President's Letter

Dear Stockholder,

I am pleased to present this annual report for Neuberger Berman California Intermediate Municipal Fund Inc. ("NBW"), Neuberger Berman Intermediate Municipal Fund Inc. ("NBH") and Neuberger Berman New York Intermediate Municipal Fund Inc. ("NBO" and, together with NBW and NBH, the "Funds") for the 12 months ended October 31, 2017. The report includes portfolio commentaries, as well as audited listings of the Funds' investments and financial statements for the reporting period.

Each Fund's investment objective is to provide a high level of current income exempt from regular federal income tax and, for each state-specific Fund, a high level of current income exempt from that state's personal income taxes (and, in the case of NBO, New York City personal income tax).

We maintain a conservative investment philosophy and disciplined investment process in an effort to provide you with tax-exempt current income over the long term with less volatility and risk.

On February 15, 2017, NBH announced a decrease in its monthly distribution rate to \$0.0675 per share of common stock from the prior monthly distribution rate of \$0.075 per share, NBW announced a decrease in its monthly distribution rate to \$0.0512 per share of common stock from the prior monthly distribution rate of \$0.062 per share, and NBO announced a decrease in its monthly distribution rate to \$0.0437 per share of common stock from the prior monthly distribution rate of \$0.048 per share. The Funds' decreases in distribution rates were the result of numerous factors, including the general decline in yields available in the municipal bond market and the related impact on the Funds' levels of earnings, the amount of available undistributed net investment income and, with respect to NBW and NBO, the lack thereof, and the Funds' current and expected costs of leverage.

Thank you for your confidence in the Funds. We will continue to do our best to earn your trust in the years to come.

Sincerely,

Robert Conti
President and CEO

Neuberger Berman Intermediate Municipal Closed-End Funds Portfolio Commentaries

For the 12 months ended October 31, 2017, on a net asset value (NAV) basis, each of Neuberger Berman California Intermediate Municipal Fund Inc. (“NBW”), Neuberger Berman Intermediate Municipal Fund Inc. (“NBH”) and Neuberger Berman New York Intermediate Municipal Fund Inc. (“NBO” and, together with NBW and NBH, the “Funds”) underperformed its benchmark, the Bloomberg Barclays 10-Year Municipal Bond Index (the benchmark index). NBW, NBH and NBO posted 1.60%, 1.83% and 1.04% total returns, respectively, whereas the benchmark index generated a 2.23% return for the same period. (Fund performance on a market price basis is provided in the table immediately following this commentary.) The use of leverage (typically a performance enhancer in up markets and a detractor during market retreats) contributed to performance given the positive return for the municipal bond market during the reporting period.

The municipal bond market outperformed the taxable bond market during the reporting period. Municipal securities were supported by generally positive fundamentals, solid demand and more moderate supply than a year earlier. Both short- and longer-term Treasury yields rose over the 12 months ended October 31, 2017. Short-term yields generally moved higher as the U.S. Federal Reserve (Fed) raised interest rates three times over the period and began reducing its balance sheet in October 2017. Meanwhile, longer-term Treasury yields fluctuated given changing expectations for economic growth in the U.S., uncertainties surrounding future fiscal policy and a number of geopolitical events. All told, the Bloomberg Barclays Municipal Bond Index gained 2.19% for the 12 months ended October 31, 2017 while the overall taxable bond market, as measured by the Bloomberg Barclays U.S. Aggregate Bond Index, returned 0.90% for the same period.

Throughout the reporting period, the Funds’ leverage-adjusted durations were longer than the benchmark index’s. This detracted from performance as rates moved higher over the period, especially in the aftermath of the Presidential election and late in the reporting period. The Funds maintained a lower average quality relative to that of the benchmark index as they sought to generate additional yield. This was positive for results given the outperformance of lower quality bonds. From a sector perspective, an overweight to revenue bonds added to results as they largely outperformed general obligation bonds. In particular, an overweight to and security selection of tobacco securitization bonds contributed to the performance of NBW and NBO. In addition, on a relative basis, the Funds’ exposure to uninsured bonds issued by Puerto Rico was detrimental over the period and a small diversified exposure to the Virgin Islands by NBW and NBO also detracted from performance due to the impact of Hurricane Maria.

A number of changes were made to the Funds during the reporting period. In particular, we increased the Funds’ exposure to tobacco securitization bonds. In addition, NBH and NBO eliminated their allocation to insured bonds issued by Puerto Rico.

Given the steady economic growth backdrop and subdued but stable level of inflation, we see no reason to doubt the Fed’s intention of taking a measured approach to future monetary policy tightening. That said, changes in fiscal policy or potential volatility caused by the withdrawal of monetary accommodation might cause adjustments to that forecast. Specific to the municipal bond market, we believe technicals continue to look promising for the remainder of the year. As was characteristic of most of 2017, reduced new issue supply if it continues, would likely provide a firm bid for municipal bonds. We will keep a close eye on both tax reform and infrastructure investment legislation and continue to execute on our research based, bottom-up investment process in an effort to find attractive buying opportunities for our investors.

Sincerely,

James L. Iselin and S. Blake Miller

Closed-end funds, unlike open-end funds, are not continually offered. Generally, there is an initial public offering and, once issued, shares of common stock of closed-end funds are sold in the secondary market on a stock exchange.

The performance data quoted represent past performance and do not indicate future results. Current performance may be lower or higher than the performance data quoted. For more current performance data, please visit www.nb.com/cef-performance.

The results shown in the table reflect the reinvestment of income dividends and other distributions, if any. The results do not reflect the effect of taxes a stockholder would pay on Fund distributions or on the sale of shares of a Fund's common stock.

The investment return and market price will fluctuate and shares of a Fund's common stock may trade at prices above or below NAV. Shares of a Fund's common stock, when sold, may be worth more or less than their original cost.

Returns would have been lower if Neuberger Berman Investment Advisers LLC ("Management") had not waived a portion of its investment management fees during certain of the periods shown. The waived fees are from prior years that are no longer disclosed in the Financial Highlights.

Description of Index

**Bloomberg Barclays 10-Year
Municipal Bond Index:**

The index is the 10-year (8-12 years to maturity) component of the Bloomberg Barclays Municipal Bond Index. The Bloomberg Barclays Municipal Bond Index measures the investment grade, U.S. dollar-denominated, long-term, tax-exempt bond market and has four main sectors: state and local general obligation bonds, revenue bonds, insured bonds and prerefunded bonds.

Please note that the index does not take into account any fees and expenses or any tax consequences of investing in the individual securities that it tracks and that individuals cannot invest directly in any index. Data about the performance of this index are prepared or obtained by Management and include reinvestment of all income dividends and other distributions, if any. Each Fund may invest in securities not included in the above described index and generally does not invest in all securities included in the index.

Notes to Financial Statements Intermediate Municipal Closed-End Funds

Note A—Summary of Significant Accounting Policies:

1 General:Neuberger Berman California Intermediate Municipal Fund Inc. (“California”), Neuberger Berman Intermediate Municipal Fund Inc. (“Intermediate”) and Neuberger Berman New York Intermediate Municipal Fund Inc. (“New York”) (each individually a “Fund”, and collectively, the “Funds”) were organized as Maryland corporations on July 29, 2002. California and New York registered as non-diversified, closed-end management investment companies and Intermediate registered as a diversified, closed-end management investment company under the Investment Company Act of 1940, as amended (the “1940 Act”). Under the 1940 Act, the status of a Fund that was registered as non-diversified may, under certain circumstances, change to that of a diversified fund. Each Fund is currently a diversified fund. The Funds’ Boards of Directors (each Fund’s Board of Directors, a “Board”) may classify or re-classify any unissued shares of capital stock into one or more classes of preferred stock without the approval of stockholders.

A zero balance, if any, reflects an actual amount rounding to less than \$1,000.

The assets of each Fund belong only to that Fund, and the liabilities of each Fund are borne solely by that Fund and no other.

Each Fund is an investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (“FASB”) Accounting Standard Codification Topic 946 “Financial Services—Investment Companies.”

The preparation of financial statements in accordance with U.S. generally accepted accounting principles (“GAAP”) requires Neuberger Berman Investment Advisers LLC (“Management” or “NBIA”) to make estimates and assumptions at the date of the financial statements. Actual results could differ from those estimates.

2 Portfolio valuation:In accordance with Accounting Standards Codification (“ASC”) 820 “Fair Value Measurement” (“ASC 820”), all investments held by each Fund are carried at the value that Management believes a Fund would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market for the investment under current market conditions. Various inputs, including the volume and level of activity for the asset or liability in the market, are considered in valuing the Funds’ investments, some of which are discussed below. Significant Management judgment may be necessary to value investments in accordance with ASC 820.

