Regulation FD Disclosure.

Item 8.01

Other Events.

GelTech Solutions, Inc. previously announced that it had entered into a long term agreement for distribution of its patent-pending fire suppressant, FireIce, in China. After GelTech shipped two containers of FireIce to the distributor, a new regulation was implemented by the Chinese government for all products being used in fire trucks and fire extinguishers. As a result of this regulation, all products sold to the Chinese fire service are now required to go through a quality control examination from the Beijing Fire Authority prior to selling it to any fire departments. GelTech is currently in the process of obtaining appropriate approvals.
