\$350,000,000

CB Richard Ellis Services, Inc.

Exchange Offer for

6.625% Senior Notes due 2020

We are offering to exchange up to \$350,000,000 of our new 6.625% Senior Notes due 2020, which are wholly and unconditionally guaranteed by CB Richard Ellis Group, Inc., the parent company of CB Richard Ellis Services, Inc., and certain subsidiaries of CB Richard Ellis Services, Inc. (the exchange notes), which will be registered under the Securities Act of 1933, as amended (the Securities Act), for any and all of our outstanding 6.625% Senior Notes due 2020, which are wholly and unconditionally guaranteed by CB Richard Ellis Group, Inc., the parent company of CB Richard Ellis Services, Inc., and certain subsidiaries of CB Richard Ellis Services, Inc. (the outstanding notes). We are offering to exchange the exchange notes for the outstanding notes to satisfy our obligations contained in the registration rights agreement that we entered into when the outstanding notes were sold pursuant to Rule 144A and Regulation S under the Securities Act.

The Exchange Offer

We will exchange all outstanding notes that are validly tendered and not validly withdrawn for an equal principal amount of exchange notes that are freely tradable, except in limited circumstances described below.

You may withdraw tenders of outstanding notes at any time prior to the expiration date of the exchange offer.

The exchange offer expires at 5:00 p.m., New York City time, on _____, 2011, unless extended. We do not currently intend to extend the expiration date.

The exchange of the outstanding notes for exchange notes in the exchange offer will not be a taxable event for U.S. federal income tax purposes.

We will not receive any proceeds from the exchange offer.

The Exchange Notes

The terms of the exchange notes to be issued in the exchange offer are identical in all material respects to the outstanding notes, except that the exchange notes will be freely tradable, except in limited circumstances described below.

Resales of the Exchange Notes

The exchange notes may be sold in the over-the-counter market, in negotiated transactions or through a combination of such methods.

We do not plan to list the notes on any securities exchange or market.

All untendered outstanding notes will continue to be subject to the restrictions on transfer set forth in the outstanding notes and in the related indenture. In general, the outstanding notes may not be offered or sold, unless registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. Other than in connection with the exchange offer, we currently do not anticipate that we will register the outstanding notes under the Securities Act.

See **Risk Factors** beginning on page 18 for a discussion of certain risks that you should consider before participating in the exchange offer.

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. The letter of transmittal states that by so acknowledging and delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for outstanding notes where such outstanding notes were acquired by such broker-dealer as a result of market-making activities or other trading activities. In addition, all dealers effecting transactions in the exchange notes may be required to deliver a prospectus. We have agreed that, for a period of 180 days after the date of this prospectus, we will make this prospectus available to any broker-dealer for use in connection with such resale. See Plan of Distribution.

If you are our affiliate or are engaged in, or intend to engage in, or have an agreement or understanding to participate in, a distribution of the exchange notes, you cannot rely on the applicable interpretations of the Securities and Exchange Commission and you must comply with the registration requirements of the Securities Act in connection with any resale transaction.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these notes or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

PROSPECTUS SUMMARY

This summary highlights selected information contained or incorporated by reference in this prospectus and is not complete and does not contain all of the information that you should consider before tendering your notes in the exchange offer. To understand all of the terms of the exchange offer and for a more complete understanding of our business, you should read this summary together with the entire prospectus, including the documents incorporated by reference in this prospectus.

Our Company

We are the world's largest commercial real estate services firm, based on 2009 revenue, with leading full-service operations in major metropolitan areas throughout the world. We offer a full range of services to occupiers, owners, lenders and investors in office, retail, industrial, multi-family and other types of commercial real estate. As of December 31, 2009, we operated more than 300 offices worldwide, excluding affiliate offices, with approximately 29,000 employees providing commercial real estate services under the CB Richard Ellis brand name and development services under the Trammell Crow brand name. Our business is focused on several competencies, including commercial property and corporate facilities management, tenant representation, property/agency leasing, property sales, valuation, real estate investment management, commercial mortgage origination and servicing, capital markets (equity and debt) solutions, development services and proprietary research. We generate revenues from contractual management fees and on a per project or transactional basis. In 2006, we became the first commercial real estate services company included in the S&P 500. In 2008, we became the first commercial real estate services firm to be included in the *Fortune 500* and remained the only commercial real estate services company on this list in 2009 and 2010. Additionally, the International Association of Outsourcing Professionals has included us among the top 100 global outsourcing companies across all industries for four consecutive years, including in 2010 when we ranked 13th overall. In 2010, *The Financial Times* named us Property Investment Advisor of the Year and *Euromoney* magazine named us Global Real Estate Advisor of the Year.

Our strong relationships with our clients have allowed us to develop significant repeat business from existing clients, including from approximately 68% of our U.S. real estate sales and leasing clients in 2009. In addition, for the twelve months ended September 30, 2010, our global contractual revenue from facilities management, property management, appraisal and valuation, asset management and development services represented approximately 50% of our revenue for such period.

Additionally, many of our clients are consolidating their commercial real estate-related needs with fewer providers and, as a result, awarding their business to providers that have a strong presence in important markets and the ability to provide a complete range of services worldwide. As a result of this trend and our ability to deliver comprehensive integrated solutions for our clients' needs across a wide range of markets, we believe we are well positioned to capture a growing percentage of our clients' commercial real estate services needs.

Our Business Segments

We report our results of operations through five segments: (1) the Americas, (2) Europe, Middle East and Africa (EMEA), (3) Asia Pacific, (4) Global Investment Management and (5) Development Services.

The Americas

The Americas segment is our largest segment of operations and provides a comprehensive range of services throughout the United States and in the largest metropolitan regions in Canada and selected parts of Latin America through both wholly-owned operations as well as affiliated offices. Our Americas segment accounted

Table of Contents

for 62% of our revenue for the twelve months ended September 30, 2010. Within our Americas segment, we organize our services into the following business areas:

Advisory Services

Our advisory services businesses offer occupier/tenant and investor/owner services that meet the full spectrum of marketplace needs, including (1) real estate services, (2) capital markets and (3) valuation.

Real Estate Services. We provide strategic advice and execution to owners, investors and occupiers of real estate in connection with leasing, disposition and acquisition of property. These businesses are built upon strong client relationships that frequently lead to recurring revenue opportunities over many years. Our real estate services professionals are particularly adept at aligning real estate strategies with client business objectives, serving as advisors as well as transaction executors. We believe we are a market leader for the provision of sales and leasing real estate services in most top U.S. metropolitan statistical areas (as defined by the U.S. Census Bureau), including Atlanta, Chicago, Dallas, Houston, Los Angeles, Miami, New York and Philadelphia.

Capital Markets. In 2005, we combined our investment sales and debt/equity financing professionals into a single fully integrated service offering called CBRE Capital Markets. The move formalized the collaboration between our investment sales professionals and debt/equity financing experts that has grown as investors have sought comprehensive capital markets solutions, rather than separate sales and financing transactions. During 2009, we concluded more than \$16.3 billion of capital markets transactions in the Americas, including \$10.0 billion of investment sales transactions and \$6.3 billion of mortgage loan originations.

Valuation. We provide valuation services that include market value appraisals, litigation support, discounted cash flow analyses and feasibility and fairness opinions. Our valuation business has developed proprietary technology for preparing and delivering valuation reports to our clients, which we believe provides us with an advantage over our competitors. We believe that our valuation business is one of the largest in the industry. During 2009, we completed over 30,000 valuation, appraisal and advisory assignments.

Outsourcing Services

Outsourcing is a long-term trend in commercial real estate, with corporations, institutions, public sector entities and others seeking to achieve improved efficiency, better execution and lower costs by relying on the expertise of third-party real estate specialists. Our outsourcing services primarily include two major business lines that seek to capitalize on this trend: (1) corporate services and (2) asset services. Agreements with our corporate services clients are generally long-term arrangements, and although they contain different provisions for termination, there are usually penalties for early termination. Although our management agreements with our asset services clients generally may be terminated with notice ranging between 30 to 90 days, we have developed long-term relationships with many of these clients and we continue to work closely with them to implement their specific goals and objectives and to preserve and expand upon these relationships. As of December 31, 2009, we managed nearly 1.2 billion square feet of commercial space for property owners and occupiers, which we believe represents one of the largest portfolios in the Americas.

Corporate Services. We provide a comprehensive suite of services to corporate users of real estate, including transaction management, project management, facilities management, strategic consulting, portfolio management and other services. Our clients are leading global corporations, health care institutions and public sector entities with large, geographically-diverse real estate portfolios. Project management services are typically provided on a portfolio-wide or programmatic basis. Facilities management involves the day-to-day management of client-occupied space and includes headquarters buildings, regional offices, administrative offices and manufacturing and distribution facilities. We identify best practices, implement technology solutions and leverage our resources to control clients' facilities costs and enhance the workplace environment. We seek to

Table of Contents

enter into multi-year, multi-service outsourcing contracts with our clients, but also provide services on a one-off assignment or a short-term contract basis. We enter into long-term, contractual relationships with these organizations with the goal of ensuring that our clients' real estate strategies support their overall business strategies. Revenues for project management include fixed management fees, variable fees, and incentive fees if certain agreed-upon performance targets are met. Revenues may also include reimbursement of payroll and related costs for personnel providing the services. Contracts for facilities management services are typically structured so we receive reimbursement of client-dedicated personnel costs and associated overhead expenses plus a monthly fee, and in some cases, annual incentives if agreed-upon performance targets are satisfied.

Asset Services. We provide property management, construction management, marketing, leasing, accounting and financial services on a contractual basis for income-producing office, industrial and retail properties owned by local, regional and institutional investors. We provide these services through an extensive network of real estate experts in major markets throughout the United States. These local office delivery teams are supported by a strategic accounts team whose function is to help ensure quality.

EMEA

Our EMEA segment operates in 37 countries, with its largest operations located in the United Kingdom, France, Spain, Germany, the Netherlands, Russia and Italy. Our operations in these countries generally provide a full range of services to the commercial property sector. Additionally, we provide some residential property services in the United Kingdom, France and Spain. We are one of the leading commercial real estate services companies in the United Kingdom. We believe we are a market leader in Paris and provide a complete range of services to the commercial property sector. Within EMEA, our services are organized along the same lines as in the Americas, including brokerage, investment properties, corporate services, valuation/appraisal services, asset management services and facilities management, among others. Our EMEA segment accounted for 19% of our revenue for the twelve months ended September 30, 2010.

We also have affiliated offices that provide commercial real estate services under our brand name in several countries throughout Europe, the Middle East and Africa. Our agreements with these independent offices include licenses to use the CB Richard Ellis name in the relevant territory in return for payments of annual royalty fees to us. In addition, these agreements also include business cross-referral arrangements between us and our affiliates.

Asia Pacific

Our Asia Pacific segment operates in 13 countries. We believe that we are one of only a few companies that can provide a full range of real estate services to large corporations throughout the region, similar to the broad range of services provided by our Americas and EMEA segments. Our principal operations in Asia are located in China, Hong Kong, India, Japan, Singapore and South Korea. In addition, we have agreements with affiliate offices in the Philippines, Thailand, Indonesia, Vietnam, Cambodia and Malaysia that generate royalty fees and support cross-referral arrangements similar to our EMEA segment. The Pacific region includes Australia and New Zealand. Our Asia Pacific segment accounted for 13% of our revenue for the twelve months ended September 30, 2010.

Global Investment Management

Our indirect wholly-owned subsidiary, CB Richard Ellis Investors, L.L.C. and its global affiliates, which we also refer to as CBRE Investors, provide investment management services to clients/partners that include pension plans, foundations, endowments and other organizations seeking to generate returns and diversification through

investment in real estate. It sponsors investment programs that span the risk/return spectrum across North America, Europe and Asia. In higher yield strategies, CBRE Investors and its investment teams co-invest with its limited partners.

CBRE Investors is organized into four primary investment execution groups according to strategy, which include direct real estate investments through the Managed Accounts Group (low risk), Strategic Partners (higher yielding strategies), Capital Partners (higher yielding debt strategies) and indirect real estate investments in real estate securities and unlisted property funds (multiple risk strategies). CBRE Investors closed approximately \$1.7 billion of new acquisitions and liquidated \$0.8 billion of investments in 2009. Assets under management increased from \$8.4 billion at December 31, 1999 to \$34.7 billion at December 31, 2009, representing an approximately 15% compound annual growth rate. Our Global Investment Management segment accounted for 4% of our revenue for the twelve months ended September 30, 2010.

Development Services

Our indirect wholly-owned subsidiary Trammell Crow Company and certain of its subsidiaries provide development services primarily in the United States to users of and investors in commercial real estate, as well as for its own account. Trammell Crow Company pursues opportunistic but risk-mitigated development and investment in commercial real estate across a wide spectrum of property types, including industrial, office and retail properties; all types of healthcare facilities (medical office buildings, hospitals and ambulatory surgery centers); higher education facilities (primarily student housing); and residential/mixed-use projects. Our Development Services segment accounted for 2% of our revenue for the twelve months ended September 30, 2010.

Trammell Crow Company acts as the manager of development projects, providing services that are vital in all stages of the process, including: (i) site identification, due diligence and acquisition; (ii) evaluating project feasibility, budgeting, scheduling and cash flow analysis; (iii) procurement of approvals and permits, including zoning and other entitlements; (iv) project finance advisory services; (v) coordination of project design and engineering; (vi) construction bidding and management as well as tenant finish coordination; and (vii) project close-out and tenant move coordination. Trammell Crow Company may pursue development and investment activity on behalf of its user and investor clients (with no ownership), in partnership with its clients (through co-investment either on an individual project basis or through a fund or program) or for its own account (100% ownership).

Industry Overview

Our business covers all aspects of the commercial real estate industry, including commercial property and corporate facilities management, tenant representation, property/agency leasing, property sales, valuation, real estate investment management, commercial mortgage origination and servicing, capital markets (equity and debt) solutions, development services and proprietary research.

We review, on a quarterly basis, various internally-generated statistics and estimates regarding both office and industrial space within the U.S. commercial real estate services industry, including the total available stock of rentable space and the average rent per square foot of space. Our management believes that changes in the addressable commercial rental market represented by the product of available stock and rent per square foot provide a reliable estimate of changes in the overall commercial real estate services industry because nearly all segments within the industry are affected by changes in these two measurements. We estimate that the product of available stock and rent per square foot grew at a compound annual growth rate of approximately 2% from 1999 through 2009.

Table of Contents

We believe the key drivers of revenue growth for the largest commercial real estate services companies are primarily: (1) the continued outsourcing of commercial real estate services due to the motivation to reduce costs, improve execution across markets and increase operational efficiency, (2) the consolidation of client activities with fewer service providers in order to obtain more consistent and efficient execution across markets and economies of scale, (3) the institutional ownership of commercial real estate, which we believe leads to increased outsourcing and consolidation of real estate services vendors, and (4) the ability to attract and retain talent.

Our Competitive Positions

Global Brand and Market Leading Positions. For more than 100 years, we have built CB Richard Ellis into one of the foremost brands in the industry. We are the world's largest commercial real estate services provider, based on 2009 revenue, and one of only three commercial real estate services companies with a global footprint. As a result of our strong brand and global footprint, large corporations, institutional owners and users of real estate recognize us as a leading provider of world-class, comprehensive real estate services. Operating under the global CB Richard Ellis brand name, we are the leader in many of the local markets in which we operate, including New York, Los Angeles, Chicago and London.

Full Service Capabilities. We provide one of the broadest ranges of first-class real estate services in the industry and provide these services in major metropolitan areas throughout the world. When combined with our extensive global reach and localized market knowledge, this full range of real estate services enables us to provide world-class service to our multi-regional and multi-national clients and to maximize our revenue per client.

Strong Client Relationships and Client-tailored Service. We have forged long-term relationships with many of our clients. During the year ended December 31, 2009, our clients included nearly 80 of the *Fortune 100* companies. In order to better satisfy the needs of our largest clients and to capture cross-selling opportunities, we have organized several fully-integrated client coverage teams comprised of senior management, a global relationship manager and regional and product specialists.

Attractive Business Model. Our business model features a diversified service offering and client base, recurring revenue streams, a variable cost structure, low capital requirements and a strong senior management team and workforce.

Diversified Service Offering and Client Base. Our broad service offering, global footprint and extensive client relationships provide us with a diversified revenue base. No individual client accounted for more than approximately 3% of our revenues on a global basis in 2009. For 2009, we estimate corporations accounted for approximately 42% of our revenue, insurance companies and banks accounted for approximately 20% of our revenue, pension funds and their advisors accounted for approximately 10% of our revenue, individuals and partnerships accounted for approximately 8% of our revenue, REITs accounted for approximately 5% of our revenue and other types of clients accounted for the remainder of our revenue.

Recurring Revenue Streams. Our years of strong local market presence have allowed us to develop significant repeat business from existing clients, including from approximately 68% of our U.S. real estate sales and leasing clients in 2009. This includes referrals associated with our contractual fee-for-services businesses, which generally involve facilities management, property management and mortgage loan servicing, as well as asset management provided by CBRE Investors. Our contractual, fee-for-service business represented approximately 43% of our 2009 revenue.

Variable Cost Structure. Compensation is our largest expense and our sales and leasing professionals are generally paid on a commission and bonus basis, which correlates with our revenue performance. This cost structure provides us with flexibility to mitigate the negative effect on our operating margins during difficult

Table of Contents

market conditions, such as those experienced in 2008 and 2009. Our cost structure also includes significant other operating expenses that may not correlate to our revenue performance, including office lease and information technology maintenance, insurance premiums and other support services expenses. However, we have a proven record of reducing fixed expenses aggressively when revenue weakens, as we did in 2008 and 2009.

Low Capital Requirements. Our business model is structured to provide value-added services with low capital intensity. During 2009, our net capital expenditures were less than 1% of our revenue.

Strong Senior Management Team and Workforce. Our most important asset is our people. We have recruited a talented and motivated work force of approximately 29,000 employees worldwide, excluding affiliate offices, who are supported by a strong and deep senior management team consisting of a number of highly-respected executives, most of whom have over 20 years of broad experience in the real estate industry. In addition, we use equity compensation to align the interests of our senior management team with the interests of our stockholders.

Our Business Strategy

We believe we have built the premier integrated global services platform in our industry, which gives us a distinct competitive advantage. We believe that we offer the commercial real estate services industry's most complete suite of services and that we have a leadership position in many of the top business centers around the world. Our primary business objective is to leverage this platform on a global basis in order to garner an increasing share of industry revenues relative to our competitors. We believe this will enable us to maximize our long-term cash flow and sustain our competitive advantage. Our strategy to achieve these business objectives consists of several elements:

Increase Revenue from Large Clients. We plan to capitalize on our client management strategy for our large clients, which is designed to provide them with a full range of services on a global basis while maximizing our revenue per client. We deliver these services through relationship management teams that are charged with thoroughly understanding our customers' business and real estate strategies and matching our services to the customers' requirements. The global relationship manager is a highly seasoned professional who is focused on maximizing revenue per client and who is compensated with a salary and a performance-based bonus. The team leader is supported by salaried professionals with specialized expertise, such as marketing, financial analysis and construction, and, as needed, taps into our field-level transaction professionals for execution of client strategies. We believe this approach to client management will lead to stronger client relationships and enable us to maximize cross-selling opportunities and capture a larger share of our clients' commercial real estate services expenditures. For example:

we generated repeat business in 2009 from approximately 68% of our U.S. real estate sales and leasing clients;

approximately 61% of our corporate services clients today purchase more than one service and, in many cases, more than two; and

the square footage we manage for our 15 largest U.S. asset services clients has grown by approximately 455% since 2001.

Capitalize on Cross-selling Opportunities. We believe cross-selling represents a large growth opportunity within the commercial real estate services industry and we are committed to emphasizing this opportunity across all of our clients, services and regions. We organize dedicated teams to assist and supplement our local market professionals in the pursuit of major assignments and to foster increased cross-selling of the full range of our services. In addition, we have dedicated substantial resources and implemented several initiatives to further develop cross-selling opportunities across our platform, including our intensive training programs for sales and

Table of Contents

management professionals, a customer relationship management database and sales management principles and incentives designed to improve individual productivity. We believe our various initiatives will enable us to further penetrate local markets and better capitalize on our global platform.

Expansion Through Acquisitions. Acquisitions of companies in our core lines of business have been and will continue to be an integral component of our growth plans. From 2003 to 2008, we completed over 50 acquisitions. Most of the companies we acquired were generally quality regional firms or niche specialty firms that complemented our existing platform within a region. Two of the acquisitions, Insignia and Trammell Crow Company, were large relative to the size of the company at the time. We believe that there are a number of other firms in a wide variety of sizes throughout the world that may be suitable acquisition candidates for us and would similarly add to our existing geographic and/or line of business platforms. We evaluate and have dialogue with potential acquisition candidates on an ongoing basis.

Focus on Improving Operating Efficiency. We have been focused for several years on realizing efficiencies and service enhancements from our internal support services and functions, lowering variable expenses such as marketing, travel and entertainment, and reducing total headcount to coincide with decreased revenues. Our efforts have helped to lower operating costs, support profit margins and improve overall performance. For example, beginning in 2008 and continuing through 2009, we took aggressive actions to further improve efficiencies and contain costs in response to weakened macro market conditions. As a result of these actions, operating expenses fell by nearly 21% in 2009 compared to 2008, exceeding the 19% decline in revenue over the same period. These cost reduction efforts resulted in a significantly lower cost base. We will continue to look for ways to realize further operational efficiencies and cost savings in order to maximize our operating margins and cash flow in the future.

RISK FACTORS

Before deciding to tender your outstanding notes in the exchange offer, you should consider the risks described below and the other information included or incorporated by reference in this prospectus. Any of the following risks could materially and adversely affect our business, financial condition or results of operations. Additional risks and uncertainties not currently known to us or those we currently view to be immaterial may also materially and adversely affect our business, financial condition or results of operations. In any such case, the market price of our exchange notes could decline and you could lose all or part of your investment. In addition, we may not be able to make payments of interest and principal on the exchange notes.

Risks Relating to the Exchange Offer

If you do not exchange your outstanding notes in the exchange offer, the transfer restrictions currently applicable to your outstanding notes will remain in force and the market price of your outstanding notes could decline.

If you do not exchange your outstanding notes for exchange notes in the exchange offer, then you will continue to be subject to the transfer restrictions on the outstanding notes as set forth in the offering memorandum distributed in connection with the private offering of the outstanding notes. In general, the outstanding notes may not be offered or sold unless they are registered, or exempt from registration, under the Securities Act (including pursuant to Rule 144 under the Securities Act, as and when available) and applicable state securities laws. Except as required by the registration rights agreement, we do not intend to register resales of the outstanding notes under the Securities Act. You should refer to Prospectus Summary The Exchange Offer and The Exchange Offer for information on how to tender your outstanding notes.

The tender of outstanding notes under the exchange offer will reduce the aggregate principal amount of the outstanding notes, which may have an adverse effect upon, and increase the volatility of, the market prices of the outstanding notes due to reduction in liquidity. In addition, if you do not exchange your outstanding notes in the exchange offer, you will no longer be entitled to exchange your outstanding notes for exchange notes registered under the Securities Act and you will no longer be entitled to have your outstanding notes registered for resale under the Securities Act.

Your ability to transfer the exchange notes may be limited by the absence of an active trading market, and there is no assurance that any active trading market will develop for the exchange notes.

We do not intend to apply for listing of the exchange notes on a securities exchange or market. The exchange notes are a new issue of securities for which there is no established public market. The initial purchasers in the private offering of the outstanding notes have advised us that they intend to make a market in the exchange notes as permitted by applicable laws and regulations; however, the initial purchasers are not obligated to make a market in any of the exchange notes, and they may discontinue their market-making activities at any time without notice. In addition, such market-making activity may be limited during the pendency of the exchange offer. Therefore, an active market for any of the exchange notes may not develop or, if developed, it may not continue. In addition, subsequent to their initial issuance, the exchange notes may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar notes, our performance and other factors.

Risks Relating to the Notes

We may not have the ability to raise the funds necessary to finance a change of control offer.

