PROXY STATEMENT

GENERAL INFORMATION

Q:Who is soliciting my proxy?

A:The Board of Directors (the “Board”) of Hawaiian Telcom Holdco, Inc. (“we,” “us” or the “Company”) is sending you this Proxy Statement in connection with the Board’s solicitation of proxies for use at the 2016 Annual Meeting of Stockholders or any adjournment or postponement thereof (the “Annual Meeting”). Certain of our directors, officers and employees may also solicit proxies on the Board’s behalf by mail, telephone, email, facsimile transmission, or in person.

Q:Who is paying for this solicitation and what are the means of solicitation?

A:We will pay for this solicitation of proxies. Solicitation of proxies may be made by means of personal calls upon, or telephonic, facsimile or electronic communications with, stockholders or their personal representatives by our directors, officers and employees. Our directors, officers and employees will not receive additional remuneration for any such solicitation. We will reimburse banks, brokers, custodians, nominees and fiduciaries for their reasonable charges and expenses to forward our proxy materials to the beneficial owners of our common stock.

Q:What am I voting on?

A:You will be voting on two proposals:

Proposal No. 1 is for the election of nine directors.

Proposal No. 2 is for the ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year ending December 31, 2016.

Q:Who can vote?

A:Only our stockholders of record at the close of business on March 7, 2016 may vote. Each share of common stock outstanding on that date is entitled to one vote on all matters to come before the meeting.

Q:How do I vote and how do I revoke my proxy?

A:If you hold your shares in your own name as a stockholder of record (i.e., your shares are registered directly in your name with American Stock Transfer & Trust Company, LLC, our stock transfer agent), you may vote your shares either by proxy or in person at the meeting. To vote in person, please bring a form of identification, such as a valid driver’s license or passport, and proof that you are a stockholder of record as of March 7, 2016, and we will give you a ballot when you arrive. To vote by proxy, please vote in one of the following ways:

- Via the Internet. You may vote through the Internet by following the instructions on the proxy card.
- By Telephone. You may vote by touchtone telephone by following the instructions on the proxy card.
- By Mail. You may vote by mail by marking, dating, signing and mailing the proxy card in the envelope provided.

Table of Contents

Voting by proxy will not affect your right to vote your shares in person—by voting in person you automatically revoke your proxy. You also may revoke your proxy at any time before the applicable voting deadline by giving our Secretary written notice of your revocation, by submitting a later dated proxy card or by voting again using the telephone or Internet (your latest telephone or Internet proxy is the one that will be counted). If your shares are registered in “street name” (i.e., held in a brokerage account or by a bank or other nominee), you will receive a voting instruction card or other information from your broker or other holder of record seeking instruction regarding how to vote your shares. If you do not provide such instruction, your broker or nominee may vote your shares at its discretion on your behalf on the ratification of the selection of the Company’s independent registered public accounting firm for fiscal year 2016, but not on the other proposals.

Q:What is the deadline for submitting a proxy?

A:Telephone and Internet voting facilities for stockholders of record will be available 24 hours a day. In order to be counted, proxies submitted by telephone or the Internet must be received at the Company’s headquarters by 11:59 p.m. Eastern Time on April 28, 2016. Proxies submitted by mail must be received prior to the start of the Annual Meeting.

Q:What constitutes a quorum?

A:On the record date, we had 11,466,398 shares of common stock, \$0.01 par value, outstanding. Voting can take place at the Annual Meeting only if stockholders owning a majority of the issued and outstanding stock entitled to vote at the Annual Meeting are present in person or represented by proxy.

Q:What vote is needed?

A:For Proposal No. 1, the directors will be elected by a plurality of the votes cast.

For Proposal No. 2, an affirmative vote of the majority of shares present in person or represented by proxy at the Annual Meeting and entitled to vote on Proposal No. 2 is required to approve the ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016.

Q:What are abstentions and broker non votes and how do they affect voting?

A:Abstentions—If you specify that you wish to “abstain” from voting on an item, your shares will not be voted on that particular item. Abstentions are counted toward establishing a quorum and included in the shares entitled to vote on Proposal No. 2. Thus an abstention on Proposal No. 2 will have the effect of a vote against the proposal.

Broker Non Votes—If your broker holds your shares in its name and does not receive voting instructions from you, your broker may only vote these shares on certain “routine” matters, such as the ratification of the selection of the Company’s independent registered public accounting firm. However, on non routine matters, such as the election of directors, your broker cannot vote your shares unless it has received voting instructions from you, as it does not have discretionary voting power for those particular items. So long as the broker has discretion to vote on at least one proposal, which your broker will have by virtue of the routine matter on this year’s ballot, these “broker non votes” are counted toward establishing a quorum. Because directors are elected by a plurality of the votes cast, broker non votes will not affect the outcome of the election of directors.

Q:What dissenter’s rights of appraisal do I have?

A:There are no dissenters’ rights of appraisal with respect to the matters to be acted upon at the Annual Meeting.

Q:How do I contact the Board?

A:You can send written communications to our Board or any individual director addressed to:

Board of Directors

c/o Secretary

Hawaiian Telcom Holdco, Inc.

P.O. Box 2200

Honolulu, HI 96841

Our Secretary will then direct such communications to the appropriate director(s), except for solicitations or other matters unrelated to us.

Q:How can I nominate director candidates?

A:Please refer to the Section captioned “Election of Directors” and the Section captioned “Stockholder Proposals for the 2017 Annual Meeting” in this Proxy Statement.

Q:What is householding?

A:Householding is a procedure approved by the SEC that provides for the delivery of only one copy of our proxy materials to stockholders residing at the same address, unless the stockholders have notified us of their desire to receive multiple copies. This procedure is known as “householding” and is intended to reduce our printing costs and postage fees. Stockholders who participate in householding will continue to receive separate proxy cards. We will promptly deliver, upon request, a separate copy of the Proxy Statement to any stockholder residing at an address at which only one copy was mailed. Requests should be addressed to Investor Relations at our principal executive offices. If you are a beneficial stockholder and own your shares through a bank or broker, please contact your bank or broker to request additional copies.

Q:Can I access the proxy materials on the Internet?

A:The proxy materials are available online at <http://ir.hawaiiantel.com>. At this website, you will find directions as to how you may access and review all of the important information you need. These proxy materials are free of charge.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

At the Annual Meeting, directors will be elected to serve until the next Annual Meeting of Stockholders and until their successors are duly elected and qualified. The individuals named as proxy holders will vote your proxy for the election of the nine nominees unless you direct them to withhold your vote. If any nominee becomes unable to serve as a director before the Annual Meeting (or decides not to serve), the individuals named as proxy holders may vote for a substitute. There is no cumulative voting in the election of directors.

Our Nominating and Governance Committee is charged with identifying, evaluating, and recommending to the Board candidates for election to the Board or for appointment by the Board to fill a vacancy. The Nominating and Governance Committee seeks individuals with, among other things, knowledge of our industry and technologies, business management and financial oversight experience, and reputation in the industry and community. While we do not have a formal diversity policy for Board membership, we look for potential candidates that help ensure that the Board has the benefit of a wide range of knowledge and experience. We believe that our directors should represent the interests of our stockholders, be committed to enhancing stockholder value, and have sufficient available time to diligently perform their duties. The Nominating and Governance Committee will consider director candidates recommended by security holders, applying the same evaluation criteria described above. Any recommendation must be received by the Nominating and Governance Committee, c/o Secretary, Hawaiian Telcom Holdco, Inc., P.O. Box 2200, Honolulu, HI 96841, no earlier December 30, 2016, and no later than January 29, 2017, for consideration for the 2017 Annual Meeting, and must include a resume and other written information supporting the nominee's qualifications to serve on the Board, a statement signed by the nominee confirming the nominee's willingness to serve as a director, and evidence of the security holder's ownership of our common

Recommendation of the Board

THE BOARD RECOMMENDS THAT YOU VOTE “FOR” EACH OF THE NOMINEES LISTED ABOVE.

