OLD GOAT ENTERPRISES, INC  
(A DEVELOPMENT STAGE COMPANY)  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2003  
(UNAUDITED)

### 1. DEVELOPMENT STAGE ENTERPRISES

The Company was incorporated on April 23, 2002 under the laws of Nevada and is considered a development stage company. It has not yet generated any revenues from operations. The Company is pursuing opportunities in the development of a business as a distributor of specialty personal care products, and on December 18, 2003, announced that it had reached an agreement to acquire 100% of the shares of Zone 4 Play, Inc., in exchange for its shares and subject to certain approvals (See Note 6).

In the opinion of management, the accompanying financial statements contain all adjustments necessary (consisting only of normal recurring accruals) to present fairly the financial information contained therein. These statements do not include all disclosure required by generally accepted accounting principles in the United States of America and should be read in conjunction with the audited financial statements of the Company for the year ended March 31, 2003. The results of operations for the period ended December 31, 2003 are not necessarily indicative of the results to be expected for the year ending March 31, 2004.

### 2. COMPARATIVE RESULTS

Comparative results for the nine months ended December 31, 2002 are from the date of incorporation on April 23, 2002.

### 3. GOING CONCERN

The Company's financial statements are prepared using generally accepted accounting principles in the United States of America applicable to a going

concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. However, the Company has no current source of revenue. Without realization of additional capital, it would be unlikely for the Company to continue as a going concern. The Company's ability to continue as a going concern is dependent on additional cash financings, and, ultimately, upon achieving profitable operations through the development of its business. These financial statements do not include any adjustments that would be necessary should the Company be unable to continue as a going concern. Such adjustments could be material.

#### 4. COMMON STOCK

The Company's authorized common stock consists of 75,000,000 shares with a par value of \$0.001 per share. All shares have equal voting rights and, when validly issued and outstanding, are entitled to one non-cumulative vote per share in all matters to be voted upon by stockholders. The shares have no pre-emptive, subscription, conversion or redemption rights and may be issued only as fully paid and non-assessable shares. Holders of the

common stock are entitled to equal rateable rights to dividends and distributions with respect to the common stock, as may be declared by the Board of Directors out of funds legally available.

On April 30, 2003, the Company completed a public offering under its SB-2 Registration Statement. It issued 750,000 shares of common stock for \$0.10 per share, or \$75,000 under share subscriptions received in advance of the completion.

On September 8, 2003 the Board of Directors of the Company approved a 10 for 1 forward stock split of the Company's issued and outstanding common stock. Nine additional shares were issued, for every share held, to stockholders of record on September 22, 2003. The result was an increase in the number of issued and outstanding shares from 3,550,000 to 35,500,000.

#### 5. SEGMENTED INFORMATION

The Company's operations have been conducted as one reportable segment.

#### 6. ACQUISITION OF ZONE 4 PLAY, INC.

On December 18, 2003 the company announced that it signed a Share Purchase Agreement (the "Acquisition") to acquire all of the issued and outstanding shares of Zone 4 Play, Inc. ("Zone4Play"), a Delaware based private company with subsidiary operations in Israel and the United Kingdom. According to the terms of the Acquisition, the company agreed to issue 10,426,190 shares of its common stock in exchange for all of the issued shares of Zone4Play on closing. In the event that the Acquisition is completed, the Company's current directors have agreed to surrender 27,950,000 shares of common stock to the company's treasury for cancellation. Subsequent to closing, there will then be 17,976,190 shares of common stock outstanding, of which

## Edgar Filing: OLD GOAT ENTERPRISES INC - Form 10QSB

the Zone4Play shareholders will hold approximately 58%.

Additionally, should the transaction close, the company's board of directors will be replaced, and the Company's existing President and CEO will stay on to manage and act as the divisional president of the company's existing cosmetic business. Pending shareholder approval, which was obtained by consent resolution on December 22, 2003, and the filing of appropriate documentation with the Securities and Exchange Commission, the closing is expected to occur on February 1, 2004, whereby the Company's name will also change to Zone 4 Play, Inc.

Zone4Play develops and markets online, cross-platform, gaming software applications for interactive digital TV, mobile telephony, and the Internet. Zone4Play markets its products and services through wireless operators, content providers, and satellite and digital cable operators in the US, UK, The Netherlands, Austria and the Far East.

### ITEM 2. MANAGEMENT'S PLAN OF OPERATION

Old Goat Enterprises Inc. was incorporated under the laws of the state of Nevada on April 23, 2002. The Company's fiscal year end is March 31.

On December 24, 2002 our Form SB-2 registration statement was declared effective. We closed the offering on April 30, 2003, raising a total of \$75,000 for the sale of 750,000 shares at a price of \$0.10 per share. The offering was fully subscribed for. On September 24, 2003, our common stock commenced trading

9

### MANAGEMENT'S PLAN OF OPERATION - continued

on the Over the Counter Electronic Bulletin Board under the trading symbol "OGTE.BB."