ASC 820 established a three-tier hierarchy of inputs to create a classification of value measurements for disclosure purposes. The three-tier hierarchy of inputs is summarized in the three broad Levels listed below.

Level 1 – quoted prices in active markets for identical investments

Level 2 – other observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, amortized cost, etc.)

Level 3 – unobservable inputs (including a Fund’s own assumptions in determining the fair value of investments) The inputs or methodology used for valuing an investment are not necessarily an indication of the risk associated with investing in those securities.

The value of the Funds’ investments in municipal securities, liquidating trust - real estate, and tax exempt preferred

securities is determined by Management primarily by obtaining valuations from independent pricing services based on readily available bid quotations, or if quotations are not available, by methods which include various considerations such as yields or prices of securities of comparable quality, coupon, maturity and type; indications as to values from dealers; and general market conditions (generally Level 2 inputs). Other Level 2 and 3 inputs

used by independent pricing services to value municipal securities and units include current trades, bid-wanted lists (which inform the market that a holder is interested in selling a position and that offers will be considered), offerings, general information on market movement, direction, trends, appraisals, bid offers and specific data on specialty issues.

Management has developed a process to periodically review information provided by independent pricing services for all types of securities.

If a valuation is not available from an independent pricing service, or if Management has reason to believe that the valuation received does not represent the amount a Fund might reasonably expect to receive on a current sale in an orderly transaction, Management seeks to obtain quotations from brokers or dealers (generally considered Level 2 or Level 3 inputs depending on the number of quotes available). If such quotations are not readily available, the security is valued using methods the Board has approved in the good-faith belief that the resulting valuation will reflect the fair value of the security. Numerous factors may be considered when determining the fair value of a security based on Level 2 or Level 3 inputs, including available analyst, media or other reports, securities within the same industry with recent highly correlated performance, trading in futures or American Depositary Receipts and whether the issuer of the security being fair valued has other securities outstanding.

Fair value prices are necessarily estimates, and there is no assurance that such a price will be at or close to the price at which the security is next quoted or next trades.

- 3 Securities transactions and investment income:** Securities transactions are recorded on trade date for financial reporting purposes. Interest income, including accretion of discount (adjusted for original issue discount, where applicable) and amortization of premium, where applicable, is recorded on the accrual basis. Realized gains and losses from securities transactions are recorded on the basis of identified cost and stated separately in the Statements of Operations.
- 4 Income tax information:** Each Fund is treated as a separate entity for U.S. federal income tax purposes. It is the policy of each Fund to continue to qualify for treatment as a regulated investment company (“RIC”) by complying with the requirements of the U.S. Internal Revenue Code applicable to RICs and to distribute substantially all of its net investment income and net realized capital gains to its stockholders. To the extent a Fund distributes substantially all of its net investment income and net realized capital gains to stockholders, no federal income or excise tax provision is required.

The Funds have adopted the provisions of ASC 740 “Income Taxes” (“ASC 740”). ASC 740 sets forth a minimum threshold for financial statement recognition of a tax position taken, or expected to be taken, in a tax return. The Funds recognize interest and penalties, if any, related to unrecognized tax positions as an income tax expense in the Statements of Operations. The Funds are subject to examination by U.S. federal and state tax authorities for returns filed for the tax years for which the applicable statutes of limitations have not yet expired. As of October 31, 2017, the Funds did not have any unrecognized tax positions.

At October 31, 2017, selected Fund information for all long security positions for U.S. federal income tax purposes was as follows:

(000’s omitted)	Cost	Gross Unrealized Appreciation	Gross Unrealized Depreciation	Net Unrealized Appreciation/ (Depreciation)
California	\$132,353	\$ 10,069	\$ 598	\$9,471
Intermediate	429,310	41,019	2,851	38,168

New York	116,469	5,752	2,133	3,619
-----------------	---------	-------	-------	-------

Income distributions and capital gain distributions are determined in accordance with income tax regulations, which may differ from GAAP. These differences, if any, are primarily due to differing treatments of income and gains on various investment securities held by each Fund, timing differences, capital loss carryforwards expiring and differing characterization of distributions made by each Fund.

34

As determined on October 31, 2017, permanent differences resulting primarily from different book and tax accounting were reclassified at year end. Such differences are attributed to the tax treatment of partnership basis adjustments, prior year partnership adjustments, defaulted bonds, non-deductible Variable Rate Municipal Term Preferred Shares, Series A (“VMTPS”), and expiration of capital loss carryforwards. These reclassifications had no effect on net income, net asset value (“NAV”) or NAV per share of each Fund. For the year ended October 31, 2017, the Funds recorded the following permanent reclassifications:

	Paid-in Capital	Undistributed Net Investment Income/(Loss)	Accumulated Net Realized Gains/ (Losses) on Investments
California	\$ (813,250)	\$29,565	\$ 783,685
Intermediate	(9,609,985)	110,711	9,499,274
New York	(1,081,500)	76,349	1,005,151

The tax character of distributions paid during the years ended October 31, 2017 and October 31, 2016 was as follows:

	Distributions Paid From:					
	Ordinary Income		Tax-Exempt Income		Total	
	2017	2016	2017	2016	2017	2016
California	\$ 33,345	\$ 30,146	\$ 4,743,113	\$ 5,188,627	\$ 4,776,458	\$ 5,218,773
Intermediate	187,099	178,448	19,069,206	19,536,613	19,256,305	19,715,061
New York	71,711	54,767	3,627,414	3,856,004	3,699,125	3,910,771

As of October 31, 2017, the components of distributable earnings (accumulated losses) on a U.S. federal income tax basis were as follows:

	Undistributed Tax-Exempt Income	Undistributed Long-Term Capital Gain	Unrealized Appreciation/ (Depreciation)	Loss Carryforwards and Deferrals	Other Temporary Differences	Total
California	\$ 126,631	\$ —	\$ 9,471,339	\$ (3,180,626)	\$ (389,282)	\$ 6,028,062
Intermediate	7,214,827	—	38,168,615	(10,825,249)	(1,588,752)	32,969,441
New York	369,262	—	3,618,456	(2,776,692)	(307,897)	903,129

The temporary differences between book basis and tax basis distributable earnings are primarily due to: timing differences of distribution payments, partnership basis adjustments, capital loss carryforwards and defaulted bond income adjustments.

To the extent each Fund’s net realized capital gains, if any, can be offset by capital loss carryforwards, it is the policy of each Fund not to distribute such gains. The Regulated Investment Company Modernization Act of 2010 made changes to the capital loss carryforward rules allowing for RICs to carry forward capital losses indefinitely and to retain the character of capital loss carryforwards as short-term or long-term (“Post-Enactment”). Rules in effect previously limited the carryforward period to eight years and all carryforwards were considered short-term in character (“Pre-Enactment”). As determined at October 31, 2017, the following Funds had unused capital loss carryforwards available for federal income tax purposes to offset net realized capital gains, if any, as follows:

	Pre-Enactment Expiring in:	
	2018	2019

Post-Enactment capital loss carryforwards must be fully used before Pre-Enactment capital loss carryforwards; therefore, under certain circumstances, Pre-Enactment capital loss carryforwards available as of the report date may expire unused.

During the year ended October 31, 2017, California, Intermediate and New York had capital loss carryforwards expire of \$783,685, \$9,552,881 and \$1,053,807, respectively.

During the year ended October 31, 2017, California utilized capital loss carryforwards of \$2,281.

- 5 Distributions to common stockholders:** Each Fund earns income, net of expenses, daily on its investments. It is the policy of each Fund to declare and pay monthly distributions to common stockholders. Distributions from net realized capital gains, if any, are normally distributed in December. Distributions to common stockholders are recorded on the ex-date. Distributions to preferred stockholders are accrued and determined as described in Note A.

On November 15, 2017, each Fund declared a monthly distribution to common stockholders payable December 15, 2017, to stockholders of record on November 30, 2017, with an ex-date of November 29, 2017 as follows:

	Distribution per share
California	\$ 0.0512
Intermediate	0.0675
New York	0.0437

On December 15, 2017, each Fund declared a monthly distribution to common stockholders payable January 16, 2018, to stockholders of record on December 29, 2017, with an ex-date of December 28, 2017 as follows:

	Distribution per share
California	\$ 0.0512
Intermediate	0.0675
New York	0.0437

- 6 Expense allocation:** Certain expenses are applicable to multiple funds within the complex of related investment companies. Expenses directly attributable to a Fund are charged to that Fund. Expenses borne by the complex of related investment companies, which includes open-end and closed-end investment companies for which Management serves as investment manager, that are not directly attributable to a particular investment company (e.g., a Fund) are allocated among the Funds and the other investment companies or series thereof in the complex on the basis of relative net assets, except where a more appropriate allocation of expenses to each of the investment companies or series thereof in the complex can otherwise be made fairly.