Governance of the Corporation

Corporate Governance

We have adopted policies and practices that we believe result in strong and effective corporate governance. These policies and practices include:

- Seven of the nine directors constituting the Board are “independent” under the NASDAQ rules.
- All members of our Audit Committee, Compensation Committee, and Nominating and Governance Committee are independent under the NASDAQ rules.
- The Board has adopted a Code of Business Conduct applicable to all of our employees, including our executive officers, as well as a Code of Conduct for the directors of the Company. The Code of Business Conduct and Code of Conduct for the Board of Directors can be found at <http://ir.hawaiiantel.com>.
- We have a hotline for employees to report, on an anonymous basis, violations of our Code of Business Conduct, including without limitation, any accounting, internal control, or audit concerns.
- We have a policy regarding conflicts of interest under which all potential conflicts of interest must be reported to the Company on an annual basis and as they arise.

Director Independence

The Board has determined that Messrs. Cellar, Dods, Fontana, Haruki, Jalkut, Oldham, Phillips and Webster and Ms. Ching are “independent” under the NASDAQ rules. In making its independence determination, the Board considered among other things the Company’s purchase of bulk fuel on a competitive bid basis from a subsidiary of Par Pacific Holdings, Inc., of which Mr. Dods is a director.

Board Meetings

The Board met eight times in 2015. Six of these Board meetings included executive sessions of the non management directors. Each current director attended at least 75% of the total Board meetings and meetings of the committees on which they serve that were held in 2015. Directors are allowed to attend meetings of committees on which they do not serve as members. However, the Audit Committee and Compensation Committee regularly hold executive sessions of only the committee members or non management Directors.

Board Leadership Structure

We currently separate the roles of Chief Executive Officer and Chairman of the Board in recognition of the differences between the two roles as they presently are defined. The Chief Executive Officer is responsible for setting our strategic direction and for our day to day leadership, operation and performance, while the Chairman leads the Board and provides guidance to our Chief Executive Officer.

Committees of the Board of Directors

Our Board has an Audit Committee, Compensation Committee, Nominating and Governance Committee, and Executive Committee. Each of our committees has a written charter approved by the Board that clearly establishes the committee's roles and responsibilities. Copies of the charters for the Audit Committee, the Compensation Committee, the Nominating and Governance Committee and the Executive Committee can be found through the "Investor Relations" link on our website at www.hawaiiantel.com. Please note that information on, or that can be accessed through, our website is not part of the proxy soliciting materials, is not deemed "filed" with the SEC and is not to be incorporated by reference into any of our filings under the Securities Act of 1933, as amended, or the Securities and Exchange Act of 1934, as amended (the "Exchange Act").

Audit Committee. The duties and responsibilities of the Audit Committee include recommending the appointment or termination of the engagement of our independent registered public accounting firm, overseeing the relationship with our independent registered public accounting firm, and reviewing significant accounting policies and controls. The members of the Audit Committee are Messrs. Oldham (Chairman), Cellar, and Phillips, each of whom is an independent director under the NASDAQ rules. The Audit Committee met four times in 2015. Each member of the Audit Committee meets the additional requirements regarding independence for Audit Committee members under the NASDAQ rules.

The Board has determined that the Audit Committee includes two “audit committee financial experts”, Steven C. Oldham and Kurt M. Cellar, as that term is defined in SEC regulations. Mr. Oldham has financial expertise through his experience as Chief Executive Officer and past audit committee chairman of a publicly held telecommunications company. Mr. Cellar currently is the chairman of two audit committees of public companies and has financial expertise as a Chartered Financial Analyst and former manager of a hedge fund. Messrs. Oldham and Cellar also are “independent” under the NASDAQ independence standards. In addition, the Board believes that all of the members of the Audit Committee are qualified to address any issues that are likely to come before the Audit Committee, including the evaluation of our financial statements and supervision of our independent registered public accounting firm.

Compensation Committee. The duties and responsibilities of the Compensation Committee include reviewing and approving the compensation of executive officers and reviewing and making recommendations to the Board concerning the compensation of the independent directors. The members of the Compensation Committee are Messrs. Haruki (Chairman), Dods, and Phillips. The Compensation Committee met four times in 2015. In addition to being independent under the NASDAQ rules, each member of the Compensation Committee is a “non employee director” for purposes of the Exchange Act.

The Compensation Committee determines all compensation for our executive officers. Before making decisions on compensation for each of the executive officers other than the Chief Executive Officer, the Compensation Committee reviews with our Chief Executive Officer each executive’s performance and accomplishments over the prior year. Mr. Barber makes recommendations to the Compensation Committee regarding base salary increases and other compensation matters for each executive officer other than himself.

To independently assist and advise the Compensation Committee, the Compensation Committee has retained Pay Governance LLC (“Pay Governance”), a national compensation consulting firm. The engagement of Pay Governance is exclusively with the Compensation Committee, which has sole authority to retain and terminate any compensation consultant or other advisor that it uses. In March 2016, Pay Governance provided a letter to the Compensation Committee confirming its independence. As needed, the Compensation Committee consults with Pay Governance on our executive compensation programs, compensation program design changes, compensation strategy, and effectiveness of pay delivery, and asks Pay Governance to review and analyze market information on compensation trends and practices and to make recommendations to the Compensation Committee based on competitive compensation data.

Nominating and Governance Committee. The duties and responsibilities of the Nominating and Governance Committee include making recommendations regarding individuals qualified to become directors, the structure and composition of the Board and committees of the Board, and corporate governance policies and practices. The members of the Nominating and Governance Committee are Messrs. Dods (Chairman), Cellar, and Jalkut, each of whom is an independent director under the NASDAQ rules. The Nominating and Governance Committee met three times in 2015.

Executive Committee. The purpose of the Executive Committee is to act for the Board between Board meetings. The Executive Committee has all the powers of the Board except as otherwise provided in the Company’s Bylaws or the

corporation laws of the State of Delaware. The members of the Executive Committee are Messrs. Jalkut (Chairman), Haruki, Oldham, and Barber. The Executive Committee met six times in 2015.

Director Stock Ownership Guidelines

To align the Board's interests with the interests of our stockholders, the Board has adopted stock ownership guidelines for its members. The guidelines state that each Board member (except for the Chief Executive Officer who is subject to separate stock ownership guidelines in his capacity as Chief Executive Officer), not later than three years after the later of the date of adoption of the guidelines and the date the individual becomes a member of the Board, should own shares of our common stock with a value equal to at least three times the applicable annual cash retainer. Such shares may be owned directly or by the individual's revocable living trust. All of our Board members have met the ownership guidelines or have time remaining under the guidelines.

The Board's Role in Risk Oversight

Our Company faces a number of risks, including operational, competitive, regulatory, financial, economic, and legal risks. Our management is responsible for the day to day management of the risks we face. While our Board, as a whole, has ultimate responsibility for the oversight of risk management, it administers its risk oversight role in part through the Board committee structure, with the Audit Committee and Compensation Committee responsible for monitoring and reporting on the material risks associated with their respective subject matter areas.

The Board's role in our risk oversight process includes receiving regular reports from members of senior management, as well as from external advisors such as Deloitte & Touche LLP, on areas of material risk to us, including operational, competitive, regulatory, financial, economic, and legal risks. The full Board (or the appropriate Board committee in the case of risks that are reviewed by a particular committee) reviews these reports in order to understand our risk exposures and the steps that management has taken to monitor and control these exposures. Reports received by a Board committee, or summaries thereof, are provided to the full Board, thereby enabling the Board and its committees to coordinate the risk oversight role. The Audit Committee assists the Board in oversight and monitoring of principal risk exposures related to financial statements, legal, regulatory and other matters, as well as related mitigation efforts. The Compensation Committee assesses the risks associated with the Company's compensation policies. See also "Compensation of the Named Executive Officers and Directors—Relationship Between Compensation Plans and Risk."

Annual Meeting Attendance

We encourage, but do not require, our directors to attend our annual meetings of stockholders. All of our directors attended our 2015 Annual Meeting of Stockholders.

PROPOSAL NO. 2

RATIFICATION OF THE SELECTION OF DELOITTE & TOUCHE LLP AS THE COMPANY'S
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING
DECEMBER 31, 2016

Selection of Auditor

The Audit Committee has selected Deloitte & Touche LLP (“Deloitte”) as our independent registered public accounting firm to perform the audit of our financial statements for the fiscal year ending December 31, 2016, and we are asking you to ratify this selection. Deloitte has been our independent accounting firm since 2005.