Upon the occurrence of a change of control triggering event, we will be required to offer to repurchase all of the notes. We cannot assure you that there will be sufficient funds available for us to make any required repurchases of the notes upon a change of control. In addition, our credit agreement provides that the occurrence

Table of Contents

of a change of control constitutes a default. Our failure to purchase tendered notes would constitute a default under the indenture governing the notes, which, in turn, would constitute a default under the credit agreement. See Description of the Notes Change of Control Triggering Event.

A subsidiary guarantee could be voided if it constitutes a fraudulent transfer under U.S. bankruptcy or similar state law, which would prevent the holders of the notes from relying on that subsidiary to satisfy claims.

Under U.S. bankruptcy law and comparable provisions of state fraudulent transfer laws, a subsidiary guarantee can be voided, or claims under the subsidiary guarantee may be subordinated to all other debts of that subsidiary guarantor if, among other things, the subsidiary guarantor, at the time it incurred the indebtedness evidenced by its subsidiary guarantee or, in some states, when payments become due under the subsidiary guarantee, received less than reasonably equivalent value or fair consideration for the incurrence of the subsidiary guarantee and:

was insolvent or rendered insolvent by reason of such incurrence;

was engaged in a business or transaction for which the subsidiary guarantor's remaining assets constituted unreasonably small capital; or

intended to incur, or believed that it would incur, debts beyond its ability to pay those debts as they mature.

A subsidiary guarantee may also be voided, without regard to the above factors, if a court found that the subsidiary guarantor entered into the subsidiary guarantee with the actual intent to hinder, delay or defraud its creditors.

A court would likely find that a subsidiary guarantor did not receive reasonably equivalent value or fair consideration for its subsidiary guarantee if the subsidiary guarantor did not substantially benefit directly or indirectly from the issuance of the notes. If a court were to void a subsidiary guarantee, you would no longer have a claim against the subsidiary guarantor. Sufficient funds to repay the notes may not be available from other sources, including the remaining guarantors, if any. In addition, the court might direct you to repay any amounts that you already received from the subsidiary guarantor.

The measures of insolvency for purposes of fraudulent transfer laws vary depending upon the governing law. Generally, a subsidiary guarantor would be considered insolvent if:

the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all its assets;

the present fair saleable value of its assets were less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they became absolute and mature; or

it could not pay its debts as they became due.

Each subsidiary guarantee will contain a provision intended to limit the subsidiary guarantor's liability to the maximum amount that it could incur without causing the incurrence of obligations under its subsidiary guarantee to be a fraudulent transfer. This provision may not be effective to protect the subsidiary guarantees from being voided under fraudulent transfer law.

The notes will not be guaranteed by all of our subsidiaries.

The notes will not be guaranteed by a number of our subsidiaries. As a result, if we default on our obligations under the notes, you will not have any claims against any of our subsidiaries that do not provide guarantees of the notes. Certain of our foreign subsidiaries are co-borrowers under our credit agreement but do

Table of Contents

not guarantee our obligations thereunder and will not guarantee the notes offered hereby. For the year ended December 31, 2009 and the nine months ended September 30, 2010, revenues of our non-guarantor subsidiaries constituted approximately 41% and 42%, respectively, of our consolidated revenues, and operating income of such non-guarantor subsidiaries was approximately \$100.6 million and \$99.9 million, respectively. As of September 30, 2010, the total assets of such subsidiaries constituted approximately 46% of our consolidated total assets, and the total indebtedness of such subsidiaries was \$685.2 million, of which \$673.8 million is non-recourse to us.

We cannot assure you that an active trading market will develop for the notes.

Prior to this offering, there was no public market for the notes. We have been informed by the initial purchasers that they intend to make a market in the notes after this offering is completed. However, the initial purchasers may cease their market-making activities at any time. In addition, the liquidity of the trading market in the notes and the market price quoted for the notes may be adversely affected by changes in the overall market for high yield securities and by changes in our financial performance or prospects or in the financial performance or prospects of companies in our industry generally. As a result, we cannot assure you that an active trading market will develop or be maintained for the notes. If an active market does not develop or is not maintained, the market price of the notes may decline and the liquidity of the notes may be limited.

Under the indenture that governs the notes offered hereby, we will have had the capacity to make certain payments, including dividends, of up to approximately \$384.7 million as of September 30, 2010.

The indenture that governs the notes offered hereby will limit our ability to make certain payments, including dividends to service parent company debt obligations, loans or investments or the redemption or retirement of any equity interests and indebtedness subordinated to the notes. However, these limitations will be based on a calculation of our net income, equity issuances, receipt of capital contributions and return on certain investments since June 18, 2009, rather than since the date of this offering. Accordingly, after the closing of this offering, based on calculations as of September 30, 2010, we will have the capacity to make certain payments, including dividends to service parent company debt obligations, of up to approximately \$384.7 million (a portion of which is available only upon achievement of a minimum fixed charge coverage test) under the indenture that governs the notes offered hereby. See Description of the Notes Certain Covenants Limitation on Restricted Payments.

Ratings of the notes may affect the market price and marketability of the notes.

The notes are rated by Moody's Investors Service, Inc. and Standard & Poor's Ratings Services. Such ratings are limited in scope, and do not address all material risks relating to an investment in the notes, but rather reflect only the view of each rating agency at the time the rating is issued. An explanation of the significance of such rating may be obtained from such rating agency. There is no assurance that such credit ratings will be issued or remain in effect for any given period of time or that such ratings will not be lowered, suspended or withdrawn entirely by the rating agencies, if, in each rating agency's judgment, circumstances so warrant. It is also possible that such ratings may be lowered in connection with future events, such as future acquisitions. Holders of notes will have no recourse against us or any other parties in the event of a change in or suspension or withdrawal of such ratings. Any lowering, suspension or withdrawal of such ratings may have an adverse effect on the market price or marketability of the notes.

Risks Relating to Our Business

The success of our business is significantly related to general economic conditions and, accordingly, our business has been and could continue to be harmed by the economic slowdown and downturn in real estate asset values, property sales and leasing activities.

Periods of economic weakness or recession, significantly rising interest rates, declining employment levels, declining demand for real estate, declining real estate values, or the public perception that any of these events may occur, may negatively affect the performance of many of our business lines. These economic conditions can result in a general decline in acquisition, disposition and leasing activity, as well as a general decline in the value of real estate and in rents, which in turn reduces revenue from property management fees and brokerage commissions derived from property sales, leases and mortgage brokerage as well as revenues associated with investment management and/or development activities. In addition, these conditions can lead to a decline in property sales prices as well as a decline in funds invested in existing commercial real estate assets and properties planned for development.

Because our development and investment strategy often entails making relatively modest investments alongside our investor clients, our ability to conduct these activities depends in part on the supply of investment capital for commercial real estate and related assets. During an economic downturn, investment capital is usually constrained. During these periods, it may also take longer for us to dispose of real estate investments or the selling prices may be lower than originally anticipated. As a result, the carrying value of our real estate investments may become impaired and we could record losses as a result of such impairment or we could experience reduced profitability related to declines in real estate values. In addition, economic downturns may reduce the amount of loan originations and related servicing by our commercial mortgage brokerage business. Further, as a result of our debt level and the terms of our existing debt instruments, our exposure to adverse general economic conditions is heightened.

During 2008 and 2009, the availability and cost of credit, a declining real estate market (in particular, in those markets in which we have generated significant transaction revenues in the past, such as the United States) and geopolitical issues contributed to increased volatility and diminished expectations for the economy and the markets going forward. These factors, combined with volatile oil prices, declining business and consumer confidence and increased unemployment, precipitated an economic slowdown and a global recession. The fragility of the credit markets and the volatile economic environment impacted real estate services companies like ours through liquidity restrictions, falling transaction volumes, lower real estate valuations, market volatility and fluctuations, and loss of confidence. Similar to other commercial real estate services firms, our transaction volumes fell during 2008 and 2009 and our stock price declined significantly. While the economic decline has abated since 2009, and our business and stock price have begun to recover, negative economic conditions persist and pose significant risks to our business.

These negative general economic conditions could continue to reduce the overall amount of sale and leasing activity in the commercial real estate industry, and hence the demand for our services. We are unable to predict the likely path of recovery from the disruption in financial markets and adverse economic conditions in the United States and other countries experienced in 2008 and 2009. Our revenues and profitability depend on the overall demand for our services from our clients. While it is possible that the increase in the number of distressed sales and resulting decrease in asset prices will eventually translate to greater market activity, the current overall reduction in sales transaction volume from pre-recession levels continues to materially and adversely impact our business.

If the conditions that prevailed in the economy and the commercial real estate market in 2008 and 2009 were to return or worsen in the future, our business performance and profitability could again deteriorate. If this were to occur, we could fail to comply with certain financial covenants in our credit agreement which would force us to seek an amendment with the lenders under our credit agreement, and no assurance can be given that

Table of Contents

we will be able to obtain any necessary waivers or amendments on satisfactory terms, if at all. In addition, in an extreme deterioration of our business, we could have insufficient liquidity to meet our debt service obligations when they come due in future years. If we fail to meet our payment or other obligations under our credit agreement, the lenders under the agreement will be entitled to proceed against the collateral granted to them to secure the debt owed.

Recent adverse developments in the credit markets and the risk of continued market deterioration have adversely affected and may continue to adversely affect our business, results of operations and financial condition.

Our Global Investment Management, Development Services and capital markets (including investment property sales and debt and equity financing services) businesses are sensitive to credit cost and availability as well as marketplace liquidity. Additionally, the revenues in all of our businesses are dependent to some extent on the overall volume of activity (and pricing) in the commercial real estate market. In 2008 and 2009, the credit markets experienced a disruption of unprecedented magnitude. This disruption reduced the availability and significantly increased the cost of most sources of funding. In some cases, these sources were eliminated.

Disruptions in the credit markets adversely affected, and may continue to adversely affect, our business of providing advisory services to owners, investors and occupiers of real estate in connection with the leasing, disposition and acquisition of property. If our clients are unable to procure credit on favorable terms, there may be fewer completed leasing transactions, dispositions and acquisitions of property. In addition, if purchasers of real estate are not able to procure favorable financing resulting in the lack of disposition opportunities for our funds and projects, our Global Investment Management and Development Services businesses will be unable to generate incentive fees and we may also experience losses of co-invested equity capital if the disruption causes a permanent decline in the value of investments made.

The scope of the credit market disruption in late 2008 and early 2009 was well beyond what any market participant anticipated. While the credit market has shown signs of improving since the second half of 2009, liquidity remains constrained and it is impossible to predict when the market will return to normalcy. This uncertainty may lead market participants to continue to act more conservatively than in recent history, which may amplify decreases in demand and pricing in the markets we serve.

Our debt instruments impose operating and financial restrictions on us and, in the event of a default, all of our borrowings would become immediately due and payable.

Our debt instruments, including our credit agreement, impose, and the terms of any future debt may impose, operating and other restrictions on us and many of our subsidiaries. These restrictions will affect, and in many respects will limit or prohibit, our ability and our guarantor subsidiaries' abilities to:

incur or guarantee additional indebtedness;

pay dividends or make distributions on capital stock or redeem or repurchase capital stock;

repurchase equity interests;

make investments;

create restrictions on the payment of dividends or other amounts to us;

transfer or sell assets, including the stock of subsidiaries;

create liens;

enter into transactions with affiliates;

enter into sale/leaseback transactions; and

enter into mergers or consolidations.

Table of Contents

Our credit agreement currently requires us to maintain a minimum coverage ratio of EBITDA (as defined in the credit agreement) to total interest expense of 2.25x and a maximum leverage ratio of total debt less available cash to EBITDA (as defined in the credit agreement) of 3.75x. Our ability to meet these financial ratios can be affected by events beyond our control, and we cannot assure you that we will be able to meet those ratios when required. For example, we experienced a decline in EBITDA during the economic downturn in 2008 to 2009, which negatively impacted our minimum coverage ratio and maximum leverage ratio. However, we significantly reduced our cost structure during 2008 and 2009, and, as a result of these cost reductions, as well as renewed growth in our business, we are well within compliance with the minimum coverage ratio and the maximum leverage ratio under our credit agreement. Our coverage ratio of EBITDA to total interest expense was 6.48x for the twelve months ended September 30, 2010 and our leverage ratio of total debt less available cash to EBITDA was 1.28x as of September 30, 2010. We continue to monitor our projected compliance with these financial ratios and other terms of our credit agreement.

A breach of any of these restrictive covenants or the inability to comply with the required financial ratios could result in a default under our debt instruments. If any such default occurs, the lenders under our credit agreement may elect to declare all outstanding borrowings, together with accrued interest and other fees, to be immediately due and payable. The lenders under our credit agreement also have the right in these circumstances to terminate any commitments they have to provide further borrowings. If we are unable to repay outstanding borrowings when due, the lenders under our credit agreement will have the right to proceed against the collateral granted to them to secure the debt, which collateral is described in the immediately following risk factor. If the debt under our credit agreement were to be accelerated, we cannot give assurance that this collateral would be sufficient to repay our debt.

The restrictions contained in our debt instruments could also:

limit our ability to plan for or react to market conditions or meet capital needs or otherwise restrict our activities or business plans;
and

adversely affect our ability to finance ongoing operations, strategic acquisitions, investments or other capital needs or to engage in other business activities that would be in our interest.

If we fail to meet our payment or other obligations under our credit agreement, the lenders under such credit agreement could foreclose on, and acquire control of, substantially all of our assets.

Our credit agreement is jointly and severally guaranteed by us and substantially all of our domestic subsidiaries. Borrowings under our credit agreement are secured by a pledge of substantially all of the capital stock of our U.S. subsidiaries and 65% of the capital stock of certain non-U.S. subsidiaries. In addition, in connection with any amendment to our credit agreement, we may need to grant additional collateral to the lenders.

Our substantial leverage and debt service obligations could harm our ability to operate our business, remain in compliance with debt covenants and make payments on our debt.

We are highly leveraged and have significant debt service obligations. As of September 30, 2010, our total debt, excluding notes payable on real estate and warehouse lines of credit, was approximately \$1.9 billion. For the year ended December 31, 2009 and the nine months ended September 30, 2010, our interest expense was approximately \$189.1 million and \$149.8 million, respectively. Our level of indebtedness increases the possibility that we may be unable to generate cash sufficient to pay when due the principal of, interest on or other amounts due in respect of our indebtedness. In addition, we may incur additional debt from time to time to finance strategic acquisitions, investments, joint ventures or for other purposes, subject to the restrictions contained in the documents governing our indebtedness. If we incur additional debt, the risks associated with our leverage, including our ability to service our debt, would increase. If we are required to seek an amendment to our credit agreement, our debt service obligations may be substantially increased.

Table of Contents

Our debt could have other important consequences, which include, but are not limited to, the following:

we could be required to use a substantial portion of our cash flow from operations to pay principal and interest on our debt;

our interest expense could increase if interest rates increase because the loans under our credit agreement bear interest at floating rates;

our leverage could increase our vulnerability to general economic downturns and adverse competitive and industry conditions, placing us at a disadvantage compared to those of our competitors that are less leveraged;

our debt service obligations could limit our flexibility in planning for, or reacting to, changes in our business and in the commercial real estate services industry;

our failure to comply with the financial and other restrictive covenants in the documents governing our indebtedness, which, among other things, require us to maintain specified financial ratios and limit our ability to incur additional debt and sell assets, could result in an event of default that, if not cured or waived, results in foreclosure on substantially all of our assets; and

our level of debt may restrict us from raising additional financing on satisfactory terms to fund working capital, strategic acquisitions, investments, joint ventures and other general corporate requirements.

From time to time, Moody's Investors Service, Inc. and Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc. rate our significant outstanding debt. These ratings and any downgrades thereof may impact our ability to borrow under any new agreements in the future, as well as the interest rates and other terms of any future borrowings, and could also cause a decline in the market price of our Class A common stock.

We cannot be certain that our earnings will be sufficient to allow us to pay principal and interest on our debt and meet our other obligations. If we do not have sufficient earnings, we may be required to seek to refinance all or part of our existing debt, sell assets, borrow more money or sell more securities, none of which we can guarantee that we will be able to do and which, if accomplished, may adversely impact our stock price.

We have limited restrictions on the amount of additional recourse debt we are able to incur, which may intensify the risks associated with our leverage, including our ability to service our indebtedness.

Subject to the maximum amounts of indebtedness permitted by our credit agreement covenants, we are not restricted in the amount of additional recourse debt we are able to incur in connection with the financing of our development activities, and we may in the future incur such indebtedness in order to decrease the amount of equity we invest in these activities. Subject to certain covenants in our various bank credit agreements, we are also not restricted in the amount of additional recourse debt CBRE Capital Markets may incur in connection with funding loan originations for multi-family properties having prior purchase commitments by a government sponsored entity.

The deteriorating financial condition and/or results of operations of certain of our clients could adversely affect our business.

We could be adversely affected by the actions and deteriorating financial condition and results of operations of certain of our clients. Our clients include companies in the financial services industry, including commercial banks, investment banks and insurance companies, as well as the automobile industry. Defaults or non-performance by, or even rumors or questions about, one or more financial services institutions, or the financial services industry generally, have led to market-wide liquidity problems and could lead to losses or defaults by one or more of our clients, which in turn, could have a material adverse effect on our results of operations and financial condition.

Table of Contents

Any of our clients may experience a downturn in its business that may weaken its results of operations and financial condition. As a result, a client may fail to make payments when due, become insolvent or declare bankruptcy. For example, in 2008, a significant customer of our outsourcing business, Washington Mutual, was seized by federal regulators and sold to JPMorgan Chase Bank, N.A. Any client bankruptcy or insolvency, or the failure of any client to make payments when due, could result in material losses to our company. In particular, if any of our significant clients becomes insolvent or suffers a downturn in its business, it may seriously harm our business. Bankruptcy filings by or relating to one of our clients could bar us from collecting pre-bankruptcy debts from that client. A client bankruptcy would delay our efforts to collect past due balances and could ultimately preclude full collection of these amounts. Any unsecured claim we hold against a bankrupt entity may be paid only to the extent that funds are available and only in the same percentage as is paid to all other holders of unsecured claims. We may recover substantially less than the full value of any unsecured claims in the event of the bankruptcy of a large client, which would adversely impact our financial condition. We expect that the continuing weakness and volatility in the global economy will put additional financial stress on clients, which may in turn negatively impact our ability to collect our receivables fully or in a timely manner.

Additionally, while no individual client accounted for more than approximately 3% of our revenues on a global basis in 2009, certain corporate services and property management client agreements require that we advance payroll and other vendor costs on behalf of clients. If such a client were to file bankruptcy or otherwise fail, we may not be able to obtain reimbursement for those costs or for the severance obligations we would incur as a result of the loss of the client.

Our goodwill and other intangible assets could become further impaired, which may require us to take significant non-cash charges against earnings.

Under current accounting guidelines, we must assess, at least annually and potentially more frequently, whether the value of our goodwill and other intangible assets has been impaired. Any impairment of goodwill or other intangible assets as a result of such analysis would result in a non-cash charge against earnings, which charge could materially adversely affect our reported results of operations and our stock price. Due to the continuing economic uncertainty and credit crisis, we determined in December 2008 that the negative impact of the current global economic slowdown and resulting decline in our stock price represented an adverse change in our business climate, requiring us to undertake an interim evaluation of our goodwill and other intangible assets for impairment. During the year ended December 31, 2008, we incurred charges of \$1.2 billion in connection with the impairment of goodwill and other non-amortizable intangible assets. We did not record any impairment charges related to goodwill and other non-amortizable intangible assets during the year ended December 31, 2009 or the nine months ended September 30, 2010. As of September 30, 2010, our recorded goodwill was approximately \$1.3 billion; our other intangible assets, net of accumulated amortization, was approximately \$332 million; and our CB Richard Ellis Group, Inc. stockholders' equity was approximately \$773 million. As of September 30, 2010, our book value per share was \$2.39. A significant and sustained decline in our future cash flows, a significant further adverse change in the economic environment, slower growth rates or if our stock price falls below our net book value per share for a sustained period, all could result in the need to perform additional impairment analysis in future periods. If we were to conclude that a future write-down of goodwill or other intangible assets is necessary, then we would record such additional charges, which could materially adversely affect our results of operations.

Our success depends upon the retention of our senior management, as well as our ability to attract and retain qualified and experienced employees (including those acquired through acquisitions).

Our continued success is highly dependent upon the efforts of our executive officers and other key employees, including Brett White, our Chief Executive Officer. Mr. White and certain other key employees are not parties to employment agreements with us. We also are highly dependent upon the retention of our property sales and leasing professionals, who generate a significant majority of our revenues, as well as other revenue producing professionals. The departure of any of our key employees (including those acquired through

Table of Contents

acquisitions), or the loss of a significant number of key revenue producers, if we are unable to quickly hire and integrate qualified replacements, could cause our business, financial condition and results of operations to suffer. In addition, the growth of our business is largely dependent upon our ability to attract and retain qualified support personnel in all areas of our business, including brokerage and property management personnel. Competition for these personnel is intense and we may not be able to successfully recruit, integrate or retain sufficiently qualified personnel. We use equity incentives to retain and incentivize our key personnel. In 2008 and early 2009, our stock price declined significantly, resulting in the decline in value of our previously provided equity incentives, which may result in an increased risk of loss of these key personnel. While our stock price has since began to recover, there can be no assurance that this will continue, or that it will continue at a pace that is sufficient to provide an adequate retention incentive to key personnel. If we are unable to attract and retain these qualified personnel, our growth may be limited and our business and operating results could suffer.

Our international operations subject us to social, political and economic risks of doing business in foreign countries.

We conduct a significant portion of our business and employ a substantial number of people outside of the United States and as a result, we are subject to risks associated with doing business globally. During 2009, we generated approximately 39% of our revenue from operations outside the United States. Circumstances and developments related to international operations that could negatively affect our business, financial condition or results of operations include, but are not limited to, the following factors:

difficulties and costs of staffing and managing international operations in certain regions;

currency restrictions, which may prevent the transfer of capital and profits to the United States;

unexpected changes in regulatory requirements;

potentially adverse tax consequences;

the responsibility of complying with multiple and potentially conflicting laws, e.g., with respect to corrupt practices, employment and licensing;

the impact of regional or country-specific business cycles and economic instability;

the geographic, language and cultural differences among personnel in different areas of the world;

greater difficulty in collecting accounts receivable in some geographic regions such as Asia, where many countries have underdeveloped insolvency laws and clients are often slow to pay, and in some European countries, where clients also tend to delay payments;

political instability; and

foreign ownership restrictions with respect to operations in countries such as China.

Although we maintain an anti-corruption compliance program throughout the company, violations of our compliance program may result in criminal or civil sanctions, including material monetary fines, penalties, equitable remedies, including disgorgement, and other costs against us or our employees, and may have a material adverse effect on our reputation and business.

We have committed additional resources to expand our worldwide sales and marketing activities, to globalize our service offerings and products in selected markets and to develop local sales and support channels. If we are unable to successfully implement these plans, maintain adequate long-term strategies that successfully manage the risks associated with our global business or adequately manage operational fluctuations, our business, financial condition or results of operations could be harmed.

Table of Contents

In addition, our international operations and, specifically, the ability of our non-U.S. subsidiaries to dividend or otherwise transfer cash, including transfers of cash to pay interest and principal on our debt, may be affected by currency exchange control regulations, transfer pricing regulations and potentially adverse tax consequences, among other things.

Our revenue and earnings may be adversely affected by foreign currency fluctuations.

Our revenue from non-U.S. operations is denominated primarily in the local currency where the associated revenue was earned. During 2009, approximately 39% of our revenue was transacted in currencies of foreign countries, the majority of which included the Euro, the British pound sterling, the Canadian dollar, the Hong Kong dollar, the Japanese yen, the Singapore dollar, the Australian dollar and the Indian rupee. Thus, we may experience fluctuations in revenues and earnings because of corresponding fluctuations in foreign currency exchange rates.

