stock options or non-qualified stock options. Grants of options will be evidenced by option agreements. The price per share at which Common Stock may be purchased upon exercise of an option will be determined by the Compensation Committee, but will be not less than the fair market value of a share of Common Stock on the date of grant.

The option agreements will specify when an option may be exercisable and the terms and conditions applicable thereto. The term of an option will in no event be greater than five years.

Deferred Stock

An award of deferred stock is an agreement by us to deliver to the recipient a specified number of shares of Common Stock at the end of a specified deferral period or periods and will be evidenced by a deferred stock agreement. Amounts equal to any dividends paid during this deferral period will be paid to the holder currently, or deferred and deemed to be reinvested in additional deferred stock, or otherwise reinvested on such terms as are determined by the Compensation Committee and specified in the deferred stock agreement.

Stock Appreciation Rights

An award of stock appreciation rights is a grant by us to the recipient of the right to receive, upon exercise of the right, the increase in the fair market value of a specified number of shares of Common Stock from the date of grant of the right to the date of exercise. Stock appreciation rights are rights to receive a payment in cash, Common Stock, restricted stock or deferred stock as selected by the committee. The value of these rights, determined by the appreciation in the value of shares of Common Stock subject to the right, will be evidenced by stock appreciation right agreements. A stock appreciation right will entitle the recipient to receive a payment equal to the excess of the fair market value of the shares of Common Stock covered by the stock appreciation right on the date of exercise over the base price of the right.

Amendment and Termination

Edgar Filing: CONSTAR INTERNATIONAL INC - Form DEF 14A

Our Board of Directors has authority to amend, suspend or terminate the Incentive Plan at any time. However, certain amendments require the approval of a majority of our stockholders. Without stockholder approval, no amendment may be made:

increasing the maximum number of shares available for purchase under the Incentive Plan, except for adjustments for a reorganization, recapitalization, spin-off, stock split, combination, merger, or other change in our corporate structure;

changing the class of employees eligible under the Incentive Plan;

modifying the maximum number of awards that an eligible employee may receive or categories of performance goals that must be met;

Table of Contents

extending the Incentive Plan's term or our Board of Directors' power to amend, suspend or terminate the Incentive Plan; or

modifying the Incentive Plan's terms and conditions to the extent stockholder approval is required under any applicable law or the rules of a stock exchange.

The Incentive Plan will remain in effect for five years from the date of its adoption, unless earlier terminated by our Board of Directors. Such termination will not affect awards outstanding under the Incentive Plan.

Non-Employee Directors' Equity Incentive Plan

Prior to the completion of our initial public offering in November 2002, our Board of Directors and sole stockholder adopted the Constar Non-Employee Directors' Equity Incentive Plan (formerly named the 2002 Non-Employee Directors' Stock Option Plan) (the "Directors' Plan"). The purpose of the Directors' Plan is to promote our interests and the interests of our stockholders by attracting and retaining valued non-employee directors, and to motivate these persons to exercise their best efforts on our behalf. The Directors' Plan accomplishes these goals by annually granting each of our directors who are not our employees 750 restricted shares of our Common Stock (1,000 shares in the case of a non-employee director who is the chairman of our Board of Directors). Additional awards of restricted stock and non-qualified stock options may also be granted on a discretionary basis. The total number of shares of our Common Stock available for grants under the Directors' Plan is 25,000.

Eligibility

All of our directors who are not our employees are eligible to participate in the Directors' Plan.

Administration and Implementation

The Directors' Plan is administered by the Compensation Committee. The Compensation Committee interprets the provisions of the Directors' Plan and makes all determinations necessary for the administration of the Directors' Plan. The Compensation Committee has the power to adjust the number of shares of restricted stock a non-employee director receives under the automatic annual awards, if the Compensation Committee, in its sole discretion, determines that the performance of any or all such directors warrants a greater or lesser number of shares. The Compensation Committee also selects the non-employee directors to whom discretionary option awards will be granted and determines the amount of such awards. Finally, the Compensation Committee establishes the terms and conditions of all awards under the Directors' Plan, and establishes the terms and conditions of award agreements that will be entered into with participating non-employee directors.