The Audit Committee annually reviews the independent registered public accounting firm’s independence, including reviewing all relationships between the independent registered public accounting firm and us and any disclosed relationships or services that may impact the objectivity, independence, and performance of the independent registered public accounting firm. Additionally, our Deloitte engagement audit partner is subject to regular rotation, the most recent rotation having occurred in 2013. As a matter of good corporate governance, the Board, upon recommendation of the Audit Committee, has determined to submit to stockholders for ratification the selection of Deloitte. In the event that a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting and entitled to vote on Proposal No. 2 does not ratify the selection of Deloitte, the Audit Committee will review its future appointment of Deloitte.

Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time if the Audit Committee believes that such a change would be in the best interests of the Company and its stockholders.

We expect that a representative of Deloitte will be present at the Annual Meeting and that the representative will have an opportunity to make a statement if he or she desires and will be available to respond to appropriate questions.

Policy on Audit Committee Pre Approval of Audit and Permissible Non Audit Services of Independent Registered Public Accounting Firm

The Audit Committee must pre approve all audit and permissible non audit services to be provided by the independent registered public accounting firm. These services may include audit services, audit related services, tax services, and other services. Pre approval is generally requested annually and any pre approval is detailed as to the particular service, which must be classified in one of the four categories of services. The Audit Committee also may, on a case by case basis, pre approve particular services that are not contained in the annual pre approval request. In connection with this pre approval policy, the Audit Committee also considers whether the categories of pre approved services are consistent with the rules on accountant independence of the SEC.

Non Audit Fees. None.

The Audit Committee determined that Deloitte’s provision of the audit services, and the fees that we paid for these audit services (no non audit fees), are compatible with maintaining the independence of the independent registered public accounting firm. The Audit Committee pre approved the services that Deloitte provided in 2015 and 2014 in accordance with the pre approval policy discussed above.

Recommendation of the Board

THE BOARD RECOMMENDS THAT YOU VOTE “FOR” RATIFICATION OF THE SELECTION OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2016.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board (the “Audit Committee”) consists of Steven C. Oldham (Chairman), Kurt M. Cellar and Bernard R. Phillips III. Each member of the Audit Committee meets the definition of “independent director” and otherwise qualifies to be a member of the Audit Committee under the NASDAQ rules.

The Audit Committee’s general role is to assist the Board in monitoring the Company’s financial reporting process and related matters. Its specific responsibilities are set forth in its charter. The Audit Committee reviews its charter annually. The charter was last reviewed in March 2016 and is available through the “Investor Relations” link on our website at www.hawaiiantel.com.

As required by the charter, the Audit Committee reviewed the Company’s audited financial statements for the fiscal year ended December 31, 2015, and met with management, as well as with representatives of Deloitte, the Company’s independent registered public accounting firm, to discuss the financial statements. The Audit Committee also discussed with members of Deloitte the matters required to be discussed by applicable Public Company Accounting Oversight Board and Securities and Exchange Commission rules.

In addition, the Audit Committee received the written disclosures and letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte’s communications with the Audit Committee concerning independence and discussed with members of Deloitte its independence from management and the Company.

Based on these discussions, the financial statement review and other matters it deemed relevant, the Audit Committee recommended to the Board that the Company’s audited financial statements for 2015 be included in the Company’s proxy statement and Annual Report on Form 10 K for the year ended December 31, 2015.

Furthermore, in connection with the standards for independence promulgated by the Securities and Exchange Commission, the Audit Committee reviewed the services provided by Deloitte, the fees the Company paid for these services, and whether the provision of the services is compatible with maintaining the independence of the independent registered public accounting firm. The Audit Committee deemed that the provision of the services is compatible with maintaining that independence.

The Audit Committee has selected Deloitte to be the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2016. In doing so, the Audit Committee considered the results from its review of Deloitte’s independence, including (a) all relationships between Deloitte and the Company and any disclosed relationships or services that may impact Deloitte’s objectivity and independence, (b) Deloitte’s performance and qualification as an independent registered public accounting firm, and (c) the regular rotation of Deloitte’s engagement audit partner, as required by applicable laws and regulations. As a matter of good corporate governance, the Audit Committee has determined to submit its selection of Deloitte to the stockholders for ratification. In the event that a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting and entitled to vote on the matter do not ratify this selection, the Audit Committee will review its future appointment of Deloitte.

STOCK OWNERSHIP

Security Ownership of Certain Stockholders, Directors and Executive Officers

The following table sets forth information with respect to the beneficial ownership of the common stock of the Company as of March 1, 2016, by:

- each person known by us to beneficially own more than 5% of the common stock;
- each of our directors, nominees and Named Executive Officers identified in the Summary Compensation Table below; and
- all of our directors and Named Executive Officers as a group.

The amounts and percentages of common stock beneficially owned are reported on the basis of regulations of the SEC governing the determination of beneficial ownership of securities. The information relating to the Company's 5% beneficial owners is based on information received by the Company from such holders or filed by such holders with the SEC. Under the rules of the SEC, a person is deemed to be a "beneficial owner" of a security if that person has or shares voting power, which includes the power to vote or direct the voting of a security, or investment power, which includes the power to dispose of or to direct the disposition of a security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days. Securities that can be so acquired are deemed to be outstanding for purposes of computing such person's ownership percentage, but not for purposes of computing any other person's percentage. Under these rules, more than one person may be deemed to be a beneficial owner of the same securities and a person may be deemed to be a beneficial owner of securities as to which such person has no economic interest.

Except as otherwise indicated in these footnotes, each of the beneficial owners listed has, to our knowledge, sole voting and investment power with respect to the indicated shares of common stock. Unless otherwise noted otherwise in the footnotes below, the address of each person listed in the table is: c/o General Counsel, Hawaiian Telcom Holdco, Inc., 1177 Bishop Street, Honolulu, Hawaii 96813.

Section 16(a) Beneficial Ownership Reporting Compliance

Under U.S. securities laws, directors, certain executive officers and persons holding more than 10% of our common stock must report their initial ownership of the common stock and any changes in that ownership to the SEC. The SEC has designated specific deadlines for these reports and we must identify in this Proxy Statement those persons who did not timely file these reports. Based solely on our review of copies of the reports filed with the SEC and written representations of our directors and executive officers, with the limited exceptions noted below, we believe that all persons subject to reporting filed the required reports on time in 2015. Dan T. Bessey filed one late report on Form 3 reporting his initial statement of beneficial ownership and one late report on Form 4 with respect to one transaction involving the grant of restricted stock units. Meredith J. Ching filed one late report on Form 3 reporting her initial statement of beneficial ownership and one late report on Form 4 with respect to one transaction involving the grant of restricted stock units.

COMPENSATION OF THE NAMED EXECUTIVE OFFICERS AND DIRECTORS

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides information concerning the 2015 compensation program for the executive officers identified in the Summary Compensation Table below (the “Named Executive Officers”). This Compensation Discussion and Analysis contains forward looking statements that are based on our current plans, considerations, expectations, and determinations regarding future compensation programs. The actual compensation programs that we adopt in the future may differ materially from currently planned programs as summarized in this discussion.

Executive Summary

The compensation of our Named Executive Officers consists of three principal elements: (1) base salary, (2) cash based performance compensation, and (3) equity compensation. We believe our executive compensation program is effectively designed to align the interests of our executives with the interests of our stockholders and is instrumental in achieving our business objectives. In determining executive compensation for fiscal year 2015, the Compensation Committee considered the strong stockholder support that the “Say on Pay” proposal received at our May 2011 and May 2014 annual meetings of stockholders (approximately 93% and 99%, respectively, of the votes cast (excluding broker non votes) voted to approve the compensation of Company’s named executive officers).

As has been the case in the past, the Compensation Committee will consider stockholder concerns and feedback on our executive compensation program that it receives. Also, consistent with the results of our stockholder vote at our May 2011 annual meeting of stockholders on the frequency of future advisory votes on executive compensation, we will hold an advisory vote on the compensation of our Named Executive Officers every three years (the most recent vote was held in 2014) until the next required vote in 2017 on the frequency of advisory votes on the compensation of our Named Executive Officers.