- 7 Financial leverage:** On June 24, 2014, the Funds re-classified unissued shares of capital stock into VMTPS as follows:

	Shares
California	590

Intermediate	1,794
New York	483

36

On June 30, 2014, July 1, 2014 and July 2, 2014, the Funds issued VMTPS as follows:

	Shares
California	590
Intermediate	1,794
New York	483

Each Fund's VMTPS have a liquidation preference of \$100,000 per share plus any accumulated unpaid distributions, whether or not earned or declared by the Fund, but excluding interest thereon ("VMTPS Liquidation Value"). Distributions on the VMTPS are accrued daily and paid monthly at a floating rate. For financial reporting purposes only, the liquidation preference of the VMTPS is recognized as a liability in each Fund's Statement of Assets and Liabilities.

The distribution rate for each Fund's VMTPS is calculated based on the applicable SIFMA (Securities Industry and Financial Markets Association) Municipal Swap Index plus a spread. The table below sets forth key terms of each Fund's VMTPS.

Fund	Series	Term Redemption Date	Shares Outstanding	Aggregate Liquidation Preference
California	Series A	6/30/2019	590	\$59,000,000
Intermediate	Series A	7/1/2019	1,794	\$179,400,000
New York	Series A	7/2/2019	483	\$48,300,000

The Funds have paid up front expenses in connection with offering the VMTPS, which are being amortized over the life of the VMTPS. The expenses are included in the "Distributions to variable rate municipal term preferred shareholders and amortization of offering costs (Note A)" line item that is reflected in the Statements of Operations.

Each Fund may redeem VMTPS, in whole or in part, at its option after giving a minimum amount of notice to the relevant holders of its VMTPS, but will incur additional expenses if it chooses to so redeem. Each Fund is also subject to certain restrictions relating to the VMTPS. Failure to comply with these restrictions could preclude a Fund from declaring any distributions to common stockholders or repurchasing common stock and/or could trigger the mandatory redemption of VMTPS at VMTPS Liquidation Value. The holders of VMTPS are entitled to one vote per share and will vote with holders of common stock as a single class, except that the holders of VMTPS will vote separately as a class on certain matters, as required by law or the Fund's organizational documents. The holders of VMTPS, voting as a separate class, are entitled at all times to elect two Directors of the Fund, and to elect a majority of the Directors of the Fund if the Fund fails to pay distributions on VMTPS for two consecutive years.

- 8 Concentration of risk:** The ability of the issuers of the debt securities held by the Funds to meet their obligations may be affected by economic developments, including those particular to a specific industry or region. California and New York normally invest a substantial portion of their assets in municipal bonds of issuers located in the state of California and the state of New York, respectively. The value of each of these Funds' securities are more susceptible to adverse economic, political, regulatory or other factors affecting the issuers of such municipal bonds than a fund that does not limit its investments to such issuers.
- 9 Indemnifications:** Like many other companies, the Funds' organizational documents provide that their officers ("Officers") and directors ("Directors") are indemnified against certain liabilities arising out of the performance of their duties to the Funds. In addition, both in some of their principal service contracts and in the normal course

of their business, the Funds enter into contracts that provide indemnifications to other parties for certain types of losses or liabilities. Each Fund's maximum exposure under these arrangements is unknown as this could involve future claims against each Fund.

37

10 Arrangements with certain non-affiliated service providers: In order to satisfy rating agency requirements, each Fund is required to provide the rating agency that rates its VMTPS a report on a monthly basis verifying that each Fund is maintaining eligible assets having a discounted value equal to or greater than the Preferred Shares Basic Maintenance Amount, which is a minimum level set by the rating agency as one of the conditions to maintain its rating on the VMTPS. “Discounted value” refers to the fact that the rating agency requires each Fund, in performing this calculation, to discount portfolio securities below their face value, at rates determined by the rating agency. Each Fund pays a fee to State Street Bank and Trust Company (“State Street”) for the preparation of this report which is reflected in the Statements of Operations under the caption “Basic maintenance expense (Note A).”

Note B—Investment Management Fees, Administration Fees, and Other Transactions with Affiliates: Each Fund retains Management as its investment manager under a Management Agreement. For such investment management services, each Fund pays Management a fee at the annual rate of 0.25% of its average daily Managed Assets. Managed Assets equal the total assets of the Fund, less liabilities other than the aggregate indebtedness entered into for purposes of leverage. For purposes of calculating Managed Assets, any VMTPS Liquidation Value is not considered a liability.

Each Fund retains Management as its administrator under an Administration Agreement. Each Fund pays Management an administration fee at the annual rate of 0.30% of its average daily Managed Assets under this agreement. Additionally, Management retains State Street as its sub-administrator under a Sub-Administration Agreement. Management pays State Street a fee for all services received under the Sub-Administration Agreement.

Prior to January 1, 2016, Neuberger Berman LLC was retained by Management pursuant to Sub-Advisory Agreements to furnish it with investment recommendations and research information without added cost to the Funds. Several individuals who are Officers and/or Directors of each Fund are also employees of Management.

Note C—Securities Transactions:

During the year ended October 31, 2017, there were purchase and sale transactions of long-term securities as follows:

(000's omitted)	Purchases	Sales
California	\$52,251	\$51,134
Intermediate	94,893	97,359
New York	31,905	29,902

Note D—Capital:

Transactions in shares of common stock for the years ended October 31, 2017 and October 31, 2016 were as follows:

	Stock Issued on Reinvestment of Dividends and Distributions		Net Increase/(Decrease) in Common Stock Outstanding	
	2017	2016	2017	2016
California	804	7,765	804	7,765
Intermediate	14,429	23,861	14,429	23,861
New York	—	897	—	897

38

Note E—Custodian Out-of-Pocket Expenses Refunded:

In May 2016, the Funds’ custodian, State Street, announced that it had identified inconsistencies in the way in which the Funds were invoiced for categories of expenses, particularly those deemed “out-of-pocket” costs, from 1998 through November 2015. The amounts in the table below represent the refunded expenses and interest determined to be payable to the Funds for the period in question. These amounts were refunded to the Funds by State Street during the year ended October 31, 2017.

	Expenses Refunded	Interest Paid to the Funds
California	\$44,975	\$ 2,910
Intermediate	65,069	3,963
New York	39,182	2,629

Note F—Recent Accounting Pronouncement:

In December 2016, FASB issued Accounting Standards Update No. 2016-19, “Technical Corrections and Improvements” (“ASU 2016-19”). The guidance includes an amendment to Topic 820, Fair Value Measurement, which clarifies the difference between a valuation approach and a valuation technique. The amendments also require an entity to disclose when it has changed either a valuation approach and/or a valuation technique. The guidance is effective for interim and annual reporting periods beginning after December 15, 2016. Management is currently evaluating the impact, if any, of applying this guidance.

Notes to Financial Highlights

- @ Calculated based on the average number of shares of common stock outstanding during each fiscal period.
- † Total return based on per share NAV reflects the effects of changes in NAV on the performance of each Fund during each fiscal period. Total return based on per share market value assumes the purchase of shares of common stock at the market price on the first day and sale of common stock at the market price on the last day of the period indicated. Dividends and distributions, if any, are assumed to be reinvested at prices obtained under each Fund’s distribution reinvestment plan. Results represent past performance and do not indicate future results. Current returns may be lower or higher than the performance data quoted. Investment returns may fluctuate and shares of common stock when sold may be worth more or less than original cost.
- †† Expense ratios do not include the effect of distributions on Auction Market Preferred Shares (“AMPS”). Income ratios include income earned on assets attributable to the VMTPS (AMPS prior to June 30, 2014, July 1, 2014 and July 2, 2014 for California, Intermediate and New York, respectively) outstanding.
- ^ Prior to June 30, 2014, California had AMPS outstanding. On June 30, 2014, California issued 590 VMTPS and redeemed its outstanding AMPS (see Note A to Financial Statements).
- ^^ Prior to July 1, 2014, Intermediate had AMPS outstanding. On July 1, 2014, Intermediate issued 1,794 VMTPS and redeemed its outstanding AMPS (see Note A to Financial Statements).
- ^^^ Prior to July 2, 2014, New York had AMPS outstanding. On July 2, 2014, New York issued 483 VMTPS and redeemed its outstanding AMPS.
- ∅ Distributions on VMTPS are included in expense ratios. The annualized ratios of distributions on VMTPS to average net assets applicable to common stockholders were:

	Year Ended October 31,			
	2017	2016	2015	2014
California	1.41%	1.06%	0.89%	0.96%
Intermediate	1.24%	0.92%	0.77%	0.83%
New York	1.36%	1.01%	0.85%	0.91%

- ∅∅ During the year ended October 31, 2017, each Fund adopted FASB’s Accounting Standards Update No. 2015-03. At October 31, 2017, the Value of Preferred Stock Outstanding is being shown net of unamortized deferred offering costs of approximately \$49,000, \$95,000 and \$46,000 for California, Intermediate and New York, respectively.