No award may be repriced, replaced, regranted through cancellation, or modified without stockholder approval if the effect would be to reduce the exercise price for the shares underlying the award, except that our Board of Directors may determine the effect of a reorganization, recapitalization, spin-off, stock split, combination, merger or any other change of corporate structure on outstanding awards. In the event of a change in control (as defined in the Directors' Plan), the Compensation Committee may allow all outstanding awards to become fully vested and exercisable upon the change in control.

Options

An award of options is a grant by us to the recipient of the right to purchase a specified number of shares of Common Stock from us for a specified time period at a fixed price. Options issued under the Directors' Plan are non-qualified stock options. Grants of options will be evidenced by option agreements. The price per share at which Common Stock may be purchased upon exercise of an option will be determined by the Compensation Committee, but will be not less than the fair market value, as defined in the Directors' Plan, of a share of Common Stock on the date of grant.

The option agreements will specify when an option may be exercisable and the terms and conditions applicable thereto. The term of an option will in no event be greater than five years.

Table of Contents

Restricted Stock

An award of restricted stock is a grant by us to the recipient of shares of our Common Stock that are subject to certain restrictions, including the forfeiture of such stock upon the happening of certain events. Restricted stock awarded under the Directors' Plan will be evidenced by restricted stock agreements. Unless otherwise determined by the Compensation Committee, during the restriction period, holders of restricted stock have the right to receive dividends from and to vote the shares of restricted stock. Provided the terms of the Directors' Plan and the applicable award agreement are satisfied, shares of our Common Stock awarded pursuant to a restricted stock award will be issued and delivered to the recipient at the end of the restriction period as specified in the applicable award agreement.

The restricted stock agreements will specify the duration of the restriction period and the performance, service or other conditions (including termination of service on account of death, disability or other cause) under which the restricted stock may be forfeited by the recipient. The Compensation Committee may modify or accelerate the vesting and delivery of shares of restricted stock.

Amendment and Termination

Our Board of Directors has authority to amend, suspend or terminate the Directors' Plan at any time. However, no termination or amendment of the Directors' Plan may materially impair the rights of an option holder without the consent of the holder. The Directors' Plan will remain in effect for five years from the date of its adoption, unless earlier terminated by our Board of Directors.

Employee Stock Purchase Plan

Adoption and Administration

Prior to the completion of our initial public offering in November 2002, our Board of Directors and sole stockholder adopted the Constar Employee Stock Purchase Plan (the "Stock Purchase Plan"), under which we may issue up to an aggregate of 190,000 shares of our Common Stock. The Stock Purchase Plan is intended to qualify as an employee stock purchase plan within the meaning of Section 423 of the Internal Revenue Code of 1986, as amended. The Stock Purchase Plan is administered by a committee appointed by our Board of Directors.

Eligibility

All U.S. salaried and hourly employees who have completed one year of service with us and whose base compensation is less than or equal to \$100,000 may participate in the Stock Purchase Plan. However, no employee will be eligible to participate in the Stock Purchase Plan if such employee is treated as owning 5% or more of the total voting power or value of all classes of our stock.

Purchase of Shares

To participate in the Stock Purchase Plan, an eligible employee must elect to invest an amount not less than 2% nor more than 15% of the first \$50,000 of his or her base compensation during each purchase period. Purchase periods will commence on the first day of each subsequent calendar quarter and will end on the last day of a calendar quarter of each year. Participating employees will purchase our Common Stock at a price per share equal to 85% of the fair market value of a share of our Common Stock at the end of the purchase period. In no event may an eligible employee purchase stock with a fair market value in excess of \$25,000 for any calendar year under the Stock Purchase Plan.

Purchased shares will be held in a bookkeeping account established for each participant and may not be distributed to the participant for at least two years following their purchase. However, such shares will become distributable upon a change in control (as defined in the Stock Purchase Plan).

Table of Contents

Amendment and Termination

The Stock Purchase Plan will terminate at the direction of our Board of Directors or when all of the shares reserved for issuance have been purchased. Our Board of Directors may amend the Stock Purchase Plan at any time, except that stockholder approval is required to amend the Stock Purchase Plan to increase the number of shares of our Common Stock that may be issued under the Stock Purchase Plan (except as a result of a reorganization, recapitalization, spin-off, stock split, stock dividend, combination, merger, or other change in our corporate structure); to modify the eligibility requirements; or to cause the Stock Purchase Plan to fail the requirements of Section 423 of the Internal Revenue Code.