Highlights of our executive compensation programs include the following:

- A significant portion of our Named Executive Officers’ total compensation (ranging from approximately 47% to approximately 66%) is considered by us to be “at risk” because it is subject to meeting meaningful performance goals, stock price performance, and continued employment.

- Our Named Executive Officers receive long term equity awards subject to performance based, as well as time based, vesting requirements. These long term incentives are targeted to have grant date values between 40% and 100% of our Named Executive Officers' base salaries. We believe these awards ensure that a significant portion of the executives' compensation is tied to long term Company performance, including stock price performance, thereby aligning the executives' interests with those of stockholders.

- The Board has adopted stock ownership guidelines that require executives to hold a minimum amount of our common stock to further align executives' interests with those of our stockholders.

Table of Contents

The Compensation Committee periodically evaluates our executive compensation policies and practices and adjusts them as appropriate to reflect our performance and competitive needs. The Compensation Committee has engaged Pay Governance LLC (“Pay Governance”), an independent, national compensation consulting firm, to provide analysis of our Named Executive Officers’ compensation.

Fiscal Year 2015 Financial Performance and Executive Compensation

In 2015, our senior management continued to make progress executing our strategic plan, including investing in the key growth areas of our business, the ultimate goal of which is to increase stockholder value. Reflecting such progress, we recorded our sixth consecutive year of profitability since becoming a standalone company. We also continued to execute our strategy to grow our business and transform into a next-generation communications company, highlighted in 2015 by nearly \$30 million in presales of capacity on our portion of the SEA-US trans-pacific fiber optic cable project (the “SEA-US Cable”). Revenue from our consumer channel also continued to grow, continuing the reversal that began in the second quarter of 2012 from the secular declines in legacy services. We continued to invest in our broadband network to expand and enhance our broadband capabilities and strengthen our competitive position. In particular, we were able to expand our portfolio of IP-based business products, expand the speed and reach of our high speed Internet service, integrate and continue to grow our data center business and expand the footprint and subscriber base of our Hawaiian Telcom TV service. We also upgraded and optimized our systems architecture in order to enhance and broaden our portfolio of services.

Executive Compensation Philosophy

We are in a highly technical and competitive industry and compete with many other companies for qualified executives. To meet this challenge, our Compensation Committee seeks to offer a compensation program that is competitive; attracts, retains, and motivates highly skilled executives who contribute to our success; aligns our executives’ interests with the interests of stockholders; and helps us to achieve our financial and strategic objectives by tying a substantial portion of our executives’ annual and long term compensation to the achievement of meaningful performance objectives. To date, we have not adopted formal policies or guidelines for allocating compensation between current and long term compensation, between cash and non cash compensation, or among different forms of non cash compensation, but our Compensation Committee considers data from surveys conducted by its compensation consultant in determining the appropriate allocation of our executives’ total compensation among annual base salary, annual cash performance compensation, and long term, equity based compensation. Our Compensation Committee seeks to target total direct compensation, on average, at the 50th percentile (median) based on competitive survey and peer company data provided by its compensation consultant.

Executive Compensation Process

Role of the Compensation Committee

Our Compensation Committee is responsible for establishing our executive compensation philosophy and administering our executive compensation program, including reviewing and approving the compensation of our Named Executive Officers. It also has the responsibility to assess the compensation policies and practices for all employees to determine if they create risks that are reasonably likely to have a material adverse effect on the Company. The Compensation Committee regularly consults with and reports to our full Board of Directors on its deliberations and actions.

Currently, the Compensation Committee consists of three members of the Board of Directors, Messrs. Dods, Haruki and Phillips. Our Board of Directors determined that each member of our Compensation Committee was and remains a non employee director for purposes of Rule 16b 3 under the Exchange Act and an independent director as that term is

defined under the NASDAQ rules.

The Compensation Committee reviews our executive compensation program on a periodic basis to determine whether it is appropriate, properly coordinated, and achieves its intended purposes.

Table of Contents

Role of Management

In carrying out its responsibilities, our Compensation Committee works with our Chief Executive Officer and other members of our senior management team to obtain information such as Company and individual performance, market data, and management's perspective and recommendations on compensation matters. Typically, our Chief Executive Officer makes recommendations to the Compensation Committee regarding the compensation of executives other than himself and attends Compensation Committee and Board meetings at which such compensation matters are discussed (other than those portions of such meetings involving his own compensation).

Role of Compensation Consultant

The Compensation Committee has the authority to retain the services of compensation consultants and other advisors from time to time, as it deems necessary or appropriate, in connection with the establishment and administration of our compensation and employee benefit plans, policies and programs. In February 2013, pursuant to the request of the Compensation Committee, Pay Governance completed its evaluation of the competitiveness and effectiveness of the total compensation package offered to our executives, including our Named Executive Officers (the "2013 Report"). In December 2014, Pay Governance provided an updated Bi Annual Executive Compensation review (the "2014 Updated Report") including a market review and recommendations for 2015 for the base salaries, performance compensation payments and long term equity compensation programs, as well as a review of, and recommendations for 2015 regarding, annual incentive plan design, performance measures and performance ranges. Pay Governance serves at the discretion of the Compensation Committee and does not advise the Company on any other matters.

Use of Competitive Data

The 2013 Report compared the pay levels for 13 executive positions to competitive market data from the Towers Watson 2011/2012 Survey Report on Top Management Compensation and to publicly reported compensation at the following peer telecommunications companies: Alaska Communications Systems Group Inc., CenturyLink, Inc., Consolidated Communications Holdings Inc., FairPoint Communications Inc., Frontier Communications Corporation, General Communication Inc., NTELOS Holdings Corp., USA Mobility, Inc., and Windstream Corporation. The 2014 Updated Report compared the pay levels for 11 executive positions to competitive market data from the Towers Watson 2013/2014 Survey Report on Top Management Compensation and to publicly reported compensation at the following peer telecommunications companies: Alaska Communications Systems Group Inc., Atlantic Tele Network, Inc., Cogent Communications Holdings, Inc., Consolidated Communications Holdings Inc., FairPoint Communications Inc., General Communication Inc., Inteliquent, Inc., Iridium Communications Inc., Lumos Networks Corp., NTELOS Holdings Corp., Premiere Global Services, Inc., Shenandoah Telecommunications Co., Spok Holdings, Inc., and Vonage Holdings Corporation. The Compensation Committee reviews the peer group periodically and makes adjustments to its composition as necessary.

The results of the 2013 Report and the 2014 Updated Report showed that, on average, our executive base salaries are positioned at approximately the 50th percentile of the competitive survey and peer company data; target annual performance payments are positioned between approximately the 50th and 62.5th percentiles; and our long-term incentive compensation (as a percentage of base salary) is below the 50th percentile for our named executive officers. Target total cash compensation (the sum of base salary and target annual performance compensation) is, on average, near the 50th percentile, while target total direct compensation (the sum of base salary, target annual performance compensation, and long-term incentive compensation) was, on average, 3% below the 50th percentile as of the 2013 Report and 11% below the 50th percentile as of the 2014 Updated Report.

Tax and Accounting Considerations

In determining executive compensation, the Compensation Committee also considers, among other factors, the possible tax consequences to the Company and to its executives, accounting consequences to the Company, and the impact of certain arrangements on stockholder dilution. However, to maintain maximum flexibility in designing appropriate compensation programs, the Compensation Committee, while considering these items as factors in determining compensation, will not limit compensation to those levels or types of compensation that are intended to have a particular tax or accounting result, to be deductible by the Company, or to achieve a specific level of stockholder dilution.

Table of Contents

Our Compensation Committee considers the provisions of Section 162(m) of the Internal Revenue Code and related regulations that restrict deductibility for federal income tax purposes of executive compensation paid to certain of our executive officers, to the extent such compensation exceeds \$1,000,000 for any of such officers in any year and does not qualify for an exception under the statute or regulations. However, in the event our Compensation Committee believes that our interests are best served, in a particular situation, by providing compensation that does not qualify as performance based compensation under Section 162(m), it may grant compensation which may be subject to the \$1,000,000 annual limit on deductibility, including base salary, annual cash bonuses, and equity awards.