‡ Each Fund is required to calculate an expense ratio without taking into consideration any expense reductions related to expense offset arrangements. Prior to January 1, 2013, each Fund had an expense offset arrangement in connection with its custodian contract. Had the Funds not received expense reductions related to expense offset arrangements, the annualized ratios of net expenses to average daily net assets applicable to common stockholders would have been:

	Year Ended October 31, 2013
California	1.43%
Intermediate	1.17%
New York	1.43%

¢ Calculated by subtracting the Fund's total liabilities (excluding the liquidation preference of VMTPS and accumulated unpaid distributions on VMTPS (AMPS prior to June 30, 2014, July 1, 2014 and July 2, 2014 for California, Intermediate and New York, respectively)) from the Fund's total assets and dividing by the number of VMTPS/AMPS outstanding.

a The Custodian Out-of-Pocket Expenses Refunded listed in Note E of the Notes to Financial Statements had no impact on the Funds' total returns for the year ended October 31, 2017.

b Custodian Out-of-Pocket Expenses Refunded, as listed in Note E of the Notes to Financial Statements, which is non-recurring, is included in these ratios on a non-annualized basis. Had the Funds not received the refund the annualized ratios of net expenses to average net assets and net investment income/(loss) to average net assets would have been:

	Ratio of Net Expenses to Average Net Assets Year Ended October 31, 2017	Ratio of Net Investment Income/ (Loss) to Average Net Assets Year Ended October 31, 2017
California	2.76 %	3.98 %
Intermediate	2.31 %	4.75 %
New York	2.75 %	3.86 %

c The annualized ratios of distributions on AMPS to average net assets applicable to common stockholders were:

	Year Ended October 31,	
	2014	2013
California	0.05%	0.13%
Intermediate	0.04%	0.12%
New York	0.05%	0.12%

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholders of:
Neuberger Berman California Intermediate Municipal Fund Inc.
Neuberger Berman Intermediate Municipal Fund Inc.
Neuberger Berman New York Intermediate Municipal Fund Inc.

We have audited the accompanying statements of assets and liabilities, including the schedules of investments, of Neuberger Berman California Intermediate Municipal Fund Inc., Neuberger Berman Intermediate Municipal Fund Inc., and Neuberger Berman New York Intermediate Municipal Fund Inc. (the "Funds"), as of October 31, 2017, the related statements of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Funds' management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Funds' internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Funds' internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of October 31, 2017 by correspondence with the custodian and others or by other appropriate auditing procedures where replies from others were not received. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of the above-mentioned Funds at October 31, 2017, the results of their operations for the year then ended, the changes in their net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with U.S. generally accepted accounting principles.

Distribution Reinvestment Plan

American Stock Transfer & Trust Company, LLC (the “Plan Agent”) will act as Plan Agent for stockholders who have not elected in writing to receive dividends and distributions in cash (each a “Participant”), will open an account for each Participant under the Distribution Reinvestment Plan (“Plan”) in the same name as their then-current shares of the Fund’s common stock (“Shares”) are registered, and will put the Plan into effect for each Participant as of the first record date for a dividend or capital gains distribution.

Whenever the Fund declares a dividend or distribution with respect to the Shares, each Participant will receive such dividends and distributions in additional Shares, including fractional Shares acquired by the Plan Agent and credited to each Participant’s account. If on the payment date for a cash dividend or distribution, the net asset value is equal to or less than the market price per Share plus estimated brokerage commissions, the Plan Agent shall automatically receive such Shares, including fractions, for each Participant’s account. Except in the circumstances described in the next paragraph, the number of additional Shares to be credited to each Participant’s account shall be determined by dividing the dollar amount of the dividend or distribution payable on their Shares by the greater of the net asset value per Share determined as of the date of purchase or 95% of the then-current market price per Share on the payment date.

Should the net asset value per Share exceed the market price per Share plus estimated brokerage commissions on the payment date for a cash dividend or distribution, the Plan Agent or a broker-dealer selected by the Plan Agent shall endeavor, for a purchase period lasting until the last business day before the next date on which the Shares trade on an “ex-dividend” basis, but in no event, except as provided below, more than 30 days after the payment date, to apply the amount of such dividend or distribution on each Participant’s Shares (less their pro rata share of brokerage commissions incurred with respect to the Plan Agent’s open-market purchases in connection with the reinvestment of such dividend or distribution) to purchase Shares on the open market for each Participant’s account. No such purchases may be made more than 30 days after the payment date for such dividend or distribution except where temporary curtailment or suspension of purchase is necessary to comply with applicable provisions of federal securities laws. If, at the close of business on any day during the purchase period the net asset value per Share equals or is less than the market price per Share plus estimated brokerage commissions, the Plan Agent will not make any further open-market purchases in connection with the reinvestment of such dividend or distribution. If the Plan Agent is unable to invest the full dividend or distribution amount through open-market purchases during the purchase period, the Plan Agent shall request that, with respect to the uninvested portion of such dividend or distribution amount, the Fund issue new Shares at the close of business on the earlier of the last day of the purchase period or the first day during the purchase period on which the net asset value per Share equals or is less than the market price per Share, plus estimated brokerage commissions, such Shares to be issued in accordance with the terms specified in the third paragraph hereof. These newly issued Shares will be valued at the then-current market price per Share at the time such Shares are to be issued.

For purposes of making the reinvestment purchase comparison under the Plan, (a) the market price of the Shares on a particular date shall be the last sales price on the New York Stock Exchange (or if the Shares are not listed on the New York Stock Exchange, such other exchange on which the Shares are principally traded) on that date, or, if there is no sale on such Exchange (or if not so listed, in the over-the-counter market) on that date, then the mean between the closing bid and asked quotations for such Shares on such Exchange on such date and (b) the net asset value per Share on a particular date shall be the net asset value per Share most recently calculated by or on behalf of the Fund. All dividends, distributions and other payments (whether made in cash or Shares) shall be made net of any applicable withholding tax.

Open-market purchases provided for above may be made on any securities exchange where the Fund's Shares are traded, in the over-the-counter market or in negotiated transactions and may be on such terms as to price, delivery and otherwise as the Plan Agent shall determine. Each Participant's uninvested funds held by the Plan Agent will not bear interest, and it is understood that, in any event, the Plan Agent shall have no liability in connection with any inability to purchase Shares within 30 days after the initial date of such purchase as herein provided, or with the timing of any purchases effected. The Plan Agent shall have no responsibility as to the value of the Shares acquired for each

Participant's account. For the purpose of cash investments, the Plan Agent may commingle each Participant's funds with those of other stockholders of the Fund for whom the Plan Agent similarly acts as agent, and the average price (including brokerage commissions) of all Shares purchased by the Plan Agent as Plan Agent shall be the price per Share allocable to each Participant in connection therewith.

The Plan Agent may hold each Participant's Shares acquired pursuant to the Plan together with the Shares of other stockholders of the Fund acquired pursuant to the Plan in noncertificated form in the Plan Agent's name or that of the Plan Agent's nominee. The Plan Agent will forward to each Participant any proxy solicitation material and will vote any Shares so held for each Participant only in accordance with the instructions set forth on proxies returned by the Participant to the Fund.

The Plan Agent will confirm to each Participant each acquisition made for their account as soon as practicable but not later than 60 days after the date thereof. Although each Participant may from time to time have an undivided fractional interest (computed to three decimal places) in a Share, no certificates for a fractional Share will be issued. However, dividends and distributions on fractional Shares will be credited to each Participant's account. In the event of termination of a Participant's account under the Plan, the Plan Agent will adjust for any such undivided fractional interest in cash at the market value of the Shares at the time of termination, less the pro rata expense of any sale required to make such an adjustment.

Any Share dividends or split Shares distributed by the Fund on Shares held by the Plan Agent for Participants will be credited to their accounts. In the event that the Fund makes available to its stockholders rights to purchase additional Shares or other securities, the Shares held for each Participant under the Plan will be added to other Shares held by the Participant in calculating the number of rights to be issued to each Participant.

The Plan Agent's service fee for handling capital gains and other distributions or income dividends will be paid by the Fund. Participants will be charged their pro rata share of brokerage commissions on all open-market purchases.