Short-Term Incentive Plan

Prior to the completion of our initial public offering in November 2002, our Board of Directors and sole stockholder adopted the Constar Short-Term Incentive Plan (the Short-Term Incentive Plan). The purpose of the Short-Term Incentive Plan is to align the compensation of our key employees with our financial and business plan objectives and provide eligible employees with an incentive for excellence in individual performance and to promote teamwork among our key employees.

The Short-Term Incentive Plan accomplishes these goals by allowing eligible employees to share in our success by receiving monetary awards upon the attainment of certain pre-established performance goals. These awards are based upon a percentage of the employee's base salary. No individual employee may receive an amount of more than 90% of his base salary under the Short-Term Incentive Plan for any calendar year. Employees generally must be employed on the last day of a calendar year in order to receive an award for that year; however, employees who terminate their employment during the year by reason of retirement, death or disability will receive reduced awards to reflect the partial year of participation.

Eligibility

Employees (including a director who is such an employee) who are selected by the Compensation Committee of our Board of Directors are eligible to participate in the Short-Term Incentive Plan.

Administration and Implementation

The Short-Term Incentive Plan is administered by the Compensation Committee. The Compensation Committee also has authority to:

select the employees who are eligible to participate in the Short-Term Incentive Plan;

grant awards in such amounts as it shall determine;

Edgar Filing: CONSTAR INTERNATIONAL INC - Form DEF 14A

impose such limitations, restrictions and conditions upon awards as appropriate;

interpret the Short-Term Incentive Plan and adopt, amend and rescind regulations relating to the Short-Term Incentive Plan; and

make all determinations in connection with the administration and interpretation of the Short-Term Incentive Plan.

The Compensation Committee will approve or establish the performance goals for each year. The performance goals may include, without limitation, any combination of financial, non-financial and individual performance goals, as determined by the Compensation Committee. Each year, the committee shall approve or establish the compensation formula for that year upon which awards shall be based.

To the extent permitted by Section 162(m) of the Internal Revenue Code, the Compensation Committee shall have the right to adjust the performance goals (upward) and/or the award (downward) during a year, if it determines that external changes or other unanticipated business conditions have affected the fairness of the goals and have unduly influenced our ability to meet them.

Table of Contents

Amendment and Termination

Our Board of Directors or the Compensation Committee, in its sole discretion, without notice, at any time and from time to time, may modify or amend, in whole or in part, any or all of the provisions of the Short-Term Incentive Plan, or suspend or terminate it entirely. However, no such modification, amendment, suspension, or termination may, without the consent of an eligible employee, reduce the right of an employee to a payment or distribution, which he has already earned or to which he is otherwise entitled.

Retiree Medical and Life Obligations

Prior to the completion of our initial public offering in November 2002, Crown provided post-retirement medical and life insurance benefits to eligible salaried and hourly retirees including certain of our former employees. Pursuant to a benefits allocation agreement made with Crown in connection with such offering, we have assumed all liabilities for post-retirement medical and life insurance benefits for our active and former employees, including retirees. As of December 31, 2005, we had an unfunded post-retirement obligation of approximately \$4.5 million.

**REPORT OF THE COMPENSATION COMMITTEE
OF THE BOARD OF DIRECTORS**

The Compensation Committee of the Board of Directors administers the Company's executive compensation programs. The Compensation Committee consists solely of independent directors as defined by the listing standards of the National Association of Securities Dealers and applicable SEC regulations.

Compensation Philosophy

The Company's philosophy in setting its compensation policies for executive officers is to maximize stockholder value by closely aligning the interests of the Chief Executive Officer and other executive officers with those of the Company's stockholders. The Company seeks to offer its Chief Executive Officer and other executive officers competitive compensation based upon their performance and the performance of the Company. The executive compensation program is designed to attract and retain executive talent that contributes to the Company's long-term success, and to recognize and reward individual contributions to the Company's current performance.

The Company uses three integrated components in its executive compensation program: (1) base salary, (2) annual bonuses, and (3) long-term incentives in the form of restricted stock grants. In making decisions affecting executive compensation, the Compensation Committee reviews the nature and scope of the executive officer's responsibilities as well as his or her effectiveness in supporting the Company's long-term goals. While the Compensation Committee also considers the compensation practices of other corporations, the Compensation Committee does not target any particular level of compensation or seek to match the compensation offered by other corporations. The Compensation Committee has also retained an independent compensation consultant to advise the Compensation Committee.