Sections 280G and 4999 of the Internal Revenue Code provide that executive officers, persons who hold significant equity interests, and certain other highly compensated service providers may be subject to an excise tax if they receive payments or benefits in connection with a change in control of our Company that exceeds certain prescribed limits, and that our Company (or a successor) may forfeit a deduction on the amounts subject to this additional tax. Further, Section 409A of the Internal Revenue Code imposes certain additional taxes on service providers who enter into certain deferred compensation arrangements that do not comply with the requirements of Section 409A. We have not agreed to pay any executive officer, including any Named Executive Officer, a "gross up" or other reimbursement payment for any tax liability that he might owe as a result of the application of Sections 280G, 4999 or 409A.

Executive Compensation Program

For 2015, the compensation program for our Named Executive Officers consisted of three principal elements: (1) base salary, (2) short-term cash based performance compensation, and (3) long-term equity compensation. The compensation program is designed to motivate our Named Executive Officers to perform in a manner that will enable us to achieve our strategic goals. Set forth below is a discussion of each element of our executive compensation program, including why each element is included, and the criteria for decisions made with respect to each such element for fiscal year 2015.

Base Salary. Base salaries for our Named Executive Officers are based on the scope of their responsibilities, taking into account competitive survey data compiled by Pay Governance on compensation paid by comparable companies for similar positions. Base salary merit increases for Named Executive Officers are considered each year and are based on the individual performance appraisals of the executives and on the amount of the merit increase pool budgeted by management and approved by the Compensation Committee for the year in question. The Updated 2014 Report determined that our executive base salaries, on average, were positioned near the 50th percentile of the competitive survey and peer company data. For 2015, the Compensation Committee considered Pay Governance's Updated 2014 Report, salary adjustment survey data obtained from Hawaii businesses by the Hawaii Employers Council, and past merit increases for our Named Executive Officers. Taking into account the foregoing, the Compensation Committee approved a 2.0 percent merit increase for our non-union employees, and also approved a 2.0 percent base salary increase for Messrs. Barber, Komeiji and Paul, which was at or below the national and Hawaii averages. Each of Messrs. Yeaman and Reich asked not to receive a base salary increase in 2015.

In conjunction with Mr. Barber's promotion to Chief Executive Officer in June 2015, Mr. Barber received a 18.9% base salary increase from his base salary as Chief Operating Officer. Dan Bessey joined the Company as Chief Financial Officer in May 2015. In determining each of Mr. Barber's and Mr. Bessey's base salary, the Compensation Committee considered Pay Governance's 2014 Updated Report, the advice of Pay Governance regarding target total direct compensation, the compensation package of the former Chief Executive Officer and Chief Financial Officer, respectively, and Mr. Barber's and Mr. Bessey's respective qualifications and experience.

When making the decisions on base salary increases, our Chief Executive Officer reviews the performance of the other Named Executive Officers and the Compensation Committee reviews the performance of our Chief Executive Officer. The following table shows the base salary information for each Named Executive Officer:

Name	Base Salary as of December 31, 2014	Base Salary as of December 31, 2015	Percentage Increase in Base Salary
Scott K. Barber (1)	\$ 408,000	\$ 485,000	18.9 %
Dan T. Bessey (2)	\$ —	\$ 340,000	NA
John T. Komeiji	\$ 337,000	\$ 343,500	1.9 %
Kevin T. Paul	\$ 295,800	\$ 301,700	1.9 %
Eric K. Yeaman (3)	\$ 725,000	\$ —	—
Robert F. Reich (4)	\$ 340,000	\$ —	—

(1) Reported for 2015 is Mr. Barber's annualized Chief Executive Officer salary. Mr. Barber was appointed Chief Executive Officer effective June 2015. Prior to his promotion, Mr. Barber had served as the Company's Chief Operating Officer and was to be paid an annualized salary of \$416,000 in 2015, representing an increase of 1.9% from 2014.

(2) Reported for 2015 is Mr. Bessey's annualized salary. Mr. Bessey joined the Company in May 2015.

(3) Mr. Yeaman resigned as Chief Executive Officer in June 2015. Mr. Yeaman's annualized base salary for 2015 was \$725,000, representing, at Mr. Yeaman's request, no salary increase over 2014.

(4) Mr. Reich resigned as Chief Financial Officer in May 2015. Mr. Reich's annualized base salary was \$340,000, representing, at Mr. Reich's request, no salary increase over 2014.

Annual Performance Compensation Plan. The annual Performance Compensation Plan provides our Named Executive Officers and other key employees with the opportunity to obtain, in addition to their base salary, an annual cash performance payment that is dependent upon achieving defined corporate performance goals. Any cash performance payments generally are awarded no later than the end of the first quarter of the following year. Employment with the Company at the time of award is a prerequisite to receiving an award. The 2014 Updated Report determined that our target annual cash performance payments for our executives generally were positioned between the 50th and 62.5th percentiles of the competitive survey and peer company data. Following a review of our Performance Compensation Plan, Pay Governance recommended revising the payout percentages for achieving threshold and maximum levels from 75% and 125% of target, respectively, to either 75% and 150%, respectively, or 50% and 200%, respectively. The Compensation Committee chose a more conservative approach and decided to maintain the 2015 payout percentages for threshold and maximum levels at 75% and 125%, respectively.

The Performance Compensation Plan is reviewed annually and its terms may be modified from time-to-time to reflect changes in our business strategies and focus. Pursuant to the Performance Compensation Plan, the Compensation Committee approves the target annual performance payment awards for our Chief Executive Officer and other Named Executive Officers and the corporate and individual performance goals, if any, and their relative weights. The performance payment is calculated as a percentage of the employee's annual salary. For our Named Executive Officers for the 2015 plan year, the percentages of annual salary used to determine the target annual performance payment ranged from 40% to 100%. Depending on the achievement of the predetermined targets set by the Compensation Committee, the annual performance payment may be less than or greater than the target annual performance payment. In addition, solely at our discretion, additional performance-based compensation may be paid to our Named Executive Officers and other key employees apart from the Performance Compensation Plan. The corporate performance calculations under our Performance Compensation Plan are based on our audited financial results, as shown below.

Table of Contents

Beginning in the 2014 plan year, the Compensation Committee determined that the Performance Compensation Plan would be based on the achievement of only Company goals, and eliminated reliance on individual performance goals, based on the rationale that executives have a greater influence on corporate performance and to better align the interests of our executives with the Company's stockholders. The Company goals consist of revenue, EBITDA as adjusted to account for certain non recurring costs and stock compensation ("Adjusted EBITDA") (see Appendix A for calculation and GAAP reconciliation), net cash flow, and customer satisfaction. Customer satisfaction goals are based on a composite of total telephone and email surveys from each of the consumer (10%), HTTPV (5%) and business (10%) customer service categories in which survey participants gave the Company a "satisfied" 6-10 rating on a scale from 1 to 10. The relative weighting of the Company goals, performance target levels, and threshold and maximum levels are set forth in the table below, with the customer satisfaction targets representing the average of the three customer service categories:

Company Goal	Weighting	Percent of Target	Target	
			(\$ in mils)	% Payout
Revenue	30 %			
Threshold		95 %	\$ 381.4	75 %
Target		100 %	\$ 401.5	100 %
Maximum		105 %	\$ 421.6	125 %
Adjusted EBITDA	25 %			
Threshold		95 %	\$ 114.4	75 %
Target		100 %	\$ 120.4	100 %
Maximum		105 %	\$ 126.4	125 %
Net Cash Flow	20 %			
Threshold		200 %	\$ (15.6)	75 %
Target		100 %	\$ (7.8)	100 %
Maximum		0 %	\$ 0	125 %
Total Customer Satisfaction	25 %			
Consumer Composite	10 %			
Threshold		84 %	N/A	75 %
Target		86 %	N/A	100 %
Maximum		88 %	N/A	125 %
HTTPV Composite	5 %			
Threshold		91 %	N/A	75 %
Target		93 %	N/A	100 %
Maximum		95 %	N/A	125 %
Business Composite	10 %			
Threshold		84 %	N/A	75 %
Target		86 %	N/A	100 %
Maximum		88 %	N/A	125 %

The Compensation Committee determined that no payments for the 2015 plan year would be made unless the minimum thresholds for both revenue and Adjusted EBITDA were achieved. In addition, individual payouts were contingent upon the executive obtaining a "meets expectations" or better performance evaluation. Target annual performance payments were based on a payout schedule that provided for target opportunities of 100% of annual salary for the Chief Executive Officer and between 40% and 65% for the Named Executive Officers who were senior

vice presidents, and maximum payout opportunities of 125% for the Chief Executive Officer and between 50% and 81.25% for the other Named Executive Officers.

