The sale agreement specifies proceeds of \$55.0 million in cash received at closing, a \$2.0 million subordinated 12% interest bearing note receivable due in full in 5-1/2 years, and an \$8.0 million performance based cash earn-out if future operating profit targets are achieved in each of the next three years. These proceeds are before fees and expenses associated with the transaction and a working capital adjustment. Cambrex Corporation  
Notes to Pro forma Consolidated Financial Statements  
(Unaudited)

- (1) Reflects results of continuing operations of the Company as filed in the Company's Form 10-Q filed on November 12, 2003 for the third quarter 2003, which excludes the Rutherford Chemicals business which was reported as a discontinued operation for the respective period.
- (2) For the nine month periods ended September 30, 2003 and 2002, the Rutherford Chemicals business has already been reflected as a discontinued operation in the historical financial statements filed on Form 10-Q on November 12, 2003 for the third quarter 2003.
- (3) Reflects the reduction of interest expense attributable to the application of cash proceeds from the sale of the Rutherford Chemicals business to the Company's long-term debt balance. The interest expense reduction was calculated using the average interest rate for each period presented which was 4.5%, 4.3%, 4.3%, 5.2% and 6.7% for the nine month periods ended September 30, 2003 and 2002 and for the years ended December 31, 2002, 2001 and 2000, respectively. An increase in the variable interest rate of 1/8% would have resulted in higher annual interest expense reduction of approximately \$66 for each period.
- (4) Eliminates the income tax benefit of the reduction in interest expense at a U.S. federal statutory rate of 35%. For the nine month period ended September 30, 2003, there was no income tax benefit assumed due to the Company's recording of a valuation allowance for all net domestic deferred tax assets as of September 30, 2003. (See the

## Edgar Filing: CAMBREX CORP - Form 8-K

Company's third quarter 2003 Form 10-Q, note (6), filed on November 12, 2003 for further discussion).

- (5) Reflects the results of operations of the Company including the Rutherford Chemicals business which was not reported as a discontinued operation until September 30, 2003.
- (6) Eliminates the results of operations of the Rutherford Chemicals business for the respective periods as if the divestiture had been completed on January 1, 2000.
- (7) Eliminates the net assets and liabilities of the Rutherford Chemicals business as if the divestiture had been completed on September 30, 2003.
- (8) Reflects the application of the estimated cash proceeds from the sale of the Rutherford Chemicals business, net of fees and expenses and working capital adjustment, to the outstanding long-term debt balance. These cash proceeds exclude the earn-out arrangement and any potential collection of the \$2.0 million note receivable.
- (9) Reflects the write-off of net pension and post-retirement plan liabilities that resulted from the curtailment accounting associated with the sale of the Rutherford Chemicals business.