Compensation Review. In 2005 and 2006 the Committee reviewed executive officer base salaries, bonus levels and equity positions, and compared these elements against survey data collected by the Committee's independent compensation consultant. This comparison showed executive compensation levels generally below, and in some cases well below, average compensation levels of the comparison group. The Committee considered this disparity in light of its desire to motivate and retain management through competitive compensation programs. The Committee did not feel that executives need automatically be raised to any particular level of compensation relative to the peer group. Rather, the Committee weighed such factors as the individual contributions of each executive, such executive's importance to the Company, and the Company's financial performance. The Committee also considered what portion of any increase should be in the form of base salary, and what portion should be in the form of bonus or incentive programs tied to individual and Company performance.

Base Salary. Following the compensation review described above, the Committee approved 2006 base salary increases for certain officers, including Mr. Hoffman. Mr. Hoffman's salary is discussed below under "Compensation of the Chief Executive Officer."

Annual Bonus. Annual bonuses for the Chief Executive Officer and other executive officers are intended to reflect the Compensation Committee's belief that a portion of the compensation of each executive officer should be contingent on the performance of the Company, as well as the individual contribution of each executive officer. In 2003, the Compensation Committee, with the assistance of an independent consultant, adopted the Annual Incentive and Management Stock Purchase Plan (the "MSPP"). The MSPP is intended to be the principal vehicle for any bonus awards.

Edgar Filing: CONSTAR INTERNATIONAL INC - Form DEF 14A

Under the MSPP, each executive officer has a target bonus amount expressed as a percentage of the executive officer's base salary. A portion of the bonus is tied to specific performance criteria for each executive officer, and the remaining portion is tied to adjusted EBITDA (as defined by the MSPP) targets for the Company.

Table of Contents

The specific performance criteria and adjusted EBITDA targets are determined annually by the Committee. The adjustments made to EBITDA for purposes of the MSPP are the same adjustments applied under the Company's Credit Agreement.

The annual adjusted EBITDA target also serves as a condition precedent to any bonus award under the MSPP. If a minimum adjusted EBITDA target is not reached, no bonuses may be awarded under the MSPP, regardless of individual performance. If a bonus is awarded under the MSPP, it is paid 50% in cash as soon as practicable, and the remaining 50% is deferred for one year at a 5% interest rate, compounded on a daily basis. Additionally, the deferred bonus is matched with restricted stock units that vest in full in three years.

In 2005 the Company did not realize the minimum adjusted EBITDA target required for the payment of bonuses under the MSPP. As a result, no bonuses were paid for 2005. Following the compensation review described above, 2006 target bonuses were increased for certain executives, including Mr. Hoffman. Mr. Hoffman's target bonus is discussed below under Compensation of the Chief Executive Officer.

Long-Term Incentives. The Compensation Committee is committed to long-term incentive programs that promote the long-term growth of the Company. The Compensation Committee believes that executives should be compensated in part with equity interests in the Company in order to more closely align the interests of stockholders and executives. In 2005, the Compensation Committee did not authorize any new equity grants to the Company's executives, other than the restricted stock units issued under the MSPP in respect of 2004 performance. For 2006, the Compensation Committee has no current plans to authorize any new equity grants to the Company's current executives. The limited number of shares available for issuance under the Company's 2002 Stock-Based Incentive Compensation Plan precludes any meaningful grants, and in light of the Company's recent financial performance the Compensation Committee did not consider it appropriate to make such grants or seek any related stockholder approvals. The Compensation Committee retains the flexibility to utilize cash incentive programs that are tied to the performance of the Company's stock price.

Table of Contents

Compensation of the Chief Executive Officer

The Compensation Committee has reviewed all components of the Chief Executive Officer's compensation, as described below.

Base Salary and Bonus. Mr. Hoffman's base salary was \$388,500 during 2005. In 2005, Mr. Hoffman's target bonus was 60% of his \$388,500 base salary, or \$233,100. The Company's adjusted EBITDA for 2005 did not reach the minimum level required for payouts under the MSPP. As a result, Mr. Hoffman was not awarded any bonus.