We have made significant acquisitions of non-U.S. companies and we may acquire additional foreign companies in the future. As we increase our foreign operations, fluctuations in the value of the U.S. dollar relative to the other currencies in which we may generate earnings could adversely affect our business, financial condition and operating results. Due to the constantly changing currency exposures to which we are subject and the volatility of currency exchange rates, we cannot predict the effect of exchange rate fluctuations upon future operating results. In addition, fluctuations in currencies relative to the U.S. dollar may make it more difficult to perform period-to-period comparisons of our reported results of operations.

From time to time, our management uses currency hedging instruments, including foreign currency forward and option contracts and borrows in foreign currencies. Economic risks associated with these hedging instruments include unexpected fluctuations in inflation rates, which impact cash flow and unexpected changes in the underlying net asset position.

Our growth has benefited significantly from acquisitions, which may not be available in the future.

A significant component of our growth has occurred through acquisitions, including our acquisition of Insignia in July 2003 and our acquisition of Trammell Crow Company in December 2006. Any future growth through acquisitions will be partially dependent upon the continued availability of suitable acquisition candidates at favorable prices and upon advantageous terms and conditions, which may not be available to us, as well as sufficient liquidity and credit to fund these acquisitions. We may incur significant additional debt from time to time to finance any such acquisitions, subject to the restrictions contained in the documents governing our indebtedness. If we incur additional debt, the risks associated with our leverage, including our ability to service our debt, would increase. In addition, acquisitions involve risks that business judgments concerning the value, strengths and weaknesses of businesses acquired will prove incorrect. Future acquisitions and any necessary related financings also may involve significant transaction-related expenses. For example, we incurred \$200.9 million of transaction-related expenditures in connection with our acquisition of Insignia in 2003 and \$196.6 million of transaction-related expenditures in connection with our acquisition of Trammell Crow Company in 2006. Transaction-related expenditures include severance costs, lease termination costs, transaction costs, deferred financing costs and merger-related costs, among others. We incurred our final transaction expenditures with respect to the Insignia acquisition in the third quarter of 2004 and the Trammell Crow Company acquisition in the fourth quarter of 2007.

If we acquire companies in the future, we may experience integration costs and the acquired businesses may not perform as we expect.

We have had, and may continue to experience, difficulties in integrating operations and accounting systems acquired from other companies. These challenges include the diversion of management's attention from other business concerns and the potential loss of our key employees or those of the acquired operations. We believe

Table of Contents

that most acquisitions will initially have an adverse impact on operating and net income. Acquisitions also frequently involve significant costs related to integrating information technology, accounting and management services and rationalizing personnel levels. In connection with the Insignia acquisition, we incurred \$41.9 million of expenses, which are related to the integration of Insignia's business lines, as well as accounting and other systems, into our own. Additionally, we have incurred \$61.4 million of integration expenses associated with the acquisition of Trammell Crow Company through September 30, 2010.

If we are unable to fully integrate the accounting and other systems of the businesses we acquire, we may not be able to effectively manage them. Moreover, the integration process itself may be disruptive to our business as it requires coordination of geographically diverse organizations and implementation of new accounting and information technology systems.

If the properties that we manage fail to perform, then our financial condition and results of operations could be harmed.

The revenue we generate from our asset services line of business is generally a percentage of aggregate rent collections from properties, although many management agreements provide for a specified minimum management fee. Accordingly, our success partially depends upon the performance of the properties we manage. The performance of these properties will depend upon the following factors, among others, many of which are partially or completely outside of our control:

our ability to attract and retain creditworthy tenants;

the magnitude of defaults by tenants under their respective leases;

our ability to control operating expenses;

governmental regulations, local rent control or stabilization ordinances which are in, or may be put into, effect;

various uninsurable risks;

financial conditions prevailing generally and in the areas in which these properties are located;

the nature and extent of competitive properties; and

the real estate market generally.

Our real estate investment and co-investment activities subject us to real estate investment risks which could cause fluctuations in earnings and cash flow.

An important part of the strategy for our Global Investment Management business involves investing our capital in certain real estate investments with our clients. As of September 30, 2010, we had committed \$20.3 million to fund future co-investments, \$6.5 million of which is expected to be funded during 2010. In addition to required future capital contributions, some of the co-investment entities may request additional capital from us and our subsidiaries holding investments in those assets, and the failure to provide these contributions could have adverse consequences to our interests in these investments. These adverse consequences could include damage to our reputation with our co-investment partners and clients, as well as the necessity of obtaining alternative funding from other sources that may be on disadvantageous terms for us and the other co-investors. Providing co-investment financing is a very important part of our Global Investment Management business, which would suffer if we were unable to make these investments. Although our debt instruments contain restrictions that limit our ability to provide capital to the entities holding direct or indirect interests in co-investments, we may provide this capital in many instances.

Table of Contents

Selective investment in real estate projects is an important part of our Development Services business strategy and there is an inherent risk of loss of our investment. As of September 30, 2010, we had approximately 50 consolidated real estate projects with invested equity of \$33.7 million and \$3.5 million of notes payable on real estate that are recourse to us (in addition to being recourse to the single-purpose entity that holds the real estate asset and is the primary obligor on the note payable). In addition, at September 30, 2010, we were involved as a principal (in most cases, co-investing with our clients) in approximately 45 unconsolidated real estate subsidiaries with invested equity of \$26.3 million and had committed additional capital to these unconsolidated subsidiaries of \$27.2 million. We also guaranteed notes payable of these unconsolidated subsidiaries of \$1.7 million, excluding guarantees for which we have outstanding liabilities accrued on our consolidated balance sheet.

During the ordinary course of our Development Services business, we provide numerous completion and budget guarantees relating to development projects. Each of these guarantees requires us to complete the relevant project within a specified timeframe and/or within a specified budget, with us potentially being liable for costs to complete in excess of such timeframe or budget. While we generally have guaranteed maximum price contracts with reputable general contractors with respect to projects for which we provide these guarantees (which are intended to pass most of the risk to such contractors), there can be no assurance that we will not have to perform under any such guarantees. If we are required to perform under a significant number of such guarantees, it could harm our business, results of operations and financial condition.

Because the disposition of a single significant investment can impact our financial performance in any period, our real estate investment activities could increase fluctuations in our net earnings and cash flow. In many cases, we have limited control over the timing of the disposition of these investments and the recognition of any related gain or loss. The current economic environment has further reduced opportunities for disposition of these investments. Risks associated with these activities include, but are not limited to, the following:

losses from investments;

difficulties associated with international co-investments described in Our international operations subject us to social, political and economic risks of doing business in foreign countries and Our revenue and earnings may be adversely affected by foreign currency fluctuations; and

potential lack of control over the disposition of any co-investments and the timing of the recognition of gains, losses or potential incentive participation fees.

Poor performance of the investment programs that our Global Investment Management business manages would cause a decline in our revenue, net income and cash flow and could adversely affect our ability to raise capital for future programs.

In the event that any of the investment programs that our Global Investment Management business manages were to perform poorly, our revenue, net income and cash flow could decline because the value of the assets we manage would decrease, which would result in a reduction in some of our management fees, and our investment returns would decrease, resulting in a reduction in the incentive compensation we earn. Moreover, we could experience losses on co-investments of our own capital in such programs as a result of poor performance. Investors and potential investors in our programs continually assess our performance, and our ability to raise capital for existing and future programs will depend on our continued satisfactory performance. Poor performance could make it more difficult for us to raise new capital and maintain our current fee structure.

Table of Contents

We are subject to substantial litigation risks and may face significant liabilities and damage to our professional reputation as a result of litigation allegations and negative publicity.

The investment decisions we make in our Global Investment Management business and the activities of our investment professionals on behalf of our clients may subject them and us to the risk of third-party litigation arising from investor dissatisfaction with the performance of our programs and a variety of other litigation claims, including allegations that we improperly exercised judgment, discretion, control or influence over client investments or that we breached fiduciary duties to clients.

To the extent investors in our programs suffer losses resulting from fraud, gross negligence, willful misconduct or other similar misconduct, investors may have remedies against us, our investment programs or funds or our employees under the federal securities law and state law. Moreover, we are exposed to risks of litigation or investigation by investors and regulators relating to allegations of our having engaged in transactions involving conflicts of interest that were not properly addressed.

We depend on our business relationships and our reputation for integrity and high-caliber professional services to attract and retain clients across our overall business, as well as investors for our Global Investment Management business. As a result, allegations by private litigants or regulators of improper conduct by us, whether the ultimate outcome is favorable or unfavorable to us, as well as negative publicity and press speculation about us or our investment activities, whether or not valid, may harm our reputation and damage our business prospects both in our Global Investment Management business and our other global businesses. In addition, if any lawsuits were brought against us and resulted in a finding of substantial legal liability, it could materially, adversely affect our business, financial condition or results of operations or cause significant reputational harm to us, which could materially impact our business.

Our joint venture activities involve unique risks that are often outside of our control which, if realized, could harm our business.

We have utilized joint ventures for commercial investments and local brokerage and other affiliations both in the United States and internationally, and although we currently have no specific plans to do so, we may acquire minority interests in other joint ventures in the future. In many of these joint ventures, we may not have the right or power to direct the management and policies of the joint ventures and other participants may take action contrary to our instructions or requests and against our policies and objectives. In addition, the other participants may become bankrupt or have economic or other business interests or goals that are inconsistent with ours. If a joint venture participant acts contrary to our interest, it could harm our business, results of operations and financial condition.

We have numerous significant competitors and potential future competitors, some of which may have greater financial and operational resources than we do.

We compete across a variety of business disciplines within the commercial real estate services industry, including investment management, tenant representation, corporate services, construction and development management, property management, agency leasing, valuation and commercial mortgage brokerage. With respect to each of our business disciplines, we cannot give assurance that we will be able to continue to compete effectively or maintain our current fee arrangements or margin levels or that we will not encounter increased competition. Each of the business disciplines in which we compete is highly competitive on an international, national, regional and local level. Although we are the largest commercial real estate services firm in the world in terms of 2009 revenue, our relative competitive position varies significantly across product and service categories and geographic areas. Depending on the product or service, we face competition from other real estate service providers, in-house corporate real estate departments, developers, institutional lenders, insurance companies, investment banking firms, investment managers, and accounting and consulting firms, some of which may have greater financial resources than we do. In addition, future changes in laws could lead to the entry of

Table of Contents

other competitors, such as financial institutions. Many of our competitors are local or regional firms. Although substantially smaller than us, some of these competitors are larger on a local or regional basis. We are also subject to competition from other large national and multi-national firms that have similar service competencies to ours. There has been a significant increase in recent years in real estate ownership by REITs, many of which self-manage most of their real estate assets. Continuation of this trend could shrink the asset base available to be managed by third-party service providers and thereby decrease the demand for our services. In general, there can be no assurance that we will be able to compete effectively, to maintain current fee levels or margins, or maintain or increase our market share.

A significant portion of our operations are concentrated in California and our business could be harmed due to the ongoing economic downturn in the California real estate markets.

For the year ended December 31, 2009 and the nine months ended September 30, 2010, approximately 10% of our revenue was generated from transactions originating in California. As a result of the geographic concentration in California, the current economic downturn in the California commercial real estate market and in the local economies in San Diego, Los Angeles and Orange County could harm our results of operations. Negative conditions in these or other significant commercial real estate submarkets could disproportionately affect our business as compared to competitors who have less or different geographic concentrations.

Our results of operations vary significantly among quarters during each calendar year, which makes comparisons of our quarterly results difficult.

A significant portion of our revenue is seasonal. Historically, this seasonality has caused our revenue, operating income, net income and cash flow from operating activities to be lower in the first two quarters and higher in the third and fourth quarters of each year. The concentration of earnings and cash flow in the fourth quarter is due to an industry-wide focus on completing transactions toward the fiscal year-end.

This has historically resulted in lower profits or a loss in the first and second quarters, with profits growing (or losses decreasing) in each subsequent quarter. This variance among quarters during each calendar year makes comparison between such quarters difficult, but does not generally affect the comparison of the same quarters during different calendar years.

We license the use of the Trammell Crow trade name and this license is not exclusive and may be revoked.

We have a license agreement with an affiliate of Crow Holdings that allows us to use the name Trammell Crow perpetually throughout the world in any business except the residential real estate business, although we can use this name in serving certain mixed-use properties or in providing investment sales brokerage services to buyers and sellers of multi-family residential facilities. This license can be revoked if we fail to maintain certain quality standards or infringe upon certain of the licensor's intellectual property rights. If we lose the right to use the Trammell Crow name, our Development Services business could suffer significantly.

The license agreement permits certain existing uses of the name Trammell Crow by affiliates of Crow Holdings. The use of the Trammell Crow name or other similar names by other parties may create confusion or reduce the value associated with the Trammell Crow name.

If we fail to comply with laws and regulations applicable to us in our role as a real estate broker, mortgage broker, property/facility manager or developer, we may incur significant financial penalties.

We are subject to numerous federal, state, local and non-U.S. laws and regulations specific to the services we perform in our business, as well as laws of broader applicability, such as tax, securities and employment laws. Brokerage of real estate sales and leasing transactions and the provision of property management and valuation services require us to maintain applicable licenses in each U.S. state in which we perform these services. If we

Table of Contents

fail to maintain our licenses or conduct these activities without a license, or violate any of the regulations covering our licenses, we may be required to pay fines (including treble damages in certain states) or return commissions received or have our licenses suspended or revoked. In addition, our indirect wholly-owned subsidiary, CBRE Investors, is subject to laws and regulations as a registered investment advisor and compliance failures or regulatory action could adversely affect our business. As the size and scope of commercial real estate transactions have increased significantly during the past several years, both the difficulty of ensuring compliance with numerous state licensing regimes and the possible loss resulting from non-compliance have increased. Furthermore, the laws and regulations applicable to our business, both within and outside of the United States, also may change in ways that increase the costs of compliance.

We may have liabilities in connection with real estate brokerage and property management activities.

As a licensed real estate broker, we and our licensed employees are subject to regulatory due diligence, disclosure and standard-of-care obligations. Failure to fulfill these obligations could subject us or our employees to litigation from parties who purchased, sold or leased properties that we or they brokered or managed. We could become subject to claims by participants in real estate sales, as well as building owners and companies for whom we provide management services, claiming that we did not fulfill our regulatory and fiduciary obligations.

In addition, in our property management business, we hire and supervise third-party contractors to provide construction and engineering services for our managed properties. While our role is limited to that of an agent for the owner, we may be subject to claims for construction defects or other similar actions. Adverse outcomes of real estate brokerage or property management litigation could negatively impact our business, financial condition or results of operations.

We may be subject to environmental liability as a result of our role as a property or facility manager or developer of real estate.

Various laws and regulations impose liability on real property owners or operators for the cost of investigating, cleaning up or removing contamination caused by hazardous or toxic substances at a property. In our role as a property or facility manager or developer, we could be held liable as an operator for such costs. This liability may be imposed without regard to the legality of the original actions and without regard to whether we knew of, or were responsible for, the presence of the hazardous or toxic substances. Liability under some of these laws may be joint and several, meaning that one liable party could be held responsible for all costs related to a contaminated site despite the existence of other liable parties. If we fail to disclose environmental issues, we could also be liable to a buyer or lessee of a property. In addition, some environmental laws create a lien on the contaminated site in favor of the government for damages and costs incurred in connection with the contamination. If we incur any such liability, our business could suffer significantly as it could be difficult for us to develop or sell such properties, or borrow funds using such properties as collateral. Additionally, liabilities incurred to comply with more stringent future environmental requirements could adversely affect any or all of our lines of business.

- (3) On April 28, 2006, our board of directors approved a three-for-one stock split of our Class A common stock effected as a 100% stock dividend, which was distributed on June 1, 2006. The applicable share and per share data for all periods presented has been restated to give effect to this stock split.
- (4) Includes EBITDA related to discontinued operations of \$6.5 million and \$16.9 million for the years ended December 31, 2007 and 2008, respectively, and \$15.3 million for the nine months ended September 30, 2010.

EBITDA represents earnings before net interest expense, write-off of financing costs, income taxes, depreciation and amortization. Our management believes EBITDA is useful in evaluating our operating performance compared to that of other companies in our industry because the calculation of EBITDA generally eliminates the effects of financing and income taxes and the accounting effects of capital spending and acquisitions, which would include impairment charges of goodwill and intangibles created from acquisitions. Such items may vary for different companies for reasons unrelated to overall operating performance. As a result, our management uses EBITDA as a measure to evaluate the operating performance of our various business segments and for other discretionary purposes, including as a significant component when measuring our operating performance under our employee incentive programs. Additionally, we believe EBITDA is useful to investors to assist them in getting a more accurate picture of our results from operations.

However, EBITDA is not a recognized measurement under U.S. generally accepted accounting principles, or GAAP, and when analyzing our operating performance, readers should use EBITDA in addition to, and not as an alternative for, net income as determined in accordance with GAAP. Because not all companies use identical calculations, our presentation of EBITDA may not be comparable to similarly titled measures of other companies. Furthermore, EBITDA is not intended to be a measure of free cash flow for our management's discretionary use, as it does not consider certain cash requirements such as tax and debt service payments. The amounts shown for EBITDA also differ from the amounts calculated under similarly titled definitions in our debt instruments, which are further adjusted to reflect certain other cash and non-cash charges and are used to determine compliance with financial covenants and our ability to engage in certain activities, such as incurring additional debt and making certain restricted payments.

THE EXCHANGE OFFER

General

We are offering to exchange a like principal amount of exchange notes for any or all outstanding notes on the terms and subject to the conditions set forth in this prospectus and accompanying letter of transmittal. We refer to the offer as the exchange offer. You may tender some or all of your outstanding notes pursuant to the exchange offer.

As of the date of this prospectus, \$350,000,000 aggregate principal amount of 6.625% Senior Notes due 2020 is outstanding. This prospectus, together with the letter of transmittal, is first being sent to all registered holders of outstanding notes known to us on or about _____, 2010. Our obligation to accept outstanding notes for exchange pursuant to the exchange offer is subject to the satisfaction or waiver of certain conditions set forth under Conditions to the Exchange Offer below. We anticipate that each of the conditions will be satisfied and that no waivers will be necessary.

Purpose and Effect of the Exchange Offer

In connection with the private offering and sale of the outstanding notes, we and the guarantors of the notes entered into a registration rights agreement with the initial purchasers of the outstanding notes in which we agreed, under certain circumstances, to file a registration statement relating to an offer to exchange the outstanding notes for exchange notes. The following description of the registration rights agreement is only a brief summary of the agreement. It does not purport to be complete and is qualified in its entirety by reference to all of the terms, conditions and provisions of the registration rights agreement. For further information, please refer to the registration rights agreement attached as an exhibit to our Current Report on Form 8-K filed with the SEC on October 12, 2010. We also agreed to use our reasonable best efforts to cause a registration statement relating to the exchange notes to be declared effective within 270 days after the issuance date of the outstanding notes and to cause the exchange offer to be consummated within 310 days after the issuance date of the outstanding notes. The form and terms of the exchange will be identical in all material respects to the form and terms of the outstanding notes, except that the exchange notes will be registered under the Securities Act, and will not contain terms with respect to transfer restrictions, registration rights and additional payments upon a failure to fulfill certain of our obligations under the registration rights agreement. The outstanding notes were issued on October 8, 2010.

Pursuant to the registration rights agreement and under the circumstances set forth below, we and the guarantors of the notes will use our reasonable best efforts to cause the SEC to declare effective a shelf registration statement with respect to the resale of the outstanding notes within the time periods specified in the registration rights agreement and to keep the shelf registration statement effective for up to two years after the effective date of the shelf registration statement. These circumstances include:

if we determine that this exchange offer is not permitted or may not be completed as soon as practicable after the last date for acceptance of exchange because it would violate any applicable law or applicable interpretations of the staff of the SEC;

if for any other reason the exchange offer is not consummated within 310 days after the issuance date of the outstanding notes;

upon receipt of a written request from any initial purchaser representing that it holds outstanding notes that are or were ineligible to be exchanged in this exchange offer;

any holder is prohibited by law or SEC policy from participating in the exchange offer and the holder requests that a shelf registration statement be filed; or

any holder that participates in the exchange offer and does not receive freely tradable exchange notes on the day of the exchange and the holder requests that a shelf registration statement be filed.

Table of Contents

If we fail to comply with specified obligations under the registration rights agreement, we will be required to pay additional interest to holders of the outstanding notes. These obligations include:

the obligation to cause the exchange offer registration statement or a shelf registration statement, if required, to be filed within the applicable timeframes required by the registration rights agreement;

the obligation to cause the exchange offer registration statement or a shelf registration statement, if required, to be declared effective within the applicable timeframes required by the registration rights agreement;

the obligation to consummate the exchange offer within 40 days after the SEC declares the registration statement effective; and

the obligation to keep the exchange offer registration statement or the shelf registration statement, as the case may be, effective and usable during the periods specified in the registration rights agreement.

If you wish to exchange your outstanding notes for exchange notes in the exchange offer, you will be required to make the following written representations:

you will acquire the exchange notes in the ordinary course of your business;

at the time of the commencement of the exchange offer, you have no arrangement or understanding with any person to participate in the distribution (within the meaning of the Securities Act) of the exchange notes in violation of the provisions of the Securities Act;

you are not our affiliate or an affiliate of any guarantor of the notes, as defined by Rule 405 of the Securities Act, or if you are an affiliate, you will comply with the registration and prospectus delivery requirements of the Securities Act to the extent applicable; and

you are not engaged in, and do not intend to engage in, a distribution of exchange notes.

Each broker-dealer that receives exchange notes for its own account in exchange for outstanding notes, where the broker-dealer acquired the outstanding notes as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. See Plan of Distribution.

Resale of Exchange Notes

Based on interpretations by the SEC set forth in no-action letters issued to third parties, we believe that you may resell or otherwise transfer exchange notes issued in the exchange offer without complying with the registration and prospectus delivery provisions of the Securities Act, if:

you are acquiring the exchange notes in the ordinary course of your business;

you do not have an arrangement or understanding with any person to participate in a distribution of the exchange notes;

Edgar Filing: CB RICHARD ELLIS INVESTORS INC - Form S-4

you are not our affiliate or an affiliate of any guarantor of the notes as defined by Rule 405 of the Securities Act; and

you are not engaged in, and do not intend to engage in, a distribution of the exchange notes.

Table of Contents

If you are our affiliate, or are engaging in, or intend to engage in, or have any arrangement or understanding with any person to participate in, a distribution of the exchange notes, or are not acquiring the exchange notes in the ordinary course of your business, then:

you cannot rely on the position of the SEC set forth in *Morgan Stanley & Co. Incorporated* (available June 5, 1991) and *Exxon Capital Holdings Corporation* (available May 13, 1988), as interpreted in the SEC's letter to *Shearman & Sterling*, dated July 2, 1993, or similar no-action letters; and

in the absence of an exception from the position stated immediately above, you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale of the exchange notes.

This prospectus may be used for an offer to resell, or for the resale or other transfer of exchange notes only as specifically set forth in this prospectus. With regard to broker-dealers, only broker-dealers that acquired the outstanding notes as a result of market-making activities or other trading activities may participate in the exchange offer. Each broker-dealer that receives exchange notes for its own account in exchange for outstanding notes where such outstanding notes were acquired by such broker-dealer as a result of market-making activities or other trading activities must acknowledge that it will deliver a prospectus in connection with any resale of the exchange notes. Please read Plan of Distribution for more details regarding the transfer of exchange notes.

Terms of the Exchange Offer

On the terms and subject to the conditions set forth in this prospectus and in the accompanying letters of transmittal, we will accept for exchange in the exchange offer any outstanding notes that are validly tendered and not validly withdrawn prior to the expiration date. Outstanding notes may only be tendered in denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000. We will issue \$2,000 principal amount or an integral multiple of \$1,000 of exchange notes in exchange for a corresponding principal amount of outstanding notes surrendered in the exchange offer. In exchange for each outstanding note surrendered in the exchange offer, we will issue exchange notes with a like principal amount.

The form and terms of the exchange notes will be identical in all material respects to the form and terms of the outstanding notes, except that the exchange notes will be registered under the Securities Act and will not contain terms with respect to transfer restrictions, registration rights and additional payments upon a failure to fulfill certain of our obligations under the registration rights agreement. The exchange notes will be issued under and entitled to the benefits of the indenture that authorized the issuance of the outstanding notes. For a description of the indenture, see Description of the Notes.