We currently have no revenue from operations, we are in a start-up phase with our existing assets and we have no significant assets, tangible or intangible. There can be no assurance that we will generate revenues in the future, or that we will be able to operate profitably in the future, if at all. We have incurred net losses in each fiscal year since inception of our operations.

We are in the preliminary stages of creating a business as a retailer of specialty personal care products. These products are designed for the use of consumers who are sensitive to certain chemical additives commonly found in mass produced personal care products. We are planning to ultimately offer two parallel types of products for sale to consumers. The first is a line of specialty products based on the naturally moisturizing properties of goat's milk. This product line may consist of goat's milk soap, goat's milk moisturizing lotions, goat's milk body wash and goat's milk foaming milk bath. The second is an assortment of personal care products that do not contain certain chemical compounds believed to be irritants to the consumers. Ultimately we intend to sell products that will provide customers with alternative products that have been manufactured without certain compounds that may cause irritation for the consumer.

During the second quarter, we completed improvements to our website to provide more specific information about our products and initially attempt to build revenues. We subsequently found that with a lack of significant additional capital for awareness advertising, it was impossible to drive traffic to our website and provide a profitable level of sales. A major supplier of the goats

## Edgar Filing: OLD GOAT ENTERPRISES INC - Form 10QSB

milk product also changed its strategy to aggressively pursue direct retail sales. These circumstances may significantly impact our ability to develop a successful business plan around these products. As an alternative, we undertook initiatives to identify and potentially develop relationships with distributors in middle eastern countries and in other parts of the world. During the second quarter, we started a program to obtain regulatory approval to sell the products in Israel, where goats milk properties are well known. As of the date hereof, this process is ongoing. There can be no assurance that we will be successful in developing a market for these products.

In accordance with our secondary strategy of evaluating other opportunities that would potentially enhance stockholder value and improve our chances in attracting additional capital, we commenced negotiations and concluded an acquisition agreement with Zone 4 Play, Inc., a private Delaware based company. See ITEM 5 and Note 6 to our financial statements for a detailed description of this proposed transaction. Zone4Play was founded in April 2001, and approximately \$1,000,000 has been invested in the business since inception. Zone4Play started to generate revenue from its customers in the fourth quarter of 2002. Revenues for fiscal 2003 are expected to be approximately \$400,000. It currently employs 18 professionals in software design, client-server applications, graphic layouts and cross-platform deployments.

Zone4Play develops and markets online, cross-platform, gaming software applications for interactive digital TV, mobile telephony, and the Internet. Zone4Play believes its product offers unique flexibility and access for its clients, and may be the only company offering a single user account that enables switching from one network to another (i.e. from wireless mobile to interactive digital TV, and vice versa) with the same virtual balance and user information. It markets its products and services through wireless operators, content providers, and satellite and digital cable operators in the US, UK, The Netherlands, Austria and the Far East.

10

### MANAGEMENT'S PLAN OF OPERATION - continued

We believe the combination of a unique and growing product, a growing revenue base to date and management expertise within the company will provide value to our stockholders.

In order to continue with our existing business plan and that of Zone 4 Play's should the acquisition close, we require additional equity or debt funding immediately. Our current working capital position is less than \$5,000. There can be no assurance we will be successful in obtaining additional financing on favorable terms, if at all. We have limited funds to maintain our own ongoing expenses. Without an infusion of new capital, we will not be able to maintain current operations beyond these periods.

### Management Discussion and Analysis

The following discussion of the plan of operation, financial condition, results of operations, cash flows and changes in financial position of our Company should be read in conjunction with our most recent financial statements and notes appearing elsewhere in this Form 10-QSB; and our 10-KSB for March 31, 2003.

At December 31, 2003, we had working capital of \$4,392, compared to working capital of \$4,264 at March 31, 2003.

At December 31, 2003, our total assets consisted of \$8,630 of cash and \$493 of prepaid expenses. This compares with total assets at March 31, 2003 consisting

## Edgar Filing: OLD GOAT ENTERPRISES INC - Form 10QSB

solely of cash of \$4,264.

At December 31, 2003, our total current liabilities increased to \$4,731 from \$nil at March 31, 2003, for accounts payable.

We have not had revenues from inception. Although there may be insufficient capital to execute our business plan, we expect to survive with funding from sales of securities and, as necessary or from shareholder loans. Should we complete the acquisition of Zone 4 Play on terms described herein, we will generate revenues from the sale of licensed software and service fees, as we build our retail cosmetic business.