As part of the analysis described under *Compensation Review* above, the Committee considered Mr. Hoffman's base salary and bonus in light of survey data collected by the Committee's independent compensation consultant. This comparison showed Mr. Hoffman's compensation to be well below the compensation levels of the comparison group. While the Committee wished to provide competitive compensation and to use the survey data as a general indicator of competitive compensation levels, the Committee did not target any particular level of compensation for Mr. Hoffman. Instead, the Committee considered the Company's performance and Mr. Hoffman's individual performance. The Committee discussed certain key accomplishments in 2005, including the February 2005 refinancing and a strategic pricing initiative. The Committee decided to increase Mr. Hoffman's compensation, but not to levels representing the average compensation of the comparison group. The Committee also considered it appropriate for the bulk of the increase to come not through base salary, but through the MSPP, under which Mr. Hoffman would only be compensated if the Company achieved the financial targets for payments under the MSPP. The Committee increased Mr. Hoffman's 2006 base salary by \$50,000 to \$438,500, and increased his target bonus under the MSPP to 100% of his base salary.

Equity. In 2005, the Committee did not approve any long-term incentive award to Mr. Hoffman. As part of the analysis described under *Compensation Review* above, the Committee considered the equity component of Mr. Hoffman's compensation. However, for the reasons discussed above under *Long-Term Incentives*, the Committee has no current plans to authorize any new equity grants to the Company's current executives.

Other. The Committee also reviewed all other components of Mr. Hoffman's compensation, including without limitation, perquisites; the terms of Mr. Hoffman's employment agreement; the potential payout to Mr. Hoffman under such agreement; and benefit and cost projections of the Company's supplemental executive retirement plan.

Internal Revenue Code Section 162(m)

In setting executive compensation, the Compensation Committee also considers the potential future effects of Section 162(m) of the Internal Revenue Code. Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1.0 million in any taxable year for the Chief Executive Officer and the four other most highly compensated officers, unless compensation is performance-based. Currently, the compensation paid by the Company to its senior executives does not surpass this limitation. The Compensation Committee intends to maintain flexibility to pay compensation that is not entirely deductible when the best interests of the Company would make that advisable. In approving the amount and form of compensation for the Company's executive officers, the Committee will continue to consider all elements of the cost to the Company of providing such compensation, including the potential impact of Section 162(m).

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Relationship with Crown

Prior to our initial public offering in November 2002, we had been a wholly owned subsidiary of Crown Holdings, Inc. As of February 28, 2006, Crown owned 1,255,000 shares, or approximately 10%, of our Common Stock. Frank J. Mechura, an executive officer of Crown, and William G. Little, a director of Crown, serve on Constar's Board of Directors.

Agreements with Crown

Since our initial public offering, we have leased space from Crown for our Philadelphia headquarters, our research facility in Alsip, Illinois and a warehouse in Belcamp, Maryland. In 2005, we paid Crown approximately \$1.5 million under these lease agreements. The current Philadelphia lease agreement expired on December 31, 2005 and the current Alsip lease agreement expires on December 31, 2006. The Belcamp lease agreement is month-to-month.

Concurrently with the completion of our initial public offering, we entered into a transition services agreement with Crown. Under the transition services agreement, Crown provided services that included payroll, systems for accounting reporting, information technology, benefits administration, and logistics. This agreement expired and has been extended on similar terms excluding certain services that Constar no longer purchases from Crown. The most recent version of this agreement expired on December 31, 2005, and a new agreement is being negotiated. We recorded an expense of approximately \$4.0 million during 2005 related to the transition services agreement and had a payable of approximately \$0.2 million to Crown at December 31, 2005.

Concurrently with the completion of our initial public offering, one of our subsidiaries, Constar, Inc. and a subsidiary of Crown called Crown Cork & Seal Company (USA), Inc. (Crown USA), entered into the Salt Lake City PET Products Supply and Lease of Related Assets Agreement (the SLC Agreement). Under the SLC Agreement, Crown USA supplied Constar, Inc. with PET preforms and containers manufactured at Crown USA's facility. The products are manufactured using equipment that Constar, Inc. leased to Crown USA which were maintained at Crown USA's Salt Lake City facility. In 2005 Crown sold this facility to a third party, and we have entered into a similar arrangement with the third party that expires on December 31, 2007. Under the SLC Agreement we purchased approximately \$15.4 million of PET preforms and containers from Crown during 2005. We had no payable to Crown related to the SLC Agreement at December 31, 2005.