The exchange offer is not conditioned upon any minimum aggregate principal amount of outstanding notes being tendered for exchange.

As of the date of this prospectus, \$350,000,000 aggregate principal amount of the 6.625% Senior Notes due 2020 is outstanding. This prospectus and the letters of transmittal are being sent to all registered holders of outstanding notes. There will be no fixed record date for determining registered holders of outstanding notes entitled to participate in the exchange offer.

We intend to conduct the exchange offer in accordance with the provisions of the registration rights agreement, the applicable requirements of the Securities Act and the Securities Exchange Act of 1934, as amended (the *Exchange Act*), and the rules and regulations of the SEC. Outstanding notes that are not tendered for exchange in the exchange offer will remain outstanding and continue to accrue interest and will be entitled to the rights and benefits that such holders have under the indenture relating to such holders' series of outstanding notes and the registration rights agreement, except we will not have any further obligations to provide for the registration of the outstanding notes under the registration rights agreement.

Table of Contents

We will be deemed to have accepted for exchange properly tendered outstanding notes when we have given written notice of the acceptance to the exchange agent. The exchange agent will act as agent for the tendering holders for the purposes of receiving the exchange notes from us and delivering exchange notes to holders. Subject to the terms of the registration rights agreement, we expressly reserve the right to amend or terminate the exchange offer and to refuse to accept outstanding notes for exchange upon the occurrence of any of the conditions specified below under **Conditions to the Exchange Offer**.

If you tender your outstanding notes in the exchange offer, you will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes with respect to the exchange of outstanding notes. We will pay all charges and expenses, other than certain applicable taxes described below, in connection with the exchange offer. It is important that you read **Fees and Expenses** below for more details regarding fees and expenses incurred in the exchange offer.

Expiration Date; Extensions, Amendments

As used in this prospectus, the term **expiration date** means 5:00 p.m., New York City time, on _____, 2011. However, if we, in our sole discretion, extend the period of time for which the exchange offer is open, the term **expiration date** will mean the latest time and date to which we shall have extended the expiration of such exchange offer.

To extend the period of time during which an exchange offer is open, we will notify the exchange agent of any extension by written notice, followed by notification by press release or other public announcement to the registered holders of the outstanding notes no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date.

We reserve the right, in our sole discretion:

to delay accepting for exchange any outstanding notes (only in the case that we amend or extend the exchange offer);

to extend the exchange offer or to terminate the exchange offer if any of the conditions set forth below under **Conditions to the Exchange Offer** have not been satisfied by giving written notice of such delay, extension or termination to the exchange agent; and

subject to the terms of the registration rights agreement, to amend the terms of the exchange offer in any manner. In the event of a material change in the exchange offer, including the waiver of a material condition, we will extend the offer period, if necessary, so that at least five business days remain in such offer period following notice of the material change.

Any delay in acceptance, extension, termination or amendment will be followed as promptly as practicable by written notice to the registered holders of the outstanding notes. If we amend an exchange offer in a manner that we determine to constitute a material change, we will promptly disclose the amendment in a manner reasonably calculated to inform the holders of applicable outstanding notes of that amendment.

Conditions to the Exchange Offer

Despite any other term of the exchange offer, we will not be required to accept for exchange, or to issue exchange notes in exchange for, any outstanding notes, and we may terminate or amend the exchange offer as provided in this prospectus prior to the expiration date if in our reasonable judgment:

the exchange offer, or the making of any exchange by a holder violates any applicable law or interpretation of the SEC;

Table of Contents

any action or proceeding has been instituted or threatened in writing in any court or by or before any governmental agency with respect to the exchange offer that, in our judgment, would reasonably be expected to impair our ability to proceed with the exchange offer.

In addition, we will not be obligated to accept for exchange the outstanding notes of any holder that has not made to us:

the representations described under Purpose and Effect of the Exchange Offer and Procedures for Tendering Outstanding Notes and Plan of Distribution; and

any other representations as may be reasonably necessary under applicable SEC rules, regulations, or interpretations to make available to us an appropriate form for registration of the exchange notes under the Securities Act.

We expressly reserve the right at any time or at various times to extend the period of time during which the exchange offer is open.

Consequently, we may delay acceptance of any outstanding notes by giving oral or written notice of such extension to their holders. We will return any outstanding notes that we do not accept for exchange for any reason without expense to their tendering holder promptly after the expiration or termination of the exchange offer.

We expressly reserve the right to amend or terminate the exchange offer and to reject for exchange any outstanding notes not previously accepted for exchange upon the occurrence of any of the conditions of the exchange offer specified above. We will give oral or written notice of any extension, amendment, non-acceptance or termination to the holders of the outstanding notes as promptly as practicable. In the case of any extension, such notice will be issued no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date.

These conditions are for our sole benefit, and we may assert them regardless of the circumstances that may give rise to them or waive them in whole or in part at any or at various times prior to the expiration date in our sole discretion. If we fail at any time to exercise any of the foregoing rights, this failure will not constitute a waiver of such right. Each such right will be deemed an ongoing right that we may assert at any time or at various times prior to the expiration date.

In addition, we will not accept for exchange any outstanding notes tendered, and will not issue exchange notes in exchange for any such outstanding notes, if at such time any stop order is threatened or in effect with respect to the registration statement of which this prospectus constitutes a part or the qualification of the indenture under the Trust Indenture Act of 1939, as amended.

Procedures for Tendering Outstanding Notes

To tender your outstanding notes in the exchange offer, you must comply with either of the following:

complete, sign and date the letter of transmittal or a facsimile of the letter of transmittal, have the signature(s) on the letter of transmittal guaranteed if required by the letter of transmittal and mail or deliver such letter of transmittal or facsimile thereof to the exchange agent at the address set forth below under Exchange Agent Notes prior to the expiration date; or

comply with DTC's Automated Tender Offer Program procedures described below.

In addition, you will comply with either of the following conditions:

the exchange agent must receive certificates for outstanding notes along with the letter of transmittal prior to the expiration date;

Table of Contents

the exchange agent must receive a timely confirmation of book-entry transfer of outstanding notes into the exchange agent's account at DTC according to the procedures for book-entry transfer described below or a properly transmitted agent's message prior to the expiration date; or

you must comply with the guaranteed delivery procedures described below.

Your tender, if not withdrawn prior to the expiration date, constitutes an agreement between us and you upon the terms and subject to the conditions described in this prospectus and in the letter of transmittal.

The method of delivery of outstanding notes, letters of transmittal and all other required documents to the exchange agent is at your election and risk. We recommend that instead of delivery by mail, you use an overnight or hand delivery service, properly insured. In all cases, you should allow sufficient time to assure timely delivery to the exchange agent before the expiration date. You should not send letters of transmittal or certificates representing outstanding notes to us. You may request that your broker, dealer, commercial bank, trust company or nominee effect the above transactions for you.

If you are a beneficial owner whose outstanding notes are held in the name of a broker, dealer, commercial bank, trust company, or other nominee and you wish to tender your outstanding notes, you should promptly instruct the registered holder to tender outstanding notes on your behalf. If you wish to tender the outstanding notes yourself, you must, prior to completing and executing the letter of transmittal and delivering your outstanding notes, either:

make appropriate arrangements to register ownership of the outstanding notes in your name; or

obtain a properly completed bond power from the registered holder of outstanding notes.

The transfer of registered ownership may take considerable time and may not be able to be completed prior to the expiration date.

Signatures on the letter of transmittal or a notice of withdrawal, as the case may be, must be guaranteed by a member firm of a registered national securities exchange or of the Financial Industry Regulatory Authority, a commercial bank or trust company having an office or correspondent in the United States or another eligible guarantor institution within the meaning of Rule 17A(d)-15 under the Exchange Act unless the outstanding notes surrendered for exchange are tendered:

by a registered holder of the outstanding notes who has not completed the box entitled "Special Registration Instructions" or "Special Delivery Instructions" on the letter of transmittal; or

for the account of an eligible guarantor institution.

If the letter of transmittal is signed by a person other than the registered holder of any outstanding notes listed on the outstanding notes, such outstanding notes must be endorsed or accompanied by a properly completed bond power. The bond power must be signed by the registered holder as the registered holder's name appears on the outstanding notes and an eligible guarantor institution must guarantee the signature on the bond power.

If the letter of transmittal or any certificates representing outstanding notes or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations, or others acting in a fiduciary or representative capacity, those persons should also indicate when signing and, unless waived by us, they should also submit evidence satisfactory to us of their authority to so act.

Table of Contents

The exchange agent and DTC have confirmed that any financial institution that is a participant in DTC's system may use DTC's Automated Tender Offer Program to tender. Participants in the program may, instead of physically completing and signing the letter of transmittal and delivering it to the exchange agent, electronically transmit their acceptance of the exchange by causing DTC to transfer the outstanding notes to the exchange agent in accordance with DTC's Automated Tender Offer Program procedures for transfer. DTC will then send an agent's message to the exchange agent. The term "agent's message" means a message transmitted by DTC, received by the exchange agent and forming part of the book-entry confirmation, which states that:

DTC has received an express acknowledgment from a participant in its Automated Tender Offer Program that is tendering outstanding notes that are the subject of the book-entry confirmation;

the participant has received and agrees to be bound by the terms of the letter of transmittal, or in the case of an agent's message relating to guaranteed delivery, that such participant has received and agrees to be bound by the notice of guaranteed delivery; and

we may enforce that agreement against such participant.

DTC is referred to herein as a "book-entry transfer facility."

Acceptance of Exchange Notes

In all cases, we will promptly issue exchange notes for outstanding notes that we have accepted for exchange under the exchange offer only after the exchange agent timely receives:

outstanding notes or a timely book-entry confirmation of such outstanding notes into the exchange agent's account at the book-entry transfer facility; and

a properly completed and duly executed letter of transmittal and all other required documents or a properly transmitted agent's message.

By tendering outstanding notes pursuant to the exchange offer, you will represent to us that, among other things:

you are not our "affiliate" or an "affiliate" of any guarantor of the notes within the meaning of Rule 405 under the Securities Act;

you do not have an arrangement or understanding with any person or entity to participate in a distribution of the exchange notes; and

you are acquiring the exchange notes in the ordinary course of your business.

In addition, each broker-dealer that is to receive exchange notes for its own account in exchange for outstanding notes must represent that such outstanding notes were acquired by that broker-dealer as a result of market-making activities or other trading activities and must acknowledge that it will deliver a prospectus that meets the requirements of the Securities Act in connection with any resale of the exchange notes. The letter of transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. See "Plan of Distribution."

Our interpretation of the terms and conditions of the exchange offer, including the letters of transmittal and the instructions to the letters of transmittal, and our resolution of all questions as to the validity, form, eligibility, including time of receipt, and acceptance of outstanding notes tendered for exchange. Our determination in this regard will be final and binding on all parties. We reserve the absolute right to reject any and all tenders of any

particular outstanding notes not properly tendered or to not accept any particular outstanding notes if the acceptance might, in our or our counsel's judgment, be unlawful. We also reserve the absolute right to waive any defects or irregularities as to any particular outstanding notes prior to the expiration date.

Unless waived, any defects or irregularities in connection with tenders of outstanding notes for exchange must be cured within such reasonable period of time as we determine. Neither we, the exchange agent, nor any other person will be under any duty to give notification of any defect or irregularity with respect to any tender of outstanding notes for exchange, nor will we or any of them incur any liability for any failure to give notification. Any outstanding notes received by the exchange agent that are not properly tendered and as to which the irregularities have not been cured or waived will be returned by the exchange agent to the tendering holder, unless otherwise provided in the letter of transmittal, promptly after the expiration date.

Book-Entry Delivery Procedures

Promptly after the date of this prospectus, the exchange agent will establish an account with respect to the outstanding notes at DTC and, as the book-entry transfer facility, for purposes of the exchange offer. Any financial institution that is a participant in the book-entry transfer facility's system may make book-entry delivery of the outstanding notes by causing the book-entry transfer facility to transfer those outstanding notes into the exchange agent's account at the facility in accordance with the facility's procedures for such transfer. To be timely, book-entry delivery of outstanding notes requires receipt of a confirmation of a book-entry transfer, a book-entry confirmation, prior to the expiration date. In addition, although delivery of outstanding notes may be effected through book-entry transfer into the exchange agent's account at the book-entry transfer facility, the letter of transmittal or a manually signed facsimile thereof, together with any required signature guarantees and any other required documents, or an agent's message, as defined below, in connection with a book-entry transfer, must, in any case, be delivered or transmitted to and received by the exchange agent at its address set forth on the cover page of the letter of transmittal prior to the expiration date to receive exchange notes for tendered outstanding notes, or the guaranteed delivery procedure described below must be complied with. Tender will not be deemed made until such documents are received by the exchange agent. Delivery of documents to the book-entry transfer facility does not constitute delivery to the exchange agent.

Holders of outstanding notes who are unable to deliver confirmation of the book-entry tender of their outstanding notes into the exchange agent's account at the book-entry transfer facility or all other documents required by the letter of transmittal to the exchange agent on or prior to the expiration date must tender their outstanding notes according to the guaranteed delivery procedures described below.

Guaranteed Delivery Procedures

If you wish to tender your outstanding notes, but your outstanding notes are not immediately available or you cannot deliver your outstanding notes, the letter of transmittal or any other required documents to the exchange agent or comply with the procedures under DTC's Automatic Tender Offer Program in the case of outstanding notes, prior to the expiration date, you may still tender if:

the tender is made through an eligible guarantor institution;

prior to the expiration date, the exchange agent receives from such eligible guarantor institution either a properly completed and duly executed notice of guaranteed delivery, by facsimile transmission, mail, or hand delivery or a properly transmitted agent's message and notice of guaranteed delivery, that (1) sets forth your name and address, the certificate number(s) of such outstanding notes and the principal amount of outstanding notes tendered; (2) states that the tender is being made thereby; and (3) guarantees that, within three New York Stock Exchange trading days after the expiration date, the letter of transmittal, or facsimile thereof, together with the outstanding notes or a book-entry confirmation, and any other documents required by the letter of transmittal, will be deposited by the eligible guarantor institution with the exchange agent; and

the exchange agent receives the properly completed and executed letter of transmittal or facsimile thereof, as well as certificate(s) representing all tendered outstanding notes in proper form for transfer or a book-entry confirmation of transfer of the outstanding notes into the exchange agent's account at DTC all other documents required by the letter of transmittal within three New York Stock Exchange trading days after the expiration date.

Upon request, the exchange agent will send to you a notice of guaranteed delivery if you wish to tender your outstanding notes according to the guaranteed delivery procedures.

Withdrawal Rights

Except as otherwise provided in this prospectus, you may withdraw your tender of outstanding notes at any time prior to 5:00 p.m., New York City time, on the expiration date. For a withdrawal to be effective:

the exchange agent must receive a written notice, which may be by telegram, telex, facsimile or letter, of withdrawal at its address set forth below under Exchange Agent; or

you must comply with the appropriate procedures of DTC's Automated Tender Offer Program system.
Any notice of withdrawal must:

specify the name of the person who tendered the outstanding notes to be withdrawn;

identify the outstanding notes to be withdrawn, including the certificate numbers and principal amount of the outstanding notes; and

where certificates for outstanding notes have been transmitted, specify the name in which such outstanding notes were registered, if different from that of the withdrawing holder.

If certificates for outstanding notes have been delivered or otherwise identified to the exchange agent, then, prior to the release of such certificates, you must also submit:

the serial numbers of the particular certificates to be withdrawn; and

a signed notice of withdrawal with signatures guaranteed by an eligible guarantor institution unless you are an eligible guarantor institution.

If outstanding notes have been tendered pursuant to the procedures for book-entry transfer described above, any notice of withdrawal must specify the name and number of the account at the book-entry transfer facility to be credited with the withdrawn outstanding notes and otherwise comply with the procedures of the facility. We will determine all questions as to the validity, form, and eligibility, including time of receipt of notices of withdrawal and our determination will be final and binding on all parties. Any outstanding notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the exchange offer. Any outstanding notes that have been tendered for exchange but that are not exchanged for any reason will be returned to their holder, without cost to the holder, or, in the case of book-entry transfer, the outstanding notes will be credited to an account at the book-entry transfer facility, promptly after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn outstanding notes may be retendered by following the procedures described under Procedures for Tendering Outstanding Notes above at any time on or prior to the expiration date.

Fees and Expenses

The registration rights agreement provides that we will bear all expenses in connection with the performance of our obligations relating to the registration of the exchange notes and the conduct of the exchange offer. These expenses include registration and filing fees, accounting and legal fees and printing costs, among others. We will pay the exchange agent reasonable and customary fees for its services and reasonable out-of-pocket expenses. We will also reimburse brokerage houses and other custodians, nominees and fiduciaries for customary mailing and handling expenses incurred by them in forwarding this prospectus and related documents to their clients that are holders of outstanding notes and for handling or tendering for such clients.

We have not retained any dealer manager in connection with the exchange offer and will not pay any fee or commission to any broker, dealer, nominee or other person, other than the exchange agent, for soliciting tenders of outstanding notes pursuant to the exchange offer.

Accounting Treatment

We will record the exchange notes in our accounting records at the same carrying value as the outstanding notes, which is the aggregate principal amount as reflected in our accounting records on the date of exchange. Accordingly, we will not recognize any gain or loss for accounting purposes upon the consummation of the exchange offer. We will capitalize the expenses of the exchange offer and amortize them over the life of the notes.

Table of Contents

Transfer Taxes

We will pay all transfer taxes, if any, applicable to the exchanges of outstanding notes under the exchange offer. The tendering holder, however, will be required to pay any transfer taxes, whether imposed on the registered holder or any other person, if:

certificates representing outstanding notes for principal amounts not tendered or accepted for exchange are to be delivered to, or are to be issued in the name of, any person other than the registered holder of outstanding notes tendered;

tendered outstanding notes are registered in the name of any person other than the person signing the letter of transmittal; or

a transfer tax is imposed for any reason other than the exchange of outstanding notes under the exchange offer.

If satisfactory evidence of payment of such taxes is not submitted with the letter of transmittal, the amount of such transfer taxes will be billed to that tendering holder.

Holders who tender their outstanding notes for exchange will not be required to pay any transfer taxes. However, holders who instruct us to register exchange notes in the name of, or request that outstanding notes not tendered or not accepted in the exchange offer be returned to, a person other than the registered tendering holder will be required to pay any applicable transfer tax.

Consequences of Failure to Exchange

If you do not exchange your outstanding notes for exchange notes under the exchange offer, your outstanding notes will remain subject to the restrictions on transfer of such outstanding notes:

as set forth in the legend printed on the outstanding notes as a consequence of the issuance of the outstanding notes pursuant to the exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws; and

as otherwise set forth in the offering memorandum distributed in connection with the private offering of the outstanding notes.

In general, you may not offer or sell your outstanding notes unless they are registered under the Securities Act or if the offer or sale is exempt from registration under the Securities Act and applicable state securities laws. Except as required by the registration rights agreement, we do not intend to register resales of the outstanding notes under the Securities Act.

Other

Participating in the exchange offer is voluntary, and you should carefully consider whether to accept. You are urged to consult your financial and tax advisors in making your own decision on what action to take.

We may in the future seek to acquire untendered outstanding notes in open market or privately negotiated transactions, through subsequent exchange offers or otherwise. We have no present plans to acquire any outstanding notes that are not tendered in the exchange offer or to file a registration statement to permit resales of any untendered outstanding notes.

DESCRIPTION OF THE NOTES

The outstanding notes were issued, and the exchange notes will be issued, under the Indenture (the *Indenture*) among CB Richard Ellis Services, Inc. (the *Issuer*), the Guarantors (as defined in this section) party thereto and Wells Fargo Bank, National Association, as trustee (the *Trustee*). We refer to the outstanding notes and the exchange notes, collectively, as the *Notes* in this section. The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the *Trust Indenture Act*). Holders of Notes are referred to the Indenture and the Trust Indenture Act for all of the terms of the Notes.

The following description of the Notes summarizes the material provisions of the Indenture. It is not complete and is qualified in its entirety by reference to the Indenture. We urge you to read the Indenture because that agreement, and not this description, defines your rights as a holder of the Notes. A copy of the Indenture is attached as an exhibit to our Parent's Current Report on Form 8-K filed with the SEC on October 12, 2010. You may request a copy of the Indenture at our address shown under the caption *Incorporation of Certain Documents by Reference*.

The definitions of certain terms used in the following summary are set forth below under *Certain Definitions*. For purposes of this summary, references to *the Issuer*, *we*, *our* and *us* and other similar references are to CB Richard Ellis Services, Inc. and not to any of its subsidiaries.

Brief Description of the Notes

These Notes:

are unsecured senior obligations of the Issuer;

are senior in right of payment to all existing and any future Subordinated Obligations of the Issuer; and

are guaranteed by CB Richard Ellis Group, Inc. (*Parent*) and each Subsidiary Guarantor on a senior basis.

Principal, Maturity and Interest

The Issuer issued the Notes initially with a maximum aggregate principal amount of \$350.0 million. The Issuer issues the Notes in denominations of \$2,000 and any greater integral multiple of \$1,000. The Notes will mature on October 15, 2020. Subject to our compliance with the covenant described under the subheading *Certain Covenants Limitation on Indebtedness*, we are permitted to issue more Notes under the Indenture in an unlimited aggregate principal amount (the *Additional Notes*). The Notes and the Additional Notes, if any, will be treated as a single class for all purposes of the Indenture, including waivers, amendments, redemptions and offers to purchase. Unless the context otherwise requires, for all purposes of the Indenture and this *Description of the Notes*, references to the Notes include any Additional Notes actually issued.

Interest on these Notes accrues at the rate of 6.625% per annum and is payable semiannually in arrears on April 15 and October 15, commencing on April 15, 2011. We will make each interest payment to the holders of record of these Notes on the immediately preceding April 1 and October 1.

Interest on these Notes will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Additional interest may accrue on the Notes in certain circumstances pursuant to the Registration Rights Agreement.

Table of Contents**Optional Redemption**

Except as set forth below, we are not entitled to redeem the Notes at our option.

On and after October 15, 2014, we will be entitled at our option to redeem all or a portion of these Notes upon not less than 30 nor more than 60 days' notice, at the redemption prices (expressed in percentages of principal amount on the redemption date), plus accrued and unpaid interest, if any, to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the related interest payment date), if redeemed during the 12-month period commencing on October 15 of the years set forth below:

Period	Redemption Price
2014	104.969%
2015	103.313%
2016	101.656%
2017 and thereafter	100.000%

In addition, before October 15, 2013, we are entitled at our option on one or more occasions to redeem Notes (which includes Additional Notes, if any) in an aggregate principal amount not to exceed 35% of the aggregate principal amount of the Notes (which includes Additional Notes, if any) originally issued at a redemption price (expressed as a percentage of principal amount) of 106.625%, plus accrued and unpaid interest, if any, to the redemption date, with an amount not to exceed the net cash proceeds from one or more Equity Offerings (*provided* that if the Equity Offering is an offering by Parent, a portion of the Net Cash Proceeds thereof equal to the amount required to redeem any such Notes is contributed to the equity capital of the Issuer); *provided* that

- (1) at least 65% of such aggregate principal amount of Notes (which includes Additional Notes, if any) remains outstanding immediately after the occurrence of each such redemption (other than Notes held, directly or indirectly, by the Issuer or its Affiliates); and
- (2) each such redemption occurs within 90 days after the date of the related Equity Offering.

Notice of any redemption upon any Equity Offering may be given prior to the completion thereof, and any such redemption or notice, may, at the Issuer's discretion, be subject to the completion of the related Equity Offering.

Prior to October 15, 2014, we are entitled, at our option, to redeem all or a portion of the Notes at a redemption price equal to 100% of the principal amount of the Notes plus the Applicable Premium as of, and accrued and unpaid interest, if any, to, the redemption date (subject to the right of holders on the relevant record date to receive interest due on the relevant interest payment date). Notice of such redemption must be mailed by first-class mail to each holder's registered address, not less than 30 nor more than 60 days prior to the redemption date.