The Company's results for 2015 for revenue, Adjusted EBITDA, net cash flow, and customer satisfaction are presented in the table below. Based on the foregoing, the Compensation Committee approved 2015 plan year performance payments for the Named Executive Officers that reflected 71.9% of the Company goals component of their target annual performance payments, summarized as follows:

Corporate Performance Metric	Target (\$ in millions)(1)	Result (\$ in millions)(1)	Result as a Percentage of Target(2)(3)	Weighting	Actual Payout as a Percentage of Target(2)
Revenue	\$ 401.5	\$ 393.4	98.0 %	30 %	27.0 %
Adjusted EBITDA	\$ 120.4	\$ 119.5	99.3 %	25 %	24.1 %
Net Cash Flow	\$ (7.8)	\$ (6.6)	(118) %	20 %	20.8 %
Customer Satisfaction (4)	—	—	—	25 %	— %

(1)Rounded to nearest million dollars.

(2)Rounded to nearest tenth of a percent.

(3)Determined by interpolation based on how the actual results compared to the threshold, target, and maximum levels.

(4)Customer satisfaction was measured in three categories based on customer surveys. All three categories were below the threshold level.

The following chart shows the 2015 plan year target and actual annual performance payment awards, as represented by reference to the applicable percentage of base salary, and actual dollar payouts for each Named Executive Officer:

Robert F. Reich(4)	65 %	0 - 81.25 %	46.7 %	\$ —

(1)The Actual Payout combines the pro rated performance compensation payments from a partial year of service as

Chief Operating Officer and a partial year of service as Chief Executive Officer.

(2) Pro-rated for partial year of service.

(3) Eric Yeaman resigned in June 2015 and was not eligible to receive a performance compensation payment.

(4) Robert Reich resigned in May 2015 and was not eligible to receive a performance compensation payment.

2010 Equity Incentive Plan. The 2010 Equity Incentive Plan provides key employees, including our Named Executive Officers, and non-employee directors of the Company and its subsidiaries with the opportunity to receive restricted stock units (“RSUs”), stock options, and other equity based awards. The maximum number of shares of our common stock issuable pursuant to awards granted under the 2010 Equity Incentive Plan is 1,400,000 shares. As explained above, Pay Governance’s 2013 Report and the 2014 Updated Report determined that our long-term incentive compensation (as a percentage of base salary) was below the 50th percentile of the competitive survey and peer-company data for our Named Executive Officers.

The RSU awards are intended to provide long-term compensation for a four-year period beginning on the grant date.
The size

Table of Contents

of each RSU award is based on a percentage of the executive's base salary as well as on the fair market value of our common stock on the grant date. The Compensation Committee set the base salary percentage for each Named Executive Officer in line with the recommendation of the Company's compensation consultant which was made following its assessment of competitive long-term incentive compensation levels for each Named Executive Officer. All RSU awards are non-transferable. Additionally, RSUs vest on an accelerated basis upon the participant's death or disability, termination without Cause or by the participant for Good Reason or a change of control, as those terms are defined in the 2010 Equity Incentive Plan. See "Potential Payments on Termination or Change in Control" below.

The RSUs awarded to the Named Executive Officers are divided equally into time-based RSUs and performance based RSUs ("PBRUSU"). The time-based RSUs vest in equal installments over a four-year period. In the case of the time-based RSUs awarded in 2015, for example, vesting will take place on March 12 of 2016, 2017, 2018, and 2019. In furtherance of the Compensation Committee's desire to tie RSU awards to shareholder return as well as the Company's financial performance, the Named Executive Officers' PBRUSUs vest over a four-year period (the first vesting occurring in year 2), based on the Company's performance with respect to Adjusted EBITDA, total revenue and total shareholder return ("TSR"), each described in more detail below. In the case of PBRUSUs granted in 2015, for example, vesting will take place on March 12 of 2017, 2018, and 2019. The vesting percentage for PBRUSUs is determined based on the Company's performance during the applicable performance period. For PBRUSU grants made before 2013, the vesting percentage is based on a rolling performance period, with revenue and Adjusted EBITDA based on performance in the year trailing the vesting year, and TSR performance based on the trailing two years. Thus, a separate performance determination is made in each of the three vesting years. In contrast, for PBRUSU grants made in and after 2013, the vesting percentage is based on revenue and Adjusted EBITDA performance in the year of grant and TSR performance in the year of grant and the following year, and a single vesting percentage is applied to all three vesting years. All vesting of PBRUSUs is subject to continued employment through each vesting date and provided that no PBRUSUs will vest if Adjusted EBITDA performance in the applicable performance year is below the threshold performance goal.

The PBRUSUs allow for the possibility of vesting more than the target number of PBRUSUs in the event of over-performance in relation to the performance goals as well as for the possibility of vesting fewer than the target number in the event of under-performance. Additionally, for all RSUs, the Compensation Committee has the discretion, after consideration of such factors as it deems appropriate, to reduce the number of PBRUSUs that otherwise would vest based upon the achievement of the applicable performance goals. No discretionary adjustments were made in 2015.

PBRUSU Vesting Formula

The number of PBRUSUs that vest with respect to a given performance period is equal to the product of A times B times C, where:

A = The target number of PBRUSUs scheduled to vest with respect to the applicable performance period.

B = Weighted % Vested from Revenue Performance + Weighted % Vested from Adjusted EBITDA Performance.

C = TSR Award Modifier.

B = Sum of Weighted % Vested from Revenue plus Weighted % Vested from Adjusted EBITDA Performance.

Weighted % Vested from Revenue and Adjusted EBITDA Performance are based on the achievement of goals determined for the applicable performance period by the Compensation Committee. Revenue performance is weighted forty percent (40%) and Adjusted EBITDA performance is weighted sixty percent (60%). The vesting percentage for each of revenue and Adjusted EBITDA ranges from seventy-five percent (75%) for achieving Threshold to one hundred twenty-five percent (125%) for achieving Maximum. In the event of performance between Threshold and Target or between Target and Maximum, straight-line interpolation is used to determine the weighted percentages set forth above. If performance is below Threshold, the applicable weighted percentage will equal zero percent (0%). In no event may the Weighted % Vested from Revenue Performance or the Weighted % Vested from Adjusted EBITDA Performance exceed 125%.

Table of Contents

The performance targets and weightings for revenue and Adjusted EBITDA for the 2015 performance year are set forth below. Performance goals for 2014 and 2013 are set forth in the Company's Proxy Statement for 2015 and 2014, respectively.

Weighted % Vested from Revenue Performance for 2015 Performance Year

Measurement	Weighting	Factor	Amount (\$ in mils)	% Vested from Revenue Performance
FY2015 Revenue	40 %			
Threshold		95 %	\$ 381.4	75 %
Target		100 %	\$ 401.5	100 %
Maximum		105 %	\$ 421.6	125 %

Weighted % Vested from Adjusted EBITDA Performance for 2015 Performance Year

Measurement	Weighting	Factor	Amount (\$ in mils)	% Vested from Revenue Performance
FY2015 EBITDA	60 %			
Threshold		95 %	\$ 114.4	75 %
Target		100 %	\$ 120.4	100 %
Maximum		105 %	\$ 126.4	125 %

C = TSR Award Modifier

The TSR Award Modifier ranges from a low of seventy-five percent (75%) for achievement of 15% or greater below target and up to one hundred twenty-five percent (125%) for achievement of 15% or greater above target, depending upon the performance of the Company's TSR relative to the performance of the NASDAQ Telecommunications Index (Index) TSR as set forth below.