Each Participant may terminate their account under the Plan by notifying the Plan Agent in writing. Such termination will be effective immediately if the Participant's notice is received by the Plan Agent not less than ten days prior to any dividend or distribution record date, otherwise such termination will be effective the first trading day after the payment date for such dividend or distribution with respect to any subsequent dividend or distribution. The Plan may be terminated by the Plan Agent or the Fund upon notice in writing mailed to each Participant at least 30 days prior to any record date for the payment of any dividend or distribution by the Fund.

These terms and conditions may be amended or supplemented by the Plan Agent or the Fund at any time or times but, except when necessary or appropriate to comply with applicable law or the rules or policies of the Securities and Exchange Commission or any other regulatory authority, only by mailing to each Participant appropriate written notice at least 30 days prior to the effective date thereof. The amendment or supplement shall be deemed to be accepted by each Participant unless, prior to the effective date thereof, the Plan Agent receives written notice of the termination of their account under the Plan. Any such amendment may include an appointment by the Plan Agent in its place and stead of a successor Plan Agent under these terms and conditions, with full power and authority to perform all or any of the acts to be performed by the Plan Agent under these terms and conditions. Upon any such appointment of any Plan Agent for the purpose of receiving dividends and distributions, the Fund will be authorized to pay to such successor Plan Agent, for each Participant's account, all dividends and distributions payable on Shares held in their name or under the Plan for retention or application by such successor Plan Agent as provided in these terms and conditions.

The Plan Agent shall at all times act in good faith and agrees to use its best efforts within reasonable limits to ensure the accuracy of all services performed under this Agreement and to comply with applicable law, but assumes no responsibility and shall not be liable for loss or damage due to errors unless such error is caused by the Plan Agent's

negligence, bad faith, or willful misconduct or that of its employees. These terms and conditions are governed by the laws of the State of Maryland.

Reinvested dividends and distributions are taxed in the same manner as cash dividends and distributions — i.e., reinvestment in additional Shares does not relieve stockholders of, or defer the need to pay, any income tax that may be payable (or that is required to be withheld) on Fund dividends and distributions. Participants should contact their tax professionals for information on how the Plan impacts their personal tax situation. For additional information about the Plan, please contact the Plan Agent by telephone at 1-866-227-2136 or by mail at 6201 15th Avenue, Brooklyn, NY, 11219 or online at www.astfinancial.com.

Board Consideration of the Management Agreements

On an annual basis, the Boards of Directors (each a “Board” and, collectively, the “Boards”) of Neuberger Berman California Intermediate Municipal Fund Inc., Neuberger Berman Intermediate Municipal Fund Inc., and Neuberger Berman New York Intermediate Municipal Fund Inc. (each, a “Fund” and, collectively, the “Funds”), including the Directors who are not “interested persons” of Neuberger Berman Investment Advisers LLC (“Management”) (including its affiliates) or a Fund (“Independent Fund Directors”), consider whether to continue the Funds’ management agreement with Management (the “Agreements” and, with respect to each Fund, the “Agreement”). Throughout the process, the Independent Fund Directors are advised by counsel that is experienced in Investment Company Act of 1940 matters and that is independent of Management (“Independent Counsel”). At a meeting held on September 28, 2017, each Board, including the Independent Fund Directors, approved the continuation of the Agreement for its Fund.

In evaluating the Agreements, the Boards, including the Independent Fund Directors, reviewed extensive materials provided by Management in response to questions submitted by the Independent Fund Directors and Independent Counsel, and met with senior representatives of Management regarding its personnel, operations and financial condition as they relate to the Funds. The annual contract review extends over at least two regular meetings of the Board to ensure that Management has time to respond to any questions the Independent Fund Directors may have on their initial review of the materials and that the Independent Fund Directors have time to consider those responses.

In connection with its deliberations, the Boards also considered the broad range of information relevant to the annual contract review that is provided to the Boards (including its various standing committees) at meetings throughout the year, including reports on investment performance, portfolio risk and other portfolio information for each Fund, as well as periodic reports on, among other matters, pricing and valuation; quality of portfolio trade execution; compliance; and stockholder and other services provided by Management and its affiliates. A Contract Review Committee, which is comprised of Independent Fund Directors, was established by each Board to assist in its deliberations regarding the annual contract review. The Boards have also established other committees that focus throughout the year on specific areas relevant to the annual contract review, such as Fund performance or compliance matters, and that are charged with specific responsibilities regarding the annual contract review. Those committees provide reports to the Contract Review Committees and the full Boards, which consider that information as part of the annual contract review process. Each Board’s Contract Review Committee annually considers and updates the questions it asks of Management in light of developments in the industry, in the markets, in mutual fund regulation and litigation, and in Management’s business model.

The Independent Fund Directors received from Independent Counsel a memorandum discussing the legal standards for their consideration of the proposed continuation of the Agreement. During the course of the year and during their deliberations regarding the annual contract review, the Contract Review Committees and the Independent Fund Directors met with Independent Counsel separately from representatives of Management.

Provided below is a description of the Boards’ contract approval process and the material factors that the Boards considered at their meetings regarding the renewals of the Agreements and the compensation to be paid thereunder. In connection with its approval of the continuation of its Fund’s Agreement, each Board evaluated the terms of the Agreement, the overall fairness of the Agreement to the Fund, and whether the Agreement was in the best interests of the Fund and Fund stockholders. Each Board’s determination to approve the continuation of the Agreement was based on a comprehensive consideration of all information provided to the Board throughout the year and specifically in connection with the annual contract review.

This description is not intended to include all of the factors considered by each Board. The Board members did not identify any particular information or factor that was all-important or controlling, and each Director may have

attributed different weights to the various factors. For each Fund, its Board focused on the costs and benefits of the Agreement to the Fund and Fund stockholders.

62

Nature, Extent and Quality of Services

With respect to the nature, extent and quality of the services provided, each Board considered the investment philosophy and decision-making processes of, and the qualifications, experience, and capabilities of, and the resources available to, the portfolio management personnel of Management who perform services for its Fund. The Boards noted that Management also provides certain administrative services, including fund accounting and compliance services. The Boards also considered Management's policies and practices regarding brokerage, commissions and other trading costs, and allocation of portfolio transactions and reviewed the quality of the execution services that Management had provided. Moreover, each Board considered Management's approach to potential conflicts of interest between its Fund's investments and those of other funds or accounts managed by Management.

The Boards noted the extensive range of services that Management provides to the Funds beyond the investment management services. The Boards noted that Management is also responsible for monitoring compliance with each Fund's investment objectives, policies and restrictions, as well as compliance with applicable law. In addition, the Boards considered that Management has developed a leverage structure for the Funds tailored to their investment strategy and needs, has monitored the Funds' ongoing compliance with legal and other restrictions associated with their leverage and has recommended changes in and/or amendments to the amount or structure of their leverage over time. The Boards also considered that Management's responsibilities include continual management of investment, operational, enterprise, legal, regulatory and compliance risks as they relate to each Fund, and considered information regarding Management's processes for managing risk. It also noted Management's activities under its contractual obligation to oversee the Funds' various outside service providers, including its renegotiation of certain service providers' fees and its evaluation of service providers' infrastructure, cybersecurity programs and business continuity programs, among other matters. In this regard, the Boards noted that Management had recommended a change in the Funds' transfer agent, had, following Board approval, overseen the transition during the last year to the new transfer agent and had conducted ongoing oversight of the new transfer agent. The Boards also considered Management's ongoing development of its own infrastructure and information technology to support the Funds' compliance structure through, among other things, cybersecurity, business continuity planning, and risk management. In addition, the Boards noted the positive compliance history of Management, as no significant compliance problems were reported to the Boards with respect to the firm. The Boards also considered the general structure of the portfolio managers' compensation and whether this structure provides appropriate incentives to act in the best interests of the Funds. The Boards also considered the ability of Management to attract and retain qualified personnel to service the Funds.

The Boards noted that Management assumes significant ongoing risks with respect to all Funds, including investment, operational, enterprise, litigation, regulatory and compliance risks, for which Management is entitled to compensation. The Boards also noted that when Management launches a new fund or share class, it assumes entrepreneurial risk with respect to that fund or class, and that some new funds and share classes have been liquidated without ever having been profitable to Management.

As in past years, the Boards also considered the manner in which Management addressed various matters that arose during the year, some of them a result of developments in the broader fund industry or the regulations governing it, including the Department of Labor Fiduciary Rule. In addition, the Board considered actions taken by Management in response to recent market conditions, such as regulatory concerns about changes in fixed-income market liquidity and potential volatility, and considered the overall performance of Management in this context. The Boards also noted that Management actively monitors any discount from net asset value per share at which the Funds' common stock trades and evaluates potential ways to reduce the discount.