Applicable Premium means with respect to a Note at any redemption date, as provided by the Issuer, the greater of (1) 1.00% of the principal amount of such Note and (2) the excess of (A) the present value at such redemption date of (i) the redemption price of such Note on October 15, 2014 (such redemption price being described in the second paragraph in this Optional Redemption section exclusive of any accrued and unpaid interest) plus (ii) all required remaining scheduled interest payments due on such Note through October 15, 2014 (but excluding accrued and unpaid interest, if any, to the redemption date), computed using a discount rate equal to the Adjusted Treasury Rate, over (B) the principal amount of such Note on such redemption date.

Adjusted Treasury Rate means, with respect to any redemption date and as provided by the Issuer, (1) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most

Table of Contents

recently published statistical release designated H.15(519) or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption Treasury Constant Maturities, for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after October 15, 2014, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue shall be determined and the Adjusted Treasury Rate shall be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month) or (2) if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per year equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date, in each case calculated on the third Business Day immediately preceding the date that the applicable redemption notice is first mailed, in each case, plus 0.50%.

Comparable Treasury Issue means the United States Treasury security selected by the Quotation Agent as having a maturity comparable to the remaining term of the Notes from the redemption date to October 15, 2014, that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of a maturity most nearly equal to October 15, 2014.

Comparable Treasury Price means, with respect to any redemption date, if clause (2) of the Adjusted Treasury Rate definition is applicable, the average of three, or such lesser number as is obtained by the Trustee, Reference Treasury Dealer Quotations for such redemption date.

Quotation Agent means the Reference Treasury Dealer selected by the Issuer.

Reference Treasury Dealer means Banc of America Securities LLC and its successors and assigns, Credit Suisse Securities (USA) LLC and its successors and assigns, HSBC Securities (USA) Inc. and its successors and assigns and Barclays Capital Inc. and its successors and assigns.

Reference Treasury Dealer Quotations means with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Issuer, of the bid and asked prices for the Comparable Treasury Issue, expressed in each case as a percentage of its principal amount, quoted in writing to the Trustee by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third Business Day immediately preceding date that the applicable redemption notice is first mailed.

Selection and Notice of Redemption

If we are redeeming less than all the Notes at any time, the Trustee will select Notes on a *pro rata* basis, by lot or by such other method as the Trustee in its sole discretion shall deem to be fair and appropriate.

We will redeem Notes of \$2,000 or less in whole and not in part. We will cause notices of redemption to be mailed by first-class mail at least 30 but not more than 60 days before the redemption date to each holder of Notes to be redeemed at its registered address.

If any Note is to be redeemed in part only, the notice of redemption that relates to that Note will state the portion of the principal amount thereof to be redeemed. We will issue a new Note in a principal amount equal to the unredeemed portion of the original Note in the name of the holder thereof upon cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Notes or portions of them called for redemption.

Table of Contents

No Sinking Fund; Open Market Purchases

We are not required to make any sinking fund payments with respect to the Notes. However, under certain circumstances, we may be required to offer to purchase Notes as described under the captions **Change of Control Triggering Event** and **Certain Covenants Limitation on Sales of Assets and Subsidiary Stock**. We may at any time and from time to time purchase Notes in the open market or otherwise.

Guaranties

Parent and each Subsidiary Guarantor jointly and severally guarantee, on a senior unsecured basis, our obligations under these Notes. The obligations of each Subsidiary Guarantor under its Subsidiary Guaranty are designed to be limited as necessary to prevent such Subsidiary Guaranty from constituting a fraudulent conveyance under applicable law and, therefore, is expressly limited to the maximum amount that such Subsidiary Guaranty could guarantee without such Subsidiary Guaranty constituting a fraudulent conveyance. This limitation, however, may not be effective to prevent such Subsidiary Guaranty from constituting a fraudulent conveyance. See **Risk Factors Risks Relating to the Notes**. A subsidiary guarantee could be voided if it constitutes a fraudulent transfer under U.S. bankruptcy or similar state law, which would prevent the holders of the Notes from relying on that subsidiary to satisfy claims.

Each Subsidiary Guarantor that makes a payment under its Subsidiary Guaranty will be entitled upon payment in full of all guaranteed obligations under the Indenture to a contribution from each other Subsidiary Guarantor in an amount equal to such other Subsidiary Guarantor's *pro rata* portion of such payment based on the respective net assets of all the Subsidiary Guarantors at the time of such payment determined in accordance with GAAP.

If a Subsidiary Guaranty were rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the applicable Subsidiary Guarantor, and, depending on the amount of such indebtedness, a Subsidiary Guarantor's liability on its Subsidiary Guaranty could be reduced to zero. See **Risk Factors Risks Relating to the Notes**. A subsidiary guarantee could be voided if it constitutes a fraudulent transfer under U.S. bankruptcy or similar state law, which would prevent the holders of the Notes from relying on that subsidiary to satisfy claims.

The Subsidiary Guaranty of a Subsidiary Guarantor will be released:

- (1) upon the sale or other disposition (including by way of consolidation or merger) of a Subsidiary Guarantor;
- (2) upon the sale or disposition of all or substantially all the assets of a Subsidiary Guarantor;
- (3) at such time as such Subsidiary Guarantor no longer Guarantees any other Indebtedness of the Issuer;
- (4) upon the designation of such Subsidiary Guarantor as an Unrestricted Subsidiary pursuant to the terms of the Indenture;
- (5) upon the defeasance of the Notes, as provided under **Defeasance**; or
- (6) as described under **Amendments and Waivers**, in the case of clause (1) or (2), other than to the Issuer or an Affiliate of the Issuer and as permitted by the Indenture.

Ranking

Senior Indebtedness versus Notes and Guaranties

The indebtedness evidenced by the Notes and the Guaranties is senior unsecured obligations and ranks *pari passu* in right of payment with all other unsecured Senior Indebtedness of the Issuer or the applicable Guarantor, as the case may be.

As of September 30, 2010 after giving pro forma effect to the offering of the Notes:

- (1) the Issuer's Senior Indebtedness would have been approximately \$1.6 billion, including \$1.1 billion of secured Indebtedness; and
- (2) the Senior Indebtedness of the Guarantors would have been approximately \$1.8 billion, including approximately \$1.4 billion of secured Indebtedness. Other than short term borrowings related to CBRE Capital Markets, Inc.'s warehouse lines of credit, virtually all of the Senior Indebtedness of the Guarantors consists of their respective guarantees of Senior Indebtedness of the Issuer.

The Notes and the Guaranties are unsecured obligations of the Issuer and the Guarantors, as the case may be. Secured debt and other secured obligations of the Issuer and the Guarantors will be effectively senior to the Notes and the Guaranties to the extent of the value of the assets securing such debt or other obligations.

Although the Indenture contains limitations on the amount of additional Indebtedness that the Issuer and the Subsidiary Guarantors may incur, under certain circumstances the amount of such Indebtedness could be substantial and, subject to the limitations set forth in the covenants described under **Certain Covenants Limitation on Liens**, such Indebtedness may be Secured Indebtedness. See **Certain Covenants Limitation on Indebtedness** and **Limitation on Liens**.

Liabilities of Subsidiaries versus Notes and Guaranties

A substantial portion of our operations is conducted through our Subsidiaries. Subsidiary Guaranties may be released under certain circumstances. In addition, our future Subsidiaries may not be required to guarantee the Notes. Claims of creditors of any non-guarantor Subsidiaries and joint ventures, including trade creditors and creditors holding indebtedness or guarantees issued by such non-guarantor Subsidiaries and joint ventures, and claims of preferred stockholders of such non-guarantor Subsidiaries and joint ventures, generally will have priority with respect to the assets and earnings of such non-guarantor Subsidiaries and joint ventures over the claims of creditors of the Issuer, including holders of the Notes, even if such claims do not constitute Senior Indebtedness. Accordingly, the Notes are effectively subordinated to creditors (including trade creditors) and preferred stockholders, if any, of such non-guarantor Subsidiaries and joint ventures.

As of September 30, 2010, our non-guarantor Subsidiaries had total indebtedness of \$685.2 million, of which \$673.8 million was non-recourse to us. Although the Indenture limits the incurrence of Indebtedness by certain of our Subsidiaries, such limitation is subject to a number of significant qualifications. Moreover, the Indenture does not impose any limitation on the incurrence by such Subsidiaries of liabilities that are not considered Indebtedness under the Indenture. See **Certain Covenants Limitation on Indebtedness**.

Change of Control Triggering Event

Upon the occurrence of a Change of Control Triggering Event, each noteholder shall have the right to require that the Issuer purchase such noteholder's Notes at a purchase price in cash equal to 101% of the principal amount thereof on the date of purchase plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

Table of Contents

Within 30 days following any Change of Control Triggering Event, unless we have exercised our option to redeem all the Notes as described under Optional Redemption, we will mail a notice to each noteholder with a copy to the Trustee (the *Change of Control Offer*) stating:

- (1) that a Change of Control Triggering Event has occurred and that such noteholder has the right to require us to purchase such noteholder's Notes at a purchase price in cash equal to 101% of the principal amount thereof on the date of purchase, plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of noteholders of record on the relevant record date to receive interest on the relevant interest payment date);
- (2) the circumstances and relevant facts regarding such Change of Control Triggering Event (including information with respect to pro forma historical income, cash flow and capitalization, in each case after giving effect to such Change of Control);
- (3) the purchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed); and
- (4) the instructions, as determined by us, consistent with the covenant described hereunder, that a noteholder must follow in order to have its Notes purchased.

We will not be required to make a Change of Control Offer following a Change of Control Triggering Event if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by us and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer or if the Issuer has exercised its option to redeem all the Notes pursuant to the provisions described under Optional Redemption.

We will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the purchase of Notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the covenant described hereunder, we will comply with the applicable securities laws and regulations and shall not be deemed to have breached our obligations under the covenant described hereunder by virtue of our compliance with such securities laws or regulations.

The Change of Control Triggering Event purchase feature of the Notes may in certain circumstances make more difficult or discourage a sale or takeover of the Issuer and, thus, the removal of incumbent management. The Change of Control Triggering Event purchase feature is a result of negotiations between the Issuer and the Initial Purchasers. We have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Restrictions on our ability to Incur additional Indebtedness are contained in the covenants described under Certain Covenants Limitation on Indebtedness, and Limitation on Liens which limitations may terminate as described under the first paragraph of Certain Covenants below. Such restrictions can only be waived with the consent of the holders of a majority in principal amount of the Notes then outstanding. Except for the limitations contained in such covenant, however, the Indenture will not contain any covenants or provisions that may afford holders of the Notes protection in the event of a highly leveraged transaction.

Holders may not be entitled to require us to purchase their Notes in certain circumstances involving a significant change in the composition of our Board of Directors, including in connection with a proxy contest where our Board of Directors does not approve a dissident slate of directors but approves them as continuing directors, even if our Board of Directors initially opposed the directors.

Table of Contents

The Credit Agreement provides that the occurrence of certain change of control events with respect to Parent and the Issuer would constitute a default thereunder, and our outstanding Senior Subordinated Notes require us to make an offer to purchase such Senior Subordinated Notes upon the occurrence of a Change of Control. Future indebtedness that we may incur may contain prohibitions on the occurrence of certain events that would constitute a Change of Control or require the purchase of such indebtedness upon a Change of Control. Moreover, the exercise by the holders of their right to require us to purchase the Notes could cause a default under such indebtedness, even if the Change of Control itself does not, due to the financial effect of such purchase on us. Finally, our ability to pay cash to the holders of Notes following the occurrence of a Change of Control may be limited by our then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required purchases. See Risk Factors Risks Relating to the Notes We may not have the ability to raise the funds necessary to finance a change of control offer.

Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control Triggering Event, conditional upon such Change of Control Triggering Event, if a definitive agreement is in place for the Change of Control at the time of making of such Change of Control Offer.

The phrase all or substantially all, as used with respect to the assets of the Issuer in the definition of Change of Control, is subject to interpretation under applicable state law, and its applicability in a given instance would depend upon the facts and circumstances. As a result, there may be a degree of uncertainty in ascertaining whether a sale or transfer of all or substantially all the assets of the Issuer has occurred in a particular instance, in which case a holder's ability to obtain the benefit of these provisions could be unclear.

The provisions under the Indenture relative to our obligation to make an offer to purchase the Notes as a result of a Change of Control Triggering Event may be waived or modified with the written consent of the holders of a majority in principal amount of the Notes.

For purposes of this discussion of a repurchase of the notes following a Change of Control Triggering Event:

A *Change of Control* means the occurrence of any of the following:

- (1) any person (as such term is used in Sections 13(d) and 14(d) of the Exchange Act), other than one or more Permitted Holders, is or becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act, except that for purposes of this clause (1) such person shall be deemed to have beneficial ownership of all shares that any such person has the right to acquire, whether such right is exercisable immediately or only after the passage of time, and except that any Person that is deemed to have beneficial ownership of shares solely as the result of being part of a group pursuant to Rule 13d-5(b)(1) shall be deemed not to have beneficial ownership of any shares held by a Permitted Holder forming a part of such group), directly or indirectly, of more than 35% of the total voting power of the Voting Stock of the Issuer; *provided, however*, that the Permitted Holders beneficially own (as defined above, except that in the event the Permitted Holders are part of a group pursuant to Rule 13d-5(b)(1), the Permitted Holders shall be deemed not to have beneficial ownership of any shares held by persons other than Permitted Holders forming a part of such group), directly or indirectly, in the aggregate a lesser percentage of the total voting power of the Voting Stock of the Issuer than such other person and do not have the right or ability by voting power, contract or otherwise to elect or designate for election a majority of the Board of Directors (for the purposes of this clause (1), such other person shall be deemed to beneficially own any Voting Stock of a specified person held by a parent entity, if such other person is the beneficial owner (as first defined above), directly or indirectly, of more than 35% of the voting power of the Voting Stock of such parent entity and the Permitted Holders beneficially own (as second defined above), directly or indirectly, in the aggregate a lesser percentage of the voting power of the Voting Stock of such parent entity and do not have the right or ability by voting power, contract or otherwise to elect or designate for election a majority of the board of directors of such parent entity);

Table of Contents

- (2) individuals who on the Issue Date constituted the Board of Directors (together with any new directors whose election by such Board of Directors or whose nomination for election by the shareholders of the Issuer was approved by a vote of a majority of the directors of the Issuer then still in office who were either directors on the Issue Date or whose election or nomination for election was previously so approved) cease for any reason to constitute a majority of the Board of Directors then in office;
- (3) the adoption of a plan relating to the liquidation or dissolution of the Issuer; or
- (4) the merger or consolidation of the Issuer with or into another Person or the merger of another Person with or into the Issuer, or the sale of all or substantially all the assets of the Issuer (determined on a consolidated basis) to another Person (other than, in all such cases, a Person that is controlled by the Permitted Holders), other than a transaction following which (A) in the case of a merger or consolidation transaction, holders of securities that represented 100% of the Voting Stock of the Issuer immediately prior to such transaction (or other securities into which such securities are converted as part of such merger or consolidation transaction) own, directly or indirectly, at least a majority of the voting power of the Voting Stock of the surviving Person in such merger or consolidation transaction immediately after such transaction and in substantially the same proportion as before the transaction and (B) in the case of a sale of assets transaction, the transferee Person becomes the obligor in respect of the Notes and a Subsidiary of the transferor of such assets.

Change of Control Triggering Event means the occurrence of both a Change of Control and a Rating Event.

Investment Grade Rating means a rating equal to or higher than Baa3 (or the equivalent) and BBB- (or the equivalent) by Moody's (or any successor to the rating agency business thereof) and S&P (or any successor to the rating agency business thereof), respectively.

Moody's means Moody's Investors Service, Inc.

Rating Agencies means each of S&P and Moody's or any successor to the respective rating agency business thereof; *provided that* if either of S&P or Moody's ceases to provide ratings services to issuers or investors, the Issuer may select (as certified by a resolution of the Board of Directors) a nationally recognized statistical rating organization within the meaning of Rule 15c3-1(c)(2)(vi)(F) under the Exchange Act as a replacement agency for either S&P or Moody's, as the case may be.

Rating Event means the ratings of the Notes are lowered by at least one of the Rating Agencies and the Notes are rated below an Investment Grade Rating by at least one of the Rating Agencies, on any day during the period (which period will be extended so long as the rating of the Notes is under publicly announced consideration for a possible downgrade by any of the Rating Agencies) commencing 60 days prior to the first public announcement of the occurrence of a Change of Control or the intentions of the Issuer to effect a Change of Control and ending 60 days following the consummation of such Change of Control.

S&P means Standard & Poor's Ratings Group.

Certain Covenants

Set forth below are certain covenants contained in the Indenture. Following the first day that (a) the ratings assigned to the Notes by both of the Rating Agencies are Investment Grade Ratings and (b) no Default has occurred and is continuing under the Indenture (and notwithstanding that the Issuer may later cease to have an Investment Grade Rating from either or both Rating Agencies or later there may occur a Default under the Indenture), the Issuer and its Restricted Subsidiaries will not be subject to the provisions of the Indenture described below under:

(c) Notwithstanding the foregoing, none of the Issuer or any Subsidiary Guarantor will Incur any Indebtedness pursuant to the foregoing paragraph (b) if the proceeds thereof are used, directly or indirectly, to Refinance any Subordinated Obligations of the Issuer or any Subsidiary Guarantor unless such Indebtedness shall be subordinated to the Notes or the applicable Subsidiary Guaranty to at least the same extent as such Subordinated Obligations.

(d) For purposes of determining compliance with this covenant: (1) any Indebtedness outstanding under the Credit Agreement on the Issue Date will be treated as having been incurred on the Issue Date under clause (1) of paragraph (b) above; (2) in the event that an item of Indebtedness meets the criteria of more than one of the types of Indebtedness described above, the Issuer, in its sole discretion, will classify such item of Indebtedness at the time of Incurrence and only be required to include the amount and type of such Indebtedness in one of the above clauses (*provided* that any Indebtedness originally classified as Incurred pursuant to clause (b)(6), (15) or (17) above may later be reclassified as having been Incurred pursuant to paragraph (a) above to the extent that such reclassified Indebtedness could be Incurred pursuant to paragraph (a) above at the time of such reclassification); and (3) the Issuer will be entitled to divide and classify an item of Indebtedness in more than one of the types of Indebtedness described above.

(e) For purposes of determining compliance with any U.S. dollar restriction on the Incurrence of Indebtedness where the Indebtedness Incurred is denominated in a different currency, the amount of such Indebtedness will be the U.S. Dollar Equivalent determined on the date of the Incurrence of such Indebtedness, *provided, however*, that if any such Indebtedness denominated in a different currency is subject to a Currency Agreement with respect to U.S. dollars covering all principal, premium, if any, and interest payable on such Indebtedness, the amount of such Indebtedness expressed in U.S. dollars will be as provided in such Currency Agreement. The principal amount of any Refinancing Indebtedness Incurred in the same currency as the Indebtedness being Refinanced will be the U.S. Dollar Equivalent of the Indebtedness Refinanced, except to the extent that (1) such U.S. Dollar Equivalent was determined based on a Currency Agreement, in which case the Refinancing Indebtedness will be determined in accordance with the preceding sentence, and (2) the principal amount of the Refinancing Indebtedness exceeds the principal amount of the Indebtedness being Refinanced, in which case the U.S. Dollar Equivalent of such excess will be determined on the date such Refinancing Indebtedness is Incurred.

Limitation on Restricted Payments

(a) The Issuer will not, and will not permit any Restricted Subsidiary, directly or indirectly, to make a Restricted Payment if at the time the Issuer or such Restricted Subsidiary makes such Restricted Payment:

- (1) a Default shall have occurred and be continuing (or would result therefrom);
- (2) the Issuer is not entitled to Incur an additional \$1.00 of Indebtedness pursuant to paragraph (a) of the covenant described under Limitation on Indebtedness; or

 - (B) 100% of the aggregate Net Cash Proceeds received by the Issuer from the issuance or sale of its Capital Stock (other than Disqualified Stock) subsequent to the Reference Date (other than an issuance or sale to a Subsidiary of the Issuer and other than an issuance or sale to an employee

- (C) the amount by which Indebtedness of the Issuer is reduced on the Issuer's balance sheet upon the conversion or exchange (other than by a Subsidiary of the Issuer) subsequent to the Reference Date of any Indebtedness of the Issuer convertible or exchangeable for Capital Stock (other than Disqualified Stock) of the Issuer (less the amount of any cash, or the fair value of any other property, distributed by the Issuer upon such conversion or exchange); *plus*
- (D) an amount equal to the sum of (x) the net reduction in the Investments (other than Permitted Investments) made by the Issuer or any Restricted Subsidiary in any Person resulting from repurchases, repayments or redemptions of such Investments by such Person, proceeds realized on the sale of such Investment and proceeds representing the return of capital (excluding dividends and distributions), in each case received by the Issuer or any Restricted Subsidiary since the Reference Date, and (y) to the extent such Person is an Unrestricted Subsidiary, the portion (proportionate to the Issuer's equity interest in such Subsidiary) of the fair market value of the net assets of such Unrestricted Subsidiary at the time such Unrestricted Subsidiary is designated a Restricted Subsidiary; *provided, however*, that the foregoing sum shall not exceed, in the case of any such Person or Unrestricted Subsidiary, the amount of Investments (excluding Permitted Investments) previously made (and treated as a Restricted Payment) by the Issuer or any Restricted Subsidiary in such Person or Unrestricted Subsidiary.

(b) The preceding provisions will not prohibit:

- (1) (A) any Restricted Payment made out of the Net Cash Proceeds of the substantially concurrent sale of, or made by exchange for, Capital Stock of the Issuer (other than Disqualified Stock and other than Capital Stock issued or sold to a Subsidiary of the Issuer or an employee stock ownership plan or to a trust established by the Issuer or any of its Subsidiaries for the benefit of their employees) subsequent to the Reference Date or (B) any Restricted Payment made out of a substantially concurrent cash capital contribution received by the Issuer from its shareholders subsequent to the Reference Date; *provided, however*, that (i) such Restricted Payment shall be excluded in the calculation of the amount of Restricted Payments and (ii) the Net Cash Proceeds from such sale or such cash capital contribution (to the extent so used for such Restricted Payment) shall be excluded from the calculation of amounts under clause (3)(B) of paragraph (a) above;

- (3) dividends paid within 60 days after the date of declaration thereof if at such date of declaration such dividend would have complied with this covenant; *provided, however*, that such dividend shall be included in the calculation of the amount of Restricted Payments;
- (4) (A) payments or distributions to employees of Parent, the Issuer or any Restricted Subsidiary pursuant to the CBREI UK MAG scheme or similar incentive plans designed to pay employees amounts reflecting incentive compensation in recognition of performance thresholds achieved by such employees or (B) payments or distributions to employees of Parent, the Issuer or any Restricted

- (8) payments to Parent in respect of Federal, state and local taxes directly attributable to (or arising as a result of) the operations of the Issuer and its consolidated Subsidiaries; *provided, however*, that the amount of such payments in any fiscal year do not exceed the amount that the Issuer and its consolidated Subsidiaries would be required to pay in respect of Federal, state and local taxes for such fiscal year were the Issuer to pay such taxes as a stand-alone taxpayer (whether or not all such amounts are actually used by Parent for such purposes); *provided further, however*, that such payments shall be excluded in the calculation of the amount of Restricted Payments;

Limitation on Restrictions on Distributions from Restricted Subsidiaries

The Issuer will not, and will not permit any Restricted Subsidiary to, create or otherwise cause or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to (a) pay dividends or make any other distributions on its Capital Stock to the Issuer or a Restricted Subsidiary or pay any Indebtedness owed to the Issuer, (b) make any loans or advances to the Issuer or (c) transfer any of its property or assets to the Issuer, except:

- (1) with respect to clauses (a), (b) and (c),
- (A) any encumbrance or restriction pursuant to an agreement of the Issuer or any of its Subsidiaries in effect at or entered into on the Issue Date;
- (B) any encumbrance or restriction contained in the terms of any agreement pursuant to which such Indebtedness was issued if (x) either (i) the encumbrance or restriction applies only in the event of and during the continuance of a payment default or a default with respect to a financial covenant contained in such Indebtedness or agreement or (ii) the Issuer determines at the time any such Indebtedness is Incurred (and at the time of any modification of the terms of any such encumbrance or restriction) that any such encumbrance or restriction will not materially affect the Issuer's ability to make principal or interest payments on the Notes and (y) the encumbrance or restriction is not materially more disadvantageous to the holders of the Notes than is customary in comparable financings or agreements (as determined by the Board of Directors in good faith);
- (C) any encumbrance or restriction with respect to a Restricted Subsidiary pursuant to an agreement relating to any Indebtedness Incurred by such Restricted Subsidiary on or prior to the date on which such Restricted Subsidiary was acquired by the Issuer (other than Indebtedness Incurred as consideration in, or to provide all or any portion of the funds or credit support utilized to consummate, the transaction or series of related transactions pursuant to which such Restricted Subsidiary became a Restricted Subsidiary or was acquired by the Issuer) and outstanding on such date;
- (D) any encumbrance or restriction pursuant to an agreement effecting a Refinancing of Indebtedness Incurred pursuant to an agreement referred to in clause (A), (B) or (C) of clause (1) of this covenant or this clause (D) or contained in any amendment to an agreement referred to in clause (A), (B) or (C) of clause (1) of this covenant or this clause (D); *provided, however*, that the encumbrances and restrictions with respect to such Restricted Subsidiary contained in any such refinancing agreement or amendment are no less favorable to the noteholders than encumbrances and restrictions with respect to such Restricted Subsidiary contained in such predecessor agreements;
- (E) any encumbrance or restriction pursuant to customary restrictions and conditions contained in agreements relating to any Permitted Receivables Securitization; *provided* that such restrictions and conditions apply solely to (i) the Receivables involved in such Permitted Receivables Securitization and (ii) any applicable Securitization Subsidiary;

(C) restrictions on the transfer of assets subject to any Lien permitted under the Indenture imposed by the holder of such Lien; and

(D) any restriction with respect to a Restricted Subsidiary imposed pursuant to an agreement entered into for the sale or disposition of all or substantially all the Capital Stock or assets of such Restricted Subsidiary pending the closing of such sale or disposition.