	TSR Relative Performance	TSR Award Modifier
Level	[(Company TSR minus Index TSR) × 100%]	
High	+15% and higher	125 %

Target	0%	100	%
Low	-15% and lower	75	%

The TSR Award Modifier is calculated by subtracting the Index TSR from the Company TSR where:

Company TSR = (Company Share Ending Price/Company Share Beginning Price) – 1

Index TSR = (Index Ending Price/ Index Beginning Price) – 1

Beginning Price = trading volume weighted average price of the Company's common stock or the NASDAQ Telecommunications Index, as applicable, over the first 5 trading days in January 2015, accounting for the reinvestment of dividends over this period.

Ending Price = trading volume weighted average price of the Company's common stock or the NASDAQ Telecommunications Index, as applicable, over the last 5 trading days in December 2016, accounting for the reinvestment of dividends over this period.

Table of Contents

In the event of TSR relative performance between levels, straight line interpolation will determine the TSR Award Modifier.

Results and Vesting Calculations

The Company's results and vesting calculation for the PBRsUs vesting in 2016 is presented in the tables below. For grants made in 2012 and vesting in 2016, revenue and Adjusted EBITDA are determined based on the 2015 performance year, and TSR is based on 2015 and 2014. For PBRsUs granted in 2013 and vesting in 2016, revenue and Adjusted EBITDA are based on the 2013 performance year and TSR is based on 2014 and 2013. Finally, for PBRsUs granted in 2014 and vesting in 2016, revenue and Adjusted EBITDA are based on the 2014 performance year and TSR is based on 2015 and 2014.

2015 RSU Grants

During 2015, the Compensation Committee granted a total of 82,595 RSUs to our Named Executive Officers, which includes both PBRsUs (which assumes performance at target level) and time based RSUs (collectively, "Target RSUs"). The following chart shows the number of Target RSUs awarded to each Named Executive Officer in 2015, as well as the maximum number of RSUs that could vest in the event of performance at above target levels ("Maximum RSUs"):

Retirement and Other Benefits

We have a tax qualified Section 401(k) retirement savings plan for our employees, including the Named Executive Officers, who satisfy certain eligibility requirements. Under this plan, participants may elect to make pre tax contributions, not to exceed the applicable statutory income tax limitation (which was \$18,000 in 2015). In addition, we may make discretionary contributions to the plan in any year, up to certain limits. In 2015, we provided a matching contribution equal to 100% of a participant's salary deferrals, up to a maximum of 6% of a participant's compensation. Our contributions to the accounts of the Named Executive Officers are shown in the All Other Compensation column of the Summary Compensation Table below. We intend for the plan to qualify under Section 401(a) of the Internal Revenue Code so that contributions by participants to the plan, and income earned on plan contributions, are not taxable to participants until withdrawn from the plan.

Additional benefits received by our Named Executive Officers include Company funded executive group life, disability, and accidental death and dismemberment insurance; reimbursement of out of pocket medical expenses; entitlement to severance benefits in the event of termination of employment under certain circumstances (as described in more detail below); and group medical plans and medical and dependent care flexible spending accounts available to salaried employees generally.

Except as described herein, we generally do not provide perquisites or other personal benefits to our Named Executive Officers. Currently, we do not view perquisites or other personal benefits as a significant component of our executive compensation program. In the future, we may provide perquisites in limited circumstances, such as where we believe they are appropriate to assist our executives in the performance of their duties, to make our executives more efficient and effective, and/or for recruitment, motivation, or retention purposes. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by the Compensation Committee.

While we intend to continue to maintain our current benefits and perquisites for our Named Executive Officers, we have discretion to revise, amend, or add to them. We believe these benefits and perquisites are at competitive levels for comparable companies.

Severance Benefits

Our Board of Directors recognizes that it is critical to provide competitive compensation packages to attract and retain experienced and skilled executives in a competitive and dynamic labor market. This includes competitive severance benefits. We believe that the severance benefits provided by the employment agreements with our Named Executive Officers and by our Executive Severance Plan, among other things, allow them to maintain continued focus and dedication to their assigned duties to maximize stockholder value. A discussion of the severance benefits of our Named Executive Officers is explained in greater detail under "Potential Payments on Termination or Change in Control" set forth below.

Other Compensation Policies

Stock Ownership Guidelines

Our Board of Directors believes that ownership of our common stock by our directors and officers promotes a focus on long-term growth and aligns the interests of our directors and officers with those of our stockholders. Our stock

ownership guidelines require our executives at the senior vice president level and higher, including our Named Executive Officers, and our non-employee directors to achieve ownership of our common stock with a value at least as great as the values noted below, not later than five years for our Named Executive Officers and three years for our directors, after the later of the date of adoption of the stock ownership guidelines and the date the individual becomes subject to the guidelines:

Chief Executive Officer, Chief Operating Officer, and senior vice presidents—200% of annual base salary

Non-employee directors—300% of annual cash retainer

Table of Contents

Such ownership includes ownership of restricted as well as unrestricted shares of common stock, whether owned by the individual, jointly, or by the individual's revocable living trust, as well as unvested time based restricted stock units. All of our named executive officers have met the ownership guidelines or have time remaining under the guidelines.

Prohibition Against Certain Equity Transactions

We have a policy regarding hedging the economic risk of the ownership of shares of our common stock which prohibits the Named Executive Officers from engaging in short sales and similar arrangements involving our common stock.

Compensation Recovery Policy

Once final rules regarding clawback policies are issued as contemplated by the Dodd Frank Act, we intend to develop a policy regarding retroactive adjustments to our Named Executive Officers' compensation in situations where such compensation was predicated upon the achievement of financial results that subsequently were the subject of a financial restatement. Once final rules are released regarding clawback requirements under the Dodd Frank Act, we intend to review our policies and plans and, if necessary, amend them to comply with the new mandates.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis contained in this Proxy Statement. Based on this review and discussion, the Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be incorporated into the Company's Proxy Statement and Annual Report on Form 10 K for the year ended December 31, 2015.

Relationship between Compensation Plans and Risk

We believe that the Company's compensation programs, either individually or in the aggregate, do not encourage executives or employees to undertake unnecessary or excessive risks that are reasonably likely to have a material adverse effect on us. We note the following mitigating factors:

- The Compensation Committee sets the performance goals for our annual Performance Compensation Plan. These goals typically are objective financial goals which the Compensation Committee believes are appropriately correlated with stockholder value;
- The use of equity awards fosters executive retention and aligns our executives' interests with those of our stockholders;
- The use of a long term incentive vehicle, restricted stock units, that vest over a number of years and serve to align our executives' interests with those of our stockholders; and
- Stock ownership guidelines for senior executives, monitored by the Compensation Committee, that encourage alignment with stockholder interests over the long term.

(1) Restricted Stock Unit (“RSU”) grants under the Company’s 2010 Equity Incentive Plan are divided equally into time-based RSUs and performance-based RSUs (“PBRUSU”). The time-based RSUs vest in equal installments over a four-year period. In the case of the time-based RSUs awarded in 2015, for example, vesting will take place on each of March 12, 2016, 2017, 2018, and 2019. PBRUSUs vest in three equal installments over a four-year period on each of March 12, 2017, 2018 and 2019, subject to meeting total shareholder return and financial performance goals. The number of unearned RSUs assumes that target performance goals were achieved. See “2010 Equity Incentive Plan” above.

(2) The market value of the restricted stock units that have not vested was determined by multiplying the number of units that have not vested by the closing price of our common stock on December 31, 2015, which was \$24.86 per share. Dollar values rounded up to the nearest whole dollar.

(3) Mr. Bessey began his employment with the Company in May 2015.

(4) Mr. Yeaman forfeited all of his unvested RSUs as a result of his resignation.

(5) Mr. Reich forfeited all of his unvested RSUs as a result of his resignation.

Option Exercises and Stock Vested

The following table sets forth the number of shares acquired on vesting of restricted stock units by each of the Named Executive Officers during the fiscal year ended December 31, 2015. The table also presents the value realized upon such vesting, as calculated based on the closing price per share of our common stock on the vesting date. Amounts presented in the “Value Realized on Vesting” column under “Stock Awards” do not necessarily mean that the Named Executive Officer has actually sold the vested shares for cash. None of our Named Executive Officers was granted or exercised stock options during the fiscal year ended December 31, 2015.