Fund Performance

The Boards requested a report from an outside consulting firm that specializes in the analysis of fund industry data that compared each Fund's performance, along with its fees and other expenses, to a group of industry peers and a broad universe of similar funds. Each Board factored into its evaluation of its Fund's performance and fees a consideration of the limitations inherent in the methodology for constructing such peer groups and determining which investment companies should be included in the peer groups.

With respect to investment performance, each Board considered information regarding its Fund's short-, intermediate-and long-term performance on both a market return and net asset value basis and relative to an appropriate benchmark index and the average net asset value performance of the composite peer group (constructed by the consulting firm) of closed-end investment companies pursuing broadly similar strategies. Each Board also reviewed performance in relation to certain measures of the degree of investment risk undertaken by the portfolio managers.

In the case of a Fund that had underperformed its benchmark index and/or peer group to an extent, or over a period of time, that its Board found to raise concerns, its Board discussed with Management such Fund's performance and steps that Management had taken, or intended to take, to improve performance. That Board also met with the portfolio managers of the Fund during the period since the last contract renewal to discuss the Fund's performance. The Boards also considered Management's responsiveness with respect to the Funds that experienced lagging performance. In this regard, each Board noted that performance, especially short-term performance, is only one of the factors that it deems relevant to its consideration of its Fund's Agreement and that, after considering all relevant factors, it may be appropriate to approve the continuation of the Agreement notwithstanding any Fund's underperformance.

Fee Rates, Profitability, and Fall-out Benefits

With respect to the overall fairness of the Agreements, each Board considered the fee structure for its Fund under the Agreement as compared to the peer group provided by the consulting firm. Each Board reviewed a comparison of its Fund's management fee and total expense ratio to a peer group of comparable funds. The Boards noted that the comparative management fee analysis includes, in the Fund's management fee, the separate administrative fee paid to Management, but it was not clear whether this was the case for all funds in the peer group. Accordingly, the Boards also considered the Funds' total expense ratio.

The Boards considered the Funds' contractual management fees on Managed Assets (which include leverage proceeds) and the actual management fees on Managed Assets as a percentage of assets attributable to common stockholders as compared to the Funds' peer groups.

In concluding that the benefits accruing to Management and affiliates by virtue of their relationship with each Fund were reasonable in light of the costs of providing the investment advisory and other services and the benefits accruing to the Fund, the applicable Board reviewed specific data as to Management's profit or loss on the Fund for a recent period on a pre-tax basis without regard to distribution expenses, including year-over-year changes in each of Management's reported expense categories. (The applicable Board also reviewed data on Management's profit or loss on the Fund after distribution expenses and taxes were factored in, as indicators of the health of the business and the extent to which Management is directing its profits into the growth of the business.) The Boards considered the cost allocation methodology that Management used in developing its profitability figures. The Boards engaged an independent forensic accountant to review the profitability methodology utilized by Management when preparing this information and discussed with the consultant its conclusion that Management's process for calculating and reporting its profit or loss was not unreasonable. Recognizing that there is no uniform methodology within the asset

management industry for determining profitability for this purpose and that the use of different reasonable methodologies can give rise to different profit and loss results, the Board requested from Management examples of profitability calculated by different methods and noted that the profitability levels were still reasonable when calculated by these other methods. In addition, the Board recognized that Management's calculations regarding its costs may not reflect all risks, including regulatory, legal,

64

operational, reputational, and where appropriate, entrepreneurial risks, associated with offering and managing a closed-end fund in the current regulatory and market environment. Each Board also considered any fall-out benefits likely to accrue to Management or its affiliates from their relationship with its Fund. Each Board recognized that Management and its affiliates should be entitled to earn a reasonable level of profits for services they provide to its Fund and, based on its review, concluded that Management's reported level of profitability, if any, on its Fund was reasonable.

Information Regarding Services to Other Clients

The Boards also considered whether there were other funds or separate accounts that were advised or sub-advised by Management or its affiliates with investment objectives, policies and strategies that were similar to those of any of the Funds. In the cases where such funds or separate accounts exist, each Board compared the fees charged to its Fund to the fees charged to such comparable funds and/or separate accounts. Each Board was aware of the additional expenses borne by common stockholders as a result of its Fund's leveraged structure. Each Board considered the appropriateness and reasonableness of any differences between the fees charged to its Fund and such comparable funds and/or separate accounts, and determined that differences in fees and fee structures were consistent with the differences in the management and other services provided. The Boards explored with Management its assertion that although, generally, the rates of fees paid by any such accounts were lower than the fee rates paid by the corresponding Funds, the differences reflected Management's greater level of responsibilities and significantly broader scope of services regarding the Funds, the more extensive regulatory obligations and risks associated with managing the Funds, and other financial considerations with respect to creation and sponsorship of the Funds.

Economies of Scale

The Boards also evaluated apparent or anticipated economies of scale in relation to the services Management provides to the Funds. The Boards noted that there is little expectation that closed-end funds will show significant economies of scale, as these funds do not typically sell additional shares or materially increase total assets by materially increasing leverage. The Boards also considered that Management has provided, at no added cost to the Funds, certain additional services that were required by new regulations or regulatory interpretations, impelled by changes in the securities markets or the business landscape, and/or requested by the Boards.

Fund-by-Fund Analysis

With regard to the investment performance of each Fund and the costs of the services provided to each Fund, the applicable Board considered the following information. The peer groups and broad universes of similar funds referenced in this section are those identified by the consulting firm, as discussed above; the risk/return ratios referenced are the Sharpe ratios. The data used to provide the benchmark comparison was provided by Management. In the case of underperformance for the periods reflected, the Boards considered the magnitude of that underperformance relative to the peer group median and the benchmark (i.e., the amount by which a Fund underperformed, including, for example, whether the Fund slightly underperformed or significantly underperformed the peer group median or benchmark). Comparisons of performance are on a net asset value basis, not a market price basis.

Neuberger Berman California Intermediate Municipal Fund Inc. – The Board considered that, as compared to its peer group, the Fund's contractual management fee on Managed Assets was lower than the median, and the actual management fee on Managed Assets as a percentage of assets attributable to common stockholders was equal to the median. The Board considered that, as compared to its peer group, the Fund's performance was higher than the median for the 1, 3, and 10-year periods, but lower than the median for the 5-year period. The Board also considered that, as

compared to its benchmark, the Fund's performance was higher for the 3, 5 and 10-year periods, but lower for the 1-year period. In determining to renew the Management Agreement, the Board considered that the Fund has performed well compared to its peer group and its benchmark in most periods, and that its risk/return ratio was at or slightly better than the median of the broad universe of leveraged closed-end intermediate municipal debt funds for the three-year and five-year periods.

65

Neuberger Berman Intermediate Municipal Fund Inc. – The Board considered that, as compared to its peer group, the Fund’s contractual management fee on Managed Assets was lower than the median, and the actual management fee on Managed Assets as a percentage of assets attributable to common stockholders was equal to the median. The Board considered that, as compared to its peer group, the Fund’s performance was higher than the median for the 1, 3, 5, and 10-year periods. The Board also considered that, as compared to its benchmark, the Fund’s performance was higher for the 1, 3, 5 and 10- year periods. In determining to renew the Management Agreement, the Board considered that the Fund has performed well compared to its peer group and its benchmark, and that its risk/return ratio was better than the median of the broad universe of leveraged closed-end intermediate municipal debt funds for the three-year and five-year periods.

Neuberger Berman New York Intermediate Municipal Fund Inc. – The Board considered that, as compared to its peer group, the Fund’s contractual management fee on Managed Assets was lower than the median, and the actual management fee on Managed Assets as a percentage of assets attributable to common stockholders was equal to the median. The Board considered that, as compared to its peer group, the Fund’s performance was higher than the median for the 1 and 3-year periods, but lower than the median for the 5 and 10-year periods. The Board also considered that, as compared to its benchmark, the Fund’s performance was higher for the 3, 5 and 10-year periods, but lower for the 1-year period. In determining to renew the Management Agreement, the Board considered that the Fund has equaled or exceeded its peer group median for the more recent periods, as well as the Fund’s history of delivering performance above its benchmark for most historical periods.

Conclusions

In approving the continuation of its Fund’s Agreement, each Board concluded that, in its business judgment, the terms of the Agreement are fair and reasonable to the Fund and that approval of the continuation of the Agreement is in the best interests of the Fund and its stockholders. In reaching this determination, each Board considered that Management could be expected to continue to provide a high level of service to its Fund; that the performance of its Fund was satisfactory over time, or, in the case of an underperforming Fund, that the Board retained confidence in Management’s capabilities to manage its Fund; that its Fund’s fee structure appeared to the Board to be reasonable given the nature, extent and quality of services provided; and that the benefits accruing to Management and its affiliates by virtue of their relationship with its Fund were reasonable in light of the costs of providing the investment advisory and other services and the benefits accruing to the Fund. Each Board’s conclusions may be based in part on its consideration of materials prepared in connection with the approval or continuance of the Agreement in prior years and on the Board’s ongoing regular review of Fund performance and operations throughout the year, in addition to material prepared specifically for the most recent annual review of the Agreement.