Limitation on Sales of Assets and Subsidiary Stock

(a) The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, consummate any Asset Disposition unless:

(1) the Issuer or such Restricted Subsidiary receives consideration at the time of such Asset Disposition at least equal to the fair market value (including as to the value of all noncash consideration), as determined in good faith by the Board of Directors, of the shares and assets subject to such Asset Disposition;

(2) at least 75% of the consideration thereof received by the Issuer or such Restricted Subsidiary is in the form of cash or cash equivalents; and

(3) an amount equal to 100% of the Net Available Cash from such Asset Disposition is applied by the Issuer (or such Restricted Subsidiary, as the case may be)

(A) *first*, to the extent the Issuer elects (or is required by the terms of any Indebtedness), to prepay, repay, redeem or purchase Senior Indebtedness of the Issuer or a Subsidiary Guarantor or Indebtedness (other than Disqualified Stock) of any other Wholly Owned Subsidiary (in each case other than Indebtedness owed to the Issuer or an Affiliate of the Issuer) within one year from the later of the date of such Asset Disposition or the receipt of such Net Available Cash;

- (B) *second*, to the extent of the balance of such Net Available Cash after application in accordance with clause (A), to the extent the Issuer elects, to acquire Additional Assets within one year from the later of the date of such Asset Disposition or the receipt of such Net Available Cash; and

Table of Contents

- (C) *third*, to the extent of the balance of such Net Available Cash after application in accordance with clauses (A) and (B), to make an offer to the holders of the Notes (and to holders of other Senior Indebtedness of the Issuer designated by the Issuer) to purchase Notes (and such other Senior Indebtedness of the Issuer) pursuant to and subject to the conditions contained in the Indenture;

provided, however, that in connection with any prepayment, repayment or purchase of Indebtedness pursuant to clause (A) or (C) above, the Issuer or such Restricted Subsidiary shall permanently retire such Indebtedness and shall cause the related loan commitment (if any) to be permanently reduced in an amount equal to the principal amount so prepaid, repaid or purchased.

Notwithstanding the foregoing provisions of this covenant, the Issuer and the Restricted Subsidiaries will not be required to apply any Net Available Cash in accordance with this covenant except to the extent that the aggregate Net Available Cash from all Asset Dispositions which is not applied in accordance with this covenant exceeds \$50.0 million. Pending application of Net Available Cash pursuant to this covenant, such Net Available Cash shall be invested in Temporary Cash Investments or applied to temporarily reduce revolving credit indebtedness.

For the purposes of this covenant, the following are deemed to be cash or cash equivalents:

- (1) the assumption of Indebtedness of the Issuer or any Restricted Subsidiary and the release of the Issuer or such Restricted Subsidiary from all liability on such Indebtedness in connection with such Asset Disposition; and
- (2) securities received by the Issuer or any Restricted Subsidiary from the transferee that are promptly converted by the Issuer or such Restricted Subsidiary into cash.

(b) In the event of an Asset Disposition that requires the purchase of Notes (and other Senior Indebtedness of the Issuer) pursuant to clause (a)(3)(C) above, the Issuer will purchase Notes tendered pursuant to an offer by the Issuer for the Notes (and such other Senior Indebtedness of the Issuer) at a purchase price of 100% of their principal amount (or, in the event such other Senior Indebtedness of the Issuer was issued with significant original issue discount, 100% of the accreted value thereof), without premium, plus accrued but unpaid interest, if any, (or, in respect of such other Senior Indebtedness of the Issuer, such lesser price, if any, as may be provided for by the terms of such Senior Indebtedness of the Issuer) in accordance with the procedures (including prorating in the event of oversubscription) set forth in the Indenture. If the aggregate purchase price of the securities tendered exceeds the Net Available Cash allotted to their purchase, the Issuer will select the securities to be purchased on a *pro rata* basis but in round denominations, which in the case of the Notes will be denominations of \$2,000 principal amount or multiples of \$1,000 greater thereof. The Issuer shall not be required to make such an offer to purchase Notes (and other Senior Indebtedness of the Issuer) pursuant to this covenant if the Net Available Cash available therefor is less than \$10.0 million (which lesser amount shall be carried forward for purposes of determining whether such an offer is required with respect to the Net Available Cash from any subsequent Asset Disposition).

(c) The Issuer will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the purchase of Notes pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with provisions of this covenant, the Issuer will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this clause by virtue of its compliance with such securities laws or regulations.

Limitation on Affiliate Transactions

(a) The Issuer will not, and will not permit any Restricted Subsidiary to, enter into or permit to exist any transaction (including the purchase, sale, lease or exchange of any property, employee compensation arrangements or the rendering of any service) with, or for the benefit of, any Affiliate of the Issuer (an *Affiliate Transaction*) unless:

- (1) the terms of the Affiliate Transaction are no less favorable to the Issuer or such Restricted Subsidiary than those that could be obtained at the time of the Affiliate Transaction in arm's-length dealings with a Person who is not an Affiliate;
 - (2) if such Affiliate Transaction involves an amount in excess of \$20.0 million, the terms of the Affiliate Transaction are set forth in writing and a majority of the directors of the Issuer disinterested with respect to such Affiliate Transaction have determined in good faith that the criteria set forth in clause (1) are satisfied and have approved the relevant Affiliate Transaction as evidenced by a resolution of the Board of Directors; and
 - (3) if such Affiliate Transaction involves an amount in excess of \$50.0 million, the Board of Directors shall also have received a written opinion from an Independent Qualified Party to the effect that such Affiliate Transaction is fair, from a financial standpoint, to the Issuer and its Restricted Subsidiaries or is not less favorable to the Issuer and its Restricted Subsidiaries than could reasonably be expected to be obtained at the time in an arm's-length transaction with a Person who was not an Affiliate.
- (b) The provisions of the preceding paragraph (a) will not prohibit:

- (1) any Investment (other than a Permitted Investment) or other Restricted Payment, in each case permitted to be made pursuant to the covenant described under *Limitation on Restricted Payments*;
- (2) any issuance of securities, or other payments, awards or grants in cash, securities or otherwise pursuant to, or the funding of, employment arrangements, stock options and stock ownership plans approved by the Board of Directors;
- (3) loans or advances to employees or consultants in the ordinary course of business of the Issuer or its Restricted Subsidiaries;
- (4) the payment of reasonable fees and compensation to, or the provision of employee benefit arrangements and indemnity for the benefit of, directors, officers, employees and consultants of the Issuer and its Restricted Subsidiaries in the ordinary course of business;
- (5) any transaction between or among the Issuer, any Restricted Subsidiary or joint venture or similar entity which would constitute an Affiliate Transaction solely because the Issuer or a Restricted Subsidiary owns an equity interest in or otherwise controls such Restricted Subsidiary, joint venture or similar entity;
- (6) the issuance or sale of any Capital Stock (other than Disqualified Stock) of the Issuer;
- (7) the existence of, or the performance by the Issuer or any of its Restricted Subsidiaries of its obligations under the terms of any stockholders agreement (including any registration rights agreement or purchase agreement related thereto) or warrant agreement to which it is a party as of the Issue Date and any similar agreements which it may enter into thereafter; *provided, however*, that the

Date shall only be permitted by this clause (7) to the extent that the terms of any such amendment or new agreement are not otherwise disadvantageous to the noteholders in any material respect;

- (8) transactions customarily arising in connection with any Permitted Receivables Securitization;
- (9) any agreement as in effect on the Issue Date and described in the Offering Memorandum or any renewals, extensions or amendments of any such agreement (so long as such renewals, extensions or amendments are not less favorable to the Issuer or the Restricted Subsidiaries) and the transactions evidenced thereby; and
- (10) transactions with customers, clients, suppliers or purchasers or sellers of goods or services in each case in the ordinary course of business and otherwise in compliance with the terms of the applicable Indenture which are fair to the Issuer or its Restricted Subsidiaries, in the reasonable determination of the Board of Directors of the Issuer or the senior management thereof, or are on terms at least as favorable as might reasonably have been obtained at such time from an unaffiliated party.

Limitation on Liens

The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, incur or permit to exist any Lien (the *Initial Lien*) of any nature whatsoever on any of its properties (including Capital Stock of a Restricted Subsidiary), whether owned at the Issue Date or thereafter acquired, securing any Obligations, other than Permitted Liens, without effectively providing that the Notes (or a Subsidiary Guaranty in the case of an Initial Lien of a Subsidiary Guarantor) shall be secured equally and ratably with (or, in the event the Lien related to Subordinated Obligations, prior to) the Obligations so secured for so long as such Obligations are so secured. Any Lien created for the benefit of the holders of the Notes pursuant to the preceding sentence shall provide by its terms that such Lien shall be automatically and unconditionally released and discharged upon the release and discharge of the Initial Lien.

Limitation on Sale/Leaseback Transactions

The Issuer will not, and will not permit any Restricted Subsidiary to, enter into any Sale/Leaseback Transaction with respect to any property unless:

- (1) the Issuer or such Restricted Subsidiary would be entitled to (A) incur indebtedness in an amount equal to the attributable debt with respect to such Sale/Leaseback Transaction pursuant to the covenant described under *Limitation on Indebtedness* and (B) create a Lien on such property securing such attributable debt without equally and ratably securing the Notes pursuant to the covenant described under *Limitation on Liens*;
- (2) the net proceeds received by the Issuer or any Restricted Subsidiary in connection with such Sale/Leaseback Transaction are at least equal to the fair value (as determined by the Board of Directors of the Issuer) of such property; and
- (3) the Issuer applies the proceeds of such transaction in compliance with the covenant described under *Limitation on Sale of Assets and Subsidiary Stock*.

Merger and Consolidation

The Issuer will not consolidate with or merge with or into, or convey, transfer or lease, in one transaction or a series of transactions, directly or indirectly, all or substantially all its assets to, any Person, unless:

- (1) the resulting, surviving or transferee Person (the *Successor Company*) shall be a Person organized and existing under the laws of the United States of America, any State thereof or the District of

Columbia and the Successor Company (if not the Issuer) shall expressly assume, by an indenture supplemental thereto, executed and delivered to the Trustee, in form reasonably satisfactory to the Trustee, all the obligations of the Issuer under the Notes and the Indenture;

- (2) immediately after giving pro forma effect to such transaction (and treating any Indebtedness which becomes an obligation of the Successor Company or any Subsidiary as a result of such transaction as having been Incurred by such Successor Company or such Subsidiary at the time of such transaction), no Default shall have occurred and be continuing;
- (3) immediately after giving pro forma effect to such transaction, the Successor Company would be able to Incur an additional \$1.00 of Indebtedness pursuant to paragraph (a) of the covenant described under Limitation on Indebtedness; and
- (4) the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indenture (if any) comply with the Indenture; *provided, however*, that clause (3) will not be applicable to (A) a Restricted Subsidiary consolidating with, merging into or transferring all or part of its properties and assets to the Issuer or (B) the Issuer merging with an Affiliate of the Issuer solely for the purpose and with the sole effect of reincorporating the Issuer in another jurisdiction.

The Successor Company will be the successor to the Issuer and shall succeed to, and be substituted for, and may exercise every right and power of, the Issuer under the Indenture, and the predecessor Issuer, except in the case of a lease, shall be released from the obligation to pay the principal of and interest on the Notes.

The Issuer will not permit any Subsidiary Guarantor to consolidate with or merge with or into, or convey, transfer or lease, in one transaction or a series of transactions, all or substantially all of its assets to any Person unless:

- (1) except in the case of a Subsidiary Guarantor that has been disposed of in its entirety to another Person (other than to the Issuer or an Affiliate of the Issuer), whether through a merger, consolidation or sale of Capital Stock or assets, if in connection therewith the Issuer provides an Officer's Certificate to the Trustee to the effect that the Issuer will comply with its obligations under the covenant described under Limitation on Sales of Assets and Subsidiary Stock in respect of such disposition, the resulting, surviving or transferee Person (if not such Subsidiary) shall be a Person organized and existing under the laws of the jurisdiction under which such Subsidiary was organized or under the laws of the United States of America, or any State thereof or the District of Columbia, and such Person shall expressly assume, by a Guaranty Agreement, all the obligations of such Subsidiary, if any, under its Subsidiary Guaranty;
- (2) immediately after giving effect to such transaction or transactions on a pro forma basis (and treating any Indebtedness which becomes an obligation of the resulting, surviving or transferee Person as a result of such transaction as having been issued by such Person at the time of such transaction), no Default shall have occurred and be continuing; and
- (3) the Issuer delivers to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such Guaranty Agreement, if any, complies with the Indenture.

Table of Contents

Parent will not consolidate with or merge with or into, or convey, transfer or lease, in one transaction or a series of transactions, all or substantially all of its assets to any Person unless:

- (1) the resulting, surviving or transferee Person (if not Parent) shall be a Person organized and existing under the laws of the United States of America, any State thereof or the District of Columbia, and such Person shall expressly assume, by a Guaranty Agreement, all the obligations of Parent, if any, under its Guaranty;
- (2) immediately after giving effect to such transaction or transactions on a pro forma basis (and treating any Indebtedness which becomes an obligation of the resulting, surviving or transferee Person as a result of such transaction as having been issued by such Person at the time of such transaction), no Default shall have occurred and be continuing; and
- (3) the Issuer delivers to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such Guaranty Agreement, if any, complies with the Indenture.

Future Guarantors

On the Issue Date, Parent and each of our Restricted Subsidiaries that is a guarantor of the Issuer's Indebtedness under the Credit Agreement will execute and deliver to the Trustee a Guaranty Agreement pursuant to which Parent and each such Restricted Subsidiary will fully and unconditionally Guarantee the Notes on an unsecured, senior basis. After the Issue Date, the Issuer will cause each Restricted Subsidiary that Guarantees any Indebtedness of the Issuer to, at the same time, execute and deliver to the Trustee a Guaranty Agreement pursuant to which such Restricted Subsidiary will Guarantee payment of the Notes on the same terms and conditions as those set forth in the Indenture. For the avoidance of doubt, if a Foreign Subsidiary is a co-borrower of Indebtedness of the Issuer, and not a Guarantor of such Indebtedness, then it will not be considered a Guarantor of such Indebtedness for purposes of this covenant.

SEC Reports

Notwithstanding that the Issuer may not be subject to the reporting requirements of Sections 13 or 15(d) of the Exchange Act, the Issuer will file with the SEC and make available to the Trustee and noteholders within 15 days after it files them with the SEC such annual reports and such information, documents and other reports as are specified in Sections 13 and 15(d) of the Exchange Act and applicable to a U.S. corporation subject to such Sections, such information, documents and other reports to be so filed with the SEC at the times specified for the filings of such information, documents and reports under such Sections; *provided, however*, that the Issuer shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event the Issuer will make available such information to the Trustee and noteholders within 15 days after the time the Issuer would be required to file such information with the SEC if it were subject to Sections 13 or 15(d) of the Exchange Act; *provided further, however*, that (a) so long as Parent is the Guarantor of the Notes, the reports, information and other documents required to be filed and provided as described hereunder may, at the Issuer's option, be filed by and be those of Parent rather than the Issuer and (b) in the event that Parent conducts any business or holds any significant assets other than the capital stock of the Issuer at the time of filing and providing any such report, information or other document containing financial statements of Parent, Parent shall include in such report, information or other document summarized financial information (as defined in Rule 1-02(bb) of Regulation S-X promulgated by the SEC) with respect to the Issuer.

In addition, the Issuer will furnish to the holders of the Notes and to prospective investors, upon the requests of such holders, any information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act so long as the Notes are not freely transferable under the Securities Act.

Defaults

Each of the following is an Event of Default:

- (1) a default in the payment of interest on the Notes when due, continued for 30 days;
- (2) a default in the payment of principal of any Note when due at its Stated Maturity, upon redemption, upon required purchase, upon declaration of acceleration or otherwise;
- (3) the failure by the Issuer, Parent or any Subsidiary Guarantor to comply with its obligations under Certain Covenants Merger and Consolidation;
- (4) the failure by the Issuer, Parent or any Subsidiary Guarantor, as the case may be, to comply for 30 days after notice with any of its obligations in the covenants described above under Change of Control Triggering Event (other than a failure to purchase Notes) or under Certain Covenants under Limitation on Indebtedness, Limitation on Restricted Payments, Limitation on Restrictions on Distributions from Restricted Subsidiaries, Limitation on Sales of Assets and Subsidiary Stock (other than a failure to purchase Notes), Limitation on Affiliate Transactions, Limitation on Liens, Limitation on Sale/Leaseback Transactions or Future Guarantees;
- (5) the failure by the Issuer or Parent, as the case may be, to comply for 180 days after notice with any of its obligations in the covenant described above under SEC Reports (provided that, if applicable, failure by the Issuer or Parent to comply with the provisions of Section 314(a) of the Trust Indenture Act will not in itself be deemed a Default or an Event of Default under this Indenture);
- (6) the failure by the Issuer, Parent, or any Subsidiary Guarantor to comply for 60 days after notice with its other agreements contained in the Indenture;
- (7) Indebtedness of the Issuer, any Subsidiary Guarantor or any Significant Subsidiary is not paid within any applicable grace period after final maturity or is accelerated by the holders thereof because of a default and the total amount of such Indebtedness unpaid or accelerated exceeds \$50.0 million (the *cross acceleration provision*);
- (8) certain events of bankruptcy, insolvency or reorganization of the Issuer, any Subsidiary Guarantor or any Significant Subsidiary (the *bankruptcy provisions*);
- (9) any final judgment or decree for the payment of money (other than judgments which are covered by enforceable insurance policies issued by solvent carriers) in excess of \$50.0 million is entered against the Issuer, any Subsidiary Guarantor or any Significant Subsidiary, remains outstanding for a period of 60 consecutive days following such judgment becoming final and is not discharged, waived or stayed within 10 days after notice (the *judgment default provision*); or
- (10) the Parent Guaranty or a Subsidiary Guaranty ceases to be in full force and effect (other than in accordance with the terms of such Guaranty) or a Guarantor denies or disaffirms its obligations under its Guaranty.

However, a default under clauses (4), (5), (6) and (9) will not constitute an Event of Default until the Trustee or the holders of 25% in principal amount of the outstanding Notes notify the Issuer of the default and the Issuer does not cure such default within the time specified after receipt of such notice. In the event of any Event of Default specified under clause (7), such Event of Default and all consequences thereof (excluding any resulting payment default, other than as a result of acceleration of Notes) shall be annulled, waived and rescinded, automatically and without

any action by the Trustee or the holders, if within 30 days after such Event

Table of Contents

of Default arose: (a) holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default or (b) the default that is the basis for such Event of Default has been cured.

If an Event of Default occurs and is continuing, the Trustee or the holders of at least 25% in principal amount of the outstanding Notes may declare the principal of and accrued but unpaid interest, if any, on all the Notes to be due and payable. Upon such declaration, such principal and interest shall be due and payable immediately. If an Event of Default relating to certain events of bankruptcy, insolvency or reorganization of the Issuer occurs and is continuing, the principal of and interest on all the Notes will *ipso facto* become and be immediately due and payable without any declaration or other act on the part of the Trustee or any holders of the Notes. Under certain circumstances, the holders of a majority in principal amount of the outstanding Notes may rescind any such acceleration with respect to the Notes and its consequences.

Subject to the provisions of the Indenture relating to the duties of the Trustee, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Indenture at the request or direction of any of the holders of the Notes unless such holders have offered to the Trustee indemnity or security satisfactory to it against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium (if any) or interest when due, no holder of a Note may pursue any remedy with respect to the Indenture or the Notes unless:

- (1) such holder has previously given the Trustee notice that an Event of Default is continuing;
- (2) holders of at least 25% in principal amount of the outstanding Notes have requested the Trustee to pursue the remedy;
- (3) such holders have offered the Trustee security or indemnity satisfactory to it against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and
- (5) holders of a majority in principal amount of the outstanding Notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, the holders of a majority in principal amount of the outstanding Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the Indenture or that the Trustee determines is unduly prejudicial to the rights of any other holder of a Note or that would involve the Trustee in personal liability.

If a Default occurs, is continuing and is known to the Trustee, the Trustee must mail to each holder of the Notes notice of the Default within 90 days after it occurs. Except in the case of a Default in the payment of principal of or interest on any Note, the Trustee may withhold notice if and so long as a committee of its trust officers determines that withholding notice is not opposed to the interest of the holders of the Notes. In addition, we are required to deliver to the Trustee, within 120 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year. We are required to deliver to the Trustee, within 30 days after the occurrence thereof, written notice of any event which would constitute certain Defaults, their status and what action we are taking or propose to take in respect thereof.

Amendments and Waivers

Subject to certain exceptions, the Indenture may be amended with the consent of the holders of a majority in principal amount of the Notes then outstanding (including consents obtained in connection with a tender offer or exchange for the Notes) and any past default or compliance with any provisions may also be waived with the

Table of Contents

consent of the holders of a majority in principal amount of the Notes then outstanding. However, without the consent of each holder of an outstanding Note affected thereby, an amendment or waiver may not, among other things:

- (1) reduce the amount of Notes whose holders must consent to an amendment;
- (2) reduce the rate of or extend the time for payment of interest on any Note;
- (3) reduce the principal of or extend the Stated Maturity of any Note;
- (4) reduce the amount payable upon the redemption of any Note or change the time at which any Note may be redeemed as described under Optional Redemption;
- (5) make any Note payable in money other than that stated in the Note;
- (6) impair the right of any holder of the Notes to receive payment of principal of and interest on such holder's Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such holder's Notes;
- (7) make any change in the amendment provisions which require each holder's consent or in the waiver provisions;
- (8) make any change in the ranking or priority of any Note or Guaranty that would adversely affect the noteholders; or
- (9) make any change in any Guaranty that would adversely affect the noteholders.