Unless we complete the acquisition of Zone 4 Play, we do not anticipate making any major purchases of capital assets in the next 12 months, or conducting any research and development directly. Our current corporate employee count is only likely to change if we can raise additional capital, and open a retail operation.

If we complete the Zone 4 Play transaction, we will conduct research and development of software products directly and will likely need to purchase additional capital assets. We will be able to quantify these expenditures subsequent to closing. Our employee count will also change by the assumption of the Zone 4 Play employees, which currently number 18 persons.

### Results of Operations

Our company posted losses of \$74,872 for the nine months ended December 31, 2003, compared with the losses of \$13,697 for the comparable period in 2002. From inception to December 31, 2003 we incurred losses of \$89,608. The principal component of losses for the nine month period ended December 31, 2003 was marketing expenses of \$33,307, professional fees of \$30,794 and \$4,417 for website development. The balance was incurred for administrative expenses. Our marketing expenses include costs for the review, selection and negotiation with potential distributors and for samples provided to potential distributors.

11

### ITEM 3. CONTROLS AND PROCEDURES

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we have evaluated the effectiveness of the design and operation of our disclosure controls and procedures within 90 days of the filing date of this quarterly report, and, based on their evaluation, our principal executive officer and principal financial officer have concluded that these controls and procedures are effective. There were no significant changes in our internal controls or in other factors that could significantly affect these controls subsequent to the date of their evaluation.

Disclosure controls and procedures are our controls and other procedures that are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by us in the reports that we file under the Securities Exchange Act of 1934 is accumulated and communicated to our management, including our principal executive office and principal officer, as appropriate to allow timely decisions regarding required disclosure.

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

None.

ITEM 2. CHANGES IN SECURITIES AND USE OF PROCEEDS

On April 30, 2003 we completed our offering for 750,000 shares of common stock of our company at a price of \$0.10 per share. The shares were offered under a SB-2 made effective December 24, 2002. The offering was fully subscribed for and we received \$75,000.00 in cash.

On September 8, 2003 the Board of Directors of the Company approved a 10 for 1 forward stock split of the Company's issued and outstanding common stock. Nine additional shares were issued, for every share held, to stockholders of record on September 22, 2003. The result was an increase in the number of issued and outstanding shares from 3,550,000 to 35,500,000.

See ITEM 4 and 5, for a proposed change in our common shares, which will result from the closing of the proposed acquisition of Zone 4 Play, Inc., should it occur.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

As of December 22, 2003, we obtained written consent from 35 registered stockholders, holding 33,270,000 or 93.71% of our outstanding 35,500,000 common shares, approving (i) an acquisition by our Company of 100% of the issued and outstanding common shares of Zone 4 Play, Inc., a Delaware corporation, in exchange for 10,426,190 shares of the Company's common stock, and (ii) an amendment to our Company's Articles of Incorporation changing the name of the Company to "Zone 4 Play, Inc."

Under Section 78.320 of the corporate law of the State of Nevada, action by stockholders may be taken without a meeting, without prior notice, by written consent of the holders of outstanding stock having at least a majority of the voting power that would be necessary to authorize the action at a meeting.

See ITEM 5 for a further description of the Zone 4 Play acquisition.

ITEM 5. OTHER INFORMATION

On December 18, 2003 our Board of Directors unanimously approved the acquisition of Zone 4 Play, Inc. ("Zone 4 Play") and a company name change to Zone 4 Play, Inc., pursuant to a Share Purchase Agreement (the "Acquisition") to acquire all of the issued and outstanding shares of Zone 4 Play, a Delaware based private company with subsidiary operations in Israel and the United Kingdom. According to the terms of the Acquisition, we agreed to issue 10,426,190 shares of its common stock in exchange for all of the issued shares of Zone4Play on closing.

OTHER INFORMATION - continued

In the event that the Acquisition is closed, the Company's current directors have also agreed to surrender 27,950,000 shares of common stock to our treasury for cancellation. Subsequent to closing, there will then be 17,976,190 shares of common stock outstanding, of which the Zone4Play shareholders will hold approximately 58%.

Additionally, should the transaction close, the company's board of directors will be replaced, and the Company's existing President and CEO will stay on to manage and act as the divisional president of the company's existing cosmetic business.

Pending shareholder approval, which was obtained as of December 22, 2003 (See ITEM 4) and the filing of appropriate documentation with the Securities and Exchange Commission, the closing is expected to occur on February 1, 2004, whereby the Company's name will also change to Zone 4 Play, Inc.

Zone4Play was founded in April 2001, and approximately \$1,000,000 has been invested in the business since inception. Zone4Play started to generate revenue from its customers in the fourth quarter of 2002. Revenues for fiscal 2003 are expected to be approximately \$400,000. It currently employs 18 professionals in software design, client-server applications, graphic layouts and cross-platform deployments.