Item 2. Code of Ethics.

The Board of Directors (“Board”) of Neuberger Berman New York Intermediate Municipal Fund Inc. (“Registrant” or “Fund”) has adopted a code of ethics that applies to the Registrant’s principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions (“Code of Ethics”). During the period covered by this Form N-CSR, there were no substantive amendments to the Code of Ethics and there were no waivers from the Code of Ethics granted to the Registrant’s principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions.

A copy of the Code of Ethics is incorporated by reference to Neuberger Berman Advisers Management Trust’s Form N-CSRS, Investment Company Act file number 811-04255 (filed August 25, 2016). The Code of Ethics is also available, without charge, by calling 1-800-877-9700 (toll-free).

Item 3. Audit Committee Financial Expert.

The Board has determined that the Registrant has two audit committee financial experts serving on its audit committee. The Registrant’s audit committee financial experts are Michael J. Cosgrove and Deborah C. McLean. Mr. Cosgrove and Ms. McLean are independent directors as defined by Form N-CSR.

Item 4. Principal Accountant Fees and Services.

Ernst & Young LLP (“E&Y”) serves as the independent registered public accounting firm to the Registrant.

(a) Audit Fees

The aggregate fees billed for professional services rendered by E&Y for the audit of the annual financial statements or services that are normally provided by E&Y in connection with statutory and regulatory filings or engagements were \$47,485 and \$47,485 for the fiscal years ended 2016 and 2017, respectively.

(b) Audit-Related Fees

The aggregate fees billed to the Registrant for assurance and related services by E&Y that are reasonably related to the performance of the audit of the Registrant’s financial statements and are not reported above in Audit Fees were \$0 and \$0 for the fiscal years ended 2016 and 2017, respectively. The Audit Committee approved 0% and 0% of these services provided by E&Y for the fiscal years ended 2016 and 2017, respectively, pursuant to the waiver provisions of Rule 2-01(c)(7)(i)(C) of Regulation S-X.

The fees billed to other entities in the investment company complex for assurance and related services by E&Y that are reasonably related to the performance of the audit that the Audit Committee was required to approve because the engagement related directly to the operations

and financial reporting of the Registrant were \$0 and \$0 for the fiscal years ended 2016 and 2017, respectively. The Audit Committee approved 0% and 0% of these services provided by E&Y for the fiscal years ended 2016 and 2017, respectively, pursuant to the waiver provisions of Rule 2-01(c)(7)(i)(C) of Regulation S-X.

(c) Tax Fees

The aggregate fees billed to the Registrant for professional services rendered by E&Y for tax compliance, tax advice, and tax planning were \$10,200 and \$10,200 for the fiscal years ended 2016 and 2017, respectively. The nature of the services provided includes preparation of the Federal and State tax extensions and tax returns, review of annual excise tax calculations, and preparation of form 8613, in addition to assistance with Internal Revenue Code and tax regulation requirements for fund investments. The Audit Committee approved 0% and 0% of these services provided by E&Y for the fiscal years ended 2016 and 2017, respectively, pursuant to the waiver provisions of Rule 2-01(c)(7)(i)(C) of Regulation S-X.

The fees billed to other entities in the investment company complex for professional services rendered by E&Y for tax compliance, tax advice, and tax planning that the Audit Committee was required to approve because the engagement related directly to the operations and financial reporting of the Registrant were \$0 and \$0 for the fiscal years ended 2016 and 2017, respectively. The Audit Committee approved 0% and 0% of these services provided by E&Y for the fiscal years ended 2016 and 2017, respectively, pursuant to the waiver provisions of Rule 2-01(c)(7)(i)(C) of Regulation S-X.

(d) All Other Fees

The aggregate fees billed to the Registrant for products and services provided by E&Y, other than services reported in Audit Fees, Audit-Related Fees, and Tax Fees were \$0 and \$0 for the fiscal years ended 2016 and 2017, respectively. The Audit Committee approved 0% and 0% of these services provided by E&Y for the fiscal years ended 2016 and 2017, respectively, pursuant to the waiver provisions of Rule 2-01(c)(7)(i)(C) of Regulation S-X.

The fees billed to other entities in the investment company complex for products and services provided by E&Y, other than services reported in Audit Fees, Audit-Related Fees, and Tax Fees, that the Audit Committee was required to approve because the engagement related directly to the operations and financial reporting of the Registrant were \$0 and \$0 for the fiscal years ended 2016 and 2017, respectively. The Audit Committee approved 0% and 0% of these services provided by E&Y for the fiscal years ended 2016 and 2017, respectively, pursuant to the waiver provisions of Rule 2-01(c)(7)(i)(C) of Regulation S-X.

(e) Audit Committee's Pre-Approval Policies and Procedures

(1) The Audit Committee's pre-approval policies and procedures for the Registrant to engage an accountant to render audit and non-audit services delegate to each member of the Committee the power to pre-approve services between meetings of the Committee.

(2) None of the services described in paragraphs (b) through (d) above were approved by the Audit Committee pursuant to paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X.

(f) Hours Attributed to Other Persons

Not applicable.

(g) Non-Audit Fees

Non-audit fees billed by E&Y for services rendered to the Registrant were \$10,200 and \$10,200 for the fiscal years ended 2016 and 2017, respectively.

Non-audit fees billed by E&Y for services rendered to the Registrant's investment adviser and any entity controlling, controlled by, or under common control with the adviser that provides ongoing services to the Registrant were \$0 and \$0 for the fiscal years ended 2016 and 2017, respectively.

(h) The Audit Committee of the Board considered whether the provision of non-audit services rendered to the Registrant's investment adviser and any entity controlling, controlled by, or under common control with the adviser that provides ongoing services to the Registrant that were not pre-approved by the Audit Committee because the engagement did not relate directly to the operations and financial reporting of the Registrant is compatible with maintaining E&Y's independence.

Item 5. Audit Committee of Listed Registrants.

The Board has established a separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended ("Exchange Act"). Its members are Michael J. Cosgrove (Vice Chair), Martha C. Goss (Vice Chair), Deborah C. McLean, George W. Morriss (Chair), and Peter P. Trapp.

Item 6. Schedule of Investments.

(a) The complete schedule of investments for the Registrant is disclosed in the Registrant's Annual Report, which is included as Item 1 of this Form N-CSR.

(b) Not applicable.

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies.

As of October 31, 2017, the Board has delegated to Neuberger Berman Investment Advisers LLC ("NBIA") the responsibility to vote proxies related to the securities held in the Registrant's portfolio. Under this authority, NBIA is required by the Board to vote proxies related to portfolio securities in the best interests of the Registrant and its stockholders. The Board permits NBIA to contract with a third party to obtain proxy voting and related services, including research of current issues.

NBIA has implemented written Proxy Voting Policies and Procedures (“Proxy Voting Policy”) that are designed to reasonably ensure that NBIA votes proxies prudently and in the best interest of its advisory clients for whom NBIA has voting authority, including the Registrant. The Proxy Voting Policy also describes how NBIA addresses any conflicts that may arise between its interests and those of its clients with respect to proxy voting.

NBIA’s Proxy Committee is responsible for developing, authorizing, implementing and updating the Proxy Voting Policy, overseeing the proxy voting process and engaging and overseeing any independent third-party vendor as a voting delegate to review, monitor and/or vote proxies. In order to apply the Proxy Voting Policy noted above in a timely and consistent manner, NBIA utilizes Glass, Lewis & Co. (“Glass Lewis”) to vote proxies in accordance with NBIA’s voting guidelines.

NBIA’s guidelines adopt the voting recommendations of Glass Lewis. NBIA retains final authority and fiduciary responsibility for proxy voting. NBIA believes that this process is reasonably designed to address material conflicts of interest that may arise between NBIA and a client as to how proxies are voted.

In the event that an investment professional at NBIA believes that it is in the best interests of a client or clients to vote proxies in a manner inconsistent with NBIA’s proxy voting guidelines or in a manner inconsistent with Glass Lewis recommendations, the Proxy Committee will review information submitted by the investment professional to determine that there is no material conflict of interest between NBIA and the client with respect to the voting of the proxy in that manner.