Notwithstanding the preceding, without the consent of any holder of the Notes, the Issuer, Parent, the Subsidiary Guarantors and Trustee may amend the Indenture:

- (1) to cure any ambiguity, omission, defect or inconsistency;
- (2) to provide for the assumption by a successor corporation of the obligations of the Issuer, Parent or any Subsidiary Guarantor under the Indenture;
- (3) to provide for uncertificated Notes in addition to or in place of certificated Notes (*provided* that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code, or in a manner such that the uncertificated Notes are described in Section 163(f)(2)(B) of the Code);
- (4) to add guarantees with respect to the Notes, including any Subsidiary Guaranties, or to secure the Notes;

Edgar Filing: CB RICHARD ELLIS INVESTORS INC - Form S-4

- (5) to add to the covenants of the Issuer, Parent or any Subsidiary Guarantor for the benefit of the holders of the Notes or to surrender any right or power conferred upon the Issuer, Parent or any Subsidiary Guarantor;
- (6) to make any change that does not materially adversely affect the rights of any holder of the Notes;
- (7) to comply with any requirement of the SEC in connection with any required qualification of the Indenture under the Trust Indenture Act;

Table of Contents

- (8) to conform the text of the Indenture, Guaranties or the Notes to any provision of the Description of the Notes contained in the Offering Memorandum to the extent that such provision was intended to be a verbatim recitation of a provision of the Indenture, the Guaranties or the Notes; or
- (9) to amend the provisions of the Indenture relating to the transfer and legending of Notes; *provided, however*, that (i) compliance with the Indenture as so amended would not result in Notes being transferred in violation of the Securities Act or any applicable securities law and (ii) such amendment does not materially and adversely affect the rights of holders to transfer Notes.

However, no amendment may be made to the subordination provisions of the Indenture that adversely affects the rights of any holder of Senior Indebtedness of the Issuer or a Subsidiary Guarantor then outstanding unless the holders of such Senior Indebtedness (or their Representative) consent to such change.

The consent of the holders of the Notes is not necessary under the Indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

After an amendment under the Indenture becomes effective, we are required to mail to holders of the Notes a notice briefly describing such amendment. However, the failure to give such notice to all holders of the Notes, or any defect therein, will not impair or affect the validity of the amendment.

Neither the Issuer nor any Affiliate of the Issuer may, directly or indirectly, pay or cause to be paid any consideration, whether by way of interest, fee or otherwise, to any holder for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture or the Notes unless such consideration is offered to all holders and is paid to all holders that so consent, waive or agree to amend in the time frame set forth in solicitation documents relating to such consent, waiver or agreement.

Transfer

The Notes will be issued in registered form and will be transferable only upon the surrender of the Notes being transferred for registration of transfer. We may require payment of a sum sufficient to cover any tax, assessment or other governmental charge payable in connection with certain transfers and exchanges.

Defeasance

At any time, we may terminate all our and each Guarantor's obligations under the Notes, the Guaranties and the Indenture (*legal defeasance*), except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the Notes, to replace mutilated, destroyed, lost or stolen Notes and to maintain a registrar and paying agent in respect of the Notes.

In addition, at any time we may terminate our obligations under Change of Control Triggering Event and under the covenants described under Certain Covenants (other than the covenant described under Merger and Consolidation), the operation of the cross acceleration provision, the bankruptcy provisions with respect to Significant Subsidiaries and the judgment default provision described under Defaults above and the limitations contained in clause (3) of the first paragraph under Certain Covenants Merger and Consolidation above and our Guarantor's obligations under the Guaranties and the Indenture (*covenant defeasance*).

We may exercise our legal defeasance option notwithstanding our prior exercise of our covenant defeasance option. If we exercise our legal defeasance option, payment of the Notes may not be accelerated because of an Event of Default with respect thereto. If we exercise our covenant defeasance option, payment of the Notes may not be accelerated because of an Event of Default specified in clause (4), (5), (7), (8) (with respect only to Significant Subsidiaries) or (9) under Defaults above or because of the failure of the Issuer to comply with

Table of Contents

clause (3) of the first paragraph under Certain Covenants Merger and Consolidation above. If we exercise our legal defeasance option or our covenant defeasance option, each Guarantor will be released from all of its obligations with respect to its Guaranty.

In order to exercise either of our defeasance options, we must irrevocably deposit in trust (the *defeasance trust*) with the Trustee money or U.S. Government Obligations for the payment of principal and interest on the Notes to redemption or maturity, as the case may be, and must comply with certain other conditions, including delivery to the Trustee of an Opinion of Counsel to the effect that holders of the Notes will not recognize income, gain or loss for Federal income tax purposes as a result of such deposit and defeasance and will be subject to Federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred (and, in the case of legal defeasance only, such Opinion of Counsel must be based on a ruling of the Internal Revenue Service or other change in applicable Federal income tax law).

Concerning the Trustee

Wells Fargo Bank, National Association is the Trustee under the Indenture. We have appointed Wells Fargo Bank, National Association as Registrar and Paying Agent with regard to the Notes.

The Indenture contains certain limitations on the rights of the Trustee, should it become a creditor of the Issuer, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee is permitted to engage in other transactions; *provided, however*, if it acquires any conflicting interest it must either eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The holders of a majority in principal amount of the outstanding Notes have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. If an Event of Default occurs (and is not cured), the Trustee is required, in the exercise of its power, to use the degree of care of a prudent person in the conduct of such person's affairs. Subject to such provisions, the Trustee is under no obligation to exercise any of its rights or powers under the Indenture at the request of any holder of Notes, unless such holder shall have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense and then only to the extent required by the terms of the Indenture.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator, member or stockholder of the Issuer or any Guarantor has any liability for any obligations of the Issuer or any Guarantor under the Notes, any Guaranty or the Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each holder of the Notes by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. Such waiver and release may not be effective to waive liabilities under the U.S. federal securities laws, and it is the view of the SEC that such a waiver is against public policy.

Governing Law

The Indenture and the Notes are governed by, and construed in accordance with, the laws of the State of New York.

Depository Procedures

The following description of the operations and procedures of DTC, Euroclear System (*Euroclear*) and Clearstream Banking, S.A. (*Clearstream*) are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. We take no responsibility for these operations and procedures and urge investors to contact the system or their participants directly to discuss these matters.

DTC has advised us that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the *Participants*) and to facilitate the clearance and settlement of transactions in those securities between Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers (including the initial purchasers), banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the *Indirect Participants*). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised us that, pursuant to procedures established by it:

- (1) upon deposit of the Global Notes, DTC will credit the accounts of Participants designated by the Initial Purchasers with portions of the principal amount of the Global Notes; and
- (2) ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interests in the Global Notes).

Investors in the Global Notes who are Participants in DTC's system may hold their interests therein directly through DTC. Investors in the Global Notes who are not Participants may hold their interests therein indirectly through organizations (including Euroclear and Clearstream) which are Participants in such system. Euroclear and Clearstream will hold interests in the Global Notes on behalf of their participants through customers securities accounts in their respective names on the books of their respective depositories, which are Euroclear Bank S.A. /N.V., as operator of Euroclear, and Citibank, N.A., as operator of Clearstream. All interests in a Global Note, including those held through Euroclear or Clearstream, may be subject to the procedures and requirements of DTC. Those interests held through Euroclear or Clearstream may also be subject to the procedures and requirements of such systems. The laws of some states require that certain Persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such Persons will be limited to that extent. Because DTC can act only on behalf of Participants, which in turn act on behalf of Indirect Participants, the ability of a Person having beneficial interests in a Global Note to pledge such interests to Persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of an interest in the Global Notes will not have Notes registered in their names, will not receive physical delivery of Notes in certificated form and will not be considered the registered owners or holders thereof under the Indenture for any purpose.

Payments in respect of the principal of, and interest and premium and additional interest, if any, on a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the Indenture. Under the terms of the Indenture, the Issuer and the Trustee will treat the Persons in whose

Table of Contents

names the Notes, including the Global Notes, are registered as the owners of the Notes for the purpose of receiving payments and for all other purposes. Consequently, none of the Issuer, the Trustee nor any agent of the Issuer or the Trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interest in the Global Notes or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Notes; or

- (2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised us that its current practice, upon receipt of any payment in respect of securities such as the Notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of Notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the Trustee or the Issuer. Neither the Issuer nor the Trustee will be liable for any delay by DTC or any of its Participants in identifying the beneficial owners of the Notes, and the Issuer and the Trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between Participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds, and transfers between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures.

Cross-market transfers between the Participants in DTC, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by its respective depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf of delivering or receiving interests in the relevant Global Note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

DTC has advised the Issuer that it will take any action permitted to be taken by a holder of Notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the Notes as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the Notes, DTC reserves the right to exchange the Global Notes for legended Notes in certificated form, and to distribute such Notes to its Participants.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the Global Notes among participants in DTC, Euroclear and Clearstream, they are under no obligation to perform or to continue to perform such procedures, and may discontinue such procedures at any time. None of the Issuer, the Trustee or any of their respective agents will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for Certificated Notes if:

- (1) DTC (a) notifies the Issuer that it is unwilling or unable to continue as depository for the Global Notes and DTC fails to appoint a successor depository or (b) has ceased to be a clearing agency registered under the Exchange Act;
- (2) the Issuer, at its option, notifies the Trustee in writing that it elects to cause the issuance of the Certificated Notes; or
- (3) there has occurred and is continuing a Default with respect to the Notes.

In addition, beneficial interests in a Global Note may be exchanged for Certificated Notes under prior written notice given to the Trustee by or on behalf of DTC in accordance with the Indenture. In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures).

Exchange of Certificated Notes for Global Notes

Certificated Notes may not be exchanged for beneficial interests in any Global Note unless the transferor first delivers to the Trustee a written certificate (in the form provided in the Indenture).

Same Day Settlement and Payment

The Issuer will make payments in respect of the Notes represented by the Global Notes (including principal, premium, if any, interest and additional interest, if any) by wire transfer of immediately available funds to the accounts specified by the Global Note holder. The Issuer will make all payments of principal, interest and premium and additional interest, if any, with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such holder's registered address. The Notes represented by the Global Notes are expected to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such Notes will, therefore, be required by DTC to be settled in immediately available funds. The Issuer expects that secondary trading in any Certificated Notes will also be settled in immediately available funds.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in a Global Note from a Participant in DTC will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream participant, during the securities settlement processing day (which must be a business day for Euroclear and Clearstream) immediately following the settlement date of DTC. DTC has advised the Issuer that cash received in Euroclear or Clearstream as a result of sales of interests in a Global Note by or through a Euroclear or Clearstream participant to a Participant in DTC will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The Exchange Offer

The exchange of outstanding notes for exchange notes in the exchange offer will not constitute a taxable event to holders for U.S. federal income tax purposes. Consequently, no gain or loss will be recognized by a holder upon receipt of an exchange note, the holding period of the exchange note will include the holding period of the outstanding note exchanged therefor and the basis of the exchange note will be the same as the basis of the outstanding note immediately before the exchange.

In any event, persons considering the exchange of outstanding notes for exchange notes should consult their own tax advisors concerning the U.S. federal income tax consequences in light of their particular situations as well as any consequences arising under the laws of any other taxing jurisdiction.

Ownership of the Notes

The following is a summary of the material U.S. federal income tax considerations of the purchase, ownership and disposition of the notes as of the date hereof.

Except where noted, this summary deals only with notes that are held as capital assets, and does not represent a detailed description of the U.S. federal income tax consequences applicable to you if you are subject to special treatment under the U.S. federal income tax laws, including if you are:

a dealer in securities or currencies;

a financial institution;

a regulated investment company;

a real estate investment trust;

a tax-exempt organization;

an insurance company;

a person holding the notes as part of a hedging, integrated, conversion or constructive sale transaction or a straddle;

a trader in securities that has elected the mark-to-market method of accounting for your securities;

a person liable for alternative minimum tax;

a pass-through entity or a person who is an investor in a pass-through entity; or

a U.S. Holder (as defined below) whose functional currency is not the U.S. dollar.

The discussion below is based upon the provisions of the Internal Revenue Code of 1986, as amended (the Code), and U.S. Treasury regulations, rulings and judicial decisions as of the date hereof. Those authorities may be changed, perhaps retroactively, so as to result in U.S. federal income tax consequences different from those discussed below. The discussion below assumes that the notes will be classified for U.S. federal income tax purposes as our indebtedness and you should note that in the event of an alternative characterization, the tax consequences would differ from those discussed below.

Table of Contents

If a partnership holds notes, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership holding notes, you should consult your tax advisors.

This summary does not represent a detailed description of the U.S. federal income tax consequences to you in light of your particular circumstances and does not address the effects of any state, local or non-U.S. tax laws. **If you are considering the purchase of notes, you should consult your own tax advisors concerning the particular U.S. federal income tax consequences to you of the ownership of the notes, as well as any consequences arising under the laws of any other taxing jurisdiction.**

U.S. Holders

The following is a summary of certain U.S. federal tax consequences that will apply to you if you are a U.S. Holder of the notes.

U.S. Holder means a beneficial owner of a note that is for U.S. federal income tax purposes:

an individual citizen or resident of the United States;

a corporation (or any other entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;

an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust if it (1) is subject to the primary supervision of a court within the United States and one or more U.S. persons have the authority to control all substantial decisions of the trust or (2) has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person.

Payments of Interest

Except as set forth below, interest on a note generally will be taxable to you as ordinary income at the time it is paid or accrued in accordance with your method of accounting for tax purposes.

Sale, Exchange and Retirement of Notes

Your tax basis in a note will, in general, be your cost for that note. Upon the sale, exchange, retirement or other disposition of a note, you will recognize gain or loss equal to the difference between the amount realized upon the sale, exchange, retirement or other disposition (less an amount equal to any accrued and unpaid qualified stated interest, which will be taxable as interest income for U.S. federal income tax purposes to the extent not previously included in income) and the adjusted tax basis of the note. Such gain or loss will be capital gain or loss. Capital gains of individuals derived in respect of capital assets held for more than one year are eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations.

The exchange of the notes for registered notes in the exchange offer described herein should not constitute a taxable event.

Table of Contents

Non-U.S. Holders

The following is a summary of certain U.S. federal tax consequences that will apply to you if you are a Non-U.S. Holder of notes. Non-U.S. Holder means a beneficial owner of a note, other than a partnership, that is not a U.S. Holder (as defined under U.S. Holders above).

Special rules may apply to you if you are subject to special treatment under the Code, including if you are a controlled foreign corporation, a passive foreign investment company, or a U.S. expatriate. If you are such a Non-U.S. Holder, you should consult your own tax advisors to determine the U.S. federal, state, local and other tax consequences that may be relevant to you.

U.S. Federal Withholding Tax

Subject to the discussion below concerning backup withholding, U.S. federal withholding tax will not apply to any payment of interest on a note under the portfolio interest rule, provided that:

interest paid on the note is not effectively connected with your conduct of a trade or business in the United States;

you do not actually or constructively own 10% or more of the total combined voting power of all classes of our voting stock within the meaning of the Code and applicable U.S. Treasury regulations;

you are not a controlled foreign corporation that is related to us through stock ownership;

you are not a bank whose receipt of interest on a note is described in Section 881(c)(3)(A) of the Code; and

either (a) you provide your name and address on an Internal Revenue Service (IRS) Form W-8BEN (or other applicable form), and certify, under penalties of perjury, that you are not a U.S. person or (b) you hold your notes through certain financial intermediaries and satisfy the certification requirements of applicable U.S. Treasury regulations. Special certification rules apply to Non-U.S. Holders that are pass-through entities rather than corporations or individuals.

If you cannot satisfy the requirements of the portfolio interest exception described above, payments of interest made to you will be subject to a 30% U.S. federal withholding tax unless you provide us or our paying agent, as the case may be, with a properly executed (1) IRS Form W-8BEN (or other applicable form) claiming an exemption from or reduction in withholding under the benefit of an applicable income tax treaty or (2) IRS Form W-8ECI (or other applicable form) stating that interest paid on the note is not subject to withholding tax because it is effectively connected with your conduct of a trade or business in the U.S. (as discussed below under U.S. Federal Income Tax). Alternative documentation may be applicable in certain situations. The 30% U.S. federal withholding tax generally will not apply to any payment of principal or gain that you realize on the sale, exchange, retirement or other disposition of a note.

U.S. Federal Income Tax

If you are engaged in a trade or business in the United States and interest on the notes is effectively connected with the conduct of that trade or business (and, if required by an applicable income tax treaty, is attributable to a U.S. permanent establishment), you will be subject to U.S. federal income tax on such interest on a net income basis (although you will be exempt from the 30% U.S. federal withholding tax, provided the certification requirements discussed above in U.S. Federal Withholding Tax are satisfied) in the same manner as if you were a U.S. person. In addition, if you are a foreign corporation, you may be subject to a branch profits tax equal to 30% (or lesser rate under an applicable income tax treaty) of such interest, subject to adjustments.

Table of Contents

Any gain realized on the disposition of a note generally will not be subject to U.S. federal income tax unless:

the gain is effectively connected to your conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a U.S. permanent establishment), or

you are an individual who is present in the United States for 183 days or more in the taxable year of such disposition, and certain other conditions are met.

Information Reporting and Backup Withholding

U.S. Holders

In general, information reporting requirements will apply to certain payments of principal, interest and premium paid on notes and to the proceeds of sale of a note made to you (unless you are an exempt recipient). A backup withholding tax may apply to such payments if you fail to provide a taxpayer identification number or a certification of exempt status, or if you fail to report in full dividend and interest income.

Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against your U.S. federal income tax liability provided the required information is furnished to the IRS.

Non-U.S. Holders

Information reporting will also generally apply to payments of interest made to you and the amount of tax, if any, withheld with respect to such payments. Copies of the information returns reporting such interest payments and any withholding may also be made available to the tax authorities in the country in which you reside under the provisions of an applicable income tax treaty.

In general, backup withholding will not apply to payments that we make to you provided that we do not have actual knowledge or reason to know that you are a U.S. person and we have received from you the statement described above in the fifth bullet point under **Non-U.S. Holders** U.S. Federal Withholding Tax.

In addition, no information reporting or backup withholding will be required regarding the proceeds of a sale of our notes within the United States or conducted through certain U.S.-related financial intermediaries, if the payor receives the statement described above and does not have actual knowledge or reason to know that you are a U.S. person, or you otherwise establish an exemption.

Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against your U.S. federal income tax liability provided the required information is furnished to the IRS.

If you cannot satisfy the requirements of the **portfolio interest** exception described above, payments of interest (including OID) made to you will be subject to a 30% U.S. federal withholding tax unless you provide us or our paying agent, as the case may be, with a properly executed (1) IRS Form W-8BEN (or other applicable form) claiming an exemption from or reduction in withholding under the benefit of an applicable income tax treaty or (2) IRS Form W-8ECI (or other applicable form) stating that interest paid on the note is not subject to withholding tax because it is effectively connected with your conduct of a trade or business in the U.S. (as discussed below under **U.S. Federal Income Tax**). Alternative documentation may be applicable in certain situations. The 30% U.S. federal withholding tax generally will not apply to any payment of principal or gain that you realize on the sale, exchange, retirement or other disposition of a note.

If a non-U.S. holder of notes is described in the first bullet point above, any gain realized upon a sale, exchange, retirement, or other taxable disposition of the notes will be subject to U.S. federal income tax in the same manner as effectively connected interest as described above. If a non-U.S. holder of notes is described in the second bullet point above, any gain realized upon a sale, exchange, retirement, or other taxable disposition of the notes will be subject to U.S. federal income tax at a statutory rate of 30%, which gain may be offset by certain losses.

Information Reporting and Backup Withholding

U.S. Holders

In general, information reporting requirements will apply to certain payments of principal, interest (including OID) and premium paid on notes and to the proceeds of sale of a note made to you (unless you are an exempt recipient such as a corporation). A backup withholding tax may apply to such payments if you fail to provide a taxpayer identification number or a certification of exempt status, or if you fail to report in full dividend and interest income.

Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against your U.S. federal income tax liability provided the required information is furnished to the IRS.

Non-U.S. Holders

Information reporting will also generally apply to payments of interest (including OID) made to you and the amount of tax, if any, withheld with respect to such payments. Copies of the information returns reporting such interest payments and any withholding may also be made available to the tax authorities in the country in which you reside under the provisions of an applicable income tax treaty.

In general, backup withholding will not apply to payments that we make to you provided that we do not have actual knowledge or reason to know that you are a U.S. person and we have received from you the statement described above in the fifth bullet point under **Non-U.S. Holders U.S. Federal Withholding Tax**.

In addition, no information reporting or backup withholding will be required regarding the proceeds of a sale of our notes within the United States or conducted through certain U.S.-related financial intermediaries, if the payor receives the statement described above and does not have actual knowledge or reason to know that you are a U.S. person, or you otherwise establish an exemption.

Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against your U.S. federal income tax liability provided the required information is furnished to the IRS.

PLAN OF DISTRIBUTION

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of the exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for outstanding notes where the outstanding notes were acquired as a result of market-making activities or other trading activities. In addition, all dealers effecting transactions in the exchange notes may be required to deliver a prospectus. To the extent any such broker-dealer participates in the exchange offer, we have agreed that for a period of up to 180 days after the day the registered exchange offer expires, we will make this prospectus, as amended or supplemented, available to such broker-dealer for use in connection with any such resale, and will deliver as many additional copies of this prospectus and each amendment or supplement to this prospectus and any documents incorporated by reference in this prospectus as such broker-dealer may request in the letter of transmittal.

We will not receive any proceeds from any sale of exchange notes by broker-dealers. Exchange notes received by broker-dealers for their own accounts pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of these methods of resale, at market prices prevailing at the time of resale, at prices related to the prevailing market prices or negotiated prices. Any resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any broker-dealer or the purchasers of any exchange notes. Any broker-dealer that resells exchange notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of the exchange notes may be deemed to be an underwriter within the meaning of the Securities Act and any profit on any resale of exchange notes and any commissions or concessions received by these persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

We have agreed to pay all expenses incident to the exchange offer, including the expenses of one counsel for the holders of the outstanding notes, other than commissions or concessions of any brokers or dealers, and will indemnify the holders of outstanding notes, including any broker-dealers, against certain liabilities, including liabilities under the Securities Act.

The consolidated statements of operations, cash flows, equity, and comprehensive income (loss) for the year ended December 31, 2007 and related financial statement schedule, Schedule II Valuation and Qualifying Accounts, as of December 31, 2007 incorporated in this prospectus by reference from our Annual Report on Form 10-K for the year ended December 31, 2009 have been audited by Deloitte & Touche LLP (Deloitte), an independent registered public accounting firm, as stated in their report, which is incorporated herein by reference. Such financial statements and financial statement schedule have been so incorporated in reliance upon the report of such firm given upon their authority as experts in accounting and auditing.

CHANGE IN ACCOUNTANTS

As reported in our Current Report on Form 8-K filed with the SEC on March 18, 2008, on March 12, 2008, Deloitte was notified on behalf of the Audit Committee of our board of directors that Deloitte was dismissed as our independent registered public accounting firm.

Deloitte's report on our financial statements for the two years ended December 31, 2007 and 2006 did not contain an adverse opinion or a disclaimer of opinion, and was not qualified or modified as to uncertainty, audit scope, or accounting principles. The termination, which was effective as of March 12, 2008, was approved by our Audit Committee.

During our two years ended December 31, 2007 and 2006 and through March 11, 2008, we did not have any disagreements with Deloitte on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Deloitte, would have caused it to make reference to the subject matter of the disagreements in connection with its report. Also during this period, there were no reportable events as that term is described in Item 304(a)(1)(v) of Regulation S-K, as confirmed by the letter delivered by Deloitte to us and filed as an exhibit to our March 18, 2008 Form 8-K.

In late 2007, the Audit Committee determined to undertake a competitive request for proposal process to determine our auditor for the year ended December 31, 2008. As a result of this process, the Audit Committee decided to engage KPMG as our independent registered public accounting firm for the year ended December 31, 2008. We did not engage KPMG in any prior consultations during our years ended December 31, 2006 or December 31, 2007, or the subsequent period through March 12, 2008 regarding either: (a) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our consolidated financial statements; or (b) any matter that was the subject of either a disagreement or a reportable event (as defined in Item 304(a)(1)(v), respectively, of Regulation S-K).