Concurrently with the completion of our initial public offering, Constar, Inc. and Crown USA entered into the Newark Component Supply and Lease of Related Assets Agreement (the Newark Agreement). Under the Newark Agreement, Constar, Inc. supplies Crown USA with rings, bands and closures manufactured at Constar Inc.'s facilities. The products are manufactured using equipment that Crown USA leases to Constar, Inc. and operates at the Company's facilities. The Newark Agreement expired on November 19, 2004 but we and Crown USA continue to operate under its terms. We sold approximately \$2.7 million of rings, bands and closures to Crown during 2005. We had a net receivable from Crown of approximately \$0.4 million related to the Newark Agreement at December 31, 2005.

Concurrently with the completion of our initial public offering, one of our subsidiaries, Constar Plastics of Italy S.R.L., or Constar Italy, and a subsidiary of Crown called Crown Cork Italy S.p.A. (Crown Italy), entered into the Voghera PET Preform Supply and Lease of Related Assets Agreement (the Voghera Agreement). Under the Voghera Agreement, Constar Italy supplies Crown Italy with resin and Crown Italy supplies

Constar Italy with PET preforms manufactured at Crown Italy's facility. The products are manufactured using equipment that Constar Italy leases to Crown Italy and maintains at Crown Italy's facility. The Voghera Agreement expires on December 31, 2006. Net of resin sales, we purchased approximately \$2.2 million of PET preforms from Crown under this Agreement during 2005. We had a net payable to Crown of approximately \$0.4 million related to the Voghera Agreement at December 31, 2005.

Concurrently with the completion of our initial public offering, Constar Italy and Crown Faba Sirma S.p.A. (Crown Faba), entered into the Faba Supply Agreement (the Faba Agreement). Under the Faba Agreement, Crown Faba blows preforms into bottles and sells the bottles to Constar Italy. Constar Italy sells preforms to Crown Faba. The Faba Agreement expired on December 31, 2003 but the parties continued to operate under its terms. This supply arrangement has now ceased. We purchased approximately \$0.5 million of bottles from Crown and sold approximately \$0.6 million of preforms to Crown during 2005. We had no outstanding balance with Crown related to the Faba Agreement at December 31, 2005.

Concurrently with the completion of our initial public offering, Crown Cork & Seal Technologies Corporation granted Constar International U.K. Limited a royalty-bearing license to certain closures technologies. In 2005, Constar International U.K. Limited paid Crown Cork & Seal Technologies Corporation approximately £0.3 million in royalties under this license. We had a net payable to Crown of approximately £0.2 million related to this license at December 31, 2005.

Concurrently with the completion of our initial public offering, we entered into a License and Royalty Sharing Agreement with Crown Cork & Seal Technologies Corporation under which we agreed to pay a portion of any royalties earned on licenses of our Oxbar technology. We had a net payable to Crown of approximately \$1.6 million related to this license at December 31, 2005.

Concurrently with the completion of our initial public offering, we entered into a Benefits Allocation Agreement with Crown, under which we and Crown allocated responsibility for certain employee benefit liabilities. We retained or assumed all liability for compensation and benefits owed to our active or former employees, and assumed sponsorship of the Crown pension plan previously maintained for our hourly employees. We also expanded this plan to include our active salaried employees, establish savings and welfare plans for our active employees that are substantially equivalent to plans previously provided by Crown, and assume the stand-alone pension plans in the United Kingdom and Holland, including the corresponding assets and liabilities. As of December 31, 2005, we had an under-funded benefit obligation of approximately \$26.2 million under such plans.

Pursuant to the provisions of our Amended and Restated Certificate of Incorporation, legal expenses incurred by certain current and former directors in connection with a putative securities class action lawsuit, as described in the Company's 2005 Annual Report on Form 10-K, are being advanced on behalf of those directors by the Company or the relevant insurer. Because the claims are against both the Company and the defendant directors, we cannot determine what portion of those legal expenses would be attributable to the directors rather than the Company. In addition, pursuant to a Corporate Agreement entered into with Crown concurrently with our initial public offering, we have incurred certain indemnification obligations to Crown with respect to this lawsuit.
