CEC Entertainment, Inc. Reports
Financial Results for the 2014 Fourth Quarter and Fiscal Year

IRVING, Texas - February 26, 2015 - CEC Entertainment, Inc. (the “Company”) today announced financial results for its fourth quarter ended December 28, 2014.

“We are encouraged by the momentum of our business, as we showed stronger performance in the second half of the year than the first half,” said Tom Leverton, Chief Executive Officer. “We have assembled an outstanding management team that is focused on driving improvements in all aspects of our operations, marketing and support of our Chuck E. Cheese’s stores and brand. In addition, we are pleased with the performance of our Peter Piper Pizza stores and excited about opportunities to further enhance their growth.”

Fourth Quarter Results

Total revenues for the fourth quarter of 2014 increased 6.8%, or \$12.2 million, over the prior year to \$190.7 million. The increase primarily related to additional revenues of \$12.3 million resulting from the Peter Piper Pizza acquisition, which closed in October 2014. Same store sales for the fourth quarter for Chuck E. Cheese’s stores declined 1.4% from the prior year period. Same store sales for the fourth quarter for Peter Piper Pizza stores increased 3.4% over the prior year, which includes periods in which the Company did not own Peter Piper Pizza.

Adjusted EBITDA for the fourth quarter of 2014 increased 8.4%, or \$2.5 million, over the prior year to \$31.8 million. The increase primarily related to \$2.9 million in additional Adjusted EBITDA resulting from the Peter Piper Pizza acquisition. Adjusted EBITDA represents net loss adjusted to exclude income taxes, interest income and expense, asset impairments, depreciation and amortization, the effects of acquisition accounting adjustments, transaction costs and certain non-cash and unusual items, as well as other adjustments required or permitted in calculating covenant compliance under the agreements governing the Company’s indebtedness. Refer to the further discussion of Adjusted EBITDA under the heading “Non-GAAP Financial Measures” below, which includes a reconciliation of net loss to Adjusted EBITDA.

The Company reported a net loss of \$22.2 million for the fourth quarter of 2014, compared to a net loss of \$0.1 million for the fourth quarter of 2013. The increase in the net loss is primarily due to transaction costs related to the acquisition of Peter Piper Pizza, an increase in depreciation and amortization expense resulting from purchase accounting and additional interest expense.

Fiscal Year Results

Total revenues for the fiscal year 2014 increased 1.4%, or \$11.1 million, over the prior year to \$832.8 million. The increase primarily related to additional revenues from new Chuck E. Cheese’s store openings and additional revenues of \$12.3 million resulting from the Peter Piper Pizza acquisition, which closed in October 2014. Same store sales for the fiscal year 2014 for Chuck E. Cheese’s stores declined 2.2% from the prior year. Same store sales for the fiscal year 2014 for Peter Piper Pizza stores increased 4.6% over the prior year, which includes periods in which the Company did not own Peter Piper Pizza.

Adjusted EBITDA for the fiscal year 2014 increased 5.0%, or \$9.3 million, over the prior year to \$195.4 million. The increase is a result of increased revenues from new store openings in 2014, store and corporate cost reduction efforts

and \$2.9 million in additional Adjusted EBITDA resulting from the Peter Piper Pizza acquisition.

The Company reported a net loss of \$61.4 million for the fiscal year 2014, compared to net income of \$47.8 million for the fiscal year 2013. The change to a net loss is primarily due to transaction costs related to the Company's going-private transaction, sale-leaseback arrangements of certain of its stores, and the acquisition of Peter Piper Pizza; an increase in depreciation and amortization expense resulting from purchase accounting; and additional interest expense.

Balance Sheet and Liquidity

As of December 28, 2014, cash and cash equivalents were \$111.0 million with no borrowings drawn under the Company's \$150.0 million revolving credit facility. Capital expenditures were \$74.4 million for the fiscal year 2014, of which \$39.8 million related to growth, including new store development, major remodels, store expansions and major attractions.

As of December 28, 2014, the Company's system-wide portfolio consisted of:

Non-GAAP Financial Measures

The Company reports and discusses its operating results using financial measures consistent with accounting principles generally accepted in the United States ("GAAP"). From time to time in the course of financial presentations, earnings conference calls or otherwise, the Company may disclose certain non-GAAP financial measures such as Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization ("Adjusted EBITDA"). The Company believes Adjusted EBITDA is a measure that provides investors with additional information to measure our performance. We believe that the presentation of Adjusted EBITDA is appropriate to provide additional information to investors about certain material non-cash items and about unusual items that we do not expect to continue at the same level in the future, as well as other items. Further, we believe Adjusted EBITDA provides a meaningful measure of operating profitability because we use it for evaluating our business performance and understanding certain significant items. The non-GAAP financial measures presented in this earnings release should not be viewed as alternatives or substitutes for the Company's reported GAAP results. A reconciliation of the GAAP financial measure most directly comparable to Adjusted EBITDA is set forth in tables accompanying this release.