INFORMATION NOT REQUIRED IN PROSPECTUS

ITEM 20. INDEMNIFICATION OF DIRECTORS AND OFFICERS

(a) *CB Richard Ellis Group, Inc.; CB Richard Ellis Services, Inc.; CB Holdco, Inc.; CB Richard Ellis, Inc.; CBRE-Profi Acquisition Corp.; CBRE Loan Services, Inc.; Insignia/ESG Capital Corporation; TC Houston, Inc.; TCCT Real Estate, Inc.; TCDFW, Inc.; Trammell Crow Company; Trammell Crow Development & Investment, Inc. and Trammell Crow Services, Inc. (each a Delaware corporation and, collectively referred to herein as the Delaware Corporations)*

Section 102 of the Delaware General Corporation Law (the DGCL), as amended, allows a corporation to eliminate the personal liability of directors of a corporation to the corporation or its stockholders for monetary damage for a breach of fiduciary duty as a director, except where the director breached his or her duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend or approved a stock repurchase in violation of the DGCL or obtained an improper personal benefit.

Section 145 of the DGCL provides, among other things, that a Delaware corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding (other than an action by or in the right of the Delaware corporation) by reason of the fact that the person is or was a director, officer, agent or employee of the Delaware corporation or is or was serving at its request as a director, officer, agent or employee of another corporation, partnership, joint venture, trust or other enterprise against expenses, including attorneys fees, judgment, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with the action, suit or proceeding. The power to indemnify applies (1) if the person is successful on the merits or otherwise in defense of any action, suit or proceeding or (2) if the person acted in good faith and in a manner he or she reasonably believed to be in the best interest, or not opposed to the best interest, of the Delaware corporation, and with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. The power to indemnify applies to actions brought by or in the right of the Delaware corporation as well, but only to the extent of defense expenses (including attorneys fees but excluding amounts paid in settlement) actually and reasonably incurred and not to any satisfaction of judgment or settlement of the claim itself, and with the further limitation that in these actions no indemnification shall be made in the event of any adjudication of negligence or misconduct in the performance of his or her duties to the Delaware corporation, unless the court believes that in light of all the circumstances indemnification should apply.

Section 174 of the DGCL provides, among other things, that a director, who willfully or negligently approves of an unlawful payment of dividends or an unlawful stock purchase or redemption, may be held liable for these actions. A director who was either absent when the unlawful actions were approved or dissented at the time, may avoid liability by causing his or her dissent to these actions to be entered in the books containing the minutes of the meetings of the board of directors at the time the action occurred or immediately after the absent director receives notice of the unlawful acts.

The Delaware Corporations certificates of incorporation include a provision that limits the personal liability of their directors for monetary damages for breach of fiduciary duty as a director, except to the extent such limitation is not permitted under the DGCL.

The Delaware Corporations certificates of incorporation and/or by-laws provide that each Delaware Corporation must indemnify its directors and officers to the fullest extent permitted by Delaware law. The Delaware Corporations certificates of incorporation and/or by-laws provide that they may additionally indemnify their agents and employees to the fullest extent permitted by Delaware law, but if such agent or employee is serving at another entity at the request of any such Delaware Corporation s board of directors, then

Table of Contents

the Delaware Corporation must indemnify such agent or employee. TC Houston, Inc., TCCT Real Estate, Inc., TCDFW, Inc., Trammell Crow Development & Investment, Inc. and Trammell Crow Services, Inc. have provisions that obligate them to indemnify their agents and employees even if not serving at another entity at their respective board of directors' request. The by-laws of CBRE-Profi Acquisition Corp. provide that it may indemnify its agents and employees to the fullest extent permitted by Delaware law, but it is not required to do so, even if such agent or employee is serving at another entity at the request of CBRE-Profi Acquisition Corp.'s board of directors.

The certificates of incorporation and/or by-laws of CB Richard Ellis Services, Inc., CB Holdco, Inc., CB Richard Ellis, Inc., CBRE Loan Services, Inc. and Trammell Crow Company provide that they must advance expenses, as incurred, to their directors and officers in connection with a legal proceeding.

The indemnification provisions contained in the certificates of incorporation and/or by-laws of CB Richard Ellis Group, Inc. and Trammell Crow Company are not exclusive of any other rights to which a person may be entitled by law, agreement, vote of stockholders or disinterested directors or otherwise.

In addition, the Delaware Corporations maintain insurance on behalf of their directors and officers insuring them against any liability asserted against them in their capacities as directors or officers or arising out of such status.

Section 15-110 of the Delaware Revised Uniform Partnership Act provides that, subject to the limitations in the partnership agreement, a partnership may indemnify and hold harmless any person against any and all claims and demands. The General Partnerships' partnership agreements provide that, to the extent permitted by law, the partners shall each be indemnified and held harmless by the General Partnerships from and against any and all losses, claims, damages, liability, expenses, judgments, fines, settlements and other amounts arising from any and all claims, costs, demands, actions, suits or proceedings, in which the partner may be involved, or threatened to be involved as a party or otherwise by reason of their status as a partner, whether or not such party continues to be a partner at the time such liability or expense is paid or incurred, if the party acted in good faith and in a manner it reasonably believed to be in the best interests of the General Partnerships. Expenses (including legal fees and expenses) must be paid in advance by the General Partnerships, and the right to indemnification is in addition to any other rights available under law, agreement or otherwise.

The General Partnerships maintain insurance on behalf of the partners and against any liability which may be asserted against or expense which may be incurred by such party in connection with the General Partnerships' activities, whether or not the General Partnerships would have the power to indemnify such party against such liability under the provisions of the partnership agreements.

(e) *CB Richard Ellis Investors, Inc. and Vincent F. Martin, Jr., Inc. (each a California corporation and, collectively referred to herein as the California Corporations)*

The Articles of Incorporation of CB Richard Ellis Investors, Inc. limit the personal liability of its directors for monetary damages to the fullest extent permitted by the California Corporations Code (the Corporations Code).

Under the Corporations Code, a director's liability to a company or its shareholders may not be limited with respect to the following items: (1) acts or omissions that involve intentional misconduct or a knowing and culpable violation of law, (2) acts or omissions that a director believes to be contrary to the best interests of the company or its shareholders or that involve the absence of good faith on the part of the director, (3) any transaction from which a director derived an improper personal benefit, (4) acts or omissions that show a reckless disregard for the director's duty to the company or its shareholders in circumstances in which the director was aware, or should have been aware, in the ordinary course of performing a director's duties, of a risk of a serious injury to the company or its shareholders, (5) acts or omissions that constitute an unexcused pattern of inattention that amounts to an abdication of the director's duty to the company or its shareholders, (6) contracts or transactions between the company and a director within the scope of Section 310 of the Corporations Code or (7) improper dividends, loans and guarantees under Section 316 of the Corporations Code. The limitation of liability does not affect the availability of injunctions and other equitable remedies available to the California Corporations' shareholders for any violation by a director of the director's fiduciary duty to the California Corporations or their shareholders.

The California Corporations' By-laws also include an authorization for the California Corporations to indemnify their agents (as defined in Section 317 of the Corporations Code) through by-law provisions, by agreement or otherwise, to the fullest extent permitted by law. Pursuant to this provision, the California Corporations' By-laws provide for indemnification of the California Corporations' agents (provided that they were acting in good faith and in a manner they reasonably believed to be in the best interests of the California Corporations), to advance expenses to them as they are incurred, provided that they undertake to repay the amount advanced if it is ultimately determined by a court that they are not entitled to indemnification, and to obtain directors' and officers' insurance if available on reasonable terms. Section 317 of the Corporations Code and the California Corporations' By-laws make provision for the indemnification of officers, directors and other agents in terms sufficiently broad to indemnify such persons, under certain circumstances, for liabilities (including reimbursement of expenses incurred) arising under the Securities Act of 1933, as amended (the Securities Act).

The California Corporations maintain insurance on behalf of their directors and officers insuring them against any liability asserted against them in their capacities as directors or officers or arising out of such status.

(f) *CBRE/LJM-Nevada, Inc. (a Nevada corporation and referred to herein as the Nevada Corporation)*

The Nevada Corporation's Articles of Incorporation provide that the personal liability of any of its director or stockholders for damages for breach of fiduciary duty is eliminated to the fullest extent allowed by the Nevada law.

Section 78.138 of the Nevada Revised Statutes (the NRS) provides that unless the articles of incorporation or an amendment thereto provide for greater individual liability, a director or officer is not individually liable to the corporation or its stockholders or creditors for any damages as a result of any act or failure to act in his or her capacity as a director or officer unless it is proven that: (a) his or her act or failure to act constituted a breach of his or her fiduciary duties as a director or officer; and (b) the breach of those duties involved intentional misconduct, fraud or a knowing violation of law.

The Nevada Revised Statutes also provide that under certain circumstances, a corporation may indemnify any person for amounts incurred in connection with a pending, threatened or completed action, suit or proceeding

Table of Contents

in which he or she is, or is threatened to be made, a party by reason of him or her being a director, officer, employee or agent of the corporation or serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, if (a) such person is not liable pursuant to NRS 78.138; or (b) such person acted in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. With respect to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor, indemnification may not be made for any claim, issue or matter as to which such a person has been adjudged by a court to be liable to the corporation or for amounts paid in settlement to the corporation, unless the court determines that the person is fairly and reasonably entitled to indemnity for such expenses as the court deems proper.

Section 78.751 of the NRS requires that the determination that indemnification is proper in a specific case must be made by (a) the stockholders, (b) the board of directors by majority vote of a quorum consisting of directors who were not parties to the action, suit or proceeding or (c) independent legal counsel in a written opinion (i) if a majority vote of a quorum consisting of disinterested directors is not possible or (ii) if such an opinion is requested by a quorum consisting of disinterested directors.

The Nevada Corporation maintains insurance coverage under a policy insuring its directors and officers against certain liabilities which they may incur in their capacity as such.

(g) CBRE Capital Markets, Inc. (a Texas corporation and referred to herein as the Texas Corporation)

Sections 2.101(16), 8.051, 8.101 and 8.151 of the Texas Business Organizations Code (the TBOC) and the Texas Corporation s by-laws provide it with broad powers and authority to indemnify its directors and officers and to purchase and maintain insurance for such purposes.

Section 2.101(16) of the TBOC empowers a corporation to indemnify directors, officers, employees and agents of the corporation and to purchase and maintain liability insurance for those persons. Section 8.101 of the TBOC permits a corporation to indemnify a person who was, is or is threatened to be made a named defendant or respondent in a proceeding because the person is or was a director only if it is determined that the person conducted himself in good faith and with reasonable belief that the conduct was in the corporation s best interest.

Under Section 8.051 of the TBOC, a corporation shall indemnify a director or officer against reasonable expense incurred by such director, in connection with a proceeding in which such director is a named defendant or respondent because they are or were a director or officer, if they have been wholly successful, on the merits or otherwise, in the defense of the proceeding. In addition, such indemnification may be ordered in a proper case by a court of law under Section 8.052 of the TBOC. A corporation may also indemnify and advance expenses to persons who are not or were not officers, employees or agents of the corporation but who are or were serving at the request of the corporation as a director, officer, partner, venturer, proprietor, trustee, employee, agent, or similar functionary of another foreign or domestic corporation, partnership, joint venture, sole proprietorship, trust, employee benefit plan, or other enterprise to the same extent that it may indemnify and advance expenses to directors under Section 8.101 of the TBOC. The statute provides that a corporation may purchase and maintain insurance on behalf of a director, officer, employee or agent of the corporation or a person who is or was serving at the request of the corporation as a director, officer, partner, venturer, proprietor, trustee, employee, agent or similar functionary of another enterprise, against any liability asserted against him in such capacity or arising out of such status, whether or not the corporation would have the power to indemnify him against the liability under Section 8.151 of the TBOC.

The Texas Corporation must indemnify its officers and directors against expense and costs (including attorneys fees) actually and necessarily incurred in connection with any claim asserted by reason of having been an officer or director of the company, unless he or she has been adjudged in a court proceeding as guilty of negligence or misconduct in respect of the matter for which indemnity is sought. This right of indemnity is not exclusive of other rights to which he or she may be entitled by law.

Sections 2.101(16), 8.051, 8.101 and 8.151 of the TBOC provide for the indemnification of a general partner, limited partner, employee or agent by the limited partnership under certain circumstances against expenses and liabilities incurred in legal proceedings because of his or her being or having been a general partner, limited partner, employee or agent of the limited partnership. A limited partnership shall indemnify a general partner against reasonable expenses incurred by the general partner, in connection with a proceeding in which the general partner is a named defendant or respondent because the general partner is or was a general partner, if the general partner has been wholly successful, on the merits or otherwise, in the defense of the proceeding. A limited partnership may purchase insurance on behalf of a general partner, limited partner, employee or agent of the limited partnership.

To the fullest extent permitted by law, expenses (including legal fees) incurred by the general partner in defending any claim, demand, action, suit or proceeding shall, from time to time, will be advanced by the Texas LP prior to the final disposition thereof upon receipt by the Texas LP of an undertaking by or on behalf of the general partner to repay such amount if it shall be determined that the general partner is not entitled to be indemnified as authorized.

The Texas LP maintains insurance on behalf of the directors and officers of its partner insuring them against any liability asserted against them in their capacities as directors or officers or arising out of such status.

(i) *The Polacheck Company, Inc. (a Wisconsin corporation and referred to herein as the Wisconsin Corporation)*

Under Section 180.0851(1) of the Wisconsin Business Corporation Law (the WBCL), a corporation shall indemnify a director or officer, to the extent that he or she has been successful on the merits or otherwise in the defense of a proceeding, for all reasonable expenses incurred in the proceeding if the director or officer was a party because he or she is a director or officer of the corporation. Section 180.0851(2) provides that, to the extent a director or officer has not been successful on the merits or otherwise in the defense of a proceeding, the corporation shall indemnify the director or officer unless liability was incurred because the director or officer breached or failed to perform a duty that he or she owes to the corporation and the breach or failure to perform constitutes any of the following: (1) a willful failure to deal fairly with the corporation or its shareholders in connection with a matter in which the director or officer has a material conflict of interest; (2) a violation of the criminal law, unless the director or officer had reasonable cause to believe that his or her conduct was lawful or no reasonable cause to believe that his or her conduct was unlawful; (3) a transaction from which the director or officer derived an improper personal profit; or (4) willful misconduct.

Section 180.0828 of the WBCL provides that, with certain exceptions, a director is not liable to a corporation, its shareholders, or any person asserting rights on behalf of the corporation or its shareholders, for damages, settlements, fees, fines, penalties or other monetary liabilities arising from a breach of, or failure to

perform, any duty resulting solely from his or her status as a director, unless the person asserting liability proves that the breach or failure to perform constitutes any of the four exceptions to mandatory indemnification under Section 180.0851(2) referred to above.

Under Section 180.0833 of the WBCL, directors of a Wisconsin corporation against whom claims are asserted with respect to the declaration of improper dividends or distributions to shareholders which they approved are entitled to contribution from other directors who approved such actions and from shareholders who knowingly accepted an improper dividend or distribution, as provided therein.

Section 180.0858(1) of the WBCL provides that, subject to certain limitations, the mandatory indemnification provisions do not preclude any additional right to indemnification or allowance of expenses that a director or officer may have under a Wisconsin corporation's articles of incorporation, by-laws, any written agreement or a resolution of the board of directors or shareholders.

Section 180.0859 of the WBCL provides that it is the public policy of the State of Wisconsin to require or permit indemnification, allowance of expenses and insurance to the extent required or permitted under Sections 180.0850 to 180.0858 of the WBCL, for any liability incurred in connection with a proceeding involving a federal or state statute, rule or regulation regulating the offer, sale or purchase of securities.

Article 11 of the By-laws of the Wisconsin Corporation provide for maximum indemnification of the corporation's officers and directors in accordance with the WBCL.

The Wisconsin Corporation maintains insurance on behalf of its directors and officers insuring them against any liability asserted against them in their capacities as directors or officers or arising out of such status.

(j) *CB/TCC Global Holdings Limited (a private limited company incorporated under the laws of England and Wales and referred to herein as the UK Company)*

Subject to the provisions of the Companies Act 2006 of the United Kingdom of Great Britain and Northern Ireland (the Companies Act), the UK Company's Articles of Association provide that the UK Company may indemnify directors, directly or indirectly, against any loss or liability, whether in connection with any proven or alleged negligence, default, breach of duty or breach of trust or otherwise, in relation to the UK Company or any associated company. The UK Company maintains insurance for indemnification of current or former directors.

Chapter 7 (Directors' Liabilities) under Part 10 of the Companies Act provides as follows:

232. Provisions protecting directors from liability

(1) Any provision that purports to exempt a director of a company (to any extent) from any liability that would otherwise attach to him in connection with any negligence, default, breach of duty or breach of trust in relation to the company is void.

(2) Any provision by which a company directly or indirectly provides an indemnity (to any extent) for a director of the company, or of an associated company, against any liability attaching to him in connection with any negligence, default, breach of duty or breach of trust in relation to the company of which he is a director is void, except as permitted by (a) section 233 (provision of insurance), (b) section 234 (qualifying third party indemnity provision), or (c) section 235 (qualifying pension scheme indemnity provision).

(3) This section applies to any provision, whether contained in a company's articles or in any contract with the company or otherwise.

(4) Nothing in this section prevents a company's articles from making such provision as has previously been lawful for dealing with conflicts of interest.

Table of Contents

233. Provision of insurance

Section 232(2) (voidness of provisions for indemnifying directors) does not prevent a company from purchasing and maintaining for a director of the company, or of an associated company, insurance against any such liability as is mentioned in that subsection.

234. Qualifying third party indemnity provision

(1) Section 232(2) (voidness of provisions for indemnifying directors) does not apply to qualifying third party indemnity provision.

(2) Third party indemnity provision means provision for indemnity against liability incurred by the director to a person other than the company or an associated company. Such provision is qualifying third party indemnity provision if the following requirements are met.

(3) The provision must not provide any indemnity against (a) any liability of the director to pay (i) a fine imposed in criminal proceedings, or (ii) a sum payable to a regulatory authority by way of a penalty in respect of non-compliance with any requirement of a regulatory nature (however arising); or (b) any liability incurred by the director (i) in defending criminal proceedings in which he is convicted, or (ii) in defending civil proceedings brought by the company, or an associated company, in which judgment is given against him, or (iii) in connection with an application for relief (see subsection (6)) in which the court refuses to grant him relief.

(4) The references in subsection (3)(b) to a conviction, judgment or refusal of relief are to the final decision in the proceedings.

(5) For this purpose (a) a conviction, judgment or refusal of relief becomes final (i) if not appealed against, at the end of the period for bringing an appeal, or (ii) if appealed against, at the time when the appeal (or any further appeal) is disposed of; and (b) an appeal is disposed of (i) if it is determined and the period for bringing any further appeal has ended, or (ii) if it is abandoned or otherwise ceases to have effect.

(6) The reference in subsection (3)(b)(iii) to an application for relief is to an application for relief under section 661(3) or (4) (power of court to grant relief in case of acquisition of shares by innocent nominee), or section 1157 (general power of court to grant relief in case of honest and reasonable conduct).

235. Qualifying pension scheme indemnity provision

(1) Section 232(2) (voidness of provisions for indemnifying directors) does not apply to qualifying pension scheme indemnity provision.

(2) Pension scheme indemnity provision means provision indemnifying a director of a company that is a trustee of an occupational pension scheme against liability incurred in connection with the company's activities as trustee of the scheme. Such provision is qualifying pension scheme indemnity provision if the following requirements are met.

(3) The provision must not provide any indemnity against (a) any liability of the director to pay (i) a fine imposed in criminal proceedings, or (ii) a sum payable to a regulatory authority by way of a penalty in respect of non-compliance with any requirement of a regulatory nature (however arising); or (b) any liability incurred by the director in defending criminal proceedings in which he is convicted.

(4) The reference in subsection (3)(b) to a conviction is to the final decision in the proceedings.

Table of Contents

(5) For this purpose (a) a conviction becomes final (i) if not appealed against, at the end of the period for bringing an appeal, or (ii) if appealed against, at the time when the appeal (or any further appeal) is disposed of; and (b) an appeal is disposed of (i) if it is determined and the period for bringing any further appeal has ended, or (ii) if it is abandoned or otherwise ceases to have effect.

(6) In this section occupational pension scheme means an occupational pension scheme as defined in section 150(5) of the Finance Act 2004 (c. 12) that is established under a trust.

239. Ratification of acts of directors

(1) This section applies to the ratification by a company of conduct by a director amounting to negligence, default, breach of duty or breach of trust in relation to the company.

(2) The decision of the company to ratify such conduct must be made by resolution of the members of the company.

(3) Where the resolution is proposed as a written resolution neither the director (if a member of the company) nor any member connected with him is an eligible member.

(4) Where the resolution is proposed at a meeting, it is passed only if the necessary majority is obtained disregarding votes in favour of the resolution by the director (if a member of the company) and any member connected with him. This does not prevent the director or any such member from attending, being counted towards the quorum and taking part in the proceedings at any meeting at which the decision is considered.

(5) For the purposes of this section (a) conduct includes acts and omissions; (b) director includes a former director; (c) a shadow director is treated as a director; and (d) in section 252 (meaning of connected person), subsection (3) does not apply (exclusion of person who is himself a director).

(6) Nothing in this section affects (a) the validity of a decision taken by unanimous consent of the members of the company, or (b) any power of the directors to agree not to sue, or to settle or release a claim made by them on behalf of the company.

(7) This section does not affect any other enactment or rule of law imposing additional requirements for valid ratification or any rule of law as to acts that are incapable of being ratified by the company.

Section 1157 of the Companies Act provides as follows:

1157. Power of court to grant relief in certain cases

(1) If in proceedings for negligence, default, breach of duty or breach of trust against (a) an officer of a company, or (b) a person employed by a company as auditor (whether he is or is not an officer of the company), it appears to the court hearing the case that the officer or person is or may be liable but that he acted honestly and reasonably, and that having regard to all the circumstances of the case (including those connected with his appointment) he ought fairly to be excused, the court may relieve him, either wholly or in part, from his liability on such terms as it thinks fit.

(2) If any such officer or person has reason to apprehend that a claim will or might be made against him in respect of negligence, default, breach of duty or breach of trust (a) he may apply to the court for relief, and (b) the court has the same power to relieve him as it would have had if it had been a court before which proceedings against him for negligence, default, breach of duty or breach of trust had been brought.

(3) Where a case to which subsection (1) applies is being tried by a judge with a jury, the judge, after hearing the evidence, may, if he is satisfied that the defendant (in Scotland, the defender) ought in pursuance of

Table of Contents

that subsection to be relieved either in whole or in part from the liability sought to be enforced against him, withdraw the case from the jury and forthwith direct judgment to be entered for the defendant (in Scotland, grant decree of absolvitor) on such terms as to costs (in Scotland, expenses) or otherwise as the judge may think proper.

ITEM 22. UNDERTAKINGS

(a) Each of the undersigned registrants hereby undertakes:

(1) to file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (i) to include any prospectus required by Section 10(a)(3) of the Securities Act;

statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

- (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

(2) that, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof;

(3) to remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;

(4) that, for the purpose of determining liability under the Securities Act to any purchaser, if the registrants are subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness; *provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to the purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use; and

(5) that, for the purpose of determining liability of the registrants under the Securities Act to any purchaser in the initial distribution of the securities, each of the undersigned registrants undertakes that in a primary offering of securities of the undersigned registrants pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, each of the undersigned registrants will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) any preliminary prospectus or prospectus of the undersigned registrants relating to the offering required to be filed pursuant to Rule 424;
- (ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrants or used or referred to by the undersigned registrants;
- (iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrants or its or their securities provided by or on behalf of the undersigned registrants; and

- (iv) any other communication that is an offer in the offering made by the undersigned registrants to the purchaser.

(b) Each of the undersigned registrants hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11 or 13 of Form S-4, within one

business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(c) Each of the undersigned registrants hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

(d) Each of the undersigned registrants hereby undertakes that, for purposes of determining liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(e) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrants pursuant to the foregoing provisions, or otherwise, the registrants have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrants of expenses incurred or paid by a director, officer or controlling person of the registrants in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrants will, unless in the opinion of their counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by them is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