If the Proxy Committee determines that the voting of a proxy as recommended by the investment professional presents a material conflict of interest between NBIA and the client or clients with respect to the voting of the proxy, the Proxy Committee shall: (i) take no further action, in which case Glass Lewis shall vote such proxy in accordance with the proxy voting guidelines or as Glass Lewis recommends; (ii) disclose such conflict to the client or clients and obtain written direction from the client as to how to vote the proxy; (iii) suggest that the client or clients engage another party to determine how to vote the proxy; or (iv) engage another independent third party to determine how to vote the proxy.

Item 8. Portfolio Managers of Closed-End Management Investment Companies.

(a)(1) The following Portfolio Managers have day-to-day management responsibility of the Registrant’s portfolio as of the date of the filing of this Form N-CSR.

James L. Iselin is a Managing Director of NBIA. He is the Head of the Municipal Fixed Income Team. Mr. Iselin joined NBIA in 2006. Previously, Mr. Iselin was a portfolio manager for another investment adviser working in the Municipal Fixed Income group beginning in 1993.

S. Blake Miller is a Managing Director of NBIA. He is a Senior Portfolio Manager for the Municipal Fixed Income team. Mr. Miller joined NBIA in 2008. Prior to that time, he was

the head of Municipal Fixed Income investing at another firm where he worked beginning in 1986.

(a)(2) The table below describes the other accounts for which the Registrant's Portfolio Managers have day-to-day management responsibility as of October 31, 2017.

Type of Account	Number of Accounts Managed	Total Assets Managed (\$ millions)	Number of Accounts Managed for which Advisory Fee is Performance-Based	Assets Managed for which Advisory Fee is Performance-Based (\$ millions)
James L. Iselin				
Registered Investment Companies*	5	994	0	0
Other Pooled Investment Vehicles**	0	0	0	0
Other Accounts***	2,140	2,425	0	0
S. Blake Miller				
Registered Investment Companies*	5	994	0	0
Other Pooled Investment Vehicles**	0	0	0	0
Other Accounts***	115	850	0	0

* Registered Investment Companies include: Mutual Funds.

A portion of certain accounts may be managed by other portfolio managers; however, the total assets of such

** accounts are included above even though the portfolio manager listed above is not involved in the day-to-day management of the entire account.

*** Other Accounts include: Institutional Separate Accounts, Sub-Advised Accounts and Managed Accounts (WRAP Accounts).

Conflicts of Interest (as of October 31, 2017)

Actual or apparent conflicts of interest may arise when a Portfolio Manager has day-to-day management responsibilities with respect to more than one fund or other account. The management of multiple funds and accounts (including proprietary accounts) may give rise to actual or potential conflicts of interest if the funds and accounts have different or similar objectives, benchmarks, time horizons, and fees, as the Portfolio Manager must allocate his time and investment ideas across multiple funds and accounts. A Portfolio Manager may execute transactions for another fund or account that may adversely impact the value of securities held by the Registrant, and which may include transactions that are directly contrary to the positions taken by the Registrant. For example, a Portfolio Manager may engage in short sales of securities for another account that are the same type of securities in which the Registrant also invests. In such a case, a Portfolio Manager could be seen as harming the performance of the Registrant for the benefit of the account engaging in short sales if the short sales cause the

market value of the securities to fall. Additionally, if a Portfolio Manager identifies a limited investment opportunity that may be suitable for more than one fund or other account, the Registrant may not be able to take full advantage of that opportunity. Further, NBIA may take an investment position or action for a fund or account that may be different from, inconsistent with, or have different rights than (e.g., voting rights, dividend or repayment priorities or other features that may conflict with one another), an action or position taken for one or more other funds or accounts, including the Fund, having similar or different objectives. A conflict may also be created by investing in different parts of an issuer's capital structure (e.g., equity or debt, or different positions in the debt structure). Those positions and actions may adversely impact, or in some instances benefit, one or more affected accounts, including the Fund. Potential conflicts may also arise because portfolio decisions and related actions regarding a position held for a fund or another account may not be in the best interests of a position held by another fund or account having similar or different objectives. If one account were to buy or sell portfolio securities shortly before another account bought or sold the same securities, it could affect the price paid or received by the second account. Securities selected for funds or accounts other than the Registrant may outperform the securities selected for the Registrant. Finally, a conflict of interest may arise if NBIA and a Portfolio Manager have a financial incentive to favor one account over another, such as a performance-based management fee that applies to one account but not the Registrant or other accounts for which the Registrant's Portfolio Manager is responsible. In the ordinary course of operations certain businesses within the Neuberger Berman organization (the "Firm") may seek access to material non-public information. For instance, NBIA loan portfolio managers may utilize material non-public information in purchasing loans and from time to time, may be offered the opportunity on behalf of applicable clients to participate on a creditors committee, which participation may provide access to material non-public information. The Firm maintains procedures that address the process by which material non-public information may be acquired intentionally by the Firm. When considering whether to acquire material non-public information, the Firm will take into account the interests of all clients and will endeavor to act fairly to all clients. The intentional acquisition of material non-public information may give rise to a potential conflict of interest since the Firm may be prohibited from rendering investment advice to clients regarding the public securities of such issuer and thereby potentially limiting the universe of public securities that the Firm, including a Fund, may purchase or potentially limiting the ability of the Firm, including a Fund, to sell such securities. Similarly, where the Firm declines access to (or otherwise does not receive) material non-public information regarding an issuer, the portfolio managers may base investment decisions for its clients, including a Fund, with respect to loan assets of such issuer solely on public information, thereby limiting the amount of information available to the portfolio managers in connection with such investment decisions.

NBIA and the Registrant have adopted certain compliance procedures which are designed to address these types of conflicts. However, there is no guarantee that such procedures will detect each and every situation in which a conflict arises.

(a)(3) Compensation (as of October 31, 2017)

Our compensation philosophy is one that focuses on rewarding performance and incentivizing our employees. We are also focused on creating a compensation process that we believe is fair, transparent, and competitive with the market.

Compensation for Portfolio Managers consists of fixed and variable compensation but is more heavily weighted on the variable portion of total compensation and is paid from a team compensation pool made available to the portfolio management team with which the Portfolio Manager is associated. The size of the team compensation pool is determined based on a formula that takes into consideration a number of factors including the pre-tax revenue that is generated by that particular portfolio management team, less certain adjustments. The bonus portion of the compensation is discretionary and is determined on the basis of a variety of criteria, including investment performance, utilization of central resources (including research, sales and operations/support), business building to further the longer term sustainable success of the investment team, effective team/people management, and overall contribution to the success of Neuberger Berman. Certain Portfolio Managers may manage products other than mutual funds, such as high net worth separate accounts. For the management of these accounts, a Portfolio Manager may generally receive a percentage of pre-tax revenue determined on a monthly basis less certain deductions. The percentage of revenue a Portfolio Manager receives will vary based on certain revenue thresholds.

The terms of our long-term retention incentives are as follows:

Employee-Owned Equity.

Certain employees (primarily senior leadership and investment professionals) participate in Neuberger Berman's equity ownership structure, which was designed to incentivize and retain key personnel. We also offer an equity acquisition program which allows employees a more direct opportunity to invest in Neuberger Berman. In addition, in prior years certain employees may have elected to have a portion of their compensation delivered in the form of equity, which, in certain instances, is vested upon issuance and in other instances vesting aligns with the vesting of our Contingent Compensation Plan (vesting over 3 years).

For confidentiality and privacy reasons, we cannot disclose individual equity holdings or program participation.

Contingent Compensation. Certain employees may participate in the Neuberger Berman Group Contingent Compensation Plan (the "CCP") to serve as a means to further align the interests of our employees with the success of the firm and the interests of our clients, and to reward continued employment. Under the CCP, up to 20% of a participant's annual total compensation in excess of \$500,000 is contingent and subject to vesting. The contingent amounts are maintained in a notional account that is tied to the performance of a portfolio of Neuberger Berman investment strategies as specified by the firm on an employee-by-employee basis. By having a participant's contingent compensation tied to Neuberger Berman investment strategies, each employee is given further incentive to operate as a prudent risk manager and to collaborate with colleagues to maximize performance across all business areas. In the case of members of investment teams, including Portfolio Managers, the CCP is currently structured so that such employees have exposure to the investment strategies of their respective teams as well as the broader Neuberger Berman portfolio. In prior years, employees may have elected to have a portion of their contingent amounts delivered in the form of Neuberger Berman's equity (either vested or unvested, depending on the terms of the plan for that year).

determines annually which employees participate in the program based on total compensation for the applicable year.

Restrictive Covenants. Most investment professionals, including Portfolio Managers, are subject to notice periods and restrictive covenants which include employee and client non-solicit restrictions as well as restrictions on the use of confidential information. In addition, depending on participation levels, certain senior professionals who have received equity grants have also agreed to additional notice and transition periods and, in some cases, non-compete restrictions.