Pension Benefits

None of the Named Executive Officers participate in or have account balances in the Hawaiian Telcom Management Pension Plan.

Nonqualified Deferred Compensation

None of the Named Executive Officers participate in or have account balances in a non qualified defined contribution plan or other deferred compensation plan maintained by the Company.

Potential Payments on Termination or Change in Control

The Named Executive Officers are entitled to receive payments upon certain terminations under the Hawaiian Telcom Holdco, Inc. Executive Severance Plan (“Executive Severance Plan”) and accelerated vesting of Restricted Stock Units upon certain terminations or a change of control under the Company’s 2010 Equity Incentive Plan and the respective Named Executive Officer’s Restricted Stock Unit Grant Agreement, in each case as described in more detail below. As of December 31, 2015, none of the Named Executive Officers were entitled to receive a cash payment in the event of a change in control of the Company.

Executive Severance Plan

Under each of the Named Executive Officers' respective employment agreement with us, the Named Executive Officer is eligible to participate and receive the benefits under the Executive Severance Plan, currently administered by the Company's Compensation Committee. Under the Executive Severance Plan, participants have the right to receive certain payments in the event of a termination by us without Cause, by them for Good Reason, or due to death or Disability (in each case as defined below). The Executive Severance Plan defines "Cause" as including any of the following facts and circumstances: (i) the failure to follow a legal order of the Board of Directors that is not remedied within 30 days; (ii) gross or willful misconduct that causes or is reasonably likely to cause damage to the Company; (iii) conviction of a felony or crime involving material dishonesty or moral turpitude; (iv) fraud or personal dishonesty involving Company assets; or (v) unlawful use or possession of illegal drugs on the Company's premises or while performing the participant's duties to the Company. The Executive Severance Plan defines a resignation for "Good Reason" as a resignation due to the occurrence of any of the following which occurs without the participant's written consent, provided that the requirements regarding

Table of Contents

advance notice and an opportunity to cure are satisfied: (i) a material diminution in the authority, duties of the participant or the supervisor to whom he is required to report; (ii) the Company's material breach of the Severance Plan or the participant's offer letter or employment agreement; or (iii) relocation of the participant's principal office to a location in excess of 100 miles from Honolulu, Hawaii. The Executive Severance Plan defines "Disability" as the absence of a participant from his duties to the company on a full-time basis for no less than a total of six months during any twelve month period, and results in death or continues or can be expected to continue for at least 12 months, as a result of incapacity due to mental or physical illness, which determinations are made by a physician selected by the Company and acceptable to the participant or the participant's legal representative.

Eric Yeaman and Robert Reich were previously participants in the Company's Executive Severance Plan, but ceased to be eligible upon Mr. Yeaman's resignation in June 2015 and Mr. Reich's resignation in May 2015. Upon termination of any of Mr. Bessey's, Mr. Komeiji's or Mr. Paul's employment either by us without Cause or by him for Good Reason, in each case provided he delivers and does not revoke a waiver and release of claims against the Company, he is entitled to (i) continue to receive, in separate and equal installment payments in accordance with the Company's standard payroll procedures, his base salary for 12 months following termination, subject to termination in the event he breaches any of the covenants described in his employment agreement, (ii) continue to receive for 12 months coverage for himself and any dependents under the Company group health benefit plans in which he was entitled to participate immediately prior to the date of termination other than certain supplemental coverage plans available to senior executives, and (iii) receive a pro-rata portion of his performance payment under the Performance Compensation Plan for the year of termination, to be paid at the same time as performance payments are paid to the other executive officers. Upon termination of any of Mr. Bessey's, Mr. Komeiji's or Mr. Paul's employment as a result of death or disability, he is entitled to (i) continue to receive, in separate and distinct equal installment payments in accordance with the Company's regular payroll practice, his base salary for a period of six months and (ii) receive a pro-rata portion of his performance payment under the Performance Compensation Plan for the year of termination, to be paid at the same time as performance payments are paid to the other executive officers.

On June 10, 2015, the Company's Compensation Committee amended and restated the Executive Severance Plan to modify, and in some instances eliminate, benefits that were specific to the Company's Chief Executive Officer in order to more closely align benefits provided to the Chief Executive Officer with those provided to other participants under the Plan, which remained unchanged. As amended, the Executive Severance Plan provides that, (i) upon termination of the Chief Executive Officer's employment either by the Company without Cause or by the Chief Executive Officer for Good Reason, the Company will continue to pay to the Chief Executive Officer (a) in separate and equal installment payments in accordance with the Company's standard payroll procedures, 150% of the Chief Executive Officer's base salary until the earliest to occur of (1) the eighteen-month anniversary of the Chief Executive Officer's termination, (2) the first date the Chief Executive Officer violates any restrictive covenant in his employment agreement, (3) the fifth day following the date of the Chief Executive Officer's termination if the Chief Executive Officer has not executed a general release, or (4) the date the Chief Executive Officer revokes any such general release, (b) for 12 months, premiums for himself and any dependents under the Company group health benefit plans in which he was entitled to participate immediately prior to the date of termination other than certain supplemental coverage plans available to senior executives, and (c) a pro-rated amount of the Chief Executive Officer's annual award under the Company's Performance Compensation Plan for the year of termination, based on actual performance, to be paid at the same time as performance payments are paid to the other executive officers, and (ii) upon termination of the Chief Executive Officer's employment due to death or disability, he or his estate will be entitled to receive (a) in separate and equal installment payments in accordance with the Company's standard payroll procedures, his base salary for a period of twelve-months from the date of the Chief Executive Officer's termination, and (b) a pro-rated amount of the Chief Executive Officer's annual award under the Company's Performance Compensation Plan for the year of termination, based on actual performance, to be paid at the same time as performance payments are paid to the other executive officers.

2010 Equity Incentive Plan

The Named Executive Officers also have the right to accelerate vesting of their unvested restricted stock units in the event of a change in control of the Company as of December 31, 2015, or termination by us without cause, by them for good reason, or due to death or disability. For the Named Executive Officers, the terms “cause”, “good reason” and “disability” have the same meanings as in the Executive Severance Plan.

In the event of a change in control, all unvested RSUs granted in or prior to 2012 and held by our Named Executive Officers would vest immediately, with PBRsUs vesting at the target level. In the case of RSUs granted in and after 2013 and

Table of Contents

held by our Named Executive Officers, any unvested time based RSUs would vest immediately and the unvested maximum number of PBRsUs would vest immediately subject to achievement of the applicable performance goal as determined by the Compensation Committee at the time of the change in control. In all cases, any contractual transfer restrictions applicable to any shares of common stock previously issued to our Named Executive Officers upon vesting of PBRsUs would immediately lapse.

In the event of death, disability, or termination of employment without cause or for good reason, unvested time-based RSUs held by our Named Executive Officers that otherwise would have vested on the next vesting date would vest immediately on a pro-rated basis, and unvested PBRsUs held by our Named Executive Officers that otherwise would have vested on the next determination date or vesting date, as applicable, subject to achievement of the applicable performance goal, would remain outstanding and vest on such determination date or vesting date, as applicable, on a pro-rated basis. In all cases, any contractual transfer restrictions applicable to any shares of common stock previously issued to the Named Executive Officers upon vesting of PBRsUs would immediately lapse. The following table reflects the total value of the payments that each Named Executive Officer (except for Messrs. Yeaman and Reich who resigned in 2015 and were not eligible to receive any severance benefits) was eligible to receive if the following triggering events had occurred on December 31, 2015:

Compensation of Directors

The compensation of directors is determined by the full Board of Directors. The Compensation Committee annually reviews the non employee director compensation (including cash retainer, cash meeting fees and equity awards) and recommends to the full Board for adoption any changes to such compensation. Changes to non employee director compensation are made to ensure that their compensation levels are market competitive and that the compensation structure

supports our business objectives, aligns the directors' interests with those of our stockholders, and reflects competitive best practices.

In January 2013, pursuant to the request of the Compensation Committee, Pay Governance completed an evaluation of the Company's non-employee director compensation, which evaluation was updated in December 2014 by the 2014 Updated Report.
